NOV 4 Rec'd

November 2, 1918.

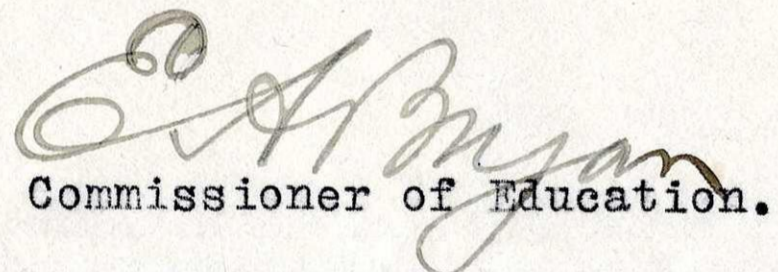

President E. H. Lindley,  
University of Idaho,  
Moscow, Idaho.

Dear President Lindley:

I am in receipt of your letter of October 30th relative to the influenza situation, and am happy to know that things are going so well as they are. I know it must have been a very trying period, and it is a matter I think for congratulation thruout the entire state that our losses have been so slight and the general conditions so good.

Yours truly

EAB:W

  
Commissioner of Education.
