

November 7, 1918.

Miss Sadie Wellman,
Chi Delta Phi House,
Moscow, Idaho.

My dear Miss Wellman:

I am in receipt of your petition and have taken up the matter informally with Mr. Hugh Richardson, President-elect of the Freshman Class. He expressed the desire that the matter of the Freshman election be taken up as soon as the quarantine conditions permit and the whole matter of class organization be reviewed. I trust there will be no difficulty in making such an arrangement and I therefore suggest that some of your number discuss the matter with Mr. Richardson. I shall also be glad to confer at any time with representatives of the Freshman class concerning any of these matters. I think there will be no difficulty in providing for a satisfactory permanent organization of the Class of 1922.

Very sincerely yours,

President.
