## Idaho Captures Track Victory

### The Final Score is 70 to 52 After a Contest Full of Surprises.

#### Idaho Takes Eight Firsts, W. S. C. 6.—The Relay Run By the Idaho Quartet in 3:32 3-5.

In a splendid contest, before a wildly enthusiastic and good natured crowd, the Varsity track team won a decisive victory over W. S. C. at Pullman last Friday.

The meet was one of the closest contests ever held on Rogers field and was not decided until the next to the last event, the high jump. A large crowd gathered upon the hillside near the field. The gate keepers were swamped from 1:30 until nearly three o'clock, when the meet started. The business houses of Pullman closed and the townspeople turned out en masse, to witness the big contest. Fully five hundred Idahoans went to Pullman on the special train and every sort of vehicle in the city was chartered to carry the Idaho supporters.

By 2:45 the crowd was all upon the hillside and then began a contest in which four new Idaho records were established and one coast record was narrowly missed. The college records in the hammer throw, discus and the low hurdles, passed into the possession of two of the 1906 team. Henry Smith broke the college record of 110 ft. 10 in. in the hammer, which was established in 1903 by Geo. Horton. Smith's throw was 114.3 feet. He also added two feet to Horton's discus record, by heaving the weight 105.7 ft. The former record was 103.4 and was established in 1903. Elmer Armstrong clipped three-fifths of a second from Murphy's 220 yard hurdle record of 28 seconds in one of the most exciting races of the day.

#### That 100 Yard.

The hundred yard dash was a bitter disappointment (??). Eight men went to the mark. Idaho expected first and second places. By a fluke start, in which three Pullman men stole at least eight feet upon the starter, Baddely won out in the slow time of 11 2-5. Idaho's three fastest men, Myers, Horton and Fawcett and W. S. C.'s best man, Coe, never moved out of their holes. Walker, after a moment's hesitation chased after the fleeing farmers and was then beaten by Baddely by only 1/4 yard. The starter declared it a race, and technically it was a race, although the officials desired the race to be run again. But Baddely claimed he won the race and it was so declared. A feeling of indignation was expressed by both the Idaho and W. S. C. athletes; while the crowd groaned

in derision.

#### The 880 Yard Race.

The 880 yard run was the next event upon the program. W. S. C. entered five men. Idaho three. Matthews took the pace which he held to the last 220 mark. Then began a test of speed and endurance as has never before been witnessed by an Inland Empire crowd. From the 220 mark to the tape it was one long sprint, Matthews leading closely pushed by Thomle. In this position they held until within 20 yards of the tape when Edmondson came forward and won first place with a terrific burst of speed. Matthews took second, beating Thomle by one yard. The time was 2:01. In the next event, the hammer throw, Henry Smith broke the college record by throwing the hammer 114.3 feet. Thayer and Preston, W. S. C., took second and third places respectively.

The 220 yard dash was a pretty fight between Coe, W. S. C., and Myers, Idaho, Coe winning out in a strong finish by two yards. Fawcett, Idaho, took third place. Time 23 1/2 seconds.

Idaho's best man failed to qualify in the preliminaries of the pole vault. Cowgill, W. S. C., easily won first by a vault of 10 feet. Frazier, Idaho, won second after a hard fight with Drew, W. S. C., who took third place.

The 120 yard hurdles was another exciting contest, between Hammer, W. S. C., and Horton, Idaho. Hammer got a two yard lead at the start, which he held until over the last hurdles. Horton then closed up rapidly until less than 1/4 yard separated them at the finish. Goble, Idaho, and McKenzie, W. S. C., ran a tie in their heat and in running off the tie McKenzie won by half a body. Hammer's time was 16 3-5 seconds.

#### Pretty Headword in the Mile.

The mile run was a surprise to all. W. S. C. had entered a man with a record of 4:30 in this event. Idaho's men were expected to do 4:40. After the start Matthews took the pace but immediately gave the place to Edmondson. The pace was very slow and a sprint began at the final 220 mark. As in the 880 it was a beautiful sprint in which Matthews and Edmondson again showed their superiority. Coats, the 4:30 man, was content with third place in the slow time of 4:59 1/2. Matthews took first place.

Another surprise was in store for Idaho in the broad jump, Richardson, W. S. C., Keys and Frazier, Idaho, qualified for the finals. Richardson and Keys were very evenly matched, the latter having first place until the final jump of Frazier's. In this jump Frazier went from third to first place, cinching eight points for Idaho. Frazier's best jump was 20.35 feet.

In the discus throw Thayer, W. S. C. won first with a throw of 110.4 feet. Love, W. S. C., took second and Smith, Idaho, third. Smith's throw, however, added 2 feet to the college record in this event.

#### A Great Quarter.

The 440 yd. dash was a heart breaker. Idaho entered four men; W. S. C. 4. Myers of Idaho took the lead and set a fearful pace for three hundred yards. Here he was passed by Thomle, the big flaxen haired captain of the W. S. C. team. He finished six yards ahead of Fawcett of Idaho, who in turn beat Cowgill ten. The winner of this race entered in a physical condition totally unfit for the race, and he ran with such determination and pluck that he received an ovation from W. S. C. students and Idaho students alike when he crossed the line a winner. Fawcett, Idaho's pride, was defeated yet he was defeated by an opponent so manly and so worthy that defeat by such an one was pleasure. Too much credit can not be given to Thomle.

The "Terrible Swede" took first place in the shot put with a put of 37.2 feet. His best throw was not counted on account of his stepping upon the guard. However, the guard was not of regulation height and Larson's best throw was legitimate. Preston, W. S. C., took second and Love, W. S. C., third.

The 220 low hurdle race was run in heats. All of the heats were won by Idaho men. Horton, Idaho, won the first heat, beating Hammer in 28 2-5; Armstrong, Idaho, won the second heat, winning from Coe in 27 2-5 and breaking his college's record. Wadsworth, Idaho, won the third heat beating Husby in 28 3-5 seconds.

#### Idaho Ginches the Meet.

Since the second event Idaho had been leading by a narrow margin. At no time did more than five points separate the teams. The meet depended upon the thirteenth event, the high jump. W. S. C. entered Moulton, Putman, Corbet, Hubbard and Hedger; Idaho entered Smith, Robertson, Workman and Frazier. The points stood 57-51 in Idaho's favor. The W. S. C. rooters were feverishly clamoring for, and boasting that they would secure first, second and third. If W. S. C. could win first in the high jump and there lay, the meet was tied. If W. S. C. won first and one other place in the high jump and the

relay, she would win the meet. If Idaho won either the high jump or the relay the meet was Idaho's. And few thought that Idaho had a chance in the jump.

The contest began at 5:45. All of the contestants stayed in until the bar was well over five feet.

Then one by one they dropped out until only Hubbard, Smith and Frazier qualified for the finals. The best W. S. C. could do would be to tie the meet. Simultaneous with the contest in the finals began a battle of the rooters which was fiercely waged until it was decided. James Fraizer again came forward with a surprise and won at 5 feet 6 inches. Henry Smith tied with Hubbard for second place at 5 feet 5 inches, and in jumping off the tie cleared the bar at 5 feet 6 inches.

#### Idaho Wins.

The meet was Idaho's and with an outburst of pent up joy the Varsity supporters made things merry for several minutes.

#### Relay Best of the Day.

Although the meet was Idaho's not one of that large crowd left the grounds before the relay. And why should they? W. S. C. was claiming an undefeated champion team. Idaho claimed an untried champion team and goaded by six years' of defeats, were determined to win. The race started with Fawcett running for the Varsity, and Coe for W. S. C. Fawcett gave Denio, Idaho's second man, a lead of thirteen yards. Denio ran a good quarter but Maloney ran a remarkably fast one and finished three yards to the good. Ockerman held this lead over Matthews for 150 yards and then this wonderful little runner cut loose. For almost 300 yards he kept up a terrific sprint and gave Edmondson a lead of fifteen yards. Cowgill tried in vain to catch this lad, who has never been defeated by anyone other than his team mate, Matthews. About twenty yards from the finish Edmondson ran into the loving arms of his brother, who, in his excited state, was over anxious to take care of him. Clarence was stopped dead still and was almost borne from the track. But he fought himself clear of his brother's fond embrace and finished in the remarkable time of 3:32 2-5, establishing a college record. Had not the little accident occurred it is the belief of all that the coast record would have been shattered.

#### Summary:

100 yard dash—Baddely, W. S. C., first; Walker, Idaho, second; Turner, W. S. C., third. Time, 11 2-5 seconds.

Half mile run—Edmondson, Idaho, first; Matthews, Idaho, second; Thomle, W. S. C., third. Time 2:01.

Mile relay—Idaho: Fawcett, Denio, Matthews, Edmondson, first.

W. S. C.: Coe, Maloney, Ockerman, Cowgill, second. Time, 3:32 3-5.

Total in points—Idaho 70, W. S. C. 52.

#### Notes on the Meet.

The meet was very successfully handled by the W. S. C. management. The crowd on the hill was the best natured one that ever attended a W. S. C. Idaho contest.

The best of feeling prevailed throughout and the old spirit of hatred was not manifest.

The best individual point winner was James Frazier, who had 13 to his credit.

The half mile was second only to the relay in point of interest.

Six Idaho records have been broken during the present year.

That starter was the limit.

Coates said that it was the first time he had ever walked a mile and then sprinted a 220.

#### Chicago's New President.

New York, May 14.—John D. Rockefeller's pastor, Rev. Dr. Rufus P. Johnston, whose resignation from the pastorate of the Fifth Avenue Baptist church has caused much comment in ecclesiastical circles, upon his return from his contemplated European trip, will become, according to report, president of the University of Chicago, which position became vacant by the death of Dr. William Rainey Harper, who in his lifetime was perhaps the closest friend the Standard Oil king had.

#### Kaiser to Chinamen.

Berlin, May 19.—The Chinese commission was received by the Kaiser today and the latter advised China to create a powerful army to check foreign powers.

That pithy slang phrase "Slightly disfigured but still in the ring" expresses the sentiment which prompted the debate council to hold the contest with Utah. In spite of a great disaster, the debate was held. We lost, but with honor. Our thanks are due Montandon and Price for their arduous efforts in overcoming the many difficulties under which they labored.

It is a pleasure to express the heartiest of thanks to the authorities of W. S. C. and to some of the State College debaters who assisted our Utah team very greatly in preparing for the Salt Lake debate. Almost all the material available was in the W. S. C. library, and was placed at the disposal of the Idaho team. In addition notes of a former debate, which proved very helpful, were furnished by W. S. C. debaters.

### WASHINGTON WINS.

Baseball Game Results in 7 to 4 Score Against Idaho's Team.

May 15 saw another defeat for the Idaho baseball nine when the team from the University of Washington met them on the local diamond. Idaho was in the game, but failed to hit out when it was necessary; and lost in consequence. Washington succeeded in piling up four scores in the first inning. Idaho got one in the third and 3 in the next inning, tying the score. Washington saved the day with a score in the 5th, 6th, and 8th innings, making the final story of 4 to 7. The day was cold and windy. Only a few spectators were present and they were for the most part townspeople.

The score by innings follows:  
R. H. E.  
Wash.—4 0 0 1 1 0 1 0—7 9 9  
Idaho—0 0 1 3 0 0 0 0—4 5 5  
Batteries—Washington: Dean and Hoover. Idaho: Middleton and Numbers. Struck out—by Middleton, 6; by Dean, 4.

### Leaves School.

Sol Turley was called home Wednesday morning by a telegram announcing the death of his youngest brother, Ray, at Boise. He left on the 8 o'clock train, Thursday morning. He will not return to school this semester.

# LOST AT SALT LAKE

Price and Montandon Are Defeated in Debate With University of Utah.

Difficulties Resulting from Fire Overcome and Idaho's Case Is Good—Decision Two to One.

A telegram from V. E. Price at Salt Lake, dated Friday night, announces that Utah took the debate there by a vote of two to one. The question was public regulation of prices on goods controlled by monopolies. Price and Montandon were both on the team which won on the opposite side of a question somewhat like it, against W. S. C., last year.

The decision is not unexpected. After the burning of all debate material in the Administration Building things looked decidedly dark for Idaho in the Utah debate. It was decided, however, if a postponement could not be secured, to hold the debate in spite of difficulties, and thus show that Idaho would not be scared out of the contest, even though she fought against great odds. The debate will no doubt advertise the University to a considerable extent through the extreme southern part of the state, where Salt Lake papers are naturally the chief purveyors of news. The Idaho debaters started home Saturday night.

Hugo Bezdek, the famous full-back on Chicago's champion team of last season, will coach the football squad at the University of Oregon next fall. He is also expected to take charge of basketball and baseball.

Yale defeated Princeton on the track, May 12, by 78 1/2 to 25 1/4. The pole vault was won by 11 ft. 8 in. Twenty-three feet took the broad jump. The half mile was run in 2:01 3-5, and the mile in 4:36 4-5.

### A DAY IN EGYPT.

Lieutenant Steunenberg on Experience in Visiting the Pyramids.

Lieut. Steunenberg talked very entertainingly at the last Assembly of his experiences in pyramid climbing in Egypt.

The pyramids are on what is the bank of the Nile when that stream is at high water. Their ascent is always made with the guidance of some Arab, since the presence of a guide is required by law. This is owing to the danger of accident in coming down from the pyramids.

On the descent, the Lieutenant said, the party entered a small passage about 40 feet from the pyramid's base, and followed its steep descent to where it entered a small room. There was a big stone coffin, last resting place of Egyptian royalty, in one corner. Air shafts kept the atmosphere cool and pure. Another passage led from this to still another room.

Coming out into daylight again the party visited the great Sphinx, not far away from this ancient pyramid. It is carved out of one great jutting rock.

Now the shifting sands from the desert have buried part of it in the way that many other Egyptian wonders have been covered up from modern visitors.

A camel ride from here to ancient Memphis followed. There the Tomb of the Sacred Bulls was visited. It was discovered but 40 years ago. The man who found it saw in the sands on its floor the prints of the Egyptians who had passed to and fro in it thousands of years ago.

A strange feeling of drowsiness, or a sort of daze, as Lieut. Steunenberg said, grows on one who spends a little while in that section, where all has been as today finds it, for ages.

The lieutenant's talk held the close attention of his audience from start to close. The assembly was concluded with a piano solo by Miss Broman.

### Dislikes Tainted Money.

Northampton, Mass., May 15. —Miss Mary E. Byrd, who has been at the head of the Smith college astronomical observatory nineteen years, has resigned because of conscientious scruples regarding the acceptance of gift of money from John D. Rockefeller and Andrew Carnegie. In her letter of resignation to the trustees of the college she declared she did not want to continue her connection with an institution that received tainted money. Miss Byrd has been a violent anti-imperialist and a prominent member of an anti-imperialist club of this city since the Cuban and Philippine wars. She is a graduate of the University of Michigan, and before coming to Smith college was the astronomer at Carleton college, Northfield, Minn. She is a woman of about fifty.

Half rate tickets to points on the O. S. L. in Idaho will be issued to students of the University from June 1 to June 8, on presentation of certificate from the President of the University.

The S. G's, a prep girls' club, and escorts enjoyed a picnic near the Moscow mountain on Saturday. The presence of wise chaperons, of plenty of eating material, and of the roaring camp fire enabled the time to pass pleasantly and profitably.

We are an unusual people in an unusual position. You will run risk of being that way if you don't buy an '07 "Gem of the Mountains." That's where we belong, and we will be glad to greet you in your copy.

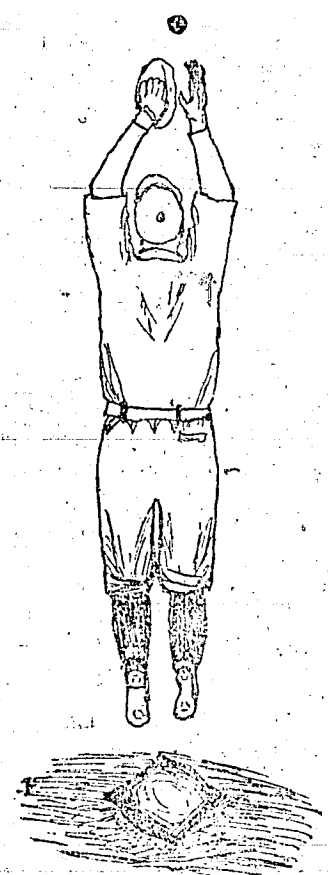

Toward the end of the present week the fourth volume of the State University Junior Annual will make its appearance. It is a neatly bound brown book 7 1/2 x 10 inches, trimmed with brown leather. The gold inscription "Gem of the Mountains, 1907" in Old English script graces the cover.

The book is late this year in making its appearance, due perhaps to many unforeseen reasons. The editors have done all that was possible to make the book a literary and artistic success; the business manager's work has been promptly and efficiently carried out. However his work still continues. The present edition will contain more cuts than any other Annual of the University. All of the Athletic Departments, Departments of the vari-

ous colleges, and everything pertaining to college activities will be shown by the best cuts obtainable. There will also be cuts of the classes, Faculty, build-

ings, etc. Our art work, proper, is original and by the best artists in college, and their cartoons occupy a prominent position in our book. The best annuals are those that contain the most pictures of general interest. Our book is full of pictures that have never before appeared. Our editorials are short and strictly to the point, space is too valuable to be taken up with useless phraseology. We have specialized not in debate history but, if at all, in athletics.

We have a JOKE Department this year, and all jokes are new and original. Everybody from his highness, the President, down to the Editor-in-Chief of the An-

nual is roasted—ten pages of fun piled upon fun. Watch for the yellow journalistic part of it. Our calendar is up-to-date, witty and spicy. You cannot afford to be without such a summary of events.

We need your support to pay the expenses of this Annual, we need it badly. Help along by paying at once for your cuts, and by buying a few Annuals as soon

as they appear. Save \$2.25 for this book that in cuts, binding and printing costs \$3.50 per. Our advertisements pay the deficit.

We have only a limited number of these books, and if you want to have one reserved for you, hand your name to any member of the staff at once. Norman Adkison, Editor. James Frazier, Bus. Mgr.

**Funeral of Cora Forney, '04.**

The funeral of Miss Cora Forney, a graduate of the University in the class of 1904, was held from the home of her parents at 2 o'clock Saturday afternoon, and was attended by a large number of the friends of the deceased and the members of the family. The junior and senior classes of the university attended in a body and the military department was represented by about fifteen cadets. All the members of the alumni association who reside here were also in attendance. The funeral services were conducted by Prof. Morley of the University.

Miss Forney's death comes as a distinct bereavement to the University community. She was most popular while in the college, and had made an excellent record in the teaching profession after her graduation.

**Helps Library.**

The University has been placed under a deep debt of obligation by the gift from Chancellor E. Benjamin Andrews, of the University of Nebraska, for a large number of valuable volumes. The books are on many and different subjects, and will prove a most important accretion to the library.
