VOLUME IX. MOSCOW, IDAHO, SEPTEMBER 17, 1906

## IDAHO FOOTBALL CHANGES TO REGISTER FOR BIBLE STUDY, 100

### Football Prospects Are Bright, Despite Loss of Stars by Graduation.

Moscow, Idaho, Sept. 6.—At this time the students, alumni and other friends of the University of Idaho are especially interested in the coming football campaign, and a special effort will be made to turn out a winning team. Coach J. A. Griffith has again been selected to head the coaching team. This will make his fourth year at the university. His coaching has been a success from the beginning, and it goes without saying that he has a "lifetime job at hand."

This year he will be assisted by A. Rogers, last year's big tackle, who will take care of the line men, and probably John Middleton, who will look after the backs, and more especially quarter. By the first of next week the members of last year's team, together with Coach Griffith, will be on the ground to commence practice for the coming season.

Idaho lost several of her old players by graduation last year, but because of having so many players on the squad, many of them, like

McPherson, who was a steady, consistent ground gatherer, and especially on the defense. He will be one of the most difficult places to fill. Gus Larson, who was elected to captain this year's team, has had three years' experience as a tackle. For a successor to Rogers there are several promising candidates. McPherson 190, is likely to succeed in securing the shoes so ably worn by him. McPherson has every indication of being a good man for the position, and his work of last year will entitle him to line up with the team when it commences practice.

As Dr. MacLennan, captain Middleton, the band leader, and by Brian, (guard) that he has a number of the team who will be expected to be in the midst of the merry making.

Griffith considers him a fine quarter and is perfectly willing to risk him in that important position. Billy Robertson and "Lilly" Cap Horton, a brother of the post-graduate "Cap" have played quarter with credit and will be on hand ready to take that position if they can convince Coach Griffith that they are better for the position than Small.

Herbert White, of Boise, will register as a Sophomore. He attended the Northwestern University at Evanston, Ill., last year. Mr. White was a pledged Phi Delta Theta at Evanston.

#### FOR SNOW'S PLACE.

The position of center, so ably filled last year by Snow, will be contested for by three men this year. Nesbit, who pushed Snow for the position last year, and who weighs 210 pounds, is the most likely candidate. Stein, 170, and Foreman, 190, have played on the scrub for two years, and will again this year try for center.

Roosevelt, Sheridan and Henry Smith were last year's guards. It is likely that Smith and Roosevelt will hold their place, although several other men will attempt to make this position. Among them are Barto, 170, Sealsbake, 190, Ross, 175, and Jewell, 180. From this number there is no question but that first-class guards can be secured.

#### LOSS OF ROGERS HURTS.

The loss of Rogers at tackle will be sorely felt. He was a steady, consistent ground gatherer, and especially on the defense. He will be one of the most difficult places to fill. Gus Larson, who was elected to captain this year's team, has had three years' experience as a tackle. For a successor to Rogers there are several promising candidates. McPherson 190, is likely to succeed in securing the shoes so ably worn by him. McPherson has every indication of being a good man for the position, and his work of last year will entitle him to line up with the team when it commences practice.

As Dr. MacLennan, captain Middleton, the band leader, and by Brian, (guard) that he has a number of the team who will be expected to be in the midst of the merry making.

Griffith considers him a fine quarter and is perfectly willing to risk him in that important position. Billy Robertson and "Lilly" Cap Horton, a brother of the post-graduate "Cap" have played quarter with credit and will be on hand ready to take that position if they can convince Coach Griffith that they are better for the position than Small.

#### OLD ENDS BOTH BACK.

The two last year's ends will be back and can be depended on to give a good account of themselves. Oakes and Thomas filled these positions last year. They will, however, have to work for their places, as there are several likely candidates for the position of end. Frank Magee played end two years ago. He has taken on some weight and has signified his intention of trying to play again this year. Burley, 160, made a good impression last year, and will be in the mixup again. Balderson and Myers are also fast men and will try for the position. From these men there will be no scarcity of ends.

Elmer Armstrong, one of last year's ends, will also be back.

### VALUABLE INFORMATION FOR HELP OF BOTH THE NEW AND OLD STUDENTS

#### FACULTY NOTICES ARE ISSUED

The Following Directions from the Office of Dean Eldridge Will Simplify Registration.

New students will (1) pay the Bursar (Room 8) fee of one dollar, obtaining numbered receipt therefor; (2) go to the main floor of the Gymnasium and confer with the Committee on Admission (Professor Peters, chairman; Professors Hulme and McKinley) who will direct the further steps of registration. Be sure to present your high school credentials.

ENGINEERING STUDENTS of the three upper classes will (1) pay fee to the Bursar; (2) make out registration card; (3) get their application for studies signed by head of their department; (4) make out schedule card to hand in to the Dean; (5) take the above four papers to the Dean (Room 11, Gym.) for his signature; and (6) take the countersigned application only to the President (Room 10, Gym.), who will issue admission card.

Old students will (1) pay fee to the Bursar; (2) make out registration card; (3) get their application for studies signed by head of their department; (4) make out schedule card to hand in to the Dean (Room 11, Gym.); and (6) the countersigned application only to the President (Room 10, Gym.) who will issue admission card.

[All students will be required, in addition this year, to make out the square "Semester Record Cards" (white) for each subject accepted by the Committee on Courses. This will be done, under supervision, in the Dean's office before going to the President's office.]

J. G. ELDRIDGE, Dean.

#### WEBS IN HARNESS.

Literary Society to Meet This Week and Start Year at Lively Pace.

Members of the Websterian Literary society who have already returned to school have determined to begin the work of the year at once and it will be started by a red hot meeting at the Gym. next Saturday night at 7:30 o'clock. At that meeting the "Web" desire every new student who is interested in debating and other branches of literary society work to be present. Membership in the Websterian society means alliance with one of the most successful branches of society at Idaho. Last year the "Web" won the Hayden trophy, a magnificent silver cup, by winning the second series of three debates provided for by the rules of the contest for the trophy. In earlier years of its history the society's reputation was equally well sustained. A strong and able committee from the incoming freshmen is expected by those who have the welfare of the Websterians at heart.

### The Y. M. C. A. Will This Week Institute a Sensational Campaign for Bible Study Enrollment

One of the most exciting features of the opening days of school will be the whirlwind campaign to be made by the Y. M. C. A. for students in the Association Bible Study Classes. Last spring, at the Gearhart Student Conference, where Idaho had next to the largest delegation, counting the size of the institution, the silver and gold representatives laid plans for the most far reaching Bible study campaign ever carried on at Idaho. This week and next Sunday will be crammed full of work toward securing a record breaking Bible study enrollment.

In their canvass the Association members will have the encouraging knowledge to start with that the number of Idaho students who took Bible study last year compared more than favorably with that of any other institutions of the same size in the northwest. Last fall 72 men registered, and at the end of two months, the classes still contained 66 members. This

study before every man in the University. Throughout the

### STAG SOCIAL!

That annual occasion of unmixed mirth and jollity for all Idaho stags— who, of the old students, do not remember it? The sounds of the revels will ring among the rafters of the Gym. in their usual way next Friday evening, and every man who is back to school by that time will

New Students.

G. H. Mangham expects to register as a Sophomore in the agricultural course. He attended the Brigham Young College at Logan, Utah, last year. He completed the Normal course. He was the quarter mile track and cross country team. His home is at Preston, Idaho.

J. W. Clark is from the Estop Apartments. He has finished the freshman year. He expects to take the B.C.E. course. His home is at Paris, Idaho.

H. B. Merrill, a graduate of the Pocatello High School, will register for the B.C.E. course. Mr. Merrill is undoubtedly a good player for the Spokane & Inland R. R. Co. He is located about six miles from Moscow at present.

week Y. M. C. A. men will be doing this by personal visits. On Sunday afternoon, 2:30, at the gymnasium, the Bible study rally will be held. It will be the aim to have as many possible present to listen to Bible study propositions. Reno Hutchison of Reno Hutchison is a very presence in the work, and whose special in the study of the Bible is a powerful argument for the movement. In his college days a famous lecturer at the University of California, since then, constantly with college men, he is one who can not but attract a large and interested audience.

A post rally express will pick up the campaign, and the will see six or seven hundred Life of Christ, and Spirit of two other courses in teaching

be expected to be in the midst of the merry making.

The evening will roll by swiftly while the crowd plays games, sings Idaho songs, gives the year and learns to know itself in a dozen other ways. This is the best thing about the stag social—the getting acquainted. It is the time when the new student first begins to feel really at home. The Y. M. C. A. boys will doubtless try to rustle some sort of simple refreshments of a kind which will not be the cause of any athletic breaking training, and the evening will wind up with every new student thoroughly initiated into the Idaho spirit. Every man in the University is invited. Remember, at the Gym, Friday night, at 7:30.

Herbert White, of Boise, will register as a Sophomore. He attended the Northwestern University at Evanston, Ill., last year. Mr. White was a pledged Phi Delta Theta at Evanston.

W. B. Norton, of Boise, will register as a special. He expects to take a course in history, English and debate.

J. R. Steen, of Murry, Idaho, expects to register as a preparatory student.

John Miller, one of Idaho's star football players and a graduate of the class of 1905, is instrument man for the Spokane & Inland R. R. Co. He is located about six miles from Moscow at present.

**GREETING.**

The issuing of the first number of this year's Argonaut on the first day of the school year affords an unusual opportunity to extend a greeting to old and new students immediately upon their arrival in the University. The editors take this opportunity to express the hearty welcome which all old students desire to extend to those coming to Idaho for the first time. For itself, the Argonaut desires to claim the interest and support of every student and of everyone else connected with the University. As to its policy, the paper will this year stand for a more united student body and a greater college spirit than has ever before been realized at Idaho. This is demanded by the conditions which were brought about by the fire of last March. Contributing towards this end, the Argonaut will strive to be the paper of the entire student body, although it will at all times be open for discussion of any phase of life of the University.

The Argonaut will be sent to members of the Alumni, friends of the University, and students for three or four issues. Those desiring to subscribe should make arrangements as soon as the first issue of the paper is received. Otherwise the manager may discontinue your paper. Address all business communications to the business manager, W. J. Adkins.

**POSITIONS ON STAFF.**

All students desiring positions on the Argonaut staff should begin to contribute news at once. Members

**RAILROAD RATES.**

The students from Southern Idaho were compelled to pay the regular rates from their various homes to the University this year. This is certainly a lamentable condition of affairs. It is injurious to the University, since such high and prohibitory rates tend to limit the number of students. Students from Southern Idaho have to pay from \$7.50 to \$12.50 more this year to reach the University than they did last year.

In other states the universities receive special rates. For example: certain railways in Maine furnish special trains free of charge to the university officials that they may go over the state and give lectures and advertise the university.

A short time ago District Passenger Agent D. P. Stubbs gave out the following information regarding rates under the new law: "Under the new law rates must be filed with the commission thirty days before they can become effective. Therefore, if any organizations desire reduced rates for special occasions that involve interstate trips, application for same must be made not less than two months in advance of the meeting, in order that necessary arrangements can be completed and tariff filed in accordance with the law."

It may be seen from the above statement of the new law that if special rates are desired application for the same must be made at least thirty days before such rates can become effective.

The Boise University club, through a committee, made application for reduced rates early last spring.

We buy and sell **Second Hand Books**  
**Hodgins' Book and Drug Store**

Members from the Board of Regents have asked for reduced rates for the students.

All these, the students, members of the Board of Regents, and the governor of the state have been told that the new law prevents the railways from giving reduced rates to the students.

Half rates were given from all points in South Idaho to Boise during the Irrigation Congress. Now, since the new law was made in 1909, the railway officials to comply with the new law, and since special rates were given under the new law during the Irrigation

congress, it seems that the railway officials are considering something other than the legality of reduced rates to the students.

**AMPHICTYON SOCIETY**

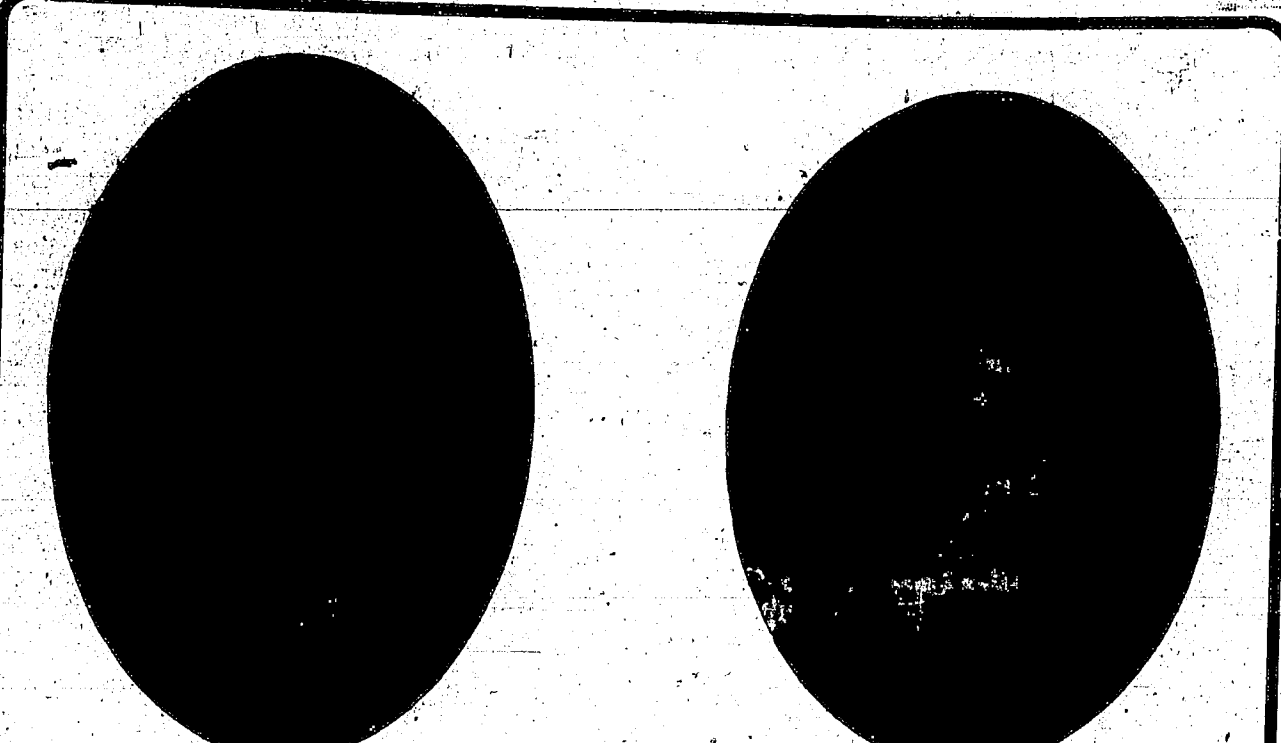

Amphics Will Convene in First Session Of Present School Year on Saturday Eve., Sept. 29.

The Amphiction Society is the oldest literary society in the University. In its earlier days both men and women students were admitted to membership. Three years ago the society was re-organized and at present only male students are eligible. The society aims to promote debating and oratory and it has been signally successful. The

membership is limited to a number small enough to insure each man an opportunity to do efficient work.

Their meetings will be held weekly in their quarters in the gymnasium. The first meeting will be held Saturday evening, Sept. 29. Debating and extemporaneous speeches will occupy the program. All students are invited to be present. Norman E. Adkinson is the president of the semester.

Fifty students, Boise, Nampa, I. Weiser delegation evening. The students came by The Boise special car.

Rev. I. F. Roach, President of the Board of Regents, has resigned his position and removed to Lincoln, Neb. President Roach was appointed to the Board of Regents for the term of 1905-09. He was a member of the Executive Committee. Rev. Roach was one of the most influential and active members of the Board. He has at all times had the interests of the University at heart. During the trying days of last year President Roach did yeoman service for the University. Students and friends of the University are sorry to know that he cannot be with us in the future. We all join hands in wishing him much success in his new field of duty.

Mrs. W. H. Ridenbaugh, Secretary of the Board of Regents, has resigned her position owing to ill health. Mrs. Ridenbaugh was appointed for the term of 1901-07. Mrs. Ridenbaugh has been one of the best friends that the University has ever had. She has worked indefatigably for the University. She has been a regular attendant at all sessions of the Board of Regents. Her one great desire was to see the University grow and expand in every department, and we are glad to say that through her assistance the University has grown and expanded until its standard is excelled by no other university. We hope for Mrs. Ridenbaugh's quick recovery, that she may in the near future continue the good work for the University which she has so nobly championed in the past.
