

THE UNIVERSITY ARGONAUT

VOLUME IX. MOSCOW, IDAHO, NOVEMBER 20, 1906 NUMBER 10

WHITMAN AND IDAHO MEET In a Very Close Contest Whitman De- feated Idaho by a score of 6-5.

Last Saturday, at Walla Walla, the inevitable fate which seems to be dogging Idaho's football team was again present, and the game that should have been Idaho's went to Whitman College by the margin of one point.

The two teams were about evenly matched in size and speed. Soon after the whistle blew for action it was evident that Idaho had the better team and in less than five minutes made a touchdown. It was a difficult goal and was not kicked. Again the Idaho boys started down the field with whirlwind energy. The long forward pass was worked to good advantage several times. Then some body fumbled the ball and before anyone could prevent it Borleske recovered the ball and made a brilliant 25 yard run, almost to Idaho's goal line. Small caught him from behind and prevented a touchdown. With three downs to make 5 yards, Whitman made a touchdown and kicked goal. Score 6-5.

The rest of the game was in the most part a punting contest between Perringer and Keyes, neither team being able to make consistent gains in carrying the ball. No further score was made by either team. The game was free from dirty playing. Offside plays were frequent and both teams were severely penalized. Whitman's fumbling was a feature of the game. Idaho's only fumble lost her the game. Keyes had the best of the punting by 50 yards. Idaho carried the ball almost a third farther than Whitman.

The line-up:
Whitman. Idaho.
Gilbreath c. Stein
L. Perringer l. g. r. Stokesbury
Matthews r. g. l. Smith
Dimmick l. t. r. Oakes
Philbrook r. t. l. Larson (Capt)
Lyman l. e. r. G. Armstrong
Spagle (Capt) r. e. l. Savidge
Borleske l. h. r. Small
G Perringer r. h. l. E. Armstrong
Rigsby f. Keyes
Schmidt q. Robertson
Touchdowns, Keyes 1, Borleske 1
Goal, Rigsby 1.
Umpire and Referee, Dorsey Hill.
Time of halves, 30 minutes.
Score, Whitman 6, Idaho 5.

The Walla Walla correspondent to the Spokesman-Review has the following to say in regard to the game:
Slow playing, fumbles and an abundance of punting characterized the Whitman-Idaho football contest here this afternoon in which the local players defeated the visitors by the close margin of 6 to 5. The features of the game were two successful forward passes by the Idaho team, Robertson, at quarter, accurately making a difficult throw to George Armstrong, right end, for a 15 yard gain, and Borleske's fine run almost to Idaho's goal.
Whitman attempted the forward pass early in the game, but made a signal failure and abandoned the new play thereafter. Idaho started

into the contest in whirlwind fashion and within the first five minutes forced the pigskin across the line by a series of end runs and fast line bucks.
Whitman's game was sluggish throughout, but with a number of successful punts scored a touchdown in a little less than seven minutes, and Rigsby added what proved to be the winning point by kicking the goal. Whitman for a time made a show of speed, but fumbles by both teams killed interest. Each team averaged 167 pounds and line plunges were of little avail for the most part. The game soon developed into a kicking match between Perringer of Whitman and Keyes of Idaho.

Owing to the failure of the teams to agree on an umpire, Dorsey Hill was called upon to fill the double position of referee and umpire. The sensational play of the day, if not of the entire season, was made by Borleske, who in the first half got the ball around Idaho's end for a 25 yard gain, putting it on Idaho's five yard line, Dimmick scoring a touchdown on second down thereafter.

Both teams made all the scores in the first half of the game, but got down to real work in the last half, which was played for the most part on Idaho's territory. The fact was noticeable that both teams endeavored throughout the game to take advantage of the new rules, but were unable to utilize them to any appreciable extent for effectual gains.

Basket Ball
Now with but one more game of football to play, and the cold, snowy weather coming on, those who are athletically inclined must turn their attention to some other form of sport. This sport, whatever it may be, should be for us as college men and women a clean sport, and one that will develop the science of the game, not forgetting the advancement of our inner life.
Football is a noble game. It develops will power, reserve, strength of character, discipline and many other exemplary traits of character. Base ball and track work also are games of highest import in college life. We must have good teams in both of these lines or outsiders will say that athletics is neglected here. Still on the other hand, we must not trend to heavily to athletics. A sound mind in a sound body should be our ideal. Besides these other games that occupy their separate portion of college activities, we have also basket ball. Basket ball to the uninitiated may seem a child's game or exercise. This is not so, as basket ball is one of the best all around developing games that has ever been played. The basket ball player develops more wind and more distinct sets of muscles than any player in any other contest. We have a large, well-equipped gymnasium, one of the best on the Western coast, and here

we should soon begin to train a few champion teams. I mean by "teams" that the girls as well as the boys should take part in this all around sport and show a winning team. There are several girls in college who have been successful players elsewhere; why not here? To have a good ladies' basket ball team, the girls must have a coach, and they must be allowed to have the Gym certain hours without molestation. We have the best coach in the northwest and everyone will be only too willing to permit the fair ones free use of the Gym at least half of the time. Athletics for the girls in this institution is sadly neglected. Let us remedy this by assisting in every way the girls in basket ball. If the boys insist on "getting sore" because the girls are using some of the Gym hours, then the true college spirit is far from being shown. Then let us all get out for basket ball as soon as Pink says the word. Let us develop two winning teams, one of ladies, the other of men.

Y. W. C. A. TO HOLD CONFERENCE

Visitors Will Attend from the Normal, and from Washington State College.
The local Young Woman's Christian Association is perfecting plans for a conference to be held at Moscow, with the Associations of Washington State College and the Lewiston Normal. The convention will discuss the problems of the Y. W. C. A. and will be addressed by leaders in the organization. It will be an excellent opportunity to acquaint delegates from Lewiston with the advantages of the University and this will be one of the subordinate aims of the University Y. W. C. A. The gathering will be held on December 7, 8 and 9. A reception in honor of the visitors is planned for the evening of the 8th.

Y. M. C. A.

There was a large attendance at the Y. M. C. A. meeting Sunday. The subject for discussion was the "Opportunities for Service in the Foreign Fields." Wilfred Herington led the meeting. Besides a general discussion of the subject special topics were given out to show the opportunities for specially equipped workers as follows:
Darlington..... Medical Men
Curtis..... Teachers
Holman..... Ministers
Goble..... Technical Men

Hopper spoke of the need for foreign missionaries. He pointed out that in America there is one minister to every seven hundred persons. That of these seven hundred over one hundred and forty are christians. In Europe we find only one hundred and eighty christians to every two hundred thousand and population. The speaker concluded by saying that these figures show that if it is service that one desires to do he should go to the foreign fields, for it is there that the greatest opportunities lie.
Lukens spoke of the call for missionaries.

Philharmonic Club
The Philharmonic Club will give a social evening on Friday, November 23rd, at the Dormitory. There will be an informal program. Light refreshments will be served.

Christmas Number.

Chief Features Will Be the Athletic and Alumni Departments

The Argonaut staff will get out the usual Christmas number this year. The number will be in magazine form and will contain about fifty pages. The covers are to be specially designed and will represent some scenery of the state. The number will contain the pictures of the four college football teams which our team plays this year, together with a similar picture of our own team and a brief history of the games played by all these teams. There will be pictures of the new Administration Building, the Morrill Building, the Metallurgical and Assay Buildings. Several fine cartoons are being prepared for this number.

Another important feature will be the Alumni department. The staff will endeavor to locate all the members of the Alumni. This will take about fifteen pages of the number and it is hoped to make this part of especial importance to the Alumni. In a few days letters will be sent to members of the Alumni and the Argonaut desires that these letters be answered immediately after their arrival so that there may be no delay in getting the address of every member. We ask the co-operation of the Alumni in this matter. We also expect to have at least three articles in this number which are to be written by graduates of the University.

There will also be two or three short stories, together with a few poems, and we ask all those students who are interested in literary work to become contributors to the college paper and especially to this Christmas number.

"Webs" Increase in Number.

Over a score of interested Webstersians gathered at the Gym, Saturday night, for the program. Municipal ownership was debated. The opponents of the idea were successful in capturing the votes of the judges. T. E. Smith spoke on "Some Aspects of the New York Campaign," and a sharp 10 minute parliamentary drill was engaged in by the entire society. The Websterian meetings have been steadily growing in interest, and the present condition of the society is better than it has been for over a year. The inter-society debate which has been arranged is expected to draw even more members. At Saturday's meeting, arrangements were made for a tryout to choose the Web team. The question will be that of the triangular team.

Assembly

At last the spell has been broken by the arrival of the belated assembly chairs. The first regular assembly will be held Wednesday at 10:20 o'clock. Pres. MacLean will speak at this assembly.

Entertain

Mrs. Young and Miss Mainard gave a party at the Dormitory last Saturday in honor of Miss Ryan's birthday. Those present were Mrs. Young, Misses Mainard, Ryan, Zumhoff, Forney and Moore.

L. S. N. vs. PREPS

Game Will Be Played Nov. 24

On November 24 the Preps are to have their last big game of football. The Lewiston State Normal team will on that date engage the attention of the Preps for about sixty minutes. The Normal has a strong team. It is much heavier than the Prep team. The Prep team is light, gritty and speedy.

A little over two weeks ago the Preps defeated the Normal team by a score of 4-0. It was a close game. The coming contest promises to be one of the best that has been played by the Prep team. The teams are about evenly matched. The Preps have won a majority of their games and they are determined that this last game shall be a victory.

Triangular Debate Subjects

The three universities of Oregon, Idaho and Washington, which compose the Triangular Debate League, have each submitted a subject for the triangular debates. Oregon submitted the Negro subject, Idaho the Marriage and Divorce subject and Washington the Ship Subsidy subject. Each of these three universities now votes upon these three subjects and the subject receiving the highest vote or number of points will be the subject for the triangular debates. After the general subject is chosen the three universities will each frame a question upon the subject chosen. These questions will then be voted upon and the final question selected.

The Debate Council met last week and voted upon the three subjects submitted. It gave first place to the Marriage and Divorce subject. The Negro and ship subsidy subjects were voted second and third places in the order named. The general subject chosen should have been known this week. The reason for the delay is not known.

Wind Played Pranks

The high wind of Thursday which raced over Varsity hill at a rate of 50 miles per hour gave more than one sign of its presence. Three lights from the sky-light of the assay building were blown out. Workmen in the new Agricultural Hall were compelled to quit, because of flying glass, and other hindrances caused by the wind. Many windows in the new building were broken in, and other damage was done. Over on the main campus it was amusing to watch people stumbling along on their way to classes. Dorm girls scurried helpless before the breeze, staid faculty people were forced to heart breaking extremes to maintain their dignity in the teeth of the gale, and all sorts of students from preps to seniors were seen at different times frantically, attempting to keep up with hats which were howling along before the wind.

Please Get Busy

The literary editor of the Junior Annual continues to solicit more active completion in the story and poem contests for the 1908 "Gem of the Mountains." The prizes are not very great, but there should be a number of competitors if for no better reason than that the students desire the annual to be as successful a representation of University life as possible.

REGISTRATION FEE.

At present the Prep Amendment is taking a Rip Van Winkle slumber. This should not be. Preps get busy again and present your amendment. There can be but little objection to an amendment to the A. S. U. I. constitution giving the Preps ten per cent of the student fees, provided that such amendment stipulates that the executive committee of the A. S. U. I. shall control and distribute that sum among the various Prep activities. The passage of this amendment means the passage of the amendment for raising the registration fee. This latter means an athletic field and better accommodations for the students who win honors for Idaho. It means more intensive and extensive work in all lines of our college activities. The first semester will soon be over and then it will be too late even if we do vote to raise our registration fee to secure any extra money during the second semester. Where are we going to have our track team train this year? Where will we play base ball? Where will be the center of all our college activities? Let every student answer these questions and then get his shoulder to the wheel which rolls to success and let us see if we can blaze the way.

LITERARY WORK.

We are pleased to note the increasing attendance and interest shown in the literary societies. Last year Idaho's three star debaters graduated. This year there is not a single debater in school who has ever led a college debate team; We have three debates this year. The team which is to meet Montana has already been chosen and is working hard on the question. Two teams are yet to be chosen. Every student is capable of either making one of these teams or of doing something towards helping those who do make the teams. It is expected as soon as the triangular subject is made known that at least twenty students will begin work in earnest upon that subject. This means that the subject will be thoroughly worked up and that Idaho will have plenty of good material for the remaining debate teams.

FOOTBALL PROSPECTS

Idaho's football team is becoming seasoned. This is shown by the Whitman-Idaho game last Saturday. Although Idaho lost it was practical-

ly a tie score. With the exception of the game with Oregon the Idaho players consider that the game with Whitman was the hardest contest that they have had or will have this year.

The team is gaining in confidence. The players have not the age of the average player. Most of the members of the team have had but little experience in football contests. The old players on the team felt somewhat uneasy and showed lack of confidence at the beginning of the year. This was due to the fact that Idaho had lost so many of its stars last year by graduation. Taking everything into consideration our team has been playing great football. We are developing a team which in another year will again win the Northwest championship for Idaho.

CAN'T ANNOUNCE.

We are sorry to say that we are unable to announce the second play which is to be given this winter by certain persons connected with the University. The cast which is composed of nineteen members has already been chosen and the play is progressing nicely. The play and its characters were given a lengthy write up and the same sent to press but at a late hour a member of the Argonaut staff was told that the play was private and must be kept secret. Therefore the eleven members of the staff willingly join hands with the twenty persons directly connected with the play and will not divulge any secrets.

LITERARY SUPPORT

In another column the announcement is made that the staff will follow the usual custom and get out a Christmas number. We intend to make this one of the best numbers that has ever been issued. We ask the support of every student towards this end. Those who cannot write poems may give us a story or two. Don't wait. We need your co-operation. We are travelling along the same road. Why not have mutual support and ride together?

REGISTRATION FEE.

Question as Discussed in Debate Class
Last Friday the class in brief writing and debate, which is directed by Prof. Hulme and which is composed of about twenty members of both college and preparatory students, debated the very interesting and important question as to whether the A. S. U. I. constitution should be so amended as to give the preparatory students ten per cent of the registration fee.

The brief for the affirmative was about as follows: The Preps are entitled to a part of the A. S. U. I. money for the support of their activities, for

I. They compose about one-third of the student body.

II. They contribute as much per capita as do the other students.

III. The University activities are not open to preparatory students, for

(1) University activities are too far advanced for most preparatory students.

IV. They benefit the University, for

(1) They prepare men for the college activities.

(2) They give the University a good name among the high schools of the state.

The brief for the negative was

as follows: It would be impracticable to give the preparatory students any part of the registration fee, for

I. The Freshmen and Junior classes could then rightfully demand a part of the fee, for

(1) They also carry on activities.

(2) These activities are of as great importance to the University as are those of the preparatory students.

II. This would leave to small an amount for the University activities.

III. The University activities are open to all preparatory students.

We print this brief because it is the result of study both by college and preparatory students and because it is clear and a concise statement of the controversy concerning the increased registration fee.

Society

Misses Bush, Morrow and Regan were entertained at dinner Sunday by the Kappa Phi Alpha fraternity.

The Boise girls of the University gave a dinner, Friday, at Ridenbaugh Hall, in honor of Miss Olive Regan, ex-'05. The Boise boys were also guests.

Prof. and Mrs. Hulme, Misses Gibson, Howard, Keefer, Gerhardt and Elsie Larson were entertained at dinner, Friday, at the Kappa Sigma home.

The Kappa Phi Alpha Fraternity gave a smoker last Friday evening in honor of Congressman Burton L. French. Mr. French is a member of the local chapter at this place.

The Kappa Sigma Fraternity entertained a few of their Ridenbaugh Hall friends last Friday evening. All present report the usual good time.

Canons Shipped

The Military department has just received word from the war department to ship the two new canons, which at present compose part of the equipment of the Military department of the University, to Cuba.

Roscoe and Ervin Ladd, of the Sophomore and Freshman classes, respectively, were called to their home at Forrest, Idaho, Friday by the sad news of the death of a brother and the serious injury of a sister by the falling of a tree.

An Alumnus Heard From.
Nov. 10, 1906.
My Dear Mr. Armstrong:—
I was delighted when the Argonaut came today to see the headlines "Preps Defeat Lewiston H. S." Shake hands with yourself and all members of the team for me.
Cordially yours,
MILES F. REED.

WANT TO DEBATE AGAIN
W. S. C. Desires to Resume Relations With Idaho in Debate.

A letter has been received from the Debating Association at Washington State College proposing that Idaho and W. S. C. resume debate relations. A year ago relations between W. S. C. and Idaho were severed, in the field of intercollegiate debate, and the two institutions did not meet on the platform during the year of 1905-1906. The local Debate Council will consider the proposition from the State college, at its next meeting. Members of the Council state that the proposal will at least receive serious attention, and Idaho and W. S. C. may debate in the school year.

Facts About the University

It may not be generally known that the University of Idaho is one of the richest endowed colleges of the United States. Summing up all land owned by the college from grants to the Agricultural Department, Experimental Station, School of Mines, School of Science, we find that it reaches the enormous total of 286,000 acres. This, by a provision of the law, cannot be sold for less than ten dollars per acre. This gives an endowment of \$2,860,000. However a great amount of the land is worth from twenty to sixty dollars per acre, and is increasing in value from year to year. Averaging the sale of State lands in the last few years we find that the average sale per acre has been seventeen dollars and fifty-three cents. At this price the endowment would reach nearly \$4,000,000. This is an enormous endowment, when we find that only eleven Universities in the whole United States have more backing.

Again we see the great amount of money being spent for buildings connected with the University. At present we have \$232,000 worth of buildings on the campus. \$156,000 of this has been added in the last two years. After our administration building is completed, which will be in less than one and one half years, our buildings will be worth over \$460,000. This of course will not include over \$200,000 worth of equipment. Our buildings now are more numerous and present a better appearance than those of most Universities of the West. Our faculty has increased from four or five teachers to thirty-four salaried professors, instructors and assistants. The student body has increased from a few dozen to over four hundred. The students in the chemistry department alone have increased from four at the first year to one hundred and twenty registered for chemistry this year. All other departments, have increased proportionately.

With this vast increase shown in endowment, buildings, instructors and students, comes the corresponding increase of student activities and college spirit. Idaho stands first in rank in debate circles of the Northwest. More than once have we won the inter-collegiate football championship of the same territory. Our track men have collegiate records and we have the Northwest record in the half mile. Our basketball and base ball teams have always done credit to the 'Varsity. Wherever Idaho men and women have been they have shown themselves imbued with the true Idaho spirit. They have won clean

10 per cent off to Students

We have just received a full line of Hand Painted China. Salad Bowls, Nut Bowls, Bon Bon Dishes, Bread and Butter plates, Individual Jellies and Berry Dishes

Empire Tea & Crockery Company

games and also lost with the spirit of victory through defeat. College spirit is coming up, more people know where the University of Idaho is, and many realize that Idaho is the Silver and Gold amidst the baser minerals.

Whitman vs. W. S. C.

Quite a little interest is shown by Idaho students in the coming football game between Whitman and W. S. C., which takes place at Pullman next Saturday. This promises to be a close contest. Both teams are about evenly matched so far as scores are a factor. W. S. C. beat Idaho 10-0 and the game between Whitman and Idaho resulted in a 5-6 score in favor of Whitman. W. S. C. has a team which averages several pounds to the man more than the Whitman team. Several of the 'Varsity players will take in the game. This will be the first contest which several of the players have had an opportunity to witness during their football career.

Y. W. C. A.

Miss Minnie Smith led a very interesting Y. W. C. A. meeting Sunday, Nov. 18. The subject was "Finances."

On Sunday, Nov. 25, an annual Thanksgiving meeting will be held. This is always one of the most interesting meetings of the year. All college girls are invited to meet with the Association and take part in our Sunday meetings.

IF YOU WANT CASH
For Your REAL ESTATE or BUSINESS
I CAN GET IT
No Matter What Your Property Is Worth, or in What Town, City, State or Territory it is located

If I do not have the ability and facilities to sell your property, I certainly could not afford to pay for this advertisement. This "ad" like all my other "ads" is practically sure to place on my list a number of new properties, and I am just as sure to sell these properties and make enough money in commissions to pay for the cost of these "ads" and make a good profit besides. That is why I have so large a real estate business today.

Why not put your property among the number that will be sold as a result of these "ads"?

I will not only be able to sell it—some time—but will be able to sell it quickly. I am a specialist in quick sales. I have the most complete and up-to-date equipment. I have branch offices throughout the country and a field force of men to find buyers.

I do not handle all lines usually carried by the ordinary real estate agents. I MUST SELL real estate—and jobs of it—or go out of business. I can assure you I am not going out of business. On the contrary, I expect to find, at the close of the year, that I have sold twice as many properties as I did the past year but it will first be necessary for me to "list" more properties. I want to list YOURS and SELL it. It doesn't matter whether you have a farm, a home without any land, or a business; it doesn't matter what it is worth, or where it is located. If you will fill out the blank letter of inquiry below and mail to me today, I will tell you how and why I can quickly convert the property into cash, and will give you my complete plan

FREE OF CHARGE

and terms for handling it. The information I will give you will be of great value to you, even if you should decide not to sell. You had better write today—before you forget it.

If you want to buy any kind of a farm, house or business, in any part of the country, tell me your requirements. I will guarantee to fill them promptly and satisfactorily.

David P. Taff, The Land Man, 415 Kan. Ave., Topeka, Kan.

Challenge to '10 Class.

The Freshman class of the U. of I. has challenged Joe Bunches bunch of '10s to a field meet in the spring. This challenge will be accepted, and arrangements will be made to have this event early in the spring. In all probability the contest will take place on Rogers Field as the varsity meet will be held at Moscow this year. The management of track athletics is heartily in sympathy with the action taken by the Idaho Freshmen. It will be the means of developing new material.—Evergreen.

Date Changed

At a meeting of the Junior Class last Friday the date of the Junior Prom was changed from the first to the second Friday in December. The change was made on account of a conflict with the council meeting of the Y. W. C. A., associations of the L. N. S., W. S. C. and Idaho which takes place at the University on Dec. 7, 8, 9.

Amphictyon Society

The Amphictyon Literary and Debating Society held their regular meeting last Saturday evening. The usual large audience was present, and the question of Federal Control of Marriage and Divorce Laws was ably discussed. The same question will be discussed next Saturday night. Everybody is cordially invited.

State Items.

The worst floods in the history of the state occurred last week throughout all the northern counties.

A movement is now agitated for the division of Nez Perce county.

Up to date, Idaho has contributed \$2,335,954 to the reclamation fund.

Several of the mines and mills of the Coeur d'Alene mining district have had to shut down on account of the coal famine.

The attendance at the Canyon county fair was 40,000.

Almost every town on the Oregon Short Line in South Idaho is suffering from the coal famine.

A government inspector was in Moscow, Saturday, selecting one of the thirteen sites offered upon which the new federal building is to be erected.

The electric railroad between Boise and Caldwell is nearing completion.

A Salt Lake capitalist and newspaper man has lately installed a large printing plant in Nampa with which he plans publishing the largest and best daily between Denver and Portland.

The Idaho Northern is the name of a new line of railroad now being built between Kingston and Murray in Shoshone county.

The greatest activity ever experienced in the history of the Coeur d'Alenes is now felt throughout that region.

Four new forest reserves have been created in this state aggregating over seven million acres.

Exchanges

A movement has been started by the colleges and Universities of the United States to raise twenty-two thousand dollars with which to purchase the house in Rome in which Keats lived. The money is also to be used in keeping in repair the graves of the two poets who lived in the house.

"Student Life", the college monthly issued by the students of Utah Agricultural College, is one of the neatest and most inviting college publications received at our exchange table. The first of a series of eight stories dealing with "The Intangible Something Called College Spirit," is worth the reading of every college student.

University of Nevada defeated University of California by a score of 3 to 0 in the greatest game of Rugby ever played on the Coast.

Dr. Ralph S. Minor of the physics department of the University of Nevada has just had published a physical laboratory manual, which is highly praised by instructors in physics throughout the country. The manual is already being used in many of the colleges and universities of the West.

The girls at the University of Nevada have boycotted their college paper, "The Student Record," because the editor allowed both sides of the Sorority controversy to appear in its pages.

The tenth anniversary number of the "Whitman College Pioneer" gives an interesting history of the ten years of the paper's existence.

A big university of the South is being planned to be located in Louisville, Kentucky. One million dollars is already promised for its formation.

The preparatory students of the U. of Nevada are agitating their secession from the Associated Student Body.

The Honolulu High School has the reputation of having the only "Palace" for its school building. The structure was formerly the palace of the Princess Ruth of the Kamehamehas.

The "Brown Alumni Monthly" has in its October number an interesting sketch of Albert G. Greene the author of "Old Grimes."

There are more professors than students at Andover Theological Seminary.

The U. of Nebraska now has in its museum the skeleton of a man belonging to a time previous to the building of the pyramids.

The U. of Florida has been removed from Lake City to Gainesville. This will necessitate a new beginning in every phase of college activity.

Before the Chicago - Minnesota game the visiting team was banqueted by the home eleven. This is a unique feature introduced for the first time, and its unqualified success recommends it to other rival institutions.

Nearly all the points made by football teams in the Northwest this fall, have been made by kicks from the field, instead of touch-downs as formerly under the old rules.

The men of the U. of Nebraska have protested against a summary order by President Andrews for the segregation of the sexes in that institution.

The enrollment at present numbers 825. This is a growth of over ninety more than we had at this time last year.—Evergreen.

Pres. Bryan of W. S. C. has offered a prize of twenty-five dollars for the best paper on some phase of the history of the Northwest.
