## SENIORS MEET

Many Important Matters Were Discussed by the August Members

Senior Commencement Play—Faculty To Wear Gowns—Seniors To Be Excused from Spring Examinations

Last Friday the Seniors held a very important and well attended class meeting. Several matters concerning the commencement program were considered. The Senior play committee gave a very favorable report concerning the progress of the play which it is writing. One act has been written and it is expected that the entire play will be finished in two weeks. All members of the Senior class are to take part in the play. The date for the performance of the play has not as yet been definitely decided upon, but it is thought that it will be given on the evening of the University oration, since the latter may not be included in the commencement program this year.

Some time ago a committee was appointed for the purpose of visiting the members of the faculty and requesting that the Seniors be excused from the spring examinations. This committee gave a favorable report. All professors, except one, favored the plan of excusing all Seniors from such examinations if a daily average of eighty was made. The class will now petition the faculty in regard to this matter.

The pin committee recommended that the Senior class pin should have the state seal as the emblem upon it.

Some time ago the class voted to request the faculty to wear gowns during commencement week. Several members of the faculty have been consulted in regard to the matter and a majority of these seem to be in favor of it.

The class decided to petition the faculty for an extra day for commencement.

### IN FORMER YEARS

What Was Happening at This Time One and Two Years Ago

March 10, 1905—Thos. R. Jones and Carrol H. Foster won a unanimous victory over the University of Utah in a debate on the question of compulsory voting.

March 5, 1906—The class of '09 elect the following officers for the second semester: Pres., Roy Barto; Vice Pres., Leigh Savidge; Secretary, Edna Dewey; Treasurer, Ludwig S. Gerlough; Class Historian, O. P. Darwin.

### Last Week's Assembly.

Dr. Aldrich delivered the address at last week's assembly. The subject upon which he spoke was "Oral Traditions." He spoke of several great events in American history which he had gained a knowledge of through conversation with persons who had witnessed these events.

The speaker said it was through oral tradition that one gains the most valuable information concerning our history. He said that it was our duty to find out what we can about these events because future generations will look to us for facts concerning these things. These events will look bigger to the future generations than they do to us. The death rate of the people who took part in the civil war is very great. We are missing our opportunities if we don't get the history of events in this war from some of these veterans.

### SENIOR PLAY

A Rousing Farce to Be Brought Out by The Seniors During Commencement Week.

Norman B. Adkison, Bess Gibson and Ruth Fogle are working on a play to be given by the Seniors some time during commencement, probably on the night usually given over to the University oration. The play will be a three-act farce. A love story, it is rumored, will be the unifying thread, but college life in general will be satired, ridiculed, praised and blamed in a way that is sure to make the farce a success. Every Senior will be given an opportunity to display his histrionic abilities at some time or other in the play.

### Debate: News of the Pacific Northwest

The third Pacific-Whitman debate will be held at Walla Walla on March 6. The subject is the municipal ownership and operation of street railways. Whitman won the two preceding debates.

The ninth W. S. C.—Whitman debate will be held at Pullman on March 22. The subject is the same as that of the Pacific-Whitman debate. Whitman won the eight preceding debates.

The first Montana-North Dakota debate was held at Bismark in the chamber of the House of Representatives on February 20. The question was the one used in the Montana-Idaho debate, "Resolved, That the railroads of the United States should be owned and operated by the federal government." Montana again went down in defeat defending the affirmative.

The second W. S. C.—O. A. C. debate will be held at Pullman. The Oregon farmers have submitted the Monroe Doctrine. The Washington State College in a debate with Montana three years ago successfully argued that the doctrine should be abolished.

The third Pacific-Washington debate will be held at Seattle. Washington will have to defend the policy of subsidizing American shipping. Pacific won the two preceding debates.

The first Willamette-Whitman debate will be upon the question, "Resolved, That the passage of the Fifteenth Amendment has not been justified." Willamette chose the affirmative.

The fifth W. S. C.—Montana debate will be held at Missoula. The subject is the municipal ownership and operation of street railways. Of the preceding debates, W. S. C. has won three and Montana one.

## COMMITTEE REPORTS

A Very Favorable Report Is Given by the Recent Visiting Legislative Committee

All Bills Which Have Been or Will Be Introduced To Provide for the Necessary Amount of Bonds and also the Levy To Pay for Same Are Recommended To Be Passed

Boise, Idaho, Feb. Mar. 1.—The senate committee appointed to visit the northern institutions made its report yesterday. Following is that part of it bearing upon the university:

"We find the work of the university going on as satisfactory as could be expected under the circumstances, but greatly hampered by the loss of the administration building. Since that time the regents have erected and now have in use the building which is known as Morrill hall, but it is plain to your committee that it is imperatively necessary to the work of the university that the administration building be constructed at the earliest possible moment. In consideration of the above facts your committee unanimously indorse and approve the recommendation of the board of regents to the effect that action be taken for raising \$165,000 for the completion of a new administration building.

"It is therefore the recommendation of your committee that bills which have been or will be introduced to provide for the necessary amount of bonds and also of the levy to pay the same be passed. These will amount to \$165,000. The regents also submit estimates for auxiliary improvements amounting to \$20,000, of which \$9,000 is for the library. One of the most serious losses from the fire of March, 1906, was the library, which was totally destroyed, including large amounts of scientific specimens and apparatus, which has further crippled the university. Five thousand dollars is for the purchase and instalment of equipment and machinery of the mining department and \$3000 for permanent improvements at the auxiliary station at Caldwell. The balance is for small suggested improvements which we indorse and approve. We believe that recommendations of the regents in regard to maintenance and incidental expenses are conservative and should be met."

The University of South Dakota is in the clutches of a student revolution. President Gault was to have given a lecture in chapel last Monday night, but on that afternoon more than five hundred chairs were taken from the lecture room and hidden, while the chairs of the faculty were coated with honey. President Gault is decidedly unpopular with the student body.—Daily Nebraskan.

Correspondence from members of the Alumni solicited.

The debate council is considering the advisability of reducing its membership. It is proposed to reduce the membership from the present number of nine to five. We believe that the number of members should be reduced; but that it should not be reduced below a membership of seven. With a membership of seven and a quorum of four we could almost always be sure of a quorum at the meetings. Any action taken by such a number of students would undoubtedly be favorably received by the student body. Take a debate council of five members and it could not be made a representative body. Three would constitute a quorum. These three could form a little Caesarian triumvirate and dictate all the debate matters. If we are going to have a quorum of three why not let the different debate teams have direct charge of the debate affairs? We believe that it would be a dangerous move to change the membership from nine to five members.

Congratulations are due to the two men who passed the Rhodes Scholarship examinations. It is a very pleasant fact that since the scholarships were instituted no examination has gone by without successful applicants from Idaho. This year there are two. Next year probably a half dozen well trained students will compete for the coveted prize. In view of the fact that several western states have not yet been represented by a Rhodes scholar, and that others have failed to qualify applicants in some of the examinations, the increasing strenuousness of the competition at Idaho should be a matter of pride.

One may well and justly ask why hasn't the matter of deciding whether or not the Business Manager of the Argonaut shall assume all responsibility of the management? Over half the school year is over. If anything is going to be done it is time to do it. Why hasn't the committee appointed to investigate the finances of the Argonaut made a report? If they have, the students of the A. S. U. I. want to know it.

The Executive Committee of the A. S. U. I. is soon to have printed a new issue of the Constitution of the Associated Students, revised to date. If, when this is done, every student will get a copy and familiarize himself with its contents, the result will be a decidedly greater appreciation of the possibilities for good which

are found in the machinery of the student body organization.

A telegram has just been received stating that a bill appropriating \$170,000 for the University passed the legislature Monday morning without a dissenting vote. Particulars will be printed in next week's paper.

### Panic Pays.

There's small-pox in the air—  
Let the foolish panic grow.  
Search has not revealed a germ,  
But the doctors need the dough.  
Seek an M. D.'s torture chamber,  
Join the crowd, and don't be late.  
A silver dollar does the work;  
Get the habit,—vaccinate.

I stood on the bridge at midnight  
And could scarcely keep my pose;  
For you know, my friend, it's a difficult task  
To stand on the bridge of your nose.—Chancy Smith.

O you who read my fitful verse,  
Pray have no fear.  
It's pretty bad, but might be worse,  
That's a very clear.  
I never hope to put the boots  
To friend Shakespeare;  
But you'll get poetry that suits,  
While I am here.  
So have no fear  
I am near.—Leigh Savidge.

### Graft

Arms of most all men remind us  
That a dollar we should give,  
Let ourselves be vaccinated,  
For the doctors have to live.

### Exchanges

The U. of O. track management will present a silver cup to the class team which wins the greatest number of points in two track meets.

Willamette loses one of its best professors in Prof. W. C. Hawley who has been elected congressman from Oregon.

Dr. Harry Pratt Judson has been unanimously elected President of the University of Chicago to succeed the late President Harper.

The honor system is being tried, it is said, with considerable success, at the universities of Indiana and California. At the latter institution it is to be tried in a rather novel fashion. No fence is to surround the athletic field, the management trusting to the honor of the students, who are expected to pay for admission to the grounds.

#### WHITWORTH PRESIDENT TALKS

Dr. Cruzee of Whitworth College, Addressed the Y. M. C. A. Meeting on Sunday

The Young Men's Christian Association meeting last Sunday at the Gymnasium was addressed by Dr. Cruzee, the president of Whitworth College at Tacoma, Washington. In accordance with the aim of the Religious Work Committee of the Association to secure a series of talks on life work. Dr. Cruzee made his address a general discussion of the principles which are fundamental in all callings of life.

The first of these principles, he maintained, was that life must be looked upon as a preparation, a book to be studied, a school in which to learn. It is, more than that, a field demanding labor. The curse of the present times, said Dr. Cruzee, is the desire of great numbers of people to avoid honest toil. Many parents want a college education for their children, not as a means to help them to do better work, but as a thing that will release them from hard labor, and open opportunities to earn a living by easier and doubtful methods.

Life is, in the third place, a battle. At no time are the combats fiercer or more fraught with consequences than when a man is attending college. Every student is surrounded with temptations which require determined resistance if they are to be met successfully. Fourth, life is an opportunity to serve. A

student goes into the world with greater duties than to live to eat and eat to live. He owes it to the world to contribute some good to that part of society in which he is placed.

An unusually large number of men of the University took advantage of this opportunity to hear the president of Whitworth speak, and gave the address close attention. The address by Prof. Phillip Soulen on the "Young Man's Opportunities in the Teaching Profession" was postponed to some future Sunday.

#### DEBATE TEAMS CLASH

Idaho's Representatives in Triangular Debates Begin Daily Practice Contests

The two teams which will defend the Silver and Gold in the coming debates with Oregon and Washington in the triangular league, have finished the preliminary stages of preparation and began Saturday the series of practice debates which will be kept up till time for the Washington team to leave for Seattle, March 26. Nearly every day from now till that time, Morrow, Galloway, and Frazier, on the affirmative, and Holman, Jones, and Mason, on the negative will meet in practice contests. Every meeting will be an opportunity to show up the weak points in the respective cases, and to strengthen the cases at such points. The unique opportunity afforded by the triangular scheme for practice—in rebuttal will be utilized to the full by the two Idaho teams, so that when they meet their adversaries from Oregon and at Seattle, the Silver and Gold will be defended as well as it is possible for the respective teams to do it.

#### THE MILITARY BALL

The Third Annual Military Ball Last Friday Night Was a Distinct Artistic and Social Success

About one hundred couples enjoyed a very pretty and artistic ball, last Friday night at the Armory. The occasion was that of the third annual Military Ball. The Armory was very neatly decorated in bunting, flags of the nation, stands of arms, etc., giving on the whole quite a military effect. The prettiest feature of the evening was the military special, for those in uniform. The only light during this number was furnished by an electric lantern throwing slides of the American eagle and other artistic designs on the huge United States army post flag hung from the centre of the ceiling.

Many grey coats from W. S. C. mingled with the 'Varsity blue. Quite a number of visitors were present from Lewiston, one of the latter was Miss Aurelia Henry, a former instructor in the U. of I.

Lieut. Steunenburg must be congratulated, with the committee in charge, upon the success of the Ball.

The patronesses, were, Mesdames Young, Truitt, and Lewis.

#### Both Candidates Passed

A notice received by Dean Eldridge from the Secretary of the Delegates of Local Examinations, Oxford University, announces that McKean F. Morrow and Bruce D. Mudgett have both passed the Rhodes Scholarship Examinations, held last January. The University of Idaho faculty will elect one of the two successful candidates, at its earliest meeting. The election will be based on the literary and scholastic attainments of the candidates, his fondness for and success in out-

door sports, his qualities of manhood, truth, devotion to duty, sympathy for and protection of the weak, unselfishness and fellowship, and his exhibition during school days of moral force of character and of instincts to lead and to take an interest in his school mates.

#### Juniors Meet

A meeting of the '08's was held on Friday at which arrangements were made to co-operate with the Seniors in an effort to regulate the St. Patrick's Day combat between the Freshmen and Sophomores. The president of the class was instructed to appoint a committee to confer with a like committee which was appointed from the Senior class Thursday.

The committee, consisting of Keyes and Yenny, in charge of the proposed interclass athletic meet under the auspices of the Juniors, was increased so as to include three more men. Keyes was elected manager of the Junior team for the meet.

# IF YOU WANT CASH

For Your REAL ESTATE or BUSINESS

I CAN GET IT

No Matter What Your Property Is Worth, or in What Town, City, State or Territory it is located

If I do not have the ability and facilities to sell your property, I certainly could not afford to pay for this advertisement. This "ad" (like all my other "ads") is practically sure to place on my list a number of new properties, and I am just as sure to sell these properties and make enough money in commissions to pay for the cost of these "ads," and make a good profit besides. That is why I have so large a real estate business today.

Why not put your property among the number that will be sold as a result of these "ads?" I will not only be able to sell it—some time—but will be able to sell it quickly. I am a specialist in quick sales. I have the most complete and up-to-date equipment. I have branch offices throughout the country and a field force of men to find buyers.

I do not handle all lines usually carried by the ordinary real estate agents. I MUST SELL real estate—and lots of it—or go out of business. I can assure you I am not going out of business. On the contrary, I expect to find, at the close of the year, that I have sold twice as many properties as I did the past year, but it will first be necessary for me to "list" more properties. I want to list YOURS and SELL it. It doesn't matter whether you have a farm, a home without any land, or a business; it doesn't matter what it is worth, or where it is located. If you will fill out the blank letter of inquiry below and mail to me today, I will tell you how and why I can quickly convert the property into cash, and will give you my complete plan
