THE UNIVERSITY ARGONAUT

VOLUME IX

MOSCOW, IDAHO, MARCH 12, 1907

NUMBER 22

UNIVERSITY APPROPRIATION

The University Has Received an Appropriation Amounting to \$275,000

Eighty-two Thousand Dollars is for the Usual Maintenance. The Balance is for the New Ad. Building and Improvements

The legislature has made a very liberal appropriation for the University. About \$275,000 is the amount which the University will receive during the next two years. Idaho is now assured of one of the finest, most up-to-date buildings in the Northwest. The building will be modern in every particular.

Provision for the needs of the University for the next biennial period has been made by the ninth legislature as follows: For the Administration Building, \$50,000 immediate bond issue; \$40,000 Sept. 1st, 1907, and \$60,000 Sept. 1st, 1908, or \$150,000 in all. This amount plus the insurance moneys on hand represents the total amount that will be available for this building in the next two years.

For maintenance the total amount is estimated as \$82,000, which is practically the maintenance of the past two years.

For improvements, short term bonds will be issued in the following amounts:

- \$9000 for Library.
- \$5000 for equipping ore mill.
- \$500 for museum.
- \$1000 for repairs to buildings and grading.
- \$1500 for testing machine for C. E. department.
- \$3000 for Auxiliary Station at Culesac.

Provision has also been made for paying the deficiency warrants on the old Administration Building.

JOLLIFICATION MEETING

A Large Number of Students Show Their Appreciation of the University Appropriation

On Saturday evening a majority of the students of the University met upon the campus to celebrate in honor of the recent generous appropriation given the University by the legislature. The crowd assembled at the gymnasium and marched down to the corner of the campus. The meeting was held under the large arc light, opposite Pres. MacLean's residence.

The program consisted of college songs, speeches, and selections by the band. The college songs were sung with an enthusiasm which shows the revival of our old time college spirit. A few "hot air" speeches were given in which the greatness of the University was shown to be a reality. The college band played several very much appreciated selections. The members of the band are to be commended for coming out to the student meeting en masse and rendering so many selections.

WHITMAN WINS THE DEBATE

Defeats Pacific University on Public Ownership Question

Walla-Walla, Wash., March 6.—Before a large audience the Whitman debate team unanimously won the contest with the Pacific University team. Whitman was represented by Roy Wolf, Gains Green-slade and C. A. Livengood. The subject was: "Resolved, That municipalities should own and operate their street railway systems." Whitman had the affirmative. The city council attended in a body.

Proposed Amendments

The following are the proposed amendments to the A. S. U. I. constitution:

Article 1, Section 3, of the by-laws. To strike out the words, "Argonaut, 10 per cent."

To Article 4, Section 1, of the by-laws, add the following: "The Business Manager shall receive a salary of \$50.00 per year. Any profits accruing from the publication of the Argonaut shall be turned into the A. S. U. I. fund. Any deficit incurred by the management of the paper may be met by the Executive Committee of the A. S. U. I., if they see fit, after having audited and approved the report of the Business Manager."

To Article 3, Section 2, of the Constitution shall be changed to read: This Council shall consist of six members of the college department of the University elected by the members of the Association, and two members of the faculty who shall be elected by the Council. The faculty members of the Council are to be merely advisors, are not to vote and are never to be executive officers."

Article 1, Section 3, of the by-laws: To insert the words, "Athletic Field Fund, 10 per cent."

Article 4, Section 2, of the by-laws to be amended to read: "The Editor-in-Chief, two Associate Editors, Business Manager, and Assistant Business Manager, shall be elected by the members of the Associated Student Body on the third Friday of March of each school year. Only persons who have been associate editors shall be eligible for the position of editor-in-chief. All editors shall be appointed by the Editor-in-Chief.

A portion of Article 4, Section 3, to be amended to read: "The Associate Editors shall assume the duties of their office at the beginning of each school year. They shall assist the Editor-in-Chief, and edit the paper in his absence."

Websterian Program

The following is the program of the Websterian Debating Society for Saturday evening, March 16. The question to be discussed is "Resolved, That the President was justified in dismissing the Negro troops who took part in the Brownsville affair." The debaters for the affirmative are Holman, Nall, and Hall; for the negative Morrow, Lukens, and Smith. The time of meeting is 7:30 p.m. All students who are in any way interested in debate work are cordially invited to this meeting.

BASE BALL OUTLOOK

Base Ball Men Are Showing Up Good

Enthusiasts in This Sport All Taking Advantage of the Ideal Weather Conditions

During the past week most of the baseball men have been hard at work, and on the whole they are making a good showing. Batting is made a special feature, and the three batting cages are kept busy from 3 o'clock p.m. until the sun sets. All of the men are showing a great improvement along this line, and occasionally hit one of Samuels swift curves. Dippel is also making good as pitcher, and is also helping very much to give the men fast, hard practice in batting. Burley the "south-paw" from Weiser is hard at work and is improving his old good form. He is expecting to do things in the spring. For catcher the best man so far is Roy Curtis, the Moscow High School star athlete. He will be able to hold the hardest ones in a few days.

Hupp, Meyers, Crow, Fluberty, are also showing up good among the new men. Case of Boise is perhaps one of the best amateur baseball men in the entire Northwest.

There is good competition in every position and it will be hard to choose, at a glance, the first team.

"Pink," will coach the outfield while Dr. Axtell, one time short stop for Chicago, will coach the infield. This will strengthen both ends of the team and give all of the men plenty of practice.

Had not the weather decided to take a change for the bad, the men would be at work on the diamond at the City Ball Park. If the weather clears in time, so that practice can be had on the diamond, Coach Griffith announces that the first and second teams will play a practice game next Saturday.

Let us not fail to support this important department of college athletics.

Proposed Rules for Sophomore-Freshmen Contest

Whereas, it has become a custom of this institution to have a contest between the Sophomore and Freshmen classes upon March 17, and, as these contests have not always been decisive and free from unnecessary roughness, it has seemed well for the Seniors and Juniors to propose a contest, to be governed by the following rules.

The contest proposed is as follows. Each of the contesting classes shall be represented by a team, consisting of fifteen men. Each man shall wear shoes, the color of which will designate the class which he represents. When time is called, the team having in their possession the greatest number of shoes taken from their opponents shall be declared the victors.

RULES

1. The team shall consist of fifteen, bona-fide members of each of the contesting classes. The Dean's records to be the basis of classification.

2. The Sophomores shall wear green shoes and the Freshmen shall wear yellow shoes. Cloth lacing only shall be used in the lacing of shoes. No wire or metal lacing will be allowed. No high top shoes shall be worn. Shoes must be removed by the hands only. No instruments, such as knives, scissors, pliers and the like shall be permitted to be used.

3. The field shall not be less than 100 feet square, nor more than 200 feet square. The exact size of the field between these limits to be fixed by the officials of the contest. Only the members of the opposing teams, together with the officials will be permitted within the lines while the contest is in progress.

4. No more than three substitutes can be entered by either team. In all cases where a substitute is entered, one shoe shall be forfeited by the side entering the same.

5. The contest shall be of thirty (30) minutes duration, and shall close promptly upon the referee's signal.

6. The officials shall consist of one referee, four umpires and two time-keepers, all officials to be selected from the Senior and Junior Classes. Each college class shall choose one person to officiate, and these four shall select a fifth. The five officials, so chosen, shall select a referee from among their number, the remaining four acting as umpires. The time keepers shall be selected by the referee.

DUTIES OF OFFICIALS

A. The referee shall have general supervision of the contest. He shall also give the signal for the play to begin and to cease.

B. The umpires shall have secondary supervision over the contest. They shall call fouls and report same to referee with recommendation for penalty. The umpires, together with the referee, shall report the expiration of same to the referee.

PENALTIES

All unnecessary roughness or ungentlemanly conduct will be punishable by disqualification, without substitute, and forfeiture of shoes.

Any person failing to obey the orders of the officials shall be disqualified, without substitute, and shall forfeit his shoes.

Philharmonic Club

The Phi-harmonic Club will give their regular program on Tuesday evening, March 12, at the Gymnasium. The subject of program is Saint Saens, the noted French composer. All are invited to attend this program which promises to be very interesting.

Students' Matinee

On Friday afternoon, at 4 o'clock, will occur, at the Gym., a Students' Matinee Musicale to which all are welcome.

PREPS. VS. BLAIR

Armstrong, Holman and Hall Win a Unanimous Victory for the Preps.

Although Very One-sided, the Debate Was Very Interesting and Profitable

In the third annual debate between the Blair Business College, of Spokane, and the Preparatory Department, Blair was defeated by the Preps for the third consecutive time. The decision was unanimous in favor of the Idaho team. The contest was held in Spokane. It was the thirteenth debate in which the Preparatory Department has taken part, and the eleventh victory.

The question was: "Resolved, That the restriction of the suffrage in the last ten years in the Southern States is justifiable." Blair chose the negative, which is the stronger side of the question. The judges were Professor H. H. Barbon, of Coeur d'Alene, Judge Edwin Mc-Bee, of Rathdrum, and Judge William Hinkle, of Spokane.

The Preparatory debaters were George Armstrong, Rowe Holman, and Oakley Hall.

The Idaho team was coached by Mr. B. S. Allen and Professor Edward Hulme.

Miss Sonna Entertained

Thursday evening, Miss Sonna, of the English department entertained the ten students of English 18 at her home. By a curious coincidence the class has in it five boys and five girls. Their labors toward acquiring a fluent and elegant style of writing were pleasantly varied by the jolly time which Miss Sonna provided for Thursday evening. The entertainment was simple but very interesting. One member of the party read that classic, "Pigs is Pigs," another gave sundry extracts from the inimitable writings of Eugene. Refreshments of the most captivating kind followed the reading. In the midst of the banquet, every member of the party read an original poem, which he had written as the price of admission. Miss Sonna awarded prizes to the boy and girl who produced the best verse. Thomas Galloway won one prize, and Bertha Ransom the other. Those present were, Misses Ruth Fogle, Bess Gibson, Margaret Lauder, Hazel Morrow, Bertha Ransom, and Messrs. Guy Holman, George H. Curtis, Bruce Mudgett, Robert O. Jones, and Thomas Galloway.

Morrill Hall Opened

Several college classes as well as all the preparatory classes were held in the new agriculture building beginning on Monday. The rooms in the first and second stories are nearly all completed. Work is being rushed as fast as possible on the balance of the building. The electric wires for the electric bells and the watch system have been put in pipes under ground.

UNIVERSITY APPROPRIATION

A smile is on every student's face nowadays. The students and friends of the University can well afford to rejoice. The University asked and received. The needs of the school were immediate and imperative. For several days before the adjournment of the legislature it looked as though the University would not fare very well. But at last the spell was broken and the University received practically all that it asked for. The total appropriation amounts to about two hundred and seventy-five thousand dollars. We are now greeted with the happy fact that we are to have a new administration building within the next two years. This building will have no peer among the university buildings of the Northwest. Another pleasing thing about the appropriation is contained in the provision made for equipping the ore mill. Few universities have an ore mill. Our mill will be one similar to those used at the most up-to-date mines. It will be of great benefit to the mining students. The students in this department will be given an opportunity to come in contact with real mining work such as they will meet with after graduation. By the rebuilding of the administration building and the addition of the proposed improvements, the enrollment at Idaho should double during the next three or four years. Our college enrollment has steadily increased during the last few years. Now if every student will only endeavor to bring at least one new student to the University next year we can hope to have our long cherished hope realized—the University should have an enrollment of one thousand students and be the equal of any of the Northwest Universities in all student activities.

On another page will be found an article under the head "Trackmen Wanted." That article gives good reasons why more students should come out for track work. The writer pleads with the students and especially the new ones to come out to practice and let the trainer have an opportunity to see what he can do toward developing some track men for Idaho. We must have some more men out for track work or we will be hopelessly defeated this spring. We have some good new material in school. But the new man usually says, "Well there is no use for me to get out. Several

of the old men are in school and I cannot compete with them. I am not capable of doing anything in track anyway." We would ask this student how he knows that he is not capable of doing good track work? Again we would request him to start to training at once. Even if he doesn't develop into a star this year he may next year. We have an all-round trainer this year. Let us not disappoint him. It is only about five weeks until we have our first track meet. This meet is held as a sort of tryout. Let all students who have any track ability get out at least until our first meet is over and give the trainer an opportunity to judge your track qualities. Come out.

COLLEGE SPIRIT

There has been a great deal of discussion during the last few days concerning the plan for holding regular weekly meetings for about an hour each Saturday evening for the purpose of singing our college songs and thereby rejuvenating our college spirit. This would be a novel plan at Idaho. It is in practice at many of the large eastern schools. Wherever it has been tried good results have followed. Two weeks from Thursday the triangular debates will be held. It is only another month until we have our first track meet.

If we are to win these contests we must have as much college spirit as possible. The plan for holding these weekly student meetings is a good one. The students could get much better acquainted with our college songs and above all it would give them a chance to get in the habit of giving the college yells. It is thought that arrangements can be made so that the band could take part in these meetings. This would add much interest. We hope that a committee will be appointed to look into the matter of holding these meetings and that it will report at the earliest opportunity.

OFFICERS NOMINATED

Comparatively No Competition for Argonaut Officers

Holman for Editor in Chief and Burley for Business Manager. Several Amendments to A. S. U. I. Are Proposed

The assembly period of last week was given over to the associated students. Nominations for the positions of editor, associate, business manager, and assistant business manager, of the Argonaut were made. There was but one student nominated for editor. Mr. Guy Holman will therefore be the next editor of the Argonaut. Three nominations were made for associate editor. Those nominated were R. O. Jones, Ray Peebler, and Joe Martin. Burley, Balderston, and Jellick were nominated for business manager. The last two, however, declined to run for manager so Curtis R. Burley has no opposition for business manager. Fawcett and Vance were nominated for assistant business manager.

Several amendments to the A. S. U. I. constitution, relative to the business management of the Argonaut, were proposed. These are to be voted upon at the regular assembly period this week. Miss Cannon rendered two very much appreciated solos.

Message to Legislature

On a motion by Frazier, a committee composed of Meyers, Gibson, and Frazier was appointed to arrange the jollification meeting on Saturday evening and also to send a telegram to the legislature at Boise, thanking the members for their labors in behalf of the University. The telegram sent to each branch of the legislature was as follows: "The students of the University of Idaho, in appreciation of the generous appropriation received, wish to extend to the Senate (House of Representatives) their thanks in behalf of the University."

It is often very interesting to read some of the letters received by the Experiment Station. Here is one written by a resident of Kooskia, Idaho.

Moscow Agl. Dep. Gentleman

I want to buy a few taluse geese for my neber and he nor I ar able to tell the garter from the geese so will you kindly help us out of the devencollies. Very Resp Yours P.S. If possible let me know by return mail and oblige.

Mr. U. of Iowa writes one which is equally as good. Elberon Jan 29-1907.

Gent Moscow Idaho Please give me Experiment your Product and Or what it is adopt for if corn or grass Or small grain or what is the adopt for best things Please ancer I will make it Rite with you I cent you a letter some time a go about you Experiment but Not hurd from yet and 2 c stamp and will Inclose a nuther 2 c stamp for reply yours truly Adras V.U

Please Due that for me.

One would think from these letters that although the revised "spelling" is a late thing, the farmer thinks it is all right.

Prof. Padelford's new book, "Early Sixteenth Century Lyries" has just appeared. It is from the press of D. C. Heath & Co. Dr. Padelford was formerly professor of English Literature at the University of Idaho.

Sapphead — Ah! reading "The Book" by Tennyson, I tried to wade through it but gave it up. Softpaté—"It was probably too deep for you."

Hegge, Hegge, Hegge the Barber Mr. B. S. Allen left Friday for Spokane.

Loyd Hunter, after a two weeks absence, is back in school.

Hegge's Barber Shop is the place to go for a first-class Hair Cut.

Prof. Allen accompanied the preparatory debate team to Spokane.

Loyal Adkison, '04, is teaching school at Slate Creek, Idaho County.

Edward Atchison, who had been ill with typhoid fever is now in school.

NOTICE—5000 students wanted at Hegge's Barber Shop, South Main street.

Rural Gilbert a former student called at the 'Varsity last week, and met old friends.

Nettie Dunbar, '03, visited friends in Moscow for a few days the latter part of last week.

Hal Tilley, Idaho's famous old sprinter, spent a short time around the 'Varsity last week.

Misses Esther and Elsie Larson spent Saturday and a part of Sunday at their home in Troy.

The assembly address tomorrow will consist of an address by Prof. Hulme and a musical number by the Ladies Glee Club.

By the courtesy of Professor Edward Kennard Rand of Harvard University the Harvard Bulletin has been placed on file in the Library.

Prof. Aldrich spent several days last week in the southern part of the state attending a meeting of the State Horticultural Board of which he is a member.

The Amphictyon Literary and Debating Society will meet Friday at 7:30 p. m. Officers of the second semester will be elected and a program rendered.

Miss Sonna did not meet her classes on Monday. She was compelled to move from the home at which she had been staying because a member of the family had been taken ill with dyptheria.

St. Patrick's Day was foreshadowed last Sunday evening at the Dormitory by an all night conflict. Several girls spent the night tied up in rooms saturated with red pepper, others rolled up in rugs in the front hall. At almost any hour of the night very suggestive trampings, thumpings and running back and forth could be heard on the third floor. The senior feed was swiped, but the girls who did it were amply repaid by all of the other dormitory girls.

class prophecy. Miss Edna Davis; validictory address, James M. Bennett. A program committee and also a committee on decorations was elected.

Psalm of Life

Tell me not in scornful numbers
A. B. students have a graft,
And that every one that studies
Greek is just a little daft.
Greek is real, Latin earnest,
And a bald head not your aim;
If you'd study, try the classics,
Then the gods will praise your name.

Lives of scholars all remind us
We A. B.'s are sure to win;
While the engineers do shop work,
Play football, or haunt the Gym.

Or if farmer boys are learning
To economize with goats;
We are digging in the classics,
While they don't deal out the
oats.—Frank Stewart, '10.

Exchanges

The students of the University of Oregon are to be congratulated upon the standard of their student publications. They not only publish a weekly paper, but also a monthly magazine. The February number of the latter has just been received. It is without doubt the best college magazine that we receive upon our exchange table.

IF YOU WANT CASH

For Your REAL ESTATE or BUSINESS

I CAN GET IT

No Matter What Your Property Is Worth, or in What Town, City, State or Territory it is located

If I do not have the ability and facilities to sell your property, I certainly could not afford to pay for this advertisement. This "ad" (like all my other "ads") is practically sure to place on my list a number of new properties, and I am just as sure to sell these properties and make enough money in commissions to pay for the cost of these "ads," and make a good profit besides. That is why I have so large a real estate business today.

Why not put your property among the number that will be sold as a result of these "ads?"

I will not only be able to sell it—some time—but will be able to sell it quickly. I am a specialist in quick sales. I have the most complete and up-to-date equipment. I have branch offices throughout the country and a field force of men to find buyers.

I do not handle all lines usually carried by the ordinary real estate agents. I MUST SELL real estate—and lots of it—or go out of business. I can assure you I am NOT going out of business. On the contrary, I expect to find, at the close of the year, that I have sold twice as many properties as I did the past year, but it will first be necessary for me to "list" more properties. I want to list YOURS and SELL it. It doesn't matter whether you have a farm, a home without any land, or a business; it doesn't matter what it is worth, or where it is located. If you will fill out the blank letter of inquiry below and mail to me today, I will tell you how and why I can quickly convert the property into cash, and will give you my complete plan

FREE OF CHARGE

and terms for handling it. The information I will give you will be of great value to you, even if you should decide not to sell. You had better write today before you forget it.

If you want to buy any kind of a farm, house or business, in any part of the country tell me your requirements. I will guarantee to fill them promptly and satisfactorily.

David P. Taff, The Land Man, 415 Kan. Ave., Topeka, Kan.

If you want to sell fill in, cut out and mail today:

Please send, without cost to me, a plan for finding a cash buyer for my property which consists of.....

Contest Will Be Close

Since Manager Estel Hunter has taken charge of the arrangements for the Watkins Oratorical Contest, and has issued the call for the manuscripts, some new competitors have appeared. Among them are Bennett L. Williams and J. Robert Price, both Juniors. William Solibakke, too, has been intending for some time to enter the contest. There will probably be other men in the competition. Of the new men who are now known to be preparing for the contest, Solibakke is the only one who has had previous training in public speaking. Williams has done excellent work in debate, and will probably make a Varsity team next year. Price has never taken any part in debate or oratory. He has been a member of the Glee Club, has an excellent voice, and is likely to surprise many by his show in the contest.

T. E. Hunter will send the manuscripts away to the judges of delivery at once, and the contest will be held as soon as possible after they are returned. The student winning first place will receive the Watkins medal and will represent Idaho in the inter-state contest at Eugene in the late spring.

St. Patrick Will Be Honored

The rules for the freshman-soph rush in honor of St. Patrick's Day, as they are printed in another column, have been approved by the class of 1910. The sophomores have got to act upon them. As the sophs are pretty certain to do their part toward ensuring a mix-up, by accepting the rules, the upper classmen may expect the green and the orange to clash in the good old fashion, next Monday. The preparations this year for the traditional St. Patrick's Day rush have been made with an eye to making the contest safe, and still leaving room for the full expression of the underclassmen's spirit.

Trackmen Wanted

More men should get out and try for places on the track team. There is a wealth of material in the university but the men fail to put in their appearance and compete for places. There are many Preparatory athletes who do not get out, but there are plenty of students—green material—who, if they would only place themselves in training for athletic events, would develop into fine men for the Varsity. Some of the very best athletes have developed

from green material. If these men would only put in a couple of years in training while in school Idaho could come to the front in the northwest. Idaho has some old men but there is a scarcity of sprinters, hurdlers, and pole vaulters and unless new material furnishes men for these events Idaho cannot expect to win many points in them. There are quite a number of men that think themselves unable to do anything in an athletic way, who have athletic ability if they would only test themselves. Every man should get out unless he is physically unable to do so. Come out and increase the spirit.

Through a bill just passed by the legislature, the University of Oregon will hereafter receive \$125,000 a year from the state.

The manager of the football team of the University of Alabama is endeavoring to arrange a game of football between his team and the football team of the University of Washington.

McMinnville College defeated Pacific University on the question, "Resolved, that municipalities should own and operate their own water, light, and traction systems." McMinnville supported the affirmative.

Willamette University has recently defeated O. A. C. on the following question: "Resolved, That the Monroe Doctrine should be discontinued as a part of the permanent foreign policy of the United States."

Willamette supported the affirmative. Akin, Goldworthy and Davis of W. S. C. will meet the Missionaries March 22 in debate.

Chinese as Students

The Chicago Record-Herald gives the details of a Chinese Student Club at the University of California, Berkeley. There are fifteen undergraduates and a number who are doing graduate work in the professional departments and who represent the highest social scale in their own country, being proteges of the empress, who pays their expenses. The Chinese make keen college students, wear the latest college clothing—including the baggy corduroys, and give the college yell with the best of them.

California has the largest number of Chinese students of any educational institution in the country. The courses preferred by the "Chinks" are mining and civil engineering, and the general business training offered by the College of Commerce.

Dining Car Night and Day and Observation Car

It is the train of little luxuries.. hot baths, barber's services, library private smoking compartments; clothes pressing service, all the little things that add to the comfort of a journey. Its beautiful observation car is a revelation. The dining car service is superior, the menu varied and satisfying. From end to end it is pleasing, comfortable and beautiful—a train which makes friends and keeps them.
