The Watkins Contest

J. H. Frazier, '07, on "The Problem of the Twentieth Century" Wins Medal

Will Represent the University in the Tri-State Oratorical Contest at Eugene Next Month

Before an excellent audience, at the M. E. church, last Saturday evening four competitors took part in the fourteenth annual Watkins Oratorical Contest. The contestants and their subjects were: J. R. Price, '08, "The Spiritual Message of Browning;" W. R. Solibakke, '10, "The Faithful Nation;" T. E. Smith, '09, "The Idealist;" and J. H. Frazier, '07, "The Problem of the Twentieth Century."

J. R. Price, who spoke first, showed the results of conscientious work on the subject of Browning's spiritual message. Some presumption against him probably was felt by many in the audience because his subject seemed slightly above the ability of an undergraduate, but Mr. Price seemed to overcome the difficulty of his task with considerable success. His delivery was excellent.

The second speaker, W. R. Solibakke, dealt with a different sort of theme. Beginning with earliest history he showed the contributions of the Jewish race to the world's advancement, and opposed to it the long succession of persecutions which, in every nation, have been visited upon the Hebrew people. He closed with an appeal for calmer consideration of the Jew's weakness and more ungrudging recognition of the debt we owe his race. Mr. Solibakke was ineffective in his delivery, perhaps from a failure to overcome his training in a debater's style of public speaking.

T. E. Smith entered the contest for the second time. He competed last year, with an excellent oration on "The Idealist," of which his oration this year was a revision and amplification. The first half of the oration dealt with the subject in the abstract, and the latter half illustrated the idea of the speaker by the life of the late Senator George F. Hoar. Mr. Smith's oration, from the point of view of thought, was of unusual power for a college competition, but it was not supplemented by an equally effective delivery.

James H. Frazier spoke last on the subject, "The Problem of the Twentieth Century." It was a very unusual presentation of the race problem of the southern states. It had a variety and general effectiveness that won him first place in that respect from the judges on delivery. The Moscow Evening Journal has the following to say concerning Mr. Frazier's oration: "The oration of Mr. Frazier was fearless and convincing. His delivery was particularly the winning feature of the evening. 'The Problem of the Twentieth Century,' the subject chosen by Mr. Frazier, was expounded in all its startling truth-

The Freshmen Easily Overcome the Track Team of the High School

The score briefly tells the story of the first track meet between the U. of I. Freshmen and the Lewiston High School. The meet, with the exception of the 100 and 220 yard dashes and pole vault, was all Freshmen.

Lewiston fully expected to take first and second in the dashes and never dreamed of losing the relay. But they evidently hadn't figured correctly as Jack Wheeler took second in both the 100 and 220, pushing Earl Storer to his limit in both races, and beating Bob Thompson by a safe margin. Storer won the 100 by about three feet and the 220 by a few inches. The Lewiston lassies made an elaborate banner for the relay teams to run for and had no doubts but that it would be left in town. But Small, Wadsworth, Heck Edmundson, and Wheeler had it all their own way in the final event and won by about 40 yards.

The surprise of the day came when Wadsworth who vaults 9½ and 10 feet failed in his three trials on account of a poor take-off and only got third place, allowing Lewiston to take five points in that event.

The events were as follows:
100 yd. dash: Storer (L) Wheeler (F) Thompson R. (L), time 10 2-5.

440 yd. dash: Edmundson, C. E. (F), Edmundson, W. C. (F), Thompson, D. (L), time 52.

Broad jump: Wheeler (F), Small (F), Thompson (L), distance 19 ft. 4½ in.

120 yd. hurdles: Small (F), Deither (L), Echert (L), time 18 2-5.

Hammer throw: Smith (F), Small (F), Garby (L), distance 117 ft.

880 yd. dash: Edmundson, C. E. (F), Edmundson, W. C. (F), Dorris (L), time 2:23½.

Vault: Smith (L), Small (F), Wadsworth (F), height 9 ft.

Shot put: Smith (F), Small (F), Echert (L), distance 38 ft.

220 yd. hurdles: Small (F), Echert (L), Wadsworth (F), time 23 2-5 sec.

220 yd. dash: Storer (L), Wheeler (F), Thompson (L), time 24 sec.

High jump: Smith (F), Deither (L), Driscoll (F), height 5 ft. 3 in.

Mile run: Edmundson, W. C. (F), Smith (L), Griner (F), time 5:57.

Discus: Smith (F), Small (F), Edmiston (L), distance 97 ft. 9 in.

Relay: Small, Wadsworth, Edmundson, Wheeler for the Freshmen; Cole, Echert, Thompson and Storer for Lewiston.

Mason Leaves the Varsity

William H. Mason, '09, left the University last week to accept a position on a daily newspaper which has been established in his home town, Nampa. Mr. Mason was rapidly coming to the front in student activities, having been a member of two victorious intercollegiate debate teams, being a member of the '09 Annual staff, and occupying other positions of responsibility. It is not probable that he will return to the University.

Freshmen Victorious

Win the First Annual Freshman Track Meet With the W. S. C. Farmers

"Hercules" Smith the Star Point Winner of the Meet, With Small and Wheeler Taking a Few Close Contests

Last Saturday afternoon, on Roger's Field, Pullman, the track team of the class of 1910 of the University of Idaho defeated the class team of the same year of W. S. C. It was an extraordinarily good meet for an inter-class affair, and indeed was better than several Inter-Collegiate meets that have happened in the North-West. The score was 72-49.

The hillside near Roger's Field was quite elaborately sprinkled, and really looked quite verdant, with the preponderance of the two Freshman classes. Idaho was represented by a little crowd who were afraid to say much, but had a very pleasant time watching the meet.

At half past two o'clock the gun was fired that started the 100 yd. dash. Wheeler didn't exactly win that hundred yard dash, but we believe could have had a good start. Edmundson walked away with the quarter in such nice style that the Idaho spirits began to rise. Then when the Silver and Gold won first and second in the pole vault, the sun began to come out and warm up the atmosphere a little. The shot put went to "fat smiling Halm" with "Herk" a few links behind. Wheeler made a brilliant race in the 220, and won but was ruled out on a supposed foul. In a very pretty finish Edmundson won the half with Griner finishing strong for third. In the hammer Halm broke the college record for W. S. C. and established his "rep" as an athlete of no mean ability. "Herk" took second and came back with first in the high jump. Small and Wadsworth then strode into the finish of the 220 hurdle race with first and second respectively. Then in the mile Edmundson, in trying to pull Griner in on home plate for third got so far behind his man that he couldn't catch him and so contented himself and maddened W. S. C. with excitement by taking second. After Wheeler won the broad jump with Smith third, Idaho had the meet cinched. "Hercules" got tired of fooling with the children and tossed the discus out like a dinner plate, and took five points, with "Rod" tagging in with third place.

Soon the weather changed and rained a little to ease the surcharged atmosphere. Driscoll warmed up and crawled over the last hurdle in plenty of time to win first with "Rotteny" a close second.

W. S. C. Freshmen began to get sleepy and some started home. The relay was called. This was decidedly the neatest and closest contest of the day. Cliff Edmundson took the bit in his teeth and went tearing around the track and finished de-

KAPPA PHI ALPHA BALL

Swell Dancing Party of This Fraternity an Artistic, Musical, and Social Success

One of the swellest balls of the year was given last Friday evening at the Elks Temple by the Kappa Phi Alpha Fraternity of this place. Only present members and alumni of the fraternity and their ladies were present. The Patrons and Patronesses were parents of the young men of the city.

The decorations of the ball-room were mainly pennants. These were fancifully and artistically arranged until they fairly covered the ceiling with a network of color that dazzled the eye of the beholder. Pennants were there from all over the United States; college, fraternity, and sorority colors mixed with class numerals and Idaho banners gave the room a decidedly collegiate appearance. Relay banners, bunting and a few star-spangled banners draped the walls and blended them with the general color effect. Punch was served from a rustic fountain in the center of the room. Hal Tilley, ex-'06, a former member of the Frat, now a Phi Delta Theta, furnished the music with a seven piece orchestra imported from the cream of Lewiston's music. It may be added that the music was without doubt the swellest and prettiest ever rendered in Moscow.

The merry party ended at an early hour the next morning.

The patronesses were Mesdames F. David, F. Shields, H. Orland, M. E. Lewis, A. J. Smith and J. J. Day.

ENTERTAINS DEBATERS

Triangular Teams are Guests of Hon. B. L. French at Dinner.

Thursday evening Congressman Burton L. French gave a dinner to the members of the two Idaho debate teams in the recent triangular contest. Mr. French's guests were Messrs. M. F. Morrow, T. C. Galoway, J. H. Frazier, R. O. Jones, Guy Holman, and J. D. Matthews. W. H. Mason had left for his home in Nampa. Mr. and Mrs. French proved themselves royal entertainers, and the men whose time until recently was taken up so entirely with the negro and his vicissitudes greatly enjoyed the evening.

Gaught Again

"That Mary Brown does make me tired;
She's really not quite bright;
She does the most outlandish things—
Now don't you think I'm right?"
"Oh, Mary Brown is not so bad;
It's all the way you think:
Why, Mary does some splendid things—
She's not the missing link."
"Well, I can't see but what she is—
And she's so ugly too;
Her mother makes a fool of her—
It makes me fairly blue."
"I haven't time to argue now
In fact I really can't
I'm on my way to Mary's now
And I am Mary's aunt."
—Bertha Ransom.

Encampment Week

University Soldiers Spend Several Days in Beautiful Lewiston

The People of Lewiston Give a Hearty Welcome and Are Very Successful in Making the Short Stay of the Cadets Enjoyable

On account of the delay in the arrival of the tents from Boise, the battalion of cadets did not leave for Lewiston until Wednesday noon, March 3. Lewiston was reached at 2 p. m. on the day of departure from the University. Camp was made after four long hours of work and a more hungry lot of fellows one never saw. While the camp was being made "Bill" Lee, '03, appeared in a missionary role with a box of apples which it is useless to say were very much appreciated. It was Thursday before the real army life began.

On Friday the great sham battle took place. Forces under the command of Lieutenant Steunenberg advanced upon the fort but the troops of the latter were too numerous so that the Lieutenant was forced to sound a retreat. A new stand was taken and after a second attack the fortress was reduced and the gunners bayoneted.

Saturday was the day of the much heralded court martial. "Monk" Manning on account of being caught in the company of a member of the fairer sex after dark, was sent to prison. A jury which was composed of all the officers was chosen. The prisoner, however, believing that he could not get a square deal from Cap't Savage, requested that the Cap't be not included as a member of the jury. The request was granted. The regular court proceedings were carried out. White and Matthews, respectively were attorneys for the prosecution and defense. Three witnesses on each side were called. The verdict was that the prisoner should stand under guard from 5:30 to 6:00 p. m., salute all ladies passing and say "I'm sorry I butted in."

No regular calls were blown Sunday. After guard mounting there was no call till retreat at 5:30. Camp was broken at 8 a. m. Monday.

The cadets report a very enjoyable time during the few days of army life. Lewiston certainly treats her guests very royally. This is the second time that the battalion has gone to Lewiston. Flirtations and excursions, it is reported, were indulged in by many of Lieutenant Steunenberg's soldiers. One of the big social events of the week was the entertainment of the "school ma'ams" from the Normal by the cadets. The soon-to-be school teachers were given a royal feed at the mess on Saturday evening. Later in the evening a reception was given at the Normal school for the cadets, after which there was an informal dance.

What most every one wants to know is, who was the lady that pointed to Lieutenant Steunenberg and said "Who is the handsome man with the mustache?"

JOURNALISTIC HAIR PULLING

Readers of the Argonaut will remember an article in a recent issue in which it was shown that the first three debates between students of Whitman and Idaho were not inter-collegiate contests but were between literary societies at the two institutions. Imagine our surprise, when, after a three weeks investigation of all manner of original sources, the Whitman Pioneer recently printed a three column reply to the Argonaut's article! It was interesting. We read it all. But the Whitman paper has a misconception of the interest of the article we printed. There was no thought of getting ourselves into a "scrap" and we are deeply grieved that our whole-souled love of truth and our desire to make the truth known, concerning the first three debates between students of our two institutions, should have embroiled us in so acrimonious a strife. Seriously speaking, it is of course needless to say that nothing that the Argonaut has printed as to the matter indicates the slightest unfriendliness to Whitman. We may not have the habit of speaking of the missionaries in endearing terms of affection, but it is merely because of our natural reticence on matters.

University Memorial Day, which falls on Thursday of the present week, should be an occasion for some serious thought by every student. It will be by individual thinking on the bravery, and self-sacrifice of our University's wartime student body, that the day will be made a true memorial.

NEAT WORK ON THE DIAMOND

Butte Miners Defeat the Varsity White Sox at the Ratio of 16-0

In a good exhibition of the national game last Friday the Butte miners defeated the Varsity boys, and took 16 trips around the diamond, without even offering to take their rivals aboard for a single drive.

The game opened up with Dippel and Killilay as opposing pitchers. The first few innings were kept well in hand but soon began to look ragged. Errors began to pile up on the miners as well as on the cadets. Dippel walked a few and Butte ran in ten scores. Garvin had been put in place of Killilay and he certainly did a few things. He has one of the best out-drives ever seen in this city and throws fearfully hard. Samuels relieved Dippel and then it was a battle of the two pitchers. Curtis let a ball pass and Samuels walked a man and a few errors filled the bases.

A two-bagger pulled in a couple of scores and before the game ended four more tallies were added to Butte's side.

During the close of the game Butte put in another pitcher by the name of Hoon, and he showed that he had at least read about base ball at some time previous. Case did good work all through the game and made several difficult plays. Curtis as catcher was in good style and a little too strong for a whip to second. Wynman and Hunter did neat playing and Robertson seemed to have recovered his old form.

Deak was the first man to reach the initial plate and did very good batting throughout the game. Several times Idaho went out with the bases full and failed to score on account of not bunching their hits.

The game was the first one on our home grounds and was fairly well attended. The boys, as a rule, are in good condition, and although they cannot hope to play professional ball are certainly a good clean-cut amateur bunch.

The official score book is as follows:

Memorial Day This Week

Thursday, April 18, will be a holiday, being the anniversary of the departure for the front of the Idaho students at the time of the war with Spain. For several years the day has been observed, and it is now a tradition at Idaho to set it apart in memory of the heroic role which Idaho students played in the Spanish-American war, at the time of which nearly every able-bodied man in the University volunteered for service in the Philippines.

Junior Annual On the Press

The "Gem of the Mountains, 1903" is being printed at the Journal office, and will probably be out early in May. All the copy was in the hands of the printers several days ago, and they are rushing the book to completion. The work being done is first-class. The annual will probably sell at \$2.00.

IF YOU WANT CASH

For Your REAL ESTATE or BUSINESS

I CAN GET IT

No Matter What Your Property Is Worth, or in What Town, City, State or Territory it is located

If I do not have the ability and facilities to sell your property, I certainly could not afford to pay for this advertisement. This "ad" (like all my other "ads") is practically sure to place on my list a number of new properties, and I am just as sure to sell these properties and make enough money in commissions to pay for the cost of these "ads" and make a good profit besides. That is why I have so large a real estate business today.

Why not put your property among the number that will be sold as a result of these "ads"?

I will not only be able to sell it—some time—but will be able to sell it quickly. I am a specialist in quick sales. I have the most complete and up-to-date equipment. I have branch offices throughout the country and a field force of men to find buyers.

I do not handle all lines usually carried by the ordinary real estate agents. I MUST SELL real estate—and lots of it—or go out of business. I can assure you I am not going out of business. On the contrary, I expect to find, at the close of the year, that I have sold twice as many properties as I did the past year, but it will first be necessary for me to "list" more properties. I want to list YOURS and SELL it. It doesn't matter whether you have a farm, a home without any land, or a business; it doesn't matter what it is worth, or where it is located. If you will fill out the blank letter of inquiry below and mail to me today, I will tell you how and why I can quickly convert the property into cash, and will give you my complete plan

FRESHMEN VICTORIOUS
 (Continued from first page)

idedly close to the W. S. C. Freshmen's best man. Small was next at the bat. He ran a fine race, caught his man and gave a good lead to Wheeler who was next. In this race Wheeler showed more nerve and aggressiveness and endurance than befalls the lot of common man. His opponent caught him in the middle of the race and tried to pass. Wheeler was there and for a hundred yards the race was neck and neck. The crowd went wild.

Gradually Wheeler crept ahead and finished hard with a good lead over his rival. Clarence Edmundson finished the relay with a jerk far in the lead of his man. And—the meet was over. The score was 72 for and 49 against.

Coach McChesney is very much satisfied with the showing made by the men and predicts a few points for Idaho's Freshmen in the Triangular meet with W. S. C. and Whitman. The events, winners, and records of the meet are as follows:

 English, and moving fast
 And one back seat for me;
 And may there be no question asked
 To put me all at sea.

Roll call, and tardy bell
 And after that all quiet;
 And may I bluff the matter well
 If I am asked to try it.
 Often from place to place
 Lines I have read with care
 May I not meet her face to face
 On what I don't prepare.

Good Address Coming
 The committee of the Y. M. C. A. having the Sunday meetings in charge has secured the promise from the Rev. John C. Abels, of the Presbyterian church of Moscow, to address next Sunday's meeting of the Association. The Rev. Mr. Abels will talk on "The Call of the Ministry for College Men." He is a speaker of unusual interest, and his popularity with the students is expected to bring him a good number of the men of the University for his audience.
