Triangular Prospects

Idaho's Team Which Goes to Seattle Will Be a Strong Bunch

Edmundson, Fawcett, and Several New Men Will Be in the Meet Idaho Should Win Second. Washington is Weak

Idaho has her last track meet for this season on the 30th of May at Seattle. This is the triangular meet between the Universities of Oregon, Washington, and Idaho. Our prospects are very rosy for this great contest. Last year Oregon easily won first place with Washington

Gus Larson, '07, Idaho's Shot Putter

and Idaho second and third respectively. Idaho's team was in very poor condition. Edmundson was entered in but one race and was unable to do himself justice in this one because of blood poison in one of his feet. He is in the best of condition at present. With Edmundson in the mile, the half, and the quarter we are sure of at least ten more points than we got last year.

Idaho has several new men who are doing good work. Cooper and Driscoll, two new men, and Armstrong, who was a member of last year's team, will make things hum in the hurdles. Wheeler will take second in the hundred and third in the 220.

Larson will get a place in the shot put. Smith and Frazier will get their share of the points in the jumps. Capt. Matthews, who was not in good condition at the recent meet at Pullman, will be in the best of trim. Fawcett was not in the late meet on account of a sprained ankle. He is improving rapidly and will be in the big meet. Last

D. H. McChesney, Physical Director and Track Trainer

year he won Idaho's only first in the triangular meet by carrying off the medal in the quarter.

Washington's team is greatly handicapped by the loss of Rex Smith who won first in the high jump, second in the hundred, and third in the 220. The Washington trainer has been having trouble in getting men interested in track work this spring.

Oregon still has a strong aggregation although Friesell, who won first in the broad jump and first in the high and second in the low hurdles, will not be on the team this year.

Idaho's team will be in fine condition when the time for the triangular meet rolls around. Oregon and Washington will be considerably weakened by the loss of some of their best point winners in last year's contest. We have the same team that we had last year besides Edmundson, our crack distance man, and several new men will be able to take part.

Clarence Edmundson, '10, one of the best distance runners in the Northwest

Umbrellas recovered. New handles and all kinds of repairing. Rubber stamps made to order at the Moscow Bicycle Works.

NOTICE—5000 students wanted at Hegge's Barber Shop, South Main street.

Idaho Defeats Whitman

Dippel Surprised the Missionaries and Pitched a Shut Out Game

The Infielding Was Excellent by the Idaho Lads, and Their Playing Was Errorless. Idaho 4—Whitman 1

The Varsity lads again showed the Inland Empire that our ball team was a hard, fast aggregation by defeating Whitman College, last Thursday, to the merry tune of 4-1.

After Whitman had beaten Oregon 6-0 and trounced W. S. C. with a good large margin, Idaho fans were slightly skeptical but still decided that Whitman would meet her Waterloo here—and she did.

Rigsby pitched for the cannibal feeders, and at times did excellent work but failed to scatter his hits. He has not the delivery or control that Dippel has.

Dippel pitched a shut-out game and was in fine trim. He was very speedy and had great control. He was severely hurt, and knocked out of the game in the last inning in a nervy attempt to put a man out on home plate. Hansen was then put in his place and held the boys together until the end of the game. He was in good fighting trim and did some neat work the few minutes he was in the box.

The game started out without anyone seeing first until the end of the second inning when Deak made a good drive over in left field and started the fire works. Magee came to bat, and Deak stole second. "Doc" got a good one and hit out into right field—nobody there. Fluharty got a good safe one and Deak walked across home plate. Robertson then got even with the dope book and hit out a two-bagger which brought "Doc" in safely. "Chic" got a double and Fluharty and Robertson came in to look at the grand stand. Everybody seemed to be hitting Rigsby so he pulled himself together and cut out the fancy work of the white sox. Score 4-0.

Until the end of the game Whitman worked hard to catch up with the powerful lead but failed. Borleske made several great assists in putouts but these could not make scores for Whitman. Rigsby pitched a better game in the latter half but was poorly supported. Dippel scattered the few hits allowed. Whitman made their only score of the game in the ninth inning on a passed ball by the catcher. It was at this time that Dippel was hurt and the decision was a close one. Fluharty, "Deak" and "Doc," in the field were there all the time

and no part of the field was uncovered. They made a few very hard plays and their work was strictly firstclass.

Case, Crom, and Robertson were in excellent form and the infield was stronger than ever before. Johnson on first played a good game and was never asleep. His batting average is also coming up. Curtis behind the bat played a very neat game with the exception of two passed balls. His whip to second was a surprise to several Whitman fellows.

"Deak's" sliding and high catch in the middle field; Borleske's whip to first, and Whitman's one score were features of the game.

The game Thursday besides showing that we could beat Whitman demonstrated that we have a good team, a team that's hard to beat and don't forget it. We haven't lost an Inter Collegiate game this year. Can't you get out and help the boys and manager Jellick with the rest of the games? We are after the championship of the northwest. Will we get it?

CAPTAIN CHRISMAN HEARD FROM

Is Praised for Manner of Conducting Campaign Against Pulajans of Leyte

A letter received from Captain Chrisman at Fort McKinley, Rizal, P. I., after the captain's two thousand miles of hard work in Leyte, states that he and his family will return to the land they love in September or October and will be stationed at Fort Crook, Nebraska.

The captain commanded an expedition against hostile Pulajans in the Island of Leyte during the month of January. He has been highly commended by the Commanding General of that Department for the intelligence, energy and discretion with which his expedition was conducted. This expedition had far reaching results as to pacification at Deyte and final peace in the entire group of islands.

We are glad to hear of the success of our captain and extremely pleased to know that he will be back to America soon.

Idaho Loses a Game

White Sox Go Down to Defeat on Rogers Field

The Sportsmanship of the Farmers Doesn't Have Right Ring Students of W. S. C. by Un-Gentlemanly Language Increase the Unfriendly Rivalry Between the Two Institutions

The Idaho base ball nine was defeated at Pullman Tuesday by the base ball team of W. S. C. assisted by a thoroughly rotten crowd in the bleachers. From the beginning of the game until after its close, the mob of "vets" and preps on the side lines vied with the members of the former team in abusing and knocking the Idaho team in slanderous language or parlance that should not be repeated in the presence of ladies. The treatment of our team by a sister institution was unsportsmanlike. Again we come to the conclusion that after this year, all relations with W. S. C. must cease.

A crowd of about sixty enthusiastic spectators gathered to see the game soon after 4 o'clock but they were a host in themselves.

Our fellows went to bat and out of four men up, got two safe hits, one a two bagger by Deak which brought Fluharty home for the only earned run of the game.

The next inning Idaho went to pieces and failed to collect herself throughout the game. The infield work was of exceedingly low standard. Samuels in the face of a storm of hot air missiles, milky, and sulphurous adjectives from the opposing team and side lines, unsportsmanlike coaching of Johnny B., pitched an excellent game. Curtis as catcher allowed a few passed balls, but considering who he was holding he did remarkably well. His whip to second was as good as ever and surprised a few of the "agrics." Hunter at first was erratic at times and seemed slightly rattled as did also Crom. The fielders played error-less ball. Case was the best of the in-field.

Our boys may have lost, the score looks that way. But they were all gentlemen from the word go, and despite the taunts of a bunch of rockies managed to stay in the town a few hours without entering into any disturbance.

The score book says of Idaho:

 IF YOU FIND A CROSS in this circle it means that you have not paid your subscription.

In less than four more weeks the present school year will end. Then the students will go to their homes throughout the state to spend the few vacation months. During this recess much good can be done by the individual students by speaking of the work that is being done by the University and the many advantages offered over other universities to the student who is really ambitious and desires to get a college education. What a great gathering it would be if every student in the University would get in and work and bring at least one new student back to the fall opening of school. This is a reasonable and practicable course to follow. It is within the reach of probability and we think could be realized.

At present we are handicapped by our number of students as compared with our sister institutions. Idaho has remarkably well held up her record in the many contests in which we have engaged with other universities when we consider the number of students that we must choose our teams from. Next year promises to be a historical and successful period in the life of the institution. Let all the students get busy during the period between now and next fall and see if we cannot greatly increase the enrollment in the University.

The W. S. C. "Evergreen" in its recently published account of the Whitman-W. S. C. debate stated that the State College got a unanimous decision, and the Whitman "Pioneer" promptly objected, saying that it was announced from the platform that the decision was two to one. The "Evergreen" replied, in its next issue, that the judge who voted for Whitman explained later to the W. S. C. debaters that he had got his ballots mixed and voted the wrong way. What pleasing possibilities are contained in that happy thought! Who knows but that, in the Oregon-Idaho debate this year, all three judges voted for Oregon simply by reason of their getting their ballots mixed up? We recommend that the debate council look into this matter at once, and see if Idaho's only defeat in debate this year was not simply the result of accident.

WEDNESDAY'S ASSEMBLY

Dr. Peters Speaks on "A Typical New England College"

Dr. C. A. Peters was the speaker at the last assembly. His topic was, "A Typical New England College." Amherst was chosen as the "typical" college.

The speaker related the history connected with the founding of Amherst, its dedication in August, 1821, and its struggle for existence since that time. It is a square four story, brick building; with narrow windows. This is the typical style of the old New England college.

The early records of the college show that the total cost for a college course was about eight hundred dollars. Board cost \$1.25 a week. Wood about \$1.25 a cord. And the term bill was \$10.00. The cost of the entire course then would scarcely meet the expenses of a student in one of the eastern universities of today.

The college not only had to struggle for financial support but against the loss of students occasioned by the slavery question. During the years from 1830-40 the discussion upon this question was very bitter. About one-third of Amherst's students were from the South. When the debate was at its height these students withdrew so that the student body was greatly reduced.

An important fact brought out by the speaker was in regard to the number of fraternities at Amherst. There are twelve such societies, comprising over three-fourths of the entire student body.

After the address Prof. Hulme rendered two vocal solos.

AFTER BIG GAME

University Cadet Battalion Challenges Regulars to Competitive Drill

Lieut. Steunenberg has issued a challenge through the Army and Navy Journal to any battalion of regulars in the U. S. Army to drill against the University cadets. The drill would be judged by an army officer who would watch the regulars drill, then come to Moscow and put the cadets through the manoeuvres, after which he would decide the winner by a comparison of percentages. "The cadets can compete creditably with any battalion of regulars in the service" was the opinion expressed by Lieut. Steunenberg when he was asked last week what sort of showing the University battalion would make should its challenge be accepted. The commandant said that he has been working for a long time with the purpose of getting up such a test of the cadets' proficiency, and he believes they will come up to the demands of the occasion.

Scholarship Entertainment

The entertainment planned for the benefit of the scholarship fund to the Idaho State University now being raised by the educational committee of the Columbia Club, was presented to an appreciative audience at the High School auditorium Saturday evening. Those taking part in the entertainment were almost entirely the little tots in Mrs. Cynthia Mann's private school, assisted by former pupils of Mrs. Mann.—Statesman.

Rev. Fry Entertains Seniors

Rev. and Mrs. Fry entertained the Senior class of the Varsity to a very pretty social party, last Thursday evening. Hon. M. E. Lewis and wife, Hon. Burton L. French and wife, and President MacLean were also honored guests. The time was spent very joyously in several games of "brain-work"; in enjoying several vocal selections from Mrs. Fry, and singing college songs. A delicious three course luncheon was served toward the end of the evening.

Prizes Awarded

Announcement was made in assembly Wednesday of the awarding of the prizes in the short story and essay contests which were given by Miss Sonna. They were as follows: Prize for short story—"Wedded to a Wick-Up," Hazel Morrow. Honorable mention for short story—"The Third Entry," Thomas Galloway. The story by Mr. Galloway received especial praise. Prize for essay—"Pay One's Way Through the University of Idaho," Bruce D. Mudgett. Honorable mention was made of the essays by Robert Jones and David Petrie. Other competitors whose stories were considered of exceptional merit were Bess Gibson, Bertha Ransom, Harrison Merrill, and Wm. Hopper.

Another Scalp for W. S. C.

The debate between Washington State College and Oregon Agricultural College held May 6 at Pullman, on the question of the Monroe doctrine, resulted in a unanimous victory for the State College. O. A. C. was represented by C. C. Clark, R. R. Selleck, and N. V. W. Weatherford. J. L. Thayer, A. E.

Price, and J. W. Brislaw debated for W. S. C. Prof. Phillip Soulen and Rev. William H. Fry went down from Moscow as two of the judges. This is W. S. C.'s third debate victory for the present college year.

Notes on the Game

What about the umpire's decision on Crom's three-bagger about second base when the umpire didn't see what "Johnnie B" claimed as a foul? Answer--Rotten!

When an opposing team makes a hard play, Idaho cheers them. Ask Whitman. But when Case made a long dive for a wide, hard grounder and caught it stretched at full length and got it over to third from this position, in a remarkably short time, well, the W. S. C. team just hooted him that's all. That's true sport! Say?

The crowd and players of W.S.C. put up a big bluff about "Sappies" professionalism, while all the time Captain Brown and McCully admitted they were "professes," only the difference was, "We aren't signed in a league." Your sports to the core W. S. C.

Do you blame Pink for getting sore? Not if you were there!

While the boys were down on the field trying to play clean ball, someone went through their pockets at the Gym, and was about \$9.25 richer. This was kind of some one as the boys were getting tired of carrying it around and we don't need the money up here anyway.

Score 13-1. Should have been 1-0 in favor of Idaho.

Everybody got a little (?) sore at "Johnny B." when he got a suit on and stood out on the side line and roasted our pitcher and gave our signals away and coached his pitcher. Well! What could we do? Protest? That was useless. Fight? There were only a dozen of us there and they felt too much like sending us back in barrels as it was.

Do you think McCully is the least imitation of a gentleman? Ask Curtis or any other of the boys who were there.

"Johnny B" may be a great base ball player but his methods are a little crude.

We were glad to get back home Tuesday night, and had the best time on the trip singing college songs on the way back.

"Resolved, by members of the

team, that we shall attend school at W. S. C. in a body next year.

The Sporting Editor went down with the boys and enjoyed the trip to and from the game very much.
