BOARD OF REGENTS MEET

Transact Much Routine Business

Release \$3000 For the Library Fund--Grant Junior College Diploma

The University Board of Regents was in session at the president's office from the 19th to the 21st. The greater part of the time was used in the routine business of the opening year. The Board's report to the Governor was prepared, the President's report to the Board being the basis for the compilation. Class lists for the entire list of courses being given this semester were prepared by the instructors. Classifications of the statistics were furnished by the deans. The rough statement of results was given by the president in assembly as an increase of one third in the faculty since the last Regent's meeting and of two fifths in the student roll. For the present semester the college roll numbers 250 and the entire registration to date is 446.

The regents went into the matter of the new building carefully, and were not at all satisfied with the progress being made by the contractors in its construction. A resolution was passed with holding any advance of moneys on architects estimates after December 31, the date on which the contract should be complete.

The town authorities were granted permission to build a hose house on the campus and it will be located just south of the Assay Building. The new greenhouse for the departments of Horticulture and Agronomy was also allowed, and will probably appear in the near future down on the flat near the flour mill, just west of Morrill Hall.

Doubtless the action most directly interesting the student body was the vote to put a reserve appropriation of \$3000 into immediate use for buying new books for the library. This will be spent by the faculty committee on the recommendation of the heads of departments and will add a heavy invoice of the best, newest works in all the branches. With this addition it is doubtful if there is another library in the Northwest so well equipped with the latest books. The old foundation of the library of course entirely disappeared in the Ad building fire.

Corresponding to the system in the larger eastern universities the University of Idaho will award a certificate, on recommendation of the faculty, to all students satisfactorily completing the work of the sophomore year. This point marks the division between the junior college work and the specialized university work, the last two years of the bachelor courses being definitely shaped to prepare for later professional work. This certificate will be of value to university students who wish to secure employment as teachers or otherwise before completing their four years work. It will be given in the college of letters and sciences; in the department of education; in the department of domestic economy and in the college of agriculture.

IDAHO TAKES GAME FROM NAVY MEN

In 32-0 Contest Varsity Defeats Salt Water Men From Bremerton--- Both Teams Show Class.

In a game the outcome of which was never in doubt after the first three minutes of play, the University of Idaho team defeated the U. S. M. C. team from Bremerton Navy Yard on the New Athletic Field by a score of 32 to 0 last Saturday.

The game played by the Idaho team was a surprise to the Navy men. Before the game they were confident of victory but they acknowledged themselves outclassed after the game and styled the Idaho team as the "fastest aggregation in the Northwest."

The score of the game does not give sufficient credit to the Navy men, however, for they showed a flash of football in the first three or four minutes that made the Idaho supporters sit up and take notice, but it was of short duration and with this exception the ball was mostly in the possession of the Idaho team.

THE GAME IN DETAIL

Idaho kicked off to the Navy's twenty-yard line and the ball was returned fifteen yards. The Navy men were held for downs and Nisson, Smith and Thornton made fifteen yards on three downs when Idaho lost the ball on a fumble on the Navy's fifteen-yard line. Davis for the Navy punted thirty-five yards and small returned ten yards. Idaho was penalized twice for off side and lost the ball to the Navy. The Navy men at this point showed a flash of what they could do and carried the ball for thirty yards in five downs but on the next down they were thrown back for a loss of five yards and tried for a place kick from the thirty-five yard line. It was blocked and they recovered the ball on Idaho's thirty-yard line and again tried a place kick but it went wide of the mark and Idaho kicked out from the twenty-five-yard line, Small kicking twenty-five yards and the Navy returning the ball ten yards. They made ten yards on the first down and lost five on the next two. Idaho was penalized five yards for off side and held the Navy men for downs.

Armstrong was given the ball but was thrown back for a loss of five yards and Small kicked, Montgomery recovering the ball. The Navy men held Idaho for downs and were in turn held and forced to kick, Davis kicking twenty-five yards and Montgomery returning the ball thirteen yards. Elton was sent thru tackle for eight yards and Small tried a short kick that was gathered in by Savidge for a fifteen yard gain. Thornton made ten yards, Elton eight, Nisson two, Smith four, Nisson three, Thornton three and the ball was given to the Navy on their own one yard line, Thornton being unable to make that other one yard. Davis kicked thirty yards and Thornton, Smith and Elton carried it fifteen yards in three downs. In two attempts Idaho was unable to gain, so Small dropped back to the twenty-yard line to try a place kick. The ball went squarely between the goal posts and the score was 4 to 0.

Idaho kicked off to the Navy's ten-yard line and Davis returned the ball twenty-eight yards where the Navy was held for downs. Nisson was sent around the end for five yards and on the next play Small made a perfect forward pass to Montgomery who went for forty yards and a touchdown. Small kicked goal.

The Navy kicked off to Idaho, the ball going over the goal line, Small kicked out from the twenty-five-yard line, the ball being downed in the center of the field and the Navy men forced to kick to Nisson who returned it fifteen yards. Small kicked and the ball went out of bounds. The Navy tried an unsuccessful forward pass, were penalized fifteen yards, and forced to kick to Small who returned the ball ten yards. The balance of the half was played in the Navy men's territory and time was called with the ball in Idaho's possession on the Navy's fifty-yard line.

Continued on page 3

TEAM TO MEET W. S. C. CHOSEN

Debate Interest Lags--Few Contestants.

Williams, Mathews and Gwin Argue Bank Deposit Question.

Things do not promise well for Idaho in debate this year. For the second year we have no debate societies. No attempt has been made to organize one. Last year a feeble effort was made to establish one, but the attempt proved futile. Two causes seem responsible for this: first, Idaho is principally an engineering school with few men in the literary courses; and, second, there is no member of the faculty with sufficient time at his disposal to devote to such work. The lack of interest in debate was painfully evident at the contest held on Saturday for the purpose of choosing a team to meet the Washington State College. Despite the fact that the State College is one of our most formidable rivals in debate there were only six contestants for the team and about as many spectators. The trial itself was a disappointment.

Still it is not too late to do things. One team will consist of Ralph Williams, '12; Jewett Matthews, '09; and Willard Gwin, '09. If they will work as hard as some of the Idaho teams have done in the past and not allow the lack of interest on the part of the Idaho student body to discourage them too much, they will be able to make a good showing.

The question to be debated at Pullman on Friday, December 4 is: "Resolved, That a federal law should be enacted compelling all national banks to establish a guarantee fund for the prompt payment of the depositors of any insolvent national bank." Idaho promptly chose the negative of the proposition, and as far as the question itself is concerned, the odds are in favor of an Idaho victory.

The judges who selected the Idaho team were Dean Eldridge, Victor E. Price, '06, and Professor Hulme. Each contestant was allowed twelve minutes. Three spoke in favor of the affirmative side of the question, and three upheld the negative.

As yet not a single student has begun work on the Triangular Debate League question--the federal income tax. Is it not time that some of us get busy? It would be a fatal mistake to let our long series of victories persuade us to over-confidence and indifferent preparation.

Freshmen Will Have a Team

The class of '12 met last Thursday, the main purpose being to organize a football team. President Armstrong read a letter from the manager of the freshman team at W. S. C. who wishes a game with the Idaho freshmen. Clark B. Moon was then unanimously chosen manager. The class was instructed in the matter of securing wood for the rally and committees were chosen to look after the work.

Miss Caldwell was confined to her room by a severe cold a few days last week.

STUDENT VOTING

The question of a student's eligibility to vote has been raised so frequently that the Argonaut has looked into the matter and has secured legal advice thereon. Any student can vote in Moscow who can subscribe to the following oath:

OATH

I do swear (or affirm) that I am a citizen of the United States, of the age of twenty one years, or will be the day of....., A. D. 190...; that I have (or will have) actually resided in the State for six months and in the county for thirty days next preceding the next ensuing election; that I have never been convicted of treason, felony, embezzlement of public funds, bartering or selling or offering to barter or sell my vote, or purchasing or offering to purchase the vote of another, or other infamous crime, without thereafter being restored to the rights of citizenship; that I will not commit any act in violation of the provisions in this oath contained; that I am not now registered or entitled to vote at any other place in this State; that I do regard the Constitution of the United States and the laws thereof, and the Constitution of the State and the laws there of, as interpreted by the courts, as the supreme law of the land, so help me God.

There is nothing contained in the above oath that will bar any citizen from voting simply because he is a student in the University.

There is a law in the statute governing elections that has been construed by some so as to frighten students who made application to vote. This law states that a student shall neither gain nor lose his residence by reason of attendance on any institution of learning. This simply means that if a student wishes to call the place from which he registers his residence, he may, return there to vote. It then adds a privilege rather than takes one away. He may, although not living in the place he calls home, return thither to cast his vote.

But by no manner of means can this be interpreted as prohibiting one from changing his legal residence. If a student desires to call Moscow his home, he may do so and cast his ballot as per the registration oath. Thus the whole matter then is a matter of intention.

Nor can a student be barred, simply because the University records show that he registers from another town. A different standard is used in making up this list from the one used in poll registration. It is to the interest of the University to get a widely diversified student registration while it is the business of our commonwealth to poll as large a number of votes as there are intelligent citizens in the state.

Students have voted over challenges in the past, which fact proves that it is legal else they would have been prosecuted for perjury.

Let us then as students exercise our rights as free citizens and cast our ballots on Nov. 3. There will be a registrar at the University on Wednesday,

Oct. 28 from ten to twelve, who will register all students who live on University hill. It is hoped that a large number may take advantage of this favor and sign the necessary papers that will enable them to have a voice in the affairs of both state and nation.

OREGON TO PLAY HERE NEXT SATURDAY

First Collegiate Game of the Season

Week of Hard Practice With Navy Squad Will Put Team in Pink of Condition

On next Saturday will occur the first intercollegiate game between the Universities of Oregon and Idaho. Oregon has defeated the Idaho team for the last three years and looks forward to the coming game with no little concern for Idaho has always in the past sprung surprises on the Oregon team that have caused them to put up their hardest fight of the season.

The Idaho team is in good condition after the game last Saturday and as the Navy team stays here till the day of their game with W. S. C. they have consented to come out each night and buck the Idaho team for their mutual benefit. This will give the team the kind of hard practice that they so much need and by the time the game is called Saturday the team will be in condition to put up the hardest fight of the season and try to break the hoodoo that seems to hang over us with Oregon. The game will be called at two o'clock to enable outsiders and the Oregon team to catch the O. R. & N. train which will be held until after the game is over.

Society.

The first college dance of the year took place Saturday night at Hodgins' hall. Sterner's four piece orchestra furnished the splendid music. The room is not very large but has been attractively refitted particularly for college dances and has a good floor. There was a large crowd including some of the Bremerton men in attendance, and on the whole the party was a great success. Childers Bros. very accomodatingly kept open till midnight and was well patronized.

Mrs. C. L. Butterfield was at home to the women of the State Federation and the girls of both Sororities on last Thursday from four to six.

The girls of the Domestic Science department under the charge of Miss Dewey gave a luncheon to the visiting women and delegates of the State Federation of Clubs at Ridenbaugh Hall on Wednesday.

More Idaho Songs.

Two new Idaho songs have recently been composed.

One is written by Prof. I. J. Cogswell, both words and music, and is entitled Forgotten. The song is copyrighted and is on sale at Hodgins' Drug-store.

The second is a song called The Gem of the Mountains, written by Prof. Vaughn, and set to music by Prof. Cogswell.

News of the Battalion

Special Orders.....No. 48

October 19, 1908.

1. Cadet 1st Lieutenant Charles H. Perkins is appointed cadet Captain,

Battalion of Cadets to date from today, vice Cadet Captain Chaffins. Cadet Captain Perkins is temporarily assigned to company "C."

2. Cadet 1st Lieutenant Harry Driscoll is assigned permanently to company "B."

Special Orders.....No. 49
October 20, 1908.

1. Cadet Sgt. Major Hall is appointed Cadet 2nd Lieutenant and assigned to company "C", vice Cadet 2nd Lieutenant Beckner resigned.

2. Cadet 2nd Lieutenant Beckner is appointed Cadet Sergeant Major, to date from today.

Special Order.....No. 50

As a result of the competition for the appointment of corporals in the battalion of cadets held on October 23, 1908, the following appointments are

announced, rank to be in the order named: Cadets Davis, B. E., McNicoll, Carr, Foster, Silver, Tuttle, F., Herman, Stillinger, Denning, S. K., Curtis, Kroh, Johnston, Martin and Riley, B.

Cadet Zumhoff, M. has been detailed on special duty as assistant to Cadet Q. M. Sergeant Fenn.

On account of the heavy work connected with his course, Cadet Captain Chaffins has tendered his resignation and will not drill this year.

The following are some of the latest scores from the rifle practice, at two hundred yards: Weston, 20; Kennedy, 33; Kroh, 32; Ream, W. W. 30; Silver, 18; Carlson, 39; Mulkey, 33; Quimby, 40. At three hundred yards: Lewis, 13; Lafferty, 9; Silver 15; McDonald, 28; Beier, 24; Ream, 14; Kennedy, 25.

IDAHO TAKES GAME FROM NAVY MEN

Continued from page 1
THE SECOND HALF

At the beginning of the second half Smith went to full, Pauls to tackle, replacing Thornton at full and Smith at tackle.

The Navy kicked off to Idaho's ten yard line and Smith returned fifteen yards. A forward pass was tried. It failed and Small was forced to kick, the Navy men returning the ball seventeen yards. On the next three downs they were thrown back for an eight yard loss and tried a place kick from the thirty-yard line. It was blocked and they recovered the ball on their forty-seven-yard line and were again thrown back for an eight-yard loss and forced to kick to Small who returned twelve yards. Nisson went around the end for twenty yards and Small and Lundstrum each made three yards when Idaho was penalized fifteen yards for holding. Small attempted a forward pass but no one got loose to receive it and he was downed for a loss of eight yards. He attempted to kick but was blocked, the Navy recovering the ball. They were unable to make their yardage and kicked almost to Idaho's goal line. Nisson returned the ball ten yards. Small kicked for thirty yards and a Navy man fumbled the catch and kicked and rolled it toward his own goal for another forty yards. The Navy kicked for twenty-five yards and Nisson returned twenty yards and Lundstrom was sent thru the line for thirty yards and a touchdown. Small failed to kick goal.

The Navy kicked off to Idaho and the next fifteen minutes of play was taken up in a kicking duel between Davis for the Navy and Small for Idaho, Small having the advantage and doing some good work in his return of punts. Small kicked for twenty yards and Savidge recovered the ball. Smith was sent thru the line for eighteen yards in two downs and Lundstrom and Smith alternating were sent for thirty yards, and Smith thru the line for fourteen yards and a touchdown. Small failed to kick goal.

The Navy kicked off to Idaho and Nisson returned the ball ten yards. Smith went thru the line for twenty-five yards and a pretty pass from Smith to Nisson and a perfect forward pass from Nisson to Montgomery enabled Montgomery to go sixty yards for another touchdown. Small kicked goal.

All the fight seemed to have been taken out of the Navy men and when they next kicked off, Savidge returned the ball twenty yards, Small kicked over the safety's head and Savidge recovered the ball and a forward pass to Montgomery took the ball over the line for another touchdown. Small again kicked goal. The balance of the half was taken up in another kicking duel, Davis for the Navy attempting to score a drop kick but failing. The half ended with the ball in Idaho's possession on the Navy's fifty-yard line.

The handling of punts by both teams was ragged, either side seldom making a good clean catch. Small's work, kicking, was good, several times kicking for forty yards and never dropping under twenty-five yards except when using the short kick. Smith was the bright star of the game. He showed himself to be a hard line buckler, never failing to make his yardage and usually going ten and fifteen yards.

Coach Middleton was far from satisfied with the showing made Saturday, but he expects great improvement during the coming week before the team

meets the strong Oregon team next Saturday.

New Dorm Girls Lose Feed

Last Wednesday evening mystery filled the air at the dormitory. Groups of the "old" dorm girls could be seen here and there with heads together discussing important secrets. Time was flying and the "new" girls had not been initiated. "Tubbing" was whispered here and there by the suspicious "new" girls as they met in excited groups. Finally the eight "old" girls collected in one room leaving their own at the mercy of their opponents who now felt it their duty to take the initiative instead of awaiting their doom in peace. Fifteen minutes later eight beds were locked securely in the attic.

But now the tables began to turn. Two girls wandering hopelessly through the corridors wishing for blankets in which to roll up, heard voices from one of their antagonist's rooms and in a twinkling the door was roped and red pepper sent flying through the crack into the faces of the poor prisoners.

The following morning the "new" girls heard with long faces the disappointing information from their would be friends that instead of a tubbing they were to have received a grand "feed."

Graham's hair cuts are always the latest, try one.

Throughout school days, college days, business or professional career the Conklin Pen will serve you faithfully and make writing a pleasure. You don't have to coax it or fuss with it to get it to write. Because of its wonderful feed principle, ink responds instantly at the first stroke and maintains an even, steady flow to the last dot. Another great advantage of owning a

CONKLIN'S SELF-FILLING PEN

—you're never without ink. No matter where you may be—in your room, lecture hall, at the post office, telegraph office or hotel, or on the train—all you have to do when your Conklin Pen begins to run dry is to dip it in any ink-well, press the Crescent-Filler and your pen instantly fills itself and is ready to write. The same simple movement also cleans it. No mussy dropper—no spilling of ink—no interruption to your train of thought. Handsome catalog direct from the manufacturers, The Conklin Pen Co., 310 Manhattan Bldg., Toledo, Ohio, on request.

...With Other Colleges...

Several women students at California are in danger of expulsion because of leap year evening calls. They blacked their faces and disguised themselves in various ways and called in a body upon the different fraternity houses.

At the University of Washington it is now considered bad form for any Varsity man to take a co-ed to a football game.

Both Whitman College and University of Washington will begin training for the track at once, and continue the

work through the winter months.

A completely equipped laboratory has been established at the University of Colorado and a 200,000-pound and a 30,000-pound testing machine installed, together with the necessary equipment to ascertain the properties of the large quantities of fire-killed timbers in that section.

For the first time in the history of the school the University of Utah will put an intercollegiate basketball team in the field.

Assembly.

Prof. Terrill spoke at Assembly last week. He took as his theme The Student's Debt to The State. After showing the complexity of modern life by reason of the many late inventions, he brought out the fact that the college student is in great demand. From this he developed his main point—that for the preparation to meet these demands the student owes much to his state.

The Board of Regents attended in a body. Judge McCutcheon of Idaho Falls acted as spokesman for the board and further developed Prof. Terrill's idea of the student's debt.

Prof. Cogswell gave two very pleasing numbers on the piano.

The First Rally.

The large turnout and good spirit shown by the students last Friday night no doubt had a great deal to do with the victory which our team won Saturday. The bon-fire, speeches, songs, yells and parade were the best we have ever had and too much credit cannot be given to Frank Magee and Robt. C. St. Clair, who managed everything. Speeches were made by several professors and many students and all showed the spirit that is bound to land the championship. The band was out and kept things lively and best of all, almost, if not all, of the students were there to yell.

Students, Notice!

University news is sent out to the papers of the state every week from the President's office. The local papers desire more than anything else news of the students from their district, and to obtain this news the cooperation of all the students is necessary. Whenever friends visit you, or any incident of news interest occurs please make note of it and hand it to Mr. Vaughn or leave it on his desk in the room back of President MacLean's office. It is a real help to the University to keep its affairs before the attention of the people of the state and you can give valuable help in this way.

Y. W. C. A. Meeting.

Mrs. Hare spoke to the young ladies of the school last Thursday on The Need of Bible Study in College. After the address the routine work of enrolling the members and assigning them to classes was attended to. All present signed up for some course given by the Association.

Notice The Joke Box.

Don't miss an opportunity to become famous! Get a joke on somebody and put an account of it in the joke box. If you can't catch anybody else you are slow and we will surely get something on you. The box is to your left as you go into the library. This is a splendid opportunity to get your name in the 1910 Gem of the Mountains.
