## ANNUAL INSPECTION

### The U. S. Government Regular Annual Inspection of the Military Department at U. of I.

Captain Michael J. Lenihan of the U. S. field staff made the annual inspection of the Battalion of Cadets Wednesday morning on the campus. Captain Lenihan's program included several ceremonies and most of the regular drills.

At about 8:30 A. M. he called for a battalion review to be followed by a close inspection of the battalion. The battalion passed in review at both quick and double time. All three companies had an excellent line when they passed the reviewing officer. After passing in review, the major formed the battalion in columns of companies preparatory to inspection. The results of the inspection show that the cadets appeared neatly dressed and only two or three dirty guns were found. The cadets showed their ability to explain the uses of the different parts of the gun by the able answers given to the questions put by the inspector.

Immediately following the inspection, battalion parade was called for. The battalion was formed with dispatch. The staff officers, Major Herbert Wadsworth and the adjutant, Joseph M. Adams, acquitted themselves excellently and showed that they were masters of parade as well as other battalion formations.

Field manual and the first set of Butt's Manual were called for while in battalion formation and added very much to the credit of the cadets. Any one who has never seen this part of the manual would be well repaid if he would take time to be present at this exercise.

Both battalion close and extended order drill were called for. Every movement was made with certainty and dispatch. Company close and extended order drill was all good. All three companies were taken through the same set of movements at the same time in order to save time. Major Wadsworth gave the commands for the three companies. Again in the advance guard problem the battalion showed up well. Company C was formed into an advance guard with Companies B and A as the support when they moved out from the campus

toward the west. On the return Company A took up the advance formation and Companies B and C formed the support. Captain Lenihan questioned the officers and non-commissioned officers very closely about the formation and the aim of the problems. Only in one instance did the inspector find a corporal who could not answer the difficult questions which were put to them. This undoubtedly shows the excellent ability of Lieutenant Smith as a military instructor. From the talk of Captain Lenihan, the work done here at this inspection was very good.

## SPELL IS BROKEN

### Whitman Wins and Next Day Loses in Base Ball at Idaho

Whitman won from Idaho in base ball here last Friday with a score of 6 to 2 and the next day lost to her, the score being 6 to 3 in Idaho's favor. Both were good games but not well attended.

The game Friday was called at four o'clock and lasted until after six. Although it held on a good while, it was interesting throughout and the score was not large until the ninth inning when Whitman ran up three scores making her total 6 to Idaho 2. Borleske did some star twisting for Whitman and the Whitman outfielder who made a catch while running at full speed made the hit of the game. Appleman's pitching was good as usual and he was well supported and the score was held down until the last inning.

There was a fair crowd at this the first game, but very few were there to see Idaho make its second trial. The second game was begun an hour earlier and was faster and more interesting than the first.

Curtis, who is one of the best all around athletes that Idaho ever had, broke the spell in the first inning, knocking the ball over the fence and making a home run the first time he came to bat. Idaho led all through this game. In the fourth inning, Idaho had three men on bases and two men out when Crom came to bat. He made a three base hit and would have made home but was so badly crippled from a previous game that he could not run all the way around. Two more runs in the seventh made the score 6 to 0 in favor of Idaho. Lundstrum, and

his team weakened in the eighth and ninth, allowing several hits, so that the Missionaries scored three runs. Curtis, behind the bat and in batting, did star work for Idaho. Both pitchers were frequently hit.

Summary of the games:  
Friday—Batteries, Whitman, Borleski and Johnson; Idaho, Appleman and Curtis Umpire, John Middleton.

Score by innings:  
Whitman 1-0-0-0-1-0-1-0-3 Total 6  
Idaho 0-0-0-0-1-1-0-0-0 Total 2

Saturday—Batteries, Whitman, Belt and Johnson; Idaho, Lundstrum and Curtis. Umpire, Delap.

Score by innings:  
Whitman 0-0-0-0-0-0-0-2-1 Total 3  
Idaho 1-0-0-3-0-0-2-0 Total 6

### Distinguished Woman Here

Miss Permeal French who has served two terms as state superintendent of schools in Idaho, spent Sunday here the guest of Mrs. F. T. Dubois.

Miss French was in office as a part of the official family of the illustrious Frank Steunenberg, and is much loved by all who knew her. She is now Dean of Women at the University of Idaho, and is in this part of the state visiting high schools for the purpose of showing pupils and parents the advantages and opportunities offered to students at the University. She delivered an address at Pocatello on Monday evening.

To those who are asking if Miss French will be a candidate for a state office this year, we are authorized to say that she will not.—Idaho Republican.

### Mr. and Mrs. Morley Entertain the Seniors

The Seniors were delightfully entertained Saturday evening by Mr. and Mrs. W. S. Morley. The main feature of the evening was the composing of books depicting "College Life at Idaho." Each guest was given a book with blank pages and asked to cut out pictures from magazines that he thought typical of the life here at the University. Florence Sprague won the prize.

A novel way of finding partners for supper was made use of: cards with Mother Goose rhymes on them were given out and those having cards that matched were partners. After the delicious refreshments were served college songs were sung. At a late hour the Seniors reluctantly departed.

Elsie Larson '10 spent Saturday at her home in Troy.

## BOOM CONCERT

### Musical Program Given at the Gynnasium Friday Night

About three hundred people attended the Boom Concert which was held under the supervision of Prof. I. J. Cogswell at the gymnasium last Friday night. The crowd, although small, was very enthusiastic and the concert took on at times the nature of a rally. It was remarked that perhaps the hoodoo which has been haunting our athletic teams will be frightened away and we are looking forward more hopefully to future base ball games. Many were disappointed that the Mandolin Club did not take part in the program, Mr. Tull being in south Idaho visiting high schools, but the remainder of the program was so well rendered that all left feeling well paid for their time and trouble.

The program follows:

Selection: "Garden of Eden" Bernard  
Cadet Band  
Yell and College Song  
Audience  
Cornet Solo: "Zaraida" Polka Losey  
E. J. Carey  
Selection: "Bridal Rose" Lavalley  
College Orchestra  
Selection: "Bill of Fare" Zellner  
Varsity Male Quartette  
Selection: "Enchantment" Mandolin Club  
Violin: "Gypsy Dances" Sarasate E. Hellier-Collens  
Piano: "March Militaire" Schubert-Tausig  
I. J. Cogswell  
Selection: "Genial Gavotte" Tobani  
Orchestra  
Soprano Solo: "Bolero" Robyn  
Miss Caldwell  
Yell and College Song  
Audience  
Selection: "It looks Like a Big Night Tonight" von Tilzer  
Band  
Most of the numbers were anchored and Professor Cogswell was held by those present to be the most loyal booster and also the star attraction of the University.  
Miss Paxson, the Y. W. C. A. National Secretary, addressed the sorority girls of the University Thursday at the Gamma Phi Beta House. Her subject was "The Advantages and Evils of Fraternity Life."

### CONCESSIONS

At the last meeting of the faculty, a petition was submitted to that honorable body by a committee of the Senior Class. This petition asked for exemption from examinations unless it was thought necessary by the instructor to see whether the student would pass or not. The petition was not only not granted; but, we understand, was treated as a joke. After the rejection of the first, a second petition was produced asking for two days vacation. In this by a special dispensation of mercy, the faculty came half way, granting one day. It was also granted that the Seniors should be notified not later than the 25th of May if they were to take examinations.

We are grateful for these concessions. We would have been more grateful if we had received what we asked for. It seems to us that examinations are unnecessary and not only that but they are unjust. Aside from the chances of cribbing through an examination, which is often done, some students have nerves and cannot work to advantage when they know that they are being watched like some criminal on trial for his life. On the other hand, one with a liberal supply of nerve—not the kind mentioned above—a good coach and a mind that is not over-worked, can get ready for an examination in a comparatively short time and pass when he is not so well prepared as the one who has been studying all year, is worn out and discouraged. Those who get good daily grades often fall down in their examinations and are placed on the list which is not marked honor. Again, it seems to us that after an instructor has known a student four years, he should know whether he is doing passing work or not without an examination.

We know of no logical reason why all Seniors who do not receive an A or B grade should be required to take examinations; but, hoping to receive a few As or Bs we are grateful for the parts of the petition which were granted. We appreciate the faculty's interest in our welfare. We are reminded, however, of the newly appointed foreman who, after administering punishment to some of his men, said "It 'aint because I hate ye that I bate ye but to show me authority."

### DAILY PAPERS

Last year's catalogue says on page 30 that "Most of the newspapers of the state are received gratis, and the current copies are kept on file in the reading room."

This sounds well and a close inspection would prove the statement to be true in so far as they are what are generally called newspapers. If, however, by the term "newspaper" is meant something that conveys news, the papers in our library are not to be considered and the statement in the catalogue is wrong.

This is not meant as a criticism of the papers of Idaho. We think that they compare favorably with the newspapers of other states. The reason that they are not newspapers is that they are generally about two weeks late when they appear in the library. We wonder if this condition could not be improved upon. If the librarian needs more help why cannot it be provided? Students should have a chance to keep abreast of the times and the papers are sent here for that purpose. Very few of them are able to buy the papers and if they are not brought into the library until they are stale, the result is that they are not read by the students. We want "news" papers!

### WHY?

We have been asked several times why our team did not go to California to take part in the meet there. For years we have been trying to get some sort of recognition from eastern universities and here at last the chance was given. Our men, Edmundson, Montgomery, Strohecker and Price had worked hard all spring with the promise of that trip to lure them on. They went to the triangular meet at Seattle expecting to go from there to California the morning after the meet. Instead of this, they were ordered back as soon as the meet was over with hardly time for a rub-down or something to eat.

It has been said that this was on account of the poor showing made by Price and Strohecker in the triangular but Coach Vander Veer says that the men did just as he expected them to do, so this reason is not valid. Another reason advanced is that Edmund-

son wouldn't go. If he wouldn't go, why did he go as far as Seattle?

Had we been running a bunch of professional men, with the idea of making money on them, perhaps it would have been well to have called the trip off, but such was not the case. True, the men who beat us at Seattle were going to California; but we would have had Edmundson down there who with Montgomery alone could have won all kinds of glory for Idaho; and, besides that, the records that have come to us from California would not shut out either Price or Strohecker. We had good chances for five firsts and several seconds and, with the points which Washington and Oregon received divided among five colleges instead of two, we would undoubtedly have been nearer the top than the bottom of the list.

We should also consider the men who had worked for the trip. Did they not deserve it whether they stood any chance of winning or not? These trips are all that they get for their hard training. Then, we ask again, Why didn't they go?

### My Idaho

There is a name I love to sing,  
That name is Idaho.  
I love to hear her praises ring,  
The praise of Idaho.  
Refrain:  
My I-da-ho, My dear, My I-da-ho  
I love to hear her praises ring,  
The praise of Idaho.  
I love her more than tongue can tell,  
I love her spirit so,  
I love our good old college well,  
I love my Idaho.  
Refrain: My I-da-ho,  
Tho we shall pass beyond the scene,  
Our Alma Mater? No.  
Still loyal lips shall ever sing  
The songs of Idaho.  
Refrain: My I-da-ho.  
Let's pledge a loyal cup and true,  
To her whose fame will grow—  
A cup of nectar to our U.I.,  
A cup to Idaho.  
Refrain: My I-da-ho.

### Agricultural

Prof. E. J. Iddings, of the Colorado Agricultural College, formerly assistant to the Dean, has been engaged as principal of the Farmers' Practical Course for next year. He will also act as assistant professor of Animal Husbandry. The Farmers' Practical Course is one of the departments being added under the direction of Dr. W. L. Carlyle, Director of the Experiment Station, in the effort to benefit the agriculturists directly.

Dr. Carlyle has just returned from the Sub-experiment Station at Clagstone. The work at this station is in charge of E. A. Hunting, a student of last year. Five acres of land was cleared of stumps this spring and is being divided up into small plats and seeded with various grasses, grains, and roots.

Two new professors will be added to the department of Horticulture for next year. One will be an expert in entomology who will spend most of his time in farmers' institutes and field work. The other will be assistant to Prof. Wick's in the College.

Experiment work in Olericulture, begun last year, is being carried out with the onion, tomato, and melon. The plants are starting in the green house and will be transplanted into the open as soon as weather conditions are favorable. The questions regarding the most profitable way of handling these crops are under investigation. One acre each of onions, tomatoes, and melons will be put out. The aim is to publish the results with each crop in a bulletin some time next winter.

A Cushman Power sprayer lately arrived to be used for exhibition purposes in the museum and in the field. This is a first class gasoline engine sprayer, and is filled as well as emptied with steam power. The list price is \$410. A Bean Co. Hand sprayer, 1910 model, has also been added to the museum. Other machines useful in the garden and orchard have been promised.

Alonzo Robinson, another Short Course Dairy student, has accepted a position as buttermaker with the Commercial Cream Co. of Boise. The demand is so insistent that he is leaving school immediately to take up the work.

### O. A. C.

Corvallis, May 5.—Sixty representatives of Portland business men, who have been touring the state, spent two hours last Friday in viewing the equipment, campus and students of O. A. C. After visiting the various buildings they went out on the campus where the Cadet Regiment displayed itself for the benefit of the visitors.

The time honored custom of personifying the graduating class

by means of a valedictorian and salutatorian has been abolished at O. A. C. In order that a suitable reward may be given for a meritorious college career, a certain number of the graduating class will be chosen as honor students. The choosing will be dependent upon a well rounded record rather than merely scholastic standing.

### For Student Officers

Nominations were made Wednesday to fill all the offices of the student body for next year. Considerable interest was shown in the nomination and it is hoped that the interest may continue until after the election. The nominations are: For president of the A. S. U. I, John Rock and Oliver Price; vice-president, George Rember and Ira Tweedy; secretary, Veronica Foley; treasurer, Enoch Barnard and Loren Brown; editor of the Argonaut, Paul Clemens; associate editor, Arthur Beckner; business manager of the Argonaut, Clark B. Moon and Wallace Strohecker; assistant business manager, Vernon Glaze and C. E. Watts; for the debate council: Paul Clemens, Rowe Holman, Ira Tweedy, Wendell Phillips, Joseph Adams, Paul Durrie, R. A. Mackie, Frank Osborne and John Rock; for the athletic board: Lloyd Fenn, Wallace Strohecker, Leland Case, Fritz Lundstrum, Harry Driscoll, Louis Jessup, James Thornton, Roy Johnson, James Watts, James Montgomery, Clifford Edmundson, Amos Hitt, Clyde Buffington, Oliver Price and Elmer Williams.

### Mandolin Club at Lewiston and Orofino

Probably the last of the out-of-town concerts given by the University Mandolin Club will be at Lewiston and Orofino, Friday and Saturday evenings. At the former place W. K. Gwin, '09, is managing the concert for the benefit of some organization at the Lewiston Normal, and at Orofino Miss Maude Mix, '09, Superintendent of Schools, is making arrangements for the entertainment. The soloists will be Prof. E. Hellier-Collens, violin; Miss Minnie Kiefer, contralto; Miss Edna Campbell, piano; Beth Soulen, reader. Mr. Clyde Tull will direct the club.

Students:—See Simpson and Mann about your barbering. Successors to Graham. We treat you all right and especially welcome students. Come in and get acquainted.

## TRIANGULAR MEET

Washington First With 78 Points, Oregon Second With 39 and Idaho Third With 23

Although third place in the triangular meet is not a thing to be boasted about, Coach Vander Veer says that he was not disappointed—that the boys did as well as he expected them to do. Price and Strohecker were simply outclassed. Driscoll did well and of course Montgomery was our star winning 13 points. The following is Washington's report of the meet as it appeared in the Sunday's Inland Herald:

Seattle, May 7.—Washington won the fifth annual triangular track meet from Oregon and Idaho today, when she piled up 78 points as against 39 for Oregon and 23 for Idaho. The track was wet. Hawkins of Oregon broke the Northwest record in the high hurdles by running them in 15.4, and Washington's relay team tied the Northwest record of 3:29.2 in the mile relay. Gish of Washington was the star of the meet, annexing 19 points, while Montgomery of Idaho was second, with 13 points. Results:

100 yard dash—W, Gish first, I, Montgomery second; W, Ridgeway third. Time, 10.1 seconds.

Broad jump—W, Gish, first; W, Brokaw second; I, Strohecker third. Distance, 23 feet 2 inches.

220 yard dash—Montgomery, first; O, McDaniel second; W, Campbell third. Time, 23 seconds.

Javelin throw—W, Evans first; W, Bowman second; O, Kellogg third. Distance, 143 feet 2 1/2 inches.

Mile run—Evans first; Driscoll second; I, Strohecker third. Height 5 feet 10 inches.

Shot put—O, Kellogg first; Eakins second; W, Gish third. Distance, 39 feet 6 inches.

440 yard run—Gish first; Campbell second; McDaniel third. Time, 51.2 seconds.

120 yard hurdles—Hawkins first; Driscoll second; Brokaw third. Time, 15.4 seconds.

Discus throw—Kellogg first; Gish second; W, Eakins third. Distance, 114 feet 10 inches.

220 yard hurdles—Montgomery first; O, Lautorette second; Hawkins third. Time 26.2 seconds.

Pole vault—O, Williams first; W, Bowman second; Strohecker third. Height, 11 feet 8 inches.

Hammer throw—W, Anderson first; O, Kellogg second; O, Neill third. Distance, 123 feet 2 inches.

Two mile—O, Hervey first; W, Pape second; W, Redman third. Time, 10 minutes 13 seconds.

Mile relay—Washington, Ridgeway, Campbell, Stoll, Gish, first; Idaho, Hoobler, McInturff, Strohecker, Buffington second. Time, 3 minutes 29.2 seconds.

## Forest Arboretum and Nursery

An arboretum is a place in which a collection of rare trees and shrubs is cultivated for scientific or educational purposes. The department of Forestry of the University has been for some time quite busy with the task of preparing about five acres of steep hillside ground southwest of the main building for the reception of about 140 species of deciduous and coniferous trees, in all about twelve thousand. The department has three main objects in view in undertaking this piece of work. First, to demonstrate what practical silvicultural methods will do when applied to forest trees in Idaho. Second, to afford ample means for the study of Dendrology. Third, to prove what trees will or will not grow in this region and the varying success attained by each species.

It might also be mentioned that an unprofitable and unsightly hillside will be transformed in the course of a few years into one of the most beautiful locations to be found on the campus and grounds.

Among the conifers may be found the following firs: Balsam, Concolor, Douglas, Noble, White, and Fraser's. Among the spruces are found White, Blue, Norway, Blackhill, Oriental, Red, Englemann and Alcock's. The display of pines includes Austrian, Jack, Swiss Stone, Longleaf, North Carolina, Bull, Scotch, Himalayan, Flexilis and Eastern White pine. Several of the leading species of arbor vitae cedar, cypress, yew, and larch are present. The hardwoods are represented by various maples, oaks, birches, beeches, ashes, elms and locusts.

Thus far the weather has been very dry and the greatest care has been necessary in transplanting the more delicate species and in protecting them from the hot sun and drying winds.

The nursery also contains both deciduous and evergreen species and will be used by the students of the department for practice work in silviculture as well as for the completion of the arboretum.

## Washington Engineer Here

Mr. O. P. M. Goss, engineer in charge of timber tests of the forest service at the University of Washington, Seattle, is spending the week in co-operative tests with the civil engineering department of the University. Five yellow pine car sills, 5 inches by 8 inches by 16 feet, which have been seasoned for one year, and fifteen, green, red fir and fifteen, green, tamarack car sills will be tested. This latter work is in conjunction with the thesis of Paul S. Savidge and Roy LeBaron. The timber for these tests has been furnished by the Potlatch Lumber Company.

**Oregon**  
(W. S. Main)

May 4, 1910:—In a regular student-body meeting this morning nominations were held for the student-body elections to be held next Wednesday. Great rivalry exists and many of the offices will be closely contested. The race for the place of president promises to be particularly close, there being three men in the field for that position. The nominations for the various positions are as follows: President, Cal Sweek, Cecil Espy and Percy Collier; vice-president, Geo. White and Verner Gillis; secretary, Edith Woodcock and Mary DeBar; Executive Committee, Coil, Kestly, McDaniels, Hinkle, Cockerline and Gabrielson; Editor Emerald Wm. Lowell and Ralph Moores; manager same, Cauffield and Osterholm; Editor Monthly, Olive Donnell and Dean Collins, Manager same Ted Williams.

The track team accompanied by Trainer Hayward leaves tomorrow for Seattle where they are to participate in the Triangular meet held there on Saturday. The personnel of the team is as follows: Captain Williams, Kay, McDaniels, Johns, Kellogg, Hawkins, Latourrette, Riddell, McClure, McGuire, Henderson and Elliott. Although the weather has been extremely bad they have been training zealously. They will return on Sunday and then leave for California on Tuesday, where they take part in the Pacific meet held at Berkeley under the auspices of the University of California.

The baseball team has been unable to practice since their return because of the weather conditions. Their next game is with Pullman; to be held here on the eleventh. Oregon won one and lost one from Pullman on the trip. At present Oregon stands third in the race, Washington and Oregon Agricultural College both being ahead of Kelly's team.

**Encampment**

(By Wm. B. Hopper '10)

Lewiston is a lively town:  
Cadets enjoyed it so.  
When next encampment comes around  
Back there we wish to go.  
When I look back to that time  
Pleasant memories rise  
And, were I such as make a rhyme,  
I'd laud it to the skies.  
That I never wrote such things  
Everybody knows  
But still within my memory rings  
Those pleasant thoughts in prose.  
Thoughts of all those cakes and pies  
How could I forget!  
Just as they stood before my eyes,  
I seem to see them yet.  
Jams and jell, and pies and cake  
These we all enjoy.  
"But we, the givers' memory,  
take,"  
So says the soldier boy.

Please leave the price of your Argonaut subscription at Hodgin's Drug Store. We need the money.

Miss Permeal French who is making an extended tour in the southern part of the state is expected back Thursday.

Miss Helen Reheldaffer of Pullman and Miss Paxson were dinner guests at the Gamma Phi Beta House Thursday evening.

Professor W. S. Morley left Tuesday to visit schools in southwestern Idaho. Mr. Brink, instructor of mathematics in the preparatory department, will have charge of his classes during his absence.

The best place in town for barbeeing—Simpson and Mann.

The Beta Sigma Sorority is entertaining visiting Delta Gamma from the University of Washington, and Stanford. The visitors are Miss Childs of Spokane, Miss MacDonell of Seattle and Miss Ghormley of Tacoma. An elaborate series of entertainments to be given by the Beta Sigmas was started Wednesday evening by a dance at Hodgins Hall.

### W. S. C.

Pullman, Wash., May 7, 1910.  
The freshmen won the freshman-sophomore track meet here today with a margin of one point, the final score being 70-69. Lowry and Quigly ran a pretty race in the 100 yard dash, Lowry winning by about two inches, time 10 seconds. Anderson took the high hurdles in seventeen seconds and Nelson traveled over the 220 yard course in 21 3-5 seconds.

The seniors won the Fresh-Soph Glee with a song composed by Louie Des Voigne, a senior in the music department. This is the third time that the 1910 class has won this contest.

The county school superintendents held their annual meeting here last week. Nearly every county in the state was represented. Thursday morning they visited chapel where Superintendent Dewey and Professor Sissen, head

of the educational department of the state University spoke. While in Pullman the superintendents were entertained at luncheons and in various other ways by the State College faculty.

Mr. R. C. Ashby, who was lately appointed Assistant Superintendent of Farmer's Institutes and Extension work has arrived and taken up his work. Mr. Ashby comes well recommended from the University of Nebraska where he has been Assistant Professor of Animal Husbandry.

First Lieutenant Hennessey of the fifteenth Cavalry has been detailed to take charge of the Military department here. He is now preparing for the annual inspection which takes place on May 11.

The freshmen won the freshmen-sophomore baseball game with a score of 13-3.

O. A. C. won both ball games from W. S. C. on the local diamond. The first was an eleven-inning game with the final score 5-4. Batteries: Keene and Moore for O. A. C. and Patton and Pape for W. S. C. Second game was won with a score of 7-1.

Whitman lost two games played here. The first game 5-0 with Borleske pitching for the Missionaries and Foran for the Farmers. Second game 7-4 with Belt in the box for Whitman and Patton for the State College.
