

# The University Argonaut

VOLUME XIII.

UNIVERSITY OF IDAHO, MOSCOW, MARCH 29, 1911

NO. 26

## GLEE CLUB COMING

Girls from Lewiston Normal Will Sing Here a Week From Tonight.

Dr. Cogswell, head of the department of music, has completed arrangements for an entertainment in Moscow by the Girls' Glee Club of the Lewiston State Normal. There are fourteen members in the club and they will furnish a program which will be especially attractive to students. It will be full of fun and humor as well as good musical numbers.

The concert will be held in the Methodist church on Wednesday, April 5th, just one week from tonight. The price of admission has been reduced so that every student can go and a very large attendance is expected. It has been some time since a glee club has appeared in Moscow and this form of musical entertainment is especially attractive. General admission will be only 35 cents and seats may be reserved at Hodgins' drug store without extra charge.

Remember the date and keep it open.

## JUNIORS HAVE PARTY

Class Entertains Caste-Ridenbaugh Hall Scene of a Gay Time.

 THE Junior class gave a feed and informal dance a week ago this evening in honor of the members of the class who took part in the class play, "Christopher, Junior." The party was held at Ridenbaugh hall, and a good feed and a fine time was enjoyed by all. Only a very few of the members of the class failed to attend, and the Freshman girls of the dormitory were invited to join the merry crowd so as to make up for the lack of girls in the class, and to balance the number of boys and girls.

The Juniors do not believe in being "tight" in anything they have, and so after they had made some of the most delicious sea foam fudge, they very generously left it in a window so that any stragglers who might be prowling around without home or shelter, might enjoy some of the good things of this life. Strange to say, all this candy disappeared before the philanthropic juniors had a chance to even taste it. However, they say they are glad the Seniors enjoyed it so much.

Prof. Tull and Dean Eldridge were present at the party to represent the faculty. The class appreciates the kindness and hospitality of Miss French in giving them the use of the dormitory for the event.

## Prof has Fast Horse.

Last week the "oop" observed that Prof. D. B. Steinman was riding his familiar white saddle horse thru the streets at a terrific (?) speed. Accordingly the faculty member was requested to appear before the police judge and pay a fine for exceeding the speed limit. When asked if he thought he had been violating the law, the professor answered that he knew that the horse was running at his best gait, but was not aware that that was faster than the city ordinance allowed. However he paid the fine. Seems incredible doesn't it.

## ENCAMPMENT AT LEWISTON

Boys Will Leave After Roosevelt Speaks—Citizens' Clothes Forbidden.

After several weeks communication with the commercial clubs of Coeur d'Alene and Lewiston in regard to encampment, Lieutenant Cathro has decided that it will be to the advantage of the battalion to encamp at Lewiston again this year. Had it not been for the fact that Lewiston offered a hundred dollar bonus, Coeur d'Alene would no doubt have been selected, as a big majority of the cadets decided in favor of that place.

The cadets will leave Moscow Monday morning, April 10th, just as soon as possible after the reception of ex-President Roosevelt. It has been planned for the battalion to give a breakfast to Mr. Roosevelt Monday morning about eight o'clock.

Each cadet will be required to make a deposit of five dollars to cover all necessary expenses, such as railroad fare and mess. Privates will be permitted to take suit cases for their uniforms and toilet articles, but citizens clothes are absolutely forbidden. Instead of having seven or eight men in each tent as last year, this year four privates and one non-commissioned officer will be assigned to each tent. Lieutenant Cathro has taken up the matter of securing tents with the adjutant general of the State Militia of Idaho. Regulation tents may be used this year instead of the wall tents which were taken along last encampment.

There will probably be several baseball games and dances at Lewiston in which the cadets will have a part, as the commercial club suggested that the cadets cooperate with them in raising the one hundred dollar bonus.

Cadet Major H. A. Wadsworth has been assigned to active duty and designated as commissary. All deposits will be paid to him.

Captain C. O. Johnson of Company A has resigned his office owing to the fact that he will be unable to go on encampment.

## 8000 Hear Roosevelt at Berkley

Theodore Roosevelt's Charter Day address at the University of California last Thursday, was listened to by eight thousand students. The exercises took place in the big Greek theatre. The subject of the address was a plea for the cultural development of the country.

In the afternoon Colonel Roosevelt and President Wheeler reviewed the cadet regiment. The Ex-president also attended a big baseball rally and favored the immense crowd with a speech. He spoke chiefly on football however and expressed his desire to see the rugby game adopted in the east.

## CONGRESS MEETS

Reciprocity is Subject of Heated Discussion—Cannon Much in Evidence.

A most interesting program was carried out by the Victor Price debaters at their regular meeting last Friday. By the substitution of an active "Kangaroo" congress proceedings for the usual routine debate, the meeting was made extremely novel. A resolution favoring the "Mill Reciprocity Agreement" was introduced. Foster and supported by arren. Immediately opposition became formidable under the leadership of "floor leader" B. to whose support Driscoll, J. D. Davis, Osbrone and Peterson quickly rallied. A heated discussion ensued. Charges of bribery and coalition with the "interests" were hurled at the "government" forces. Indeed, the argumentative resourcefulness of either side was astonishing and threatened to assume gigantic proportions. The anticipated "filibusters," however, was stopped, at once, by the chairman, who, without compunctions of conscience, resorted to parliamentary practices that have, heretofore been termed "Cannon's specials." When at length, the vociferating members had aired their profound views upon the question a number of the opposition bolted. Thereupon the resolution was passed by a safe majority. The "congress" proved to be so great a success that it was decided to hold a similar one at the next regular meeting.

"Lifty" Cathro is proving to be a very energetic drillmaster. He has been rustling new recruits recently. A number who have not been in the habit of drilling are now in the ranks. The lieutenant wants to see all of the "rookies" get into line and swell the little army.

## ALUMNUS HOLDS RECORD

"Hercules" in Moscow—Former Athlete Takes Physical Test and Surpasses any Earlier Records.

Until last week the record for strength as shown by the universal dynamometer in the gymnasium has been held by Geo. W. Arland of Garfield, Wash., who made a total of 8425 pounds. But it remained for a former Idaho athlete to come along and raise this record fifty pounds. Smith, better known on the campus as "Hero," dropped in for a few days and incidentally took the physical test on the machine. He registered 8475 pounds and thereby established a strength record. Coach Van der Veer says he is by far the strongest man he ever tested. "Hero" has done big things for Idaho in all branches of athletics.

The big athlete is here on his way from Heyburn, Idaho, where he has been teaching, to Cashmere where he will take up the work of fruit inspector.

## SENIORS ARE ENTERTAINED

Spend Enjoyable Evening at the Home of Prof. Morley—Art and Football Occupy Time.

 PROF. and Mrs. Morley have for years entertained the Senior class each spring. Last Saturday evening the class of 1911 enjoyed one of the most charming and pleasant evenings ever spent by the class, at the very attractive new home of Prof. Morley.

When about all the class had arrived, the evening's entertainment was commenced with a little practice in art. Each person was given a card and a slip of paper bearing a number and the name of some animal. All were then told to draw a picture of the animal on the card and place the number beneath it. After all had accomplished this with more or less success, the cards were exchanged and each person wore the one he received, as tho the picture were a beautiful bouquet. Some time was then given to guessing what the various pictures represented and to writing the name of the animal opposite the proper number on a card provided for the purpose. Either the majority of the seniors are artists of no mean ability or they are remarkably good at guessing, for practically everyone present had almost the entire list correct. This

## CALENDAR.

- March 31. Palmarier Show, Eggan's Hall.
- April 5. L. S. W. E. Day, Eggan's Hall.
- April 7. Freshman Day, Eggan's Hall.
- April 10. Roosevelt Day, Campus.
- April 11-15. Cadet encampment, Lewisson.
- April 15. Baseball, W. S. C. at Moscow.
- April 16. Baseball, Oregon at Moscow.
- April 17. Baseball, Oregon at Moscow.
- April 18. Prep Squall, Eggan's Hall.
- April 19. Baseball, O. A. C. at Moscow.
- April 20. Baseball, O. A. C. at Moscow.
- April 21. Sophomore Frolic, Eggan's Hall.
- April 22. T. W. C. A. Chasing Dish party.
- May 5. Intercollegiate Meet.

After two weeks we are again at work. The last two issues of the Argonaut have been special editions, and perhaps they will tend to cast a shadow over our regular number. However, such brilliancy could not continue indefinitely, and we shall attempt to publish only an ordinary college paper, and to make it as extensive and as useful as our abilities and the financial possibilities will permit.

We are giving considerable space to the basket ball report of the graduate manager of athletics. Perhaps it occupies too much space in proportion to its importance, but we believe every student should examine this report and know just how the student funds are managed. This money belongs to the students, and they should not merely have a chance to audit the manager's reports, but should have enough interest in the matter to go over it thoroughly and be well posted on it. Next week we intend to publish the reports of the three departments of the A. S. U. I.

After signing away the constitutional limit of bonded indebtedness in approving road and bridge bills, how can the governor say the legislature should have provided for permanent improvements at educational institutions by further bond issues?—Capital News.

### Girls' Gymnastic Exhibition.

The girls of the freshman and prep classes in the gymnasium will hold a gymnastic exhibition and athletic meet, Thursday, April 7, 1911 at 3 o'clock. Cups will be presented to the best all around gymnast and to the winding captain of each squad. The cup for the strength test will also be given. The function will be open to the women only on account of lack of accommodations.

# PALMARIER SISTERS AGAIN

Well Known Musical Company will Appear Friday Evening at Eggan's Hall.

An opportunity will be given the University students to enjoy a fine musical entertainment next Friday evening. The Moscow band has for the last three years furnished weekly concerts on the streets each Friday evening during the spring and summer. This week the season is to be opened with an excellent program at Eggan's Hall by the Palmarier Sisters, to which admision will be charged. The proceeds of the evening are to be used for the Moscow Band.

The Palmarier Sisters have been in Moscow before and all who have heard them have only praise for their artistic ability and the excellence of their entertainments. There are five members in the company and each one is a soloist. Their program will include vocal and instrumental solos and duets and concert pieces and numerous interpretive readings, both humorous and dramatic. Such an entertainment will be pleasing to all classes of listeners.

The Moscow band has done good work and deserves the support of everyone who enjoys music. They are favoring you with a chance to hear a rare concert. Favor them with your presence at Eggan's Hall Friday evening and enjoy the good music.

### Flags for Roosevelt Day.

As a distinctive feature of the reception of ex-President Roosevelt, it is planned to have every student carry an American flag. The Idaho colors may also be attached as a mark of loyalty to our alma mater. In order to be sure that every student is provided with the Stars and Stripes an effort will be made to have them at the administration building before the reception, where they will be convenient for everybody. By this arrangement the flags will be of a uniform size.

This is an excellent idea and should meet with the approval of every patriotic student. Further announcement will be made next week.

### Expression of Sympathy.

Since God in his great wisdom has seen fit to deprive Edwin M. Strate, our fellow-student and member of the Agricultural Club, of his mother, the members of the club wish to express their heartfelt sympathy to him in his sorrow. We sincerely trust that his faith will enable him to see the will of God in this as well as in all other things. We believe that he has met this loss in the same brave manner that has been characteristic of his conduct in the past.

Agricultural Club,  
University of Idaho.

### New Bronze Tablet in Place.

The new bronze memorial tablet was placed in the administration building last Saturday. The original tablet was put in the old administration building in 1900 in memory of the 34 cadets, who as volunteers, went to the Philippine Islands where they served in the Spanish-American war in 1898-99. The names of these thirty-six Idaho men appeared on the big bronze plate. It was destroyed by the fire when the beautiful administration building was burned.

The faculty decided last fall to have a new tablet made. It was the desire to have it made as nearly as possible like the original memorial. It arrived by express a week ago yesterday and is now in position on the second floor, on the wall facing the broad landing of the stairway. This location is almost ideal as it is in the very center of the entire building at a point in the hall where it is well lighted from three sides and where practically every student passes daily.

### Alumni Wedding.

Announcements have been received here of the marriage of Miss Elsie Larson, '10 and Mr. Leigh Savidge, '09. The wedding occurred at the home of the bride's parents in Troy. Both the bride and groom are well known here as they both graduated from the University. Mr. Savidge made himself famous in athletics during his four years here, while his wife was prominent in social circles and dramatic work. The friends of Mr. and Mrs. Savidge extend their heartiest congratulations.

Saturday morning at nine-thirty o'clock the Gamma Phi Beta girls entertained the Omega K's at a chafing-dish breakfast. After a breakfast consisting of sliced oranges, rice with date sauce, eggs and hot biscuits, coffee and doughnuts was served, several pictures were taken for souvenirs. Then followed a good old Virginia reel and several other amusing stunts kept the guests entertained until after 12 m.

North Dakota Agricultural College has a unique custom in connection with its college declamatory contest. One thousand loaves of bread are given away to those attending.

# GRADUATE MANAGER'S FINANCIAL REPORT OF BASKETBALL FOR THE SEASON OF 1911

Moscow, Idaho, March 16, 1911.

TO THE FACULTY ATHLETIC COMMITTEE AND THE ATHLETIC BOARD OF THE UNIVERSITY OF IDAHO.

Gentlemen:

As graduate manager for the season of 1911, I hand you herewith my report on Basketball and a general statement of the funds on hand at the present time.

The report consists of the total list of receipts and an itemized list of the expenditures, each expenditure having a number that refers to a voucher that is attached hereto and made part of this report. Wherever possible the expenditures were paid by check and in each case the cancelled check has been attached to its corresponding voucher. There is also, where it was possible to get one, and itemized account of the articles for which the voucher was spent. These itemized accounts are also attached and made part of this report.

From a study of this report it will be seen that the season was a financial success in a small way, ending with a surplus of \$3.89. None of the conference games at home, except those with W. S. C., paid for themselves. This deficit was made up, however, by the guarantees for games played away from home and from the receipts of the practice games early in the season, which were well attended.

The money expended per this report was spent, when in the judgment of the manager it was absolutely necessary and upon the advice and request of the coach.

Respectfully submitted,

G. L. LARSON,

Graduate Manager Season 1911.

## SENIORS ARE ENTERTAINED

[Continued From Page 1]

entertainment was most interesting and amusing.

But there followed a more exciting and amusing game. A long table was covered with a cloth marked to represent a miniature football field. Sides were chosen and with six members on a team the class proceeded to play a lively game of football, using an egg shell instead of a pig-skin. The players surrounded the table on their knees on the floor and "kicked" this light weight football across the field by blowing it. Several men were soon "all in" for lack of wind and substitutes had to be put in. The game became very exciting and the rooting would have done well for a much larger crowd. Among other spectacular and wildly interesting phases of the game were a wrangle over the decisions of the referee and a scrap between the referee and the umpire. Only after nearly every member of the class had about blown "his head off" was time called.

After delicious refreshments had been served at tables conveniently arranged in the large rooms, Prof. Morley favored the guests with a vocal solo, which he said, it is the privilege only of a senior class to hear. Several college songs were then sung by the crowd and the pleasant party broke up with the old song, "Good Night, Ladies," with the word, "Morleys" substituted for "Ladies." Every member of the class of 1911 declared that the evening had been one of the most pleasant of his entire college course.

The Senior dance given Friday evening proved a great success in spite of the inclement weather. About eighty couples were there and everyone expressed the sentiment that an informal party such as that had been was just the thing.

Miss Edna Price, a former university student, has returned to complete her college course.

Dr. Henrietta Moore entertained at a reception, Saturday afternoon, in honor of her mother, Mrs. Thompson.

Prof. E. E. Elliott has gone to Kootenai county, where he will visit high schools. He will also visit Wallace and deliver an address there before a convention of school trustees.

Paul S. Savidge spent a few days of the past week in Moscow visiting friends. He was on his way to Troy to be present at the wedding of his brother, which occurred Monday.

The class of 1905 at the University of California have donated a marble bench to the University which is to be known as the Wheeler memorial bench.

## Announcement to Men.

Monday morning at 8:30 in the English room of the administration building, Miss Maynard will talk to the students taking camp cookery, on table etiquette. All men of the university interested are invited to be present.

The Nampa Record, a consistent friend of the University, published last week a long editorial on the value of the domestic science notes sent out from the publicity office of the University and urges its readers to take advantage of them.

Miss Abbie Strong entertained at a very pretty five-course dinner party on Tuesday evening. The color scheme of yellow and white was very artistically carried out throughout the entire dinner. The guests were the Misses Brookes, Clithero, Rae and the Messrs Palmer, Shewy, Tweedy and Pierce. Miss Strong's sister, Mrs. Peavey who graduated from the University in 1903 assisted as hostess.

Durrie (translating in Latin): I tried to put my arm three times about her neck—That's as far as I got, professor.

The University of California has granted 5895 degrees since 1892.

O. A. C. engineering students gave an electrical show recently. Over nine hundred people were present. Seventy-five different exhibits were shown, among them being an aeroplane.

It is said that in England one man out of five takes part in athletics. In America, the proportion is one man out of fifty.

## CHEMISTRY IS IMPORTANT

Prof. says it is as important to Liberal Education as the Classics.

The Chemical Club met last night in the engineering building and listened to two able and interesting discussions. Gus Kroeger spoke of the products derived from the nitrogen of the air. He said that the chief product secured from the air by a chemical process is fertilizer. By far the greater part of the fertilizer used at the present time is taken from the salt peter beds of Chile. It is estimated that these beds will be exhausted in a few years and some other way must be found to produce fertilizer. There are now two plants in operation which take nitrogen directly from the air by an electrical process and convert it into such shape that it can be used for commercial purposes. There is enough nitrogen in the air over seven acres of land to produce as much fertilizer by this method as is secured in a year from the salt peter beds of Chile. So there need be no fear of exhausting the supply. Mr. Kroeger's talk brought out a number of very interesting points along the line he discussed.

Mr. Holliday, instructor in chemistry, then spoke for a few minutes on the importance of the study of chemistry with a liberal education. He stated that chemistry not only gives the mind scientific training but leads toward an explanation of the phenomena of the universe and gives the student a broader view in general. In his opinion, chemistry holds as important a place in the liberal education today as the classics did a few years ago.

The next regular meeting will be held April 4th. This is a week earlier than the regular time of meeting on account of vacation the week following. The discussions will be on the recent work in the chemistry of digestion and on the manufacture of perfumes.

Miss Kelly, a Wellesley girl, has recently made the statement that the majority of college girls are not good-looking, and that their reason for desiring a good education is because of their lack of beauty. She says, "If they were more attractive, they would be married or engaged."

The undergraduates of the University of Washington have petitioned the state authorities to remove military tactics from the curriculum.

Rock-a-bye senior on the tree top,  
As long as you study, the cradle will rock,  
But if you stop digging, the cradle will fall,  
And down will come senior, diploma and all.—Ex.

## News from O. A. C.

O. A. C., March 21, 1911.

The electrical show, held the evenings of March 17 and 18, proved very successful. The attendance was large and the crowd was a very interested one. The airship seemed to be the most attractive of the exhibitions. There were about seventy-five different displays, all of which were of the greatest interest.

Next Saturday afternoon will be held the annual inter-company meet. Between the different companies there is keen competition and the meet promises to be a surprise in many ways.

The new student-faculty committee, to arrange for the convocations for the rest of the year, has been very busy and promises many new attractions. The exercises will be short but of the utmost interest to all. With the cooperation of the different classes many new and unique stunts will be inaugurated. Everybody is very interested and there is assurance of a very large attendance.

One hundred seniors at the Kansas State Agricultural College signed an agreement to take a course in table manners.

A new joke was sprung by a student at the Wesleyan Reserve University last week: This student suffers the stigma of obesity; it seems that even professors do not love a fat man. After a particularly hard recitation in English, the professor said, "Alas, Mr. Blank! you are better fed than taught." "That's right, professor," sighed the youth, subsiding heavily, "you teach me—I feed myself."—Ex.

To keep your complexion free from blackheads, chapping, roughness of the skin, tan or other annoying blemishes, go to Hegge's Barber shop and get your face massaged. Electric vibrator used. 23tf.
