

# The University Argonaut

VOLUME 14

UNIVERSITY OF IDAHO, MOSCOW, IDAHO, APRIL 9, 1912

NUMBER 28

## FRESHMEN ENTERTAIN FRIDAY NIGHT

The Freshman Glee To Be A Very Informal Dance.

The freshman class desires to announce that the Freshman Glee will be a very informal dance. Of course, dress suits will be permitted but they will not be encouraged.

The orchestra will be placed in the center in the same way as it was at the Prep Squall. This arrangement was very delightful and everybody will be glad to hear that it is to be repeated. There will be many new pieces on the program at this dance, much of it never having been heard in Moscow before.

There will be no formal invitations issued to this dance. The patronesses are: Mrs. Jas. A. MacLean, Mrs. Lieutenant Cathro, and Dean Permeal French. The refreshments will consist of punch and wafers.

Every college man should arrange to attend this dance as it will probably be the last college dance this year with the exception of the Senior Ball which comes during Commencement week.

### Victor Price Debaters.

The Victor Price Debaters met in another forensic duel, Saturday night at the Dormitory. The question was that of the recall of Judicial Decisions of State Supreme Courts affecting the constitutionality of laws. Mr. McAdams, Mr. Swanson and Mr. Nisbet succeeded in winning the unanimous decision from the sole judge, Commodore Dotson. The able upholders of the negative side were Messrs Osborne, Rice and Warren—but the Commodore voted for the affirmative.

At the next meeting the order of business is to be a mock National Republican Convention. Men have been chosen to work for Taft, Roosevelt, LaFollette, and Borah. The contest will be keen. All the procedure of the regular convention will be imitated. The first competition will be for the presidency of the convention. Then nominating speeches will be made. There may be some trouble to get woman suffrage for the delegates, but it is understood that all will have a chance to vote in the convention without regard to race, color or sex.

This ought to be a really interesting meeting to all. If you can't go to Chicago and see the real thing, then come to the Dorm. and help carry out the sham—Saturday night, April 20. The meeting may assume such proportions that it will be necessary to hold it in the Y. M. C. A. room. If so, an-

## THE UNIVERSITY IS TO HAVE A NEW LITERARY PUBLICATION

Ralph Foster '13 Has Been Chosen Editor of a Literary Magazine Which Is To Make Its Debut Soon.

Idaho is to have a new magazine—a literary magazine. As yet the name of the publication has not been selected, but it will be announced soon. The new venture is to be edited by Ralph Foster, '13, who has been selected by Dr. Moore and Prof. Tull, because of his ability and interest in literature. Foster, it will be remembered, has won several prizes about college, this year taking the gold medal in the oratorical contest. He got three "firsts" on composition.

It is planned to issue one number this spring and then to publish it regularly next year.

When asked for some particulars concerning the magazine, Prof. Tull said:

"For some time Dr. Moore and I have been interested in the publication of a literary magazine, but have not been able to 'get to it' for some reason or another. Now, however, we have considerable material at hand and propose to carry out the plan. The first

number, to be issued about the first of May, will contain two short stories, two or three essays, several poems and a bit of translation. We are not going to make the magazine a medium for the publication of bright themes, but hope to preserve in its pages work of distinction done by the students. We want to make it an honor for a student to have his work published in it. Anything that smacks of 'required work' will not be used. Some of the contributors that will appear in the first number have received high praise by editors of magazines. For instance, the editor of the Pacific Monthly wrote a personal letter praising a poem by Mr. Burke, and regretting that the combination of his magazine and the Sunset Magazine prevented his accepting it.

### Debate Banquet.

April 3, '12—It was at the Dormitory. The first—ever, of its kind.

Twenty-three forensics sat hard by the copious table, while Domestic Science exhausted herself on the menu. Not a collection like it has been recorded in the chronicles of the great U. Instead of throwing themselves delicately on the delicious dishes as dignified debaters should, these ardent eaters devoured even the details with avidity equaled only by the hunger of a giant.

At the center sat the sage satirist, who is the coach and captain of the crew. All his words dripped wisdom as the Moscow morning drips the dew. And he spoke of the future, and said thusly: "May this be the first of many such feasts. Let us hope to have a new debate pilot for next year. Then let us organize two clubs and inflict the neighboring hamlets with some of our best swatters."

General Wm. E. Lee, '03, then took the field and told stories of the old methods of word warfare at the U. Then came the Solons, Wilson and

Wilbur. The latter knew more of the tune of debate than he knew of the words, but his pal, the former, filled in the words with "Slide Idaho slide." This last is the watchword for debate at Idaho next year.

A thousand thanks for your kind attention and for the good work of the girls who, under their leader, Miss Breeze, served the savages so sumptuously satisfactorily.

### Delta Gamma Reception.

Grand President of Delta Gamma, Miss Ada May Brown, of Phinlander, Wisconsin, who is visiting the western chapters, is to be a guest of Delta Gamma this week end.

News has been received at the University by members of the faculty that a girl baby has been born to Dr. and Mrs. Evan Taylor Sage. Dr. Sage was an instructor in the University for four years and his wife graduated from the University last year.

Work was resumed on the right wing of the Ad building Monday morning. It looks as though we might have an auditorium next fall.

## BASEBALL OPENS THIS WEEK

Juniors vs. Seniors and Zeta Delta vs. Non-Fraternity Men Saturday, on Idaho Field.

As shown by the schedule in last week's Argonaut, the two baseball leagues will open Saturday afternoon, the Seniors playing the Juniors and the Non-Fraternity men playing the Zeta Delta Fraternity. The games will be seven innings long.

It is hoped that a formal opening can be held, and it is understood President MacLean has been requested to pitch the first ball and Francis Jenkins will attempt to receive it. President Jordan of the Senior class, by all rights, should not attempt to clout the first ball thrown. After this formal opening the two class teams will settle down for business. LeRoy McCann will probably pitch for the Seniors while either George Donart or Proctor Perkins will do the act for the Juniors.

The managers of the teams in both leagues met last Tuesday afternoon and decided on definite practice days, so as to permit every team getting an even chance at the field. Following is the schedule made out to hold until season opens:

Monday, Seniors and Juniors; Tuesday, Sophomores and Freshmen; Wednesday, Kappa Sigma and Non-Fraternity; Thursday, Phi Delta Theta and Faculty; Friday, Theta Mu Epsilon; Saturday morning, Faculty; Saturday afternoon, until season opens, Zeta Delta.

The faculty held a spirited practice on the campus Friday afternoon and some amazingly fast material was brought to light. Professors Wilber, Stewart, Wilson, Larson and Kostalek look exceptionally well, and the faculty will surely hold up their end of the argument in the class league.

Now that Coach Vander Veer has taken his track men down to the cinder track, there is a diamond on the campus available for batting practice and outfield work, but is scarcely suitable for a match game.

The game Saturday afternoon will probably be called at 2:30 and everyone should arrange to attend.

Some good ball will be played and probably some that is not so good.

Proctor K. Perkins has been elected captain of the Junior baseball team.

 Margit Waale, '14 Geneal Hague, '13  
 Mabelle Rudisell, '14 Bert Woolridge, '14

Owing to the absence of the editor in Spokane attending the convention of the Inland Empire Teachers' Association, this issue of the Argonaut is in charge of the associate editor.

We would like to have more students express their personal opinions through the columns of the Argonaut by sending in communications under a fictitious name. The initials to the communication in this issue are of course, fictitious. Because the Argonaut prints these communications it is no indication that they are the sentiments of the editor. If any student has any suggestions that he thinks should be printed and he will kindly hand them to some member of the staff, they will be gladly printed. Real names must accompany articles, but will not be exposed to the public.

Campus day will probably be celebrated about the last week in May. One of the features of the day this year will be the presentation of "As You Like It" on the campus. The committee who made such a success of Campus days during the past two years will again have charge of the celebration this year. On this committee are Dear French, Miss Wold and Mr. Tull.

Gamma Phi Beta delightfully entertained at breakfast Easter Sunday. Promptly at 9 the guests were ushered into the dining room, which was beautifully decorated with numerous pots of lillies and wild flowers and stringers of old gold ribbon, all of which served to give the room an artistic effect. The tables were bedecked with cute little rabbits, chickens and flowers. The place cards were also out of the ordinary, they being shaped like bunnies and "peepies." The breakfast, which was a very enjoyable one, was served in six courses. The guests were Misses Taylor and Zumhoff, and Messrs. O. A. Faris, L. W. Jordan, G. W. Phillips, John Phillips, Proctor Perkins, C. Edmundson, L. K. Denning, A. D. Wicher, E. Ellis, Jack Rogers, W. P. Scott, Robert Burns, Vernon Fawcett, L. E. O'Neil, C. P. Lewis, Wm. Helfrich, Robert McGregor, C. Perkins, and M. B. Boothby.

Sale on hats at The Hub.

## STUDENT OPINIONS

It is unfair for one to criticize a proposition concerning which he is not well informed at first hand. I am aware of that principle at the outset and realize that under it I dare not raise my voice as a skeptic. In a way, I am not in the social life of this school, and many more bear like banishment. Whose fault? What is the cause of this great separation, you say? It matters naught.—The fact is, there is a great gulf as it were, fixed between us. Tho' we walk daily the same campus, tho' we meet in the same class room, in spite of the fact that we read in the same library, eat at the same house, perhaps, or drill in the same company, still we are banished from each other almost completely.

Now, just wherein lies the line of demarcation? Some hold it is fixed between the Fraternities and "Non-Fraternity."—Others say the well-to-do are lined on one side while the less fortunate in choice of heritage are on the other. Still others are of the opinion that "mixers" make up one clique of society, while the non-mixers comprise the other element. Each of these views can be supported with statistics. But statistics, making up the third class lie in the old proverb:—"There are three kinds of lies, white lies, black lies and statistics." Take the Frat and Non-Frat issue. No man who thinks, holds himself aloof from another fellow merely because that fellow is a "Frat" man. It has been seen, on the other hand, that the strongest opponents to Fraternities have been the first ones to join as soon as opportunity presents itself. The same principle is true from the other side. No Frat man refuses to mix with a man merely because he is not a Frat man. There is no "Frat" and non-"Frat" question.

Neither is it a money question that divides society here. The spirit of democracy is too high here to admit any class distinction.

Now the "mixer" and "non-mixer" question is left. Those, who hold that "mixers" meters one side of University life, while "non-mixer" measures the other, have reduced the question to that of the personal equation, in the individual himself. Just there is where the question belongs. The individual, it is that alone, lines himself up with or shuts himself out of the society in which he deserves to move, not because we are not Frat men; not because we are not rich, and not altogether because we are "non-mixers" are we banished from the society circles of the University. For this is an age of individuality. If we would be taken into account by any society, first let us make ourselves congenial to that soci-

ety. Rather than find fault with others for being "distant" to us, let us seek the cause in our distance from them.  
 P. H. R., '13.

The next issue of the Argonaut will be in charge of the Law Department. Parker V. Lucas has been elected editor of the paper and R. D. Leeper is business manager.

## CALENDAR.

April 12, Friday—Freshman Glee.

April 13, Saturday—Delta Gamma Reception.

April 19, Friday—Delta Gamma Dance.

April 22-27—Annual Encampment, Coeur d'Alene.

May 2, Thursday Interscholastic track meet.

May 3, Friday—Interscholastic track meet, "Pirates of Penzance."

May 4, Saturday—"Pirates of Penzance."

May 10, Friday—Faculty Musical Concert.

May 11, Saturday—Whitman Track Meet.

May 18, Saturday—Morris, Cartoonist.

May 24, Friday—Sophomore Play.

Miss Beatrice Swain spent the week end in Spokane.

### Character Building.

Next Sunday afternoon Professor Steinman will deliver an address on the subject of "Character Building," at the Christian church. All are invited to attend.

Sale on sample shoes at The Hub.

You will find good workmen and a clean shop at the Hotel Moscow Barber shop.

NOTICE—The Bulletin Board in the Administration Building will hereafter be cleared weekly.

## SENIOR LAW STUDENTS' VICTORY

Seven members of the senior class of the College of Law surmounted what is regarded as the greatest obstacle in the start of a legal career by successfully passing the State Bar examination given by the Justices of the Supreme Court of Idaho, last Saturday at Lewiston. These young men, who represent the entire state of Idaho are Harry O. Bond of Sandpoint, Collier H. Buffington of Glenwood, Iowa, James Harris of Weiser, Wm. H. Mason of Nampa, Willard J. Nuffer of Preston, Hugh S. Parker of Boise and Fred H. Rehberg of Moscow.

Accompanied by Mr. Frank Moore, whose interest in the College of Law has been shown by his work in teaching practice in the school, and Professor Wilber, the candidates went to Lewiston Friday afternoon and were taken immediately to the court room where the supreme court was in session. After the close of the case which was being argued, Chief Justice Stewart and Justices Sullivan and Ailshie asked that the young men be introduced to them and with the most courteous interest made arrangements for the test the following day.

Promptly at nine o'clock on Saturday morning the court library was cleared for the examination and each man settled down to work and win; not alone for himself but for his school. At the noon recess the men reported that the examination was hard but as they had agreed not to converse about questions nothing further was learned by Mr. Moore and Mr. Wilber. When, however, the men returned to their hotel at five o'clock it was evident that they were at least hopeful of success.

It had been arranged by the Justices of the Supreme Court that an extraordinary effort would be made to grade the answers in time to announce the results on Monday so the men waited in Lewiston until then.

Through the courtesy of the Lewiston Land & Water company the men were taken in automobiles for a tour of Lewiston and the orchards. Under the guidance of Messrs. Stedman, Naylor and Duffey of the company, the development and resources of this wonderful nine thousand acre tract of orchards were shown to the law students. The afternoon was spent quietly in Lewiston.

On Monday morning the men assembled again in the supreme court room, to await the verdict. After the formal opening and reading of the proceedings of the previous meeting of the court, Chief Justice Stewart asked the boys to come inside the bar and

slowly read the names of the successful candidates—all seven. They were then asked to take the oath which made them attorneys and counselors in the State of Idaho—an oath which pledged them to devote their best and most faithful efforts on behalf of justice. Chief Justice Stewart then gave them a little speech of welcome, in which he congratulated them upon the splendid showing made by their papers and congratulated the College of Law upon its success in this first graduating class. After paying the fee required by state law and signing the Roll of Attorneys, the seven men came back to Moscow to finish the last stretch of their three year course to a degree of Bachelor of Law.

### Interest in Summer School.

The first joint summer session of the University and the Lewiston State Normal, to be held at the University from June 17 to July 27, promises to be well attended. Numerous inquiries about its work have been coming from all parts of the state. Miss Permeal French, Dean of Women, has already received application from ladies who desire accommodations at Ridenbaugh Hall.

The purpose of the summer school is to give teachers an opportunity to do advanced work and to better qualify themselves to meet the growing demand for a higher standard of expert service. The work will include:

1. Professional courses for superintendents, principals and teachers in high schools and elementary departments.
2. Collegiate courses in English, history, science, etc.
3. Review courses in the subjects required for certificates in the state and county examinations.

Sunday evening a few of the Delta Gammas were pleasantly entertained by music furnished by Mr. Tull, Fred Record and "Teddy" Watts. After an hour or more of music at the Delta Gamma house Mr. Tull took the crowd to his rooms where he had delicious refreshments prepared.

Those in the party were the Misses Redway, Heer, McFarland, Hague, Neuman, Allen and Taylor.

The cadets celebrated Easter Monday by drilling overtime

### Chemists Meet at Lewiston.

The annual meeting of the Northern Inter-Mountain Section of the American Chemical Society will be held at the Lewiston State Normal, Saturday, April 13. The following program has been arranged:

Saturday, April 13.

- 3:30—Chemistry of Rubber, Dr. John A. Kostalek. Ozotabacter, Prof. John F. Nicholson. Babcock and Russell's Enzyme Galactose, Geo. A. Olson.
- 6:30—Dinner at Normal Cafe. Business, election of officers, etc.

Sunday, April 14:

Trip to Lewiston orchards.

### A Text Book.

Dr. Steinman's work on "Suspension Bridges and Cantilevers" is to be used as a text-book at the University of California. Professor Chas. Derleth of that institution writes that he intends to use it in some of his advanced courses.

According to the last statement of the publisher, the sale of books has been unusually large for works of this character. The first edition is already nearly exhausted.

A letter typical of many others which Prof. Steinman has been receiving since the appearance of the book is one from D. H. Ray, C. E., Sc. D., chief engineer of the Bureau of Buildings of New York City. In it he says, "I congratulate you upon its publication. It is a valuable contribution to engineering literature, and I am proud to know the author."

Dr. Steinman's second book, "Theory of Steel Arches and Suspension Bridges," is still in preparation, unforeseen difficulties having been encountered in setting up the type for the mathematical formulas. Its early appearance, however, has been advertised by the publishers.

Prof. Carlyle is judging horses at a stock show in Calgary, Alberta.

## BATTALION TO COEUR D'ALENE

Lieutenant Cathro Making Final Arrangements—Battalion Will Leave Saturday, April 20th

The annual encampment of the battalion of cadets of the University will be held at Coeur d'Alene this year. Lieutenant Cathro has been up in the lake city two or three times this spring looking over the situation and seeing what inducements the people of that city would offer. The commercial club is going to put up a hundred dollars, and each cadet will be required to deposit seven dollars, out of which he will probably get a small refund.

The battalion, consisting of two companies and the band, about a hundred and fifteen in all, will leave Moscow about nine o'clock on a special train over the Inland. Saturday, April 20, if the Commandant's plans are carried out.

Mr. Cathro has not definitely outlined his program but the routine will be something like this:

Reveille at 7:00, twenty minutes of Butt's manual, mess, drill until 1:00, mess, recreation until afternoon parade, guard mount, mess, recreation until taps at 10:30. There will probably be several dances for the battalion, a moonlight boat ride on Lake Coeur d'Alene, band concerts on the boat and various other kinds of amusements.

For mattresses, the boys will use one hundred sacks of eight ounce duck which will be filled with straw. Taken altogether the encampment ought to be successful. This is the first time in the memory of the present generation of college students that the encampment has started on Saturday, and some of the boys are feeling that they are getting something slipped over on them.

### NOTICES.

**Sophomores:** The tryout for the sophomore play will be held Wednesday afternoon beginning at 3:00 p. m. in the Administration Building. H. W. Whitten, manager.

**Pirates of Penzance:** A rehearsal will be held Thursday evening at 7:00 and Saturday morning at 9:30. Please study second act. E. H. Storer.

The orchestra will play for assembly (10:15 sharp) Wednesday morning. Usual rehearsal on Wednesday evening at 7 o'clock.

Professor Livingstone of the mining department will deliver the assembly address tomorrow.

L. F. Childers, professor of agronomy, has been offered a commercial position at a very attractive salary.

## IN THE GYMNASIUM.

Following are the results of the handball tournament conducted by Coach VanderVeer on the courts in Lewis Hall.

Singles—Hunter, 21, 21; Perkins 13, 11. Knutson, 21, 21, 17; Griner, 18, 17, 21. Buffington, 21, 21; Samms, 20, 6. Buffington, 21, 21. Doyle, 2; 13. Hunter, 21, 21; Knutson, 10, 8.

Finals—Buffington, 21, 21; Hunter, 12, 7.

Doubles—Knutson and Samms, 21, 21, 10; Hutner and Perkins, 16, 13, 21.

"Prex" MacLean is having the ground for two more tennis courts cleared off and graded between the new wing of the Ad Building and the Gymnasium. Doyle and Samms have been at work laying out the ground and setting the grade stakes. Backstops will be erected and these courts should be as popular as those in front of Ridenbaugh Hall.

Coach VanderVeer took his track squad down to Idaho field Monday and from now on all running will take place down there.

Four new nets and four tapes have been ordered for the old tennis courts. The ratchets and center straps are already on hand. Mr. VanderVeer says that the tennis courts have never been in better condition.

Miss Wold had her physical education calls out for a short cross country run, last Tuesday.

Washington State College has asked Graduate Manager Larson to postpone the Idaho-W. S. C. track meet for one week, from May 18th to the 25th. W. S. C. is going to meet either Washington or Oregon on the 18th.

Graduate Manager Larson has been trying to arrange a track meet with the University of Utah to be held at Boise on Decoration Day. The attempt was unsuccessful however as Utah meets either California or Stanford on that date. Mr. Larson wanted this meet so that the men could go directly from Boise to the conference meet at Portland.

### Miners Hear Two Talks.

Last Tuesday evening the Associated Miners met at the Kappa Sigma House and were treated to an informal talk by Bursar Jenkins. Mr. Jenkins followed the active side of mining for many years previous to coming to the University and his way of telling past experiences is very entertaining.

On Wednesday Rush J. White, superintendent of the Federal Mining & Smelting company of Wallace, gave an interesting talk on milling methods. In addition to the Association, representatives from other engineering courses were also present.

## ALL-N. W. BASKET BALL TEAM CHOSEN

Coach Bohler of W. S. C. Makes Choice for Spalding's Official Guide.

Coach J. F. Bohler of the W. S. C. basketball team has been asked to make the selection of the All-Northwest Basketball team for the Spalding's Official Guide this year.

He gives Washington and Oregon each two places and O. A. C. one.

Jamieson of Oregon is his choice for captain. This is Jamieson's second year on the All-Northwest team. Following is the team he chooses:

Forwards—Jamieson, U. of O., and Cooper, O. A. C.; center—Fenton, U. of O.; guards—Staatz and Keeler, both of U. of W.

This is practically the choice of the various coaches in the Northwest although Savage of Washington is given center over Fenton in one case, Fenton being shifted to forward. Idaho or W. S. C. did not get any places on the mythical five. Bohler gave Savage of the U. of W., Matson and Burdock of O. A. C., Sims of Oregon, Williams of W. S. C., and Loux of Idaho honorable mention.

### That O. A. C.-Oregon Squabble.

Oregon and O. A. C. resumed athletic relations again during basketball season and as a result they are scrapping again. The trouble hinges on the basketball championship. Following is the standing of the two teams at the close of the season:

	Played	Won	Lost	Percent.
O. A. C.	11	9	2	.819
Oregon	10	8	2	.800

From the percentage column it looks like there was no question as to who is the champion. But Oregon contends that O. A. C. scheduled games with teams known to be weak in the conference for the purpose of "padding percentage." The teams referred to are W. S. C. and Idaho.

O. A. C. claims that they did not solicit the two games played with Idaho and Washington on January 23 and 27, but agreed to them only after Graduate Managers Larson and Anderson had requested it, and then only because Idaho and W. S. C. stated emphatically that all games in Oregon would have to be cancelled unless O. A. C. added the extra games to their home schedule.

Graduate Manager Larson is in receipt of a letter from Dr. E. J. Stewart, director of physical education at O. A. C. asking for an official decision from the conference representatives to settle the question of the championship.

Mr. Larson and Coach Griffith will have a council and decide as to the merits of the case and reply to Dr. Stewart's letter. The mat-

## INLAND EMPIRE TEACHERS' ASSN.

Many Idaho Professors And Students Attend Big Convention in Spokane Last Week.

The fourteenth annual meeting of the Inland Empire Teachers' Association held forth at Spokane last week. A splendid spirit prevailed throughout the convention. Between fifteen hundred and two thousand pedagogs were in attendance.

Dr. G. Stanley Hall was the chief speaker. Dr. Hall is one of the real leaders in education in the United States. He made five or six addresses during the convention. Dr. A. E. Winship of Boston, who, during each of the last twenty-five years has traveled over fifty thousand miles was also present and he and Dr. Hall made a great pair. Dr. Winship said that the Inland Empire Teachers' association had an absolutely unique position in the educational circles of the country, and he made the statement that were no other four states that could hold a convention such as this one was.

One of the big events was the schoolmasters' club which held forth at the Spokane Hotel. The women in attendance held their banquet the same night.

All of the college presidents of the northwest were present with the exception of President Campbell of Oregon. A meeting of the deans of women was held, which Dean French of Idaho attended.

The credit for the success of the convention belongs chiefly to Dr. Wayne P. Smith, superintendent of schools at Wallace, and to Ph. Soulen, professor of education at Idaho, who are on the executive committee. The next meeting will be held in Spokane and Bruce M. Watson has been elected president of the association for the ensuing year.

The following professors were present from Idaho: President MacLean, Nicholson, Iddings, Olin, Lehman, Aldrich, Eldridge, McCutcheon, and Dean French. Among former Idaho students and alumni present were: George Curtis, Fred Lukens, Chas. Montandon, Ivy Curtis, Ivy Curtis, Ruth Hunting, Elizabeth Dunn, Harry Driscoll and Frank French. In speaking of the convention, Secretary MacLean of the Spokane chamber of commerce said that it was the biggest convention ever held in Spokane.

ter will probably be decided by the decision of a majority of the colleges in the conference. Anyhow it is an entertaining little amusement for the rest of the colleges in the Northwest.

## TRACK TRY-OUT LAST SATURDAY

**Some Good Material Brought Into The Lime-Light. Prospects Not Encouraging.**

In a curtailed track meet held on the cinder track on Idaho Field last Saturday afternoon, some good material was brought to the front. The runs were all shortened, as the men have not been out long enough to undergo the full distances and besides this was the first time they had been down on the field.

The track was in very poor condition, scarcely any work having been done toward getting it into shape.

Ernest Loux, '13, was the star of the meet, getting two firsts and one second. Loux was only out ten days all last season and this was his fifth time out this year. "Had he started in when he was a freshman, he would be the best all around man in the northwest today," said Coach Vander Veer. The coach was pleased with Harris' work in the broad jump and with George Scott in the high jump. Scott cleared five feet five with scarcely any effort, but this is as high as the coach would let him try so early in the season.

The meet was interesting and the attendance was good among the male portion of the college, but the co-eds were conspicuously absent.

Following are the results of the meet:

60-yard dash, Hunter 1st, Loux 2nd, McGregor 3rd, time 7 sec.  
300-yard run, Loux 1st, Hunter 2nd, McGregor 3rd, time 34 sec.  
660-yard run, Danning 1st, Myrick 2nd, Jessup 3rd, time 1 min., 40 sec.  
1000-yard run, Myrick 1st, Youngs 2nd, Redeker 3rd, time 2 min., 40 sec.  
Shot-put, Loux 1st, Phillips 2nd, Keefe 3rd, distance 37 ft. 6 in.  
Broad jump, Harris 1st, Scott 2nd, Davis 3rd, distance 19 ft 11 1/2 in.  
High jump, Scott 1st, Beier 2nd, Myrick 3rd, height 5 ft. 5 in.

Officials—Vander Veer, referee; Watts, starter; Perkins, Edmundson and Griffith, judges.

### ABOUT THE CAMPUS.

In the number of the Pacific Builder and Engineer for March 23, Dr. Little's paper on "The Cost of Good Roads" is printed in full.

It is understood that an assessment of \$2.50 has been levied on all of the Prep boys who attended the Prep Squall to meet the deficit. An assessment of fifty cents was levied on the Prep girls for the same purpose.

At present there are forty-three students attending the preparatory department.

Miss Delta Sloneker of Lewiston Normal spent Sunday in Moscow visiting at the dormitory.

The Lewiston Land & Water company has invited the horticultural classes to inspect its orchard. Arrangements have been made to go next Friday evening and all interested in horticulture are urged to attend. This trip will be required of students after this year.

George Campbell visited in Coeur d'Alene last week.

Mr. R. White, the Coeur d'Alene mining man, was the guest of Kappa Sigma while in Moscow.

Misses Gerhart, Davies, Kennedy and Tuttle of the Lewiston Normal, spent the week end in Moscow visiting friends.

M. B. Boothby of San Francisco is visiting at the Phi Delta Theta House.

Guy Sheets, instructor in the Colfax high school, who has been visiting at the Theta Mu House, returned home Sunday.

Miss Marie Cuddy, '03, who has been visiting at the Gamma Phi House, left Saturday for her home in Boise. Miss Cuddy was a charter member of Alpha Delta Pi.

It is understood that dance number 14 will be the Freshman Special, Friday evening. The music for this dance is "The Wedding of the Roses."

The senior girls are wearing the mortar-board caps of commencement time and it is a reminder that commencement time is not so very far away. There are only ten weeks of school left and one of them is spring vacation.

Mr. W. C. Smith, chief engineer of the I. W. & N., will be unable to address the Society of Civil Engineers Wednesday evening, April 17. There will be no meeting on this date.

The faculty of the College of Engineering has been working on the different courses in their departments. The requirements for graduation with a degree of B. S. (Mining) have been cut down and the requirements for a degree of B. S. (C. E.) have been slightly raised.

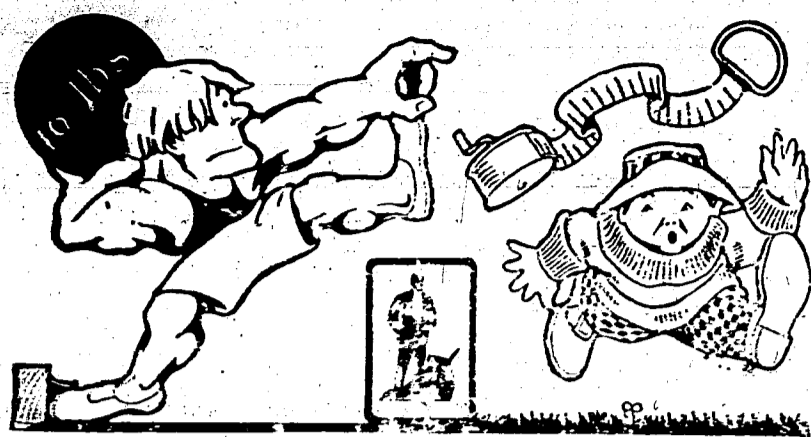

Mr. H. B. Kinnison was a visitor at the Zeta Delta House last Wednesday and Thursday. He had been in Portland and stopped over at Moscow while returning to his home in Payette.

The Preps had a little dance in the Gymnasium last Wednesday during Assembly period.

A number of college students attended the dance given by the Catholic ladies at the Knights of Pythias hall, Monday night.

DON'T be led astray or influenced by others. It is the Hotel Moscow Barbers for workmanship.
