NUMBER 30

COEUR D'ALENE POPULAR PLACE

Cadets Spend Enjoyable Week
There Despite Unfavorable
Weather.

The cadets left the armory at 9:20 Monday morning marching by the dormitories and sorority houses playing "The Girl I Left Behind Me," took the train at the Inland depot on the special cars after the customary hot handing of the cadet officers. "Lifty" and the train crew arrived at 1:20 in Coeur d'Alene somewhat tired and hungry. After a stop of some twenty minutes, during which a selection of the site for the camp was made. The cadets were marched to the parade grounds of old Fort Sherman, a place abandoned and fallen into ruins. With a right good will the company's streets were laid out, the tents distributed and erected; drays meanwhile having deposited much of the baggage on the grounds. The setting out and arrangement of camp occupied the entire afternoon until about five o'clock, when first call for parade and assembly were sounded and the cadets, by this time in blue uniform, fell in for parade. The first parade was held in the city park, an almost impossible place for such a ceremony, but it was gotten thru somehow. Marching back to camp, guard mount was held and mess call sounded. The cadets were then free for the evening.

The Combs Club, an organization of the Coeur d'Alene high school students for social purposes, entertained the cadets that evening at a dance in the Masonic Temple of their city. The function was very splendid in all details—the only regret being that not more cadets attended. Here the college cadet first showed his college training. Taps sounded fifteen minutes after the call to quarters, at 11:00 P. M.—too early for practical purposes.

Tuesday morning reveille at 6:00 A. M. How hard it was to get up! Cold too. Then assembly of companies, and, before one was thoroly awake, to march out and freeze doing two sets of Butt's and the Set manuals. But all things can be borne, and at 7:00 A. M. came mess call with no more discomfort until 8:00 A. M. when company and battalion drill took up the time until noon. On succeeding days outpost advance and rearguard and problems in attack and defence varied the forenoon drill. Mess call at 12:00 and freedom un-

(Continued on page 5)

MANY HIGH SCHOOLS EN- TERED IN INTERSCHOLASTIC

Final Arrangements Are Being Completed for Big Meet Thursday and Friday.

Professors Larson, Griffith and Vander Veer have been working hard on the coming interscholastic meet, during the past week. Final arrangements are nearing completion. Practically all of the entries have come in from the different high schools. In all there will probably be fifteen or sixteen schools take part in the third interscholastic. Professor Stewart, who is the head of the committee, and who has been attending to the details, is out of town on an inspection trip of the high schools of the mining districts of northern Idaho, but is expected back today. The admission charge this year will be fifty cents per head to the finals and thirty-five cents to the preliminaries, or a combined ticket will be sold for seventy-five cents. With the price of admission so low as this, there is no excuse for any person connected with the university not attending.

President Buffington of the A. S. U. I. will call a special student assembly Wednesday at the regular assembly hour. This will be in the form of a rally, and tickets will be sold. Everybody should come prepared to buy.

Following are the officials appointed by the committee in charge of the meet:

Referee, C. W. Vander Veer; starter, J. G. Watts; clerk of the course, Denning; assistant clerks of the course, Favre, P. Perkins; field judges, weights, Lonx, Phillips, C. H. Buffington; scorer, Harris; assistant scorers, Regan, Muller; announcers, Griffith, E. Perkins; inspectors, Axtell, Johnson, Patterson; timers, Vander Veer, Larson, Wilber; field manager, R. D. Leeper; ground keeper, Jas. Harris.

It is planned, if possible, to have Lieutenant Cathro detail a squad of cadets to keep the crowd back. This plan worked very successfully two years ago. Last year this was not done and there was considerable trouble keeping the immense crowd out of the way of the participants of the meet.

Following is a list of the entries received to date:

Boise—Carley, Gerlough, Nourse,

Davidson, Berry, Nugent, Cunningham. Coeur d'Alene—Colquhoun. Bhan, Dewald, Hopkirk, Cooke. Barne, McEwen, Purdy, Bonneville, O'Rourke, Bartges, Ellis. Proudfoot, Hopson, Frazier, Danby, Sanders, Olson. Genesee—Keane, Armstrong A. Wardrobe, Sweeney, H. Schooler, M. Wardrobe, Bressler, Martinson, J. Wardrobe, I. Schooler. Lewiston—Thompson, Hartford, Nave, Bevis, Axelson. Mullan—Newbury, Barton, Anno, Johnson, Huston, Watson, Carson, Foss, Connors, Wheatley. Moscow—Gano, Frantz, Childers, H. Collins, Smith, Poe, Wright, Larson, E. Collins, Stillinger, Nankervis, Thomas, Lander, Wallace—Murphy, Evans Pifer, Miller, Tabor, Bernard, Hoyer. Pocatello—Swanson, Mullen. Sandpoint—Whitaker, Vaillancourt, Pennington, Rhodes, Skivington. Nez Perce—(Entries not received.) Grangeville—Michals, Dehaven, Munro. Wardner—Macey, Wilcox, Jones. Twin Falls—(Entries not in). Rathdrum—(Entries not in).

The preliminaries will take place Thursday afternoon at two-thirty. The finals will take place at the same hour on Friday.

Friday evening will be the evening of the first performance of the "Rite of Penzance," and the medals will probably be awarded right after the performance, or immediately before.

At the last minute it was decided to let Colfax enter a team in the meet. This is the only town which will be represented outside of the state. It is understood that Colfax has a good team this year, having won a dual meet from Pullman High last Saturday.

Professors Inspect High Schools.

Professors Hulme and Lehman left the first part of the week to inspect the high schools of the southern part of the state. Professors Tull and Soulen will leave Friday for the southeastern corner of the state. The state has been divided into five divisions to make the inspection simpler. Professors Stewart and Nicholson will visit the northern end of the state.

DELTA GAMMA HOLDS FORMAL

First Annual Dance Given by
Nu Chapter of Delta
Gamma.

One of the most brilliant social events of the college year occurred Friday evening, April nineteenth. It was the first annual dance of Nu Chapter of the Delta Gamma sorority. In addition to the full membership of the chapter—numbering twenty-five—many other girls and women were present so that in all about fifty-two couples were on the floor.

The patronesses for the evening were Mrs. Denning, Mrs. Curtis, Mrs. Shields, Mrs. Clarke, Mrs. Brown, Mrs. Eldridge, Mrs. Hodgins, Mrs. Carithers, Mrs. MacLean and Miss French.

The music by Sterner's orchestra was delightfully sweet and appropriate. Interposed among the twenty-two dances was a special for each of the four fraternities and the Delta Gamma special. During the Delta Gamma special the lights were turned low and the faint odor of incense stole thru the hall from an altar provided over by two little Japanese ladies as high priestesses. Immediately behind the altar and illuminated by the flames of the burning incense was a shrine bearing cryptic characters which were the Japanese symbols for "Delta Gamma." Banked behind the shrine and everywhere around the room flowers were dimly visible in the illusory light, suggesting the cherry blossoms of Japan. Amid the entrancing strains of the "Misereere" from Il Trovatore and the rustle of the whirling dancers it was hard to believe that one had not been magically transported to a corner of a Japanese fairyland.

The crowning glory of the evening was the decorations. The motif was Japanese throat and altho the work entailed must have been enormous the result amply justified the means for it seems safe to say that few who attended the ball will ever forget the scene as it first met their eyes. Masses of chrysanthemums of various shades were heaped everywhere in a riot of tasteful profusion. The entrance of the hall was hidden with Japanese screens and the wall opposite was draped with a lattice work of soft pink and white fabric. Tea was served from a garlanded bower near the entrance by two little girls in quaint Japanese attire. Directly opposite, a se-

An Interscholastic

A golden opportunity. But no Inter-scholastic unless the opportunities it presents are grasped. A little original boosting for his Alma Mater are the marks of the Idaho student. If you do none of this, you aren't Idahoan. Get busy. These are not college students you are to meet, but more impressionable individuals, patriotic, who love their own state institutions when shown that their allegiance there lies. Every person in the University is a committee of one, of which he is chairman, to show our University, to talk our University and to imbue with attachment for our University every student who comes here.

An Interscholastic? Well, maybe.

Professor Clyde Tull is writing an historical sketch of the University for the Journal of American History, which is a ten volume history of American civilization now in course of preparation by the Board of Historical Researchers.

The band concert attracted many students to the park Sunday afternoon. About half of the town band is composed of college students.

Arthur Perry Beckner, '11, associate editor of the Argonaut last year, will enter the teaching service of the Philippines in a short time. Mr. Beckner has been teaching in the Potlatch high school during the past year.

J. D. Davis, '13, delivered a sermon at Juliaetta Sunday.

There will probably be a big tennis tournament held on the University courts the last of this month. All the towns of Latah county will participate. The purpose is to choose the players who will represent the county in the big tournament at Lewiston in June.

The Misses Mattie Heer and Eva McFarland spent vacation week in Spokane. They were the guests of Miss Kate Sexton.

Lulu Curtis was the guest of Dorothy Boville in Coeur d'Alene during vacation.

Harriet Wildenthaler '15, spent her vacation at her home in Lewiston.

cluded cozy corner, hung with Japanese etchings and posters, afforded a comfortable haven for those who were not dancing. All around the room were couches and divans. During the evening a light supper was served on the stage which had been transformed by screens, flowers and lanterns into a vision of loveliness.

At about one-thirty the strains of "Home Sweet Home" announced to reluctant ears that the most delightful of evenings must have an end.

Professors Have Salary Raised.

The Board of Regents at their annual spring meeting, granted faculty members an increase in salary of between six and seven per cent. According to the new schedule, professors will receive from \$2000 to \$2400; associate professors, \$1600 to \$2000; and assistant professors \$1200 to \$1400. These increases were necessitated by the higher cost of living and by the numerous offers received by university instructors for employment elsewhere at higher salaries.

IMPROVED LIVE STOCK FOR IDAHO

University to Import Cattle from the East for Idaho Statesman.

The Regents of the University of Idaho at their recent meeting in Moscow, gave some very earnest consideration to the subject of live stock improvement. Realizing the very active demand on the part of the farmers of the state for improved live stock, and the great difficulty experienced in getting such stock from the eastern states, the Board authorized Dean Carlyle of the agricultural department to take steps to, in some measure, supply this demand for good stock at reasonable prices. Funds were provided and plans approved for bringing to Idaho several shipments of pure bred live stock of the different breeds and types. The plan in brief is, to have the experts in the agricultural department purchase these cattle in the east, or wherever they can be secured to best advantage, bring them to Idaho and dispose of them at auction. Any section of the state that may be interested may have a shipment of this stock and an auction sale.

For the initial shipment it was thought best to purchase nothing but dairy cattle; and, for this shipment Dean Carlyle and Prof. Ellington will leave for the east in a short time, and will personally select 80 head of choice cattle to be shipped to Moscow about June 8th, and will offer them at auction at the university farm on Saturday, June 15th. The shipment, according to the present plans, will consist of equal numbers of high grade and pure bred cattle. The Holstein, Jersey and Guernsey breeds will probably all be represented. There will also be some choice young bulls. If the initial venture is successful financially and otherwise, shipments will be made during the summer to other sections of the state. The Regents believe that by this method the best types and breeds of live stock may be secured for our farmers at reasonable prices, and that the best interests of the live stock of the state may be safeguarded in the care that is exercised in the selection of the stock so that no inferior animals may be introduced, and that our breeders may be protected against the introduction of diseased animals. Any section of the state may secure a shipment of any kind of live stock desired and an auction sale by making arrangements with the agricultural department of the university.

During the latter part of last week a dozen law students went to Elk River as guests of the Portlatch Lumber company to inspect the big mill at that place.

A week before vacation several horticultural students were guests of the Lewiston Land & Water company of Lewiston, Idaho. After an automobile trip thru the tracts dinner was served at the company's big camp. In the afternoon Prof. Thornber conducted a trip of inspection about the camp, thru the spray factory and over the orchards. The greatest courtesy was shown the students who obtained much valuable information by their excursion thru the thousands of acres of orchard. The following were in attendance: Prof. Starring, A. D. Wicher, Seymour, E. C. Hall and Clyde Heard. Hereafter this trip will be included in the regular requirements of the horticultural department.

Rehearsals of the junior opera, "The Pirates of Penzance," to be produced at Egzan's hall on the nights of May 3rd and 4th under the direction of Prof. E. H. Storer had to be called off last week on account of the absence of a part of the cast, who spent the spring vacation at home. Professor Storer went to Spokane but has returned. Special scenery is being constructed in Spokane and the costumes are to be the best ever seen in the city.

UNIVERSITY RECEIVES PRAISE

Dr. Kendric C. Babcock of Bureau of Education Praises Quality of Work.

The excellent quality and wise adjustment of the work of the University to the needs of the state are features which impressed Dr. Kendric C. Babcock, a specialist in higher education of the United States Bureau of Education, who made an inspection of the University last winter. The centralizing of all departments, including the College of Agriculture, at one place appealed to him as sound policy. The only ground of criticism mentioned by Dr. Babcock is in regard to the entrance requirements, which have recently been changed in accordance with his recommendation.

Dr. Babcock writes of his inspection:

"The University of Idaho surprised me by the excellent quality of its equipment in buildings, grounds and laboratories. It appears to have made a wise and vital adjustment of its work to the needs of its Commonwealth and at the same time to have maintained and enforced in recent years standard entrance requirements. In fact, the rigidity with which it endeavored to enforce a sixteen-unit requirement, when other strong institutions were content with fifteen, was one of my grounds of criticism of the University.

"The quality of the faculty is surprisingly good, both as to training and experience. Conditions are such that it has a better degree of stability than have several other of the state universities of the west. The fact that the University of Idaho is the single unified institution of higher education in the care of the state gives it a distinct advantage.

"By way of summary of my impressions, I should emphasize the soundness of its foundation and support, the sincerity of its administration and work, and the promise of its progress paralleling the growth of the state."

Attendance is 550.

President MacLean's report on attendance shows that five hundred and fifty students were enrolled at the University this year. They are distributed among the various departments as follows: Liberal Arts, two hundred and twenty-six; Agriculture, one hundred and thirty-one; Engineering, one hundred; Law, thirty; and preparatory students, fifty-nine. An attendance of between one hundred and fifty and two hundred is expected at the summer school for teachers which opens June 7.

ABOUT THE CAMPUS.

George Scott, '14, was forced to return from encampment at Coeur d'Alene on Thursday on account of sickness.

Judge Carl Davis of Boise, a former university student and president of the University Club at Boise, was a visitor in Moscow last week and called on many of his old time friends.

Miss Alice Chase, '14, has left school for the year and returned to her home at Coeur d'Alene on account of the illness of her mother.

Miss Permeal French, dean of women, left Saturday, April 20th for a three week's trip to southern Idaho. She will inspect the high schools in the southern part of the state.

Judge O. E. McCutcheon, dean of the law department, delivered an address on Phases of Law's Delay before the civic club last Tuesday night.

Professor Phillip Soulen of the Department of Education returned from his inspection trip of the high schools of the southern part of the state Friday, a couple of days earlier than was his intention, because of the serious illness of his little daughter.

The Alpine Land & Orchard company of Clark's Fork, Idaho have employed Joseph Sudweeks, '12, to superintend the pruning of their fifty acre orchard. Mr. Sudweeks spent the holidays at the work and will return to the employ of the company after graduating.

Prof. Temple spent the holidays superintending the spring work on his farm in the Kootenai valley.

Mr. Xerlin Kinert, a one year dairy student, has accepted a position as superintendent of a creamery at Moose Jaw, Canada, at a salary of \$100 per month.

Mr. Fawcett of the horticultural department has returned from southern Idaho where he has been inspecting seed houses for the past two weeks.

Prof. Childers, formerly Idaho's agronomist, is now superintendent of the large Clagstone ranch in Bonner county.

Entertained at Dinner.

The Phi Delta Theta fraternity entertained at a dinner party at the fraternity house on University Hill Wednesday evening. Those present were: Misses Cooper, Petolina, Grace Bolger, Harriet Bolger, Chase, Holaday, Rudesill, Costley and Mrs. Denning; Messrs. Farris, Parker, Cornwall, Watts, Denning, Curtis, Soulen, Whitten and Morgan.

COEUR D'ALENE POPULAR.
(Continued from pag 1)

til 4:30 when first call for parade was blown.

Such was the life at Camp Wood—so called in honor of Mayor Wood of Couer d'Alene. Sometimes it rained. Very rarely did this interfere with the drill however. And Friday afternoon it so moderated in temperature that the cadets gave their second and farewell exhibition drill on Main St. with white trousers as part of their dress uniform. Wednesday the Battalion was treated to a surprise in the way of a luncheon at the home of C. B. Moon a former student of the University and cadet officer of the battalion now city editor of the Coeur d'Alene Press. The cadets after a hard morning in outpost work fell in in dress uniform and marched to the Moon residence at 12:00 M. After being royally entertained for upwards of an hour the cadet band played several spirited selections, the cadets demonstrated their appreciation of the hospitality accorded them in their usual fashion and marched again to camp.

Thursday evening Mr. Bruce Cyr. ex-'14, delightfully entertained a party of the cadets at dinner. Other little entertainments were given by Coeur d'Alene residents to our boys and were very much appreciated. Launches and row boats did a flourishing business every afternoon, rain or shine—the boys could not keep off the water.

Wednesday evening the cadets entertained at a dance in the pavillion in the city park. Friday evening a second dance in the pavillion was given in honor of the cadets. These functions are bright lights in the week's work to all cadets.

To tell all the cadets had in Couer d'Alene in the way of a good time is impossible. Some of it may be gathered from the following phrases, which are already becoming old and relegated to the ranks of slang expressions. They are true indications of memories of a good time: How about the girl with the cross guns? A select bunch of "non coms" report a sociable "feed" Friday morning. If Dutch knew that "Cap" had no oake, would the latter have been caught? Stub trained on encampment Friday. Don't say I used profane language. Can Co. "A" drill when they want to? Yea. Bo! Who took Monty's oake from the lake? I got in last night at four today. How many dances ahead—15—? Why are blank cartridges? Did "Cap" find his guard Friday night? Did Stone change his chevrons? They say E. E. could not appreciate a hot hand when he had eaten no oake. Hot hand the Major. That classio air, Casey Jones. They say Lewis was on guard—at mess time. Who ate

nine eggs? Did you hear Lowry? Who ever heard of twenty-five demerits for fussing? I'm sturgeon of the guard. Who swiped my fork? Hot hand the snare drummer! Mess is ready, sir.

A five o'clock reveille Saturday morning—enroute on the train at 9:00 A. M. and in Moscow at 2:30 P. M., tired, out of spirits and weary—but there was a good time.

AT ASSEMBLY.

Professor Stewart, of the Geology Department, addressed the students at Assembly Wednesday on the importance of geology in the development of the state. He dealt especially with the relation of geology to the mining industry in Idaho.

A vocal solo by Dean Eldridge preceded Professor Stewart's lecture.

"Billy."

It was last Wednesday at about 11:15 a. m. that Dr. Steinman took a notion to go home. He went over near the Gymnasium to get his horse, "Billy," and for some reason or other "Billy" wasn't there. After a few minutes search the Doctor struck out for town singing merrily, "Has Anybody Here Seen Billy?" A few minutes later Billy was found in the field west of the Gym.

IN THE GYMNASIUM.

The two new tennis courts near the gymnasium have not yet been completed on account of bad weather. Work will continue as soon as the weather conditions will permit.

Among the men tennis players who are showing up well are Hoobler, Jordan, Humphries, David, Durrle and C. H. Buffington. Among the girls those doing better work than the average are Helen Denecke, Ruth Annett, Rose Sieler, Elizabeth Hays and Winifred Brown.

Miss Wold did not hold her regular gymnasium class Monday.

Cinders have been placed on one of the four tennis courts as an experiment. The cinders are rolled into the ground, and help keep the surface good. They are a little hard on shoes and balls, though.

W. S. U. defeated Whitman in a close exciting track meet at Walla Walla Saturday. There was only a few points difference in the final score. The relay race was a dead heat.

Moscow high school took fifth place in the interscholastic meet held at Lewiston last Friday. Gano took first in the broad jump and second in the fifty. Nez Perce won the meet.

Is your face tender? Let Russell shave you and you will have no trouble at all with it.

SOPHOMORES DEFEAT FRESHMEN

Sophomores Take Close, Exciting Game by a Five to Four Score.

League Standings.			
INTER-CLASS LEAGUE			
	Won	Lost	Percent
Seniors	1	0	1.000
Sophomores	1	0	1.000
Faculty	0	0	.000
Juniors	0	1	.000
Freshmen	0	1	.000
INTER-FRATERNITY LEAGUE			
Non-Fraternity	1	0	1.000
Phi Delta Theta	0	0	.000
Theta Mu Epsilon	0	0	.000
Kappa Sigma	0	0	.000
Zeta Delta	0	1	.000

In the second game of the inter-class league the sophomores defeated the freshmen by a score of five to four. The game was fast and exciting the whole way through. The strength of the freshmen was underestimated by many. The sophomores made two runs in the opening inning on three consecutive singles by Hughart, Gray and Dippel mixed in with a stolen base and a passed ball. In the fourth inning they garnered two more by two singles and two errors on the part of the freshmen. In the next inning they made their final score on a corking three-bagger by Gray and a put-out.

The freshmen made two of their scores in the fifth inning on two hits, one a two-bagger by McEvers, and a man being hit by a pitched ball. The freshmen came very near tying the score in the seventh inning when Anderson hit safe, Gerlough got on first through the kindness of Dippel and Helfrich hit for two bases. The best Burns could do was to fly out to Hughart, ending the game with the score five to four. Following is the way the game looked in figures:

FRESHMEN	A.B.	R.	H.	P.O.	A.	E.
McEvers, 2b	4	0	2	3	0	0
Helfrich, 3b	4	0	1	2	1	0
Burns, ss	4	0	1	0	2	0
Humphries, lb	3	0	0	4	0	0
Zabel, rf	2	0	0	0	0	0
Hawley, rf	1	0	0	0	0	0
Beier, cf	3	0	0	1	0	0
Kinnison, lf	1	1	0	2	0	1
Anderson, c	3	1	1	6	0	0
Gerlough, p	2	2	1	0	1	1
*Mitchell	1	0	0	0	0	0
Totals	28	4	6	18	4	2

*Batted for Kinnison in 7th inning.

SOPHOMORES	A.B.	R.	H.	P.O.	A.	E.
Hughart, ss	4	2	2	2	3	0
Gray, 2b	4	2	2	4	1	0
Dippel, 3b	3	1	1	0	1	1
Curtis, lb	2	0	0	4	0	0
Favre, rf	3	0	2	0	0	0
Kinnison, cf	3	0	0	1	0	0
Knutson, lf	3	0	0	1	0	0
Robinson, c	3	0	1	8	1	0
Hayden, p	3	0	0	1	1	0
Totals	28	5	8	21	7	1

Summary—Two-base hits, Gerlough, Helfrich; three-base hits, Gray; passed balls, Anderson 1; bases on balls, off Gerlough 1, off Hayden 1; hit by pitched balls, by Hayden 1; struck out by Hayden, 9, by Gerlough, 5; Stolen bases, Gerlough 1, Hughart 2, Robinson 1, Dippel 1; double-play, Gray to Hughart; umpire, Griffith; time of game, 55 minutes.

NOTES OF THE GAME.

The tail end of the batting list made all the runs for the fresh-

men while the head end of the list made the runs for the sophomores.

The fielding was remarkably clean, but there were several chances where it was either a case of giving the fielder an error or the batter a hit. The chances went for hits.

The first hit made by Hughart was rather remarkable. The ball looked like it was going away out to center, but the wind was strong and the ball dropped almost perpendicular, only a few steps behind Burns.

Gerlough handles himself nicely in the box. He seems to have lots of confidence and uses his head nicely. He had a broad smile for Robinson the first time the latter stepped up to the plate and he did strike him out. Gerlough and Robinson worked together one season as battery for the Boise High. The second time up Robby got a clean single.

Captain Helfrich received a nice hand when he delivered his smashing two-bagger in the last inning. He also handled all his chances on third in fine shape. Helfrich is easily variety material. The freshmen will have the strongest outfield in the league when Lattig gets back in shape. The sophomores probably have the best infield and best battery. The freshmen are a trifle weak behind the bat as Anderson's ~~run~~ does not seem to be in shape.

The sophomores will have easy sailing henceforth as their hardest game has been played. The freshmen will probably win all their remaining games also.

Captain Curtis had hard luck in his batting. Out of three times up he fouled out to the catcher once, flew out to the second baseman and walked the last time up.

All Boise went to see the exhibits at the Kirmess conducted by the women's clubs of the city. On the first night according to the Statesman, Professor Hulme spoke on the university—of its college of letters and science, and of its various professional courses, such as law, the various branches of agriculture, forestry and engineering; of the equipment of the university for the carrying on of its work; of its faculty; of its students, and of its achievements. Professor Hulme's talk told of the multivarious way in which the university is the servant of the state, and one realized as never before something of the effectiveness of the service. Professor Hulme was most happy in his manner of addressing his audience.

"THE COLLEGE STORE"

Young Men of Today

have got to be well dressed in order to get ahead.

Employers rightly judge that a young fellow careless in his attire will be so in other respects.

Our Young Men's Suits are the kind that give that smart, up-to-date appearance employers like to see.

Better see the Suits.
