NUMBER 32

ENSEMBLE CON- CERT DELIGHTS

The Concert Given at Guild Hall Last Friday Fully Up to Expectations.

With Herbert Riley, cellist of the Berlin Trio as soloist, the faculty of the music department of the University of Idaho, last Friday evening gave Moscow a delightful musical treat in its Ensemble Concert. Although unfortunately but poorly attended the concert was an artistic success and a brilliant one.

The message of the concert was, of course more to the students of music than to the unknowing, and the brilliant selections of the program exhibited a wonderful technical skill in a texture of harmonic beauty.

The equal of Mr. Riley as a cellist has never been heard in Moscow. A technical master of his instrument, his exquisite sympathy in interpretation makes him a master in fact. Whether in the sonorous measures of the andante from the Haydn Concerto, in the delicate fairy grace of the Cecherini "Minuet," the canorous, memory-haunted "Le Cygne" of Saint-Saens, or the passionate fire of Popper's "Spanish Dance," which composed his solo-suite, Mr. Riley's artistry manifested itself upon the firm basis of a deep, broad sympathy. His spirit, and the spirit of his beloved instrument were, with the composer's, one.

Although not in his best voice, Mr. Storer's tenor solo, the tenderly beautiful "Prize Song from the Master Singers" was one of the delights of the evening, and the accompaniment by Miss Campbell was excellently played. Mr. Storer was suffering from a slight hoarseness which prevented doing justice to his splendid tenor, but the solo was received with generous applause and the singer was forced to respond to an encore in which, as always, he was also an artist.

Of the Greig Sonata in F, Op. 8, the Allegro con brio movement was played by Mr. Collens and Mr. Maguire with a splendid compelling spirit, although the interpretation of the violin phases of the Allegretto quasi Andantino movement preceding, seemed scarcely adequate to the delicate whimsy of the Grieg spirit. In the Mendelssohn "Trio in D minor," the exquisite haunting melody, particularly in the Andante con moto movement was sym-

(Continued on page 2)

WHITMAN DEFEATS IDAHO IN DUAL TRACK MEET

Relay Race Decides One of the Closest Contests Ever Held on Idaho Field, Two Idaho Records Broken.

Saturday afternoon by a score of 74 to 66, Whitman won the dual track meet. The meet was close and exciting the whole way through, neither team ever leading by more than ten points.

Idaho has a well balanced track team this year. The team may not be as strong in the sprints as it was last year, but it is much stronger in the weights. Buck Phillips broke two Idaho records, the hammer throw and the javelin throw. Phillips threw the hammer one hundred and twenty-five feet and seven inches, and the javelin one hundred and fifty-seven and one and one-half inches.

Bowres of Whitman was individual point winner, with Barrett, the distance man, second. Buck Phillips was the individual point winner for Idaho, taking twelve points.

The crowd was not as good as it should have been, as there were only about a hundred and sixty eight paid admissions. This is the last track meet to be held on Idaho Field this year. Saturday, May 25th, the team goes to Pullman to meet W. S. C. Many of the Idaho supporters will no doubt go along. W. S. C. has a strong team this year, having defeated Washington by a large score.

Following are the results of the events of the meet:

100-Yard Dash—Kinder, W., 1st; Watts, I., 2d; Loux, I., 3d. Time, 10 seconds.

Hammer Throw—Phillips, I., 1st; Neil, W., 2d; Harris, I., 3d. Distance, 125 feet, 7 inches.

Mile Run—Barrett, W., 1st; Myriok, I., 2d; Warren, I., 3d. Time, 4 minutes, 48 seconds.

High Jump—Scott, I., 1st; Hill, W., 2d; Harris, I., 3d. Height, 5 feet, 7 inches.

120-Yard Hurdles—Watts, I., 1st; Bowers, W., 2d; Davis, I., 3d. Time, 17.05.

Broad Jump—Harris, I., 1st; Potts, W., 2d; Hunter, I., 3d. Distance, 22 feet.

200-Yard Dash—Bloomquist, W., 1st; Kinder, W., 2d; Thompson, W., 3d. Time 24 1/2 seconds.

Pole Vault—Bowers, W., 1st; Scott, I., 2d; Hill, W., 3d.

Height, 10 feet.

880-Yard Run—Barrett, W., 1st; Denning, I., 2d; Jessup, 3d. Time, 2.07 minutes.

Discus—McCoy, W., 1st; Neil, W., 2d; Phillips, I., 3d. Distance, 117 feet, 2 inches.

220-Yard Hurdles—Hunter, I., 1st; Bowers, W., 2d; Davis, I., 3d. Time, 25.4 seconds.

Shot-Put—Neil, W., 1st; Loux, I., 2d; Phillips, I., 3d. Distance, 37 feet, 7 inches.

440-Yard Dash—Bloomquist, W., Loux, I., tied; Kinder, W., 3d. Time, 54 seconds.

Javelin—Phillips, I., 1st; Bowers, W., 2d; Huntington, I., 3d. Distance, 157 feet, 1 1/2 inches.

Two-Mile Run—Redeker, I., 1st; Barrett, W., 2d; Myriok, I., 3d. Time, 10 minutes, 30.4 seconds.

Relay Race—Won by Whitman in 3.33.

TRACKLETS.

It looked like a bad start in the 220-yard dash. From the bleachers it looked like the Whitman men beat the gun.

Taking it the whole way through Hammer had good luck in starting the men. The men seemed a little nervous in the four-forty and three or four starts were made.

Youngs ran a splendid race in the half mile. He was only a few feet behind Captain Denning and within two hundred yards of the tape when he collapsed.

Idaho has no pole vaulter this year. It looks like an easy place to make the team. It was lucky Whitman only had one vaulter.

Hunter and Watts have found their events. After training over two years for the dashes, and not doing much, they both made good from the jump on the hurdles.

The weight events for the next three seasons ought to be easy for Idaho. Buck Phillips is apt to capture about two more records before he is out of college.

Bloomquist is one of the strongest runners who ever ran here. The way he finished in the four-forty and the relay was beautiful.

YE SOPHOMORE CLASS PLAY

Fine Work on Part of Players. Play Has Made a Hit Wherever it Has Been Staged.

The Sophomores say they're doing, or are going to do great stunts. Everything is going nicely. Professor Tull and Dr. Moore have selected a cast in which every man is built into and exactly fits his part. Each member has learned his lines, and attendance at rehearsals has been quite regular every evening for the past two or three weeks. Therefore, reason the Sophs, just watch out. H. W. Whitten, Law, 14, is manager. He will make a trip to Spokane Wednesday to attend to the painting of suitable scenery and to attend to other business in connection with the play. Those selected by the coaches for the cast are Misses Irene Tomney, Jeanette Fox, Lulu Vance, Susan Sinclair, Zella Bigham and Messrs. Stephen Regar, Bert Woolridge, Ralph Parsons, Ray Robinson, Walter Scott, Mac Scofield, Chas. Stillinger, Palmer Rogers and Roy Tuttle.

Prof. Corbett Lectures Electricals at Portland.

At the Pacific Coast meeting of the American Institute of Electrical Engineers held at Portland, Oregon, April 16-20, Professor L. J. Corbett of the Department of Electrical Engineering presented a paper on Irrigation in the Spokane Valley, which has been printed in pamphlet form by the Institute.

Professors Have Fun.

Last Saturday evening Professors Aldrich, Eldridge, Little and Hulme were royally entertained by a club at W. S. C., composed of faculty men of that institution. This club, of which our professors were made honorary members during the evening's entertainment, is called "The Wranglers." It is not known just when the professors returned, but it has been ascertained that some of them walked home that evening.

Achle Hahn showed good judgment when he had Barrett run the half-mile instead of Bloomquist, the regular half-miler. He saved Bloomquist for the relay and Bloomquist saved the meet for Whitman.

Harry Redeker received a great hand when he won the two-mile race. He made it possible for Idaho to win the meet. Nearly everyone conceded the two-mile run to Whitman.

If there is a cross in the circle you have not paid your subscription to the Argonaut. Please settle at once.

The example set by Harry Redeker should go down in the history of athletics at the University as a stimulant to harder effort and stronger determination on the part of our young athletes in time to come. Harry would probably be willing to admit that he hasn't a great deal of natural ability as an athlete. Yet in spite of that fact, he won the big two-mile run in the meet the other day and added 5 points to Idaho's total. He received the heartiest applause from the bleachers of any man in the meet, because he had earned his 'letter' thru nothing but hard work and grit, which coach Van der Veer rightly terms "the good old Idaho spirit." Harry has been the talk of the school since the meet and his race will long be remembered. One of the many remarks on Redeker's "stay-with-it-spirit" that was heard on the campus the other day was to the effect that if all the distance that Harry has travelled in training for that "I" in the last four years were measured up it would take him to Europe and back. This is the thing that Harry has done. It is the thing that wins. May more Idaho students be imbued with the same spirit—the manly determination to win at any cost. We do not lack students, we lack something else, rather. Meanwhile give us a few more Redekers.

How about a students' cooperative book store at the University? A private store under student supervision was tried here a few years ago, it is true, and did not serve the purpose for which it was established. But at that time the store was under poor management and was not given a fair chance to prove its merits. Why not try it again next year—place it in the hands of two trustworthy and energetic students elected at the general student election and paid a moderate salary from a slight profit on the books. Perhaps it would be well to have a faculty member as an advisor on the management staff. Such a store would subtract many dollars from the annual expenses of the students of the University. They could get their books at prices very slightly above cost, instead of contributing, as they do at present, toward

the purchase of automobiles and other luxuries for the down town crowd. Here the student price would be left at the store for sale instead of being returned to the garret. Many other advantages of a cooperative book store might be mentioned, but they are so apparent without mention that it is needless to enumerate them. Don't be too ready to condemn the proposition before giving it a fair trial. It works in other schools and would work here. —Contributed.

Mine Rescue Car.
The Bilings mine rescue car of the U. S. Bureau of Mines is spending the present week at the University, is giving mining students and others interested instruction in first aid to the injured. The methods taught are crude and simple, because the means at hand in case of accident are themselves usually crude and simple. The instruction is given in a series of five two-hour lectures, or rather demonstrations, for the work consists more of practice than lecture. It includes the treatment of fractures, arterial hemorrhages, artificial respiration for persons almost drowned, or unconscious from electric shock, or overcome by smoke or gas, the application of bandages, methods of carrying injured persons, the making of improvised stretchers, and other practical work in the care of the injured. The car, which has been making a tour of the Coeur d'Alene mining district, was brought to the University through the efforts of Professor R. S. McCaffery of the Mining Department.

Prof. Tull visited the Potlatch schools Tuesday.

There will be a baseball game tomorrow afternoon between the Theta Mu Epsilons and the Zeta Deltas.

ENSEMBLE CONCERT DELIGHTS.

(Continued from pag. 1)
thetically interpreted, by Miss Hostetter, Mr. Riley and Mr. Collens. With Mr. Maguire at the piano. Mr. Riley and Mr. Collens, the Gade trio in F major was a triumph of tender melody, a symphony of delicate grey and amethystine tones, and completed a program of which the musical department of the University of Idaho may well be doubly proud, proud of presenting the opportunity to hear such music to the people of Moscow, proud of the artistry of its faculty and their contribution to its success.

A LANDSLIDE FOR BORAH

On April 17th the students of the U. of I. held a Republican National convention for the purpose of nominating a candidate for President of the United States. The convention was called to order by the Hon. Parker V. Lucas, of Missouri, who was later elected temporary chairman. Senator Wm. H. Mason, of Arkansas, was made temporary secretary. Upon recommendation of the committee on permanent organization the temporary organization was made permanent by the convention. Resolutions and platform were then read and adopted by an overwhelming vote. This pointed towards the future success of the convention.

There being no further preliminary work the convention was now ready for nominations for president. The first name presented was that of Theodore Roosevelt. When Judge John McEvers, at the end of one of his characteristic speeches, mentioned the name of our former president the enthusiastic cheers of the "Roughriders" shook the walls of the auditorium.

Then with the assistance of a few well chosen sentences from the heights of oratory, Governor B. Ellsworth Davis of N. J. presented the name of Robert M. LaFollette. By this time the convention was at almost white heat with enthusiasm and anxiety. At this point the name of Hon. Wm. H. Taft was incidentally submitted.

But the climax was not reached until Senator J. D. Davis of California, in an oration never to be forgotten, nominated Wm. E. Borah of Idaho. Because of this nomination the hopes of the other candidates were shattered. When after a careful canvas it was found that neither Taft, Roosevelt nor LaFollette stood a show for the nomination their names were withdrawn and Borah was elected by acclamation. It was evident though that if Borah had not been nominated LaFollette would have carried the day.

The admirable feature of the convention was the concord and harmony that prevailed throughout. There was not the slightest discord among the republican ranks. The only disturbance whatever was caused by a few professed democrats whose purpose was to divide and confuse the republicans, but failing to accomplish their designs, they posed in one corner of the hall as a "rump" and pretended to nominate Joe Cannon. But notwithstanding all their efforts, the G. O. P. is still a unit with Wm. E. Borah as its standard bearer for 1912. Nine hats for Borah!

Orrin Good, of Spokane, was a visitor of Zeta Delta last Sunday.

'Nother Idaho Boy Made Good.

The following clipping was taken from the Idaho Register of Post Falls, Idaho, and will be of much interest to many Idaho people:

"Mr. and Mrs. Burkman have issued cards of invitation to the wedding of their daughter, Miss Anna Alida, to Mr. Oliver Price, at their home in the New Sweden vicinity, on Wednesday evening, the twenty second of this month, at half past seven o'clock.

"The elder friends of the family will be asked to be present at the wedding ceremony, while the younger friends of the bride and groom will be asked to attend the reception the following evening. An elaborate wedding supper will be served after the ceremony.

"Mr. and Mrs. Price will make their home at the Burkman home until after the return of Mr. and Mrs. Burkman from abroad this fall.

"Mr. Price makes his home in Kellogg, this state, and is physical director of the Y. M. C. A. at that place."

Mr. Price was of the class of '11, having left early last year to avail himself of the opportunity to become physical director of the Y. M. C. A. at Kellogg. While here at the University Mr. Price was a very prominent as an athlete and as a student leader, being president of the Associated Students when he left. We are sure he carries with him the congratulations of his many friends here and elsewhere in this coming event

SUMMER SCHOOL BOOMING

Many Inquiries Being Received.
Outlook Best Possible.

From three to nine inquiries per day are being received by Professor Soulen in regard to the Summer School to be held at the University beginning June 15th. A hundred and fifty inquiries have already been made. These include inquiries from New York, Minnesota, Iowa, with a representation besides of every county in the state. All railroads entering Moscow have made a fare and a third to those attending the Normal school, an unusual favor to extend over the time necessary to attend a summer school. From all indications the work will have the firm foundation and full attendance of a summer school grounded by several years of full, successful work. This is the second time a summer school has been put on at Idaho, the first one being directed by President MacLean's predecessor, who very successfully conducted it for two consecutive years.

Engineering Profs. Advanced.

One of the actions taken at the meeting of the Board of Regents was that of advancing Associate Professor Larson to a full professorship, with a title of Professor of Mechanical Engineering.

Assistant Professor Steinman has been advanced to the rank of Associate Professor of Civil Engineering.

The Candidate.

Who smiles when'er he meets you
And does not hesitate,
(The wintry winds are blowing
And the bell is ringing eight.)
To lift his hat full gallantly?
Oh, 'tis the candidate!

Who says nice things about you
And asks you for a date!
And tho his call is pleasant
It soon must terminate,
For other girls are waiting
To meet this candidate?

Who brings a politician
And rings your bell quite late
And gets you into such a stew
You must evaporate?
There're many dances coming
And O! you candidate.

You think—you almost dare and
hope—
(These thots our heart elate)—
You think he's truly interested
But ah! you play with fate,
Election's what he's working for
That scheming candidate!

—The Siren.

ABOUT THE CAMPUS.

"My private opinion publicly expressed," says Lifty, "is that it is too nice to be indoors, and I'd rather go fishing."

Courtney, the well-known sprinter of the University of Washington, was a visitor at the Phi Delta Theta house Saturday evening.

Howard Thompson, ex-'14, came up from Lewiston Sunday to spend the day with friends about the campus.

The militia company stationed at Moscow, Company "F," 2nd Inf. N. G. I., has issued invitations for a Military Ball to be given in their Armory next Friday night.

The time of the appearance of this year's college annual will soon arrive. It is likely the volumes will be on sale the latter part of this week.

The annual season has come when two men are kept, at odd intervals, planting dandelions in the campus.

Coach Vander Veer was a guest at the Theta Mu Epsilon House at dinner Sunday.

Parker V. Lucas and W. H. Mason, law students, will attend the Republican State Convention in Lewiston Thursday as delegates. They will leave Wednesday and return Friday.

Professor Nicholson's class in Home Bacteriology has been doing research work.

Mr. E. F. Rinehart, field dairyman for southern Idaho, will remain at the University during the absence of Professors Carlyle and Ellington.

Prof. Wicks recently went to Boise on a horticultural trip.

The Horticultural Department recently set out 1800 hybrid seedlings. This is a part of an experiment that is to run for several years.

Prof. Shattuck and his forestry students are spending a few days in the woods.

C. L. McArthur, having finished his thesis for the degree of M. S. in the Bacteriological Department, has gone to Oklahoma for a month's vacation. After commencement Mr. McArthur will be assistant bacteriologist.

W. R. Wright, M. A. C., 1902, arrived in Moscow on May 2 to accept a position as assistant professor of bacteriology in the University.

George R. Barker, president of the board of regents, is spending some time about the campus today.

BASEBALL DOPE

Four games were played in the interclass and interrat baseball leagues last week, resulting in victories for the Freshmen, Theta Mu, and Kappa Sigma. All the games were more or less loosely played and hardly up to the standard of previous games, fifty-nine errors representing the week's work in that column.

There will be a game every afternoon for the remainder of this week. There is every indication that better ball will be put up for the remainder of the season, as the teams are beginning to get straightened out. The attendance thus far has been encouraging and President Griffith hopes to see more of the students drop in for a while during the afternoon at least.

Freshmen Best Juniors.

Better hitting and cleaner fielding won for the Freshmen against the Juniors Wednesday afternoon. Gerlough was on the mound for the lower classmen, and allowed but six hits, which netted the Juniors four runs. Eleven hits off Perkins with six errors gave the Freshmen ten counters. The hitting of Anderson and Smart was a feature, the former getting two two-baggers and a single, and the latter two singles and a three-bagger. Humphreys accepted 13 chances on first without a bingle. The Freshmen broke into the error column but twice in the game.

The score:

FRESHMEN	A.B.	R.	H.	S.B.	P.O.	A.	E.
McEvers, 2b	4	1	2	0	2	5	0
Helfrich, 3b	5	2	2	0	2	3	0

Summary—Earned runs, Fresh., 4; Juniors, 2. Two-base hits, Helfrich, Anderson 2. Three-base hits, Donart, Davis. First base on balls: off Gerlough, 1; off Perkins, 2. Struck out: by Gerlough, 2; by Perkins, 6. Left on bases: Freshmen, 5; Juniors, 2. Double plays: Burns to McEvers to Helfrich, Helfrich to Anderson to Aelfrich. Passed balls: Kjosness, 3; Anderson, 3.

Kappa Sigma-Zeta Delta Swatfest.

In a slugging contest the Kappa Sigmas, assisted by thirteen errors, won from the Zeta Deltas Wednesday afternoon by a score of 11-8. B. Kinnison, Lattig, Helfrich and E. Perkins led in the hitting department, each getting three hits. The bright sky on the afternoon made everything safe that went into the air and helped to run up the total of errors.

The score:

Summary—Earned runs: Theta Mu 1, Phi Delt 1. Base hits: Bier, Jordan, Harris. Three-base hits: Bier. First base off balls, off Gray 5, Curtis 1, Dipple 1, Mitchell 1, Gerlough 2. Struck out, by Gray 1, Dipple 1, Curtis 1, Mitchell 2, Gerlough 9. Left on bases, Theta Mu 8, Phi Delt 5. Double plays, Mitchell to Denning, Harris to Jordan. Pass ball, Gray 1, Buffington 1. Hit by pitcher, Seymour, Mulkey.

Faculty Lose to Freshmen.

The Faculty team made its first appearance Saturday morning, when it took the small end of an 18-6 score from the Freshmen. The Faculty gave out that some of their best men were out of town, and that we may hope for better things from them later. There were some surprises, however, not to mention some disappointments. Axtell

A STATE GEOLOGICAL SURVEY

Prof. Stewart Gives Reasons for This Most Important Work to State's Development.

That a state geological survey would be a great help in the development of the mining resources of the state is the belief of Professor C. A. Stewart of the Department of Geology. Its work would be to make careful scientific examination of various mining districts and to publish reports on the investigations.

"The University is constantly receiving inquiries from mining men which can be answered properly only by a state geologist," said Professor Stewart. "A knowledge of local geology would be of great aid to intelligent prospecting and to proper development work. The publications of the state survey would also help give outside investors an idea of Idaho's wonderful mineral wealth. We have rich resources but need more publicity to attract capital for their development. The reports of a geological survey would help fill this need.

"The state would get a double return from the comparatively small appropriation needed for the organization of a geological survey. The amount of money spent by the United States government for geological exploration in any state varies with the amount devoted to this purpose by the state itself. States that support geological surveys of their own receive most attention from the Federal government. For this reason Idaho has not had the aid that her resources warrant. The organization of a state survey would be the quickest and surest way of obtaining more help from the government in the development of our mineral resources.

A Prayer.

Let me do my work each day; and if the darkened hours of despair overcome me, may I not forget the strength that comforted me in the desolation of other times. May I still remember the bright hours that found me walking over the silent hills of my young childhood or dreaming on the margin of the quiet river when a light glowed within me, and I promised my early God to have courage amid the tempests of the changing years. . . . Give me a few friends who will love me for what I am and keep ever burning before my vagrant steps the kindly light of hope, and though age and infirmity o'er take me and I come not within sight of the castle of my dreams, teach me still to be thankful for life, and for times olden memories that are good and sweet and may the evening's twilight find me gentle still.

—MAX EHRMANN.

BASEBALL DOPE

(Continued from page 5)

at short played his position well and covered much additional territory, besides getting two hits. Larson also made two hits, one for extra-bases, and started as a base runner. The Freshmen endeavored to set a record in the matter of run getting, and have established a mark which we hope will not be beaten.

The score:

Ridenbaugh Hall O. K.

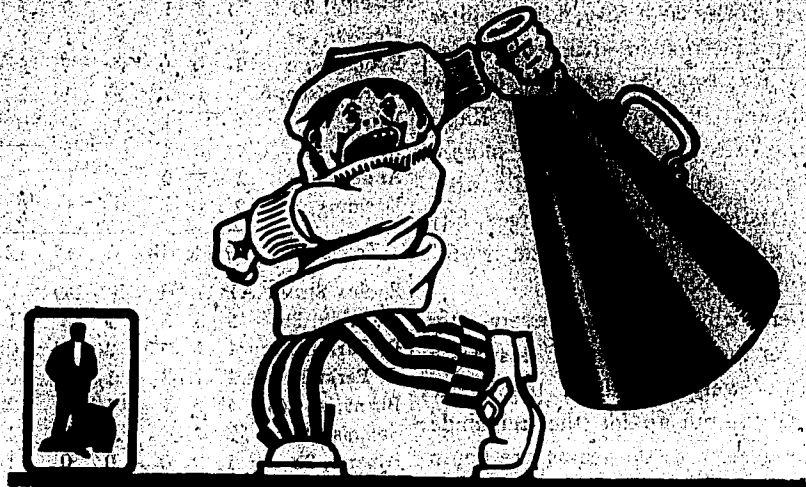

Mr. James H. Wallis, State Sanitary Inspector, who lately condemned the Latah county court house in this city, today inspected the fire escapes and kitchen of Ridenbaugh Hall and reported everything in excellent condition.

The baccalaureate sermon will be delivered this year by Rev. Herbert H. Gowen, professorial lecturer on Oriental history, literature and institutions, at the University of Washington. Mr. Frank Post, a leading attorney of Spokane, will deliver the commencement address.
