NUMBER 14

ANCIENT FOES DEFEAT US

W.S.C. Wins First Basket Ball Game of Season in Hard Fought Contest.

Last Saturday, in the Pullman gym, W.S.C. and Idaho clashed in the first conference game of the season. Both teams were practically unknown quantities, composed almost entirely of new men. The game was a hummer from the first whistle to the last and was bitterly contested by both sides.

There were no particular stars on either team. Sampson and Bohler did the best work for W.S.C. and Soulen and Keane for Idaho.

The first half ended with the score 10 to 3 in favor of W.S.C. The teams were both rather nervous because of the lack of experience of most of the players. W.S.C. clearly had the best of this half.

In the second half Ankorn took Leuchel's place at forward and Idaho a decided brace, scoring four goals to W.S.C.'s one.

Idaho lead by one point until the last minute of play when Bohler made a free throw and tied the score. In the play off the W.S.C. forwards tossed two baskets to Idaho's none and won the game 20 to 16.

The most noteworthy feature of the game was the foul throwing of Sampson of W.S.C. He scored eight points out of ten tries.

W.S.C.		Idaho	
Anderson	forward	Soulen	
G. Bohler	forward	Leuchel	
Love	center	Ankorn	
Keinholtz	guard	Kinnison	
Sampson	guard	Keane	
		Mitchell	

Goals: Sampson 2, Anderson 2, Love 2, Soulen 2, Ankorn 2, Kinnison 1, Mitchell 1.

Free throws: Sampson 8, Soulen 4.

To Form Chess Club

A meeting will be held in Professor Morley's room Friday afternoon at four o'clock for the purpose of forming a chess club. There are many of the students of the university interested in the game, and it is for the purpose of forming an organization and arranging for a tournament that this meeting is called.

All players of the game and those who may wish to learn to play are requested to be present at this meeting.

There was no dancing class last Saturday morning. The condition of the weather prevented the students from attending. The regular class will be held next Saturday morning at eleven o'clock.

Oregon Defeats Idaho.

A brief report was received Tuesday that the Oregon team completely swanned Idaho in the first game played on the trip. The score was 31 to 6. Idaho was unable to score in the first half but made two field baskets during the second period.

Oregon again defeated Idaho last night at Eugene by a score of 25-15.

The Idaho team came back from the light before and almost swept Oregon off her feet. Oregon secured an early lead which proved her salvation as Idaho had far the better of it in the second-half.

Florence Waters returned Sunday from her home in Spokane.

NEW WING NEAR- LY COMPLETED

New Auditorium Will Soon Be Ready For Use of Stu- dent Body.

It will only be a short time now until assemblies will be held in the new Auditorium in the wing. The wing rapidly nears completion. The walls have been tinted, the stage completed, and all that remains now is to put in the chairs, windows and stage effects.

The front rooms of the wing have been assigned. The Civil Engineering Department gets the lower room which will be used as a departmental drafting room, the second floor goes to the biology department and the third floor room will be used by the department of Home Science. The rooms directly above the Auditorium have not yet been assigned, and in fact will not be completed at the present time. There was some thought of using the entire third floor for a library, but nothing definite has yet been done.

The auditorium is built with a sloping floor and will have a seating capacity of over six hundred. No balcony was provided, as it was decided it would be several years before the present seating capacity would be exceeded. The stage is smaller than it should be, but large enough for all ordinary purposes. Dressing rooms will be provided underneath the stage.

The lighting and heating apparatus have not yet been installed but will be ready by the time the windows and chairs are put in. The chairs are the standard opera chairs. There are two entrances to the hall from the main building and one near the stage. Blind openings have been left in case a balcony is put in. The windows will probably contain stained glass.

The wing affords a north entrance to the building, a large double door facing Morrill Hall. On the door step is inlaid the Idaho seal. The stairway is of cast iron and marble.

Foresters to Big Woods.

Professor C. H. Shattuck and Professor I. W. Cook accompanied by a forestry class of the university left Monday for Potlatch, Bovill and Elk River, where the boys are to see some practical winter logging in the big lumber camps. The men to take advantage of his trip are: Clarence Kayre, Ralph Henlev, Howard Holoday, J. E. Moon, A. D. Decker, Henry Herman, Kiefer Denning, Mark Anderson, Byron Senev, R. A. Snow, O. C. Munson and O. J. Hahl.

George Fields of Spokane, will instruct the young men on lumber inspection, and their trip will occupy the whole week.

CONFERENCE RE- VISES OLD RULES

Qualifications for Eligibility in Northwestern College Conference

Following is a complete report of the legibility rules as revised at the meeting of the colleges in the Northwest conference:

RULES OF ELIGIBILITY

1. No student who has participated in any branch of intercollegiate athletics during four previous seasons shall represent any institution in this conference in that branch of athletics.

2. No student who has participated in any intercollegiate games or contests of any kind during five previous years shall represent any institution in this conference in any intercollegiate game or contest; provided, however that a student who has completed his permissible athletic service in any other institution of similar grade, shall not represent any institution of this conference. For the purpose of this conference rule a year shall be counted from September to September if the student's first participation occurred in the fall semester, or from February to February if the student's first participation occurred in the spring semester.

3. No student who has less than twelve Carnegie units of entrance credits shall represent any institution in this conference in any intercollegiate game or contest. (It is provided that until July, 1913, in any institution requiring less than twelve units the minimum requirement for eligibility shall be the maximum number of units required for entrance to any of the four-year courses leading to degrees.)

4. No student who has partici-

(Continued on page 2.)

ANNUAL STAFF HARD AT WORK

Scheme of Financing has Been Planned by Class of 1914.

"The Juniors have decided upon a selling plan for the 1914 Gem of the Mountains," says Walter P. Scott, business manager of the publication. "The scheme is to have students desiring an annual pay one dollar down and a dollar and a half when the annual is delivered, the total cost of the annual to be \$2.50. This plan is used so that we can estimate the number of annuals that will be required and thus the expense of a large surplus stock can be avoided. Besides that, it will give the staff a working capital. The plan is fair in every sense and should be supported by the students. It breaks the expense practically in two and besides gives the staff a chance to put out a better annual than would otherwise be the case.

"We are having lots of trouble in getting the students to realize that they must get their pictures taken. In many colleges it is the custom to charge each student from one to two dollars for the privilege of having his picture shown in the annual. At Idaho there is no such charge. The students seem to be indifferent as to whether or not their pictures appear in the annual."

The faculty committee on publications composed of Professors von Ende and Axtell are keeping a close watch on the business end of the annual as they wish to keep the class of 1914 from going into debt six or seven hundred dollars as was the case with the present senior class. Typewritten lists of all students and members of the faculty have been made out and every person connected with the university will be seen by some member of the staff and asked to sign up for an annual having one dollar down.

The contract for printing will probably be let to a Denver firm as their bid seems to be the lowest. Every effort will be made to have the annual ready for distribution by May 15th at the latest.

Last week while sleighing was good a party of Zeta Delta's and their friends went cutter riding over to Pullman. Those included were: Iva Emmet, Zella Bigham, Vivian Allen, Fay Thomas, Harriet Wilderthaler, Gladys Lessinger, Alfred Wicher, Jack Hayden, Andrew Christenson, Fay Robinson, George Downing and Bert Simth.

CONFERENCE CHANGES RULES.

(Continued from page 1.)

nated in the intercollegiate athletics of an institution granting a standard bachelor's degree and offering work beyond sixteen Carnegie units of high school grade. shall represent any institution in this conference in any intercollegiate game or contest until he shall have been a student of that institution for at least one college year. For the purpose of this rule, the list of institutions granting a bachelor's degree shall consist of the first four groups listed by the United States Bureau of Education and also the Indian schools.

5. No student shall represent his institution in any intercollegiate game or contest unless he has carried satisfactorily since registration, and is carrying at the time of any contest, at least three-quarters of the regular work required by the institution.

6. No student shall represent his institution in any intercollegiate game or contest who has total delinquencies on his previous record in that institution equivalent to one-half of the full amount of prescribed work for any semester.

7. No student shall represent his institution in any intercollegiate game or contest who registers later than three weeks after the first day set for registration in the semester in which he desires to compete.

8. Bona fide students who are carrying the required amount of work shall not be barred from athletics because they are working to earn part of their expenses and receiving no more than ordinary compensation for their services.

9. No student shall represent an athletic organization other than his institution from the opening of the fall semester to the close of the spring semester. A student who desires to participate with another amateur organization during the summer vacation period may do so upon the written permission of his faculty athletic committee.

AMATEUR RULE

10. No student shall compete in any athletic contest in this conference who is not an amateur.

11. An amateur is a person who has never competed for money or other valuable consideration, or under a false name, or with or against a professional, or who has not at any time taught, pursued or assisted at athletic exercises, or acted as a physical instructor or his assistant for money or other valuable consideration. Nothing in this definition shall be construed to prohibit competition between amateurs for medals or trophies of a similar nature.

12. Nothing in this rule shall be construed to prohibit the accep-

ptance by an amateur of his necessary traveling expenses incurred as a contestant or official in going to or from any place for an amateur contest.

13. The disposing of any medals, trophies or complimentary tickets for a consideration shall be considered evidence of professionalism.

14. No student shall be eligible to participate in intercollegiate athletics who has taken advantage of any reduction of fees, scholarships or other financial advantage, except upon the basis of competitive examination or other basis on the same terms as to non-athletic students.

15. Any student who, at any time, has lost his amateur standing, may be reinstated by the faculty committee on athletics of his institution after the completion of one year of satisfactory college work subsequent to the date on which he was declared ineligible.

ENFORCEMENT

16. All questions in regard to eligibility and amateur standing or reinstatement of an athlete are to be referred to his own faculty committee on athletics, whose decision shall be final.

SECRETARY

17. A secretary shall be elected by the conference to serve for a period of two years.

MEETINGS

18. The secretary, after giving two weeks' notice, shall call a meeting of the conference biennially on the Friday and Saturday of the first week in December. All conference meetings are to be held in rotation at Seattle, Portland and Spokane. A special meeting may be called at any other time upon the written request of three of the institutions of the conference. In the event of the failure of the secretary to issue any such proper call, the chairman of the athletic committee of the institution which the secretary represents shall issue the call.

REPRESENTATION

19. Each institution shall have one vote in such meeting.

MEMBERSHIP

20. Any institution may become a member of this conference by making application to the secretary and subscribing to the Articles of Agreement, provided that the unanimous consent of the conference be obtained.

CERTIFIED LISTS

21. The athletic committee of each institution in the conference shall, on or before October 10th of each year, mail to the secretary of the conference a list of all men who are candidates for the football team, together with the following data regarding each: Age, home, preparatory schools attended, institutions attended of whatever rank above that of preparatory school, branches of athletics and date (year) of participation in

the latter class of institutions.

The list for basketball shall be mailed on or before January 5th; for wrestling, February 1st; for track and baseball, April 1st.

At least one week before the above mentioned dates the secretary of the conference shall send to the athletic committee of each institution a set of blank forms and shall call attention to the proper date for mailing the certified lists in question. Should the secretary fail to receive a list within two days of the required date of mailing, he shall wire to the registrar of the delinquent institution demanding the list immediately.

As soon as possible after receipt of each of the above lists the secretary shall send a copy of each list to each institution.

Lists of players who are eligible for a particular contest shall be certified by the athletic committees and exchanged by the managers before the contest.

AMENDMENTS

22. A change in the Articles of Agreement of this conference shall be declared adopted by the secretary upon the filing of written approval by each institution in the conference.

INTERPRETATIONS AND DEFINITIONS

23. Participation.—The term "participation" as applied to a student shall mean the representation of his institution in an intercollegiate game or contest or any part of such game or contest.

24. Intercollegiate Contest.—The term "intercollegiate contest" shall be defined as an athletic game or contest between teams representing institutions listed in section 4.

25. College Year.—A "college year" shall be interpreted as meaning two full semesters of attendance.

26. Delinquencies.—A "delinquency" shall be defined as any subject in which a report of "conditioned" failed" or "incomplete" or their equivalents, has been made. The fact that a student is repeating the work of a delinquent subject shall not be considered as removing the delinquency; a passing grade must be obtained in that subject before such delinquency can be considered removed. In the case of a student changing his general course of work and having delinquencies in the former course in a subject not required for graduation in the new course, such delinquencies shall not affect his athletic eligibility, provided he has done satisfactorily one semester's work in all the subjects assigned in the new course.

27. Playing Professional Teams.—It shall not be considered a violation of an amateur rule for a conference team, provided that the faculty athletic committee of the institution sanction such game

THE PLEDGE OF QUALITY

A widely advertised trade-mark is the manufacturer's **pledge** to every buyer.

The buyer is safe, because the manufacturer who stamps his name on the article doesn't dare to violate that pledge.

At this store you will find dependable, guaranteed goods, among them being the following advertised brands:

THE LEE BROOM

Preferred Stock Canned Goods,
Reid Murdock Pure Maple Syrup,
Quality Coffee,

SWANN'S GROCERY

or contest.

RESOLUTION

Whereas Students of an institution frequently, out of a mistaken sense of loyalty conceal from their faculty athletic committee the fact that promising athletes of their own college have rendered themselves ineligible, and

Whereas, such knowledge or evidence may come into the possession of the faculty committee or students of another conference institution, and

Whereas, The faculty athletic committee of the institution which the student desires to represent is the court of last resort in determining the status of their students, and

Whereas, The publication of exaggerated and garbled accounts of such rumors or facts creates unfriendly feeling in rival institutions and detracts from the dignity and worth of the institution in the public mind, it is hereby expressed,

Resolved, That all publication or circulation of such evidence shall be prevented as far as possible until the faculty committee of the institution involved shall have had sufficient opportunity to investigate and decide the questions submitted.

In Witness Whereof, The several institutions have hereunto set their signatures by their duly accredited representatives in this conference, this 21st day of December, 1912.

A. S. U. I. Treasurer's Report

To the Members of the A. S. U. I.:

Pursuant to Sec. 23 of our by-laws, I have the pleasure to report the disbursements, the assets and the liabilities of the various departments as follows:

Report of the Debate Department for month ending Nov. 30th.

Expenditures as follows:

Telephone and telegraph expenses	\$ 1.15
Typewriting debate manuscript	1.50
One copy Collier's Weekly	.15
	<u>\$ 2.80</u>

Forward from last report	\$ 125.39
Less expenditures as per above items	2.80
Balance on Hand	<u>\$ 122.59</u>

No accounts due the department.

No bills outstanding against the department.

Report of the Argonaut Department for the month ending Nov. 30, 1912.

Expenditures were made as follows:

Idaho Post for printing Argonaut	\$ 95.00
R. D. Bistline, salary as editor	8.00
R. F. Tuttle, salary as business manager	8.00
Postage	1.00
T. P. Doyle, salary as assistant business manager	2.50

Total \$114.50

Receipts were as follows:

Received from November advertising	73.25
Received on subscriptions	7.50
Total	<u>\$ 80.75</u>

Balance forward from last month	\$197.90
Receipts as per above statement	80.75
Total	<u>\$278.65</u>

Less expenditures as per above items	114.50
Balance on hand	<u>164.15</u>

Accounts due the Argonaut are as follows;

On subscriptions \$ 31.00

No unpaid accounts against the Argonaut.

Report of the Athletic department, ending Nov. 30, 1912.

Expenditures as follows:

First Trust & Savings Bank—Old note and Int.,	\$105.55
G. L. Larson—expense money to open the season,	50.00
Collins & Orland—Old debt of 1909-11	23.80
First Nat'l Bank—interest on \$915.00 note	49.60
R. Hodgins—old bills of 1908-09-10	164.47
Empire Hardware Company—old bill of 1909	4.15
David & Ely Co.,—football sweaters	61.90
Star-Mirror—W. S. C. posters	3.00
J. G. Griffith—on salary	200.00
	<u>\$662.47</u>

Balance in fund from last year	\$ 4.95
55% aegistration fee—1912	598.95
Received from Graduate Manager, G. L. Larson	743.61
Less expenditures as per the above items	662.47
Balance on hand	<u>\$675.04</u>

Accounts due athletic fund—none.

Bills outstanding against athletic fund \$915.00

NOTE—Graduate manager's report for the football season will be found elsewhere; and shows a balance turned over to the treasurer of \$743.61, which is accounted for above.

Respectfully submitted,

November 16th, 1912.

PARKER V. LUCAS,

Treasurer.

President MacLean is expected to return from Winniegea soon.

Marguerite Allen returned last Saturday from her home in Boise and has resumed college work.

The Olympic Games in moving pictures will be shown at the Casino Theatre Friday afternoon and evening. These pictures are shown to Moscow under the auspices and for the benefit of the Greater Idaho Club. Coach Edmundson, of the University track team will lecture on points of interest. The program consists of three reels of pictures on the games and a comedy number. Casino Theatre, admission 25 cents. Seats reserved if desired.

Miss Margaret Sweet is staying at the Omega Pi house until their new chamber, Mrs. Clarke, arrives from Spokane.

Ruth Annett, Clara Hockett, Dorothy Ellis, Henrietta Safford, Clara Campbell, Mary Vessed, Winnifred Edmundson and Mr. and Mrs. Clarence Edmundson were the guests of Kappa Sigma at dinner Sunday afternoon.

The office of The Argonaut is in the publicity office, next door to the bursar's office. A member of the staff may be found in the office any afternoon except Tuesday. All contributions gladly received up until Monday noon of each week. Paper goes to press Tuesday.

We are reminded that the Pacific debate will be held on January 24th only a little over a week away. Up to this time very little enthusiasm has been manifested in the debate among the students. The prevailing opinion seems to be that debating is a minor activity which the college engages in. This erroneous impression should be corrected. Debate has not the glamor of a football game; nor has it the exciting and swift motion of a basketball game; yet it is the product of months of study and serious application. Those who attend the debate and try to enter into the spirit, find it both instructive and interesting. So let us see more credit given to the debaters for their work. And most of all let us see a good crowd at the Pacific-Idaho debate on Friday, January 24th.

Once again they are almost here—those semester exams. For the benefit of the unwise, a final exam may be defined to be a species of torture, discovered and perfected by college professors, by which a student is forced to show what he doesn't know.

To the freshman, just trembling on the verge of his first trial, these exams seem as deep, black pits, from whence but few return. Now do all their last remissions rise up before them, as ghosts of a dead past, which, like Banquo's ghost, "will not down." With bitter regret they think of that time they went fussing, when a math lesson was impatiently knocking at the door. Unsolved problems, unwritten themes, carelessly prepared history lessons, jumbled cases and unstudied texts form an endless procession in the fevered mind. They stare out of the dark with fiendish leers and chuckling with wicked glee, as they point ghoulish fingers at the quaking culprit.

Aye, freshman, "thou art the one." Final exams were meant especially for you, so beware.

To the old stagers, exams are not so fearful. They have been tried at least twice and have arrived unscathed at upperclassdom.

While love for exams has not increased, still they have come to be recognized as necessary evils which must be borne with fortitude and cunning.

Upper classmen have also acquired the philosophy necessary to bear such things gracefully. As sunshine follows the storm, and convalescence sickness, so relief and pleasure follows successfully completed exams.

Of course, if you flunk, why home and mother are always a court of last resort.

Notes of the Game.

The referee was the athletic coach of the Pullman High.

Ralph Lowery has been elected captain of the W.S.C. five.

G. Bohler is a brother of Coach Bohler and will develop into one of the best men in the conference. He has the art of dribbling down to a fine point.

Keane probably played the best game of any man on either team. He broke up play after play and guarded his man well.

Mitchell managed to keep Bohler from making a field goal, and managed to drop one in himself, the first basket of the game.

In Keane and Mitchell the Varsity has a great pair of guards. And both of them are freshmen.

McNett has not settled down and taken hold of the center position yet as well as was expected of him. He has been off his feed for the last couple of weeks and his physical condition has not been conducive for the best work.

A captain has not yet been chosen. There are four "I" men eligible to vote. Soulen and Perkins are juniors and Kinnison and Nuffer, sophomores.

Sampson threw seven free throws in a row, the first seven. He then lost his nerve and missed three, so Bohler threw the one that tied the score.

Idaho was in the lead up until the fast forty seconds of play when Soulen fouled and Bohler threw the basket that tied the score.

Soulen threw four free throws out of seven trials. Nearly all of them were more or less sloppy, rolling around the rim and bouncing around before they rolled in.

There were a number of Idaho students present at the game. The game was played at three o'clock in the afternoon as a dance was scheduled for the evening.

Are you interested in reducing the high cost of living? Varsity milk is cheaper than meat or eggs, food value considered. Better order some extra milk and out down on those meat orders. University teamrey. Phone 69L.

Campus Celebrity No. 7.

Young man, I am deeply honored by this interview. I have been expecting it for a long time. I did not think you would fail to recognize my worth.

Excuse me, Professor, but why are you teaching school?

Because they won't let me run the government according to historical principles, as developed by myself and Dr. Cook.

How do you believe the government should be run?

Exclude all the lawyers and import a bunch of college professors.

Why do you part your hair in the middle?

To keep my brains from slopping over.

What is your favorite fowl?

Chicken. It is so productive of dark meat.

What is the lowest form of animal life?

A freshman law.

—What in your opinion is the highest form of wit?

My annual joke about W. W. Wooltoonn.

Do you consider grace an essential element of a man?

Of course I have had more advantages than most people, but all men should be as graceful as a cloud.

What is your favorite form of amusement?

Getting my voice out "theah" on my teeth.

Which school do you favor most?

Ha'va'd, of course. It's far superior to Yale.

—Who is the greatest man in the world?

The Reverend Lowery who conducted the evangelist services at Moscow last winter to whom Jack Johnson runs a close second.

What is your favorite flower?

Cauliflower. This is meant for a joke.

The reporter fainted and when he recovered the professor was busily engaged playing a mouth harp. So the reporter did not again disturb him.

Bursar Francis Jenkins yesterday received a letter from Frank P. Stewart, '10, in which best wishes are extended to everyone connected with or interested in the University. Stewart is a reporter for the Tribune in Salt Lake City, Utah, where he has been since he graduated from Idaho. He expresses regret over the resignation of President James A. MacLean and seems to be of the opinion that no one man will be able to fill the vacancy.

Have you tried Varsity butter?

One trial will convince you that it has a much better flavor than ranch butter. Those hot cakes will be much better with varsity butter.

The Weekly Exponent of the Montana State College at Bozeman had an interesting literary supplement in its issue of Jan. 10.

See Russell & Rowland for first class shaves and haircuts.

COMING DEBATES

Idaho debaters will be unusually busy for the next few months. Three dual debaters have been scheduled. On January 24 the incorporation of labor unions will be discussed with Pacific University of Forest Grove, Oregon. One team of two men will uphold the affirmative side of the question at home while the other team is advocating the negative at Forest Grove. Idaho won the decision of the judges at both places last year. Since Pacific scored a double victory the year before, the coming debate will decide the series. Parker V. Lucas of Roseberry, Harry McAdams of Corral, Homer Barton of Mullan, and Paul Ostroot of Moscow, are the members of the Idaho teams.

Gonzaga College of Spokane and Willamette University of Salem, Oregon, will meet the University of Idaho on the platform for the first time early in the spring. The debates will be dual affairs, each college selecting an affirmative and a negative team. The Gonzaga debate will be held March 14 and the one with Willamette April 4. The Idaho debate council will submit a list of questions to each school from which the one for debate will be selected.

Idaho Goes on Long Trip.

Last Sunday Pink Griffith and his basketball men started their annual invasion of the Coast. While the team is composed mostly of new men, still coach and players alike feel confident of at least breaking even on the trip. Of last year's team Soulen, Kinnison and Foester are to make the trip. Leuchel, Keane, McNett, Mitchell and Ankorn are all new comers. Leuchel played last year at Wallace. Keane was a member of the champion Genesee five and McNett and Mitchell both played on the Rathdrmm team. Ankorn played at Palouse High.

All of the new men are freshmen and there is no doubt that basketball will be pretty well taken care of at Idaho for the next few years.

The first stop on the trip will be Eugene where Oregon takes us on for a couple of games. Then we tackle O.A.C. at Corvllis and then U. of W. at Seattle. All of the teams have championship aspirations and some cracking good games may be expected.

Olympic Games Pictures.

Friday evening at the Casino Theater, there will be exhibited three reels of pictures taken at the Olympic games in Stockholm last summer, in addition to three regular reels of comedy and tragedy. Clarence S. Edmundson, instructor in the school of practical agriculture, who took part in the games will lecture on the films.

Arrangements have been made with the management of the Casino whereby an admission of twenty-five cents will be charged, the proceeds to go to the Greater Idaho club.

In addition to the pictures and lecture there will probably be one or two musical selections by members of the faculty or student body.

There will be a matinee Friday afternoon at the same price. Two complete performances will be given both in the afternoon and evening.

NOT A HEAVY HANDICAP

Conspicuous Success and Many Honors for Workers.

The students who are working their way through college do not find this circumstance a heavy handicap at the University of Idaho. They achieve as conspicuous success in college and win as many honors as do those whose expenses are paid for them. They have to be careful as to how they spend their time and energies as well as their money, but this is an advantage rather than otherwise, for it gives an under appreciation of values. They participate in all college activities and as a rule are successful.

In scholarship the rule holds true. For years many of the best students at the University have been self-supporting. Those who have to work in order to stay in college are there for a definite purpose and are not likely to be triflers in the class room or laboratory.

Some of Idaho's star athletes have been men who were earning their own expenses. They have not enjoyed sinecures in reward for their athletic ability, as is the case in some colleges, but have supported themselves by such work as waiting on the table, pressing clothes and janitor work.

In the social life of the University there is no shadow of discrimination against those who are working their way. Officers and honors at the bestowal of the student body and the faculty are distributed impartially. The football captaincy and the Rhodes Scholarship, which represent the most coveted athletic honor and the highest scholastic distinction, were won this year by working students. Others have been chosen as members of the athletic board, the debate council, and the staff of the Junior Annual, and as officers of the student body, the Y. M. C. A. and the different classes.

Practically all of the men at the University earn a part of their college expenses during vacation, when they are busy at some kind of work or other. Those who must supplement their vacation savings with money earned during the college year turn to such employment as janitor work, typewriting, waiting on table and clerking. The actual earnings and the varied occupations of a few such students last year are given as examples; electric wiring, \$200; pressing club, \$150; rubbing at gymnasium, \$70; seed testing, \$150; dish washing at dormitory, (board), \$148; waiting on table (board), \$148; tending furnace (room, fuel, etc.), \$50; general work in private family (board, room, laundry), \$200; laboratory work, \$75; laboratory work, \$165; typewriting and newspaper work, \$225; janitor at church, \$100; miscellaneous, \$20; newspaper agency, \$150; stenographic work, \$200; work in green house, \$145; telephone central, book-keeping, \$70; dairy research, \$115.

Carl Paulsen, '13, returned from Coeur d'Alene last Wednesday, where he has a timber claim.

The Same Only Different.

If your neighbor or friend were to give you a lemon he would probably say, "Here, John, is a lemon." But if he hired a lawyer to present the lemon to you in a legal form, said lawyer would write out a paragraph very like this:

"I hereby give, grant and convey to you, all and singular, my estate and interest, right, title, claim and advantage of and in and to said lemon together with all its rind, skin, juice, pulp and pips, with all right and advantage therein, with full power to squeeze, bite, suck or otherwise eat the said lemon, or give the same away, as fully and effectually as I, John Doe, am now entitled to squeeze, bite, out, suck or otherwise eat said lemon, or give the same away, with or without its rind, juice, pulp, and pips; anything herein before or hereinafter, in any other deeds, instrument or instruments, of whatever nature or kind soever to the contrary in any wise notwithstanding."

Prize for Beans.

Last spring a prize of \$25 in gold was offered by the Bank of Juliaetta for the largest yield of beans grown on a single acre of ground in the country tributary to Juliaetta during the season of 1912. The prize has just been awarded to A. M. Pickens, his yield having been 1002 pounds.

This has been an "off year" in bean yields throughout the Potlatch district, entire fields of beans having averaged 1200 pounds or more per acre in former years. However, those who have given careful attention in the selection of best varieties, and proper skill in cultivation in harvesting have been rewarded, even last season, with yields that furnished to the farmers neat profits.

H. C. Badger of the New York Life Insurance is having the University a business visit.

Alfred D. Wicher, '12 Agr., returned to his ranch at Hammett after spending a fortnight visiting friends at the University.

Dean and Mrs. Eldridge, Dr. Moore and Miss Scherdmernhorn were the guests of Delta Gamma at dinner Monday evening.

All those who haven't had their pictures taken for the annual do so at once. This is something that must be attended to, if you expect us to get out an annual. We can't do it without your help.

Football men have your football picture taken by the end of the week.

Fifty dollars in gold will be awarded to the Kansas University man or woman who will write a play for the senior class.

If you shave yourself it's a safe bet you don't enjoy it. Try Russel & Rowland's Barber shop for a good shave.

It is surprising how much time, trouble and annoyance this simple little Crescent-Filler will save in a year's time. It is to be found only on

CONKLIN'S
Self-Filling Fountain Pen

and is the means by which anyone may immediately recognize the most perfect fountain pen made. Call and let us tell you all about the advantages of the Conklin.

AT ASSEMBLY

The first assembly of the new year was held last week with nothing of the fatal "13" showing itself other than the encroaching upon the 11:15 period. The musical selection was rendered by the violin trio.

Dean McCutcheon of the law department, gave the regular address. He spoke about his trip abroad during the summer vacation, giving a description of the different cities which he visited as well as the customs and traditions of the people.

The Dean spoke of his embarking at Boston and the peaceful waters with which he met out over the Atlantic. His first stop was in the harbor of Ponta Delgada, a city of the island of St. Michael. "The odd feature of the island," said the dean "is that there are no large animals there at all, their beast of burden being the burro."

He also spoke of the ancient appearance of the city and the queer customs of the people. From there he sailed south to the city of Funchal, on the island of Madeira, where he spent several hours seeing the sights about the city. According to the Dean's account of the history, and legends of the city, it, indeed, must be an interesting place.

From Funchal his boat sailed to Gibraltar, the great impregnable fortress of the British. "In the last twenty-five years," remarked Mr. McCutcheon, "it has withstood thirteen sieges, which has proved it beyond a doubt to be the most impregnable fortress in the world." He also asserted his belief that it would be changed to a naval station instead of military post as it now is.

From Gibraltar, he sailed to Algiers, on the coast of Africa, and then to Naples, reaching the latter place just as the sun went down, both for assembly, and the day of his travel.

Just Why.

A hen stood on the river bank
And gave her college cry,
Until a frog, in pained surprise,
Politely asked her why,
She said, "Kind sir, you see that
duck

Out there upon the water?
Well, that's the college winning
crew.

And I'm its alma mater."

At a Moscow Boarding House.

"It's hard," said the sentimental land lady at the dinner table, "to think that this poor little lamb should be destroyed in its youth just to cater to our appetites."

"Yes," replied the smart boarder, struggling with his portion, "it is tough."

For up-to-date tonsorial work, visit Hegge's Baths, South Main street.

IN THE GYMNASIUM

Plans are being made to hold a track meet in the near future in which all students of the university may compete. The event will be an early season showing of the athletes who later on will comprise the Varsity track squad. The events to be held are:

Forty yard dash.

Four-forty yard run.

One mile run.

Running high jump.

Tug of war. Best two out of three pulls. No cleats.

Basketball game. Longs versus shorts. E. K. Humphries will lead the longs and Lawrence Guy (Stub) Mason will handle the shorts.

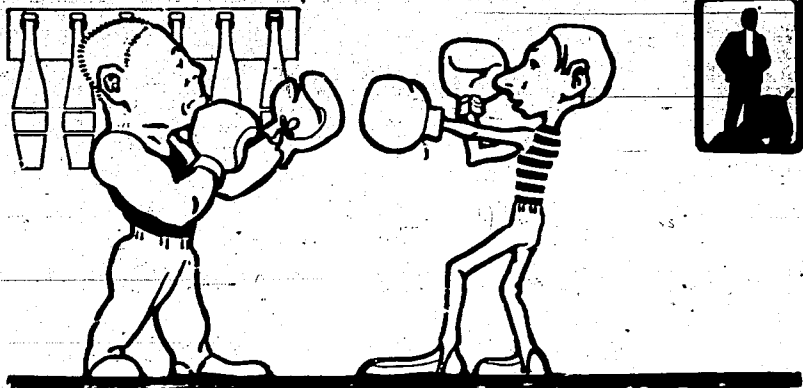

Those students who contemplate joining the track squad later on would do well to turn out and see what they are really able to do in a meet of this kind. The meet will be free of charge to spectators.

Physical Director Van der Veer reports that twenty new stall bars for gymnasium classes have been installed and a number of other machines. The bars will be used by the mens' and women's classes alike, but the other machines are for Miss Stephens' classes alone. With the addition of this new apparatus, the gymnasium is now well equipped to handle all of the physical education classes.

"Heo" Edmundson, former U. of I. track star, now instructor in the school of practical agriculture has taken charge of the distance men and is developing them for the spring meets. Several of the old men and some of the new ones have turned out for daily work and the outlook is quite promising. Among the men who have turned out thus far are Rowell, Young, Whitten, Ostrout, Coram and McMaster. There are a few other old men who will doubtless be among the squad within a few days.

Work has been begun at Princeton on the construction of a new \$7000 gateway at the northwest corner of university field, the Princeton varsity athletic park. The cost of erection will be met from the \$25 000 fund which was presented to the Princeton University Athletic association by Cyrus McCormick of Chicago, a graduate of Princeton in the class of 1879, in honor of the 1912 team of which Cyrus McCormick, jr., was a member.

The money, according to the terms of the gift, was to be disposed of for the improvement of athletic facilities here as the members of the championship eleven might see fit and the latter decided some time ago to put part of the fund into the construction of a new entrance.

Some Good Pointers

If you are interested in Good Merchandise at low prices, the pointers herein contained will bring you quickly to our store. Each year semi-annually we have a

EXCHANGES

There are forty-two now at Yale who are entitled to wear the University "Y."

Fifteen football men will be awarded M's at the University of Minnesota this year.

President Hadley of Yale addressed the Yale Alumni Club over the long distance telephone a few days ago. Each alumnus had a telephone at his plate.

An x-ray examination of Captain Johnson of Alma college showed that he played the entire second half of a recent football game against Detroit with a broken neck.

A campanile three hundred feet high with a forty foot base costing \$200,000 and to be furnished with \$25,000 chimes is to be erected at the University of California next summer.

Michigan—Seventeen members of Michigan's 1912 'varsity have been awarded "Ms" for their work on the gridiron this season. This is an unusually large number.

T. J. Coolidge, formerly U. S. minister to Paris, has donated \$50,000 to Harvard for the erection of a chemical laboratory in memory of his son, a Harvard man who died last April.

The new university athletic committee at Yale has adopted rules which will make it impossible for any student who plays summer baseball for compensation to take part in athletics at New Haven.

The presence of 39 negro students here, ranks Michigan as the third largest in negro attendance among the bigger schools in the country; the University of Kansas and Oberlin College lead. This is due largely to the fact that Michigan is known the country over as a democratic institution.

Prof. T. C. Frue, of the botany department of the University of Washington, who has been visiting different schools and colleges of the Northwest, says of the Moscow school: "I was very much impressed with the University of Idaho, both the buildings and the location. Moscow is a much larger place than I had imagined."

Wisconsin—Water basketball, which has taken the place of water polo in aquatic sports, is thought by the coach and all the members of the swimming team to be superior to the previous game. It is nothing more than ordinary basketball, played in the water, with the necessary changes in rules. It is based more upon the skill and versatility of the player, and not so much upon the brute strength.

Students at Mississippi Agricultural and Mechanical College have clashed with state authority. About 250 men left the college because of an order of the president of the institution for bidding men from visiting women students in class rooms out of study hours. Governor Brewer declares that, if necessary, he will call the militia to protect loyal students whose safety is endangered by strikers.

Practical work is to be carried on by the Sociology department at Syracuse. A building and land valued at \$50,000 has been placed at the disposal of the head of the sociology department. This building will be open to the general public and classes will be formed in dairy, domestic sciences, languages, particularly English, and other practical subjects. Any student in the university can give his or her services to the settlement. The different classes will be conducted by one or more students. Many of the Presbyterian churches of Syracuse have united in backing the work.

Statistics which have been compiled at the University of Minnesota show that there are one hundred ninety girls who either partially or completely support themselves. Ninety-nine out of this number employ their spare hours in teaching and tutoring. House-work seems to rank next in favor, though only twenty nine have professed any proficiency or inclination toward that art. Clerical, social, and stenographic work, printing, sewing photography, and canvassing, each has a few devotees. Political work has been chosen by one girl as a means of aiding in her support.—Minn. Daily.

An organization of prominent citizens of Montana has been made, which calls itself "the Association for the Creation of a greater University of Montana." Its principal purpose is to secure the consolidation of the four higher institutions of learning, as they claim that the present system is "financially and educationally wasteful." The institutions supported by the State of Montana are the School of Mines at Butte, The Montana State College of Agriculture and Mechanic Arts at Bozeman, The University of Montana at Missoula and the State Normal School at Dillon. The supporters of the plan maintain that its adoption would result in a first class institution for the state, with first class equipment and would keep Montana high school graduates in the state to pursue their higher education. The plan is receiving strong support throughout the state.

Harvard University has adopted a new ruling to the effect that any student desiring a B. S. degree, must pass an examination over the entire four years course covering his "Field of Concentration"

Syracuse possesses what is considered the finest rowing tank in the world. A shell is moored in a large pool and mean of gasoline driven propellers, the effect of a river current is produced. There are various devices for the measurement of speed and strength of stroke.

Co-eds at the University of Wisconsin are accused of renting fraternity pins for a week or two at a time from more fortunate girls who hold the pins as a symbol of engagement, and are content to rent them for the price of theater tickets or a chocolate bonbon.
