UNIVERSITY OF IDAHO, MOSCOW, IDAHO, APRIL 30, 1913

NUMBER 33

EVERYTHING IN READINESS FOR FOURTH INTERSCHOLASTIC MEET

Many High Schools in State and Two or Three Outside Will Be Represented. Officials and Judges Appointed.

"If the weather-man will give us a couple of good days at the end of the week, there is no reason why we shouldn't have the best interscholastic when have ever had" said Dr. C. A. Stewart yesterday morning. "There will be representatives from nearly all of the high schools in the northern part of the state and from several of the larger schools in the southern part of the state."

"However, I have been disappointed somewhat at not receiving the entries. Only three or four of the schools have sent me their list. I intend sending out night letters tonight, Monday night, asking for a telegraphic list."

The committee in charge of the interscholastic is composed of Dr. C. A. Stewart, chairman, Professor Larson, Professor Griffith and Physical Director Van der Veer. They have had many meetings and are working hard on the arrangements. They desire to announce their selection of officials and judges as follows:

- Referee—Mr. C. W. Van der Veer.
- Starter—Professor C. S. Edmundson.
- Clerk of the Course—W. C. Edmundson, '11
- Asst. Clerk of the Course—L. T. Jessup, '13.
- Asst. Clerk of the Course—C. J. Hayden.
- Field Manager—Arthur O. Sutton.
- Announcer—Coach J. G. Griffith.
- Measurer—Proctor K. Perkins.
- Scorer—R. V. Hockett.
- Asst. Scorer—R. D. Leeper.
- Asst. Scorer—G. J. Downing.
- Judges of the Finish—Professor Wilson, Professor Axtell, Professor Patterson.
- Field Judges (weights)—John Phillips, '15; C. E. Havre, '14; S. Brown, '16.
- Field Judges (jumps)—G. Soott, '14, S. Freer, '15; E. Perkins, '13.
- Inspectors—Professor Wilber, H. B. Kinnison, '14; W. B. Johnson, '15; Jim Lockhart, '15.
- Timers—Prof. Van der Veer,

Herbert Whitten, Professor Larson.

About the middle of the afternoon, Clarence Edmundson, track coach will run an exhibition six hundred yard race against Captain Herbert Whitten, which will certainly be worth while.

The band, reenforced by towns people and upper classmen who have served their time in the band, will be present, as will also a couple of squads of cadets to keep the crowd off the field. Coach Griffith said, "I am certainly glad that fence has been built for it will aid materially in keeping the crowd back. Last year we had a horrible job keeping the field clear."

Professor Larson announces that everybody, whether in the student body, or in the faculty, no matter what their position may be will have to kick through with the four bits to see the finals. "This is no more than right," said Mr. Larson, "for the expenses are going to be heavy and it is a bad precedent to grant passes. Last year I, and the other members of the committee paid the price of admission and we are going to do so again this year."

Every student in school should be present at assembly Wednesday to take part in the big rally which will be held to help out the Interscholastic meet. "If I see any couples wandring down the side walk that period," said the pink haired coach, "I myself, am going down and separate them and bring them to assembly," and the coach meant what he said.

Inasmuch as no game has been scheduled with Gonzaga, those holding baseball season tickets will be admitted to the preliminaries on the strength of their card.

Very beautiful in all its appointments was the dinner-dance given by Gamma Phi Beta Wednesday evening. After a sumptuous dinner at the chapter house, the assembled guests repaired to the beautiful Day home on the hill, where dancing was enjoyed until a late hour, followed by a delightful feed at twelve o'clock.

IDAHO DROPS TWO SEASON-OPENING GAMES TO W. S. C.

First Game Uninteresting and Slow---Idaho Nearly Wins Second---Break of Luck Against Us.

The Intercollegiate baseball season opened last Friday at Idaho when W. S. C. took an uninteresting one-sided game from the university.

The Varsity could not do much with Hartman's pitching, gathering but seven scattered hits in thirty-four times at bat. Hayden started the game for Idaho, but his arm was bad and the Pullman bunch took very kindly to his offerings, so Gerlough was substituted who did better but was inclined to be wild. W. S. C. scored in the first inning when Casad found a ball that he liked and drove it clear out to the fence, making the circuit before Donart recovered the ball. It was one of the longest hits ever seen on Idaho Field. In the third and fourth innings, the visitors added six more to their list of scores. They failed to score after the sixth inning.

Idaho made its first run in the third inning when Jones walked and Keane clouted a long three bagger. Humphries made a score in the next inning when he was walked, advanced to second on Donart's walk, and completed the circuit on Hayden's hit. Idaho's final score came in the 5th inning when Jones hit, took third on Keane's two-bagger, and came home on an error by Anderson, the W. S. C. third baseman.

The attendance was above the average at a baseball game during the last three or four years.

Following is the box score:

| W. S. C. | | IDAHO | | | | | | | | | |
|--------------|--|-------|----|----|----|----|---|---|---|--|--|

*Batted for Gerlough in Ninth;
**Batted for Numbers in Ninth.

Summary: Home run Casad; Three Basehit, Keane; Two Basehits, Keane 2, Lester, Pape; Struck out, by Hayden, 1, Gerlough, 2, Hartman, 9. Double play. McElroy to Casad; Passed Balls Pape 1, Robinson 5; Hit by pitcher, Donart; Bases on Balls, Off Gerlough 2, Off Hartman 3; Umpire, Curtis; Scorekeeper, Bistline.

The second game was a hair raiser from start to finish. Idaho took the field in the ninth inning with the score, six to four in their favor. Kuehl, the first man up, knocked a ball over the bank in right field. It took two throws by Donart to get the ball back into the infield, and the score stood six

to five with no one down and no one on bases. Anderson hit safe, Hartman followed with another hit, Pape went out to first base, Bohler forced Anderson at third, McElroy walked. Foran came to bat and had two strikes and three balls called on him. It was the critical moment, three men on bases two men down, two strikes and three balls on the batter. Gerlough, in order not to force a man home lobbed an easy strike over and Foran met it square and drove it on the ground to Jim

(Concluded on Page 8.)

Gymnasium To Have Maple Floor.

College dances in the gymnasium? Seems rather strange,—dancing in the gymnasium. What is more it won't be necessary to hoist one's feet over the differences of elevations in the lumber that composes the floor. For, the regents of the university at their meeting passed a motion to place a maple floor in the gymnasium. Some class to that.

PARKER V. LUCAS MAKES REPORT

To the members of the A. S. U. I.—

Herewith I submit my report of the receipts and disbursements of the various funds for the month ending March 31st, 1913.

ATHLETIC FUND.

Expenditures as follows:

| | |
|--|----------|
| Domestic Science Department—Football banquet | \$ 30.00 |
| G. L. Larson—3 football blankets for seniors | 16.70 |
| J. J. Sterner—Photos of football men for annual | 10.20 |
| Ray Mitchell—For money paid Dr. Gritman for services | 6.00 |
| Dr. Carithers—Services on McNett | 2.00 |

\$64.90

| | |
|--------------------------------|----------|
| Balance on hand at last report | \$775.66 |
| Less expenditures as above | 64.90 |

Balance on hand \$710.76

ARGONAUT FUND.

Expenditures as follows:—

| | |
|---|----------|
| Idaho Post—Printing for March | \$ 86.00 |
| R. D. Bistline—salary for March | 8.00 |
| R. F. Tuttle—Salary \$8.00; wages of T. P. Doyle \$3.25; Wages J. F. Hayden \$1.25; wages of I. M. Varner 75c | 13.25 |

\$107.25

| | |
|---------------------------|----------|
| Balance from last report | \$260.98 |
| Received on Adv. and Sub. | 70.00 |

\$330.00

Less expenditures as above 107.25

\$223.73

DEBATE FUND.

Expenditures as follows:—

| | |
|--|----------|
| Harry McAdams—expenses for Willamette debate | \$ 90.00 |
| C. Minden—expenses for Willamette debate | 30.00 |

\$120.00

Balance forward last report \$143.47

Money drawn last month and not expended—returned to fund—

| | |
|--------------------------------------|-------|
| B. E. Davis—From Gonzaga debate | 3.40 |
| C. Minden—From Willamette debate | 15.70 |
| P. Ostroot—Moscow and Gonzaga debate | 13.20 |

\$175.77

Less expenditures as above 120.00

Balance on hand 55.77

MISCELLANEOUS FUND.

Expenditures as follows:—

| | |
|---|----------|
| H. W. Foester—Gem of Mountains '13 for cuts | \$ 81.34 |
| Balance forward from last report | \$264.29 |
| Less expenditure as above | \$81.34 |

Balance on hand \$182.95

Respectfully submitted,
PARKER V. LUCAS,

Treasurer

Dated—April 12, 1913.

Encampment.

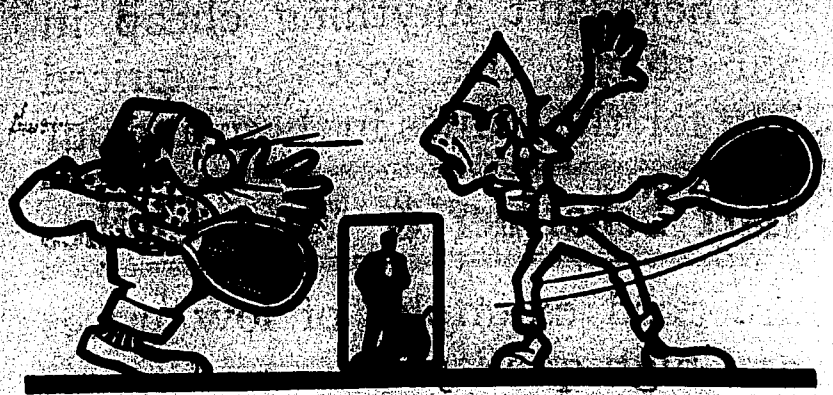

Next week our campus will be devoid of underclassmen, as they will all be gone on encampment. This year the encampment will be held at Hayden Lake and will be somewhat different from those held in the past in that the cadets will not have to sleep in tents. The Hotel Company have agreed to allow them to use the summer cottages for quarters and to eat in the dining room of the hotel. This will make the encampment much more pleasant than it has been in the past. Hayden Lake is a beautiful resort and if the weather is pleasant the boys will have a fine time. Arrangements are being made for several entertainments to be given in their honor and it is also possible that several baseball games

will be arranged between the cadet team and the different Coeur d'Alene teams.

Help out on the Interscholastic. Let the committee know that you are alive. Sell tickets. Talk it up. Do something. Don't sit around and take the benefit of other men's work.

Idaho's Marvelous Growth.

Over 200 new towns, several new railroads and new counties, and the latest census are features of a new map just issued in March, 1913, and for sale for one dollar postpaid by the Idaho Republican, Blackfoot. We have one and it seems complete and correct.

LOVE ALL

All college men and ladies will especially love our large assortment of Tennis Rackets and goods—Wright & Ditson's and Spaulding's—See the new "oval throat" 1913 model rackets for girls and men in the corner window.

Tennis Clothes and Hats in white duck and flannel. Tennis shoes in many different styles.

BASEBALL

Spaulding's Baseball Bats—Shoes—Gloves—Mits—Balls in large assortments. Prepare for the class and college games now.

DAVID & ELY CO.

Store For College People

Who's Your Tailor?

AN ED. V. PRICE & CO., label on a suit means that fit, fabric and fashion are the best and that the keenest brains in the business have been employed in the making.

EVERYTHING IN READINESS FOR FOURTH INTERSCHOLASTIC MEET

Many High Schools in State and Two or Three Outside Will Be Represented. Officials and Judges Appointed.

"If the weather-man will give us a couple of good days at the end of the week, there is no reason why we shouldn't have the best interscholastic when have ever had" said Dr. C. A. Stewart yesterday morning. "There will be representatives from nearly all of the high schools in the northern part of the state and from several of the larger schools in the southern part of the state."

"However, I have been disappointed somewhat at not receiving the entries. Only three or four of the schools have sent me their list. I intend sending out night letters tonight, Monday night, asking for a telegraphic list."

The committee in charge of the interscholastic is composed of Dr. C. A. Stewart, chairman, Professor Larson, Professor Griffith and Physical Director Van der Veer. They have had many meetings and are working hard on the arrangements. They desire to announce their selection of officials and judges as follows:

Referee—Mr. C. W. Van der Veer.

Starter—Professor C. S. Edmundson.

Clerk of the Course—W. C. Edmundson, '11

Asst. Clerk of the Course—L. T. Jessup, '13.

Asst. Clerk of the Course—C. J. Hayden.

Field Manager—Arthur O. Sutton.

Announcer—Coach J. G. Griffith.

Measurer—Proctor K. Perkins.

Scorer—R. V. Hockett.

Asst. Scorer—R. D. Leeper.

Asst. Scorer—G. J. Downing.

Judges of the Finish—Professor Wilson, Professor Axtell, Professor Patterson.

Field Judges (weights)—John Phillips, '15; C. E. Favre, '14; S. Brown, '16.

Field Judges (jumps)—G. Scott, '14, S. Freer, '15; E. Perkins, '13.

Inspectors—Professor Wilber, H. B. Kinnison, '14; W. B. Johnson, '15; Jim Lockhart, '15.

Timers—Prof. Van der Veer,

Herbert Whitten, Professor Larson.

About the middle of the afternoon, Clarence Edmundson, track coach will run an exhibition six hundred yard race against Captain Herbert Whitten, which will certainly be worth while.

The band, reenforced by towns people and upper classmen who have served their time in the band, will be present, as will also a couple of squads of cadets to keep the crowd off the field. Coach Griffith said, "I am certainly glad that fence has been built for it will aid materially in keeping the crowd back. Last year we had a horrible job keeping the field clear."

Professor Larson announces that everybody, whether in the student body, or in the faculty, no matter what their position may be will have to kick through with the four bits to see the finals. "This is no more than right," said Mr. Larson, "for the expenses are going to be heavy and it is a bad precedent to grant passes. Last year I, and the other members of the committee paid the price of admission and we are going to do so again this year."

Every student in school should be present at assembly Wednesday to take part in the big rally which will be held to help out the Interscholastic meet. "If I see any couples wandring down the side walk that period," said the pink haired coach, "I myself, am going down and separate them and bring them to assembly," and the coach meant what he said.

Inasmuch as no game has been scheduled with Gonzaga, those holding baseball season tickets will be admitted to the preliminaries on the strength of their card.

Very beautiful in all its appointments was the dinner-dance given by Gamma Phi Beta Wednesday evening. After a sumptuous dinner at the chapter house, the assembled guests repaired to the beautiful Day home on the hill, where dancing was enjoyed until a late hour, followed by a delightful feed at twelve o'clock.

IDAHO DROPS TWO SEASON- OPENING GAMES TO W. S. C.

First Game Uninteresting and Slow---Idaho Nearly Wins Second---Break of Luck Against Us.

The Intercollegiate baseball season opened last Friday at Idaho when W. S. C. took an uninteresting one-sided game from the university.

The Varsity could not do much with Hartman's pitching, gathering but seven scattered hits in thirty-four times at bat. Hayden started the game for Idaho, but his arm was bad and the Pullman bunch took very kindly to his offerings, so Gerlough was substituted who did better but was inclined to be wild. W. S. C. scored in the first inning when Casad found a ball that he liked and drove it clear out to the fence, making the circuit before Donart recovered the ball. It was one of the longest hits ever seen on Idaho Field. In the third and fourth innings, the visitors added six more to their list of scores. They failed to score after the sixth inning.

Idaho made its first run in the third inning when Jones walked and Keane clouted a long three bagger. Humphries made a score in the next inning when he was walked, advanced to second on Donart's walk, and completed the circuit on Hayden's hit. Idaho's final score came in the 5th inning when Jones hit, took third on Keane's two-bagger, and came home on an error by Anderson, the W. S. C. third baseman.

The attendance was above the average at a baseball game during the last three or four years.

The office of The Argonaut is in the publicity office, next door to the burner's office. A member of the staff may be found in the office any afternoon except Tuesday. All contributions gladly received up until Monday noon of each week. Paper goes to press Tuesday.

Everything is pointing to an exceedingly successful track meet. The faculty have been working hard and the situation has now arrived at a stage where it is up to the students of the university to take an active part.

Every student in the university should be present at assembly in our fine new auditorium at the regular hour Wednesday and help give one of the biggest of events at Idaho one grand boost.

To the business men of Moscow, the student body wishes to offer its most humble thanks for the way they have treated the university during the last interscholastics, and to thank them for donation the medals, and closing the places of business during the afternoon of the finals.

President Carlyle has taken a deep interest in the interscholastic meet this year, having offered a gold medal to the all round champion of the meet, which he hopes to make permanent.

Don't fail to attend assembly and give the fourth interscholastic track meet a good boost in the right direction. Ask Mr. Larson for tickets and sell them to the people down town. The interscholastic will come off, rain or shine, so there is no danger of losing your money by buying a ticket.

At assembly tomorrow will be brought up the matter of passing or rejecting the amendments to the constitution with regard to the election of the editor and associate editor of the University Argonaut.

While there is considerable to be said in favor of the amendment, there is a few things that can be said against them. In the first place the University Argonaut is the publication of the student body of the University of Idaho, and it is no more than right that the students should have full control of it. If the board of regents contemplates putting a course in journalism, then it is perfectly fair that the faculty should have control through the department of journalism.

The faculty have not been satis-

ed with the policy of the Argonaut. The faculty members who have signed the bars of the editor. One faculty member, who was not present at a certain faculty meeting, asked another faculty member, who attended the meeting, what they did that afternoon. The latter replied to the effect that they had not done much but roast the editor of Argonaut. Another report which was current was that at one faculty meeting a member of the faculty gravely arose and read three editorials out of the Argonaut and commented on them, claiming they were all alike and not the best thing in the world.

Whatever the faculty has done in their meetings, never reached the editor in a direct manner. If the faculty had any criticism or suggestions to offer we can not see why they did not positively advise the editor of their objections to his policy instead of "back-biting" him, as they apparently have done.

We are not trying to claim credit for putting out a good paper. Far be it from such. What we have tried to do is to portray the news to the best of our knowledge. We have taken stories from the local paper, the Spokane's papers, and the Boise papers whenever we had reason to believe they contained the truth, in all cases giving credit to the paper from which the story was clipped. It is not easy in all cases to extract a story from the heads of departments. We remember one case in particular when we went around to see a professor on three different occasions about a story for a big event which was to occur that Friday. Out of three special trips made for the purpose of giving the event publicity, no satisfaction was gained, and the event received no publicity.

Whether or not the body of upperclassmen who drew up the amendments were incited to do so by the faculty, we have no idea. One thing we do know was that one person who helped draw them up was offered one of the editorships on the paper early last fall which he refused.

The plea that the passing of the amendments would take the paper out of politics does not stand on a very broad base. To have an editor from one faction and an associate editor from another would not help matters. What is to be the difference between the editor and the associate editor, if they are to alternate in getting out the paper?

If this paper has taken any stand in college politics, it was done unintentionally. Also if any of the signed communications have hurt the feelings of any of the faculty or student body, we are sorry, but our policy is that if anybody has any grievance he has a right to air it in the college paper.

Until a course in journalism is established at the University of Idaho, we hold the students should have complete control of the paper, and not let the faculty assist in choosing the editor.

FRESHMAN GLEE PLEASANT AFFAIR

Class of 1916 Do Themselves Proud in Their First College Event.

The freshmen of the university made their debut into society last Friday night by presenting the Freshman Glee. The dance was a delightfully informal one and was enjoyed by all. Most of those present were of the under classes.

The grand march took place promptly at nine o'clock and was led by Charles Owens and Mrs. MacLean. Isaac McDougall, president of the class, stood at the head of the receiving line in which were Mrs. MacLean, and Miss Stephens. Miss Frenoch was unable to be present on account of the vocational meetings [at W. S. C.

The decorations were simple but effective. Bunting was hung from the two clusters of light in such a manner as to give one an impression of a two pole tent. In the corners were evergreens, and the orchestra was completely shut off by them.

For the special, the footlights were reflected on a mass of evergreens with the letters of the class inlaid in crepe paper. The center lights were turned off during this dance which was "Scenes in Brittany."

For refreshments, pineapple ice and nabiscoos were served by three little girls.

The dance broke up about one o'clock.

Miners Take Trip.

The members of the upper classes in the mining department left on their annual tour last Friday afternoon. The party, consisting of Professors McCaffery and Livingston of the Mining Department, Hallard Foester '13, Walter Scott '14, Bill Johnson '14, Bert Smith '14, D. D. Hart '15, and L. Ludwig, special, went to Butte to study the mining and smelting of copper at that place. The plants there are said of be the most up to date in the world. The party will probably return the latter part of this week. They may stop off in the Coeur d' Alene for a couple of days.

Robinson is Baseball Captain.

Fay C. Robinson '14 was chosen baseball captain for this year. The following "I" men were present at the election, Hayden, Perkins, E. Perkins, and Robinson.

Robinson is a Junior in college and made his letter when a freshman.

Professor Ph. Soulen, Principal of the Preparatory Department, returned Wednesday from the southern part of the state where he had been inspecting high schools.

Iva Emmett visited last week at Spokane and Kellogg.

Ursel Strohecker spent the week in Garfield with her parents.

Gladys Collins was at home in Wardner during vacation.

Omega Pi entertained the Phi Delt at breakfast Tuesday morning.

Constance Gyde sent her vacation at her home in Wallace.

George Downing '14 spent part of his vacation in Coeur d' Alene.

Miss Costello of Spokane spent a couple of days at the Omega Pi House.

Vivian Allen and Margaret Neuman spent their vacation at home in Sandpoint.

Phi Delta Theta entertained the Omega Pi left at the house at dinner Monday evening.

L. G. Mason '14 was at home in Spangle, Wash., for a few days during vacation.

C. J. Hayden '13 was in Boise last week on business connected with the Horticulture Department.

Rose Sieler, Gladys Wiley, Ruth Motie, Muriel Leigh and Gertrude Denecke, were in Spokane during vacation.

"Mick" Kennedy, Mark Anderson, Herbert Bier, and Ben Newberry, are all confined to their beds with the mumps.

Fritz Lundstrum, '11, football, baseball and basketball letter man, is playing an infield position with Walla Walla in the tri-state league.

Roy Mitchell, who was called home by the sickness of his brother will probably be unable to return to college this semester.

Gladys McFarland, Myrtle Friedman, Fern Berry, Dorothy Wenz, and Lillian Carithers, spent part of their vacation visiting friends in Coeur d' Alene.

Professor Jones to Study At Cornell.

Professor J. Shirley Jones, head of the department of agricultural chemistry, has been granted a year's leave of absence to permit him to take advantage of a fellowship in the College of Agriculture at Cornell University. This fellowship is the only one offered at Cornell. Prof. Jones will take work leading to a Doctor's degree. The time of duration of the fellowship is from the first of October until next June.

O. A. C. is expecting to gain the services of "Dad" Moulton, Stanford University coach, as track for the season. The board of athletic control has written to him asking for his services just as soon as the track season ends at Stanford. If he accepts he will be expected to arrive about April 22. "Dad" Moulton is considered probably the best trainer on the Pacific coast.

Jessie Coram spent the week at her home in Grangeville.

SENIOR PLAY FRIDAY NIGHT

Class of 1913 to Stage Entertainment for Benefit of Visiting Athletes.

As has been the custom for the past several years, entertainment will be provided for the inter-scholastic men on the night of the finals in the shape of a play.

The play this year will be given by the seniors and will be along the lines of the vaudeville given by the same class last winter at Eggans hall. Among the features of the evening will be a comedy sketch given by the senior girls which will depict feminine characterization of a glorious victory. The girls refuse absolutely to divulge any information concerning this act, but they do say it is going to be one of the cleverest things that has every been presented by the students of the university.

The remainder of the program will consist of comic vocal duets, fancy dancing, selections by the mandolin quartet, clog dancing, whistling, reed quartet and cartoon sketching by an able artist.

This will be the last chance to see the seniors on the stage and everyone should attend, for the evening will be worth while, and not only that but the seniors hope to be able to clear enough money to completely cancel the debt incurred by last year's "Gem of the Mountains."

The play is being managed by Clyde Cornwall. Mr. Cornwall says, "At the ridiculously low price of thirty-five and fifty cents, there is no reason why every student in the university should not be present at this performance. It is an excellent place to meet the visiting athletes, who are Idaho's future point winners. Arrangements have been made to present the medals to the winners of places in all events during the evening. In order to facilitate the selling of tickets, I have made arrangements whereby seats can be reserved both at the Bursar's office, and at Hodgins' drug store."

W. H. Mason, '12, has been placed in charge of the publicity department of the university. Mr. Mason has been engaged during the past couple of days in sending out copies of the 1913 "Gem of the Mountains" to the various high schools in the state.

Notice.

Will all of the girls who wish to enter the tennis tournament which will be held within the next two weeks, please hand in their names to Ruth Annett, Winifred Brown, or Marie Kettenbach.

For up-to-date tonsorial work, visit Hegge's Baths. South Main street.

Tennis.

As the bright and sunny spring days approach when all forms of athletics are being planned it occurs to us to call attention to one sport that has received very little attention in college and one, which, judged by the reports from other like institutions, cannot longer be slighted by our university authorities. This applies not only from the standpoint of sport as such but from the standpoint of the demand that the college should encourage especially the sport that offers the best form of physical development that will strengthen the work of the class room for all life to come.

It seems to us that the real question is, "Why has this most valuable sport been so long neglected?" Perhaps the answer is that it may seem to lack some of the spectacular performance, the individual glory, the hero-worship idea which has, unfortunately crept into the football and trackwork. While this seeming criticism may be true yet it is equally true that the compensating advantages of tennis far outweigh any such criticism.

From the viewpoint of body development, all the year exercise, financial economy, social delight, adaptability to the needs of the individual, training of quick, decisive judgment, precision of action of mind and muscle, real mental alertness without the serious over strain of football and some other forms of athletics, the openness of play which frees it from all possibility of rough and unmanly tactics, it would seem that these reasons ought to make tennis the most popular sport in college.

If you have never heard tennis called a "girl's game," or a "child's game" you may rest assured that it was said by one who knows nothing of the game. It surely was not said by one who has just played through an hour's strenuous match or a day's tournament.

An added reason why the college should put tennis at least on an equal footing with other sports is that it is thereby fostering an activity equally well adapted to all ages, both sexes, the young as well as the old, the boy as well as the girl, the man as well as the woman. Can this be said of any other sport? It would thus put into the life of every devotee a form of play which we have now come to recognize as one of the essentials of life in later years.

If any form of college recognition or student body letter is granted to any sport, why exclude tennis? Other institutions of like rank with Idaho are recognizing and encouraging tennis. Can we afford to deprive our student body of this most desirable form of physical activity and thus lag behind the sister institutions both east and west?

While it will take some time to prepare the number of courts that would be necessary to provide opportunities for the many who with proper encouragement, will doubtless enjoy tennis yet we have the facilities for a beginning. Tournaments could be held among the students and with W. S. U., Whitman, possibly Washington U. and Lewiston Tennis club, as well as with several high schools. In fact we are told that the Lewiston club will be glad to send a team up almost any time and it would be a good thing to make such an arrangement soon for the impetus it would give tennis in the university. The expense would be slight, almost nothing, and the advantage to the college would be great.

R. B. W. — '16.

What promises to become one of Harvard's most powerful undergraduate organizations is the recently established Forum, conducted under the auspices of the Speakers' club and the Harvard Union. The first meeting of the Forum was held last week and resulted in an extremely satisfactory discussion of Harvard's need for a new gymnasium. The initial attendance was not large, to be sure, there being but 50 men present, but the students who were there and who took part in the discussion made up a very representative group and the speeches were clear and convincing and set forth in an excellent manner the arguments pro and con.

Gifts to the extent of \$400,000 have recently been made to the university for the purpose of building and equipping a number of new departments of the university hospital in San Francisco. The new building will be erected on Parnassus avenue in San Francisco next to the present University hospital. It is to consist of four units, each of forty or fifty beds. The building will be divided into wards, each of which will be devoted to the treatment of some particular form of disease.

Elizabeth Hays spent last week at her home in Boise.

SUMMER SESSION AT UNIVERSITY

The Second Annual Summer Session of the University of Idaho will be held this year beginning on June 16 and ending July 25. The First Annual Summer Session was held at the University last year, and it was such a success that the university authorities have decided to extend the scope of work for the second session.

This year's summer school will be somewhat different from the one held last year. The scope of work to be given will be broadened. Last year the session was designed chiefly for teachers and for those preparing themselves for that profession. This year, however, while the work will be such as to appeal to and benefit superintendents, principals and high school teachers and teachers engaged in conducting all grades of school work, and while it will benefit those fitting themselves for the various state and county examinations for certificates, particular attention will be given to regular college work. The session will be conducted so that university students may receive college credits, and also that those who desire to make up deficiency entrance credits may do so. This will be a new and added feature of the

summer session and will appeal to university students and to those fitting themselves for college entrance.

A feature of the session will be the attention given to agricultural subjects. Courses in animal husbandry, dairying, farm crops, horticulture, soils and other kindred subjects will be given. The entire equipment and buildings of the agricultural department of the university, together with the experiment station farm and buildings will be turned over to the use and instruction of those students of the session who wish instruction and training in agricultural subjects.

The faculty for the summer session will be made up from the regular university faculty, together with the strongest educators obtainable from other institutions and from various parts of the state. The list of the faculty for the summer session is now being worked out and will be made public in a few days.

Linoleum to be placed in halls.

The board of regents have authorized the placing of battleship linoleum in the halls of the administration building and also in the aisles of the new auditorium.

They have also given Acting President Carlisle power to provide suitable lighting for the campus, a thing which is badly needed.

New Four-Mile Record at Des Moines.

Relay runners of Northwestern University at Des Moines set a new four-mile western carnival, cutting ten seconds from the mark made by Wisconsin. The new record is 18:36 2-5. Wisconsin was second, while Missouri just won third in a stirring half-foot finish from Ames.

INTERFRATERNITY BASEBALL

Coach Griffith Has Arranged Schedule to Start May 10th.

Inasmuch as the intercollegiate baseball schedule at Idaho this year is rather light, Coach Griffith has decided that it would be a good thing to have another interfraternity league among the four fraternities and a team representing the non fraternity men.

For the first time in the history of the institution such a league was had last year and much interest was aroused. The Kappa Sig's won the cup by winning four straight games.

When asked if there would be another cup for the winning team this year, Coach Griffith said, "This is a matter that is up to the different teams themselves. They should have a meeting of representatives from all the teams and determine whether or not they should play or a cup and raise the funds if they do decide to do so. They should draw up a set of rules governing all the contests."

Coach Griffith says that he positively will not allow any of the varsity baseball men to take part in this league as he does not want to take a chance on their becoming injured. He refers to the incident at Pullman last Saturday, when Lester, the regular second baseman was catching in a fraternity game and had his hand split, and was unable to play in the Idaho-W. S. C. game and as a result W. S. C. nearly had misfortune. This will tend to weaken the stronger teams and make the weaker teams stronger, placing all of them on an equal basis.

Officers in the league will be elected at an early date.

Notice.

All men who intend to enter the tennis tournament will sign their names to the list in the Bursar's office. A fee of fifty cents will be required of all students who use the courts, whether they enter the tournament or not. This fee is to be used towards keeping the courts in good condition.

Edward M. Strate, '13, is now student manager of the University Creamery. He takes the place of J. R. Maughn, '13, who has resigned to accept the position as manager of a creamery at Calgary, Canada.

Othel Martin, Edith Bailey and Hester Pettijohn spent vacation week in Walla Walla.

Alexander hall, a dormitory for the undergraduates at the theological seminary, at Princeton, was damaged to the extent of \$15,000 by a fire which started on the fourth floor and completely destroyed the upper parts of the building. The lower floors were damaged by water.

Lesetta Lubken and Florence Stephenson went to Spokane for the week end.

The University of California won the recent tennis tournament with Stanford.

Veda Stoddard and Ellen McCrossin spent last week with Zella Bigham in Kendrick.

Ruth Annett and Marguerite Allen were the guests of Miss Ruth Broman at dinner Thursday evening.

Miss French entertained at dinner Saturday evening, Mrs. Denning and the Delta Gammas who were left in town.

Marie Kettenbach, Harriet Wilderthaler and Marguerite Means spent their vacation at their homes in Lewiston.

Phi Delta Theta entertained at dinner Friday evening Mrs. Soulen and those Gamma Phi Betas, who remained here for the vacation week.

Phi Delta Theta entertained at dinner Thursday evening, Mrs. Denning and daughter Margaret and those Delta Gammas who remained here vacation week.

The students at Iowa State College at Ames, in the largest vote ever polled by the student body, voted against smoking on the campus by a majority of 270.

The cadets at W. S. C. are to hold their encampment May 17 to 21 inclusive. The camp will be in the near neighborhood of Pullman, and the college will pay the cost of subsistence for the individual cadets.

DARTMOUTH—A letter written in 1782 by Dr. John Wheelock, when president of Dartmouth college, has just been presented to the Dartmouth chapter of the Phi Kappa Psi fraternity by an alumnus.

Rogers N. Strickland, a football star, of Wentworth, also bears the honor of having had his picture printed in all the magazines of the country when he was one year old, as the best example of what malted milk could do.

Pictures of Wisconsin alumni who have distinguished themselves in the various fields of life will be hung in the Union building, if present plans materialize. Preceding the selection of men, whose pictures will be used, four weeks will be allowed to the students to state their views in the matter. More than \$200 has been pledged by the Union board to support the scheme. Among the pictures proposed a present are those of President Van Hise and "Bob" La Follette. It is also planned to place on exhibition pictures of all major sport teams.

By a circular excavating apparatus which it draws behind it as it travels, it excavates a ditch four and one-half feet deep, and in good soil travels at the rate of three feet per minute.

CADETS REPORT FINE ENCAMPMENT

**Cadets Were Royally Quartered
at Hayden Lake.
Good Weather.**

Lieutenant Franklin was very well pleased with the encampment held by the cadets of the university at Hayden lake. The cadets were quartered in cabins which are used during the summer months for tourists. Each cabin was fitted up with beds and mattresses, electric lights and a fire place, and the dread of the dirty tent and smoky camp fire was eliminated.

The cadets left Moscow at nine o'clock Monday morning and returned Saturday about noon. The companies were somewhat depleted on account of the prevalence of the mumps about school. The time was spent in working out field problems, in guard mounts and the close and extended order drill.

The usual old intrigues of sending a new cadet after a skirmish line, handles for the same, out posts, etc, were all carried out successfully. It is reported that one cadet assumed too much authority because he happened to be a flunky for some of the officers and was heaved into the clear waters of the lake, after being tried and sentenced in a mock trial.

There were no side attractions as there is no town there. Permission was, however, granted the cadets to leave camp and visit friends and relatives in the nearby towns. The authorities are very grateful for the privilege of using the cabins, and for the donations received to help defray expenses.

The individual expense for each member amounted to seven dollars.

Student Body Election.

According to the constitution and by-laws of the Associated Students of the University of Idaho, the annual election of student body officers shall take place on the third Friday in May which this year occurs on May 16th. The nominations shall be made at a meeting not more than two weeks nor less than two days preceding the election day.

So far the field of political activity has been very quiet. No one has announced their intentions of running for any office. The nominations will be made at assembly either on May 7th or May 14th.

Dr. Gurney Resigns.

Dr. Lawrence E. Gurney, head of the department of physics, has offered his resignation which was accepted by the outgoing board of regents.

Dr. Gurney was first connected with the University of Idaho in the fall of 1906 when he came to Moscow as associate professor of physics. In 1908, he was made full professor of physics.

News of the Agricultural School.

The new catalogue for the School of Practical Agriculture has gone to press and will be issued in a short time.

The Chemistry Department of the Idaho Agricultural Experiment Station has just issued a bulletin entitled "The Composition of Irrigated and Non-irrigated Fruits."

It was composed by Professors J. S. Jones and O. W. Colver. It is the first publication of its kind and will be of great value to the fruit growers of the state.

Carl Johnson and Claude Heard have completed their hog feeding experiment. This experiment formed the basis of their graduation thesis and was as follows:

They were given 35 hogs which they divided into 5 lots with 7 hogs in each lot.

Lot one was fed wheat and barley in equal proportions.

Lot two was fed wheat (3 parts), barley (3 parts) and alfalfa (1 part).

Lot three was fed wheat barley and corn in equal proportions.

Lot four was fed wheat (2 parts), oats (1 part).

Lot five was fed wheat (5 parts), barley (5 parts), tankage (1 part).

The experiment was completed last Saturday and lot five showed up the best.

Track.

Coach Hek Edmundson accompanied the cadets to Coeur d'Alene last week in order to see that they kept training and had their daily work-outs. The track men were excused from walking guard duty. At Moscow Captain Whitten had charge of the upper classmen. Every evening this week Coach Edmundson will hold workouts in the different events to determine who shall make the trip to Missoula next Tuesday.

Morrison and Whitten look best in the dashes; Dingle, Ankcorn and Youngs are showing up well in the half mile; Downing, Youngs, Rowell and Warren are doing good work in the mile and two mile. "Buck" Phillips is better than ever and has thrown the shot, discus, hammer, and javelin further this year already than last.

Coach Edmundson is not all discouraged with the prospects of winning from Montana next week.

Remarkable.

"The Academy (of Idaho) has secured the first javelin used in the State of Idaho, and it is proving immensely popular among the boys. Several can hurl it over a hundred feet.—Pocatello Tribune.

The above extract reads like fiction to University students. Within the memory of the present college generation the javelin has been used at every intercollegiate and at the three interscholastics held here. "Buck" Phillips, '15, held the Northwest record for about two weeks last track season, and Monday night threw it 169 feet in practice.

Kathryn Smith spent the week end in Potlatch.

HOURS 9:30

AT ASSEMBLY

The second assembly in the new auditorium was no less well attended than the first. The musical number was a violin duet, given by Miss Yearian and Mr. Holaday. They were honored for a second selection, and the merits of their playing would certainly have entitled them to a third.

The speaker for the period was Wm. Mason, representative to the state legislature from Latah county. His subject was the work of the last legislature. Mr. Mason graduated from the law school of the university last year, and was the youngest member of the last session of the legislature. In his talk, Mr. Mason took up the work of the legislature from the beginning and explained the part which the Latah county delegation had in the work for and against measures. He denied the allegation that the Latah county delegates were responsible for the defeat of Judge Ailshie for United States senator and explained the peculiar situation in which the representatives of Latah county found themselves throughout the session. In the early contest they did not wish to do anything which would jeopardize the chances for Burton L. French to be elected two years from now to the senate, and in the later contests they were bound to work for the interests of the university. Hence the representation from Latah county found themselves checked from accomplishing the work which they otherwise might have done. Mr. Mason spoke of the different measures which passed, including ratification of the amendment to the constitution for the direct election of United States senators.

At the close of the talk by Mr. Mason, a short student assembly was held. In the absence of the president and vice president, the treasurer took the chair and opened the meeting. Amendments were proposed for the ratification by the student body which provide for the election of the editor of the Argonaut at a date separate from the general election, and also providing for a raise in the remuneration of that officer.

Idaho to Have Alumni Magazine.

The alumni of the university are to have an official publication of their own. Steps along this line were taken last commencement, when the association appointed a committee of three to investigate the matter. They were given complete authority to proceed with the publication of an alumni magazine if in their judgment the plan were feasible. The committee consisted of Wm. E. Lee '03; Mrs. Mable E. Price, '03; and W. H. Mason, '12.

This committee has gone into the matter and adopted plans for

the publication of a quarterly magazine. It is hoped that in time the magazine will prosper so that it can be increased to a monthly publication. There has been a need of a magazine of this kind at Idaho for some time, and it is hoped that "The Idaho Alumnus," as the magazine will probably be called, will be means of keeping the alumni in close touch with each other and with the 'varsity.

The first issue is planned for about June 1. The subscription price has been set at the low figure of 50 cents per year in the hope that ever graduate and ex-student will subscribe for the magazine. The editor chosen for the magazine is W. H. Mason, '12, Earl David, '04, has been elected business manager. Subscriptions should be sent to either the editor or business manager, at Moscow.

Y. M. C. A. Deputation to Troy.

The Y. M. C. A. deputation team, Prof. D. B. Steinman, Frank Osborne, Paul Wenger, Chester Smith, J. D. Davis, George Isamen and Sylvanus S. Swan went to Troy, Idaho at the request of the people there, last Friday noon. The team reports some splendid results. The object of the work is to lead people to a higher life.

A Boys' Scout troop was organized with 16 members. Thank Mr. Steinman for that.

The object of the visit was more directly attained even than that. After the last meeting Sunday night there was a total of thirty-five people who had made the decision to lead a better life, patterned after the Great life. The object was attained thru a Friday evening social gathering, a Saturday afternoon "hike" with the boys, a Saturday night "short talk" service, and on Sunday night thru an address by J. D. Davis in the M. E. church and another by Frank Osborne in the Christian church. Three more meetings were held in the afternoon: Frank Osborne to men only, Mr. Swann to women and by Mr. Steinman to boys. The Sunday night meeting was the climax. In it the definite object was attained. And of those 35 decisions, 20 choose their church immediately. The boys are more than thankful that they sacrificed a part of their vacation for this work.

Coach Griffith has charge of the entertainment of the visitors during the interscholastic. Many will, of course, be taken care of by the fraternities, but in case they cannot all be taken care of in this manner, he would like to have available a list of places where he can accommodate the visitors with rooms or board, or both.

R. D. Leeper, president of the senior class, returned from his home in Coeur d'Alene, Monday.

Keane Drops Two Games to W. S. C.

Keane who missed it and two runs came over, ending the game.

Idaho should have had the game, if the breaks had been her way.

Following is the box score:

| W. S. C. | |

Summary: Home Run Kuehl; Three basehits, Hayden, Foran, Kuehl, Two Basehit, Anderson; Double Plays, Keane unassisted, Kuehl to Casad; Hit by Pitober, Keane, Robinson; Struck out, Bohler, 3; Moss 2, Gerlough 5; Bases on Balls, Off Gerlough 4, Bohler, 1, Moss 1; Passed Ball, Pape; Umpire, Applequist, Scorer, Bistine.

NOTES OF THE GAME.

Curtis at Moscow and Applequist at Pullman, both gave satisfaction in their umpiring.

Lester split his hand catching in an interfraternity game Saturday morning and was unable to play in the afternoon.

Keane is leading the Idaho stickers with four hits out of nine time at bat; Jones and Hayden have made three hits out of nine times at bat.

Jardine looks the best on the field for Idaho but has not shown much at bat yet. He looks weak against left hand pitchers.

Gerlough, Robinson and Numbers have not yet broken into the hit column.

Bender has three good men in his infield in Anderson at third, Lester at second and Casad at first. Anderson and Lester are both freshmen from Spokane.

Casad has made four hits out of six times at bat. The other two times he struck out. He lets the first two strikes go and takes a chance on the last one.

In the sixth inning at Pullman, Casad was at the bat, and McElroy coaching on the first base lines was yelling "Knock it in the river Cass" an indefinite number of

times. Coach Griffith, says "Cass, I'll bet you a good cigar he strikes out." McElroy could not account fast enough. After fouling a couple of strikes, Cassad struck out.

Bohler could hardly be called a first class pitcher. He works hard and earnest enough, but has not had the experience. He is lamentably weak at the bat.

In Hartman and Moss, however, Bender has two first class pitchers, one a left hander and the other a right. Moss was the great athlete of the Pullman high school and is a freshman in college. Hartman is also a freshman, from Tacoma.

The next game is at Moscow on Thursday May 1st, the day of the preliminaries of the interscholastic. Whitman plays here then, and on Saturday, the third.

Oregon has taken two games from W. S. C. and two from Washington, so it looks good for them finishing at the top. If Idaho wins her remaining six games,—if—then we might have a chance at Oregon.

The lecture on "Some Impediments to Social Progress" given in the Episcopal Guild Hall in Boise by Professor Hulme was, according to "The Statesman," unusually eloquent and instructive and was listened to by a large audience. In speaking of a lecture given before the Columbian club the same paper said: "The address by Professor Edward M. Hulme in Art and its Relation to Life was by all odds the most masterly and scholarly lecture upon this or any kindred subject ever delivered before a Boise audience. It is evident that in Professor Hulme we have in Idaho a man who can easily hold his own with any lecturer on similar subjects that the East has ever sent to us."

Prof. Iddings was judge of the debate recently held in Colfax between the high school of that place and the Lewis and Clark High school of Spokane. Colfax won the contest by a unanimous decision and thereby became the champions of Eastern Washington. They will compete for the state championship with one of the westside schools in the near future.

The forestry department, has recently sent out 40,000 seedlings to the residents of the state.

Library to be Enlarged.

Miss Sweet the librarian, states that the library will be entirely re-arranged this summer. There will be eleven new stacks added which will give half as much again of shelf space and the stacks will be re-arranged. Many new books have been ordered for every department.

Dorothy Ellis spent the week-end in Lewiston visiting friends.
