

# The University Argonaut.

VOLUME 15

UNIVERSITY OF IDAHO, MOSCOW, IDAHO, MAY 13, 1913

NUMBER 35

## IDAHO WINS TRACK MEET AT MONTANA

Take Ten Firsts Including the Relay—Final Score 73 to 58.

Idaho sent twelve men to Montana and each man came back with at least one point to his credit. Phillips and Lockhart each took thirteen points, Morrison twelve and one-fourth and Dingle eleven and one-fourth.

Morrison was a distinct surprise to Montana in the sprints. Indeed the entire team must have been if the following article clipped from the Missoula paper can be taken as a criterion.

"Idaho's strength is hard to determine. The Moscow team has not held any meets this year and local dopsters have been unable to get any line upon the ability of the Idaho athletes. Dan Conner, a former Montana track and football star, came to Missoula from Pullman, Wash. yesterday. 'Montana ought to beat Idaho two to one,' he said. 'With our wealth of material we ought not to have a bit of trouble, for Idaho has only three old men on her team this year. She is strong in the weights and distance events, but hasn't much in the sprints. I can't see anything but a Montana victory.'"

The meet started with the 100 yard dash in which Morrison was an easy winner in 10.1.5 sec. Brown the highly touted Montana phenomenon was a yard and a half back. Whitten was close enough to him that he might have been given second place without much surprise to the Idaho coach.

In the mile run we entered Warren and Downing. The latter set the pace for the greater part of the way and breasted the tape in 4 min. and 50 sec. flat. Warren though really a longer distance man was third. Both of these men were badly used up by the rather hard trip. Downing was forced to drop out of the two mile race with a cramp. Warren, though sick from the mile, ran a game race and was a good second. He was carried to the dressing room in a bad condition. He lacked but one point of winning his "I", but no man ever tried harder than did he.

For a while it seemed that Idaho was to win everything. We took the first seven events. "Buck" started the field events right by winning the hammer throw in 136 ft., 6 in.; he broke

(Continued on page 6.)

## Summer Session Catalog Out.

The Summer Session Catalog has just been issued and is now ready for distribution. There have been many inquiries regarding the summer session and numerous requests for the catalog. It is evident from the amount of correspondence received by Director Ph. Soulen, that the attendance will be large at the coming summer session of the university.

## JUNIORS TO PRESENT FARCE

"Facing The Music" in the New Auditorium, Saturday Night, May 17.

The rehearsals of the cast for the comedy "Facing the Music," are being pushed vigorously this week. In spite of several unforeseen difficulties, the play is progressing nicely and promises to follow up the track meet and complete the day with a good heart laugh.

The situations are very amusing, the kind that keeps one guessing what's going to happen next. Everyone becomes so confused with everybody else that as Pat has it, "it turned out to be neither of us." Nothing could be more laughable than the seemingly unsurmountable difficulties with which Mr. Perkins in his role of John Smith, has to cope. However, he always contrives to carry off the day with "a good, straight forward honest lie." He is aided and abetted by his friend Dick Desmond, Mr. Hockett, who indulges in a few hearty laughs at Smith's expense. Mr. Hockett bids fair to surpass his previous successes. Mr. Fawcett as the "duffer-headed Duffel," detective from Vine Street with his mysterious signals and great secrets is certainly a taking character. The minister, the Rev. John Smith, who "dwells on the upper most story" and is easily shocked, is finely interpreted by Mr. Mason, while Colonel Duncan Smith, Mr. Kennedy, offers a good picture of gay and gallant veteran. Miss Tosney in the role of Mrs. John Smith leaves little to be wished in her character of the too credulous wife and Miss Petcova continues to grow "more and more anxious" about her "Johnny," the Rev. John Smith, until they are united, "at last, at last."

Miss Hockett, the actress Miss Flora Kotheringav "of the Bijou Theatre" succeeds in causing a great deal of trouble. Mrs. Ponting, the garrulous housekeeper is forty with her quick retorts is

## Law Graduate in Town.

F. H. Rehberg, a graduate of the law class of 1912, is in Moscow on legal business and is also visiting friends at the university. Mr. Rehberg located at Kamiah after graduation from the university and is making good in the legal profession. He is in Moscow to attend the federal court session, having several cases before that tribunal at this term.

## FRAT LEAGUE STARTS THIS WEEK

Weather Prevents the Opening Game Between Phi Delt's and Theta Mu's

The first game of the fraternity baseball league was scheduled for Saturday morning, but owing to the mud being about a foot deep on the field it was impracticable to play. The next game is scheduled for Friday afternoon at four o'clock between the Zeta Delt's and Phi Delt's.

So far the non-fraternity team is the only team that has practiced any. They have elected George Donart, '13, as their manager, and with John McEvers, Clyde Hallam, Sigert Anderson, R. D. Leeper and several others, they will be right near the head of the list when the last game is played.

Coach Griffith is worried about the interest the different bunches are displaying. "The managers of the different teams should get together," said the coach, "and make arrangements for the purchasing of balls, and also to provide for a suitable trophy for the winning team. Last year each team chipped in ten dollars which went first to defray the expenses and with the remainder of the money a handsome loving cup was purchased for the winning team. I think they should carry out about the same scheme again this year."

Last year the cup was won by the Kappa Sigma's who won the deciding game from the Theta Mu's in the last half of the last inning at bat, scoring about six runs in what was otherwise an airtight game. Much interest will probably be displayed in the series this year.

Dean French, Mrs. MacLean, Mrs. Day and Miss Hoover were the dinner guests of Gamma Phi Beta Tuesday evening.

portrayed by Miss Wayman.

All in all the parts are well taken and the production promises to be a success. The play is under the management of Walter P. Scott.

## BASEBALL TEAM TO WALLA WALLA

Coach Griffith Will Take His Team to Whitman for Games on Friday and Saturday.

The Varsity baseball team will make an invasion of the Missionary territory on Friday and Saturday of this week and the outcome of the games will have considerable bearing on the tail and champs of the Inland Empire. The present standing of the team are; W. S. C., lost none, won four; Idaho, lost three, won one; Whitman, lost three, won one. W. S. C. will undoubtedly be the team that will meet the westenders for the championship of the conference.

The Idaho team has been in hard luck for the past two weeks on account of the weather. They have not had one single good day for a practice since the Whitman games, so this should give the Whitman team the best of it, but if Whitman should play the same class of ball they played here the last game, there would be nothing to it.

The following men, together with Coach Griffith and Student Manager Curtis, will probably make the trip: Robinson, Gerlough, P. Perkins, Humphrey, Keane, Numbers, Jardine, Hayden, Jones, E. Perkins, Donart and Newberry.

Following are the batting and fielding averages of the Idaho team to date.

Batting Averages				
	A.	B.	R.	H. Petg.
Jones, cf	16	5	5	.313
Keane, 2b	18	2	5	.278
Hayden, p & lf	13	3	4	.308
Humphrey, 1b	15	3	4	.267
Donart, rf	9	1	2	.222
E. Perkins, rf	4	0	1	.250
P. Perkins, p	5	1	1	.200
Robinson, c	13	3	1	.077
Numbers, ss	16	3	0	.000
Gerlough, p	9	0	0	.000
Team	118	21	23	.204
Fielding Averages				
	P.O.	A.	E.	Petg.
Donart, rf	4	0	0	1.000

Special Assignments..... Homer Barton, '16  
Reporter..... Fred Theriault, '15

The office of The Argonaut is in the publicity office, next door to the bursar's office. A member of the staff may be found in the office any afternoon except Tuesday. All contributions gladly received up until Monday noon of each week. Paper goes to press Tuesday.

Acting President W. L. Carlisle left Monday for the East where he will spend two weeks in looking after important matters relating to the university. He will spend about two days in inspecting dairy cows which have already been collected by Prof. E. V. Ellington and will be shipped to Idaho for the farmers of the northern and southern parts of the state. His itinerary will include the Universities of Wisconsin, Minnesota and Chicago, and he will return by way of the Iowa and Kansas State Agricultural Colleges.

He expects to make arrangements for securing some additional instructors for the summer school session, and will also be on the alert for men to fill the vacant chairs in the Faculty.

When it comes to the joke department ye editor is about as much at home as a bear in a post office. Some say that a college paper must have a good stock of jokes to give it spice and life; others say that they are foolish and never have a point that would make a rational being laugh. We have good authority for both sides. Swift says, "A college joke to cure the dumps," while Holmes contends that "People that make puns are like wanton boys that put coppers on the railroad track."

Someone may learn what he calls a good joke upon a friend and give it to the editor. If it is not published the editor is considered too much of a blockhead to see the point. This is only the criticism that comes from observers, but it is the object of the joke who stirs up the real trouble. If he happens to be one who likes publicity he will feel slighted in case the joke is not seen in print. Again, if the joke is published, he will swear eternal hatred. So what is to be done?—College Coy. etc.

Fraternities throughout the country are on the defensive. In other words they must justify their existence to those exponents of pure democracy who assert that Greek letter societies are

aristocratic and tend to breed snobbishness, and place no emphasis on the serious things of college.

We may as well open our eyes. Bills have been introduced in many legislatures this year, proposing to abolish Greek letter societies. At Wisconsin, President Van Hise himself appeared to lend his weight against the Anderson bill, which sought to kill fraternities. The situation was grave for the societies. The presidents of all the state institutions in Ohio declared themselves against a bill recently introduced in the Ohio legislature seeking to expell fraternities. Texas had to fight hard to win out in the legislature against the anti-fraternity legislation.

This all goes to prove that fraternities must justify their existence, and the fact that college presidents favor them is a big factor in their favor. The wave of so-called investigation will not stop, however, and it is time for a fraternity house cleaning.

Nothing good will be accomplished by the fraternities to save themselves by quarreling among themselves. Fraternities should band together to work out reforms, and reforms are necessary, and unselfishly seek to aid each other and prove to the simon pure democrat that they are a force for good in university life.

Maybe we need a house cleaning in our rushing and pledging methods? If that is the case let the fraternities get together, have a frank discussion of the systems in vogue, and if a reform is necessary now is the time for reforms.

If we need a house cleaning, let us do it ourselves.—Minnesota Daily.

Robert Lee Ghormley, '03, will arrive in Moscow the latter part of the week and spend a few days here. Mr. Ghormley is a graduate of the United States Naval Academy at Annapolis, and is now on his way to that place. While a student here he was commander of the cadet battalion. During his sojourn here he will be initiated into Phi Delta Theta, having been a member of the local, Kappa Phi Alpha.

## NOMINATIONS FOR STUDENT OFFICES

**Samms and Kinnison to Oppose Each Other for Head of the A. S. U. I.**

At the regular assembly hour Wednesday, nominations were made for the student body offices for the following year. Less excitement prevailed than at any time during the past college generations.

Banks Kinnison, '14, of Payette was nominated for the presidency by R. D. Leener, president of the present senior class. Virgil Samms, '14, of Pocatello, was placed in nomination by football captain-elect Clarence Favre. Both Kinnison and Samms are enrolled in the department of civil engineering.

Kinnison has been on the football squad for three seasons, making his letter in his second year. Last year he was prominently mentioned for All-Northwest guard. Kinnison has served two terms on the athletic board. He is a member of Zeta Delta fraternity.

Samms also has been on the football squad for three seasons, likewise making his letter in his second year. He has been prominent in all college activities. At last student body election he was chosen on the athletic board. He is a member of Kappa Sigma fraternity.

For vice president, Chester Smith will oppose Merton Kennedy. Smith is in the department of engineering, while Kennedy will graduate from the college of letters and sciences.

For editor, associate editor and business manager of the Argonaut, there was no competition, but one man being named for each place.

The election will take place on Friday from ten o'clock to two o'clock in the Ad building. It was the sentiment of the student assembly that the members of the baseball team should cast their votes before leaving, placing same in a sealed envelop and given over to the president of the A. S. U. I.

Much interest will probably be centered about the selection of the May Queen which will take place at the same time as the general election. The choice of the May Queen is limited to the senior girls, and no nominations are made.

Following is the ticket as it will probably appear on the ballots Friday:

**President:**  
Banks Kinnison  
Virgil Samms  
**Vice President:**  
Mick Kennedy  
Chester Smith  
**Secretary:**  
Lesetta Lubken  
Gladys Collins  
**Treasurer:**

Rollo Carter  
Theron Warren  
Marvin Monroe

**New Stunt for Commencement Week.**

A new feature is to be staged during the June commencement week at the university. This will be a baseball game between members of the alumni association and either the seniors or the faculty. They want to pick the hardest team to defeat so that the credit will be all the greater.

At the meeting of the members of the alumni association last night in the office of W. E. Lee, a committee consisting of G. L. Larson, O. S. Edmundson and Chas. Eichelberger was appointed to complete the arrangements for the ball game.

Walter S. Bruce, president of the new state board of education and board of regents of the university did not come to Moscow Tuesday as was expected. He sent a telegram stating that he would be unable to be here. Herman Rossin, of Wallace, also a member of the new board, expected to be here but postponed his visit. The board will meet in Moscow on June 10th in a regular called meeting and matters of importance will be taken up at that time. They have announced that the commission of education for the state will probably be selected at the Moscow meeting.

Merrill Yothers, B. S., graduate of the University of Idaho in the class of 1907 spent Tuesday in Moscow visiting friends. Mr. Yothers is now assistant entomologist at Washington State College. He has recently received a good offer from the United States Department of Agriculture and is now considering the same.

Clarence Leroy Wickstrom, a graduate of the mining department with the class of 1907 is in Moscow visiting friends. Mr. Wickstrom is now located in Spokane.

The price of tickets for "Facing the Music" is only thirty-five and fifty cents at Hodgins only.

Mrs. Sylvester of Rathdrum is here this week visiting her daughter Bertha.

See the predicament the "Two Smiths" get into in "Facing the Music."

For up-to-date tonsorial work, visit Hegge's Baths, South Main street.

**Baseball Team to Walla Walla.**

and has good baseball sense.

With the Perkins' sisters back on the job, Idaho will put up a better game. E. Perkins hit the best of any of the outfielders on the team two years ago.

Hayden will probably never be able to pitch again, as he thinks there is no chance of his ever getting his arm back into condition. Hayden was the mainstay of the Idaho pitching staff three years ago.

It has been learned that Con Robinson, who pitched for Idaho two years ago while he was still a prep, is now working for one of the teams in the Union association.

Lundstrum has been hitting the ball hard and fielding well for the Walla Walla team of the Tri-state league. Lundstrum was the Idaho captain two years ago.

**Campus Day at Other Schools.**

The college of Idaho at Caldwell recently held their first campus day, which was very successful. All the seniors of the High schools in southern Idaho were invited as visitors. The program consisted of a May Pole dance, class stunts and other entertainment features.

Campus Day at Washington State College was characterized by the college paper as a "splendid exhibition of college spirit."

The boys, under the direction of capable foreman selected from among the students, built a surprising amount of concrete walks, and the co-eds prepared and served the dinner.

Campus Day at the University of Washington the rule was "He who won't work, can't eat." The campus was cleaned, trees were planted, and a general jollification concluded the events.

**May Have Spur to Heating Plant.**

Dr. Steinman of the civil engineering department, together with his class in railroad engineering have been engaged for the last few weeks in working out a location for a spur to connect with the N. P. tracks to lead up to the heating plant of the university. In winter the hauling of coal is a serious question for the grade is steep and the roads bad. Mr. Steinman has several proposed locations in view and is now applying the economic principles of railway design to determine the final location.

**Alumni Hold Meeting.**

Members of the alumni association of the university held a meeting Tuesday night in the office of Attorney W. E. Lee. Although the meeting was called hurriedly, a good attendance turned out. Matters relating to the coming commencement week and other business of the organization was taken up and discussed.

### Annual Soon to Be Out.

The 1914 Gem of the Mountains will arrive the last of this week or the first of next and will be put on sale immediately in the hall of the Ad building. Those who have paid part or all on their annual must present their receipt for same. The annuals will sell at the regular price of \$2.50. There are only a small number ordered over what have been signed up for so those who have not signed up and want annuals had better come early. "I wish that everyone would get their annual as soon as possible for it is necessary to get everything settled up this spring," says Walter Scott, business manager.

Every student and member of the faculty of the university should buy an annual. Our student body is small and the only way we can publish a successful annual and one that will be a credit to the university is to have every student take enough interest in it to buy one. There is no better way of showing your friends what the university is like than by showing them your annual. Outside of the interscholastic there is no better way of advertising the school and getting high school students interested. The board of regents recognize this and with the co-operation of the Moscow Chamber of Commerce are sending a copy to each high school of the state. When you get your annual don't put it in the bottom of your trunk after you have looked thru it but show it to all your high school friends and try and get their interest aroused so they will come to the university. If every student would do this there would be a large increase in our enrollment.

The greatest value of an annual is the pleasure you get out of it after you have finished college. It contains all the athletic, social and student activities of the year and is the best history of your college course you can get. It contains the pictures of your classmates, the campus and the college buildings, and in after years it will form one of the strongest links to your school days, one that you can not afford to miss.

Chester Minden, '13, has been engaged in mailing out summer school bulletins during the past week. Over three thousand bulletins have been sent out to the teachers, and high school graduates.

Miss Margaret Butler of Lewiston is visiting this week at the Gamma Phi Beta house.

Mrs. Paul Savidge of Tacoma is spending the week at the Delta Gamma house.

Myrtle Friedman spent the week-end visiting friends in Lewiston.

Lorena Dartt and Evelyn Weeks spent the week-end in Palouse.

"Facing the Music" is some scream. An evening of entertainment and laughter.

Don't forget about the big track meet with W. S. C. Saturday afternoon and the Junior play in the evening.

Those interested in Y. M. C. A. Bible study are invited to meet with the committee Sunday afternoon at 3 o'clock at Litz Hall for a discussion of policies.

Prof. E. M. Hulme of the department of history will deliver the commencement addresses at the High school graduation exercises at Caldwell, Idaho Falls, and St. Anthony.

Delta Gamma entertained at dinner Saturday evening. Herbert Whitten, Marvin Mulkey, Vernon Fawcett, Louis Denning, Phil Mitchell, Jim Lookhart, Carl Shinkev, Charles Owens, Arthur Jardine, H. Dingle, and David Eaves.

The commencement speakers at the University of Washington have been named. Bishop E. H. Hughes of San Francisco will deliver the Baccalaureate Sermon, and Rt. Rev. Bishop F. W. Keator of Tacoma will give the commencement address.

Ted Watts, '13, will leave school today for his home at Juliaetta. He has completed his school work and is in line to receive his diploma with the Bachelor of Science degree. Mr. Watts will spend the greater portion of the summer driving a stage in Yellowstone National Park. Next fall he intends entering a medical school in the east.

Dr. C. N. Little, dean of the college of engineering left for Boise last Monday to attend the first meeting of the state highway commission. Three men are commissioners by virtue of the office they hold. They are Secretary of State Gifford, State Engineer King and Dean Little, head of the civil engineering department of the University of Idaho. The other commissioners are Theodore Turner of Pocatello and Miles Cannon of Weiser. One of the first acts of the commission will be the selection of a competent engineer to have charge of the construction of the state highways. The salary of this engineer cannot exceed three thousand dollars. Assistant engineers are also to be chosen.

### President Bryan at Convocation.

A telephone message to Acting President W. L. Carlyle of the university, received yesterday morning from President E. A. Bryan of W. S. C., stated that the latter has accepted the invitation to deliver the annual convocation address at Idaho this year. The commencement program is now being worked out in its details, and will be arranged definitely soon.

President Bryan will deliver the convocation address on Tuesday afternoon, June 10th.

## Idaho Wins Track Meet at Montana.

the college record.

The quarter was a nice race, Whitten broke the tape in 52 2-5 sec. and Dingle was a close second. However, the inspectors thought they saw something illegitimate in the way of elbowing on one of the turns and threanout Whitten and the Montaw man who was third. In my opinion the captain was justified in his action as the man out in on him and tried to crowd him out when Whitten passed him. This was the one disagreeable feature of the meet. The officials were all of Montana and refused most flatly to allow us a hearing, kindly (?) inviting me to move on and away from the disoussion.

Morrison duplicated his performance in the 100 and won the 22 handily in 22 4-5, which is good on a curved track. He took third in the broad jump and ran as second man in the relay and defeated his onponent here again, not a bad day's work for a freshman in his first college meet. Lockhart won the 120 hurdles and also the 220 "sticks." This was another event when the Montana "donesters" looked sad. Before the race all you could hear was "Brown can run them in 26 sec. The race had not gone far however before it became quite apparent that Lockhart would win, as he did in 26 and 4-5 sec. This man lost the broad jump by 1/4 an inch: his best legitimate jump was 20 feet, 5 in. However, he made one jump of 21 ft. 3 in. but stepped over with his front spikes. Much credit is due Jim as he has only recently come out of the hospital and is still rather weak.

Another Idaho man to whom much credit is due is Scott. He succeeded in clearing the bar at 5 ft. 6 in. after his team mates had dropped out. "Scottie's" ankles have been bad for a year. Before the event was over he was limping badly and each jump was more than an effort. He also took third in the pole vault. Barton was second in this event.

We lost five events, the shot, pole vault, broad jump (by a half inch), high jump and the two mile. Phillips put the shot 38 ft. 5 in., and Brown shoved it out 36 ft. 6 in. and barely missed third place.

"Buck" also broke the college record in the discus with a throw of 115 ft., 5 1/2 in. Brown was third in this event.

Dingle and Ankorn, who were first and third in the 880, ran well. If they had had more experience the time would have been faster and Ankorn would have had second and thereby won his "I". Coming as close to the 440 as it did, however, the time of 2 min., 8 sec. is good.

Just before the relay Phillips gave an exhibition javelin throw. Montana had never seen the event and it seemed to please them. "Buck" got some applause. He

threw 165 feet.

Dingle lead off for Idaho in the relay and came in two feet ahead. He and Morrison got a nice "touch off" and the latter came in with a nice lead which was further increased by Ankorn and Whitten. The final time was 3 min., 37 sec. an average of 54 1/4 per man.

I said there was only one disagreeable feature; there were more though less grievous. Whitten was a third if not second in the 100. At first they didn't give him anything but changed their decision on protest. After Captain Whitten and Cameron were thrown out of the 440 Ankorn was thirid. We had to protest again for this point. In the evening the college paper came out with the announcement that the final score was 58 to 68. I suppose that the author failed to count the five point made in the relay as there was some discussion about it at the beginning of the meet, but I had an understanding with their coach that it was to count.

Why we had four tired men run a quarter each for the pleasure of the crowd would be a good question for debate.

### SUMMARY

100-yard dash—Morrison (I), first: Brown (M), second: Whitten (I), third. Time: 10 1-5 sec.

Mile run—Downing (I), first: Taylor (M), second; Warren (I), third. Time: 4 min., 50 sec.

440-yard dash—Dingle (I), first; Wiedman (M), second: Ankorn (I), third. Time: 52 2-5 sec.

120-high hurdles—Lockhart (I), first: Dowd (M), second: Ronan (M), third. Time: 17 3-5 sec.

Hammer throw—Phillips (I), first: Day (M), second; Harris (I), third. Distance: 136 feet, 2 1/2 inches.

880-yard run—Dingle (I), first: Wiedman (M), second; Ankorn (I), third. Time: 2 min., 8 sec.

Shot put—Craighead (M), first: Phillips (I), second; Dornblaser (M), third. Distance, 39 feet, 1 inch.

220-yard dash—Morrison (I), first: Brown (M), second; Dowd (M), third. Time: 22 4-5 sec.

Two-mile run—Long (M), first; Warren second; Schouper (M), third. Time: 11:06 1-5

High jump—Wolfe (M), first, Scott (I), second: Dowd, (M), third. Height: 5 feet, 9 inches.

Discus throw—Phillips (I), first; 115 feet, 5 1/2 inches. Craighead (M), second; 106 feet, 3 inches. Brown (I), third: 93 feet, inches.

Broad jump—Dowd (M), first 20 feet, 5 1/2 inches; Lockhart (I), second, 20 feet, 5 inches; Morrison, (I), 20 feet, 3 inches, thrid.

Low hurdles—Lockhart (I), first; Brown (M), second; Dowd (M), third. Time: 26 4-5 sec

Pole vault—Sheedy (M), first; Barton (I), second; Scott (I), third. Distance: 9 feet 8, inches.

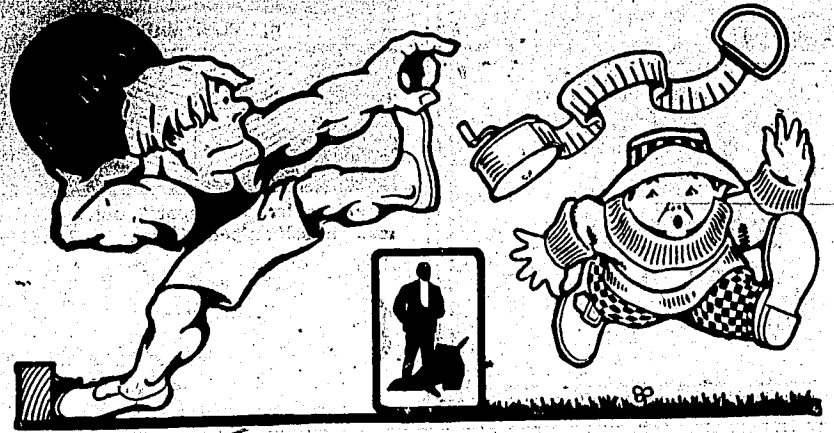

Montana men apparently lacked condition. They fought hard. Nearly every man collapsed at the conclusion of his race. The Idaho men finished fresh and strong.

Idaho won the relay easily, running the mile in 3 minutes, 37 1-2 seconds.

Morrison, Lockhart, Dingle and Downing made their "I" for the first time.

(Signed) C. S. Edmundson.  
Points won by individuals:

Phillips 13; Lockhart, 13; Morrison, 12 1/4; Dingle, 11 1/4; Downing, 5; Warren, 4; Ankorn, 3 1/4; Barton, 3; Whitten, 2 1/4; Brown, 1; Harris, 1.

## PUTTING THE SHOT 42 FEET OR THROWING THE JAVELIN 178 FEET

We all consider achievements worthy of our attention and out of the ordinary. Just so are the lines of clothing we carry thought of, by men who know.

"L" SYSTEM Clothes have no rivals for the college fellow and Hirsch, Wickwire's Hand-made clothing meets the demand of the most conservative dressers. Remember too, **STYLEPLUS \$17 CLOTHES.** The same price the world over.

**IDAHO** College Blankets Just Received **\$5**  
Approved by the Athletic Council. each

Big shipment of Cable Stitch and Shaker Sweaters  
Has Arrived--All Colors. \$7.50.
