UNIVERSITY OF IDAHO, MOSCOW, IDAHO, DECEMBER 4, 1913

PLACE-KICK MAKES IDAHO FOURTH

O. A. C. TAKES THE GOBBLER-DAY GAME FROM IDAHO IN SEA OF MIRE.

Idaho's Defense Was-Not-Solved by Powerful Opponents.

On a muddy field at Corvallis, on Thanksgiving day, Idaho was shifted from a contender for second place to a fourth place position in the northwest college conference. The boot of Blackwell-cinched-the-game-and-second place, by kicking a goal from placement in the early part of the game. The mud and water was ankle deep, which made anything except straight football impossible and that could be followed with little success. The only score was the result of a punt out of

Bounds by Kinnison caused by the slippery conditions of the ball. Because of the condition of the field the speed of the Idaho team counted for nothing and the weight of the O. A. C. team gave them a great advantage.

The ball was kicked to Idaho and E was punted back on the first down. O. A. C. attempted to carry the ball, but the double line defense, which "Pink" had prepared for their style of attack, worked like a charm, and the farmers were forced to punt." Kinnison returned the ball 40 yards with a punt. O. A. C. failed to make yardage with line bucks but a forward pass was successful and the ball was advanced 20 yards. The ball was advanced to the Idaho 1-yard line on the third down. O. A. C. was confident of a touchdown, but Groniger tore through the line and threw May to the earth for a loss of 5 yards. Here Kinnison attempted to punt but the ball sliped off his toe and went out of bounds. Blackwell droped back and kicked a goal from placement on the 20-yard line which gave them the only score of the game. Score O. A. C. 3, Idaho 0.

The remainder o fthe game was a Aflounder in the mud, replete with fumbles, flukes, and high dives into the lakes of mud for a firm hold on the slippery pig-skin. Idaho made few attempts to carry the ball, but relied ing was spent in dancing. Refresh- of each of these teachers is \$945.50 per probably in March. The contest Friupon Kinnison's pulting to keep the ball away from the Idaho goal. The Aggies were unable to make consistant yardage and were forced to resort to punting, but Kinneson had the edge on Blackwell in this phase of the game. Several attempts were made by Blackwell in the latter part of the game to kick goal, but the slippery pigskin was too tricky to be directed in any definite direction and the game ended with the score 3 to 0 in O. A. C.'s favor. Johnson and Groniger were easily the stars for Idaho. Brown and Lockhart played well in the backfield. Abraham and Blackwell were the stellar performers for the Aggs. The line-up: Position Idaho **O**. **A**. **C**. Samms R.E.L. Billie Kinneson R.T.L. Hofer

Anderson-

The two Idaho veterans who made All-Northwest. All that we regret in the history of these two men is that they have not been here longer. With half the teams in the conference jealously watching them, with a chance to play in but a few games they have wrung an All-Northwest position out of those who know. After January 1 they will play no more with Idaho.

More Practice. Coach "Pink" Griffith has stated that football practice will be held only once per week until the holidays when regular work will be resumed and the team will be sent through two work-outs per day in order to get them in shape for the Multnomah game to be played January 1, at Portland.

WHAT MR. GILES FOUND OUT

Idaho Has Many Good High Schools and a Good Quality of Teachers;

Equipment Short.

As the result of Mr. Giles' investiga tion into the statistics of the high schools of the state, it might be of interest to note that there are fifty high schools in the state with an enrollment of 5570 students. There have been seven hundred forty-three graduates, four hundred ten of whom are girls and three hundred thirty-three are boys. There are 368 teachers, 186 some of the upper-classmen Friday the high school faculties 240 have had takes place just before the Christmas night. The former part of the even- college training. The average salary ments were served and then the guests year. In several places the salaries day evening, December 12, will be a run below this mark while in others it is much above. The average valuation of the equipment is \$1016.75. This equipment includes books, science laboratories, domestic art and science, and manual training equipment. In getting this report many odd contrasts are shown. For instance, one high school with a membership of 181 students has an equipment valued at \$900 while another high school has an enrollment of 92 students and has an equipment valued at \$5300. Some of the high schools have good equipment, but as a rule it is found that the

MORE IDAHO SPIRIT NEEDED FOR DEBATE

TRIANGULAR DEBATE COMING SOON. IDAHO MEN WILL MEET OLD RIVALS.

On Dec. 12 One Team Goes to Corvallis and One Will Stay at Home.

Now that the football season has closed, and our gridiron warriors have given every loyal son of Idaho good reason to feel proud of his alma mater, the university is asked to turn its attention and give its active support to another college activity. This is inter-collegiate debating, another form of college rivalry. While lacking many of the attractive features of football and other athletics, it possesses in a high degree the power of fostering good will among teams. Visiting teams are given a royal welcome;,,during the debate itself no well-timed argument, no shrewd rebuff of a sharp attack is allowed to pass unnoticed by the audience, whether made by the home team or the visitors. Contestants strictly avoid ill-tempered irony and sarcasm, though the play of wit be keen and the clash of argument bitter. Unfailing courtesy is observed through-

For the University of Idaho, the outlook for a successful year in debating this year is promising. A larger number of men went in for debate this year than for some time past; at the try-out competition was very keen. The men selected are among the most forceful and convincing speakers in the university. For weeks they have toiled on the question in preparation for a struggle that will last only two short hours, all in order that Idaho may win. Coach Robinson is doing all in his power to develop two teams that in a contest of prain and logic will be invincible. Both coach and debaters have sacrificed time and social pleasures to devote themselves to the question.

The University of Idaho has two de-Alpha Kappa Epsilon enatrained of whom are men and 182 women. Of bating schedules this year. The first holidays on December 12, the other triangular debate between Idaho, C. and O. A. C. Each college has an affirmative and negative team. Our affirmative team will meet the representatives from our old rival, W. S. C. here in our auditorium, while our negative team will journey to Corvallis to debate O. A. C. the same night. The negative O. A. C. team will debate the W. S. C. affirmative team at Pullman the same evening. On our negative team are J. M. Pond, and C. F. Johnson, who made the team in his Freshman year. Our affirmative team is composed of Dotson, a former strong debater, and M. Ison, who has distinguished himself by making the team his first year.

The guests were: Misses Collins, Anthes, Packer, Harlan, Pitcairn, Stevenson, Hostetter, Taylor, and Messrs, Oscar Johnson and Lehman.

Announcement has been received here of the marriage of Miss Margaret Mason, ex '14, to Mr. William Edwards, at the home of the bride's parents, at New Plymouth, Idaho, on November the twenty-eighth. After a wedding trip to Portland, Seattle and San Francisco, the young couple will be at home at New Plymouth after December Hockett, Ezra Fjelsted and Eldon Fayre twenty-fifth. Hayes

Hazel Woods entertained at dinner Sunday Misses Anna Packer and Clara Myrick.

PROFESSOR CAREY TO ENGLAND

Will Visit Old Home Which He Has

Not Seen for More than Twenty Years.

Professor E. J. Carey, Moscow's well-known band leader, will leave Thursday for a visit at his old home in England. Since first coming to America Professor Carey has crossed the Atlantic more than half a dozen times but it has been over 23 years since he has seen his father and his old Eng-

land home. He will go direct to New York City and from there take passage to Liverpool on the steamer Ivernia.

While in England Professor Carey will visit his old tutor who taught him in early boyhood to play the cornet. He expects to be away from Moscow for several months.

CLUB'S SECOND PRESENTATION

"Everyman," the Old English Morality,

to be Brought to Presentation.

On the night of December 13 the English club will present the second in the historical sequence of plays which it purposes this year to produce. The performance of the two miracle plays last month met with such hearty approval on all sides that the coach and actors of Everyman are at their task with great enthusiasm. And indeed the appreciation which the first presentation received assures the living, moving, dramatic values of the greatest of morality plays a sympathetic audience. That the audience will be delighted with Everyman is undoubted; to register the degree of delight will be the task of a later reviewer.

The central idea of Everyman is very

iastically at work, it is with pleasure that one hears of the interest which W. S. C. and certain citizens of Lewiston are taking in the production of the English club. Already inquiries from our neighbors are being made a to date and hour. To Moscow citizens and university students there is not only this interest in a great play and an elaborate repreduction but there is the special interest which comes with seeing one's friends and acquaintances enacting the play.

The cast of characters for Everyman is as follows:

Voice of God......Donald David EverymanElizabeth Soulen FellowshipEugene Kelly KindredJeanette Fox CousinRobert Leth RichesWillard MacDowell Good-Deeds with Dorothy Taylor KnowledgeBernice Corneleson Confession.....Arthur J. Lyon EdutyOscar Knudson Strength.....Robert Leth Discretion.....Donald David AngelCharlotte Lewi:

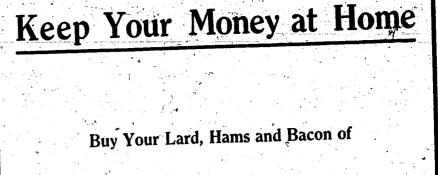

JOHNSON FOR ALL-STAR

Picked From Idaho Squad for the All Northwest Team by Experts.

In the selection of the mythical allnorthwest football team this fall Geo. M. Varnell, whose choice of the honor eleven is never greatly questioned, Idaho was given a position with Johnson at one extremity of the line. In picking Johnson Mr. Varnell said: The Idaho end is fast, experienced and heady. He tackles hard every time he gets a runner, and has exhibited great ability in sizing up plays. He gets down under punts in fine style, and once he gets within reaching distance, he is almost certain to bring the runner to a sudden stop."

That Lockhart was not forgotten in Mr. Varnell's selection of the allnorthwest team is evidenced by the Spokane official's remark: "Lockhart, the Idaho halfback, is too valuable a man to pass over and it is only his inability to stand up under his work that keeps him off the team. He is the fastest halfback in the conference. He is dangerous at all times when he is carrying the ball and is a good man on defense." Lockhart was first to be drawn for a halfback position on Mr. Varnell's second team.

Although there is a slight difference of opinion among the coaches as to the players who should be honored with positions on the all-star team their vote is fairly in harmony with the selections made by Mr. Varnell, whose team is accepted by Spaulding's guide as the official all-northwest colold. The idea of trying one's friends lege line-up. Coaches Bender and Griffith both settled upon Lockhart for a halfback position, while Stanley Borleske, who served as an official in a number of the conference games this fall, picked in addition to Johnson for end both Lockhart for halfback and Groniger for guard, giving Idaho three posts on the mythical team.

goes back to early parables in many tongues. The story is universal; it touches us all. Moreover, the play as a play has extraordinary acting power. Everyman is not a mere literary and dramatic curiosity. Though, as George Pierce Baker says, it is "the most important monument in the early history of the English drama." The power of the play to grip a modern audience as it so many times has done makes it a safe venture even for amateurs. The author had a clever sense of dramatic values—a remarkable perception of suspense and climax, great power of characterization, and a genius for simplicity. The simplicity of the allegory makes the play a great work of art. Since such is the play and since cast and coach are vigorously and enthus-

1914 ANNUALS WELL RECEIVED

Many Roses Come to the Management From the High Schools.

In sonding out the university annuals to the high schools of the state, the management asked for comments upon them. Some of the comments follow which prove that the books were well appreciated.

"The work is very attractive."

IDAHO TEAM WINS

Varsity Judging Class Bests W. S. C. in Judging Hogs at Pullman.

Winning first, second, third and fourth places in the hog judging contest between the University of Idaho and Washington State College at Pullman yesterday the Idaho team left not so much as an honorable mention to her competitors across the state line. The Idaho team was formed of six students in the agricultural department while W. S. C. entered a team of ten and yet failed to get above fifth place in the estimation of John L. Smith of the Hazlewood company at Spoakne, and Professor Potter of Oregon Agricultural College who scored the contest.

Idaho's team was formed of Carl Lewis, A. L. Johnson, Harry Soulen, Julius Nordby, Sam Jensen and George Scott. With a score of 380 points out of a possible 400 Carl Lewis won first place; A. L. Johnson came second with a score of 370; Harry Soulen, third with a score of 327 and Julius Norby scoring 325 for fourth place. To the winners of first and second places will be awarded a couple of choice hogs that were on display at the Pullman show. As was suggested by a member of the team, the Idaho men "brought home the bacon."

The University of Idaho will be represented by the same team in competition with W. S. C. in a fat stock judging contest at the Lewiston livestock show next week and the same team will also judge at the Portland show in competition with teams from W. S. C., Uath California and Oregon Agricultural College.

ELECT TRACK CAPTAIN

"Jim" Lockhart Chosen to Captain Idaho's Team Next Spring-Fast in Sprints and Hurdles.

At a recent meeting of the track letter men at the university "Jim" Lockhart was elected to captain Idaho's track team next spring. In the election of track captain as in the election of captains in all other branches of athletic only those men are eligible to vote who have made their letters.

Lockhart won his letter in the Idaho-Montana meet last spring. On account of the conference "residence" rule he was not eligible last spring to participate in any of the conference meets but is expected to spring some surprises this year. His events are the short distances and hurdles.

So it is with the rest. You some of the girls immediately began lington, Youngs, Robinson, and Mulkey. pick up a paper only a find that it has Zumhoff and Yearian. preparations for the dinner. The two begun to grow whiskers.

In all seriousness, we sometimes wonder for what purpose the papers are sent here. Is it for the benefit of someone in the publicity office, for the faculty, for the librarian, or for the student? The speed with which they make their appearance on the racks and the condition which they are in, makes one doubt the latter at first, but again when we think it over, we are inclined to think that it is the student whom the editor has in mind when he sends them gratis to the university.

While we are on the subject it might be pertinent to ask what has become of the different college papers. During the whole year not a paper from a northwest college has been in the reading room. Do they come or are they considered of so little importance that the public would only waste time reading them?

Whose fault it is, we do not know, but certain it is that the paper service of the university as far as the students are concerned is "decidedly on the blink."

COME TO THAT "PROM!"

Prospects for Annual Function are Brilliant. A Good Moonshine Assured.

The juniors are making great preparation for the Junior Prom which will take place on December 5th. The following committees were appointed over a month ago and have been working on their respective duties:

Decoration, P. Mitchell, R. Leth, M. Anthes, M. Means, H. Pitcairn, H. Lattig, R. Gerlough and F. LaFrenz; program, H. H. Beier, H. Wildenthaler, L. Lubkin, F, Carlson; patronesses; J. McEvers, V. Allen, P. Newlin, H. Nuffer; music, E. Fjelsted, L. Stone, W Casey; refreshments, R. Tingley, L. Denning, E. Soulen, M. Luck, H. Brandt.

The junior prom is the largest function of the college year and it is the plans of the class of 1915 to make the junior prom this year better than ever before All university people and friends are cordially invited to attend.

FORESTRY CLUB MEETS

Spokane Man Tells a Thing or Two About Trees and Men.

Last Monday evening A. W. Cooper of Spokane addressed the Associated Foresters of the university. His subject was "Lumber Grading and Inspection." Mr. Cooper's talk was not at all technical and was extremely interesting both to foresters and the other stu-

The Cup That Cheers

A cup of our hot soda cheers, because it pleases the palate and braces the body. Most hot beverages are food drinks, therefore they are healthful and strengthening as well as satisfying.

When you are thirsty it will quench your thirst-when you are hungry it will satisfy your appetite. When you are chilled it will warm you-and when you are depressed it will stimulate and strengthen you. Try your favorite hot drink as served at our fountain.

We have a long list of delicious food drinks to select from.

the Blue Prussian field pea as a field in the crop in their locality and are determined to make this a good forage crop to feed the livestock which Professor Iddings convinced them they should obtain."

An interesting feature of the work of the movable school at St. Maries were a number of demonstrations made in the use of a new-explosive powder that is manufactured at Sandpoint in clearing stumps from cut-over land. Three stumps were fired in the presence of the school and the new method was thoroughly explained. The class in agriculture at the St. Maries . high school witnessed the demonstrations and each member of the class will submit a written report of the demonstrations to Professor Olin. The reports will be graded by him and the students having the clearest idea of the operation of the powder will be given a check with which to do his Christmas shopping.

Returned to Boise.

Professor Olin left last evening for Boise. He will spend the next two weeks in distributing advertising literature announcing the big livestock demonstration train that is to be run over the lines of the Northern Pacificin northern and central Idaho from dresses. December 15 to 23. One feature of the advertising literature will be a personal letter to every school teacher in Bonner, Kootenai, Nez Perce, Latah, Lewis and Idaho counties through the county superintendents of these counties urging them to announce the coming of the train and 'to do all in their power to augment the attendance. A committee will be appointed in each town where the train is scheduled to stop to handle the publicity work and one member of these committees will be requested to make an absolute count of those who visit the train during its stop. At the close of the run these names will be given to the press in the respective towns for publication.

OUR NEW FACULTY MEMBERS

Dean Ayers of the Law School.

Among the new people at the university this year it were indeed difficult to find one who is more useful just at present than Dean Ayers. No matter how he became a member of the law faculty; no matter where he came from; one thing is certain, we are glad he is here. And excepting a few Mexicans, it is safe to say that the people who live in the places he left are sorry he is gone. No, he didn't look good to the people who revolt every day and he didn't stay in Mexico to see the whole show.

Dean Ayers graduated from the Harvard law school in 1887. He is a member of the Phi Delta Phi fraternity, the largest lawyers' organization of honorary membership in the nation. He practiced the legal profession in the city of baked beans for a number of years, spent a year or so in Mexico and then taught the art of polite wrangling in Nebraska till someone persuaded him that he was needed at Idaho. There is much more to be told of the dean, but time is limited. He is the discoverer of the second brand of "Idaho Spirit," that kind that stimu-^{*}lates without intoxicating. Since the discovery he has been very popular with the athletic management, and 'it must be confessed that he is an excellent "Rally" man. He has made some important changes in the methods of instruction

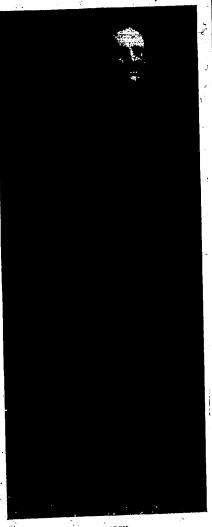

in the law school, added to the law library, and has become accustomed to dismissing his classes almost on time.

Another New Faculty Lady, Miss Lelby.

Miss Cora Leiby is one of the newest members of the faculty. Miss Leiby comes to us with much experience though still a young woman. And it is always refreshing to see a young woman who knows something. She graduated from the James Millikan college in Illinois, taking out a degree of B.S. with domestic economy. Later she had charge of the art work in the East St. Louis public schools; and still later for two years she was at the head of the department of domestic cart in Montana. It was from here that we took her. She has classes in art work composed of all classes of college girls. For not only do the regularly registered maids ply the needle under her guidance, but the short course girls also get training in the art of fine stitches from her. Miss Leiby is a member of the Alpha Chi Omega sorority which goes to show that-she-understands people as well as

Thanksgiving day the Omega Pi girls who remained during vacation entertained a number of friends at dinner. Dinner was served at 4 o'clock, and afterward the evening was spent in dancing. The guests were: Andrew Christenson, Marion Betty, Frank King, Ross Cartee, Ralph Renolds and Homer Youngs,

Phi Delta Theta entertained at dinner Friday night Vivian Allen, Louella-Clare, Maldred Brown, Othel Martin, Louise Clamby and Mrs. Clarke.

: Home Talent Play."

The school board had at their business meeting recently decided by a unanimous vote to take up a home talent play, entitled "Latah County Fair." This play was written by Annie Sara Bock, a West Viriginian who has made the drilling and producing of home talent plays a specialty. This home talent play "Latah County Fair" has been her biggest and most successful. Wherever it has been given it has been an immense success, as -it-no-doubt will be in Moscow. The plan and plot of this play is very simple-nothing but a county fair scene with all manner of people coming to the fair. It will be a real picture of the real old time county fair, with displays innumerable of rich, yellow pumpkins, big potatoes, immense squashes, monstrous ears of yellow corn, red apples and any and every kind of fruit and vegetable raised by the farmers of Latah county. Not only will there be displays of these farm products, but the needlework, machinery and handiwork of the thrifty inhabitants of Latah county will also oc-

cupy a conspicuous space. While the displays above described are always looked for at the county fair yet the real interest of this particular Latah county fair is in the dialogue of the visitors at the fair and in the musical numbers to be presented. As the scene opens the loud mouthed fakers, lemonade man, side shom-man, balloon man will almost deafen you with their mighty yells. Then follows a quick succession of jockeys, preachers, bride and groom, gold brick men, city visitors and all the characters one can possibly imagine at a county fair, each with an appropriate dialogue and conversation. All these dialogues are of the most humorous nature and have a life and spirit to them that convulses and amuses even the most staid audience.

But after all, no amateur entertainment at this day and age ca nbe a success without plenty of good lively up-to-date music, and we will have it in the county fair. One of the big musical features is a Teddy Bear chorus by 300 little girls between the ages of three and nine. It's one of the prettiest and cutest ever. There will be another children's chorus and six young men and young ladies' choruses. All of these are the latest, catchiest song productions and are presented in a beautiful, attractive manner. The Moscow schools have decided to produce this entertainment December 11 and 12. The committeees have been appointed for the various departments of the preliminary work. The best talent of the city will be invited and there can be no doubt of the fari being a rousing success, as our talent, we believe, is rather superior to that of the average town.
