UNIVERSITY OF IDAHO, MOSCOW, IDAHO, MAY 7, 1914

NUMBER 30

IDAHO WINS FROM MONTANA

**TRACK TEAM IN SPLENDID FORM.
LOCKHART BREAKS RECORD
IN 220 HURDLES.**

**Coach Edmundson Confident of De-
feating W. S. C. Next Saturday.
Idaho Weak in Vault and Jump.**

With 106 points to 24, Idaho dedicated the new athletic field to a new era of track history for the university, when she walked away with all that it pleased her to take from the University of Montana team on Saturday of last week. The boys from across the line did not have a look in for a first place and were given few seconds. Lockhart was the star of the meet, carrying off 20 points for his team, while Phillips was second with 15 points.

Despite the fact that the races were run on a new track which was spungy and slow, one Idaho record was tied by Morrison who ran the 100 yard dash in 10 flat, and Lockhart lowered the Idaho record in the 120 yard hurdles from 16 3-5 to 16 1-5. Buck Phillips came within about 1-5 of an inch of tying Gus Larson's record in the shot which stood at 40 feet 11 inches. Buck broke the record in the hammer throw, 139 7-10 feet.

In the 880 and 440 Dingle was the winner in beautiful races. He is strong and holds up in fine condition. Massey, though a freshman with very little experience took second in both of these events and was not far behind the winner. At the rate he is going, he ought easily to lower the north-west record before he leaves college. Loux was the man, however, who would have taken the 440 had he been in training. He has a fine stride and a world of strength. There is but little doubt that he is the best quarter man that Idaho has, and if "Heck" succeeds in getting him in running condition by the first conference meet, which will be with W. S. C. next Saturday, he ought not only to take the quarter, but should be one of the fastest men on the relay team. His lack of condition yesterday was due principally to the fact that he was up late the night before in The Mikado.

The meet Saturday showed that Idaho will be weak in the pole vault and in the high jump, but in all other parts of a meet, "Heck's" team is exceptionally strong, and if one can at all judge from the relative results of the W. S. C.-Montana meet, and the Idaho-Montana meet, Idaho will stand a good chance to win from the farmers this Saturday, which would be the first time in several years.

In the two mile race DeHaven has found a home. However, his only regret is that it is not far enough. He never was known to finish having used all his strength. His worst trouble is that he has no sprint in the finish and when he has been beaten it is generally because he has not set a fast enough pace throughout the race. He needs a man like Bonneville to draw him out.

Gerlough, as was expected, showed

up fine in the mile race. He was not crowded and it was therefore not necessary that he make very fast time.

Morrison was a whirlwind in the sprints and can be depended upon as a point winner in any of the conference meets.

Ross' misfortune in falling in the 220 hurdles lost him second place and his letter in the Montana meet, but he will doubtless capture sufficient points in the next meet.

The events as won were: 880-yard run, Dingle, Massey, Jones (M), time 2:02 3-5; 100-yard dash, Morrison, Lockhart, J. Brown (M), time 10 seconds flat; pole vault, Cunningham and Prescott tied for first with Scott second, height 10 feet 6 in.; 120-yard hurdles, Lockhart, Ross, time 16 2-5; shot put, Phillips, Craighead, Groniger, distance 40.9 feet; mile run, Gerlough, Downing, Bonneville, time 4:50 1-5; broad jump, Lockhart, Morrison, Owsley, distance 21 feet 10 inches; discuss, Phillips, Groniger, Lommasson, distance 119 feet 1 inch; 220-yard dash, Morrison, J. Brown (M), Calquhoun, time 22-2-5; 440-yard dash, Dingle, Massey, Loux, time 52 seconds; high jump, Scott, first Lockhart and Cunningham tied for second, height 5 feet 4 inches; 220-yard hurdles, Lockhart J. Brown (M), W. Brown (M), time 25 4-5; two-mile run, DeHaven, Olander (M), Templeton (M), time 10:40; hammer throw, Phillips, Craighead (M), and Lommasson, distance 139 feet 7 inches. The relay was forfeited by Montana.

THE TOURNAMENT

**Soulen and David Win the Doubles for
the Varsity—Scores Indicate
Fast Playing.**

The triangular tennis meet between teams representing the University of Idaho and the Lewiston State Normal and Lewiston high school held last week at the courts of the Lewiston Tennis club resulted in the single championship going to Beach of the Lewiston high school team, while David and Soulen of the university took the doubles.

Wright of the Normals reached the finals by defeating Don David of Moscow, 9-7, 8-6, and Donald Bartlett of the high school 6-3, 6-2. Beach reached the finals by defeating Soulen of Moscow, 6-2, 6-4, and Hersey of the high school 6-1, 6-1. In the singles championship Beach defeated Wright by a score of 3-6, 6-3, 6-2.

David and Soulen defeated Bartlett and Beach, 9-7, 6-4, and Wright and Meryfield, 6-2, 3-6, 6-3, thus taking the doubles championship.

The clubhouse during the play was well packed with tennis enthusiasts, who enjoyed the fast play shown at various periods of the contests, the weather conditions being ideal. Messrs. Hicks and McGowan acted as umpires.

Rehearsals for "Trelawny of the Wells" are again in full swing. These rehearsals had to be stopped for a few weeks on account of the illness of part of the cast.

**Don't forget the Idaho-W. S. C.
track meet next Saturday. Idaho ex-
pects to win.**

CALENDAR.

May 7, Thurs.—Interscholastic Meet.

May 8, Fri.—Interscholastic Meet.

May 8, Fri.—Public Speaking 2 play, "The Private Secretary."

May 1, Mon.—Y. W. C. A. reception at Ridenbaugh Hall.

May 9, Sat.—Track meet, W. S. C. at Pullman.

May 15, Fri.—Baseball with W. S. C. at Moscow.

May 16, Sat.—Baseball with W. S. C. at Pullman.

May 16, Sat.—Phi Delta Theta entertain.

May 20, Wed.—Deutsche Gesellschaft (Supper and play), at Guild hall.

May 21, Thurs.—Baseball with Whitman at Moscow.

May 22, Fri.—Baseball with Whitman at Moscow.

May 22, Fri.—Junior play, "Trelawny of the Wells," at auditorium.

May 22, Fri.—Conference Tennis Tournament at Eugene.

May 23, Sat.—Track meet with Whitman at Moscow.

May 23, Sat.—Watkins oratorical contest at auditorium.

May 23, Sat.—Conference Tennis Tournament at Eugene.

May 25, Mon.—Campus Day.

May 29, Fri.—Conference Tennis tournament at Pullman.

ENGINEERS MEET AT W. S. C.

**Three Engineering Societies of National Prominence Meet in Pullman
May 17.—Students to Attend.**

The three Spokane local sections of the three national engineering societies, the American Society of Civil Engineers, the American Institute of electrical Engineers, and the Institute of Mining Engineers will hold a joint meeting at Pullman, Wash., on May 17 similar to the one held here January 17. The plan is to have separate meetings of the societies in the afternoon and after dinner a joint meeting at which there will be an illustrated account of the work of the Washington Water Power company.

The engineering students and faculty are especially urged to attend and other members of the university who may be interested are cordially invited to be present by those having charge of the meeting.

TO APPOINT GRADUATE MANAGER

Athletic Board Meets to Consider Vacancy Left by Mr. Larson.—No Names Proposed.

The athletic board held a short business meeting at the Kappa Sigma house a week ago. The main business of the evening was the allowing of two bills, and the discussion of a prospective graduate manager to fill the vacancy caused by the absence of Mr. G. L. Larson. No names are as yet proposed. The new manager has to be nominated by the athletic board and elected, or rather appointed, by the president or the board of education. There will be another meeting of the athletic board in a few days at which this matter will be taken up formally.

CAMPUS DAY PREPARATIONS MADE

**TWENTY-FIFTH ANNIVERSARY OF
THE UNIVERSITY TO BE
CELEBRATED.**

Program Prepared by Committee. Students enthusiastic and Active.

The committee having in charge the arrangements and program for campus day this year has selected Monday, May 15, for the occasion.

This being the 25th anniversary of the institution of the university a very special and elaborate program is being planned.

The various departments of the university will be appropriately represented in the program. The several most important industries of the state will be typified by beautiful dances participated in by the young women of the university. As a splendid means of representing the state and the university at the world's fair in San Francisco, moving pictures will be taken of the various activities of this day. These with our beautiful campus and buildings for a background will make a film of which the state should be proud. The following is the program of the day:

9:30—Cornet call from tower of Ad. building; 9:35—Addresses by Pres. Brannon and class orators; 10:15—Ivy planting by classes; 10:30—Tennis tournaments; 2:00—Athletic "stunts" and races; 3:00 Band and orchestra concert; 4:00—pageant representing every department of the university; 5:00—Crowning of May Queen and dances by the attendants typifying the industries of Idaho; 6:00 supper on campus; 7:30 college songs sung by student body from steps of Ad. building.

Y. M. AND Y. W. C. A.

**President Brannon Delivers Helpful
Address to Joint Meeting.**

The joint meeting of the Y. M. and Y. W. C. A. Sunday afternoon was fairly well attended by townspeople, though it seemed that very few students had been able to find their way to the auditorium. The meeting opened with a violin solo by Mr. Pittenger and a song by the male quartet of the Presbyterian church.

President Brannon spoke on the subject of "Power," using as his text Luke 17:21: "The kingdom of God cometh not with observation; neither shall they say, Lo, here! or, there! for lo, the kingdom of God is within you."

President Brannon emphasized the need of developing the inner power and using it in the interests of others, striving to give to all an equal opportunity in life. He expressed himself as somewhat impatient with the idea that this life is simply a stepping stone to eternity, and emphasized our responsibility for the right use of our powers here. Dr. Brannon's address contained matter for deep thought.

THE MIKADO BANZAI! BANZAI!

MIKADO MEETS WITH APPLAUSE —AUDITORIUM PACKED TO HEAR SONGSTERS.

From Opening Chorus to Final Ensem- ble Comic Opera Scores Great Hit.

Last Thursday night Professor Storer staged the production of Gilbert and Sullivan's comic opera, "The Mikado" at the university auditorium. It seemed audacious to attempt so large an undertaking at this season of the year, when the calendar is always crowded with other events, and the success of the project reflects the greater credit upon those who helped bring it to pass.

It was the best thing of its kind ever produced here, and it is doubtful if the Pacific northwest has seen an amateur performance its equal. The outstanding showed the effect of Mrs. Charlton's expert counsel. The lighting effects were handled by a professional imported for the occasion, and were skillfully used to bring out the beauties of the scenery.

The auditorium was packed almost to the doors with an enthusiastic crowd of about eight hundred. It voiced its appreciation in frequent calls for encores, that would not be denied.

No little credit is due to the chorus. Its splendid training was evidenced by the precision with which the complicated evolutions and dances were carried out. It was apparent that the person who selected the feminine portion of the chorus has a keen eye for a pleasing face, not to go further. The chorus girls wore more clothing than the ordinary garden variety of chorus girls, but their dances were almost as sprightly, and no illusions were shattered when they were viewed through opera glasses.

Miss Gregory is always popular. In her role of Katisha, Miss Gregory did splendidly. Both her singing and acting were good, one of her chief solos being especially beautiful.

The important parts were well sustained by the several persons to whom they had been, with excellent judgment, assigned. The actors showed not only great talent and good hard work but the most skillful coaching, for which last the valuable services of Mrs. Loudon Charlton were doubtless largely responsible.

The crowning triumph of the opera was, of course, the remarkably clever acting of Mr. Eugene Kelly. Mr. Kelly is not a great singer, but perhaps his topical songs were all the funnier for that; and his incisive enunciation got every word of the pointed and jolly lines across the footlights. He seemed to improve in his acting from the first, and by the time the second act was well under way his every gesture, his every movement and speech, were screamingly funny.

Mr. Loux has a magnificent stage presence. His full and powerful voice and his confident bearing were as welcome last night as on the occasion of his Pinafore triumph.

Mr. Gerlough's fine appearance and the surprisingly good rendition of his many songs gave much pleasure. In his speeches, his elocution was less natural and easy than that of some of the other men, but his lines were given with power and intelligence.

Mr. Bonnerville sang and acted with energy and with an evident desire to throw himself heartily into the part. Mr. Humphries's great stature was most effective in the role and costume of Pook Bah. His beautiful voice was at its best, and he displayed a genuine humor in his admirable acting and intelligent rendering of lines.

The three Graces themselves could hardly hope to be more winsome, charming and dainty than the three little maids from school whose acting and dancing steps captivated everybody before they had been on the stage ten minutes. Miss Fortzsch was a little beauty. She has the type of voice best suited to comic opera, and her originality and dash in acting were as great as those of many a well-known actress. Miss Yearian's singing was most pleasing and was in some particulars the best done by any girl during the performance.

Miss Petrina as Yum Yum scored a deserved success. Her charming stage presence and the possession of the richest of voices left nothing to be desired. Her dramatic ability is unquestioned.

Superb coaching and directing, together with a splendid orchestra and beautiful stage settings combined to make last night's performance by far the most creditable, delightful, and artistic of any ever seen here.

The cast of characters was as follows: The Mikado of Japan, Mr. Ernest Loux; Nanki-Poo (his son disguised as a wandering minstrel and in love with Yum Yum), Mr. Jean Gerlough; Ko-Ko (Lord High Executioner of Tinipo), Mr. Eugene Kelly; Pook-Bah (Lord High Everything Else), Mr. E. K. Humphries; Pish-Tush (a Noble Lord), Mr. Lawrence Bonnerville; Yum-Yum, Pini-Sing, Peep-Bo, (three sister wards of Ko-Ko), Misses Mary Petrina, Edwina Yearian, Pearl Fortzsch; Katisha (an elderly lady in love with Nanki-Poo), Miss Marie Gregory; and chorus of 35, orchestra of 30.

FROM OTHER COLLEGES.

Cornell-Michigan.

The aviation meet that should have been held between the universities of Cornell and Michigan has been cancelled. The smash-up of the new machine built by the Michigan club caused the meet to be called off. This would have been the first intercollegiate aviation meet.

Oregon.

The former graduate manager of U. of O. has recently expressed himself as opposed to the bringing of "prep" schools to the Junior Week-End celebration. The opinion of the manager is based on the fact that last year this interscholastic meet caused a four-figure deficit.

Colorado College.

The Tiger prints a report of a "beef-steak fry" enacted by the Engineers' club of Colorado College in North Cheyenne canyon. This is rather an unromantic name, but it bespeaks the sturdy quality of the engineering profession.

California.

Eleven baseball players and coach Schaeffer will leave San Francisco on the third of June for Hawaii. There they will play about 12 games. New Phi Delta Theta fraternity house which will be built at California soon will disclose many novel features. There are fifteen other Greek Letter houses to be built before 1915.

Washington.

Benjamin Ade Wheeler of the U. of California installed a chapter of Phi Beta Kappa, the great national honorary fraternity, the basis of whose membership is scholarship, at the University of Washington last week.

Oregon A. C.

The Juniors at O. A. C. are rehearsing "The Wife." It is the play chosen by Juniors for annual event. O. A. C. lost two games of baseball to U. of W. by score of 4 to 2 and 5 to 4.

Washington S. C.

The students at W. S. C. last week voted to establish a cooperative book store. It will be started next year by

borrowing funds from the student body treasury. In one end of the store will be located a sub-station of the postoffice.

Whitman.

One of the best events of the college year at Whitman was the presentation by the German club of a German farce entitled "Kliptimaniac."

Clough Perkins made a short week-end visit to Lewiston last week. While there he witnessed the tennis tournament and the Lewiston high school track meet. He reports that Nez Perce is due to give Boise a good run for the interscholastic cup this year.

INTERSCHOLASTIC MEET THIS WEEK

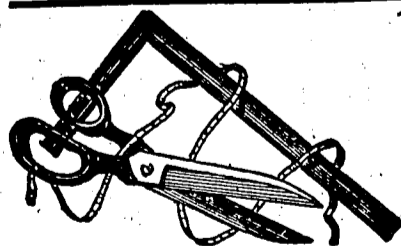

MANY HIGH SCHOOLS TO PARTICI-
PATE IN BIG MEET TO BE HELD
HERE THURS. AND FRI.

Boise Team Much Weakened, May Fail
To Win the Cup.—Nez Perce a
Strong Contender for Prize.

With over 70 high school athletes entered from the different schools of Idaho and Washington, to compete in the annual interscholastic track meet which will be held here under the auspices of the university Thursday and Friday, the outlook for those in charge of the meet, to make it the best that has ever been held here is especially bright. Most of the entries have been received and plans have been completed for the entertainment of the athletes while they are here.

The Boise high school, which has had a walk away in the last two meets here, will not be so strong this year, owing to the loss of Carley, Gerlough, Nurse and Cunningham, their strong point winners, who were graduated last spring. Consequently the meet will be much more interesting and it is expected that the honors of winning the meet will go to some of the northern Idaho towns. The entries that have been received up to date are as follows: Boise—Houston, Spofford, Thompson, Pyper, Nugent, Disney, Duff, and Mangun; Colfax—Goff, Parr, Wells, Burgunder, and Nordyke; Coeur

d'Alene—Graff, Robson, Normoyle, O'Rourke, Mathews, Daniels, Gravelle, McEachern, and Cleland; Genesee—Bershow, Follett, Springer, Wardrobe, Nagle, Haymond, Mockel, Post, and Meyers; Grangeville—Long, Leonard, and Hill; Lewiston—Beevis, Stookey, McMillen, Fred Nave, Floyd Nave, Kerns, and Emerson; Rathdrum—Esch, Minzel, House, and Mullydy; St. Maries—Harvey, Panghurn, Mashburn, and Scott; Wardner—Kellogg—Wilcox, Campbell, Adams, and Gruhler; Nezperce—Robinson, Syron, Jones, Stevens, and Harbke; Bonners Ferry—O'Callaghan, Johnston, Bangs, and Campbell; Rupert—Levy, N. Isenberg; H. Isenberg, and Betty; Johnson—Meek, Thompson, Rubie, and Sodoroff; Moscow—Aspray, Childers, Woods, Wright, Suttle, White, Poe, Pearson, and Bakon.

THE VISITORS.

There will be many strangers in the town of Moscow this week. There will be many men here to see the university for the first time. They represent high schools throughout the northern part of the state; and they are coming here on the invitation of the faculty committee in charge of the interscholastic track and field meet. They are the prospective freshmen for next year and they should be made to feel at home while they are here.

The athletic coaches from all over the northwest are going throughout the state trying to induce these men to go elsewhere to college. It is obvious then that we must show the boys a good time. This does not mean that they are to be taken to the picture shows and the dances. It means that all the men about the campus must put themselves out if necessary to take these fellows around the university and show to them the advantages that Idaho has in store for them if they decide to come here for their college work.

Let's be sociable! It will pay well in the long run.

A PRACTICAL SUGGESTION.

One of the most feasible plans for increasing the popularity and influence of the university throughout the state is that of forming a University of Idaho club in every city, town, village, or country neighborhood. The great and varied benefits derived from such an organization have been admirably demonstrated by the club in Boise, which, during the seven or eight years of its lively existence, has performed for the university a number of distinguished services the value of which it would be hard to overestimate. The club is composed of all those persons living in Boise who have at some time attended the university or who are in attendance now, and to whom the continued and increasing prosperity of their alma mater is dear. The membership of the Boise club has always been large, and its activities on behalf of the university along every line have been unremitting.

Correspondence with its officers would bring forth many valuable suggestions for the profit of those who may be induced to originate similar clubs in their home towns. The Boise club seeks to promote fellowship and good will among the present, former, and prospective students; to induce high school and private school graduates to register at the university and to dissuade them from leaving the state to attend other institutions of higher learning; to introduce to the

influential people of Boise such members of the university faculty as may from time to time come there in either a professional or private capacity; to provide opportunities for such members of the faculty as may care to do so opportunities for making public addresses; to aid with their influence intelligently used the passage of university bills in the state legislature; to maintain a university scholarship; and, in short, to do anything and everything that may be calculated to make the university better known and better liked in Boise and its environs.

This is a comprehensive though not formidable program; and the attempt to carry it out has proved well worth while. Similar clubs scattered all over the state would inevitably and in a short time stimulate friendly interest in the chief educational institution of the commonwealth and would gradually arouse in favor of our university a public sentiment that could successfully combat the hostile attacks of any foe however powerful.

Perhaps the quickest and the simplest way to effect the desired organization for each community is for the students here in college to form themselves into as many clubs as there are communities represented in the total enrollment, and, with each of these small groups as a nucleus, to proceed immediately upon their arrival in their home towns in June to augment their membership by the addition of all those persons who are willing to pledge themselves to the work of advancing the cause of the university.

We recommend strongly that immediate steps be taken by the students during their next assembly that will expedite the forming of university clubs in every part of Idaho and that an earnest effort be made during the coming summer to secure for the university a group of new students from each of the communities in which such a club may, if it chooses, from now on be a powerful agent for the promoting of university interests.

IMPROVE THE TENNIS COURTS.

Tennis has come into its own at Idaho. That is evidenced by the congested condition of the courts at any afternoon hour on bright days. The lure of the racket has caught many a student whose most strenuous form of exercise has heretofore been banking the thirteen ball for the corner pocket, or, in the case of the girls, practicing an expurgated tango in a sorority house on a dateless Friday night. No one will deny that tennis has some points of superiority over both of these fascinating pastimes, and that the increasing popularity of the outdoor game is a distinct gain in more ways than one to the welfare of the student body as a whole.

But there is a fly in the ointment. The god of the weather seems to be doing his best to dampen the ardor of the enthusiasts. Showers at intervals of three or four days, although a blessing to the famous Palouse farmer, are a curse to the tennis player, since they render the courts unfit for use about half of the time.

Asphalt courts defy the weather. Ten minutes of sunshine after a shower is sufficient to dry the surface, and the courts are ready for service. In view of the investment in the courts, and in rackets, balls, and other paraphernalia, and of the cost of upkeep of the dirt courts, does it not appear that economy dictates that a reasonable sum be spent for the purpose of making the present investment a dividend payer for two additional

days in each week? There can be no doubt but that asphalt courts would accomplish this end.

Asphalt courts do not require constant attention to keep them in condition. They are lightning fast and they develop fast players. McLaughlin owes his success to his practice on the asphalt courts of California. We should probably develop no McLaughlins but our chances of successful competition with other northwest colleges would be greatly increased.

PROFESSOR STORER—A PLUS PERSONALITY.

In making of the recent production of "The Mikado" the great success that it was, Professor Storer has added another illustrious achievement to his already impressive list of notable deeds. Since his advent at the university he has infused new life into the department of music. At the time he came vocal music was in a moribund condition. By his dynamic energy he has developed latent talent and discovered slumbering ability, until he is able at this time to produce what is acknowledged to be the most elaborate and difficult musical work ever seen on the university stage.

Professor Storer has had able assistance and the enthusiastic co-operation of students and faculty, but it is to him alone that the great measure of credit is due. During the weeks preceding the night of the opera he worked with the tireless energy possible only to one who is devoted to his task, harmonizing the variant elements, and arranging the innumerable petty details which always arise in the course of preparation of such a production. Its success is a tribute to his ability.

He deserves the thanks of every loyal friend of the University.

A GOOD NAME.

Now that we have used the new athletic field and found it good, why not think about giving it a good name. In the course of a very few years, when the present college generation shall have left the campus, such things as "the new athletic field," or "the new stadium" will mean nothing at all; unless we add that the place we are speaking about is down near that "Pig Hospital."

Yale has a new place to hold athletic contests that they call "The Bowl." This name is significant in that the whole thing is arranged in the shape of

a large bowl. It will accommodate some sixty-one thousand spectators. Our own new field will accommodate about as many if the sidehills are appropriated as bleachers. In practically all the colleges and universities in the west the athletic fields have a specific name. These names are usually taken from the particular individual man that the school wishes to honor. Even W. S. C. has a "Rogers Field." Surely we should begin to think about naming the place where for years to come we will hold athletic contests.

This week the university entertains the contestants who take part in the fourth annual interscholastic track meet. Past experience indicates that a large percentage of the future track stars of the varsity are among these contestants. In view of this fact it is apparent that, aside from the demands of etiquette, every courtesy should be shown these boys. They are guests of the university, and during their brief stay they should be made to feel that the university belongs to them. Most of them must return to their high schools in defeat, but the bitterness of the lost race will be tempered by the knowledge that the university genuinely welcomed their presence, and later will be glad to receive them again as students within its walls.

If speeches intended for clubs, societies, fraternities, etc., were played on phonographs, we feel sure that Prexy Brannon would break the record.

Attendance at the baseball games has been so very slim that it makes one wonder if these games could not be played during assembly hour.

If that Greek claimed the American record for the javelin throw at 169 feet, would Phillips "Buck?"

PHI ALPHA DELTA TO ENTER IDAHO

CHAPTER OF NATIONAL LAW FRATERNITY WILL BE INSTALLED AT VARSITY SOON.

Wire Reaches Moscow Telling of Success of Petition Tendered by Members of Local Society.

Phi Alpha Delta, one of the largest of the national law fraternities in the American college world, is soon to take its place among the Greek-letter societies at the University of Idaho. A charter in the national organization has just been granted to the Phi Alpha Delta society, a local law fraternity which was formed at the varsity last year, according to a wire received here this morning announcing a favorable vote on the petition recently tendered by the Idaho local. The national chapter will be installed here within a short time.

It is considered a distinct compliment to the University of Idaho law school that its petitioning body should so early receive recognition at the hands of a national organization of such standing as Phi Alpha Delta. Most of the schools in which this fraternity has established chapters are many times larger than the Idaho school and much older. The majority of its chapters are in the large western and middle-western colleges, although recently it has entered some of the larger schools of the east. It is essentially a western fraternity, claiming the University of Chicago as its birthplace and the territory west of Chicago as its field of extension.

Phi Alpha Delta was organized in the Chicago law school in 1903 and since that time has extended its chapter roll to include a total of 35 different organizations. The Idaho chapter will be the 36th member of the fraternity. Among its members are some of the most noted lawyers and statesmen of the American bar. Both President Wilson and Ex-President Taft claim honorary membership.

The active membership of the local society at the university whose petition has just been granted includes Arthur O. Sutton, Boise; Russel G. Adams, Boise; Don W. Buffington, Mabot, Wn.; Harry McAdams, Corral; John L. Phillips, Lewiston; Arthur Jardine, Great Falls, Mont.; Paul Peterson, Idaho Falls; John H. McEvers, Grangeville; Isaac McDougall, Pocatello; W. W. Casey, Juneau, Alaska; and Charles E. Horning, Kamiah.

The alumni members of the local will also be initiated into the national organization. They are Horace L. Chamberlain, Modesto, Cal.; Herbert W. Whitten, Blackfoot; John M. Boyle, Blackfoot; Arthur L. Heer, Silver City; Parker V. Lucas, Roseberry, and Lawrence E. O'Neill, Lewiston. Professor Lyman P. Wilson of the law school faculty is a member of the Chicago Chapter of the national fraternity, as also is Professor Charles H. Wilbur, formerly a member of the Idaho faculty.

BANQUET FOR DEBATERS.

President Brannon and Other Faculty Members Gave Interesting Talks. Debaters Heard From

The annual debate banquet was held in the guild hall last Saturday night.

After the supper the guests and members of the debate council spent the evening singing and listening to the timely talks of the members of the faculty. Dean Ayres, acting as chairman, passed around a number of printed copies of some good old songs that he has had printed for just such occasions. Mr. Lehman kindly consented to accompany the singers on the piano and the evening ended by the party joining hands to sing "Auld Lang Syne." Dean Ayres is doing more than perhaps any other man in Idaho to create a fraternal spirit among the men of the school and it is not too much to say that he is the consummate master of the art of sociability. The sweet spirit of comradeship that his presence in any group creates is the most wholesome thing that the social life at the University of Idaho has experienced in many years.

The first speaker of the evening was the dean himself. He spoke of the element of imagination in the realm of argumentation. And with his own words so beautifully illustrated what he thought that his hearers could not choose but believe him. The power of conviction always goes with the man who believes what he says; and surely no one believes more of what he tells than does Dean Ayres. Not only was he sincere, but he was as he always is, the very embodiment of wit and good humor.

Prof. Robinson was the next speaker. He told a few funny stories to explain his position in the university as respects debate, and then gave some very sane and appropriate remarks and suggestions about reading in the newspapers and magazines to keep in touch with the times.

Rollo Crater, whose name furnished the material for numerous puns and witticisms, was the next speaker. Most of his time he devoted to the telling of little anecdotes and only occasionally threw out a hint as to the value of forensic training received in college.

In an extemporaneous talk Mr. Lehman substituted for Prof. Wilson, who could not be present on account of his sore eyes. His remarks were full of the sparkling vivacity that always characterizes what he has to say. He related a conversation he heard with a prominent citizen who blamed the university for spending so much money to educate men and girls and yet failed to teach them to talk in public.

J. M. Pond briefly reviewed the present system of debating in the whole country and made a plea for greater sincerity.

President Brannon was the last speaker on the regular program. He told of his own experience in the field of forensics and gave his ideas about the way in which he considered debate should be carried on. One of the finest points of his able talk was that he believed that in the last analysis the result rested with the man and not so much with the coach. Professional coaching is a thing that the president does not approve of either in athletics or in any of the functions of the general student life.

Prof. Hulme spoke extemporaneously for a few minutes. He related some very interesting facts about the history of debating at Idaho since he has been connected with it. He spoke of the future of the university as he would like to see it. Especially did he point out the necessity of a good dormitory for the men of the school. In rough outline he explained what seemed to him to be the best sort of struc-

ture and system of management of the new establishment when it is builded. After the singing of Auld Lang Syne the party broke. Those present were: Dean Ayres, Praxy Brannon,

Prof. Robinson, Mr. Lehman, Mr. Hulme, Rollo Crater, G. T. Warren, Arthur J. Lyon, C. F. Johnson, Oliver Nisbit, Melvin Ison, Frank Dotson, Floyd Bowers and J. M. Pond.

DRAMATIC CLASS PRESENTS COMEDY

UNIVERSITY STUDENTS WILL BE
SEEN IN FINE PLAY FRIDAY
NIGHT.

"The Private Secretary" to be Staged
Rehearsals Been in Progress
For Weeks.

Amateur actors of the University of Idaho will again be heard Friday evening of this week in the varsity auditorium in a splendid three act comedy. The class in reading and interpretation under Miss French will present "The Private Secretary," by Charles Hawtrey.

This is one of the best comedies of modern times. It was originally produced at the Theatre Royal in Cambridge, England in November, 1883; it was afterwards performed at Prince's theatre in London the following year. Since then it has been presented many times in this country, both by professionals and amateurs.

For wholesome, light comedy of the better class "The Private Secretary" cannot be equaled on the stage today. From the opening till the last scene there is action and ludicrous situations. The characters are distinct and individual. The ridiculous predicaments in which these English folk find themselves keep the audience in an uproar.

Mr. Stephen Regan takes the part of the gruff, short-spoken, eccentric Cattermole; Mr. Carl Melugin is the dashing Harry Marsland, and Mr. Charles Crump, the versatile Douglas. Miss Gertrude Denecke, in the role of the landlady, Mrs. Stead, is a star. The part of Gibson, the tailor who wants to soar on the upper crust of society and astonish the world, is all taken by Mr. Harry Einhouse. Mr. Willard McDowell is Mr. Marsland, and the parts of Marsland's daughter and her friend are taken by Miss Lillian Carithers and Miss Bertha Olsen. Miss Marguerite

Linn is the spiritualistic Miss Ashford. The role of Rev. Robt. Spalding, whose blunderings are the source of all the complications, is carried by Mr. Arthur Lyon.

The cast are working very hard at rehearsals to make the play a success. The very fact that Miss French is directing and coaching this comedy, and that it is her pupils who will appear, assures an artistic, finished production by a thoroughly drilled cast. An enjoyable and profitable evening is promised. Between acts President Brannon will award the medals to the interscholastic athletes who will be guests at the play.

The proceeds from the play will be used to help defray the expenses of the interscholastic track meet here the last of this week. A large attendance is anticipated. Seats may be reserved at the Owl Drug Store.

SODA THAT SATISFIES

"Drink to me only with thine eyes,
And I will pledge with mine."
Such draughts may quench a poet's thirst,
I'll choose this Soda fine.

Soda should be pleasant to the taste -- it should also satisfy thirst. The soda at our fountain combines all of the good elements possible. The soda is right, the syrups are right, the ice cream is amply supplied, and the service is ideal. Tastes differ, but no matter what drinks may be served here, it is sure to be the best of its kind. To fully appreciate the blessing of thirst -- try one of our delicious Ice Cream Sodas.

Be sure to get your share of the good things
at our fountain.

WHITMAN TEAM TAKES TWO

TWO GAMES GIVEN TO MISSIONARIES.—IDAHO PITCHERS GET CONTROL IN SECOND GAME.

Hayden Does Good Work on the Mound But Errors Prove Costly.—Whitman has Fast Team.

With 13 scores, 13 hits and 10 errors checked up against Idaho, the first game with Whitman was handed to the Missionaries by the Idaho tossers. The game opened with Mitchel in the box and in poor condition. The Whitman Slabsters had no trouble in connecting up with the ball, and a number of errors on the part of the Idaho players sent the opposing men sailing around the bases. In the second inning with three men on, and nobody down, Mitchell was relieved by Kinnison, who did not succeed in retiring the side until two more men had scored. It seemed to be an off day for Idaho, and as in all baseball games, when a team gets started to hitting and the other team to making errors, there is never any stopping until the game is thrown away.

The lineup of the first game was as follows:

	AB	R	H	PO	A	E	SB
Jardine 3b	4	0	0	3	2	0	0
Burns ss	4	1	1	2	5	3	0
Purdy rf	5	1	1	1	0	1	0
Humphries 1b	4	1	2	8	0	0	1
Jones cf	4	1	1	2	0	1	0
Hayden lf	4	0	0	0	1	0	0
Neilson 2b	3	0	0	2	2	3	0
Robinson c	4	1	0	6	2	2	0
Mitchell p	1	0	0	0	1	0	0
Kinnison	2	0	0	0	0	0	0

Total 5 5 24 610 1
Substitutes—Latig for Jardine, Jardine for Neilson, Kinnison for Mitchell.

In the second game with the Missionaries, Hayden, who has been playing at second base, and who has not worked on the mound this year, was sent in to pitch, as the last resort, and should have won his game but for some costly errors that threw the tide of victory to the Missionaries. Hayden allowed but five hits and no bases on balls, while the Idaho Slabsters took six hits from the collegians but were held to two scores, ending the game with the score 3 to 2 for Whitman.

Saturday's lineup for Idaho was as follows:

	AB	R	H	PO	A	E	SB
Jardine 3b	4	0	0	3	0	0	0
Burns ss	4	0	1	2	2	2	2
Purdy rf	4	0	0	0	0	0	1
Humphries 1b	4	0	0	9	0	0	0
Jones cf	4	1	3	1	0	0	0
Latig lf	3	0	0	5	0	0	0
Neilson 2b	4	0	1	0	3	0	0
Robinson c	4	1	1	4	0	0	0
Hayden p	3	0	0	0	5	0	0

Total 2 6 24 11 2 3

Sunday Bertha Olson spent a delightful day in the country visiting friends. Oscar Knudson left last Saturday for a few days visit at his home in Post Falls. He will bring his motorcycle back with him.

BRIEF LOCAL NEWS

Miss Price spent Sunday in the country.

Miss Ruth Fauble spent the week-end in Pullman.

Mabelle Rudesill spent the week-end at her home in Spokane.

John Perkins and Laverne Rea spent the week-end in Lewiston.

Lloyd J. Hunter, '13, has been visiting at the Kappa Sigma house.

Mrs. L. H. Loux, a freshman at the university, left Friday for her home in Rossland, B. C.

C. F. Holmes, a student at W. S. C., was a dinner guest at the Phi Delta Theta house Monday.

Lawrence Mason has been confined to his room for the last three or four days due to illness.

Ralph T. Bickell, official auditor of the state board of education, left for his home in Boise on Tuesday.

Russells Barber Shop for good shaves, hair cuts, etc.

Maude Gregory, Muriel Leigh and Naomi Morley returned from Pullman Saturday in time for the track meet.

Mrs. Carl Loux, better known as Miss Pearl Fortetooth, has left the university and joined her husband in Canada.

Miss Jessie M. Hoover went to Princeton Friday where she spoke on the subject, "Domestic Science in the Rural Schools."

"Nuts" Hunter left Monday afternoon for his home in Vancouver, B. C., where he is employed with the Empress Manufacturing company.

J. D. Davis has been chosen superintendent of the Rathdrum schools and all the university graduates teaching there have been reelected for next year.

The students of the pianoforte department under direction of Miss F. Hostetter gave a successful recital

The date fixed for Campus Day is May 25th, instead of May 15th as is erroneously stated on the front page of this issue.

last Wednesday, May 6, in the auditorium.

Wm. H. Mason, '12, spent the week-end at the Theta Mu Epsilon house. He reports that the next number of the Idaho Alumnus will make its appearance very soon.

Richard R. Smith, manager of the college department of the MacMillan company, spent Saturday and Sunday in Moscow, and was a dinner guest of Theta Mu Epsilon on the latter date.

Misses Edwina Yearlan, Muriel Leigh, Hester Pettiohn, Constance Gyde and the Messrs, C. R. Buffington, Howard Holoday, Ed Coram, and M. G. Kennedy spent Sunday picnicking at Moscow Mountain.

Professor Chedsey, now with the State School of Mines of Colorado, and who was at the head of the mining department at Idaho before Prof. McCaffery, was visiting the university a few days this week on business.

Messrs. Rieser and Watt of the Gamma Mu Chapter of Kappa Sigma entertained at dinner Saturday evening, Coach Heilsan and Messrs. Craighead, J. Brown, Higgins, and Owsley of the Montana track team.

President Brannon addressed a joint meeting of the Y. W. C. A. and Y. M. C. A. at the auditorium last Sunday. His talk was very interesting and was very much enjoyed by a fairly large audience.

Professor Steinman has presented each member of his classes in engineering with a copy of his latest book—Suspension Bridges and Cantilevers; Their Economic Proportions and Limiting Spans.

The many friends of Representative Burton L. French will be glad to learn that his candidacy for the United States senate is meeting with encouraging response all over the state. R. O. Jones, '09, member of the last legislature, is a candidate for Mr. French's seat in the house of representatives.

TAU ALPHA RECOGNIZED

Junior Society Given Recognition by Faculty.

At a recent meeting of the faculty the senior-junior fraternity known as Tau Alpha received formal recognition. This society has existed for about three years, having been organized during the collegiate year 1911-12 by twelve members of the class of 1913. Since that time twelve members of the class of 1914 and eight members of the class of 1915 have been initiated into the society.

The membership is limited to twelve new members each year, and is based on the following qualifications: Good scholarship, good fellowship, athletic ability, and prominence in student activities. It is interfraternal and includes non-fraternity men also.

The purposes of the organization are: To stimulate and foster a democratic feeling between the different fraternities and non-fraternity men; to combine the thought and efforts of the leading men of the two upper classes for the purpose of aiding in the solution of student body problems, and, by recognizing the above qualifications

FACULTY FEASTS LAW STUDENTS

DEANS OF UNIVERSITY AND LAW FACULTY GIVE BANQUET TO LAWYERS.

Moscow Attorneys-at-Law Address Students on Important Subjects. Close With Song.

The banquet given to the law students and the deans of the university, by the law faculty in honor of Judge McCutcheon, was a lively affair. The guests assembled at the hotel lobby at seven-thirty. Jokes and stories were not lacking. Dean Ayres, the toastmaster of the evening, was overflowing with wit. His thrusts were sly and numerous and provoked much merriment. He first called President Brannon to toast "Alma Mater."

The president's ready humor and wit were delightful. President Brannon spoke of the Alma Mater which retailed knowledge, training and high ideals; but he stated that the higher usefulness of a university was to add something that will make the world better, nobler and brighter.

Dean McCutcheon related the story of the founding and early struggles of the law school. He spoke of the high aims the regents set and which have ever since been maintained.

Attorney Lee of Moscow entertained the company with his characteristic witticisms. He spoke of the high regard of the bar for the present law school and its bright future.

Mr. Morgan explained the attitude of the bar toward the law school, its members, and the opinion of the lawyers of Idaho.

"The future progress of the laws of our state will depend on the training of the men we send to our legislature. The lawyers become the leaders of every community and to them will be left the policy and law-making of our state. Thus," said Mr. Morgan, "it is vital to train our law students well and along practical lines."

Many others responded to toasts. The speakers were all emphatic in their support and encouragement of the law school.

When the toasts were concluded, the party arose, joined hands around the festive board and sang Auld Lang Syne. The occasion will be a memorable one for those present.

Those present besides the regular law faculty and students were, President Brannon, Judge McCutcheon, Attorneys Moore, Morgan and Lee; Professors Axtell, Patterson and Lehman and Deans Eldridge, Little, and Shattuck.

for membership, to incite the underclassmen to greater efforts and attainments in scholastic work and college activities.

STUDENT ASSEMBLY HELD WEDNESDAY

JUDGE McCUTCHEON PRINCIPAL SPEAKER—PRESIDENT'S REMARKS INTERESTING.

Much Interest Shown in Coming Interscholastic—Coach Edmundson Talks.

The regular monthly meeting of the Associated Students of the university was held during the regular assembly hour Wednesday morning. The business of the session was short, consisting of the passage of the amendment making new provisions for enrolment fees and the reading of the minutes of the previous meeting by the secretary, Miss Lubken. President Samms called upon Judge McCutcheon, President Brannon, Coach Edmundson and Graduate Manager Larson, who made brief talks.

Judge O. E. McCutcheon, now of Idaho Falls, but up to this year dean of the law school here, addressed the students, whose hearty applause indicated their pleasure at hearing again one who has devoted himself heart and soul to the interests of the school of law. Judge McCutcheon spoke of mutual interests binding together all interests of the state.

He spoke in glowing terms of the very fine production, The Mikado, being staged by the music department. He stated that the presentation of this opera was an incident indicative of the progress of a growing university.

President Brannon, whose ability as a witty and forceful speaker is already popular with the students, was then called upon. On behalf of the university he expressed the pleasure everyone felt on having an opportunity to again greet Judge McCutcheon. President Brannon expressed his delight that the university students gathered to discuss the undergraduate problems as they do in such student assemblies. He pledged the cooperation and aid of the faculty, and asked that students feel free in coming to him for consultation.

Coach Edmundson spoke upon the annual interscholastic meet to be held May 7, 8, 9. He asked for the students' most hearty support and cooperation for he believed that this opportunity of bringing the high school athletes of the state here once a year was the best possible advertisement for the university. He said that at first the committee felt it was going far enough to bring 17 teams, but Rupert and Weiser had also asked to send teams. The added expense demanded that every student get behind the meet and boost. The coach outlined the track situation, and spoke in an optimistic way about the squad. Coach Edmundson has taken the place of Prof. Stewart as chairman of the interscholastic committee.

Graduate Manager Gus Larson, who has been on the committee since the establishment of the meet in 1910, felt there should be at least 1000 paid admissions to the meet. As an inducement for selling tickets he announced that prizes of five, three and two dollars would be awarded the students selling the most tickets.

Following a suggestion of President Brannon, a committee was appointed to investigate the unpleasantness arising from the close proximity of the new athletic field and the hog serum plant. The committee consists of Messrs. Casey, E. K. Humphries, and Clarence Favre.

"YANIGANS" PLAY PICKED NINE

SECOND TEAM LED BY JOHNSTON PLAYS GOOD CLASS OF BALL AND WINS EASILY.

Gerlough and Fry Keep Hits Well Scattered—Keane Pitches Good Ball for Picked Team.

Last Friday the "Varsity Yannigans," headed by "Baldy" Johnstone, administered a severe defeat to a picked team composed of players from the Moscow town team and from college.

The Yannigans played a good game in the field and clouted the ball hard when men were on bases. They also scored heavily on errors by the picked team. The Yannigan pitchers, Gerlough and Fry, kept the hits well scattered and with the exception of the fifth inning, when Fry was touched for two hits and an equal number of runs, the Yannies were invincible.

Kipp, Bistline and Wilson led the hitting for the day. Kipp secured three blows and Bistline and Wilson two each. Keane for the picked team pitched consistent ball, allowing only nine hits but he had miserable support at times. Only six hits were gathered from the Yannie pitchers, two being off Gerlough in four innings and four off Fry during the remainder of the game.

To the small crowd of fans who witnessed the game the most encouraging feature was Gerlough's approach to his last year's form. His failure to gain control so far this season has been a serious handicap to the varsity team. In the game Friday he looked good the whole time. He did not walk or hit a man and had plenty of stuff on the ball.

The lineup:

Yannigans		
Gray	2b	McColl
Hamil	3b	McDowell
Kipp	1b	Almquist
Bistline	ss	Hallam
Beier	lf	Jackson
Buffington	rf	Rayburn
Gerlough	p	Keane
Gowen	c	Wilson
Johnstone	cf	Glidden
Fry	p	

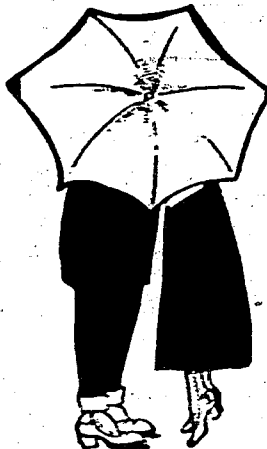

Umpires—Lockhart and Freer
Final score, 11 to 2.

Deutsche Gesellschaft Coming.

We are hoping to hear the definite announcement of the annual German festivities. Mrs. Isaacson is now preparing for them. If the students can but furnish half the enthusiasm the affair will be given. According to the present intentions it will be given in the Guild hall sometime around the twentieth. Mrs. Isaacson has been busy selecting a cast for a little one-act play which will entertain the guest for about an hour after the genuine German dinner has been served. It is also probable that Mrs. Hughes will play some of the typical German music. German dancing will of course be one of the main features of the evening's entertainment.

The annual programs of the Idaho Home Economics Association have just come from the press and are ready for distribution. These pamphlets are neatly printed and contain a list of members of the association and its activities during the year.

On the Campus

And for Campus Day especially White Clothes will be worn both with college girls and college men.

We have prepared especially for this event and are showing many other things in White Clothes.
