NUMBER 31

RELAY RACE

KILLS PULLMAN

AGGIES TAKE EARLY AND BIG LEAD BUT ARE GRADUALLY FORCER TO YIELD POINTS.

"Buck" Is Individual Point Winner
Having Three Firsts to His Credit.
Lommasson Gets Thirds.

For the first time since 1906, under the pilotage of Trach Coach "Hec" Edmundson, the Idaho track team walked away with the bacon from the Washington farmers Saturday of last week on Rogers field.

The meet was a complete surprise for Pullman from the start to the finish. They were confident of walking off with the meet and when they took an early lead they expected the result to be the same old story that has been told for the last 7 or 8 years. However, Idaho forged ahead when Phillips won the javelin and increased the distance with another first being added by Lockhart in the broad jump, and settled the contest with 7 points to the good when our relay team beat the 1913 championship conference team and holders of the northwest record, and set a new record in the relay at 3:25 flat.

Morrison proved equal to any occasion when he covered the 100 yard dash in 9 4-5, and the 220 in 22 flat. He is a sophomore in college and at the rate he is going he ought to at least tie the all-American college record by his senior year, which would give Idaho two all-American men, who will beyond doubt get to go to the Berlin Olympics in 1916. At the rate Dingle and Massey are traveling as now men it is not certain that they will not be going Olympic style by the time the meet is held in Germany.

Lockhart was again a whirl wind in the hurdles and can be counted upon for a couple of firsts in the conference meet. Dingle would easily have taken the quarter had he not lost a shoe, and then, with a display of courage and nerve that is seldom seen anywhere, he was barely nosed out of first place after running a good part of the race with one foot bare on a cinder track. Had he been able to have thrown the other shoe he would probably have won his race bare footed. It is that sort of nerve that wins contests for a college and brings men to our institution.

Loux's quarter in the relay was the sensation of the meet, and it is conceded that without his brilliant race the meet would have gone to the farmers. He is without doubt the fastest man that Idaho has in the quarter, and though he is not yet in good training, he proved his worth when every foot of lost ground would have been heart breaking to every Idaho supporter witnessing the contest. He proved his ability and in the conference meet and can be depended upon to cut down the relay record at least another second, and should add 5 points for Idaho in the quarter.

For the showing that the team has made, coming from the cellar position

to a strong contender for all northwest championship honors in two years, too much credit cannot be given to Idaho's most noted alumnus athlete and present track coach. If putting out a winning team at an institution having 1500 to 4000 students to pick from will gain a coach a reputation, it is hard to say in what measure a coach is to be paid who puts out a winning team from a school of 400 to 500 which has had but one or two winning teams in its history. Idaho is fortunate in having such a coach and too much credit cannot be given him for the great success of the team.

Summary of Saturday's meet:

220-yard hurdles—Lockhart, Idaho, first; McCroskey, W. S. C., second; Ross, Idaho, third. Time, :25 1-5.

High jump—Crane, W. S. C., first; Monroe, W. S. C., second; Cunningham, Idaho, third. Height, 6 feet.

Discus—Phillips, Idaho, first; Love, W. S. C., second; Lommasson, Idaho, third. Distance, 123 feet.

220-yard dash—Morrison, Idaho, first; Cooke, W. S. C., second; Calquehoun, Idaho, third. Time, :22 flat.

Javelin—Phillips, Idaho, first; Dietz, W. S. C., second; Lommasson, Idaho, third. Distance, 165 feet 1 inch.

Broad jump—Lockhart, Idaho, first; Crane, W. S. C., second; Dietz, W. S. C., third. Distance, 21 feet 5 1/4 inches.

Relay—Won by Idaho (Massey, Morrison, Loux and Dingle). Time, 3:25 flat.

100-yard dash—Morrison, Idaho, first; Cooke, W. S. C., second; Lockhart, Idaho, third. Time, 9 4-5.

Shotput—Phillips, Idaho, first; Kerran, W. S. C., second; Lommasson, Idaho, third. Distance, 40 feet 5 1/4 inches.

Pole vault—Monroe, W. S. C., first; Cunningham, Idaho, second; Gridley, W. S. C., third. Height, 11 feet 2 inches.

Two-mile run—DeHaven, Idaho, first; Hansen, W. S. C., second; Williams, W. S. C., third. Time, 10:24 1-5.

880-yard run—Dingle, Idaho, first; Schultz, W. S. C., second; Massey, Idaho, third. Time, 2:01 3-5.

IOTA ALPHA LAUNCHES FORTH.

New Agricultural Fraternity Organized.

The upperclassmen of the agricultural college recently organized a new fraternity to be called the Iota Alpha. It is strictly honorary and membership is placed on a scholarship basis. Only upper classmen are eligible to membership. The Iota Alpha will petition the Alpha Zeta, a national agricultural fraternity, for membership.

The members are: S. A. Regan, W. C. Edmundson, F. C. Robinson, Geo. Scott, J. F. Hayden, C. P. Lewis, H. B. Soulen, G. J. Downing, A. L. Johnson, A. M. Christensen, E. J. Fjeldsted, A. Hawley, J. Nordby, S. L. Denning, C. B. Mickelwait, R. C. Klipp, R. R. Miller.

CALENDAR.

May 15, Fri.—Baseball with W. S. C. at Moscow.

May 16, Sat.—Baseball with W. S. C. at Pullman.

May 16, Sat.—Phi Delta Theta entertains.

May 20, Wed.—Deutsche Gesellschaft (Supper and play), at Guild hall.

May 21, Thurs.—Baseball with Whitman at Moscow.

May 22, Fri.—Baseball with Whitman at Moscow.

May 22, Fri.—Junior play, "Trelawney of the Wells," at auditorium.

May 22, Fri.—Conference Tennis Tournament at Eugene.

May 23, Sat.—Track meet with Whitman at Moscow.

May 23, Sat.—Watkins oratorical contest at auditorium.

May 23, Sat.—Conference Tennis Tournament at Eugene.

May 25, Mon.—Campus Day.

May 28, Thurs.—Meeting of English club.

May 29, Fri.—Conference track meet at Pullman.

TENNIS TOURNAMENT SATURDAY.

Idaho Will Play W. S. C. On Their Courts.—Old Stars in Line-up.

Idaho's tennis team, consisting of Don David, Harry Soulen, Sakuma Hayes and one other man to be chosen later will go to Pullman Saturday morning to play tennis with W. S. C.

The tournament will consist of two double-matches and five single ones.

Last year Idaho beat Pullman five out of seven matches and expects to do as well this year.

The tournament for the David cup is now about complete. It is up to the third round and it is expected that the finals will all be played off next week.

There is some talk among the tennis players to the effect that it would be better for us to spend the 80 or 90 dollars that it would require to send a team to Eugene, on the local courts.

Y. W. C. A. OFFICERS.

Girls Elect for Next Year.—Show Good Signs of Spirited Year.

Wednesday, April 30, 1914, the Y. W. C. A. of the university met and elected officers for the following year. The result of the election was as follows:

President, Mary McClenahan; vice-president, Mary Vesser; secretary, Grace Darling; treasurer, Agnes Bailey; organist, Mary Brown; committee chairman, meetings committee, Rose Curtis; social committee, Mary Nodle; pastors committee, Bertha Olson; music committee, Lottie Works; missionary committee, Mary Jensen.

Prof. Gail Clubmember.

At the last meeting of the Forestry club, Prof. Gail of the botany department was elected an honorary member of the club. Prof. Gail has shown a marked interest in the work of the forestry department and a willingness to help the students in their botanical work, and it was in recognition of this interest that the foresters made him one of their number.

PUBLIC SPEAKERS

PLAY WELL

ARTHUR J. LYON IN THE ROLE OF MR. SPAULDING KEEPS AUDIENCE IN UPROAR.

Prexy Brannon Talks and the Idaho Men Hold Rally Between Acts.
Crowd Not So Large as Expected.

The presentation of "The Private Secretary" by the class in public speaking 2 last Friday night was excellent. The cast was composed of experienced performers and the repeated applause that it wrung from the audience speaks well for the manner of its conduct on the boards. And what gave the effect of the play a double force was that the management had secured an interior scene, which, though meagre, was very welcome.

At the opening of the performance there was a haunting "langsamkeit" in the general effect due perhaps to the fact that some of the cast were a little slow in taking up their cues. But after the first few good laughs the actors seemed to take heart and go in a little faster.

This play is by far the best comedy that has been staged at Moscow this year. The purely farcical elements were scarcely funnier than the less ridiculous but more brilliant flashes of witty repartee that were scattered throughout the entire play. If it was the purpose of the management to entertain the visitors with something rollickingly funny, then "Public Speaking 2" deserves our warmest congratulations on the choice of a play. And certainly the class is to be congratulated on the fact that it had for coach such an able person as Miss French has proved herself to be.

Outside of Mr. Lyon, whose role gave him an advantage over the others, it would be hard to pick any stars. Playing in an unpopular role as the housekeeper of the youth, Miss Dencke's acting was faultless; but her clear pleasing voice almost betrayed her at times, for one might, had one been unable to see her, have thought her much younger than her part demanded. She was quick in her replies, and distinct in her every word and act. And this quickness and distinctness is perhaps the most difficult effect to produce with an amateur cast, if we are to believe the coaches.

Mr. McDowell was all that could be asked in the role of the elder Mr. Marsland. His attitude, his make-up, his voice, and his gestures all did him great credit.

Both Mr. Melugin and Mr. Crump deserve the highest praise for their laugh. Laughing is perhaps one of the most difficult things for an amateur to do. But Melugin especially showed himself master of the art at several different times. His acting through the second and third acts was very fine; his appearance pleasing, his voice clear, and his bearing excellent. If Mr. Crump has one characteristic that stands out above the rest it is the power to put meaning into what he says. He has without doubt the

finest accent and the most proper sense of emphasis of any member of the cast. There is a certain earnestness that lurks in his mannerisms that made the "gentle" youth's attempt to sow his wild oats all the more funny. And by the very clever management of his physiognomy he is frequently able to bridge over embarrassing silences between the speeches.

Mr. Regan and Mr. Einhouse both took the audience in with their make-up. Before he had said a word, "Einy" was greeted with applause. He was a trifle slow in getting into the spirit of the thing, but soon made amends by his easy acting. In the scenes where he had to simply kill time and show that as "a gentleman" he could be as easy as the others Harry found his best part. Regan, to speak absolutely literally, showed the "old Pep." In getting some where he lost no time and this very ability to get around furnished the audience with much to laugh at. There were, however, a few rare instances in which he spoke too much in his natural voice. But his boisterous and gay bearing did him proud.

As Miss Ashford, Miss Marguerite Linn played with assurance and ease. She was not made to look as old as she might have been, but her manner saved the necessity of any doubt as to her claim to spinsterhood. Her accent showed skillful training. Her doting over the fond memories of her former friend and her attachment to her religion caused no little merriment. Miss Olsen and Miss Carithers were very charming in appearance. Miss Olsen spoke distinctly though gently and in her gay attitudes and gestures gave the audience a good interpretation of what might be expected from the daughter of the old rich man. At times Miss Carithers was a little too modest in speaking and thus made her voice scarcely audible, but on the whole she delighted the audience with her coquettishness and sweetness.

Mr. Warren handled his part easily and with Einhouse gave the burglar scene all the force that could have been given. But it is to Arthur Lyon that the most honorable mention is due. After the first appearance of the Right Rev. Robert Spalding the crowd never ceased to watch for his return. Carrying his "goods and chattels" onto the stage in the first act, while yet the elder Cattermole was awaiting the return of his nephew, he simply set the audience into paroxysms of laughter. Not once during the entire performance did he fail to sustain the assumed tone of voice; and in the constant repetitions of his "Do ye' know?" his attitude, voice, and gesture grew constantly more comic. Not the least funny was his pantomime performance as he counted over his articles of property. This is not Lyon's first attempt on the histrionic slab but it is without doubt his best.

No account of the play would be complete without mention being made of the excellent music of the orchestra. The playing before and between the acts demanded the most appreciative attention and applause.

In the interlude between the acts President Brannon spoke to the visiting high school athletes. He extended the congratulations of the university to them for their opportunities and victories; and also the cordial invitation to return to Idaho to school next year.

After the second act the Idaho men retired to the rear of the hall and held a short rally in preparation for the meet with Pullman on Saturday.

PROF. G. E. FREVERT RESIGNS.

Accepts Important Position in Government Service.

Prof. G. E. Frevert, head of the department of Dairy manufacturing in the college of agriculture, has resigned his position here and accepted one in the United States dairy division with headquarters at Salt Lake. His work will be principally in the field and his territory will extend over the entire West. He will assume his new duties on June 1. Speaking of his new position, Prof. Frevert said, "I have accepted it because it offers me a greater opportunity for advancement and wider experience, and incidentally, better remuneration."

Mr. Frevert graduated from Iowa State college in 1909, and since then his advancement has been rapid and consistent. His experience as expert in dairying for the U. S. department of agriculture in 1908, his work as head buttermaker for a large creamery company in Kansas, and his work as instructor in butter making at the Iowa state college, gave him excellent qualification for the work he has done here since 1909 as instructor in dairying, assistant professor in dairying, and head of dairy manufacturing.

The dairy short course students have been under Mr. Frevert's personal instruction and the success of these students is so well known that it needs no mention here. Again, the butter judging contest started this year, which was an easy victory for the Idaho boys, due to their better training over other contestants, was largely the result of Mr. Frevert's personal efforts, and promises to be an annual event of great value to all schools participating. In agricultural extension work and in the publication of bulletins, Mr. Frevert has always extended a willing and helpful hand.

The many friends of Mr. and Mrs. Frevert, among faculty, students, and townspeople, will be sorry to see them leave, but extend to them their sincerest wishes for success wherever duty or opportunity calls them. It is always a joy to see a friend honored by a well earned promotion.

"GEM OF THE MOUNTAINS."

Annual Soon to Make its Appearance. Larger this Year Than Ever Before.

The 1915 "Gem of the Mountains" is scheduled to appear in a few days says Robert J. Leth, the editor, and it is now time to lay aside about two and a half dollars to buy it with. Final proof has been returned to the printer and the books should be out immediately.

It may be interesting to note that this year's annual will be the largest on record—containing 247 pages. It might also be in interest to know that this is the first two colored annual ever put out at Idaho. The books will be put on sale in Ad. building immediately upon arrival; price \$2.50. Bring receipts if you have made deposits.

Each year during the month of May many requests come in from all parts of the state asking for university professors to deliver high school commencement addresses. This is as it should be, for the people of Idaho should depend upon their university

and it is gratifying to know that they do. Dr. Brannon said yesterday, "The university is deeply interested in the work of every educational institution in the state and particularly the high schools and as an expression of that interest cooperates with them in all events."

It is to be regretted that some of the requests cannot be complied with, but occasionally conflicting dates make it impossible for a certain speaker to meet all the demands, in which case worthy substitutes are provided. Part of this year's schedule appears below: Prof. Hulme—At Nez Perce, May 14, at Genesee, May 23, at Orofino, May 29. Prof. Soulen—At Bonners Ferry May 22, at Winchester May 28. President Brannon—At Coeur d'Alene May 21, at Grangeville May 27, at Potlatch June 4, at Lewiston State Normal school May 29. Dean Ayres—At Mullen May 14.

Beverend Watson Baptizes.

While in Boise, the Rev. Mr. Watson baptized Marjorie Louise, the young daughter of Mr. and Mrs. Leigh Savidge. Both Mr. and Mrs. Savidge are graduates of the university. Mr. Savidge is a member of the Kappa Sigma fraternity and Mrs. Savidge is a member of Delta Gamma. Mr. Savidge is now engaged in engineering in the capital city.

Do You?

"On fire that glows
With heat intense,
I turn the hose;
Of common sense."

Harvard Alumni Bulletin.

ENGINEERS AT PULLMAN.

Idaho and Washington Men of the Transit Will Gather at State College This Week.

The joint meeting of the Spokane sections of the three national engineering societies, the A. S. C. E., the A. I. E. E. and the A. I. E. M., will be held at Pullman next Saturday, May 16th.

It is strongly urged that every engineering student should attend this meeting. Unfortunately May 16th is the date set for the annual inspection of the battalion by the U. S. staff officer. It is possible that this inspection may be held in the morning in which case students can reach Pullman on the 1:25 p. m. train in the afternoon in time for the section meetings.

The number attending will not be large enough to obtain a special train. The last regular train from Pullman to Moscow leaves Pullman at 7:30 p. m. on the Northern Pacific line.

RALLY DURING ASSEMBLY HOUR

STIRRING TALKS MADE BY THE
COACHES AND PROFESSORS.
INTRODUCTIONS BY PRES.

"Pink" Asks for "Old Idaho Pep" in
Helping to Entertain High
School Athletes.

The assembly last Wednesday was a most successful one in point of attendance and the interest taken in the proceedings. The track and baseball squads and the glee clubs came into the auditorium in groups. The program was opened by a song accompanied by the cadet band. This was followed by a splendid piano solo by Miss Marguerite Jones. After making a few announcements, President Brannon made some well chosen remarks in which he urged the necessity of getting together to create a university spirit. He said that the hopes of those who planned the construction of the auditorium could not be realized before the students body and the faculty made it a point to attend every assembly. Dr. Brannon also praised the work done by those taking part in the Mikado and requested that the actors stand while they were being applauded by the rest of the student body.

Professor Angell was the next speaker. He said that last fall he was called upon to pledge his allegiance to the university and that now he was called upon, without warning, to give his impressions of the university. He pointed out that the Mikado and all our athletic events showed that we were for Idaho and Idaho for us. He asked the student body to remember that it is usually the busiest person whom we ask to take part in the performances of the "minor shows" and that the proper amount of appreciation be shown for the efforts put forth by such persons. He ended his remarks by saying: "We are not here to see how long we can live but to see how much life we can put into a lifetime."

President Brannon then called upon Heck Edmundson to talk track for a few moments. The latter predicted that the meet at W. S. C. Saturday would be close with the odds about even. In speaking of the comparative strength of the U. of I. team and that of W. S. C., Coach Edmundson predicted a victory in the weights and hurdles. He said Morrison would bring the bacon home if the student body give him its support. The pole vault and jumps were quite uncertain. The track team now mounted the stage in a body and all the point winners in the Montana meet were given ribbons.

"Pink" was next called upon to speak in behalf of the baseball team. He said: "I talked the whole situation over with the fellows and we concluded that we didn't have heart to put it over on those farmers across the way because of what we did to them in football, basketball, butter judging, stock judging and debate." He said that Idaho had the best team he has seen here and promised to show the Pullmanites a good time when the teams clash again. Pink predicted that Idaho would win many "firsts" in the meet with Pullman Saturday, but said it would be the thirds that would take the meet. Assembly was closed in singing the "Alma Mater" song.

NEW BUSINESS METHODS.

President Brannon Inaugurates New
Regime in Business Relations.

The popular plan, now employed by most large business concerns, of requiring authorized requisitions for the purchasing of supplies and employment of labor has been recently instituted in the university by President Brannon. In any institution of reasonable size there must be a system for carrying on the business and it has been proved that this plan of requisitions is practically an essential matter.

This week the following letter was sent out to people who would be concerned in business matters of the university.

Gentlemen: Acting under the direction of President M. A. Brannon, by order of authority given by the board of education at its recent meeting, you are hereby notified that hereafter no bill for services or supplies of any character, made to any department of the university, will be honored for payment unless the person contracting for such services or supplies has secured a requisition properly signed by the president of the university, or some one designated by him to act, evidence of said authority to be furnished to them by a purchasing slip or order bearing the said requisition number at the time of the said purchase."

CALIFORNIA JUBILEE SINGERS.

The Local High School Offers to Music
Loving Public a Splendid Chance to
Hear "The Grouch Removers."

You will enjoy hearing these Jubilee Jubers jube. They are the famous California Jubilee Quartette. Every man is a star. Mr. Payne is a double star. He sings regular baritone and he has another voice which enables him to reach D above the staff. He impersonates "Black Patti," and sings so sweetly and so touchingly as to make one believe he is surely a woman. Then he sings a baritone solo which proves him to be a man: a whole show himself.

Mr. J. T. Hill, basso, reader, soloist, not only possesses a wonderful bass voice, but also gives some of Paul Lawrence Dunbar's selections, rendering them in the original negro dialect.

With plantation melodies, jubilee songs, sacred numbers, popular airs, classical selections, this is a musicale you cannot miss. Depending on a full house, we have granted a special rate of thirty-five cents for student tickets. No extra fee for reservation. Reserve tickets Saturday at Corner Drug Store, May 16. Don't forget the date!

M. H. S. Athletic Ass'n.

Pianoforte Recital.

The following recital under the direction of Miss Hostetter was successfully given Wednesday, May 6, at 4 o'clock, in the auditorium, by students of the pianoforte department assisted by Raymond Pittenger, a pupil of Mrs. Hughes.

1. Scherzo, from Sonata Opus 2, No. 3, by Beethoven, Miss Clara Hockett.
2. Impromptu, C sharp minor, by Rheinhold, Miss Jennie Peterson.
3. Valses, Opus 64, Nos. 1 and 2, Chopin, Miss Olive Van Meter.
4. Violin solo, Prelied (Meister-

singer) Wagner, Mr. Raymond Pittenger.

5. "Du bist die ruh," Schubert. Liszt, Miss Lorena Dartt.

6. Etude de concert in F sharp, MacDowell, Miss Belle Willis.

7. Scherzo in B-flat minor, Chopin, Miss Marguerite Jones.

Because you flourish in worldly affairs,
Don't be haughty, and put on airs,
With insolent pride of station!
Don't be proud, and turn up your nose
repose,
But learn, for the sake of your mind's
At poorer people in plainer clothes,
That wealth's a bubble that comes—
and goes!

And that all proud flesh, wherever it
grows,
Is subject to irritation!

—John G. Saxe.

SODA THAT SATISFIES

"Drink to me only with thine eyes,
And I will pledge with mine."
Such draughts may quench a poet's thirst,
I'll choose this Soda fine.

Soda should be pleasant to the taste --- it should also satisfy thirst. The soda at our fountain combines all of the good elements possible. The soda is right, the syrups are right, the ice cream is amply supplied, and the service is ideal. Tastes differ, but no matter what drinks may be served here, it is sure to be the best of its kind. To fully appreciate the blessing of thirst---try one of our delicious Ice Cream Sodas.

Be sure to get your share of the good things
at our fountain.

GIVE HIM CREDIT.

Last week's Argonaut was edited by the associate editor, C. E. Melugin.

COME BACK AT WHITMAN.

Now that Idaho has won over W. S. C. in basketball, football, track, debate, stock judging, butter judging, and there being a chance to break even on the baseball score, every loyal student should be behind the team when we meet them here on Friday of this week. They have won two games from us by close scores, and there are two more yet to play, which makes it possible for an even break. Two victories from W. S. C. now in baseball would make one continual round of pleasure for Idaho.

W. S. C. being disposed of in track, now we may turn our eyes to Whitman and to the conference meet which will be held at Pullman May 29. Unless Whitman springs a great surprise on May 23, when we meet her here, the results of the meet will be somewhat similar to that with Montana. However, we need not exert ourselves much to remember when they have eaten us and it would never pay to be too dead sure. Still, judging from paper, it appears that we will not only have a walk away from Whitman, but that our chances are good for winning the conference meet at Pullman, May 29.

It appears from the Spokesman Review that our farmer friends are attempting to cheat us out of the conference record in the relay as was announced when the race was finished. Probably they had not noticed when they announced the true time that their record had been smashed. However, these ex post facto decisions of their judges after their opponents have gone home do not seem out of order for our farmer friends, since we notice by the Spokesman Review Monday, that judging from a picture, they had shifted Ross from second place to third. If this system of judging is to prevail, we are likely to learn from some Spokane paper, in 1915 that judging from some remote source, their honors have decreed that we lost the meet.

We cannot believe that an institution of learning such as the Washington States college would permit any doctoring of records after the opposing team had left the field and gone home. It is to be hoped that the news paper article was a reporter's mistake rather than an official doctoring of records. If judges of the finish have to depend upon photographs for re-

sults, well, they are peculiar judges, certainly.

VISIT.

After each of our contests with other colleges our opponents report their excuses, apologies, threats, and explanations—and sometimes, congratulations—in their college papers. It is very interesting to read what they think of the way we act. We occasionally find a prophecy about our conduct here—and hereafter—which does not exactly make one laugh; but it always intensifies life for a time. These papers are kept on file in the "Argo-Pub-Stenog-Bursa" office where at any time you are welcome. So in the words of the worthy Cattermole: "Oh, Oh; Oh!" visit us.

NOTICE PARTICULARLY!

All contributions to the Argonaut should be placed in the slot in the door number 107, just north of the bursar's office. The box which we have been using during the winter is now used by Miss Brashear's students as a depository for themes. Please, then, if you have a theme, drop it in the box in the hall near the mail board. If you have any thing you wish published in the Argonaut, drop it through the slot in the office door.

Carlyle says that, "The genuine, be he artist or artisan, works in the finitude of the known; the quack in the infinitude of the unknown." This makes modern chemistry laboratories look suspicious.

HOME ECONOMICS TEACHERS IN DEMAND.

Thorough Knowledge of Physics and Chemistry Required for Successful Teaching of Course.

"Never before," said Miss Hoover in an interview, "has the demand for teachers of home economics been so great. A few years ago young women desiring teaching positions feared to take the course lest the demand for teachers of this subject would be over before their course was completed. Just now we have a dozen high school positions right here in Idaho that we are unable to fill. The salaries range from eighty-five to one hundred and fifty dollars per month.

No well prepared home economics girl need seek long for a position. There are at present over thirty-five high schools offering this work in our state and several new departments are to be organized this fall.

This last decade marks the passing of the demand for teachers in this subject, who have failed to place it on its true scientific basis. The study of foods must be based on their composition, chemical changes during cooking, and the ultimate nutrition of the human body. Both the study of foods and clothing are dependent on chemistry as fundamental. Physics is fundamental in the study of heat, light, sound, electricity as applied to food, shelter, and clothing. The harmony of color is based on physics. The cry for pure textiles is following in the wake of pure foods and like foods a knowledge of the science of textiles is based on the science of chemistry.

The young woman who has preparation to teach home economics as a science, is prepared to become a tremendous influence in her community in the economical problems of the home as well as in the health of the families of the community.

Y. W. C. A. MEETING.

National Movement Discussed—Much Emphasis Placed on Summer Conference.

A very interesting and valuable meeting of the Y. W. C. A. was held Tuesday afternoon in the auditorium. Following the opening exercises, Miss Valborg Kjosness sang the solo "Oh, Dry Those Tears."

Miss Butler, national secretary of the Y. W. C. A. work, talked to the local association on "Our Conference Work."

She spoke first of the universality of Association work, of the work in foreign lands and at home.

In the work at home Miss Butler first discussed the work among the immigrant girls in America. She told how association workers meet the immigrant girls, get acquainted with them and try to get them in some measure acquainted with the new life in America.

She next spoke of the work among the girls and women engaged in industrial work in the large cities. Among these girls, as among all other groups the association is extremely valuable in developing leadership and power.

She emphasized the great need of a well-rounded development among our young womanhood, a development of the intellectual, spiritual, and physical sides of our natures in proper proportion.

Miss Butler spoke much concerning the conference work, and its value to the local association.

Miss Amy Kelly spoke in a brief but very interesting manner of her experience at a summer conference.

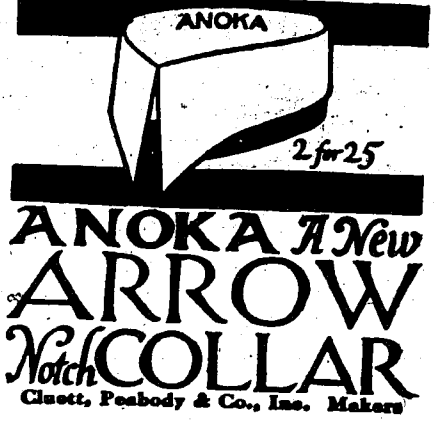

Miss Butler closed with a strong appeal to the girls to attend the coast conference if possible.

The meeting closed with a brief account of our association plans for next year.

GREEKS ASSEMBLE.

In response to the invitation of Professor Patterson, about eighty fraternity men and women of the university assembled in the auditorium Friday night.

In an interesting talk Professor Patterson discussed the agitation against fraternities which is taking place in

some states of the Union, and the causes thereof. He also told of the campaign of education which the fraternities in those states are conducting to combat the unfriendly sentiment and spoke briefly of the standards of conduct which the fraternities here should adopt in order to prevent hostility from ever arising in this state.

President Brannon gave a brief but very enjoyable address in which he defined his concept of the ideal fraternity spirit. He pointed out the reason for the existence of fraternities—the age-old hunger of a man for a friend—and on the other hand called attention to the danger of the fraternity spirit degenerating into snobbishness and pride of caste. He closed his remarks with an appeal for a broad and democratic interpretation of fraternity spirit at Idaho.

This Week's Schedule for President Brannon.

Boise—From Monday evening to Wednesday morning to meet with the board of regents and Mr. Carlyle.

Caldwell—Wednesday, to inspect the experiment station.

Portland, Oregon—Thursday and Friday, to attend conference at Reed College.

Moscow—Saturday.

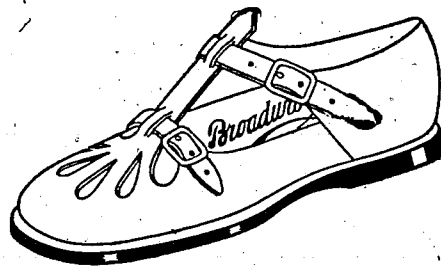

Notice.

There will be a meeting of the Home Economics club on Thursday evening at 7:30. This is the last important business meeting of the year, so all be present. There will be an interesting program.

Testimonial.

NEZ PERCE TAKES MEET

HARBKE AND ROBINSON LEAD IN INDIVIDUAL POINT - WINNING. CLOSE FIGHT FOR SECOND.

Thompson Wins Pole Vault and Breaks Record. Records in Javelin, Shot, 50-Yard Dash and Discuss.

With 39 points to her credit Nezperce walked away with the Lewis cup, which is presented the winners of the annual interscholastic track meet, last Saturday morning. Second honors were contested right up to the last of the meet, it requiring the relay to place the second team with the final score standing, Nezperce 39, Moscow 26, Lewiston 22, Boise 21, Colfax 11, Coeur d'Alene 11, Grangeville, 5, Johnson, Wash., 5; Bonners Ferry 3, and Wardner-Kellogg 1.

Harbke of Nezperce was the individual star of the meet, taking 20 points for his team, with Robinson running second with 14 points. Harbke, besides winning first honors in the meet, set new records in the shot put and in the javelin.

Thompson of Johnson, Wash., furnished the sensation of the day when he went over the bar at 11 feet 9 1/2 inches in the pole vault, raising the Idaho interscholastic record from 10 feet 6 inches, the northwest interscholastic from 11 feet 6 1-8 inches and beating the Idaho intercollegiate, which is 11 feet 1 1-3 inches. Thompson could undoubtedly have gone over the bar at 12 feet had he not been worn out by starting the bar low and causing him to vault a large number of times before getting to record height.

McMillen of Lewiston set a new record in the discuss, and Stookey set a record that will stick for awhile in the 50-yard dash when he covered the distance in 5 2-5 seconds.

Because of the wet condition of the quarter track, the distance runs were all made on the straightaway, the runners being required to run up and turn around a hurdle and come back. Long of Grangeville made exceptionally good time, considering the break that the turning caused in his stride, when he took the mile in 5:1.

The Lewis cup which was presented to Nezperce, as winners of the meet has been won by Lewiston in 1910, by Coeur d'Alene in 1911, Boise in 1912 and 1913. The winning of the cup entitles the owner to possession for one year, and three consecutive winnings is required for complete ownership, which makes it very likely that no school will ever own the cup, since one school seldom gets a monopoly on athletes for three consecutive years.

The results of the events were as follows:

50-yard dash—Stookey, Lewiston, first; Robinson, Nezperce, second; Childers, Moscow, third. Time, 5 2-5.

100-yard dash—Stookey, Lewiston, first; Aspray, Moscow, second; Robinson, Nezperce, third. Time, 10 3-5.

220-yard dash—Wells, Colfax, first; Aspray, Moscow, second; Wright, Moscow, third. Time, 24 1-5.

440-yard dash—Wright, Moscow, first; Jones, Nezperce, second; Mathews, Coeur d'Alene, third. Time 56.

880-yard dash—Bevis, Lewiston, first; Campbell, Bonners Ferry, second; Disney, Boise, third. Time, 2:15 2-5.

Mile run—Long, Grangeville, first; O'Rourke, Coeur d'Alene, second; Disney, Boise, third. Time 5:1.

120-yard hurdles—Harbke, Nezperce, first; Nugent, Boise, second; Daniels, Coeur d'Alene, third. Time 18.

220-yard hurdles, Robinson, Nezperce, first; Nugent, Boise, second; Woods, Moscow, third. Time 28 2-5.

Broad jump—Robinson, Nezperce, first; Poe, Moscow, second; Bevis, Lewiston, third. Distance, 20 feet 1 inch.

High jump—Harbke, Nezperce, first; Graff, Coeur d'Alene, second; Jones, Nezperce, third. Height, 5 feet 3 inches.

Pole vault—Thompson, Johnson, Wash., first; Hobson, Coeur d'Alene, second, Pearson, Moscow, third. Height 11 feet 9.6 inches.

Shot put—Harbke, Nezperce, first; Pearson, Moscow, second; Houston, Boise, third. Distance, 44 feet 1 inch.

Hammer throw—Houston, Boise, first; Mangrun, Boise, second; Adams, Wardner-Kellogg, third. Distance, 134.4 feet.

Discus throw—McMillen, Lewiston, first; Houston, Boise, second, Syron, Nezperce, third. Distance, 107.6 feet.

Javelin throw—Harbke, Nezperce, first; Wells, Colfax, second; F. Nave, Lewiston, third. Distance, 154 feet.

Relay—Childers, Aspray, Wright and

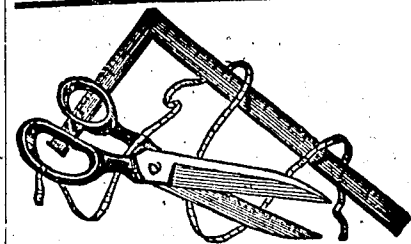

COOK OF W. S. C.

Cook just returned from Berkley and it was he who made Morrison sprint.

Woods, Moscow, first; Nordyke, Wells, Parr and Burgunder, Colfax, second; Pyper, Nugent, Spafford and Thompson, Boise, third. Time, 1:43.

After the meet President Brannon presented the medals to the winners and extended a cordial invitation to the athletes to return here next fall for college work.

A POINT WINNER FOR IDAHO

**BUCK PHILIPS A TOWER OF
STRENGTH TO IDAHO TEAM.
HOLDS RECORDS.**

**As Football Captain a Winning Team
is Predicted.—W. S. C. Due for
Another Drubbing.**

Every Idaho man is rejoicing in the victory of "Hec's" team last Saturday, yet perhaps but few realize the significance of the score and the work which each track man did to produce that score. Among the big point winners in the Idaho-W. S. C. meet, Buck Phillips stands at the head of the list. First in the discus, first in the shot and first in the javelin tells the story of Buck's work last Saturday. With 15 points to his credit, he was easily the star of the meet. Time after time

"BUCK"

Who runs against Fred Carlson for A. S. U. I. President for next year.

this year he has smashed his own records and with one American record already captured it is hard to predict what may happen next year. Thus far Buck has heaved the hammer 139.7 feet, the discus 123 feet, and the javelin 186 feet.

Buck received his preliminary athletic training in the Lewiston high school where he was graduated in 1911. Though born in Cheney, Wash., his early removal to Lewiston makes him almost an indigenous product of Idaho.

But it is not only in track activities that Buck has gained distinction. In his freshman year he made a record for himself as guard on the varsity eleven and since then has been one of the mainstays of the team. Big and powerful, gritty and heady, Buck possesses the essential qualities of a fine athlete and his work for the silver and gold has been most commendable. Next year Buck will captain the football eleven and a repetition of what has happened to W. S. C. for the last two years is expected next year.

Chester Smith has secured a fine position at the University of California as assistant instructor in the department of chemistry.

INSPECTION AGAIN.

Regular Examination of Military Conditions Made in Order to Reclassify Various Institutions.

A second inspection of the battalion of cadets will be held Saturday, May 16th. This is the time for the regular inspection. Owing to the fact that the short course agricultural students leave in the early spring the special inspection was held while they were here.

The chief aim of this next inspection is for the purpose of making a new classification of the military department of the various institutions which give military instruction.

At the present time the university is in class B which is the highest class for colleges not making military instruction compulsory for all the men students during their entire course.

The appearance and general conduct of the members of the battalion will greatly affect the results of the report of the inspector and it is up

The third annual summer session of the University of Idaho will open on June 15 and continue for six weeks thereafter closing on July 25. The coming session is expected to be the most successful in the history of the university's summer schools both from the standpoint of attendance and from that of the quality of work that will be offered. In many respects the courses that will be given this summer will be very similar to those offered last year, though much more advanced work will be given and much of the elementary work will be dropped.

It seemed evident, it is said, during last summer's session that the advanced courses in which college credits were offered were by far the most popular, the majority of the students registering for work leading to a college degree or to first and second grade certificates. The fact that only college-credit courses will be offered this summer will not, it is thought, make any material difference in the enrollment.

The faculty of the summer session will be larger than ever before, consisting of more than 40 members drawn for the most part from the regular university faculty. In some of the courses outside instructors will be secured. These will be drawn from the state department of education, the state normal schools and the public schools of the state and will all be experts in their respective lines of teaching. The numerous laboratories used by the students during the regular school year at the university will be open to the summer students as also will the big 35,000-volume library. The students at the summer school will be given free

access, also, to the tennis courts, the gymnasium and the athletic field.

More than 80 courses covering subjects regularly offered in agriculture, languages, home economics, sociology, chemistry, education, bacteriology, English and many others have been arranged and almost every line of work that could be desired will be offered. Numerous special courses for teachers will be given in which emphasis will be laid not only on the subjects themselves but also on the best methods of teaching them.

All railroads in the Inland Empire have arranged to offer greatly reduced rates on their lines tributary to Moscow. Tickets will be placed on sale from June 11 to 17 with July 28 fixed as the return limit.

NATIONAL SECRETARY RECEIVED.

The Girls of the Y. W. C. A. Gathered Last Monday at Ridenbaugh Hall and Held a Reception.

Monday evening, May 11, a very pleasant informal reception was held at Ridenbaugh Hall for Miss Butler, Y. W. C. A. secretary for the U. S.

All present found the reception very enjoyable, Miss Gregory sang very pleasingly, and Miss Butler talked informally on what work college girls are doing and can do to help other less fortunate girls, particularly those in remote rural districts. She emphasized the need of good college spirit, and of more cooperation among college-girls.

Miss Butler has a very charming personality and is a most interesting speaker. To meet such a woman is a rare privilege.

After sherbert and cake had been served, the guests departed, much pleased to have had such an opportunity to get acquainted with a woman of such national importance in the Y. W. C. A. work.

BRIEF LOCAL NEWS

C. L. Rea spent Saturday night with friends in Pullman.

Russells Barber Shop for good shaves, hair cuts, etc.

Mr. Wilfrid Waters spent Saturday and Sunday in Spokane.

Where will you eat next fall? Why, at Varsity Home.

Miss Brewer left Sunday for a week's visit in Portland, Oregon.

Misses Gladys Dittmore and Margaret McCrea were guests of Delta Gamma at lunch on Friday.

Misses Elizabeth Kettenbach and Genevieve Breitt of Lewiston were guests of Delta Gamma on Friday.

Gladys Dittmore and Marjorie McCrea, of Coeur d'Alene, were the weekend guests of Gamma Phi Beta.

On Wednesday evening the Y. W. C. A. gave a reception to Miss Butler, a Y. W. C. A. worker of New York.

Miss Butler, national Y. W. C. A. secretary, is a guest at Ridenbaugh hall while visiting the local association.

Home made chicken tamales and chili con carne served at the Palace of Sweets.

Dean Eldridge left on Tuesday for Spokane where he will speak at the Inland Sunday School convention in session there.

Miss Corinne Robertson and her sister, Burdina, who have been visiting at the Gamma Phi house, returned Tuesday morning, to their home in Coeur d'Alene.

Messrs. Harbke, Robinson, Syron, Jones, the track team from Nez Perce, and Coach Strickland were guests of Alpha Kappa Epsilon during their stay in Moscow.

Everything just like mother makes it at Varsity Home, 310 S. Lilly.

The Misses Norma Dow, Coral Morgan, Beryl McArthur, Violet Johnson, Rose Johnson, and Ester Kellmer of Coeur d'Alene were guests of Delta Gamma for the Interscholastic.

The United States Mines Safety car of the Mines bureau is in Moscow giving the students of the mining department a course of instruction in first aid and safety devices for mines, fires, etc.

The Misses Leah McEchron, Elizabeth Kettenbach and Genevieve Butt of Lewiston, spent Saturday and Sunday at the Gamma Phi Beta house. Miss Bently also of Lewiston was the guest of Gamma Phi Friday and Saturday.

We have the latest in haircuts. New stock just arrived. Russell's Barber Shop.

Rollo V. Crater, boy scout leader, student-poet, and student of classics, slept with some other scouts in the foothills near Moscow mountain Saturday night. Crater says the weather was ideal, save that he nearly froze.

Saturday night there was a very informal dance at the gymnasium to celebrate our victory over Pullman. A large crowd of students attended. Everyone was in the right spirit for a dance and the floor and music were the best they have been this year.

Miss Beryl Johnson, a former stu-

dent of the university and member of Delta Gamma, who has charge of the home economics in Coeur d'Alene high school, was a guest of Delta Gamma during the meet. She returned to Coeur d'Alene Saturday after the meet.

When attending the U. of I. stop at Varsity Home, 310 S. Lilly.

On Wednesday, Mrs. Carney, grand president of the Pi Beta Phi from Berkley, California, with Misses Genevieve Mechlin, Grace Post, and Lillian McCloud, Pi Phi's of Pullman, were guests of Delta Gamma for luncheon.

The home economics girls were hostesses at an informal reception for the visiting girls on Friday after the dance. The rooms of the department were thrown open and punch and wafers served to the guests in the dining room which was gay with apple blossoms.

Never in the history of American railroads did such a large number of people ride nine miles on such a small conveyance as when the track team went to Pullman. One could scarcely have thrown a dime into the "Bug" and there were more than thirty on top.

Tuesday evening, May 12, the Y. W. C. A. cabinet entertained at dinner for Miss Butler, national Y. W. C. A. secretary. Covers were laid for ten. Miss Butler, Mary McClanahan, Mary Vesser, Grace Darling, Agnes Bailey, Mary Brown, Rose Curtis, Mary Nodde, Bertha Olson, Lottie Works, and Marjorie Luck.

Why shave yourself? Get a first class shave at Russell's.

Saturday the members of the Gamma Phi Beta sorority and their friends spent a delightful day at Moscow mountain. Among those present besides the members of the sorority were the Misses Elizabeth Kettenbach, Burdina Robertson, Genevieve Butt, Leah McEchron, and the Messrs. McCready, White, Bevis, Edmundson, Barnard, Humphries, Adams, Decker, West, Bert Dingle, Hedley Dingle, Coram, Eaves, Turnbow, Keane, Einhaus, and Oscar Peterson.

Professor E. J. Iddings has accepted an invitation to deliver the commencement address at the Lapwal rural high school on May 21.

The class in municipal corporations at the university law school is making a special study of the ordinance recently passed by the city council which provides for the street paving to be laid in Moscow this summer, subject to the bond election next month.

Word was received this morning that a recent operation performed in New York city on Charles Stewart of this city was apparently successful. Mr. Stewart stood the operation well and is not now in pain. News of his continued improvement will be eagerly awaited.

The second issue of the "Idaho Alumnus," the official organ of the University of Idaho alumni, will be out in a few weeks according to an announcement just made by W. H. Mason, editor-in-chief of the publication. The first issue of the magazine was published just before the close of college last spring.

SPECIAL

Nominations for Officers for A. S. U. I. for Next Year

- For President—Fred Carlson, John Phillips.
 - For Vice President—E. K. Humphreys.
 - For Secretary—Anne McMonigle, Mary Burke.
 - For Treasurer—Isaac McDougall.
 - For Argonaut Editor—Robert J. Leth, Julius Nordby.
 - For Associate Editor—C. E. Melugin.
 - For Business Manager of the Argonaut—Ray Cammack, John McEvers, Archie Hawley.
 - For Assistant Business Manager—John Booth, Paul Wenger.
 - For Athletic Board—Stanley Brown, J. E. Johnstone, Dehaven, Jean Gerlough, Harold Purdy, Arthur Jardene, Victor Jones and Robert Burns.
 - For Debate Council—C. F. Johnson, Oliver Nisbet, Floyd Bowers, Julius Nordby, Melvin Ison, and Arthur J. Lyon.
- There may be a few more independent nominations made later.

Now come to the game Friday. Your tickets are good.

The University club and the College Women's club will give a dinner in honor of Dr. M. A. Brannon at the Commercial club rooms Tuesday evening. Dr. Brannon comes to Idaho as the newly elected president of the state university and the college people are preparing a welcome for him. The College Women's club from its beginning has shown a warm interest in the western university and maintained a scholarship there every year for a girl graduate of the Boise high school. —Boise Capital News.

Elaborate preparations are being made for a Deutsche Gesellschaft to be given by Mrs. Caroline Isaacson, head of the department of German, at the Guild hall either Tuesday or Wednesday evening of next week. The party will be similar to that given by Mrs. Isaacson last year; but the decorations, menu, program, and costumes will all be much more elaborate. More than 150 students will be present. After a six-course dinner served in true German style and com-

posed of true German dishes, there will be a German play followed by dancing. Twelve boys will be dressed as German students, and there will be four different kinds of costumes representing German types.

JUNIOR PLAY

ABOUT READY

CAST RESUMES REHEARSALS AND COACH LEHMAN PROMISES A FINISHED PRODUCTION.

Principals Show Result of Careful Coaching—Scenery and Costumes Entirely Original.

Rehearsals of *Trelawney* of the Wells have been resumed preparatory to giving the play on the 22nd of May. Of the female parts much unexpected talent has been uncovered. Miss Dorothy Ellis has undertaken the role of Mrs. Teller and Miss Amelia Brown that of Imogen Parron. Both are doing very well and much of the success of the play will depend upon them for the clever interpretation of those characters. Miss Dorothy Taylor plays the part of Miss Gower, vice chancellor Gower's sister. She shows a clear understanding of the part and will no doubt be very well received on the evening of the 22nd. Miss Beth Bowen as Rose Trelawney is the heroine of the production and her interpretation of the part is all that could be desired. She is characterized in the first two acts as a "popular but rolling actress" while in the last two, she comes out of her brief siege of starvation and troubles as a woman who is prepared to take over the duties of the domestic state and still have the same lovable charm which made her so popular as an actress.

Miss Carr has the role of Mrs. Moscov, a brusque middle-aged Jewish lady who is continually on the lookout for someone else's interests. She does very well and will be a source of much of the merriment that will be evident at the production. Miss Lubken as Avonia Bunn is the female comedian of the cast. To say she will make a creditable showing would be superfluous.

The principals among the men are Mr. L. F. Stope, who plays the leading role. Mr. Seth Freer, the vice chancellor, and Mr. H. C. Nuffer, the eminent green grocer of Rosamon Street. Mr. Jardine as Arthur Gower, Mr. Paul Peterson as Ferdie Gadd and Mr. Cammack as Colpoys.

The part carried by Mr. Stope requires a thorough comprehension of his fellows in the many situations developed, and a fund of quiet humor, to be ready to laugh at his own plight, the irresponsibility of Colpoys and Avonia, and the expert opinion which Gadd has of himself. Mr. Freer as the cracky old vice chancellor is displaying ability worthy of a professional actor. He will make a very good impression with the squeaky voice he affects so well and the intolerant temper of a gouty old gentleman. Mr. Nuffer as the grocer is amply able to pass his humor over the footlights.

Mr. P. C. Mitchell is managing the play. He promises some revelations in the line of scenery and costumes. The business end of this production will be one of the most difficult of any ever before undertaken at the university on account of the scarcity of scenery and stage settings. Mr. B. F. Lehman, who is coaching the production states that he is well pleased with the progress made thus far by the cast and hopes to have everything in readiness for a full dress rehearsal within a week and a half.

IN OTHER COLLEGES

Harvard Wins.

The Harvard one-mile relay team won its race recently at the Pennsylvania relay carnival in Philadelphia. Pennsylvania was second and Cornell third. Harvard's time, 3 minutes, 22 2-3 seconds was very fast. Pennsylvania was ahead until almost the end of the second lap when Cross, the Pennsylvania runner, fell.

Williamette.

On Friday, May 2, the juniors at Williamette university at Salem, Oregon, presented Percy Mackaye's "extremely clever comedy, *The Canterbury Pilgrims*." This play is but a dramatized version of Chaucer's original poem, "Canterbury Tales."

Nevada.

This year's girls basket ball team met in room 6 on April 6, 1914, and organized a society to be known as the Women's "N" society. The members are to be all women who have been granted the Gothic N by the Associated students. The purpose of the organization is to arouse greater interest in girls' athletics and to give a firmer foundation for the government of the same.

Kansas State.

About one hundred students who are working their way through college, by doing janitor or clerk work of one sort or another, have recently organized themselves into co-operative union. The purpose of the union is to give students aid in seeking employment.

Oregon

On campus day at Eugene, Oregon, the students ceremoniously began the breaking of the ground in preparation for the construction of a new library building. This makes campus day worth while.

Washington.

There are 2787 regularly enrolled students at the U. of Washington. Out of these there are 1472 who, since last October, have received conditions in some subject. Out of these, 535 were members of fraternities or sororities. According to these figures the frat people have a little better scholarship average than the independents.

O. A. C.

Oregon Agricultural college won fourth place in the Pacific coast meet they won first in the discuss and in the two-miles and one third. California won the meet, Stanford second, U. of Southern California, third.

Celtic.

Celtic was first taught in America at Harvard by Prof. Robinson, and today instruction is given in it for the most part by men he has trained, in nearly all the large institutions of the country.

Whitman.

Campus Day at Walla Walla was fittingly observed by 12 squads of men working on the college grounds. It looks as if "Everybody works but Idaho."

Crawford: What makes you think it is necessary to give sex instruction in the schools?

Crabshaw: How else could the children understand the plays when they go to the theatres.—Life.
