

THE UNIVERSITY ARGONAUT

VOLUME 17

UNIVERSITY OF IDAHO, MOSCOW, IDAHO, MAY 28, 1915

NUMBER 82

WHITMAN & IDAHO DIVIDE HONORS

ON HOME FIELD WHITMAN COLLEGE TAKES ONE GAME FROM VARSITY

Game Fast—Errors Frequent—Teams Evenly Matched

Coach "Pink's" aggregation broke even in the two games played in Walla Walla last week, winning the first 8 to 6 and losing the second by a 7 to 5 count.

In the first contest southpaw Wade had the Missionaries blanked up to the ninth but he was touched for five safe cracks in that session and the five were so well mingled with boots that six counters came galloping in before the clamps could be put on.

The Idaho warriors landed on Baker in the pinches, shooting across single runs in the second, third, and fifth, a brace of them in the eighth and three in the final frame.

In the second battle Fry allowed only seven hits but he issued free transportation to four and the old error bugaboo chalked up the runs for the Missionaries. Idaho registered nine of the beautiful from Henderson's rather juicy delivery, Purdy and Barger each picking three lusty swats, but all of the blows did not come at the right time and the contest went in the Whitman game sack.

The scores:

	R.	H.	E.
Idaho	8	7	2
Whitman	6	7	3

Batteries—Wade and Barger; Baker and Neale.

Second Game

	R.	H.	E.
Idaho	5	9	3
Whitman	7	7	2

Batteries—Fry and Barger; Henderson and Neale.

With W. S. C.

With its bright lights kicking everything that came within sight or hearing, "Pink's" diamond aggregation went down to a double defeat Tuesday afternoon at the hands of the speedy W. S. C. nine in a double-header put on at Pullman. The score in the first outrage was 15 to 2 and in the second, which managed to take on some of the aspects of a scrap, the count was 5 to 0.

Lorentz Wade was only reached for eight safe swats in the first game but the boys booted with the heartiest good-will behind him and the Pullman bunch, nearly wore out the rubber with their continual procession.

In the second game Fry was beaten from the mound in four innings, the counting coming in the third and fourth when long hits and an occasional error netted five runs.

Ray Williams assumed the hurling burden after the fourth and he got away in good shape, allowing but a single crack in the four frames he worked. He seemed to put something on every ball and the ag school lads

MAY QUEEN
Lesetta Mae Lubken

were unable to scorch up the paths the way they did in the first game.

The scores, first game:

	R.	H.	E.
Idaho	2	10	10
W. S. C.	15	8	1

Batteries—Wade and Barger; Moss and Keuhl.

Second game:

	R.	H.	E.
Idaho	0	2	3
W. S. C.	5	6	1

Batteries—Fry, Williams and Wade; Hartman and Satherwaite.

Dope Bribblings

Lawrence Bonneville ran a fine mile at Walla Walla, clipping it off in 4:38 2-5 which is the best time that an Idaho man has made since Coach "Heck" graduated.

The dope is that Sam Morrison really beat the winner of the 100-yard dash at Walla Walla by some three yards because Hoover, the winner, beat the gun more than those three yards and then won by inches.

Ennis Massey romped away with the 440 and 880 in great shape and coasted in with nobody even close to him in either event.

Those two record-breaking heaves of Buck's will probably stand for some time. The javelin king now holds the Idaho records in all the weight events.

Fans who saw the two games at Pullman say that the Idaho infield looked like that famous and proverbial sieve that belonged to old Mother Beck.

Barger's hitting was the one bright spot in that first slaughter. He leaned on the slants Moss offered up for three heart-warming, screaming smashes.

SIGMA NU RECEPTION

In the gymnasium Saturday, May 22, in the evening, the many old friends of Zeta Delta became the new friends of Sigma Nu, when the out-of-town and the new local members of that fraternity entertained the students and faculty at a delightful reception. After everybody had gone down the long and imposing line with congratulations and much whole-hearted handshaking, the evening was given up to dancing. The music and punch were excellent and the informality of not having programs added much to the general good time.

Miss Nora Ashton left Moscow on Wednesday for her home in Nampa, Idaho.

STUNT FEST WAS GREAT SUCCESS

JUNIORS WIN \$50 PRIZE IN COMPETITION WITH ALL CLASSES—
FRESHMEN WIN STUNT PRIZE

Large Audience Gathered to be Inspired by Wholesome Class Spirit So Manifest on Occasion

If it takes a stunt fest to inspire such wholesome, democratic class spirit as flooded the Auditorium Monday night, let's have stunt fests often. It was enough to thrill the heart of any U. of I. student, past or present, to see that long, long stream of Freshmen filing down the aisle to the stage door before their song, or to see the stately Seniors in their sombre caps and gowns. The Juniors, however, made the greatest "hit" with their song of any of the classes. The decision in their favor was practically unanimous, and even the Sophomores, who took second place, could hardly begrudge them the \$50 prize. The music was bright and "peppy" and everybody sang with spirit. The "I" blankets and sweaters gave the right atmosphere of college life for a setting. When it was announced that the Juniors had won the song contest, the Auditorium rang with applause and the Juniors gave nine rahs for Prof. Currier, who had coached them.

The entertainment was divided into two parts, the second of which was the real stunt fest. The winners of this contest were the noble Freshmen, and it is unnecessary to say how proud these youngest members of the student body are to be the first possessors of the silver cup. Their stunt was called "Before the Pearly Gates," and represented the final judgment day, when all friends and enemies of the Freshmen were called before St. Peter and a Freshman jury to be judged. The characters were:

St. Peter.....Milton Hart
Charon.....Ernest Poe
Miss French.....Edna Harrington
Chas. Horning.....Arthur Horning
Prof. Gale.....Don Eagleson
E. K. Humphries.....Harold King
Miss Hoover.....Margaret Bowland
Prof. Collins.....A. J. Priest
Beth Soulen.....Lorraine Selby
Don David.....Mitchel Manhard
Dr. Brannon.....W. McMullan
Angels—Olive Merrit and Florence Mayne.
Demons—Stokey, Lehrbas, Sandberg, Cramer.

And a jury of Freshmen.

All the parts were well taken, and the impersonations caused a great deal of applause and good natured laughter. The skit was written by Verna Johannesen, Nora Ashton, and Carol Ryrle.

The Sophomores gave a minstrel show as their offering. Minstrel shows are always popular, and the funny songs and costumes kept the audience laughing continually. The whistling solo by "Sistah" Mary Mellison was the most notable number.

The Juniors' stunt was a solo, sung

by Jean Gerlough, which described different activities of college life. As each one was mentioned the spot light was turned on a group representing that activity. The scene was as beautiful as the minstrel show was grotesque, and was all too short to suit the enthusiastic audience.

The Seniors had second place in the decision of the judges. Their sketch was a dress rehearsal of the musical comedy "Aim Straighter, Fatty, You Kissed Me on the Nose." Much of the music was original and E. K. Humphries' acting was splendid. Beth Soulen, Buffington, and "Buck" Phillips also starred. It was delightfully clever and funny, and showed what the dignified Seniors really can do.

CHANGES IN ALUMNI DAY PROGRAM

A few changes have been made in the schedule, for Alumni Day this year. The day's program will be broken into by the circus that will be in Moscow on that date. The morning stunts are called off in favor of the circus parade.

At noon the Alumni will have a picnic lunch on the campus, and after that all will go in a body to the circus. After the circus will come the Alumni Banquet at 6:30.

An Alumni dance in the Gym., starting at 8:30, will complete the day's festivities. Everybody is invited to the dance for which there will be no charge.

Unlike the Alumni banquets heretofore the faculty is not invited, with the exceptions of President Brannon and Miss French. The Glee Club and quartet will be on hand at the banquet for some Idaho songs, and the Seniors have promised some stunts.

All Alumni and wives, and Alumni wives and husbands are invited to the banquet.

Mr. Carl Hollingworth, the Student Secretary of the Young Men's Christian Association for Washington, will be in Moscow Friday afternoon and Saturday, to assist in making final arrangements for the delegation to the Student Conference, at Seabeck, Washington, June 11th to 20th.

The Conference promises to be the best one ever held in point of leaders, program, delegations and location. The Conference, which is to be held at Seabeck, is on the Hood Canal about 75 miles by boat from Seattle. Splendid opportunities for recreation and out-door sports are offered. The Christian Association is working for a large delegation this year. No student should consider his education complete without at least the experience of one summer at the Conference, which ministers in the very best way to all sides of a man's nature. The Christian Association is ready to co-operate to the full extent of its ability in assisting any student to go who is able to appreciate the advantages offered.

On Wednesday evening of last week Gamma Phi Beta entertained Dean and Mrs. Eldridge, Dr. and Mrs. von Ende, and Miss Schoch at dinner.

Work During Past Year

The school year 1914-15 has witnessed a marked awakening of the Y. M. C. A. of this University, due in no small degree to the efforts of the student secretary, Mr. T. W. Leonard, and to the way with which the students are taking hold of the various lines of work with which the Y. M. C. A. is concerned.

The work of the Association is carried on by five committees, namely: Administrative, Campus Service, Community Service, Religious Education, and Life Work Guidance. Heads of these committees for the coming year are: C. B. Mickelwait, C. F. Johnson, H. V. Creason, Kenneth Collins and George Beck, respectively. These various departments are all assisted by the student secretary.

The first social event of the year conducted by the Y. M. C. A. was the Stag Mix last fall, with an attendance of about one hundred, in spite of other attractions on the same evening. On October 9th the Y. M. C. A. and Y. W. C. A. enjoyed a joint reception which with an attendance of some three hundred, was a splendid success. The Short Ag reception on October 16 showed that group of students that they were a part of the school welcome among us. The secretary co-operated with the Faculty Committee on Employment, assisting boys to secure positions.

The committee on Religious Education has adopted special courses in Bible study in co-operation with the Sunday Schools, and has inaugurated a system of monthly meetings in the various churches at the hour of the young peoples' services. Subjects of vital interest to college students are taken up and discussed.

Dr. M. J. Exener, a member of the International Committee of Y. M. C. A. in charge of sex education, delivered two very constructive lectures in January.

Dr. W. D. Weatherford, student secretary for the Y. M. C. A. for the South, delivered a series of lectures on moral and religious questions, which received the generous support of both students and faculty.

The committee on community service took steps towards the organization of a Y. M. C. A. in the Moscow high school. A deputation team at Troy during the week ending March 26, held meetings for school children and townspeople, presenting to them the ideals of culture and education of the State University.

On May 6 Mr. Fred H. Rindge, secretary of the Industrial Service Movement of the Y. M. C. A. for America, visited the University with the purpose of interesting the students in the needs of workingmen. As a result of his one-day survey of Moscow succeeded in organizing a class in English for the Italian section crew.

Officers elected for the coming year are as follows: President, W. A. Boekel; vice president, Kenneth Collins; secretary, Harry Einhouse; treasurer, Lloyd Ellington. The programs of the various committees for the coming year are briefly as follows:

POLICY OF THE COMMITTEE ON ADMINISTRATION

Membership Campaign and Finance Campaign

It is planned to have a week set

aside for these campaigns combined. This week will be advertised in various ways and there will probably be meetings in order to get in touch with the students. It will be about the first of October or thereabouts after the students are settled. Committees to take active part in this campaign will be appointed.

Publicity

All meetings shall be written up and any matters of interest to the students and public shall be published. All meetings shall be suitably advertised and announced. There will be a bulletin upon which will be posted facts, news items, and notices concerning the Y. M. C. A.

Office and Buildings

There is a suitable office now provided and the buildings will be provided as the occasion arises.

Additional Finances

These shall be solicited during the year in order to fill out the budget.

PROGRAM OF CAMPUS SERVICE COMMITTEE

Social Work—Stag social, joint receptions, and various entertainments as occasions demand.

Employment—Co-operation with Faculty Committee, especially to get in touch with business men having work to be done and with students desiring work. Also having letters from new students referred to the Y. M. C. A. Committee.

Caring for Sick and Needy Students—Committee to keep in touch with heads of departments and instructors to find out when students are sick. Visit these students and show the friendly interest of the Y. M. C. A.

Policy of Committee on Community Service

To have four deputation trips during the administrative year (1915-1916) Programs during these deputation trips will consist of talks to school children and townspeople concerning University life and opportunities offered at the U. of I.; a hike with the boys of the town; talks to the boys on clean sports, and necessity of leading clean lives; visits to different churches where the values of Y. M. C. A. work will be discussed. This committee shall organize and maintain a school system for the foreign illiterate laboring men.

Policy of Committee on Life Work Guidance

The policy to be followed (year 1915-1916) by this committee shall be:

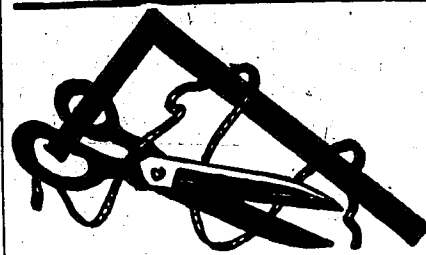

1. To assist incoming Freshmen in registering.
2. To prevail upon students to attend the Student Conference at Seabeck.
3. To provide for a Lecture Course on Life Work, which will include lectures by representative professional men on the advantages, disadvantages, and Christian side of their profession.
4. To send circular letters pointing out the advantages and benefits to be derived by coming to our University, to all prospective men students. In these letters, we desire to bring out the necessity of a clean Christian life in any profession.
5. To do personal work among stu-

dents and others whenever the opportunity offers.

Committee on Religious Education

The policy of this committee shall be:

1. To introduce special Bible study courses into the church and to conduct Bible study campaign.
2. To conduct the meetings of the young peoples' societies monthly.
3. To secure strong speakers to address students one Sunday each month.
4. To promote on the campus, special meetings similar to the ones this year.
5. To encourage students to church attendance and church membership.
6. To conduct a strong campaign for a large delegation to student conference.

Y. W. C. A.

Thruout the year 1914-15, the Young Woman's Christian Association has been very active. The history of the Y. W. C. A. during years of its existence has been somewhat varied. A decade ago it was very active in the University but died down almost completely three years ago. It was reorganized two years ago and since then has grown steadily.

The president of the Y. W. C. A., Mary McClenahan, has been a conscientious and tireless worker in the interests of the society and it is with the fullest confidence of all the girls that she was re-elected for the succeeding year.

The field for social service in the University is somewhat limited, consequently the association has devoted itself to work in the University circles, promoting school spirit, sociability, honesty and charity.

Thruout the year the Y. W. C. A. has given a number of highly enjoyable social affairs. The first of these was the joint reception held with the Y. M. C. A. for all new students. The next was the tea at President Brannon's for all the new girls. During the Y. W. C. A. conference a delightful informal reception and also a banquet was held for the visitors.

The association has a membership of about fifty.

The finances of the association are in a flourishing condition. At the "County Fair," held last fall, we cleared about sixteen dollars and fifty cents and at the candy sales held at various times during the year we cleared almost fifty dollars. This is besides the regular dues of the members and advisory board. Among other things which the girls have done, is the furnishing of the rest room for the use of the town girls.

Bi-monthly meetings have been held at which topics of interest to all University women have been taken up. Some of these are in direct charge of the girls, at others the girls have obtained special speakers. Last year one girl was sent to Y. W. C. A. coast conference and this year the girls expect to send either one or two girls to the conference.

Next year the girls expect to ask the new girls to join the first week. The schedule for the meetings is very interesting.

- Sept. 22—What we belong to.
- Oct. 6—Messages from Seabeck.
- Oct. 20—What Sunday should mean to the college girl.
- Nov. 3—U. of I. standards. (Recognition service for new members).
- Nov. 17—Everybody's Lonesome.
- Dec. 1—Open date.
- Dec. 15—Sharing our faith.
- Jan. 5—The new year.
- Jan. 19—Worry.

The Young Men's Christian Association will have charge of the union meeting of the Young People's Societies in the Christian Church next Sunday evening at seven o'clock, at which time President Brannon will speak. All students are most cordially invited to this meeting, as it promises to be of special interest to them.

J. C. Ralston, Consulting Engineer of Spokane, Talks to Engineering Students

Thursday Mr. J. C. Ralston, a Spokane consulting engineer, gave a very interesting address to the engineering

students on Parallelograms of Engineering Culture. In beginning Mr. Ralston gave some very complimentary remarks with regard to President Brannon. He also congratulated the students for being under the roof of a real university instead of a mushroom college.

He pointed out the absolute necessity of social responsibility and activity. Then too the engineer should have refinement of manners in speech and actions. This is especially necessary of western engineers. He told us of the relationship of the engineer to national development and that we should know the history of engineering works so as to enable us to do our own work much better.

One point he made very plain was that an engineer should have an avocation as well as a vocation in order that he be broad minded instead of being narrowed down to his own special field. Then too by being cultured the engineer would receive public esteem which in turn would lead to self confidence.

Dean Little is to be congratulated for securing such a man to address the students and it is hoped that next year we may hear from Mr. Ralston several times.

EXIT

With this issue the Argonaut finishes its seventeenth year, and the present editors lay down their pens to welcome in the new staff. May the achievements of the past be but stepping stones to the greater success that the publication has in store for the future. Tho the Argonaut has not been what we would have it in the past, there is some comfort in knowing that it still exists and has the future before it.

During the year it has been our purpose to chronicle the events of the school, and of crystalizing and putting into print the best of student sentiment, and of relating such events as were of special interest to our readers. It has been our purpose at all times to emphasize the fact that the interests of the University and its publication should coincide, and that the purpose, and function of the former should be taken as a guide to the sphere of work proper to the latter; that the Argonaut should give a correct expression to the spirit and activity manifested by the students; that it should encourage all good student enterprises and discourage all evil tendencies. It has been our purpose to maintain the Argonaut as a means of expression for the students as a body and of promoting the interests that are of common concern to all the students rather than those that are of importance to smaller groups in which only a few of the students are represented. Believing this to be the true and greater sphere of the Argonaut's work we have at all times endeavored to keep within it to the best of our ability.

In the pursuit of this standard we have at times been criticised and have had to endure the whims of a few for what we regarded as interests of the many, but we trust that the few will overlook this in consideration of the fact that we were making these criticisms with the interest of the entire student body at heart. It has been gratifying to the staff to know that the students have been interested in their publication, not as the product of a few but as the product of the entire student body.

In conclusion we wish to thank the students for the privilege and opportunity of editing their publication; the subscribers, and advertisers, and all those who have contributed in making the publication possible. As editor-in-chief of the Argonaut, I wish to thank the assistant editors, who have, by virtue of their promptness and thoroughness in their respective departments, made possible the publication of a paper of which we hope

there is no occasion to feel ashamed. With best wishes to our successors, whom we feel confident will strive more zealously than we to maintain the Argonaut as an expression of the high ideals of the present splendid administration of the University, we hereby surrender the editorial chair.

THE 1916 ANNUAL

The 1916 Gem of the Mountains has been read, and judged to be a success or a failure according to the disposition of the individual reader. It is easy now to point out errors, and suggest improvements, but the staff has no apologies to offer for any defects either in typography or topical arrangement. It is only a matter of regret that no second proof was received from the printers at Columbus, Ohio, and that all late copy and the cartoons were never even seen by the editor before being placed in the press.

The work of the Northern Engraving company in preparing the etchings and half-tones was entirely successful.

It affords the Juniors no small measure of satisfaction to know that the venture has been a financial success. So far as can be ascertained at the present time there will be no deficit for the incoming seniors to clear up and if this bit of fact is not a "joy forever" it is at least a cause for present rejoicing and future reminiscence.

COMMENCEMENT PROGRAM

The general exercises of Commencement are open to the public. All friends of the University are invited to attend.

Saturday, June 5

8:15 p. m.—Commencement Concert, Auditorium.

Baccalaureate Sunday, June 6

11 a. m.—The Baccalaureate Sermon, The Rt. Rev. Herman Page, D. D., Bishop of Spokane, Spokane, Wn.

Class Day, Monday, June 7

11 a. m.—Planting of Ivy and Ivy Oration, Administration Building.
3 p. m.—Faculty-Senior Baseball Game, Idaho Field.
5 Farewell to Buildings, Campus.
8 p. m.—President's Reception, 411 East B street.

Alumni Day, Tuesday, June 8

10 a. m.—Alumni Parade, Campus.
10:30 a. m.—Stunts and Tennis, Idaho Field and Courts.
12:15 Picnic Lunch, Flower Garden.
1:30 p. m.—Visiting Buildings, Trophy Room, etc.
3 p. m.—Alumni-Faculty Baseball Game, Idaho Field.
6:30 p. m.—Alumni Supper, Ridenbaugh Hall. Following the supper a business meeting of the Alumni Association will be held.

Commencement Day, Wednesday, June 9

10:15 a. m.—Procession from Ridenbaugh Hall.
10:30 a. m.—Commencement Address, William Trufant Foster, Ph.D., President Reed College.

New Student—"I want to take Greek."

Friend—"What do you want that dead language for?"

New Student—"I'm going to be an undertaker."

HODGINS

SIGMA NU FRAT ENTERS IDAHO

ZETA DELTA FRATERNITY INSTALLED AS DELTA OMICRON CHAPTER OF SIGMA NU

Members of All Sigma Nu Chapters at Colleges of Northwest Were Present

On May 21st and 22d, the Zeta Delta fraternity was installed as the Delta Omicron Chapter of Sigma Nu. The Zeta Delta Fraternity was organized in November, 1910, and has petitioned Sigma Nu ever since its organization. The installation of Sigma Nu and Beta Theta Pi at the University of Idaho during the present year shows most conclusively that national fraternities have the greatest faith in the resources of Idaho and in the future of the University.

The Sigma Nu fraternity has 73 chapters in the United States and is considered very conservative. It was organized at the Virginia Military Institute in 1869 by students who had formerly been in the Confederate Army.

The following members of the Zeta Delta fraternity were initiated: C. F. Bessee of Moscow, G. J. Downing of Spokane, W. P. Scott of Boise, A. M. Christenson of Sandpoint, L. G. Mason of Spangle, H. B. Kinnison of Payette, E. M. Strate of North Yakima, B. F. Smith of Boise, W. N. Ellis of Florida, O. F. Carlson of Spokane, George Sylvester of Rathdrum, Allan Kinnison of Payette, Rowe Holman of Helena, Mont., R. R. Miller of Wallace, F. J. Babcock of Coeur d'Alene, D. W. Albert of Payette, Homer Barton of Mullan, R. D. Bistline of Pocatello, H. E. Lattig of Payette, F. M. Bistline of Pocatello, A. H. Nielson of Pocatello, C. A. Sylvester of Rathdrum, H. H. Swan of Sherburn, N. Y., F. W. McCall of American Falls, D. A. Swan of Burke, Milton Emmett of Kellogg, John B. Mullan of Pocatello, William I. West of Pocatello.

The installation team consisted of members of the Sigma Nu fraternity from the chapters at the University of Washington, Washington State College, University of Oregon, University of Montana, the Spokane Alumni Association, the Portland Alumni Association, and the Salt Lake Alumni Association. These members were: F. D. Allen of Spokane, G. E. Miller of Portland, E. G. Robertson of Spokane, H. W. Wilton of Seattle, N. G. Batley of Eugene, Or., F. H. Judson of Missoula, Mont., H. W. McCroskey of Salt Lake, Utah, C. E. Amey of Seattle, and G. E. Coes of Pullman.

The entire Sigma Nu chapter at Washington State College and Sigma Nus located in the Inland Empire and vicinity were present at the installation.

On the evening of 22d, an informal reception followed by a dance was given to the entire student body and faculty at the University Gymnasium by the Sigma Nu fraternity. Following this dance, a banquet was held at Williamson's Cafe. Many members of the student body greeted the new fraternity and their visitors upon their return from the banquet, which was one of the most enjoyable parts of the entire occasion to the members of the new fraternity.

In carrying out the program of social service work, as introduced by Mr. Fred H. Rindge, the Young Men's Christian Association during the past week co-operated with the Department of Engineering at the University in giving two lectures. One at the Engineering Building for carpenters, in charge of Dean Little, at which time he gave them a practical demonstration in testing the strength of various kinds of wood. One at the Idaho Harvester Plant, in charge of Professor Coolidge, assisted by Mr. Hawkins and Mr. Adams.

These lectures have proved very interesting and most practical University extension work.

On Wednesday evening the class in English for the Italian section crew was conducted by Mr. Rollo Crater. These men are very anxious to learn our language and are progressing very rapidly.

The plan next year is to carry on this work more extensively under the direction of the various committees in charge of the work.

"Vasen't you engaged to a girl in Kenosha?"

"Yes, but I broke it off."

"Did der girl take it to heart?"

"No, she took it to court."

The University of Idaho

PURPOSE—To render service to all of the people in Idaho all of the time and in every possible way.

EQUIPMENT—A faculty of men and women of high ideals and thoro training; laboratories and a library which make modern and exact training in languages, sciences and philosophy possible.

ORGANIZATION AND WORK—There are four colleges in the University of Idaho: Letters and Sciences, Agriculture, Engineering, and Law. Special opportunities for research are made possible by the Agricultural Experiment Station and other science laboratories; particular and state-wide service in Home Economics, Boys' and Girls' Clubs, Field Demonstrations in all subjects pertaining to the widely diversified agricultural Extension staff. Instruction and demonstration has been taken to more than twenty thousand people in Idaho during the past year by means of the Extension work. If all of the people cannot come to the University, then the University wishes to go to all of the citizens of the state.

WHY ALL IDAHO COLLEGE STUDENTS SHOULD ATTEND THEIR OWN UNIVERSITY:

1. It is their own University. It belongs to every man, woman, and child in Idaho. No tuition is charged. The state appropriates approximately one hundred dollars annually toward the education of every student enrolled in the State University.

2. The cost of living is modest. It should not exceed \$350 to \$400 per year for a student coming from any part of the state.

3. It is democratic. Many students earn their own living while attending the University. A recent survey shows that over \$16,000.00 were earned by students while in residence this year.

4. It is the best University in America for men and women who expect to engage in the business and civic life of Idaho. Here is the group of men and women who represent state loyalty. Here is the place for "plain living and high thinking." This is the people's University. Here are being trained your associates for future state leadership in business, in state development and in right living.

MR. FRANCIS JENKINS, Bursar,

University of Idaho,

Moscow, Idaho

To the members of the A. S. U. I.:
I herewith submit my report of the receipts and disbursements of the moneys of the A. S. U. I. for the month of April, 1915.

ATHLETIC FUND
Disbursements

April 8—C. E. Favre, advance for baseball and track for season of 1915.....\$300.00

Receipts

Balance from last report.....\$912.82
Less expenditures above..... 300.00

Balance on hand May 1, 1915..\$612.82

ARGONAUT FUND

No disbursements.
Balance from last report.....\$ 84.13
Balance on hand May 1, 1915.. 84.13

DEBATE FUND

Disbursements

March 3—Moscow Tel. and Tel. Co., messages concerning debate judges and question\$ 6.09
March 3—J. E. Stechert, books and debate material..... 34.47
April 8—Bert Dingle, expenses to Spokane for Gonzaga vs. Idaho debate 6.60
April 8—O. M. Nisbet, debate expenses 4.75
April 8—Fred Skog, janitor, Gonzaga vs. Idaho debate... 1.50
April 8—O. M. Nisbet, expenses debators to Spokane, Gonzago debate 17.10
Total expenditures\$ 70.51

Receipts

Balance from last report.....\$100.91
April 29—Dep. in First National Bank by Nisbet 59.14

Total receipts\$160.05
Less expenditures above.....\$ 70.51

Balance on hand May 1, 1915....\$89.54

MISCELLANEOUS FUND

No disbursements.
Balance from last report.....\$166.46
Balance on hand May 1, 1915.. 166.46

Respectfully submitted,
ISAAC M'DOUGALL,
Treasurer A. S. U. I.

To the members of the A. S. U. I.:
I herewith submit my report of receipts and disbursements of the moneys of the A. S. U. I.

ATHLETIC FUND

No disbursements.

Receipts

Balance from last report.....\$826.68
March 6—Transferred from Miscellaneous Fund, balance from registration, second semester 86.14

Total\$912.82
Balance on hand April 1, 1915,\$912.82

Brief Local News

Get that shave at the Idaho Barber Shop. Gibford Bros., Props. adv

Miss Sweet, who is leaving for San Francisco this week, was a dinner guest of Gamma Phi Beta Tuesday evening.

Let us do your kodak finishing, printing and developing at reasonable prices. Booth Bros., 156 West First St.

Last week Dr. Brannon took the Seniors on the first real picnic of the year. They went to the Hunter place on Moscow Mountain and, in spite of the drizzling weather, had a splendid time, dancing, tramping on the mountain, and eating (of course); for what is a picnic without "eats"? Mrs. Iddings, Mrs. Jones, and Miss Benton went along to chaperone the Seniors, and see that they kept their traditional dignity, when away from the eyes of the curious Freshmen. The Seniors came back dampened in everything but spirits, and full of enthusiasm over the day on the mountain.

The Betas and their guests spent Sunday at Tarry-a-While on Moscow Mountain. The weather was pleasant for the first time in weeks and the woods were delightfully fresh and inviting to strollers. There was a big enough picnic lunch to suit the most enthusiastic out-door appetites, and everybody had a thoroly good time. The guests were: Prof. and Mrs. Gill, and the Misses Cox, Bonham, D. Shelby, Jackson, Faucett, Anderson, Johanneson, Burns, Johnson, Clamby, Brown, Spaulding, McDaniel, Green, Pettijohn, Bowden, Dow, Wenz and Broman.

CLASS 1915

Below is a list of students graduating this June:

Clarence Eugene Favre, M.S.(For.), Cambridge.

Charles Roy Stillinger, M.S., Moscow.

Mildred Louise Anthes, Science, Pocatello.

Ernest Alvin Emanuel Beckman, Arts, Troy.

Herbert Henry Beler, Agriculture, Council.

Amelia Brown, Home Econ., Moscow.

Charles Rollin Buffington, Civil, Glenwood.

Mary Elizabeth Burke, Arts, Moscow.

Francis Ray Cammack, Agriculture, Wendell.

Glenna Grace Carithers, Arts, Moscow.

Oscar Fred Carlson, Forestry, Spokane, Wn.

Audrey Carr, Arts, Moscow.

William West Casey, Law, Juneau, Alaska.

Andrew Martin Christenson, Agriculture, Laclede.

Edward Louis Coram, Science, Grangeville.

Stephen Louis Denning, Agriculture, Moscow.

Dorothy Grace Ellis, Home Econ., Wardner.

William Nicol Ellis, Mining, Wallace.

Lillian Eskesen, Arts, Coeur d'Alene.

Ezra James Fjeldsted, Agriculture, Preston.

Cleve Groome, Law, Caldwell.

Ira Archie Hawley, Agriculture, Moscow.

Eugene Estes Hawley, Agriculture, Moscow.

Arthur Leslie Heer, Law, Boise.

Charles Edwin Horning, Law, Kamiah.

Earle Kenneth Humphries, Civil, St. Anthony.

George Reynolds Isaman, Agriculture, East Lewiston.

Arthur Stewart Jardine, Law, Great Falls, Mont.

Mary Cecil Jensen, Home Econ., Moscow.

Albert Leroy Johnson, Agriculture, Idaho Falls.

Roscoe Conkling Kipp, Science, Elliott, Iowa.

Albert Henry Knudson, Mechanical, Coeur d'Alene.

Frank Henry Lafrenz, Agriculture, Coeur d'Alene.

Herbert Elmer Lattig, Agriculture, Payette.

Robert Jens Leth, Agriculture, Twin Falls.

James Andrew Lockhart, Agriculture, White, S. D.

Lesetta Mae Lubken, Arts, Boise.

Isaac Edwin McDougall, Law, Pocatello

John Henry McEvers, Law, Grangeville.

Chester Minden, B.S., (B.A., 1913), Moscow.

Philip Charles Mitchell, Electrical, Coeur d'Alene.

Hattie Sylvia Murray, Arts, Mullan.

Shimaji Nakanishi, Electrical, Aichi, Japan.

Peninah Newlin, Arts, Boise.

Oliver Martin Nisbet, Science, Genesee.

Julius Edward Nordby, Agriculture, Genesee.

Herman Christopher Nuffer, Civil, Preston.

Paul Theodore Peterson, Law, Idaho Falls.

Hester Smith Pettijohn, Science, Walla Walla, Wn.

AGRICULTURE

G. A. Scott of the class of 1914, now instructor in Agriculture in the high school at Mountain Home has been certified by the Civil Service Commission the Bureau of Animal Industry at Washington, D. C. Mr. Scott took the examination last year, competing with men from institutions all over America. He stood fifth highest in the grades of all of these. As a thesis he submitted his regular College thesis worked out here in lamb feeding and as a B.S. degree, and received a grade of 98 per cent. Mr. Scott has not yet received his appointment but there is a vacancy in the beef cattle division and since he is the man certified by the Commission he will in all probability receive the appointment.

Ray Cammack, who recently received an appointment in the cheese-making division of the Bureau of Animal Industry at Washington, D. C., will leave June 1 to take up his work.

Considerable rearrangement, of classrooms and additional space for the Agricultural College will be provided for next year. Plans have been made for converting the attic of Morrill Hall by the installation of dormer windows into a fourth floor, giving three or four well lighted rooms in addition to those already available. This will do a great deal to relieve the congested condition especially of classrooms. There will be constructed during the summer on the campus near Morrill Hall a large building for the Department of Agricultural Engineering. Heretofore the department has had use of the old warehouse which was very unsatisfactory for laboratory work. The new building will be of brick and will contain classrooms and in addition ample floor space for taking care of the tractors, gasoline engines and farm machinery used in connection with the Department of Agricultural Engineering.

There has just been completed as a wing to the west side of the horse barn a building 88x26. This building is arranged to be specially adapted for the use of beef cattle. There are three box stalls and the regular stalls will hold thirty-four head of cows and heifers. In addition the north third of the horse barn has been remodeled to provide eight box stalls for steers and cows. The new building with the remodelled section of the old barn and the small calf house in connection will take care of sixty head and will enable the entire beef herd to be handled under the same roof.

This building has been put up at a very moderate cost and while admirably adapted to take care of the beef herd is of such reasonable cost that it can be duplicated on any farm. The actual expenditure for the new wing for permanent housing is approximately \$13 per head of its holding capacity.

To cheapen somewhat the cost of handling the breeding cattle and at the same time add succulence to the ration two silos will be erected at the beef and horse barn. They will be filled with a mixture of cereal and legume crops, the first with peas and oats and the other with vetch and wheat. These silos are erected primarily for the purpose of testing siloing crops other than corn, but their use will fit in very well with the handling of the beef cattle herd.

This new structure for the beef

cattle will make it possible to turn the cattle barn near the campus entirely over to the dairy herd. Since the last named barn will no longer be so badly crowded the small structures to the north and east will be removed, improving the appearance of the sight.

G. R. Isaman of the 1915 class of the College of Agriculture, has just accepted the position of instructor in Agriculture in the Rural High School at Weippe, Ida. The school is being built up rapidly and the position is a very desirable one.

On June 5 the buttermen of the state will hold a butter-judging contest at the University Creamery. The butter sent here will be scored by G. E. Frevert of Salt Lake City. Twelve or more creameries have already stated that they will send butter here to be scored. This contest is the first of its kind that has been held here for a long time. This year no prizes will be given but hereafter it is planned to offer suitable prizes, thereby working toward much higher standard of butter.

The last regular meeting of the Agricultural Club was held on Thursday evening in Morrill Hall. After the regular business had been dispensed with the subject was brot up and discussed concerning the advisability of securing for the students who have represented the University in the various stock judging, apple judging, and butter judging contests in the Northwest, some suitable reward, such as a watch fob, by which we may recognize the service they have done the University, as well as to repay them for their efforts and hard work.

After a violin solo by Mr. Raymond Pittinger three of the Ag. Seniors, Frank Lafrenz, A. L. Johnson, and George Isaman, gave a few pieces of farewell advice and brot out very clearly those things which had done them most good during their college career. After the meeting adjourned the members were filled to their utmost capacity on sandwiches, ice-cream and cake.

CARD OF THANKS

The Pre-Medic Club of the University wishes to take this means of expressing its appreciation of the invitation of the North Idaho Medical Men's Association to its program and banquet held recently at the University.

J. HARRY EINHOUSE,
President.

A POSSIBLE CHANCE

A young man who last month received his diploma has been looking around successively for a position, employment and a job! Entering an office the other day he asked to see the manager, and while waiting for that gentleman to become disengaged, he said to the office boy:

"Do you suppose there is any opening here for a college graduate?"

"Well, dere will be," was the reply, "if de boss don't raise me salary to t'ree dollars a week by termorrer night."—S. C. Clarke, Rhode Island.

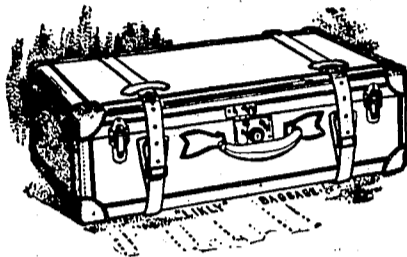

Prof.—Yes I will dismiss you a little early. My watch is a little slow anyhow.
