A REAL SUCCESS.

"Artistically and financially" a success, the first university interscholastic basketball tournament seems to have made such an indelibly good impression that its repetition is inevitable.

High school coaches and contestants were vociferously enthusiastic in their praise of entertainment received and of the manner in which the series was engineered.

Not a little credit is due Coach Edmundson for his efficient handling of the entire situation. "Hec" assumed the whole responsibility and his financing of the affair proved as capable as his exceptional refereeing.

There seemed to be a world of embryonic varsity material on the various teams entered and there is every likelihood that this glimpse of the university will mean numerous decisions to secure a place in the campus sun next September.

The interscholastic basketball tourney is indeed here to stay.

APPOINTMENT MADE.

The sporting editorship appointment goes to R. W. York, '19. Mr. York has had not a little newspaper experience and his capable handling of recent campus sport stories made his naming unavoidable.

George Fallquist, '20, receives the assistant sporting editorship position.

THE FORUM.

Moscow, Idaho, March 10, 1917.

Editor Argonaut.
 Dear Sir:-
 Will you please print the accompanying open letter in the next edition of the Argonaut? We wish to reach as many of the girls of the university as possible and have chosen your columns as the best means.
 Sincerely yours,
 JEANETTE ORR.

To the Girls of the University of Idaho,
 Dear Friends:-
 What I am going to say to you will doubtless sound very familiar and dull and boring. But please don't turn away on that account, because I will get to the interesting part if you give me time.

Isn't it true that we don't have enough good fellowship and unity among us, the Idaho girls? Are we as well acquainted and as loyal as we ought to be? How many girls do you actually know outside your own group?

There was a time when it was possible to know intimately every other person in college. But that time is past. We have grown, and with expansion has come division and indifference. But just think how much more we could do, both for our own pleasure and profit, and for the good of our Alma Mater, if all the girls in college could get together and pull together for a common purpose.

I think that the success of our rally before the W. S. C. game last fall proves that we can put aside ourselves and get into a common cause if we will.

Now this brings me to the main subject. There has been and is in

the university at the present time an organization founded by the women students that should be of all activities which girls especially should take. This organization is called the "Women's Association." Its president is Miss Naomi Morley, its vice-president is Miss Ada Rogers, and the secretary is the writer of this letter. There is also an executive committee composed of six girls, one representing each of the groups.

Now this organization may seem to have been dead, but, to use a figure of speech, it has only been smoldering under the ashes of public indifference. We of the executive board have been very much alive and have lots of plans for good times and big things this semester. There will be a meeting of the association, which every girl in college should attend, on Wednesday, the 21st of March. Don't forget the date, watch the bulletin board for the hour and place of meeting, and come. We want to plan a monster picnic when the weather is better and also talk over some changes in Campus Day celebrations.

JEANETTE ORR.

FORESTRY MEETING SUCCESS.

Russell Cunningham Reports Royal Treatment at Seattle.

Russell Cunningham, who attended the meeting of the Intercollegiate Association of Forestry Clubs at Seattle last week, reports an enjoyable trip. Representatives from Forestry schools all over the country were in attendance at this convention and many matters of importance were brought up and disposed of in the short time allowed.

As guests of the Forestry club of the University of Washington, the delegates were treated royally, and were given an opportunity to see some of the wonders of the Pacific Northwest. Several mills at Everett and Seattle were visited and a number of side trips into the nearby woods were planned for the entertainment of the men from other schools.

These excursions were made all the more enjoyable by the fine weather which was being enjoyed along the sound at the time.

Little child (chewing violently)—Mother, I certainly do like this train; they have such de-lish-us gum stuck under the seats.—Puck.

PRESIDENT BRANNON TALKS TO "ASSOCIATED BARBS."

Four Essentials of Permanency Are Outlined; Organization Officers Elected.

A meeting of the "Associated Barbs," the campus organization of non-fraternity men was held Monday evening at the Varsity home, about seventy of the members being present.

The first part of the evening was given over to getting acquainted. O. W. Johnson then announced President Brannon as the first speaker. In his talk President Brannon briefly mentioned the work already accomplished by the union, and then outlined those things which are essential to an organization if it is to achieve permanence. Its success, he stated, depended on four things: the nature and purpose of the organization, the quality of its memberships, the quality of its leaders, and the continuity of its program. The last was the one to be most stressed.

The president illustrated the necessity of having a big objective, by inci-

dents from his own student life, where a similar organization had fallen to pieces because of having no definite goal. He also made the statement that the day of Greek letter fraternities was passing, and that in the future organizations will have names which convey definite meaning, and which would give an idea as to their purpose.

When Dr. Brannon had concluded his talk, Oscar Johnson took charge of the meeting. Routine business was gone through, and the annual election of officers for the year 1917-18 was held. Ralph Largent was chosen as president, Ambrose Johnson vice-president, and F. B. Sutherland, secretary-treasurer. After the customary congratulations, and speeches of acceptance, plans were formulated for a dance in April, and a picnic later on. A "get-together" smoker was also announced, which will be held some time in the near future.

FACULTY MEN ACT AS JUDGES.

Collins, Ayers and Lewis Play Role of Debate Arbitrators.

Members of the university faculty have been in unusual demand the past week, as debate judges. Professor Lewis visited north Idaho during the early part of the week, where he judged the debate between Wardner-Kellogg and St. Maries High schools, held at St. Maries during the latter part of the week. Dean Ayers acted as judge at the Whitman-W. S. C. debate, which took place at Walla Walla. He returned Sunday. Professor Collins has also had to bear his share of the work, journeying to Odessa, Wash., to act as arbitrator in a High school debate held at that place. Professor Collins is reported to have punned freely over the fact that he went "Moscow to Odessa."

Witching Hours—Avaunt!
 A modern Cinderella would shun the University of Idaho, because romance would be lost if she dropped her glass slipper just as the clock struck eleven-thirty. Never mind, we're living in a scientific age not a romantic one, and there's no use pining for those good old days!

Oh Tempora!
 Naughty little girls used to gurgle behind their fans:
 "I love coffee, I love tea,
 I love the boys and they love me."
 This was very naughty and they often got their wrists slapped for gurgling it.

But times have changed with the price of potatoes. Now the naughty young person says:
 "I love suffrage, I love dash,
 I love to spend the feller's cash,"
 And removing a cigarette from her face, she steps up to a plate glass window and opens it with her little hatchet.

Beta Dinner Dance.
 On Saturday evening Beta Theta Pi entertained a large number of friends at a dinner and dance given at the Hotel Moscow. The guests were seated about four long tables, which were decorated simply with pink carnations. Between the five well-served and delicious courses, Emery Benoit and Alfred Cooper sang, C. N. Johnson and Robert Johannesen played the violin and flute, or the members of the fraternity gave a lusty voice to their songs. After dinner pink and blue programs were given out, and the rest of the evening was spent in dancing. The guests were: the Misses Hansen, McCrea, Barton, Burke, Dow, Dwight, Latta, Wagon, Moe, Farris, Patten, Bowers McCallie, Swan, Kingston, Bonham, Ryrrie, Peterson, Soulen, Richardson, Bailey, Chrisman, Mansfield, Bodler, Johannesen, Byrne, Gano, Allen, Babcock, Scott, Sullivan, Barnes, Crumpacker, Adair and Mrs. Van Ostrand and Messrs. Moe, Gregory, Bonham, Pollard, Larsen, Brown, Bowers, Stanley, McDougall, Stout, Votaw and Waltman.

Informal Tea Given.
 Jean Orr gave an informal tea in her rooms at Ridenbaugh hall in honor of Miss McMonigle on Wednesday, March 7. The invited guests were the Misses McMonigle, Denecke, Morley, Appel, Johannesen, Herrington, Beamer, Davidson, McCallie, Byrne, and Oliver.

D. G.'s Banquet and Dance.
 Delta Gamma held her annual Founders' Day banquet Saturday at Williamson's. Mrs. H. Fishburn presided as toastmistress on "Various Phases of Fraternity Mining." Grace Taggart responded on "Prospecting," Ruth York, on "The Smelter," Dorothy Addy on "The Refinery," and Gertrude Denecke on "The Consum-

er." Cora Jones gave a "Toast to the Old Girls" and Eleanor Brannon a "Toast to Delta Gamma." After an exciting pause Lillian Carithers announced her engagement to Herbert Samms, Kappa Sigma. Then the girls went to the Guild hall, where Dr. and Mrs. Carithers entertained friends of the engaged couple. Dancing beside the members of the Delta Gamma and Kappa Sigma chapters were Mesdames Meeker, Lewis, F. A. David, H. David, E. David, Franz, and Parsons, Misses Lewis, Franz, Richardson, Willis and Cornwall, Messrs. David, Franz, Meeker, H. David, Fishburn, Parsons, Franz, Wood, Hays, York, Eagleson, Hodgins, White Owings and Glindeman. Punch was served by Helen Stanton and Grace Parsons.

"Barb" Dance Enjoyable.
 One of the most enjoyable events on the social calendar was held last Saturday night when the "Associated Barbs" gave their second dance of the year. The floor was good, the punch excellent and the music exceptional. About forty couples were present all told, and all appeared to have come with a grim determination to enjoy themselves or die in the attempt. The result was a glorious good time. The affair was entirely informal, even the decorations carrying out the idea of unconventionality by being completely absent. The guests were the Misses Doyle, McRae, Hartley, Morgan, Mellison, Buell, Cowgill, Wardwell, Fallquist, Eagleson, Scott, Douglass, Willis, Denning, Hall, Richardson, Bonham, Brown, Davidson, Nettleton, Rogers, Voss, Orr, Brannon, Olson, Saben, Moe, Borske, Kirchek, Oliver, Pehance, Badger, Lynch, Ken, Fields, Kenward and the Messrs. Canan, Walt Thomas, Phillips, Garber, Nielson, Lowe, Emmett, R. Jones, Cunningham and Glindeman.

Mrs. Iddings, Mrs. Livingstone, Miss French and Miss Benton acted as patronesses, with President Brannon, Dean Iddings, Mr. Livingstone, and Mr. Inman as patrons.

Everly Receives Sword.
 The first annual cadet battalion officers' banquet was held at Williamson's cafe Wednesday evening. A number of toasts were responded to and many interesting army life incidents were related by Captain Cummings, Sergeant Abendroth, and Lieutenant Stillinger.

The event of the evening was the presentation to Captain Everly of the saber won for him in last Saturday's competition by the exceptional drilling of Company A. In his speech of presentation Captain Cummings thanked the men for the help they have given him and expressed the hope that the pleasant spirit of co-operation might continue.

**SHORT COURSE TEAM SWEEPS
PORTLAND JUDGING CONTEST**

Lloyd Johnson Takes First Place From Numerous Expert Butter-Appraisers.

Idaho won a complete and decisive victory in the butter judging contests held in connection with the Annual Northwest Dairy Products show at Portland, March 1 and 2.

The teams entered in this contest include teams of three men each of commercial buttermakers, collegiate and short course students from the various states of the Pacific Northwest.

The highest team score of all three divisions of the contest was obtained by the Idaho short course team composed of three five months' dairy students. They also captured the first two places for individual honors in all classes, only losing third place to an Oregon buttermaker. In their own class among short course dairy students they took first place as a team and the first three places as high individuals in that class by a very wide margin. Competing with four year dairy students the Idaho short course team easily took first three places on individual honors.

Lloyd Johnson of the university team took first place and a gold medal in the general contest and Lambert Boss was ranked second. Harry Johnson was fourth in the open event and third in that limited to short course students.

CLUB MAKES OFFICIAL BOW.

Officers Organization May Petition National "Later."

The officers' club made its first appearance as a permanent campus organization last week. The men of the university who are now serving as cadet commissioned officers, comprise the active membership, while Captain Cummings and Sergeant Abendroth are enrolled as honorary members. The officers of the club are: Captain Everly, president; Lieutenant Harding, vice-president, and Lieutenant Stillinger, secretary and treasurer.

The purpose of the organization is to stimulate a greater interest in military life, and develops a stronger military unit than any which has been seen here in the past. At a later date, when the club has been well launched out the road to success, a petition for a charter will probably be sent to the national military fraternity, "Scabbard and Blade." Membership in this organization consists of commissioned officers in the different schools of the United States.

Charters are granted to local fraternities only after a definite period of organization.

Gridiron Yield Large. Football for 1916 yielded the Minnesota university \$80,000. The Wisconsin game receipts were \$31,793.50.

CAMPUS BREVITIES.

Uniforms Arrive.—The final consignment of cadet uniforms arrived Monday afternoon. All men who have not been completely outfitted are urged to report at the Commandant's office immediately to secure the necessary apparel.

Encampment Expenses Fixed.—It was announced Monday by Captain Cummings that the assessment for the annual spring encampment has been fixed at \$7.50 per man. This assessment must be paid before 10 a. m. on March 30. No definite word has yet been received from the war department as to whether or not the cadet battalion will be permitted the use of Fort Wright.

Catalog in Seven Weeks.—The faculty committee on publications is hard at work on the new university catalog for 1916-17. Many changes and additions are being made to the old catalog as well as the announcements for 1918. The book will be off the press in about seven weeks.

"Nampa Day" Observed.—"Nampa Day" was observed at the Co-operative club last Wednesday, at luncheon. The Nampaites present were Talbot and Charles Jennings, Ralph and Ira Largent. Manly Ritchie and Henry King!

Wight at Centralia.—N. S. Wight, '16, has recently been appointed agricultural secretary of the Centralia, Washington, Commercial club. Mr. Wight has until now been acting as instructor in Agriculture and science in the Winlock, Wash., High school.

C. and E. Club to Meet.—The Commerce and Economics club will hold its regular meeting this Thursday. Representative Burton L. French will speak and all members are urged to attend.

Hahner Resigns.—A. R. Hahner, of the faculty of the College of Agriculture, has handed in his resignation, to take effective the 15th of March. He will take up county agent work in Stevens county, Washington, Mr.

Hahner has been professor of veterinary science for the past four years. His successor has not yet been determined upon, although a temporary man will be appointed within a few days. Several are under consideration.

Beier Goes to Kootenai.—A. T. McColl, county agent of Canyon county, has been appointed state supervisor of boys' and girls' clubs, to succeed T. W. Potter, who has been transferred to the government Indian schools. H. H. Bier has been appointed county agent for Kootenai county with headquarters at Coeur d'Alene.

High Schools Inspected.—Professor Lewis recently returned last week from a short trip through the Clearwater county, on which he inspected a number of high schools.

"Bill" Booth Here.—W. S. ("Bill") Booth, '16, of the College of Agriculture is completing the year as a substitute teacher of agriculture and science in Nezperce High school. He spent the week end in Moscow, to renew old acquaintances, and to "take in" the tournament.

Regan Gets Promotion.—Stephen A. Regan, B. C. (Agr.) '14, who has been in charge of grain standardization work at Portland, has recently received a substantial promotion in field of work and salary, with headquarters at Washington, D. C.

Iddings to Be Judge.—Dean Iddings has received and accepted an invitation to act as judge at the First Annual Fat Stock Show, at the Union Stock yards, Salt Lake City, Utah. The show will be held April 4, 5 and 6.

Sergeant Uses Jitney.—Sergeant Abendroth has found a new use for the jitney. The other morning he forgot to bring his glasses to the office when he came. He telephoned to a jitney, had it go to his room and bring the glasses to the gym.

Interscholastic Successful.—Coach "Hec" Edmundson has announced that the interscholastic basketball tournament held last week was an entire success, about \$75 being cleared. It is now planned to make this an annual event, putting it on the same basis as the interscholastic track meets held in the spring.

Indians Hear Peterson.—J. E. Nordby, assistant in the department of animal husbandry, represented the university as speaker at a Farmers' convention held at Peck March 7th. P. P. Peterson, professor of soils represented the agricultural interests of the university in a series of three meetings held for the Indians in the vicinity of Stites, Kamiah, and Fort Lapwai, March second, third and fifth.

Draft Horses Exhibited.—Professors Hickman and Iddings, visited Palouse last Saturday, to attend an exhibition of pure-bred draft horses.

MOSCOW TAKES TOURNEY FINAL.

(Continued from page one.)

Almost wiped out the 10-point lead Lewiston had obtained in the first session, Whitcomb of Lewiston and McCarathy of Wallace, both guards, played good games, the latter battling 1000 per cent with seven trips to the foul line.

The wise ones opined that the winner of the tournament would be decided in the game between Moscow and Nezperce and the blanket-like defense of the Moscow boys soon revealed which team would be on deck for the final fray. Only five field goals were caged by the Nezperce quintet, the rest of its score resulting from the foul-nipping of R. Fox. Hunter led his Muscovites in to the tune of 32-19.

Coach "Hec" Edmundson referred all the games.

Why Go To "Idaho"

The choice of a university or college to be attended by a student should be based upon four principal requirements: 1st, a high purpose and broad field of work; 2nd, a competent faculty; 3rd, a sufficient equipment; 4th, a student body of high ideals. The University of Idaho fully satisfies these requirements.

1. Purpose and Field—

Its purpose is to serve the people of Idaho in developing and training students; in advancing the entire State educational system of which it is a part; in assisting toward the solution of economic and social problems; in furnishing expert knowledge in Agriculture, Engineering, Forestry, Home Economic, and Educational matters not only to students in residence but also to all who desire it throughout the State.

2. Faculty—

The faculty is made up of eighty-three teachers of thorough training and efficiency attained by years of study and experience. They are deeply interested in the progress of each and all under their instruction. They know the State and its conditions and give their best efforts to its development. In addition there are fifteen workers in the agricultural extension division and six agricultural county agents.

3. Equipment—

Its equipment is ample. It has a library of over 39,000 volumes, excellent facilities for teaching Literature, Philosophy, and the Social Sciences, and well provided laboratories for the natural and applied sciences.

4. Students—

Its students number one thousand and one in the school year of 1916-1917, and are earnest, wide-awake, and democratic. A large number of them earned their own way. Its alumni now occupy high positions and will be the future leaders of Idaho in professions, the industrial vocations, and in the building and maintenance of homes.

The four colleges and the central agricultural experiment station are located at Moscow; the main agricultural extension office is located at Boise, and the agricultural sub-stations and demonstration farms at Sandpoint, Clagstone, Moscow, Gooding, and Aberdeen.

For information apply to THE UNIVERSITY OF IDAHO, Moscow, Idaho.
