UNIVERSITY ARGONAUT, MOSCOW, TUESDAY, APRIL 30, 1918.

Number 29

SOLDIERS HERE ON JUNE FIRST

One Hundred Men Assigned to University
for Two Months' Training in
Mechanical Lines

MORE COMING LATER IN SEASON Equipment to Be Provided for Two Hundred—Men Will Sleep in Gymnasium

The university has been selected as one of the schools to train soldiers along mechanical lines for the army. This much has been definitely settled and all that remains is the mere formality of signing a contract with the government. One hundred soldiers will be here for special work covering a period of two months, next summer, and then another group of one hundred or more will be sent. This was decided as a result of the inspection of the university by District Inspector Frank H. Shepard, of Corvallis, Oregon. He visited the U. Thursday and Friday, thoroughly investigating all the departments. His report was very favorable, stating that the plant and the equipment of the university for the training is ample and modern and will meet the strictest requirements; that the military training given is of a class approved by the government and that the faculty is enthusiastic and desirous of co-operating and handling the work to the satisfaction of the Army Department.

The men will arrive the first of June and will immediately begin intensive training along the following lines:

- 40 wireless operators.
- 20 general mechanics.
- 20 auto mechanics.
- 10 carpenters.
- 10 blacksmiths.

The men are selected by the government from the army and are under strict military supervision during the whole period. Each man must spend eight hours per day actual work and only 30 minutes of this entire period is devoted to theoretical work. The rest of the time will be devoted to actual construction work and to military training.

The university is to furnish all material, equipment, and instructors for which it is to be paid by the government approximately \$1.75 per man per day. The course of instructions, the entire program, with all the details is under direction of the government.

Prof. Eller and Dean Angell will have charge of those men taking the electrical work. Professor Orr will direct the general mechanics; Prof. Wooley, the auto mechanics and Prof. Mardon the carpenters. Aside from these, three other instructors will be hired, one for the blacksmithing, one for the carpenter work and the third for the auto mechanic department.

The gymnasium has been selected as the sleeping quarters of the men and they will eat at Ridenbaugh hall. The sanitary inspector is yet to be sent to look over the sanitary conditions of the quarters. As soon as his approval is given the contract will be signed.

Altho the men will arrive on the first of June they will not interfere in any way with the regular college courses this semester. Only two departments are directly affected and arrangements will be made so that the old work may be completed.

MISS ROZISKEY ENTERTAINS ENGLISH CLUB WITH READING

Miss Augusta Roziskey, instructor in dramatic expression at W. S. C. delighted a large audience at Ridenbaugh hall last Wednesday evening by her reading of Barrie's "The Twelve Pound Look." The occasion was the second meeting of the English Club. About sixty members of the club were present. Miss Roziskey's voice is of fine quality, and her interpretation of the different characters was splendid.

After the program the meeting adjourned to partake of "eats" prepared by the Senior members of the club. The chocolate and sandwiches were consumed to the accompaniment of sparkling conversation.

The next meeting of the club, to be held the second Wednesday in May, promises to be of exceptional interest to all, as the program will consist entirely of local talent.

EXTRA!

At a meeting of the Sophomore class this afternoon at 4, the following staff was elected for the '20 Gem of the Mountains:

- Charles Darling, Editor
- Freda Soulen, Associate Editor
- Robert E. Johannesson, Bus. Mgr.

STUDENTS, ATTENTION!

Your attention is called to the patriotic pledges to the Student Friendship, or army and navy Y. M. C. A. fund, which should have all been paid on or before December 15, 1917. The total unpaid pledges now amount to \$174.00 and all who have not paid are urged to do so at once.

FLAG-RAISING CEREMONY SCHEDULED FOR FRIDAY

Classes Will Be Dismissed at 11:35 A. M.—Battalion Will Feature In Program

Friday morning at 11:40 has been designated as the time for raising the flag on the new flagpole in front of the Ad building.

Classes will be dismissed at 11:35 in order that the entire university may turn out with the visiting high school students for the event. The battalion will take part in the ceremony. Two five minute speeches, and the reading of Franklin K. Lane's "Makers of the Flag," will complete the program.

The flagpole, a sixty foot white pine staff, was given to the university by B. T. Byrns, a well known Moscow citizen.

CO-EDS FINISH INITIAL ROUND

Contest for Hays' Trophy Passes Into
Second Stage—Matches
One-sided

The contestants in the Girls' Tennis Tournament played the first series of games last week. Several of the sets were interesting since the players were well matched, but, for the most part, the victors had a comparatively easy task.

Among the twelve successful girls, Elsa Voss occupies a conspicuous place because of her steady and consistent playing. Altho her work is not brilliant it is above the average, and her great endurance makes her a difficult opponent.

Gertrude Sabin and Eula Badger exhibited some good playing and will probably rank high in the tournament. Sarah Nettleton's back hand work was noticeably good and she placed each ball with marked skill. Valerie Elder distinguished herself by a particularly good service and seems to have a good chance for the cup.

This week's tournament will eliminate all but six contestants. The following are the names of last week's players, both winners and losers, and the score by sets:

- Frances Forch beat Marion Tipton, 6-3, 6-4, 6-0.
 - Sarah Nettleton beat Ernestine Brown, 6-2, 6-0.
 - Agnes Sweeney vs. Ruth Scott, forfeited.
 - Dorothy Forch beat Gertrude Cattle, 6-2, 6-0.
 - Valerie Elder beat Lillian White, 6-1, 6-2.
 - Gertrude Sabin beat Alice Bessee, 6-2, 6-3.
 - Gladys Jones beat Frances Moan, 6-0, 6-1.
 - Eula Badger beat Myrna Kenward, 6-8, 6-1.
 - Sylvana Pechanec beat Hazel Gronsdaal, 6-1, 6-2.
 - Ethel Babcock beat Luella Reed, 6-0, 6-1.
 - Ruth Bloomquist beat Frances Cunningham, 6-0, 6-0.
 - Elsa Voss beat Manilla Reed, 6-0, 6-0.
- The schedule for next week is as follows:
- Frances Forch vs. Sarah Nettleton.
 - Agnes Sweeney vs. Dorothy Forch.
 - Gertrude Sabin vs. Gladys Jones.
 - Valerie Elder vs. Eula Badger.
 - Sylvana Pechanec vs. Ethel Babcock.
 - Ruth Bloomquist vs. Elsa Voss.

HIGH SCHOOL TEAMS INVADE CAMPUS THURSDAY FOR MEET

Ten Teams Entered in Annual Interscholastic Track and Field Event. Little Dope on Winner. Track in Fine Condition. Large Crowd Anticipated

Thursday will bring an influx of visitors to the university such as has not been witnessed since the State Basketball Tournament in March. The annual Interscholastic Track and Field Meet will be staged on Thursday and Friday afternoons with entries from ten schools fighting for the championship. The university will be dismissed Friday afternoon for the final events, but the incoming athletes will be forced to fight the preliminaries before only those who are fortunate enough to be without Thursday afternoon classes.

It is dangerous to even venture to predict the winner of the meet, as few of the schools have gone thru any interscholastic contests yet this spring. From the south, Boise looms up as the strongest team, by virtue of a larger entry list than any of the other cities from beyond the mountains. Hagerman, Burley, and Rigbey are also sending men.

In the upper country, Lewiston, Wallace, Coeur d'Alene and Moscow high schools will be the strongest numerically, altho Genesee and Nez Perce, with smaller teams, may prove their superior. Lewiston totaled over sixty points in a quadrangular meet at Clarkston last week, and established several ambitious marks in spite of an exceedingly slow track.

The Idaho cinder path has been under Coach Edmundson's caring arm for several weeks, and will be in first class shape. The straightaway has been pounded down until it is almost puncture-proof, while the oval is not far behind in spike-resisting quality. Barring rain, the track will be in the best condition in several years.

Just which events will require preliminaries it has not been determined, as the schools were not required to designate which contests they were entering. As soon as the southern teams arrive Thursday morning a meeting will be held to formulate the complete schedule. Indications point to a superfluity of men in the 100 yard dash, 220, and quarter mile, with the usual dearth of long distance and weight contestants.

A ticket-selling campaign is now on, under the direction of W. C. Bleamaster. In past years the Interscholastic has been the biggest drawing card of the athletic year, and with good weather scheduled for the weekend, should be no exception this spring, tho there may be slight difficulty in arousing interest in some quarters on account of the failure to hold the tournament last spring.

The entire profit from gate receipts will be divided among the southern schools for expense money. The northern teams are paying their own railroad fares, but of course, will be provided for while in Moscow in the same manner as the below-the-mountains men.

Entertainment and lodging for the visitors is being furnished by the various fraternity houses in accordance with the usual custom. The Stunt-Fest Friday night and the flag-raising will be special features of the annual high school gala days, with the possible addition of a dance on Saturday night. A few of the men will reach Moscow in time to witness the Idaho-W. S. C. baseball game tomorrow afternoon.

The trophy, a large loving cup, will be presented to the winning team at the Stunt-Fest Friday night. Colfax now has possession of the prize by virtue of its victory of two years ago. It relinquishes its hold by default this spring, as it is entering the Eastern Washington Meet at W. S. C. Friday instead of the Idaho tourney.

Coach "Hec" Edmundson will be the official starter and referee for the meet. He will be assisted by the following: Timers, Angell, Bleamaster, and Neidig. Judges at the finish, Conwell, Myers, and Hulbert. Judges of jumps, Cannon and Ferrine. Judges of weights, Stanton, and Pierson. The remainder of the track men will serve as inspectors and score-keepers.

The following schools had wired definite entries up to noon today: Boise, Hagerman, Burley, Rigbey, Lewiston, Nez Perce, Coeur d'Alene, Genesee, Wallace, and Moscow.

Vital Problem of War is Getting Food and Shipping It, Says Dr. Wilbur

Germany Knows She is Winning the War and Will Be the
Final Victor if Allies Cannot Hold the Line and
U. S. Cannot Solve Food Supply Question

"Ships, food, soldiers. They are the three things necessary to win this war." So spoke Dr. R. S. Wilbur of Leland Stanford.

"Ships are necessary to both. There is extra food in Australia and in Africa, but it cannot be sent to Europe because of lack of ships. The vital problem of the war is how we are to get food for the soldier and how we are to get it to him. Fifty million men have been taken out of the rank of producers and put into the rank of consumers. It is a war that we fight with food. We must

consider it in units of production and consumption of food. Germany has solved her problem to some extent. By looting Serbia, Belgium, Northern France and Western Russia and by dictating over her home supplies, she has become tolerably secure. Right now she knows she is winning the war, and will be the final victor if France and England cannot hold the line until the United States can throw in its aid.

Deeper Regard for Labor
"After the war I look for a re-
(Continued on page two)

EXTRA!

Zeta Chi Alpha won the Interfraternity Track Meet this afternoon by defeating Beta Theta Pi in the composite relay scheduled to break the tie for first place. The Betas led by 20 feet at the end of the 220 yard dash, but lost ground in the quarter and half mile, allowing Campbell, bell, the Zeta Chi distance man, to cross the tape 10 feet ahead of Rosinbum.

WILLIAM ALLEN WHITE COMMENCEMENT SPEAKER

Noted Author and Journalist to Deliver Annual Graduation Address on June 5th

William Allen White, the noted editor of the Emporia (Kans.) Gazette, will deliver the annual commencement address on June 5th, his telegram of acceptance having just arrived.

The senior class and the university are fortunate in securing this speaker as he is one of the outstanding figures in American life today. Perhaps the most widely known as the author of such books as "In Our Town," "The Court of Boyville," and "The Real Issue."

Mr. White has just returned from the Western Front where he has been observing conditions with his usual keenness. His address here will be on the subject connected with the war and his experiences on the front.

TACKLE W. S. C. TWICE IN WEEK

Baseball Men Battle Here Tomorrow
Afternoon--Saturday's Game
At Pullman

Crippled, but determined to avenge defeats of the past, Idaho's baseball team will attack their rivals from Pullman upon two occasions this week. Both Wednesday and Saturday afternoons are reserved for battles, the first engagement occurring here, the second on Rogers' Field.

Accidents have happened to Idaho's team this last week. It has improved in some respects, but it is sadly disorganized. Besides Capt. Jimmy Almqvist, who will be out of it until, at least, Saturday's game, both of Idaho's pitchers are disabled in some way. Lefty Wade is limping around the campus with a sprained ankle, and Ed Rettig has such a sore soup-bone that it will be impossible for him to hit a Pullmanite hard enough to do any permanent damage. MacDonald may be used if Wade is unable to work Wednesday.

There have been a few changes in the infield. Rettig will play first, either Largent or Hunter second, Fox short, and Moe third. Bistline, Almqvist, Weber, MacDonald, and one of the infielders will be the candidates for the outfield positions.

DEAN THOMSON AT ASSEMBLY
Dean Frances R. Thomson of the Idaho School of Mines, will speak at assembly a week from tomorrow on "The Mining Question in Idaho."

SIGN FOR ADVANCED R. O. T. C.
Thirteen Sophomores have signed the contract for the third year R. O. T. C. for next year. Those who will take the additional training are: Kenneth Newland, Giles Carpenter, Justin B. Gowen, Leonard J. Yost, Charles H. Darling, J. Earl Duthie, James S. McLaughlin, Leon Perrine, Wilfred E. Newman, Clarence Charlton, Robert E. Johannesson, Marvin A. Newman, Lew E. Morris.

MORE IDAHOANS SUCCEED
Four Idaho men who attended the officers' training camp held at Camp Lewis, have been recommended for commissions. The following will receive commissions as second lieutenants: T. Gerlough, F. Graf, J. S. Kroh, C. F. Bessie.

SENIORS RECEIVE INSPIRATION Near-Grads Claim Victory as Result of Sneak—Juniors Attempt to Uphold Tradition

"Incomplete returns", is the report resulting from a week's effort to disclose some of the facts of the Song and Stunt contest to be held Friday evening in the auditorium. Of dope there is none. Little groups collecting in the halls of the Ad building between classes disappear—like the much talked of snowball whenever anyone not of their kind approaches. Suspicious glances keep away all persons not entitled to hear the state secrets. However, numerous class and committee meetings, not to mention the little informal get-together parties indicate that there is going to be something doing on the evening of May 3rd.

It seems that the Seniors received their inspiration last Tuesday during their sojourn in the mountains. Everyone is expecting a great deal as a result of this carefully planned, well concealed, back to nature movement. Judging from the personnel of the stunt committee something very different and entirely original will happen which will keep the other classes on their toes trying to hit the tape ahead of them. As Juniors, the present Seniors managed to carry away the honors in the song contest but they really can't be expected to repeat since this competition is recognized almost traditionally as a Junior affair.

This naturally brings up the question as to what the Juniors are doing to keep alive the tradition of the past few years. Homer McDonald heads the musical efforts for the third year people and as he has several very able assistants, the third year people will make a strong bid for first place. The Juniors say that they should have won last year, and are entering the ring this time with a look of grim determination that seems really dangerous.

The Sophomores have two live, efficient committees who may spring a pleasant surprise. Musical talent is not at all lacking and something a little better than the "We Can't Be Good" hymn of last year is in order.

As usual there is absolutely nothing what on earth the Freshmen will do. They are naturally at a slight disadvantage in not being able to profit by former experience. However this state of affairs will tend to produce something original at least. If the whole aggregation can learn and sing the yearling songs, it will be somewhat of a lusty chorus.

The length of time for preparation has hardly been sufficient to warrant the putting on of very elaborately planned stunts but the urgency of two week's warning must necessarily tend to invite some spontaneous and original ideas.

HAVE PATIENCE, FRESHMEN. THE DAY DRAWS NEAR

Annual Rake-Hauling and Cap-Burning Event Will Soon Be Here

Campus Day is coming, when, nobody seems to know—but probably sometime between now and the close of school.

Plans for the work and play of the day are already under way. Some cleanup work will be done on the campus similar to that done last year, but what this work will be, has not been definitely decided.

The afternoon will be given over to frivolity and play and the annual "feed." Whether the lunch will again be given outdoors or at the different houses is another thing yet undetermined.

Miss Stevens has charge of the girls who will dance around the Maypole. The program and order of the day will be announced later. So all ye Frosh who are eagerly waiting this day of days, when ye need no longer wear the emblem of "Froshdom," have patience, for the day draws near.

The editor is responsible for all matter, both news and editorial, appearing in this paper.

This week, of all weeks on the campus, is one of the most exciting. Teams from your and my home towns will be trying to show which is the best, and you and I are arguing it out between ourselves. However, don't let this make you forget that there is a common ground upon which we can agree. We must beat Pullman this week in that baseball game. We must not only win one of them, but we must take them both. Yes, we have two games with Pullman this week.

In spite of some setbacks we are going to win this game. Let's all get behind the fellows and push. We haven't beaten Pullman in a baseball game in a great many moons. Now is the time to begin winning. Just because we have lost two we will not loose the rest.

Don't wait for the next issue of the Argonaut to learn the results. If you have a bit of that "Idaho Fights" spirit you will be out there yelling Wednesday afternoon.

We knew that with every kernel of wheat we devoured we sapped the blood from some starving child; we knew that with every morsel we branded ourselves as traitors to the cause; we knew that with every bite we were eating our way into slavery. We knew all of this, and we thought Dr. Wilbur had jammed it down into our spinal column. Yet we went right home and ate white rolls and pie for lunch.

A cablegram to the boys at the front:

"We can't buy Liberty Bonds because we spent \$1,000 for punch this winter."

Signed,
 IDAHO STUDENT BODY.

ORDER RAEMACKER CARTOONS
 Two volumes of the famous Raemacker's War Cartoons have been ordered by the library.

An interesting story is connected with this famous Belgian who has "dared to do." Not long ago the Kaiser offered \$1,500 for his murder. Raemacker immediately answered that his price was so low. "However," he went on, "I suppose it is large enough because it would tempt a murderer, and an honest man wouldn't consider any price."

DE SMET CLUB MEETS

A meeting of the De Smet Club was held Thursday night at the A. K. E. house. A brief business session took place until nine o'clock. Refreshments were then served, and the remainder of the evening spent in amusement.

WE, US & CO.

Sneak days are not what they are cracked up to be. Some of our friends came home from the fray with tattered clothes and swollen feet and, worst of all, some one had got away with the little lady that they had spent their perfectly good dollar and four bits on.

But this is life and they didn't care anyway. Oh yes, they didn't care anyhow!

The only reason why we did not enjoy the Frosh-Soph dance was because we and our girl and the other damsels with whom we danced could not hear the music. Next time we hope taht the loudness of the orchestra will be able to drown out the wearing apparel.

We might say that on this especial occasion there were more moonlight waltzes than usual.

The Senior took a little sneak, The Junior did so too, The Sophs and Frosh liked not the game

And dance and dance did do. —Burnz

The wood peckers have flown. We understand that they are pecking a hole in the good ship A-S-U-I.

The "Spokesman-Review" says that most of Idaho's hits in the last game were of the "flake" nature. Idaho made 11 of these while W. S. C. made 9. We often wonder what Mac's home run did to cause such an effect on the beloved Review and the cow-college reporter. The harder we hit, boys, the harder they fall!

COMMON CAMOUFLAGE

Last Tuesday's classes.

Ten-thirty parties.

Junior sneaks.

Senior caps.

Geology trips.

Childless dates.

"Also Palace of sweetless.

The men's tennis tournament.

West Point Specials.

A. K. E.'s Roast "Wienies"

Alpha Kappa Epsilon entertained informally at a dancing party last Friday night. After two hours of dancing, the party adjourned to the orchard, where fires were built and "wienies" roasted. The guests were the Misses Lewis and Dick of Lewiston, and the misses Spaulding, McJormack, Burns, Doyle, Kroh, Cattle, Bailey, Gano, Kerr, Snyder, Johanson, Sund, Olson, Ayer, McDaniel, Richardson, Cramer, E. Thomas, H. Thomas, and Smith; and the Messrs E. K. Lindley, Gerald Friedman and Bernard Friedman. The party was chaperoned by Dr. and Mrs. G. M. Miller, Miss Helen Patten and Douglas W. Miller.

LINDLEY TO PORTLAND

President Lindley left Tuesday evening for Portland where he delivers the principal address at the laying of the cornerstone of the new Medical School building at the University of Oregon.

On the second of May he delivers the commencement address at the Inter-Mountain Institute at Weiser. He addressed a meeting of over 200 salesmen at Spokane last Saturday.

Mary Nodle, '17, has announced her engagement to Lieutenant William A. Boekel of the 347th Field Artillery, at Camp Lewis.

Marie Freehafer, '19, has announced her engagement to William R. McClure, ex-'18.

Miss Augusta Roziski of Pullman, was a dinner guest of Chi Delta Phi Wednesday.

New Agent for Latah County A. W. B. Kjosness, of the class of '13, has been appointed county agent for Latah County. He will arrive this week to take up the work in orders that he may be here to assist the farmers in their spring work. Mr. Kjosness has had considerable experience in the work that he is to take up, having been connected with the work of agricultural organization for the past two and one-half years. He comes here from Power county where he has been conducting work in Agricultural Extension.

JACKSON AND STILLINGER SPEAK BEFORE BATTALION

Tom Jackson and C. O. Stillinger spoke to the battalion last week on the life at the Officers' Training Camp and of the things to be expected by any one who expects to attend the next camp. Great stress was laid upon the discipline that was brought to bear on the candidates at the Camp Funston Training camp. "Tom" complimented the battalion on its improvement over last fall's work.

Marion Hammond spent a few days at the Kappa Sigma house last week, leaving for Boise Monday.

The Phi Delta Theta Fraternity entertained the Delta Gamma sorority at a social dance at the gymnasium last Saturday night.

Mrs. Lynch and daughter, Sarah, were dinner guests of Chi Delta Phi Sunday.

A. M. Christenson, '16, is now visiting the campus on a business errand in connection with the Extension work which he is engaged in at the present time.

VITAL PROBLEM OF WAR

(Continued from page one)

turn to labor with a deeper and wider regard for the man who works with his hands. Consideration will be

given units of production and human units. The war will have taught us that, after all, the dollar is only a pawn and not the game.

"One of the most interesting phases of the situation is the test it has placed on democracy. Will our country, as the oldest democracy, have the will power and education to put democracy on the same par basis as autocracy? It can and must go farther because the rights are denied us only temporarily, while autocracy, if to gain it must give rights, loses strength forever. Both as individuals and as a government we must meet this problem. If democracy can not go far enough, autocracy will win.

Must Conceive Game

"The thing for the United States to do now is to get the conception of the game. If a man is sick and I go to see him and see he has pneumonia, I do the man an injury by saying, 'It's only a cold.' No, when he learns the truth, he is ready to fight. So it is with the country. It has a bad case of pneumonia and only by knowing the truth will it have the energy to fight. The United States is not afraid of the truth whatever statesmen or grandmas for German propaganda may say. I have worked as a doctor with all types and races of people, and I have found the American quickest to make the decision to fight. Our international sense is not yet developed. We must look the thing square in the eyes. We have had too many academic interpretations and solutions. Fight with food. "However I am much encouraged by the change I have seen in a very few months. In December and January I spoke to audiences who seemed unable to comprehend or to believe what I said. I have addressed these same audiences again in the last month or so, and I find in their faces that look of grim determination that tells me, the United States is awakening and is ready for the fight."

Why Go to "Idaho"

The choice of a university or college to be attended should be based upon four principal requirements: 1st, a high purpose and broad field of work; 2nd, a competent faculty; 3rd, a sufficient equipment; 4th, a student body of high ideals. The University of Idaho fully satisfies these requirements.

- 1. Purpose and Field—**
 Its purpose is to serve the people of Idaho in developing and training students; in advancing the entire State educational system of which it is a part; in assisting toward the solution of economic and social problems; in furnishing expert knowledge in Agriculture, Engineering, Forestry, Mining, Home Economics, Law, and Educational matters not only to students in residence but also to all who desire it throughout the State.
- 2. Faculty—**
 The faculty is made up of eighty-three teachers of thorough training and efficiency attained by years of study and experience. They are deeply interested in the progress of each and all under their instruction. They know the State and its conditions and give their best efforts to its development. In addition there are fifteen workers in the agricultural extension division and 15 agricultural county agents.
- 3. Equipment—**
 Its equipment is ample. It has a library of over 40,000 volumes, excellent facilities for teaching literature, philosophy, and the social sciences, and well provided laboratories for the natural and applied sciences and for the technologies.
- 4. Students—**
 Its students numbered one thousand and nine in the school year of 1916-1917 and were earnest, wide-awake, and democratic. A large number of them earned their own way. Its alumni now occupy high positions and will be the future leaders of Idaho in professions, the industrial vocations, and in the building and maintenance of homes.

The six colleges and the central agricultural experiment station are permit station and the cooperative work with the U. S. Bureau of Mines are located at Moscow; the main agricultural extension office is Boise, and the agricultural sub-stations and demonstration farms at Caldwell, Sandpoint, Moscow, and Aberdeen.

AMERICA RAGES WITH GERMANY

Next Six Months Decides Our Future, Says Dr. Wilbur—Will We Be Too Late?

With a force which crashed home, President Ray L. Wilbur of Leland Stanford University, put the problems of the war, particularly the food situation, before the student body at the special assembly Monday morning. "What we do in the next six months decides whether we will be a great democracy or the most despised and contemptible nation on earth," declared the speaker. "Will we open our eyes now before it is too late?"

President Wilbur showed the direct connection between the food supply and an unbroken army, pointing to the Russian collapse and the Italian retreat as unquestionable results of a shortage of food. He called upon America to hurry, if she would outdistance Germany in the race, and in the meantime to save food.

His address follows in part: "The American people do not understand what this war means. Their attitude reminds me of the story of a boy who owned a pup that did not open its eyes as it should. The boy waited impatiently for some time, for the dog to open its eyes, but, at length, becoming exasperated, he slammed the dog's head against a building. As the dog was gasping for his last breath it finally opened its eyes. Upon seeing this the boy cried, 'You fool, why didn't you open your eyes before it was too late?' Is this to be the fate of America? Will we open our eyes only when it is too late?"

Will We Be Too Late? "The world is now breathless over conditions on the western front. It is a race between the United States and Germany; with Germany trying to finish the war before the U. S. gets started. Will the U. S. be too late? We were too late to save Belgium and Russia. The question now is, are we too late to save democracy?"

Allies Depend on Us "Our allies would quit fighting today if they thought they could not depend on us. But, they depend on us. They depend especially on Herbert Hoover and they expect him to get the necessary food stuffs and supplies over there. The people over there have realized that they were fighting, that they were dying for us. They have waited patiently for three years for us to understand. Did we understand when we entered the war? We went to war because Germany decreed that we could send only one ship a week, painted in certain stripes and colors, across the ocean, while we permitted the other atrocities and outrages against humanity without stirring. The great bulk of the American people have yet to realize what this war means.

No International Sense "We do not as yet have an international sense. Our people, and even our statesmen do not understand world problems. How many Americans understand that unless we restore Serbia, exactly as she was before the war, that we have lost this war? Our attitude is like that of a big boy who intends to go up against a professional prizefighter. He has false confidence in his own ability and so does not attempt to train and harden his muscles, but goes about secretly hoping or thinking his adversary will die of heart disease before the fight comes off. This has been the viewpoint of many Americans. But there is only one way out, and that is to purchase liberty at the price of blood shed.

verses. In one campaign she lost as many men as the United States now has in Europe. Yet she did not quit. Russia collapsed when she began to starve. When there was no bread the people revolted. And bear in mind, that it makes no difference whether it is in Russia, Italy, France or England, when the food gives out the people quit. The problem now is, are we to allow our allies to collapse? We will unless we deliver the food they need over there. The burden is on us.

We Are Money-Grabbers "We are a greedy nation. Dollars has thus far been the cry. It has spread thru the fibre of our people when the medium of exchange is the blood of our soldiers. We have sent our boys across the water to fight for us but we have forgotten to put our resources behind them.

"The next six months is critical. What we do in that time decides whether we will be a great democracy or the most despised and contemptible nation on earth. Every person, man, woman or child can help. When you sit at the table you either help the boys in the trenches or else stab them in the back.

Hold That Line! "It is our duty to sacrifice for democracy. Each must take the thing unto himself; must consider it in terms of men and not dollars. When I think of the western front I am reminded of three alumni who came late to a football game and saw that their team was getting the worst of it. The ball was near the goal. One of the grey haired alumni started the cry, 'Hold that line!' The other two joined in with the result that the line held.

"The same holds true of the western front. Hold that line, you sons of sunny Italy. Hold that line, you stalwart men of Britain. Hold it, you brave men of France, until we can get our men across and blast our way into the heart of Germany?"

University Receives Choice Lambs Julius M. Fisk has donated to the university a pick of three wethers from his 1918 crop of lambs. These lambs are to be used in the class room work and for a part of the university flock for the shows this fall. Mr. Fisk has always been a supporter of the university and its work and the present which he makes is a recognition of the fact that he still has faith in the institution and the work that it is accomplishing in the lines of agriculture.

The herd from which these choice lambs are to come is one of the best within the state and is composed of Oxfords. The per cent of lambs this year was 175 per cent which, in the opinion of sheepmen, is a very high average. In the crop there were four sets of triplets and one of quadruplets, a rare phenomenon in the raising of sheep.

Chi Delta Phi gave an informal dance at Ridenbaugh hall Saturday evening. The guests were Messrs Atwood, Messinger, Burke, Colburn, Gerlough, Chariton, Cline, Stewart, Hosier, Largent, Eaton, Paul Rowell, Ralph Rowell, Marvin Newman, Earl Smith, Levitt Smith, Burkhart, Rettig, Lloyd, and Lewis.

TWENTY APPLY FOR NEXT CAMP

Graduates and Former Students Send in Names for Fourth O. R. T. C. in May

IDAHO'S QUOTA IS 25 MEN
Ex-students Who Have Had One Year of Training are Eligible—Must Sign By May 5th.

Twenty graduates and former students of Idaho besides a number of men in school now, have signified their intentions of attending the Fourth Officers' Reserve Training Camp beginning May 15th. It is anticipated that the entry list will be greatly swelled by Saturday of this week, which is the last day for filling applications with the Commandant. Idaho's allotment for this camp is twenty-five, the men to be selected by the university authorities from those who qualify.

Detailed regulations concerning the next camp are as follows: Graduates other than those specified in classes A and B (meaning undergraduates), who are within the draft age and who have had at least one year of military instruction in an educational institution under the supervision of an officer of the army while attending same, in a number not to exceed the quota allotted to your institution, which is specified hereafter.

The following requirements will govern their eligibility:
1. They must be on May 15, 1918, not less than 20 years and nine months and not over 32 years of age.
2. They must be citizens of the United States.

3. They must have the physical qualifications prescribed by the regulations for an officer of the Officers' Reserve.

The men selected from class C will be required before they are admitted to the training school to enlist for the duration of the war, and if after completing the prescribed course, they are not recommended for a commission, or if during the course, are found to be not qualified to continue the same, will be sent to appropriate organizations as enlisted men. If they successfully complete the course and are found qualified, they will be listed as eligible for appointments as second lieutenants, and will be commissioned as vacancies occur, provided their service between when they become eligible and date of occurrence of vacancy is satisfactory. While in attendance at the training school, they will receive the pay and allowances of privates first class, and will receive transportation, or at the option of the government, mileage at the rate of 3 1-2 cents per mile from their colleges, schools or homes to such camp as they may be directed to attend.

Men included in class C will, on arrival at the training camp, be

"BANKS and the War"
Banks have an important part in this great war. They are the mediums by which the peoples' money is made to save the country. The First National is at the command of the Nation for the duration of the war. The instructions of the Administration are carried out without question. Enlist your idle dollars by depositing them with
The First National Bank
Security and Service

physically examined and enlisted into the service as privates, and such as may be found physically disqualified by the medical officer who examines them for enlistment, will be rejected and not allowed to complete their enlistments, and will return home at their own expense. The selection of all men of this class named herein will be left entirely in the hands of the college authorities, and no appeal from their final decision will be entertained by the War Department. This fact should be made plain to every man submitting his application.

Applications. Graduates who are eligible as indicated above and who desire to be admitted to the training camp, must apply on the blank, which is submitted to each applicant, and forward the application to the Instructor in Military Tactics of the institution from which the applicant graduated. Each applicant must submit the names of three responsible citizens who know the applicant best. Each applicant must be examined physically at his own expense by a reputable physician who will fill out the physical report forming part of the official blank. No application received after May 5 will be considered, but will promptly be returned to the applicant.

Applicants should be careful to give all the information asked for and to make no errors. All applications not properly filled out by the applicant will be rejected.

Chi Delta Phi entertained Mrs. Lindley, Mrs. Axtell, and the Misses Marr, Willmer, Troy, and Sweeney of Kappa Alpha Theta of Pullman, at a luncheon Saturday.

IDAHO LOSES SECOND GAME

Local Diamond Men Outfit Cowmen But Bunch Errors in Disastrous Fashion

SIXTH SPELLS IDAHO DEFEAT

Four Hits, Two Errors and Passed Ball Enable Pullman Sprinters to Cross Tape for Six Scores.

In a game featured by hard hitting and loose fielding, Washington State College defeated the University of Idaho in the second game of the spring series by the score of 11 to 9. Rettig started on the mound for the Varsity but was replaced by Wade in the third inning after being nicked for four hits and four runs in the first two frames. With Wade pitching air-tight ball, the Cowmen were unable to score until the fifth when they slipped one across on a double by Wivell and an error by Bistline. The sixth inning was the disastrous one, when a triple, four singles, two errors, a passed ball and a pitched ball into Loren's ribs accounted for six of W. S. C.'s runs. This completed Pullman's scoring, for during the remainder of the session they were unable to hit safely.

Fifth and Seventh Idaho's

Idaho scored three times in the fifth when Fox drew a base on balls, Largent singled, Hanley juggled Rettig's grounder, and Bistline hit safely. In the sixth, Moran hit Fry, and McDonald, the next man up, picked out one to his liking and hit for the circuit of the bags, tallying two more runs. Idaho again dented the rubber for three in the seventh. Largent hit for two but was caught off second. Rettig got a pass; Moe was safe on a fielder's choice; and both scored on a clean double by Bistline. Wade singled, registering Bistline, but was left on second when McDonald and Hunter whiffed. Fox walked in the eighth; was sacrificed to second by Largent, and scored on Rettig's single.

Almquist Out

Idaho was without the services of Captain Jimmy Almquist who was unable to break into the game because of his sprained wrist. Largent, who took his place, altho playing his first game in an Idaho uniform, performed credibly, getting two hits and scoring one run.

W. S. S.	2	2	0	0	1	6	0	0	x	11

Notes of the Game

Moe, Idaho lead-off man, doubled on the third ball pitched, but Moran left him stranded by striking out the next three hitters.

Moran also sent back three men via the strikeout route in the ninth inning. A. Almquist, Ryan, Hyde, Weber, Gowen, and Swanstrom accompanied the team as subs.

Wade struck out the side in the fourth inning.

Fox was still bothered by his side but played the entire game.

Wivell, W. S. C. catcher, was the hitting star, getting two doubles and two singles in five trips to the plate.

LIBERTY BOND BUYERS FEW

Only Forty-six Members of Faculty Subscribe to Third Issue—Few Student Purchasers

Subscriptions at the Bursar's office to the Third Liberty Loan amounted to \$5,750 Monday evening. During the past week \$600 was subscribed.

Thus far practically all subscriptions have been made by the faculty, altho it is understood that the different organizations have bought Liberty Bonds thru the banks in town instead of thru the Bursar's office. Forty-six members of the faculty are represented. The teaching staff of the university numbers over twice that many.

Subscriptions may be paid in cash or in ten equal monthly payments, each payment to be paid on or before the 15th day of each month, beginning May 15, 1918.

PEDANTS ARE PILL-SWATERS

The University Club has a baseball team this year which they claim is a corker. The entire infield is made up of men that have played on college teams in their day. Here is the lineup:

Werrell, c; Mills, p; Canon, 1st; Wooley, 2nd; Hulbert, 3rd; Parmelee, ss; Hickman, lf; Prichard, cf; Miller or Smelter, rf.

This aggregation, after a few practice games with the Moscow high school, intends to take on the university crew for a nine-inning round, and may possibly line up for a contest with the W. S. C. faculty.

A faculty luncheon was given in honor of Dr. Wilbur at Ridenbaugh hall immediately after the assembly Monday. Over fifty people were present.

TO BREAK TIE THIS AFTERNOON

Betas and Zeta Chis Will Decide Inter-Fraternity Track Championship By Composite Relay

FROSH WIN INTER-CLASS MEET

Outscore Sophomores By 20 Points—Juniors Third With 39—Seniors Fail to Count

STANDING OF TEAMS IN INTRAMURAL MEET

Interclass

Freshmen	86%
Sophomores	66%
Juniors	39
Seniors	0

Inter-Fraternity

Zeta Chi Alpha	64%
Beta Theta Pi	64%
Barbs	24
A. K. E.	13
Phi Delta Theta	13
Kappa Sigma	6
Sigma Nu	4

When the dust lifted from the field of the interclass track and field meet the first year men were found victors in the interclass division while the Zeta Chis and Betas stand tied in the inter-fraternity section with 86% points each. The tie will be broken this afternoon by a composite relay consisting of the hundred, 220, quarter mile and half mile, in the order mentioned. Eaton, Penwell, Campbell, and Perrine will run for the Zeta Chis, with Richmond, Fox, Rosinbum, and Moe in the field for the Betas.

No records were broken in the events held last week. The time in the hurdles and half mile was slow, while 9 1/2 feet was the best pole vault. Irving shot the javelin 172 feet, with Perrine a close second, but no others were even able to place in this event.

The results of the last events are:

Pole vault—9 1/2 feet.
Perrine, 6 points.
Moe, 4 points.
Campbell, 4 points.
Cline, 4 points.
Romig, 4 points.
Weber, 4 points.
Thompson, 3 points.
Burke, 3 points.
Irving, 3 points.
High Hurdles—Time 19.
Perrine, 4 points.
Moe, 3 points.
Howard, 2 points.
Romig, 1 point.
Low Hurdles—Time 27:1.
Moe, 4 points.
Perrine, 3 points.
Howard, 2 points.
Half Mile—Time 2:10.
Lutrop, 4 points.
Rosinbum, 3 points.
Penwell, 2 points.

Campbell, 1 point.
Javelin—172 feet.
Irving, 7 points.
Perrine, 6 points.

SOPHOMORES MEET TO ELECT GEM OF MOUNTAINS STAFF

Nelson Lloyd and Charles Darling Up for Chief Pencil-Wielding Position

The Sophomore class meets this afternoon to elect the staff for the '20 Gem of the Mountains. A nominating committee composed of Roy Thompson, Angelina Burns, Wilfred Newman, Grace Taggart, and Kenneth Newland has selected the following ticket from which the staff will be chosen:

For Editor: Nelson Lloyd and Charles Darling.
For Associate Editor: Frieda Soulen and Ruth Blomquist.
For Business Manager: Robert Johanneson, and Marvin Angel.

The nominating committee feature was decided upon at a meeting of the class held last Thursday afternoon. The three successful candidates are empowered to appoint the rest of the staff.

LEAGUE ELECTS NEW OFFICERS

At a meeting of the Women's League held Monday, April 22nd, the following officers were elected for the coming year:

Annette McCallie, president.
Marie Freehafer, vice-president.
Alice Bessee, secretary-treasurer.

Sam Bloom was a week-end visitor at the Kappa Sigma house.
