

The University Argonaut

VOLUME XX

UNIVERSITY OF IDAHO, MOSCOW, FRIDAY, FEBRUARY 7, 1919

NUMBER 18

IDAHO FIVE HUMBLER O. A. C. QUINTETT—39-13

Vandals Find Easy Sliding And Win, Without Effort.

IDAHO ROOTERS STAB Yelling and Serpentine Feature Contest—Players Divide Honors.

Idaho Vandals rolled over another victorious leaf in their book of northwest honors by slipping a 39 to 13 chapter on the O. A. C. team last night in the local gym. The game was featured by many personal and technical fouls by both sides, by superior team work by Idaho, and poor shooting of the visiting quintet. The contest showed flashes of speed only. Neither team acted up to its reputed standard.

For Idaho, Campbell, Romig and Hunter seemed to have the edge on honors. Hunter and Moe have not yet come back to their last year's form in basket shooting.

For O. A. C., Arthur played the best game, with McCarty and Eikelman backing him for honors. The team shows fairly good field work, but could round up only two field goals. They shot remarkably well in practice, but did not display the same form in action.

The feature of the evening was the return to form of the Idaho rooters. It was superior to any heard in the local gymnasium in the last two years. The lineup:

Idaho (39)	O. A. C. (13)
Campbell Eikelman
Moe F
Hunter F
Romig G
Lindley G
Field goals, Idaho—Campbell 7,	

(Continued on Page 2)

JUNIORS VOTE NO GEM OF MOUNTAINS

Increased Costs Bar Publication of Annual, Advise Managers.

There is to be no "Gem of the Mountains" this year. This decision was reached at the class meeting of the Juniors, held February 3. The main reasons advanced were the increased cost of production and the decrease in the size of the student body.

Kenneth B. Newland, who was elected editor of the annual, said: "The Junior class, after debating pro and con, decided that owing to the increased cost of publication, the annual would have to be dropped this year. The suggestion was made by some of the faculty, that a sort of a booklet be published but the majority of the class was in favor of not doing it at all if they weren't able to do it right."

"No blame should be placed on the Junior class," said Dean Eldridge. "The cost of paper alone has increased 20 per cent. The Junior class is small. Other universities are not publishing an annual this year."

Professor Axtell, chairman of the publications committee said: "I am very sorry that the Juniors have decided not to publish a book. I feel however, that they are wise in their action. The cost of an annual would have been \$3,000 and the financial side of the annual would have been a failure. I think, however, a smaller and cheaper edition could have been edited."

MOVE MACHINERY TO ANNEX

Larger Housing Facilities Will Mean Increased Efficiency, Says Marden. The machine-shop of the department of Mechanical Engineering is being removed from the School of Mines building into the new annex.

Mr. A. Alden Marden, shop instructor, says: "The new location will mean a big improvement in the efficiency of the shop. The new building affords abundant floor space and is well lighted and ventilated."

Shop work has previously made considerable confusion in near by classrooms where recitations were in progress.

The machinery is already installed in its own building and in partial operation. When fully completed this machine shop will be one of the best of its kind.

"Y" CIRCUIT INCLUDES UNIVERSITY OF IDAHO

Entertainments Scheduled for S. A. T. C. Will Be Held in New Building.

The entertainments given by the northwest circuit of the "Y" will come to the University of Idaho. Prof. Ph. Soulen the publicity member of the advisory board of the University "Y" states that the speakers and entertainments provided for the S. A. T. C. will all come here.

The advisory board has appropriated the proceeds of the Moscow-Pullman football game to assist in completing details of the building.

It has been suggested to the board by Dean Angell that a room in the "Y" be reserved and designated as the faculty room.

BETAS AND AKES TOP INTERMURAL LEAGUE

Phi Deltas Lose to Betas in Most Exciting Contest of Week.

*****		*****
+	Beta 22—Phi Delt 19.	+
+	A. K. E. 24—K. S. 14.	+
+	K. S. 29—S. P. A. 5.	+
+	Phi Delt 41—Zeta Chi 16.	+
*****		*****

The basketball schedule is beginning to narrow down to the best looking teams. The Betas and A. K. E. teams have landed on top with two victories apiece, but still are some distance from the blue ribbon. The K. S. and Phi Deltas have lost one game apiece, and are still going strong.

Beta Team Lucky.

The game which pulled the biggest excitement was the defeat of the Phi Delt team by the Beta hoopers, playing an almost even break game from whistle to whistle, the game ending 18 to 18. With five minutes more tacked on the Betas shot two baskets, and the Phi Delt one foul, putting the count, Beta 22, Phi Delt 19. The game was an especially clean, fast and sportsmanlike contest. The lineup:

Beta (22)	Phi Delt (19)
Scott F
Miller F
McCrae C
Wright G
White G

A. K. E. Flingers Win.

The A. K. E. team tore off a fast game from the Kappa Sigma, 24 to 14. The team shows good form, and stands a good show at the honor table. The lineup:

A. K. E. (24)	K. S. (14)
Ott F
Fox F
Burke C
Rettig G
Friedman G

Kappa Sigs Come Back.

The K. S. team took its grievance on the S. P. A. team, pushing them to a 29 to 5 defeat. The S. P. A. team shows good material, but it is undeveloped, while the K. S. ringers will make some teams hump to clean up the title. The lineup:

K. S. (29)	S. P. A. (5)
Moors F
Hibbard F
Buescher C
Johnson G
McDonald G

Phi Deltas Go Strong.

The lively Phi Delt team scored its second victory by putting it over the Zeta Chi 41 to 16. The winners show some good material, well developed, and play a clean, fast game. The Zeta Chi team has some men of real merit, but so far have been on the unlucky column. The lineup:

Phi Delt (41)	Zeta Chi (16)
Kerin F
Whitcomb F
Thompson C
Denecke G
McDougall G

Goes to South Idaho.

Prof. E. F. Goss, of the Department of Dairying, is leaving this week to attend the Dairy Show, held at Boise, on February 10th. While in the southern part of the state, he will deliver an address at a meeting of the patrons of the Payette Cooperative Creamery, on the "Quality of Dairy Products as Affected by the Creamery Patron."

Prof. Hickman, Miles, McConnell and Hulbert of the University Club were dinner guests Wednesday night. John Fix, Lewiston, visited here this week.

VANDALS TAKE THREE AT WALLA WALLA

Trim Whitmanites Twice in Conference Openers, and Defeat "Y" Team 30-31.

GAMES HARD AND ROUGH

Idahoans Pushed In All Three Contests—Moe Makes Seven on Bohler.

The Vandals successfully uncorked the conference season last week by giving the Whitman Missionaries a dual drubbing, 33-26 and 40-30 on their own floor. The Walla Walla Y. M. C. A. team, an all-star aggregation, also fell booty before the Vandal onslaught, 36-31 telling the score. The Idaho men were forced to exert themselves in all three contests, winning by means of the traditional eleventh hour rally. The Whitmanites came on the floor with four letter men, who formed a formidable combination. The "Y" outfit contained such stars as McGrunn, an old Iowa man, and Roy Bohler, formerly all-northwest guard for the Pullman basketeers.

Clerin Stars.

The opening game, Thursday night, was slow and rough, the Missionaries showing sanguinary intent to mix the Vandals with rosin. Campbell was capped by two men at all times, but managed to escape long enough in the second half to assist Moe and Hunter in giving the Moscovites a safe lead. Clerin, playing forward for Whitman was the lone visible star of the contest, throwing seven field goals.

Summary:

Idaho (40)	Whitman (30)
Campbell C
Hunter F
Moe F
Romig G
Lindley G
Field goals—Clerin 7, Cutler 2, Garver 2, Campbell 5, Hunter 5, Moe 4.	
Free throws—Clerin 8 in 10, Hunter 10 in 17.	
Two points awarded Idaho.	
Substitutions—Picking for Garver.	

Referee—Bohler.

The second contest was principally a guarding competition, with Moe, Campbell, and Hunter breaking away at intervals for a trip toward the basket. Brigham, at running guard for Idaho, kept the ambitious Clerin within the three mark on his basket shooting. Summary:

Idaho (33)	Whitman (26)
Campbell C
Hunter F
Moe F
Brigham G

(Continued on page 4.)

IDAHO SPEAKERS AT MINES MEETING

THREE UNIVERSITY MEN ON PROGRAM AT SIXTH MINING ASSOCIATION CONVENTION

The University will be well represented at the sixth annual meeting of the Idaho Mining Association, which will be held at Boise, February 11 and 12.

Addresses will be given by President Lindley on "Human Engineering"; by F. H. Thomson, dean of the School of Mines, on "The School of Mines and the State," and by D. C. Livingston, professor of Geology at the University, who will deliver an illustrated lecture at the Owyhee Hotel on "The Physiography of Idaho." The other speaker is State Mine Inspector Bell, who will speak on "Mine Inspection in Idaho."

Another feature of the meeting is a demonstration of first-aid relief by a first-aid crew from the Coeur d'Alenes, followed by a lantern slide exhibit, illustrative of the mining industry of Shoshone county, with a descriptive lecture by Mr. W. C. Clark.

ENGINEERING COLLEGE BEGINS ON SEMESTER BASIS FEB. 10

The Engineering College will return to the semester basis this year instead of next, according to a statement made by a member of the engineering faculty.

The new semester begins Monday, February 10 and engineers are taking final examinations this week.

DEDICATE BUILDING SUNDAY AFTERNOON

New \$10,000 "Y" Structure Opens to Public February 9th.

ENTERTAINMENT CENTER

All Classes of Recreation to Be Provided, Says Secretary—Special Room For Faculty.

The dedication exercises for the new \$10,000 Y. M. C. A. building now being completed at the U. of I., will be held Sunday, February 9th. President E. H. Lindley will give the address and special music will be offered.

The building is 50 feet long by 90 feet wide, one and a half stories high and bungalow in style. The construction has been rapid, as it has been only two months since the foundation was laid.

The main rooms are so constructed with double doors that they can be thrown together and offer a large place for parties and entertainments.

A lounging room occupies one end of the building, made homelike with rocking chairs, a davenport, and a built-in fireplace. This will be the general club room of the men of the University.

At the other end is the faculty room, reserved as a meeting place for the men of the faculty. The committee an study room will be furnished with books, magazines and writing material.

The lobby is to be a general place of amusement for the men, equipped with games of various sorts and pool tables.

The main auditorium is large, having a seating capacity of a thousand. The main feature here is the stage which may be entered either from the main floor by steps at both sides or from the back through dressing rooms at either side.

Mr. S. J. Chaney, secretary of the Y. M. C. A., has his office on the first floor.

There is space above, off of the balcony, for two good sized rooms. One of these is occupied by students who will act as caretakers for the building.

One of the main attractions of the building will be the motion pictures. The machine is now being installed. A Victrola and piano will also be at the disposal of the men.

The building is furnished with hot and cold water, shower baths and a drinking fountain. All of the rooms are prettily finished in paneled effect in brown and cream.

Miss C. I. Leiby of the Home Economics department will have charge of the decoration.

DEAN ISSUES LIST HIGHEST HONOR STUDENTS

Nineteen Top 5,666 Mark in Scholarship Averages. A list of the highest honor students of the University of Idaho for the year 1917-18 have been prepared in the office of the dean of the faculty. Highest honor students include those whose average for the year was above 5,666.

Of the senior class of 1918' three students graduated with highest honors for all four college years. These were Jean Orr, Frances Bailey and Irene Gould.

Following is the list of these students and their averages:

Name	Average	Class
Eula Badger5.950	1920
Francis Bailey5.928	1918
Fred Pearson5.925	1921
Jean Orr5.909	1918
Clarence Herr5.897	1921
Julia Smith5.891	1920
Paul Rowell5.887	1921
Velma Spaulding5.880	1918
Walter Sandelius5.880	1919
Stanton McLaughlin5.842	1919
Ruth Chapman5.805	1919
Robert Johannesen5.781	1920
Ernest Lindley5.764	1920
Lillian White5.750	1920
Ralph Stone5.729	1918
Bernadine Adair5.718	1919
Alice Sheffield5.705	1921
Irene Gould5.703	1918
Ralph Rowell5.670	1921

Mrs. M. E. Lewis and Miss Charlotte Lewis were entertained by Phi Delta

JUNIOR PROM SATURDAY FIRST FORMAL IN TWO YEARS

Committee Promises Biggest Dance Since Beginning of War.

The Junior "Prom" invites the campus to the one big dance of the year the evening of February 8th. (Adv.) Fine music by a fine piece orchestra, decoration of original junior design and punch with everything but the "spike," will be the courses of entertainment for the "nimble feet" of the campus.

The music for the occasion will be furnished by a group of students who have in the past won most favorable comment from the best dancers. Kenneth Newland, in charge of the music, says that the orchestra promises an exceptional program of late pieces.

The scheduled hour is eight o'clock at the gymnasium. In view of the fact that this dance is being staged under very unusual circumstances, it has been advised that the campus be informed that the Juniors are not trying to make any money on the affair, but are merely figuring on breaking even at one dollar and a half per ticket.

GO-EDS LEAD IN SCHOLARSHIP AVERAGE

REPORT SHOWS INTERESTING RESULTS FOR WORK OF 1917-18

The scholarship averages of the University of Idaho for the year 1917-18 have recently been prepared by the assistant registrar and show some interesting features. The averages are computed for all the men and all the women, by colleges, by classes, and by groups. The scholarship average for the women is higher than that of the men as has usually been the case. This is attributed to the more stable qualities of faithfulness and steadiness on the part of the women, according to instructors and deans.

Many Averages Have Fallen.

Almost every group average for last year was a little lower than that of the preceding year, by colleges, classes and groups. There were a few exceptions. The University average fell slightly. This drop in all departments and among both the men and women is attributed to the unsettled and restless conditions of all students and the withdrawal of so many men for the army.

Engineering College Rises.

There was a slight drop in the averages of all colleges, except that of Engineering, which succeeded Law to second place. The college of Letters and Science, as usual, holds first place. This is not because it contains snap courses, however. According to Dean Eldridge, it is because of the dominance of the feminine element in this college.

Senior Class Average High.

The Senior class of '18 is above the average. Their average and that of the Sophomores were among the few that indicate a rise over the previous year. The Junior average of last year is identical with the Sophomore average of the year before. The class averages usually show an increase from the Freshman to the Senior year, due no doubt, to the effects of elimination.

A comparison of the Greek Letter and Non-Greek Letter students reveal interesting averages. The average of the latter is usually the highest in both the case of the men and women. In the groups, only two fraternities showed a rise in their absolute average. The Kappa Kappa Gamma made .345 points over the year 1916-17 and the Betas .133 points. The absolute average of every other group fell although still maintained their group rating.

The scholarship averages of the "I" athletic men fell very slightly. It is also interesting to note that the average of the athletic men is higher than the all men's average.

Debate Team Pulls Honors.

The debate team's average for last year was higher than that of the preceding year by .226 points and their average shows them to be all honor students.

Following is the scholarship average of the University and all its group divisions:

Scholarship Averages—1917-18.	
University Average4.458
Average of All Women (152)4.720

(Continued on Page 2)

IDAHO BATTLES O. A. C. TONIGHT IN GYM

Vandals Out to Take Second Contest From Corvallis Five.

CLOSE GAME PREDICTED

Coaches Anticipate Harder Scrap, as O. A. C. Becomes Accustomed to Floor.

Northwest Conference Standing

Team	Won	Lost	Pct.
Idaho	3	0	1000
W. S. C.	5	1	833
U. of W.	2	2	500
Whitman	1	2	333
U. of O.	1	3	250
O. A. C.	0	4	000

The second game between O. A. C. and U. of I. will be staged in the gymnasium tonight. Neither team suffered injuries during the contest last night and will be back on the floor for a fight to the final whistle.

A good crowd was present last night, but a bigger one is expected tonight. All men students are expected downstairs in the gym, and the vigilance committee will be present in full force to pick any possible fruits in the form of dates.

The Vandals will line up again with Moe and "Squin" Hunter at forwards, "Drom" Campbell at center, and "Nut" Romig and "Prex" Lindley at guards. The O. A. C. outfit will necessarily be virtually the same as last night, as they have only seven men with them.

The game will start at 7:45. The Betas and Phi Deltas will battle as the curtain raiser.

ANNUAL QUESTION OCCUPIES A. S. U. I.

Seniors and Juniors Wrangle at First Student Body Meeting.

The disappointment of the Seniors concerning the "Gem of the Mountains" question resulted in the passing of a resolution, at the A. S. U. I. meeting Wednesday, which provided that a committee of three be appointed to investigate the advisability of the publication of an annual under the auspices of the A. S. U. I. The resolution provided that there should be only one Senior on the committee.

Resolutions were also passed providing for the appointment of two committees, one to collect all the Idaho songs for a book to be published at the end of this college year; another to cooperate with the faculty committee to investigate and make plans for a memorial to be erected on the University campus for the Idaho men who gave their lives in the recent war.

Green Caps Soon.

Freshmen are to don the green caps on Monday, according to announcement made. The keeping of the old Idaho traditions of meeting the team when it returns and no dates for athletic contests were also discussed.

PROFESSOR TO FRANCE AS EDUCATIONAL SPECIALIST

Granted Leave of Absence Until August—Will Serve Under "Y". Prof. F. M. Erickson left Moscow last Friday afternoon for France, where he is being sent as an educational specialist. He will arrive in New York City Wednesday morning, but it is not known when he will sail.

Prof. Erickson was unable to tell definitely what sort of work he would be asked to do but felt certain that his experience as an educator will put him in a similar position in France. He will be under the direction of the department of education of the Y. M. C. A. overseas service.

A leave of absence extending to August, 1919, has been granted Prof. Erickson. His classes in the college are being handled at present by Prof. Ph. Soulen, but their final disposition has not been definitely decided upon.

Dean J. G. Eldridge says: "Prof. Erickson is a splendid man for the service and the University is glad to send him, but will be pleased to have him return as a member of the faculty of Idaho for the college year 1919-20."

O. A. C. vs. Idaho - Tonight - 7:45

THE UNIVERSITY ARGONAUT

Published Every Week by the Associated Students of the University of Idaho.

Rates: Per year, \$1.25, except subscriptions outside the United States, which are \$1.75.

Entered at the postoffice at Moscow, Idaho, as Second Class Mail Matter.

With the return of college activity we find a lag in "Old Idaho Pep." No, we haven't lost any of our enthusiasm, we are simply stranded for time and in the whirl of all the happenings we forget that we have the winning basketball team in the Northwest. Each man on the team is giving more than his share of time to bring Idaho out on top again this year and the least we can do is to give them a 100 per cent support. Let's turn out to every game and let out the pep we have been storing. Let's meet our team when it returns home and greet them with all the noise we can accumulate. Let's raise the roof of the old gymnasium every time our victorious quintet battles and let's make Idaho spirit what it should be.

BARBS REORGANIZE

McClure New President—Membership Campaign Opened.

The Associated Barbs of Idaho held their first smoker and business meeting of the year last Friday night at the Co-op. Club. The purpose of the meeting was reorganization and election of officers.

W. R. McClure, pre-legal junior, was elected president; B. A. McDevitt, pre-legal, vice president and A. F. De Vault, mechanical engineering, secretary and treasurer.

President McClure says: "There were fifty men at our first meeting and all are now members. We expect to add many more. Every non-fraternity man will be urged to join."

Besides the smoker, the evening was made entertaining by many exciting stunts. Hall and Robinson put on a very clever boxing match. Both proved themselves to be no novice with the gloves and the decision was even honors.

The second and fourth Friday nights of the month were decided upon for the regular meetings of the Barbs.

THE SHORT STORY WEAKLY!

Published by the M. T. Doam-Pugilistic Company.

Contents of this issue—Such is Life, by Tape R. Hed; A Deep Sea Story, by Shake Spere; Editorial Dept.; Correspondent's Section.

Such is Life.
From his childhood Ebenrighter H. Donzen and loved the girl, with a love that knows no despair, a love which supersaturates the atmosphere with its soothing, succulent, sensual, swashbuckling, serenading, scintillating supply of sentiment, until the ozone seems to swash over, and slings susceptible souls to a sleep which sinks their hearts and minds into an abyss of bliss—and what can the sodden ones do but return the love? And so had Eliza loved Ebenrighter, in that mutual bond which served to hold them together.

But Now! Despair! Despair! Alas, Eliza, the loved, the Fair, was being seduced into the Lair of another man's castle in the aff! Faint fantasy-fair wouldst Ebenrighter take a poke at any man who tried to yoke Eliza from his teeming dreams of future happiness. And this man would live with her whom Ebenrighter loved—the dirty cur. Gone was the hope of his dreams so far, when he would loiter around in his easy chair, listening to the maiden sweetly hiss, while her biscuits burn into a crisp.

But such is Life! What one man earns, another yearns—and generally gets it. But to our tale. Ebenrighter, his brain a reeling, was sensing the awful feeling of something lost.

The wonder woman was gradually slipping into the other man's grasp, until at last—ah—at last she was won by him. The date was set, the parties met, the church bell rung the anthem sung. And Ebenrighter sat disconsolate. His teeth were set and he must wait, and watch the bridegroom's lucky fate. The bishop spoke, he would invoke a blessing on this lucky pair, when they embarked to Future's lair.

It was too much—Ebenrighter, by passion led, tore up the aisle with awful tread. His jaw was firm, his arms were raised, the clergy was dumb and the crowd was dazed, they both surely would have died, if— (To be concluded next week.)

Coming: The great serial, "What Makes the Wild Men Wild."

A Deep Sea Story.
A U-boat captured a maiden fair and brought her gasping to the air. The sea girl cried, and tore her hair. But they had hard hearts Despair! Despair! But Nep's daughter had a "seasick" line. Like all fair denizens of the brine. She tore off some scales—played "Die Wacht in Rhine" and the Huns repenting, gave her the "Bon jour" sign.

EDITORIALS
This magazine is one of great aspirations and little hopes. It will endeavor to print only such enlightening literature, which, passed through the English department, will give its readers a better and deeper aspect of modern literature and drama, drama especially. All contributions will be cheerfully accepted, and if they be of the correct tone, will be published. Address all communications to Ivor E. Dome, editor, care of the Argonaut.

The editor sees in the University of Idaho great opportunities for psychological research work, which would not only give the college a great boost, but would materially advance the standards of education. What we set forth will be a Brain Welfare club, consisting of all students. The plan in general is this: One-half of the membership, shall, for a designated length of time, refrain from all classes, studies, lectures and the like. At the end of the period, the faculty shall test the added intelligence of each group since the beginning of the period. At this time, the two sections alternate on the same basis. What the research would show in our opinion, is this: That University students will suffer a much greater advance in intellectual worth, if they refrain from all association with the faculty, books, studies and the like. A more detailed discussion will appear in the near future.

Rowell Receives Discharge.
Paul Rowell, a sophomore in agriculture, has just returned from Camp Lewis, where he has been training since late September. He was recommended for an officers' training camp, but the armistice came too soon to permit him that training. He will not be in school this year, but is planning to return next fall.

IDAHO HUMBLES O. A. C.

(Continued from page One.)
Moe 4, Hunter 3.
O. A. C.—Eikelman 2.
Free throws—Hunter 11 in 14, Arthur 9 in 16.
Substitutions—Cozier for Romig, Rickson for Kincaid, Eilerson for Reynolds.
Referee—Hunter.
Company B Wins.
Company B won the first game of the R. O. T. C. series last night to the tune of 19 to 13. The winners seem to have the individual stars, but Company A has a team that will develop into a much stronger contingent than it is now. The game was fast, and showed good basket ball. The next game will be pulled off in the near future. The lineup:
Co. A (13)
Wright G. Miller
Hibbard G. White
Burke C. Thompson
Nagle F. Whitcomb
Johnson F. Fox
Substitutions—McDougall for White, Williams for Miller.
Goals—Co. A—Burke 5, Hibbard.
Co. B—Thompson 4, Fox 3, Whitcomb, Miller.
Free throws—Burke and Whitcomb.

Six Hour Developing and Finishing

HODGINS

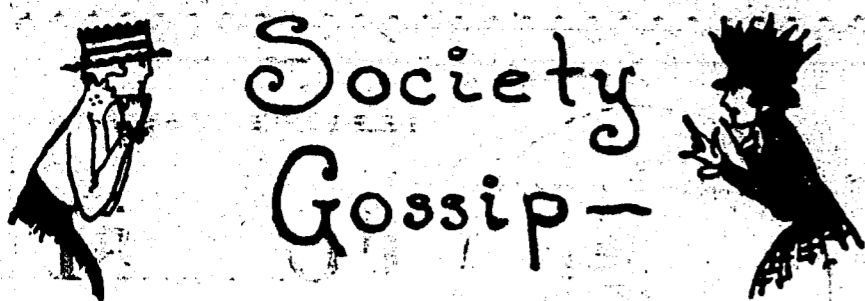

The University of Idaho is operating on a peace basis. In facing the new problems that confront the state and the nation, the University is giving—as it has in the past, to its utmost of time and energy. The training of men and women to carry on the business of citizenship is proceeding with the same enthusiasm as the training of soldiers. The University can help every citizen of the state to solve the special technical problems that confront him. Write for information to the Dean of the College of Forestry, Mines, Engineering, Agriculture, Law, or Letters and Science.

Society Gossip

Professor and Mrs. Snow were Kappa Sigma guests at dinner Sunday.

Kenneth Newland, Lieutenant Evans, Lou Morris and Ted Hege were Kappa Sigma guests at dinner Tuesday evening.

Adrian Nelson was a Kappa Sigma dinner guest Tuesday evening.

Kappa Sigma entertained at an informal dancing party Friday evening.

Lieutenant Grover C. Evans is visiting the University this week, while on a furlough from Camp Lewis.

Miss Freda Augustine was a dinner guest of Kappa Kappa Gamma on Monday night.

Miss Elizabeth Bridge, the Gamma Phi Beta delegate, and Miss Angelina Burns were dinner guests of Kappa Kappa Gamma on Tuesday, February 4th.

Mayme Crumpacker and Robert Robinson were quietly married at the bride's home at Nezperce on January 29. Mrs. Robinson was a popular member of Kappa Kappa Gamma and Mr. Robinson a member of Beta Theta Pi.

Gamma Phi Beta entertained Sunday evening in honor of Evelyn Kern, Leta Sabin, Gertrude Sabin, Katherine Striker and Irene Johnson.

Gamma Phi Beta entertained Mrs. Lindley and Mrs. Trullitt at dinner, Monday in honor of Miss Bridge.

Honoring Miss Bridge of Berkeley, Gamma Phi Beta entertained at a reception Tuesday evening.

Alpha Kappa Epsilon entertained Dr. and Mrs. G. M. Miller and family at dinner Sunday.

Miss Permeal French was a Tuesday evening dinner guest of Alpha Kappa Epsilon.

Lieut. Talbot Jennings, who has recently returned from France, is visiting Phi Delta Theta.

Chi Delta Phi entertained Rev. and Mrs. Snoddy at dinner, Sunday. Delta Gamma entertained at dinner Sunday, for Dean Hulme, Mrs. Hulme, Dean Eldridge and Mrs. Eldridge.

Betty Bari spent the week-end at her home in Lewiston.

Delta Gamma announces the initiation of Mrs. Eldridge. Mrs. Eldridge is the wife of Dean Eldridge and for many years has been a patroness of the fraternity.

The first dance of the season, the Senior Ruff, was held in the Gym Saturday, February 1. Blackinger, Ott, Davis, Sampson and Weber furnished the music. The patrons and patronesses were President and Mrs. Lindley, Prof. and Mrs. H. T. Lewis, Prof. and Mrs. Conwell, Dean French and Rolston Butterfield.

Jack Richmond, '19, returned Sunday from the United States Military Academy at West Point. He will re-enter college.

Lieut. Tillman Gerlough, '19, Idaho football and track star, has received his discharge and is home from Virginia. He played last fall on the famous 13th Division football team at Camp Lewis.

Nelson, Cornelson and Munson of Moscow High School were dinner guests at the Sigma Nu house, Thursday evening.

Sigma Nu had a sister dinner Sunday. All the Sigma Nu sisters on the campus were present. Those present were Misses Alberts, Crump, Duthie, Morris, Bessie, Gano, Glinderman, Cornelson and Mrs. Marjorie Lyon, nee Adair.

Sigma Nu fraternity announces the pledging of Carl Nagel of Genesee.

Dr. Stalker of Lewiston spent the week-end at the Sigma Nu house visiting his son, Gipson.

"Often the power to save a life depends upon some individual's ability to understand a dangerous situation, think of a correct solution and carry it out, all in a few seconds."

ARMY STUDENTS DO THEORETICAL WORK

System of Physical Exercises and Athletic Contests Will be Established.

The Military Department is in receipt of a letter from the Committee on Education which provides for a revision of the course of study to include more theoretical work along military lines and the establishment of a system of physical exercises and athletic contests.

First Sergeant Kinney is now instructing the battalion in boxing. The preliminary work being a very important part of the art makes it necessary to work with but a couple of squads at a time so thus far the practice has been more or less delayed. However in the course of a few weeks the campus may be entertained by some of the scenes of the "ring."

Books Will be Obtained. Captain Felker said that at the present time the department is not fully equipped with books for theoretical work but that arrangements were being made whereby they will soon be obtained. Before the end of the quarter he expects to have the prescribed course under way.

To date there are 199 students enrolled in the Military Department. This is not necessarily a large enrollment, but the outlook for a few more registrations is favorable.

Saturday morning the battalion will form at 10:30 and march about the town on a practice hike.

IDAHO STUDENT RETURNS FROM OVERSEAS DUTY

First Lieutenant E. E. Hunt was a visitor at the University last week. Lieut. Hunt completed the work of the short course of the School of Agriculture, and at the time of his enlistment into military service was a freshman in the College of Agriculture.

Mr. Hunt made his commission in infantry, and was assigned to overseas duty. He participated in several engagements, including that of the Argonne, and just a few days prior to the signing of the armistice was sent back to America on special duty as a bayonet instructor. He is returning to St. Maries for a visit at his home.

VINCEN TASKED TO ADDRESS HORTICULTURAL MEETING

Professor C. C. Vincen, head of the Department of Horticulture, has been invited to address the 24th Annual Meeting of the Idaho State Horticultural Association at Boise, February 13-15. He has been asked to appear on the program on February 13th, discussing the topic, "Results of Spraying as Obtained by the Experiment Station at Moscow."

PROFESSOR H. B. REED DEFINES INTELLIGENCE

Is Capability for Adjustment, Says Head of Psychology Department—Inherited.

DOES NOT MEAN HIGH GRADES Industry, Obedience and Good Will Also Necessary to Gain Honors in College.

In answer to the many inquiries as to what intelligence really is, Professor H. B. Reed of the Psychology department makes the following statement: "Intelligence is not knowledge. It is the capability for adjustment or the power to size up a new situation and decide what is to be done."

Intelligence is not knowledge, memory, imagination, attention, dignity, courage or industriousness. Neither is it the ability to talk long on every subject under the sun; to ask questions on every subject a professor talks about in class; nor to dress better than any other person in town.

"An intelligent person need not be courteous, obedient, proud, or have the air of being busy and self important. That ability called 'sticktoitiveness,' of a good pluggler, need not be a sign of intelligence. It is not necessarily common sense. But an intelligent man is usually superior in all these things to a less intelligent man."

An intelligent man knows, remembers, and talks more and has greater stock of common sense than one with a lower grade of mentality, Professor Reed explains. Such an individual is more industrious, alert, humble, obedient, and probably makes a better appearance than the less intelligent one.

But tho these capabilities go along with intelligence they should not be identified as meaning the same thing. Wide Range.

"Intelligence," says Professor Reed, "tells us how to adjust ourselves in a new or changing environment. If it is fixing an automobile, the intelligent man is characterized by ability to locate the trouble and find a solution quicker than a non-intelligent worker. If it is running a grocery store it is ability to forecast the market and wants of people and supply the commodities when demanded. In teaching, it is ability to know what a student can understand and then speak in the best way to convey that meaning."

"The intelligent student is able to understand the assignments on first hearing; to select significant points from a reading or lecture; and organize these facts so they can be remembered."

The intelligent students does not necessarily get the best grades, he cautions, because grades are a function of other things, such as industry, good will, and obedience. However,

he gets his lessons in less time, spends more time in diversions and is engaged in more activities.

"Intelligence is inherited. It is not acquired in or out of college. Although information and education may help and improve ability to adjust oneself to environment, it does not improve the native intelligence at all. If a student makes a high grade in the intelligence test, he owes the greater part of his success to his parents."

"The mental process involved in intelligence include the power to remember and recall what is relevant to a problem; to discriminate between ideas as they come into field of consciousness and coordinate those that will accomplish a solution of the difficulty."

"A good intelligence test is one that tries the faculties of analysis, synthesis, discrimination, ability to make new combination and to do all work quickly, and for that reason the time element is important."

Wear it now! Your dress suit may not hold in another month.

Knocks the moth balls out.

LEAVES EXTENSION DIVISION Robert J. Leth, '15, to Engage in Farming in Iowa.

Robert J. Leth, a graduate of the class of 1915, specializing in Farm Crops, has resigned from his position as Field Agronomist and Pure Seed Commissioner, with the Extension Division of the University. He rendered particularly valuable service in the grading of grain, so that there might be a standard upon which values could be fairly determined, satisfactory both to the farmer and the miller. After graduation in agriculture, Mr.

DANCE AT THE PROM! THE BIGGEST HOP OF THE YEAR

Question and Answer Column.
1. Yes, Pearl, it is an open dance.
2. No, James, the lighting equipment will be artificial.
3. Yes, Maurice, bandanas are not in style this year.

Personals.
D. G. will be there.

Get your repairing done early. Our supply of inner tubing is limited.

MOSCOW GARAGE Special Rates on Cold Patches

The Promenade repair crew will be on hand Saturday night. Guaranteed work between dances.

Leth took a year's work at the Iowa State College, securing his master's degree in 1916. He was complimented with an invitation to return as instructor in Farm Management in 1916-17.

He came to Idaho in his present work in 1917. He has announced his intention of returning to Iowa to engage in farming upon one of the well improved farms of that state.

Last Year's Gems. I have on hand about 25 copies of the 1919 Gem of the Mountains which will be sold at cost. Those desiring copies call at the Bursar's Office. R. B. OTT, Manager.

REGISTRATION HITS FIVE HUNDRED MARK

SENIORS FEWEST IN YEARS—WOMEN PREDOMINATE IN ALL UPPER CLASSES

The student registration of the University for this quarter is 505 up to date. This figure is the total number of students in actual residence who have registered since January 6. Of this number 179 are women. As usual, the College of Letters and Science contains over half the total number of registered students. Its total is 291 this quarter.

Seniors Few. The Senior class has a total registration of 38. This is the smallest number since 1910. The Senior class this year is composed of over one-half women, whereas they ordinarily compose only from one-fourth to one-third its total. The size of the present class and its majority of women is due entirely to the war conditions, which withdrew so many young men.

Yearlings Over Half. The Junior class numbers 54, the Sophomore 97, and the Freshman class 260. There is only one graduate student registered this year. The remainder of the registered students are either unclassified or are irregular in some respects and hence are not classified with the four-year students.

BENCH AND BAR ASSOCIATION SENDS LETTER TO EX-LAWYERS

Law School Prospects Portrayed in Circular Edited by Ott.

The Bench and Bar Association is getting out a circular letter to all former law students. The work is in charge of Richard Ott, a senior in this department.

Mr. Ott, in speaking of the letter, said: "Our idea is to give the students a general statement concerning the outlook of the law department for the future. When I returned from the service it was my impression that the law department would be broken up. I was mistaken. The law school has a good enrollment, and a graduating class for the present year. "It is important that former members should be informed concerning this and the prospects of all Senior subjects being taught next year. I closed the letter by mentioning the many law students who had distinguished themselves during the war—such men as John Cramer and Harry McDougall."

PROMINENT AG AN ENGINEER

Groninger One in 75 Out of 1500 to Make First Lieutenantcy in Engineers.

R. R. Groninger, a first lieutenant of Engineers, and a graduate in agriculture, 1917, has just come west from his home at Fort Royal, Pennsylvania, after having been discharged at Camp Devens, Massachusetts.

Lieutenant Groninger was one of 75 out of 1500 men who made first lieutenantcies in the engineers' officers training camp that he attended.

Groninger has been appointed a member of the University Extension Division for county agent work, and will be assigned to the organization of farm bureaus in Idaho and Nez Perce counties.

Home Ec. Club Thursday. The Home Economics Club will meet in the Home Economics rooms, Thursday evening of this week at 7 o'clock.

STUDENTS PATRONAGE SOLICITED and appreciated at Moscow's up-to-the-minute eating house. Dining Room and Ice Cream Parlor combined.
