

# The University Argonaut

VOLUME XX

UNIVERSITY OF IDAHO, MOSCOW, FRIDAY, MARCH 14, 1919

NUMBER 20

## CINDER PATH ATHLETES START ANNUAL DRIVE

Coach "Tommy" Matthews Limbers Up Squad Daily From 5 to 6 in Gymnasium.

**NEEDS MORE MATERIAL**  
Upperclassmen Not Turning Out in Sufficient Numbers—Big Chance for Aspiring Distance Men.

Track Coach "Tommy" Matthews issued a call for cinder pounders last Thursday and received a fairly enthusiastic response although he expected a much larger turn-out.

"It is lamentable," said Matthews, "that there are so few upper classmen on this year's squad. The freshmen are well represented and undoubtedly some valuable material will be whipped into shape for next year. It seems that the older fellows have the idea that they have no track ability; but I'd rather have them turn out and let me be the judge of their prospects as track men."

Seven Winged "I" Men.  
"Of last year's squad there remain Captain Richmond, Nelson Howard, Pet Perrine, Neil Irving, Horton McCallie and Les Moe, wearers of the winged "I", as well as "Nutz" Romig, Carle Burke, Roy Thompson and John Cline, who added several points to Idaho's score during the season. The team will also be materially strengthened by the return of Oliver Campbell, record holder for the two-mile run, who was recently discharged from Camp Lewis.

**Need Distance Men.**  
The sprints, hurdles, jumps and weights are well taken care of, since there are several men who qualified to win points in each event, but a larger representation is desired for the distance and middle distance, because one man is not enough to enter in these grinds, and McCallie and Campbell are the only prospectives thus far.

The floor in Lewis court has been removed and now the indoor cinder track is available. The track is too short for the best results, but it will be a great improvement over the hardwood oval in the gym until weather permits outdoor training. A fifty yard straightaway gives the sprinter plenty of distance for starting practice, and the milers can run to their hearts' content. The jumping pit in the east end of the court affords fair opportunities to the jumpers, and the high ceiling will enable the vaulters to get rounded into shape by the time the crew can stick their spikes into the green sod of the campus.

Tommy a Torturer.  
Matthews meets the squad between five and six o'clock every evening in the gymnasium, and all who have attended these little social gatherings agree that "Tommy" has the knack of discovering all the weak places in their physical make-up. He plans to continue this gymnasium work for three weeks, following the inside work with a few laps around Lewis Court. By that time it is hoped that the weather will be mild enough to allow regular work on the cinder path.

After Montana Clash.  
The only scheduled meets thus far are the dual meet with W. S. C. on May 10th, and the Northwest Conference Meet at Pullman, May 24th. Whitman will probably not put out a track team this season, but Montana has already agreed to meet Montana School of Mines, and plans are now on foot to arrange a dual meet with the Bruins over there some time during the season.

## PROFESSOR COOK ATTENDS SPOKANE TIMBER MEETING

Professor J. W. Cook represented the School of Forestry at the meeting of the Idaho Timber Protective Association held in Spokane the first of the week.

\*\*\*\*\*  
\* "FILL IT UP!" SAYS PAT \*  
\* "There has been a little tendency to smile at our Joke Box in the Ad building," says Pat O'Brien, joke editor of the Gem of the Mountains, "but the joke problem for the Annual is a lot bigger than the box. We want that chest filled to the slot. We are going to ask every Idaho student to contribute at least one joke. That will not be a hardship upon anyone and it may result in some good humorous material." \*\*\*\*\*

## CALVIN W. RICE TO SPEAK

Engineering Expert to Talk to Dean Little's Charges On Opening Day of Third Quarter.

Calvin W. Rice, secretary of the American Societies of Mechanical Engineering, has been secured by Dean C. N. Little to deliver a lecture to the faculty and students of the engineering departments.

Dean Little received a wire from Mr. Rice, at Los Angeles, in which the speaker accepts the invitation to talk at Idaho on March 31st, the opening day of the new quarter. The lecturer's subject will be "The Obligation of Professional Men as Citizens."

Mr. Rice is on a mission of the National Society of Engineering Professionals, visiting engineering schools in different parts of the country.

Dean Little says: "Every engineering student should allow nothing to interfere with attendance at this lecture."

Any interested person is cordially invited.

## PLAY TRYOUTS AT 2:00 TOMORROW IN "Y" HUT

English Club Announces Open Competition for Three Plays to Be Given Early in Quarter.

Try-outs for the English Club plays which are to be given soon will take place at the Y hut tomorrow at 2:00 p. m.

The club hopes to be able to give two programs; one a three act play, and the other consisting of two short plays. It is expected that these plays will be of sufficient literary value to justify hard work and yet be as entertaining as those recently given.

A large number of girls have shown their ability in dramatics and it is especially desired that all boys interested in dramatic lines be in attendance at this try-out. The try-out Saturday, however, may not be the only one to determine the final casts.

It is desired that the program of the English Club be finished in time to allow the perfecting of the senior class play, "As You Like It," which is to be given commencement week.

## OFFERS PRIZE TO BEST ECONOMICS STUDENT

Professor H. T. Lewis of the Economics Club has offered a prize to be given to the student making the highest grade in economics for the year. The prize is to be given commencement week and will probably be a set of books. Professor Lewis has made this announcement to all of his economics classes.

## SARAH TRUAX DELIGHTS ASSEMBLY AUDIENCE

Versatile Dramatic Ability of Actress Well Brought Out By Program.

Sarah Truax, the distinguished actress and dramatic reader, entertained a large and appreciative audience at the Wednesday assembly held in the "Y" building.

Sarah Truax, who in private life is Mrs. Charles S. Albert of Spokane, has marked ability as a dramatic reader as was shown by her wonderful power to carry her audience with her and make her listeners experience the changing moods which she, herself, felt.

## "Roda," a Contrast.

The selections offered a splendid variety. The first reading, "Roda," a widely known war play by Alfred Noyes, the English poet, was well interpreted. The contrast of the Merry Christmas season and the awfulness of war, with the red blood trickling beneath the door, was well brot out. Mrs. Albert portrayed especially well the characters of the half-witted school-master and the happy child.

Much as the audience enjoyed the play their enthusiasm was raised to a higher pitch when two poems, master pieces of Noyes, were presented. The lyric, "The Barrel Organ," with its burdy gurdy music was most remarkably rendered with its rhythmic swing. The musical quality of the interpreter's voice was particularly shown, while her picturing power was a delight to the audience.

**Intense Emotion.**  
The dramatic ballad, "The High-

(Continued on page three)

## MUST REGISTER BEFORE LEAVING

Students Must Sign Up in Third Quarter Courses Exam Week—Classwork On First Day.

## FALL MARKS BASED ON NEW

Grades of This Quarter Will Be Entered for Last Quarter, Also.

All students of the University must register for their third quarter's courses before the end of examination week preceding vacation, according to Dean Eldridge.

Regular classes of the third college term will commence Monday, March 31. In order that all classes may start as scheduled, it is absolutely necessary that all registration for the third quarter be completed before the students leave for their vacation. Those who do not comply with these requirements will have to enter as late registrants.

All students will start registering by depositing their registration fee with the appointed A. S. U. I. representative in the bursar's office, and will then complete their registration with their respective deans upon days during examination week announced on the bulletin board.

Last quarter's credits will be determined on the basis of this quarter's grade in the cases where the instructor was not sure of the standard of the student's work.

According to Dean Eldridge, some of the professors turned in credits at the end of the first quarter, but only in those cases where there was some method of checking over the work. In other cases the credits made for this quarter will be counted as the credits for both quarters.

Because the university is returning to the semester basis next year, all quarter grades will be translated into semester grades. Since a quarter is two thirds of a semester, the hours made this year will be reduced to two-thirds.

## LEGISLATURE PASSES APPROPRIATION BILLS

All Measures Concerning University Funds Put Thru With Slight Changes.

All of the university appropriation bills brought before the last Idaho legislature, which adjourned Saturday, were passed. The principal bill provided about \$400,000 by direct taxation for the plant at Moscow, and about \$250,000 by direct taxation for extension work in agriculture and home economics. Among the minor bills is one appropriating \$30,000 for the establishment of a State Bureau of Mines, a similar amount to be given by the government. A \$30,000 S. A. T. C. deficiency bill was also passed, this amount to be reduced by all sums received from the government in remuneration for the losses to the university caused by the S. A. T. C.

The defeat of the \$5 railroad fare bill was the only setback received by the state institutions. The house voted favorably upon this measure, but it was lost in the senate.

Final copies of the appropriation bill have not yet reached Moscow, but the amounts authorized are essentially the same as asked for under the following budget from the board of education:

College of Letters.....	\$217,668
College of Agriculture.....	175,290
College of Engineering.....	33,335
School of Forestry.....	18,220
College of Law.....	15,420
School of Mines.....	19,765
Summer School.....	10,000
Administration.....	53,225
General expenditures.....	33,200
Operation and repairs.....	88,867
Experiment Station.....	58,000
Capital Additions—Buildings.....	74,532

Total.....\$737,319

Less—

Federal Appropriation.....\$160,000

Federal Endowment.....206,000

Local Income (not including Experiment Station).....40,000

Total.....\$106,000

Recommended by Board for Legislative appropriation.....\$411,518

Extension in Agriculture and Home Economics.....\$286,913

Less Smith-Lever Federal fund.....16,513

Recommended by Board for Legislative appropriation.....210,000

Grand Total.....\$821,319

## SUGGESTS OPEN AIR THEATRE AS MEMORIAL

Professor H. T. Lewis Sees Great Possibilities in Outdoor Auditorium on Campus.

## TIERED CONCRETE SEATS

Construction of Seating Facilities Could Be Handled at Low Cost.

A fitting memorial for the university men who gave their lives in the war has been suggested by Professor H. T. Lewis of the economics department of the University of Idaho. Mr. Lewis suggests that a large outdoor theatre be erected west of the university gardens. It will be known as the U. of Idaho memorial theatre.

**Natural Advantages.**  
There are many advantages in this location. The walls of the new wing would act as a sounding board for the voices. The slope makes a natural amphitheatre which could be terraced back to advantage. The hill back of the proposed site would be ample protection from the wind and the rooms in the new wing could be used as dressing rooms.

**Seat Cost Low.**  
Professor Lewis suggests that a tier of concrete seats be constructed. The expense would not be large for the only costs would be for concrete and labor.

It would be entirely feasible if this idea meets with approval and some funds can be secured that sufficient work may be done so that the commencement play of the year could be given there.

**A Summer "Y"**  
University songs, rallies, assemblies and band concerts as well as plays could be given in this outdoor theatre. This would be the best place for such functions and the theatre would play the same part in college affairs in the summer as the "Y" does in winter.

## ANNUAL JUDGING DAY A GREAT SUCCESS

Short and Long Course Students Split Honors in Four Contests.

Students from Salmon City, Teakem, Coeur d'Alene and Moscow won first prizes at the Annual Students' Agricultural Products Judging Day, held at the University on March 7. The prizes were awarded at an enthusiastic meeting of the Agricultural Club held the same evening.

Four contests were held: grain judging, judging of horticultural products, butter judging, and judging of live stock. The prizes awarded were donated by the merchants of Moscow and by members of the faculty of the Agricultural College. J. F. Chod, J. H. Choate, Henry Christ and Merle Millard took the highest honors.

## Distinctly Idahoan.

"This Judging Day has become a notable event in the school year of the agricultural student. Such a contest, where all the students take a day off and compete for prizes in many different branches of agriculture, is held nowhere else in America," says Dean Iddings.

The contest is held according to the same rules and regulations as are followed in the large shows and exhibitions that offer prizes for student judging. Outside judges are brought in to pass on the classes of livestock, grains, etc., and to grade the students in the reasons that they give for the various placings.

## Short Ags vs. Long Coursers.

The four year men who pursue a course which requires high school graduation for entrance and the three year winter course men, who are accepted by the university after having passed the 8th grade, meet in these contests on the same basis.

The prizes for first place were as follows:  
Butter Judging—J. F. Chod, long course, Salmon City.  
Horticulture—J. H. Choate, short course, Teakem.  
Grain Judging—Henry Christ, long course, Coeur d'Alene.  
Live Stock—Merle Millard, short course, Moscow.

Jean Kendall spent the week-end at her home in Spokane.

## MAY GET SHIPWORK SLIDES

Pictures Depicting Construction of Steel and Wooden Vessels Offered to University.

Stereopticon slides prepared by the publications section of the Emergency Fleet corporation, showing the various phases of shipbuilding operations and the merchant marine, may be secured soon by the university.

The slides depict the building of steel and wood ships and the activities of various crafts having to do with ship construction. Slides may be secured later showing merchant marine activities and the training of merchant sailors. A syllabus will accompany each set of slides.

The publications section believe the slides to contain educational possibilities since the problem of an American merchant marine is one of the nation's greatest questions.

The university has the opportunity of securing a set consisting of from thirty-five to sixty slides with the accompanying syllabus at a cost of thirty cents a slide.

## GEM CONTRIBUTIONS TO RECEIVE CREDIT

English Department Allows Substitution of Gem Literary Creations for Required Themes.

Credit will be given in the English Department for composition work for the Gem of the Mountains. Angelina Burns, associate editor of the Annual, and Eula Badger, literary editor, who are cooperating in the attempt to get all literary material possible for the Annual, have secured from Dr. Miller, head of the English department, a promise that any work of an acceptable character, written by students in composition classes, may be substituted for ordinary work assigned in such classes.

Students are asked to hand in all contributions in the line of narrative or descriptive essays, original short stories dealing particularly with matters of local interest, one act plays, sonnets, triolets, blank verse, songs, parodies, limericks, etc. This work must be in by April 2.

Suggestions for subjects may be obtained by consulting either Angelina Burns or Eula Badger.

## PRESIDENT SPENDS WEEK-END BEFORE SPOKANE GATHERINGS

President Lindley delivered the baccalaureate address to the graduating class of Lewis and Clark high school in Spokane, Sunday, March 9. Sunday evening he spoke at the Westminster Congregational church on the subject, "Victories of the Will." President Lindley was a guest of the Agricultural Club at a luncheon given at Davenport's Monday noon, and spoke briefly in regard to some of the relations of Idaho to Washington.

## DEAN MILLER REPORTS ON PAYETTE PROBLEM

Discretion Necessary in Removing Timber From Lake Shore if Beauty is to Be Unimpaired.

Dean F. J. Miller of the School of Forestry, who had been called by the state board of land commissioners to investigate the cutting of timber about the Big Payette Lake, has returned from his trip.

After much of the timber had been sold and other sales advertised, strong protests were made against cutting the timber, by citizens interested in the lake as a summer resort.

Dean Miller's problem was to determine whether any of the timber could be cut about the shores of the lake without spoiling its beauty.

One investigation Dean Miller recommended that the cutting on the lake shores be limited to a removal of the defective trees, the cut to be increased farther out from the lake but so conducted in any case as to preserve the scenic features of the lake. The question was finally settled on this basis.

Dean Miller will return later to Payette Lake to designate the trees to be cut. The snows in the mountains have been very heavy, making a thorough investigation at this time impossible. Snow shoes had to be used for traveling over the ground.

Mr. R. R. Richmond of Orofino visited over the week-end at the Beta house.

## PLANS FOR STATE MEET NEAR PERFECTION

Eleven Prospective Champions Entered in Battle for State High School Title.

## SAY GOODBYE TO THAT "BONE"

Every Student Expected to Buy Series Ticket in Big Campaign Next Week.

Final plans for the State High School basket ball tournament on March 21-22, are being perfected. With the influenza situation in Moscow clearing up fast, prospects for making this the best tourney in history assume a rosy hue. The fact that the event comes after final examinations are out of the way is arousing still more enthusiasm. Advance dope has it that except in a few scattered instances, all of the students will remain in Moscow until after the final game.

Every student in the university is going to be asked to support the one big event of the scholastic year by purchasing at least one series ticket. "A big ticket drive will begin Monday morning and if you don't have a tag you are going to be ridden to the end. We have to make this tournament a go and it is up to each and every student to get behind it for the price of a ticket. This is the statement of Boyde Cornelison, who is at the head of the ticket drive.

## Trophies Here.

Three large silver cups are on display at the office of the physical director. A large cup is to be given to the winning team and the smaller ones to the team having the best general appearance and conduct, and the team being chosen as best loser.

A committee is working on a booklet form of program which will be given to every body. It will contain cuts of various buildings and scenes about the campus.

Eleven of the fastest high school teams in the state are entered in the pennant fight, and speculation is keen regarding the outcome.

Blackfoot, Weiser and Gooding will come from south Idaho. Wallace, Kellogg, Nez Perce, St. Maries, Bonners Ferry, Moscow, Genesee and Coeur d'Alene are the northern state entries.

## Gooding Looks Strong.

In the final game of the basket ball tournament held at Boise to decide the championship of the Boise and Shoshone divisions the Gooding high school team brought out a "dark horse" and won the tournament by defeating Weiser by a close score. Boise got into the finals but withdrew because Wyman was protested by competing teams.

The game between Gooding and Weiser was fast from start to finish and was at no time a sure win for either team. The teams are evenly matched and both are entering the tournament here next week, Gooding from the Twin Falls section, and Weiser from the Boise district.

Blackfoot had the championship of that section until it met defeat when playing Pocatello, a fast and close game as shown by the score of 48-52. Pocatello now wishes to meet Blackfoot again before the tournament.

By defeating Sunset in the final game of the Inland Empire high school tournament, Wallace high school won the championship. The heavy Wallace team played a fine style of ball in every game of the series. Their coaching showed up in the final contest against the Sunset five when they played a consistent game from start to finish. The game was in doubt at all time until the second half was well gone. Wallace has never yet appeared on the Idaho floor in the tournament and fans are anxious to see what they have under cover. They hold the undisputed championship of the far north Idaho teams and may claim the championship of the entire panhandle if they can defeat the local high school which now seems to hold the title in this particular section. Both teams will enter the tournament with "red eyes."

## SUMMER SCHOOL!

\*\*\*\*\*  
\* A summer session of the University of Idaho has been authorized. It will open Monday, June 16th, and close six weeks later on July 25th. The courses to be offered will be announced in the near future. Six semester hours will be the limit of the credit which may be obtained by attendance at the Summer Session.  
\*\*\*\*\*

**THE UNIVERSITY ARGONAUT**

Published Every Week by the Associated Students of the University of Idaho.

Rates: Per year, \$1.25, except subscriptions outside the United States, which are \$1.75.

Entered at the postoffice at Moscow, Idaho, as Second Class Mail Matter.

Ernest K. Lindley, '20, Editor

\*\*\*\*\*  
Information concerning the military record of the unorganized University of Idaho men is sought by Captain Felker. His university military record will soon be published. All of the fraternities have furnished fairly reliable lists of representatives in the service, but it is believed that the roll of unorganized men is not yet complete. Idaho students and alumni having information concerning the military record of the unorganized men of Idaho are requested to communicate with Captain Felker at once.  
\*\*\*\*\*

**THE BIG EVENT**

Next week-end will witness Idaho's annual gala house-party, when crack athletes from all over the state will assemble to fight for the state basketball title.

This state tournament is the biggest affair on the annual university calendar. It is the time when the Idaho students of the future come into closest contact with their state university.

All of the details for entertaining the visitors are being handled by students, the teams will be housed and fed by the fraternities. Altho the games may cut short their spring vacation by a day or two, the students will remain almost as a body in order to see this enterprise of their own a success.

No exemptions will be allowed by the ticket campaigners next Monday. Girls as well as boys will be expected to put in their dollars for series tickets.

If you believe in a Bigger and Better Idaho you will be here until the final whistle blows.

**PUT THE GREEN CAP**

**WHERE IT BELONGS**

The recent outburst of rowdiness in the halls is a sadly perverted use of the Idaho "pep" which has been accumulating during the last quarter. It is not the Idaho spirit. It is too much to expect that the freshmen should outgrow in one quarter the habits of childhood days, but it now appears that the second year men, probably because of the few upperclassmen in college last year, contrived to wander thru their infancy without undergoing the proper ripening process.

The sign of the uninitiated is the green cap. We respectfully suggest that the Vigilance committee compel the sophomore class to don the green cap, until it is able to pass the elements of college manners.

**SAY "WE'LL WIN"**

Idaho athletics are at a crucial point. The spirit of victory is edging its way into the school, once more, into teams and rooters alike. Idaho athletes have won for themselves an enviable reputation. It is known all over the west that "Idaho fights," but too often that fight has been the grim stubbornness of a defeated team, rather than the smashing offensive of a victorious one. Idaho coaches found it difficult to make their men take the initiative; the defensive spirit, resulting from continuous defeat, had become a part of the campus atmosphere.

But the wind has changed. "We'll win" is the new Idaho slogan. The first whiff of a new air came last year when "Hec" Edmundson turned loose the bunch of yearlings that walked away with the east side basketball title. The S. A. T. C. foot-

ball team kept the ventilators in operation. And now the five not only repeats its victories of last year, but tosses the Pacific coast schools into its bag of victims.

Football prospects for next fall are the best in years. A winning team in that will be the final push which will convince alumni and high school students that Idaho has "arrived" in the athletic world.

Track and basket ball forecasts are not encouraging at this moment. But with the Idaho student body determined, we will win in those sports.

Think victory and talk victory! Keep that St. Mihiel "drive" in Idaho athletics, and the new era will be here to stay.

**THE "Y" SCORES AGAIN**

"If the 'Y' brought that here, it is a pretty good thing." That is what six or seven students unanimously agreed when informed separately that the Y. M. C. A. bore half of the expense of bringing Sarah Truax to the university Wednesday.

The cramped finances of the university and the A. S. U. I. are a serious obstacle in the way of securing the highest class of talent for university audiences. But the willingness with which Mr. Chaney, the Y. M. C. A. secretary, has begun to cooperate in bringing entertainments here, arouses optimism regarding the future of weekly assembly programs.

That is only one of the many things that the "Y" has already started to do for Idaho, but it is one which the women as well as the men appreciate.

**TAKE IT EASY.**

Popular tradition has led some to regard to "cramming" along with good taste in neckties, a large malted-milk capacity, and the grinding of a dusty tenor at 1 a. m., as among the necessary achievements of a thoroughly initiated college student. But, in reality, examinations are a serious matter, too serious to be trifled with by "cramming."

"Cramming" as a reliable road to a passing mark, in a college examination, has been proved a failure. The Freshman who tries it once or twice will not ask scientific data on the question.

The day before the meet is too late how to run the mile. Practice then only eats into the little reserve that one may have. "Cramming" only wearies and clogs the mind when it should be freshest.

Those who have had experience claim that they get the best results on examination papers by taking light daily exercises in the gymnasium and by sleeping a little more than usual. Tests made in officers' training schools showed that a half hour of setting up exercises in the morning would make eight to ten points difference in the examination grade.

"Cramming" is not a duty, a custom, or desirability. Take some exercise; then eat, sleep and be merry—and tomorrow you won't feel like committing suicide when the professor hands you a sheet full of formidable questions.

**"DERE BILL"**

Dere Bill—  
Gosh Bill the sites that we university wimmen are ekposed to here is something feerce. As i wuz waiking down the hall of this here institushun (this hall ain't anything like the moose hall) I saw a bell boy. I went up to him and says "top story please" you know how you say to the one at Williams and he looked at me and sed. Gee i wunder whats the matter wih her top story. There aint no elevatur here Bill, i gess hes what youd call camooflage only yu sed camooflage wuz stripes. i never saw eny stripes but I that wuz runing down his lower story. i gess this here institushun gives privat lessuns for i saw a lot of dames & fellos standin' around in the halls gigling nev'ething and there is i couple which these here dames says stand in the hall all the time. He is a swell pink guy with glasses and she is little and i think his name is perie.  
Gee Bill there is a place here which is called Stumers and there is a lot of picturs in it. the other day there wuz a tall follo with lether leggins & a little blak mustash & he wuz standin out side this here place & he wuz saying to himself. Gosh Bill but you suc are good looking. Gee that shure is a swell pikshure of yuo.

**THE CAMPUS ROOMER**

In competition to the Seek-a-Sweater Club, the latest elite organization on the campus is a Seek-a-Date Club. The entrance exams are stiff and all prospective candidates are honing up hard. The exam schedule will be posted on the bulletin board—and if your eyes aren't limber and your supply of the blooming rose variety of complexion has run low you'd better get in training early. The object of the club is to enhance the campus with strollers—spring being here—and it is a strictly anti-"A" grade movement. The meetings will be progressive, and two will constitute a quorum. The dues of the club haven't been determined yet but they will go towards buying eyeshades and perfume for the active members, and chewing gum and boxes of dates for the Alums. Watch the board for further notice!

J. B. McDonald, S. A. T. C. private, retired, was heard to say, "If I write special delivery—to Washington, I wonder if they would wire my sixty dollars gratuity? I'd like to have it next week."

An eminent authority has recently brought to light some ancient traditions. 'Tis this ye new offsprings of Cupid: When a green hired man steppeth often with a sedate junior or senior girl of limited vision, or can't-get-nothin-else ailment, the fires of glorious France sizzle him, and in the end he is but a poor specimen of his former self. Let this warning burn you, you young seekers of blue blood.

I am just an innocent little country girl, with no quakes or qualms. My mama told me never to speak to men when I came to college, unless I was introduced by the dean, but honestly, it wasn't my fault, when a handsome looking young man asked me for a date for last Monday, especially as he came from an awful nice looking house. He insisted on taking me to a movie. I think that it was the "Descent of the Barbarian Seacoast" or something like that. Anyhow I went with him, and it was an awful nice show. The man in it reminded me of the young gentleman who was with me, but I didn't tell him. He said that he had been stung, but I couldn't see how a bee could get into a moving picture house, so I didn't get him any mud. I wish those kind of shows would come often.

O my chess! Athletics of the more strenuous sort has taken hold of some of our faculty. One of the reasons probably is that Sears & Roebuck sell chess men, but anyway the faculty does need brainy recreation. They will probably issue a challenge to the non-frat men at the "Y" hut.

Freshman girls are organizing an I'm-a-sticker club, 'tis rumored. Eligibility is confined to those fair maids who inveigle a man into ten successive dates, and competition reigns supreme amongst our comely young ones, especially as the powers that be are knocking the club. It is a very select group and the purpose is to extract a piece of jewelry.

Dear Editor: Could you kindly explain in your columns the difference between a "war bride" and a "college widow?" Lovingly, Hope Inlec.

Dear Hope: We would gladly grant your request, but there are so many of them in this college that their feelings might be hurt. However, they are in the process of extermination. Ivor E. Dome, Editor.

Gosh yes it shure is!  
Gee Bill I wuz going to a show the other nite. Gosh it wuz the swell est show it wuz Barbarius Coaste or somethin like that. Well I had a date with the cutest man, gee he is shure cete he is real tall & his name is somethin like bushel. Well i wated & wated & he didnt cum so i calld him up. i says "hellow" and a ladie she says hellow & says is Mistur Peck there & she says no this is Missus Peck. Gee Bill i shure wuz shock—him married and me thinkin him so swell. Gee Bill i got to kwit & emty the ashes. Yure lovin MABLE.

**VOTE \$25 FOR TRUAX TRIP**  
One Thousand Copies of A. S. U. I. Constitution to Be Issued Soon.

A meeting of the A. S. U. I. executive board was held last Wednesday. A motion was carried to the effect that \$25 be drawn from the miscellaneous fund and applied to the expenses of Sarah Truax's trip. The committee on constitution, previously appointed, were then authorized to put out bids for the printing of a thousand copies of the A. S. U. I. constitution which are to be placed in the hands of the students.

The meeting was hurriedly concluded in order to enjoy the ice cream and cake generously donated by Ralph Davis, a new member of the board.

**GIRLS SERVE APPETIZING MEALS IN "U" DINING ROOM**

Members of the Junior serving class are preparing and serving some very appetizing meals in the Home Economics dining room this week. Each girl in the class plans a meal which she prepares and serves.

The problem the girls have to solve in this series of dinners is the use of beef, potatoes, cabbage and apples in the preparation of a meal.

The service and the variety were also considered in the final result.

**FILMS DEVELOPED and PRINTED.**

The University of Idaho is operating on a peace basis. In facing the new problems that confront the state and the nation, the University is giving—as it has in the past, to its utmost of time and energy. The training of men and women to carry on the business of citizenship is proceeding with the same enthusiasm as the training of soldiers. The University can help every citizen of the state to solve the special technical problems that confront him. Write for information to the Dean of the College of Forestry, Mines, Engineering, Agriculture, Law, or Letters and Science.

# Society Gossip

A. P. Johnson spent the week-end at Pullman.

James Farrell and Lynn Barrett were dinner guests of Alpha Kappa Epsilon Friday evening.

Mary Nadle, and Grace Darling of Lapwai were guests of Chi Delta Phi Saturday.

Lieutenant Ronald Everly, assistant to the Commandant, is staying at the Phi Delta Theta house.

Perirah Newlin was a guest at the Delta Gamma house Sunday.

Pauline Ruck, Gladys Malloy and Gladys Duthie were week-end guests at the Duthie home in Troy.

Gamma Phi Beta entertained Sunday evening in honor of Anne Glindemann, Ruth Chapman, Ruth Blomquist, Francis Wiley and Norma Langroise.

Delta Gamma announces the initiation of Lorence Tavey, Blackfoot, Idaho; Thora Jackson, Nadine Simms, Spokane, Wn.; Betty Barr, Lewiston, Idaho, and Nathalie Tecklenburg, Wallace, Idaho.

Rev. and Mrs. Perry were dinner guests of Chi Delta Phi Sunday.

Professor and Mrs. G. M. Miller, Miss Bauer and Rev. and Mrs. Bridge were dinner guests of Kappa Kappa Gamma on Thursday evening.

Lulu Cox and Merle MacDonald of Pullman, Wn., were week-end guests of Miss Clara Kitto of Ridenbaugh Hall.

Hon. William M. Snow was a visitor at the Kappa Sigma house Tuesday. Mr. Snow graduated from Idaho in '06 and was a charter member of the chapter.

Mr. Ernest Held, formerly of the naval aviation station at San Diego, was a dinner guest of Kappa Sigma Tuesday.

Kappa Sigma entertained Adrian home in Post Falls after a short visit at the Kappa Sigma house.

C. R. Hibbard and W. H. Langroise spent several days last week in Spokane on business for the "Gem of the Mountains."

President and Mrs. Lindley entertained the Idaho basket ball players and coach at dinner last night. The guests were Leslie Moe, Elra Hunter, Howard Campbell, Ronald Romig, William Carder, Leon Perrine, Boyde Brigham, Boyde Cornelison and Coach W. C. Bleamaster.

Melva Harbin was a Tuesday luncheon guest of Gamma Phi Beta.

Lieutenant Ronald Everly was a dinner guest of Sigma Nu Tuesday evening.

Dean and Mrs. Iddings were guests of Zeta Chi Alpha Thursday evening.

Arthur W. Anderson of Orofino was a guest of Alpha Kappa Epsilon at lunch Tuesday.

Alpha Kappa Epsilon entertained at dinner Sunday in honor of Margaret Friedman, Marjorie Smith, Esther Thomas and Hilda Thomas.

R. S. Jacobson went to Spokane Monday for a visit with his family.

J. B. McDonald, L. Johnson, A. H. Knudson and Pat O'Brien spent the week-end at the Kappa Sigma house in Pullman.

Nelson at dinner Tuesday evening.

Albert Knudson has returned to his Chas. C. Dimond is visiting Alpha Kappa Epsilon. He arrived Monday from Portland, where he has been working in the shipyards.

## SIX MORE IDAHOANS USE PARIS CLUB HOUSE

Quincy, '12; Downing, '14; Helm, '17; Blackmen, ex-'18; Erb, ex-'18, and Johnsen, ex-'19 Register.

The following men have registered at the American University Union in Paris, according to a letter received at the president's office, and dated February 19, 1919: Lawrence M. Blackmer, ex-'18; George J. Downing, '14; Fred C. Erb, ex-'18; MacKinley Helm, '17; George N. Johnson, ex-'19, and Floyd R. Quinley, '12.

Lawrence M. Blackmer, second lieutenant in the air service, was a student in agriculture for two years at the university and was a Phi Delta Theta.

George J. Downing, '14, has the rank of major in the 21st Field Artillery. Major Downing has been instructor in Horticulture at the university since 1915 and is on leave of absence for the duration of the war. He is a Sigma Nu.

Fred C. Erb, captain in the 363rd Infantry, was a second year law student here during the year of 1916-17, coming from Gonzaga College. He was a Phi Delta Theta and a member of the Glee Club of the university.

MacKinley Helm, '17, is second lieutenant at Evacuation Hospital Number 1. He is a member of the Sigma Nu fraternity. He worked for the Spokesman-Review for a short time after his graduation.

George N. Johnson, of the class of '19, is now second lieutenant in Battery D, 6th Field Artillery.

Floyd R. Quinley, B.S., '12 is second lieutenant in 304th Field Artillery. He is a Kappa Sigma. He taught for some time after leaving school and was later a chemist in a United States smelting plant.

## SECOND QUARTER SUPERIOR

Great Improvement Over Fall in Standard of Work Done, Say Professors.

Present grades and the general attitude of the students this quarter, are far ahead of those last quarter.

"There is really no comparison between last quarter and this quarter," says Professor H. T. Lewis. "The work for this quarter has been heavier than usual for both students and instructors. The students are more or less exhausted, but on a whole the work has been done exceptionally well."

"There is a tremendous improvement in this quarter over last," said Dean Eldridge. "The students last quarter really had no chance to do their best—there were many in the S. A. T. C. who were not interested and naturally the standard was lower. The work has gone much better, and next year when the old semester system is again used, things will be still better. But this quarter, considering all difficulties, has been a good one."

## ROAD-MAKING LAB FOR "U"

Legislature Votes \$3,000 for Research in Road Making Materials.

The recent legislature of the state of Idaho appropriated \$3,000 for a roads material laboratory to be established in the university.

This expenditure was voted in view of the very large amount of money to be spent by the state in cooperation with the federal government in road building.

"I consider this act," says Dean C. N. Little, "to be a very timely expenditure of public money."

This new department will furnish the state with men equipped with the knowledge of the strength and lasting qualities of all sorts of road making materials.

## Tells of Famous Teacher.

President Lindley spoke Wednesday morning at 8:50 to Dean Hulme's intellectual class on "The Philosophy of William James." Dr. Lindley was a student under the famous teacher and gave some very interesting reminiscences as well as helpful information.

## SARAH TRUAX DELIGHTS

(Continued from page 1)  
way Man." gave opportunity for Mrs. Albert to use her power in portraying deep emotion.

Passing from Noyes she gave her attention to his Irish contemporary, Lord Dunsany and read "The Night at the Inn." These characters from low life showed her wonderful versatility.

"Congo" Most Remarkable.  
It would have been a delight to Vachel Lindsay, with his theory that poetry is to be enjoyed thru the ear, to have been a member of the audience when "The Congo" was read.

The program was concluded with the realistic presentation of "Angeline comes down the hill."

## BETA DEFEATS A. K. E. IN CRUCIAL GAME

Victors Only Undelected Team in Intramural Basket League—Contest Hard Fought.

The game, which virtually decided the basket ball champions of the University campus, was played last Wednesday by the Beta and the A. K. E. teams and resulted in a 12-to-8 score in favor of the Betas.

The Betas took the lead right off the bat and in the first half scored practically all the points that they made during the entire game. The Ake team, however, couldn't seem to find the basket and did not score during this period.

In the second half the AKE's started with a rush and began to locate the basket frequently both by the foul-and-field basket. Fox seemed at once to find his eye and things liv-

ed considerably. In this period the Beta team seemed to be affected with the same thing that held the AKE's in the first period. However, the rally was of short duration and the game ended in victory for the Betas.

Beta. A. K. E.  
 McCrea ..... F. .... Fox  
 Scott ..... F. .... Ott  
 Miller ..... C. .... Burke  
 Wright ..... G. .... Rettig  
 Johnson ..... G. .... Friedman

Field goals—Miller 3, McCrea, Fox, and Ott.  
 Fouls—Fox 4 in 8, Scott 3 in 5, Miller 1 in 2.  
 Referee—Hulbert.

### ECONOMICS CLUB POSTPONES MEETING TO THIRD QUARTER

A meeting of the Economics Club scheduled for Wednesday evening has been postponed until the first Wednesday in the 3rd quarter.

It was deemed best to postpone the meeting, as many of the members are also members of the English Club. Professor Golder of W. S. C., who was to have addressed the club, is ill and unable to come.

 \* Whitman ..... \*  
 \* O. A. C. .... 3 12 .200 \*  
 \* \*\*\*\*\* \*

With the Northwest Conference championship resting securely on the shelves of the University of Idaho after a hard and gruelling season, the time arrives for the past season records of the team and players.

During the 1918-19 season, the Vandals entered fifteen contests, twelve conference and three non-conference, and emerged victors in, thirteen of the fifteen starts.

The record of games follows:  
 \*Idaho, 51; Spokane U., 19.  
 \*Idaho, 34; Gonzaga, 13.  
 Idaho, 40; Whitman, 30.  
 Idaho, 33; Whitman, 26.  
 \*Idaho, 36; Walla Walla "Y", 31.  
 Idaho, 39; O. A. C., 13.  
 Idaho, 50; O. A. C., 11.  
 Idaho, 45; Whitman, 16.  
 Idaho, 59; Whitman, 23.  
 Idaho, 44; W. S. C., 24.  
 Idaho, 26; Oregon, 27.  
 Idaho, 26; W. S. C., 31.  
 Idaho, 31; Washington, 28.  
 Idaho, 30; Washington, 23.  
 Idaho, 38; W. S. C., 20.  
 \* Non-conference games.

Idaho scored a total of 582 points in these fifteen games against her opponents 335. In conference games the Vandals scored 461 points against 272 for the teams they met. Of the season's total of 582 points, 454 were contributed by field goals, 126 from the foul line and 2 awarded by excessive personals. In the fifteen games the total individual scoring record is as follows:

Hunter High Man.

Player	Field Goals
Hunter	82
Moe	70
Campbell	57
Perrine	7
Carder	3
Brigham	3
Romig	3
Lindley	1
Irving	1

Fouls—Hunter, 123 out of 198 chances; Campbell, 2 out of 2; Perrine, 1 out of 1; Brigham, none out of 1, making the total 126 out of a possible 202.

In this season only three teams scored thirty or more points against the Vandals, two 31 each and one, 30. Idaho made a high score of 59 against Whitman and her lowest were two of 26 against Oregon and W. S. C. Only three teams led Idaho at the end of the first half and only one scored more points in the last half.

Six Letters.  
 Six men made their letters during the season just closed: Capt. Campbell, Moe, Hunter and Lindley getting their second ring in the sweater and Romig and Carder their first. Romig is the only one lost by graduation, Carder and Lindley having another year to go, while Campbell, Moe and Hunter have two.

During the past two seasons, Idaho has made a remarkable record. Conference champions both years; winners in 23 of 27 starts; and a total of 1062 points against an opposing 665 leaves a record that will be shot at for some time. "Drom" Campbell, "Bo" Moe, "Squinty" Hunter, "Prex" Lindley of the original Vandals, "Nutz" Romig and "War Horse Willie" Carder, newly initiated, were a scrapping aggregation that were not to be denied and they brought home the bacon.

### SARAH TRUAX READS AT ENGLISH CLUB

Sarah Truax entertained a regular meeting of the English Club Wednesday night with the reading of a short play, a travesty on the high cost of living in which the principal character is an egg. She prefaced her reading with a short talk on the ideals of the present American stage. Over fifty members of the English Club were in attendance. Refreshments of ice cream and cake were served by the junior class members of the organization.

## OUTFIGHT, OUTPLAY AND OUTSCORE W. S. C.

Vandals Cinch Northwest Championship By Running Rings Around Bohlerites for 38-20 Score.

A WALKAWAY FROM WHISTLE

Idaho Makes 23 Points in First Half While Pullman Scores Only Once From Field.

Playing a bang-up game of fast and clever basketball, Idaho triumphed in the third and deciding game of the season with W. S. C. The score was 38 to 20 and incidentally the win cinched the Northwest Conference championship. Conceded hardly more than a chance to win before the game, the Vandals entered with an abundance of that old Idaho fight and in less than five minutes convinced the Pullman supporters that W. S. C. did not have a show for the money.

Tho the red-topped rooters were for "Fiercely, Idaho. Give 'em hell, Washington!" their team was in a more receptive mood and Idaho did most of the giving. From the standpoint of Idaho fans who saw the game, it was the most satisfactory of the season, for the Vandals played rings around their opponents and at times made them look like a second-rate high school aggregation.

### Moe Makes Two in Minute.

For the first twenty seconds of the game it was a battle, but from that time on the issue was never in doubt. In the first minute of play, Moe slipped in two baskets from near center and shortly after each team scored a point on fouls. Idaho made a total of eight before Washington scored a gain. At this point the cow college got its only field goal of the first half, Kotula making a clean one from the side line and until the end of the half the only time the Pullmanites saw the ball was when it was thrown up at center after an Idaho score.

The Campbell-Moe-Hunter combination was working like well oiled machinery and registering as regularly and often as some Pullman athletes do to play football. Carder and Lindley had the W. S. C. basket area roped off, for the forwards could never break thru. The first half ended 23 to 8, Pullman's other four points coming from free throws.

### Second Period Closes.

The last half was more even, the Idaho team playing just hard enough to maintain their lead from the first half. Each of the Vandal scoring trio counted twice and Hunter added three from the foul line. Rocky and Kotula each got two long ones, while McIvor and Hollman got their lone contributions of the contest.

### Carder Breaks Another Record.

A peculiar play came in the first half when W. S. C. got four shots from the foul line on one foul by Carder. The referee awarded two shots for hacking under the basket, but as it was Carder's fourth personal, two additional were given. Hollman registered two of the four attempts. The score of this half was 15-12 Idaho making the final count 38 to 20.

### Play Together.

For Idaho, the whole team starred with Moe taking the leading role. Every man fought the whole way and it was a victory for each player. Campbell broke continually from Burgess and was in the thick of all the fight under the Vandal basket. Hunter played his best game of the latter part of the season and loomed big in both offense and defense. Carder and Lindley worked together in magnificent style and broke up play after play, keeping the W. S. C. forwards so far from the basket that the only chances they got were long hard shots. With five scrapping and clean players nothing was possible but a victory for the silver and the gold.

### Lineup and Summary.

Idaho (38)	W. S. C. (20)
Campbell	Hollman
Moe	McIvor
Hunter	Rockey
Carder	Kotula
Lindley	Burgess

Scoring, Field goals—Moe, 7; Hunter, 5; Campbell, 4; Kotula, 3; Rocky 2; McIvor, Hollman.  
 Fouls—Hunter, 6 in 10; Hollman, 4 in 7; McIvor, 2 in 4.  
 Substitution—Glover for Hollman.  
 Referee—E. A. Hinderman, Spokane.
