VOLUME XX

UNIVERSITY OF IDAHO, MOSCOW, TUESDAY, MAY 13, 1919

NUMBER 30

IDAHO FRESHMEN TO ENTER NATIONAL ATHLETIC CONTEST

COMPETITION IN FOUR EVENTS TO BE ENTERED BY YEARLINGS—IDAHO MEET WILL BE RUN OFF MAY 21 AND 22—BROAD JUMP, HIGH JUMP, 100-YD. DASH, BAR VAULT, CONTESTS

The Freshmen of the University will be given an opportunity to add to the laurels of their school as a body this spring by turning out en masse for competition in the events staged under the auspices of the National Collegiate Athletic Association, of which the University of Idaho is a member. Coach Bleamaster has received the details of the meet which will be run off in every school in the United States and the full particulars are given below from the bulletin issued by the association. The aim and purpose is fully stated and is an event that should arouse a great deal of interest every place where it is pulled off.

Four events will be staged, the 100 yard dash, running high jump, running broad jump, and the bar vault. At least 80 per cent of the freshman class must compete in all four of these contests.

The principal rules governing are as follows:

Bulletin No. 1, April, 1919.

The committee reprints for convenience the revised resolution as adopted at the 1918 conference of the National Collegiate Association:

1. Be it resolved, that, in the opinion of the National Collegiate Athletic Association, physical training and athletics are an essential part of education; and that in every college or university the Department of Physical Training and Athletics should be recognized as a department of college instruction, directly responsible to the college or university administration.

2. That each college faculty should make adequate provision in the hour scheduled for physical training and athletics.

3. In furtherance of the foregoing resolutions, already adopted, it is the sense of this body that as soon as possible seasonal coaches be replaced by coaches appointed for the year, or by themselves given appointment for a year or more.

4. That scouting, except at inter-collegiate tests, training tables, and organized training or coaching in the summer vacation are contrary to the spirit of amateur college athletics. Each college should use all opportunities to foster these ideals in both college and secondary schools.

II. The Committee recommends the vigorous pushing of the resolutions on

the training of physical education teachers in college and high school circles. The resolutions adopted were as follows:

"The National Collegiate Athletic Association, thru its executive committee, recognizing the accelerated interest in physical education in the legislatures, due to the rejection for military service of one-third of the drafted men and the marked leadership of the physically efficient men in the army, and realizing that an educated teaching force is a fundamental requirement of a practical physical education program, and that the American Physical Education Association is the national organization for promoting teacher training for physical education, request that the American Physical Education Association put on at this time an extra campaign for the securing and training of teachers."

III. The Committee recommends the adoption of a Freshman Efficiency test, as outlined below:

College Physical Efficiency Test. Spiked shoes barred in all contests.

100-yd dash—13 sec., 1 point; 12 2-5 sec., 2 points; 11 3-5 sec., 3 points.

Running high jump—3 ft. 6 in., 1 point; 3 ft. 11 in., 2 points; 4 ft. 3 in., 3 points.

Running broad jump—12 ft., 1 point; 13 ft. 4 in., 2 points; 14 ft. 4 in., 3 points.

Bar vault—4 ft., 1 point; 4 ft. 6 in., 2 points; 4 ft. 9 in., 3 points.

The University of Idaho is in the Ninth District of the National Organization. The awards to be given are a loving cup to be awarded to the college with the highest score and a certificate to the three highest colleges in each district.

Trials Start May 2d.

It is desired that the entire male personnel of the Freshman class be on hand at 4 o'clock, May 21, when the first two events will be run off and at the same hour, May 22, for the other two. The rules stipulate that in order to be eligible for the cup at least 80 per cent of the Freshman class must compete. The points made by each man in the class in each event will be totalled and the score turned in to the national organization for judging.

The Varsity track men will be the judges in the local event.

FIFTEEN WILL GO TO PRESIDIO CAMP

Captain Felker Announces List of R. O. T. C. Delegates—Will Receive Mileage.

Fifteen members of the Idaho cadet battalion have been selected to attend the summer R. O. T. C. training camp at the Presidio, San Francisco, Calif., for the six weeks' course starting June 21.

Men chosen for the camp are: Major Roy Thompson, Capt. Chas. H. Darling, Capt. Howard W. Staples, Lieut. Wilfred E. Newman, Lieut. R. O. Smith, Lieut. Pat Perrine, Sergt. Edwin D. Peterson, Capt. Brooks D. Weber, Sergt. Alfred A. Kinney, Corp. Ruben M. Johnson, Clinton E. Simonson, Joseph F. Chod, Lieut. E. B. Smith.

Dean Hulme Delivers Address. Dean E. M. Hulme delivered the commencement address at Sandpoint Friday, May 9.

PLANT MEMORIAL TREES

Liberty Grove Will Be Dedicated on Memorial Day.

Thirty-two memorial trees have been planted in memory of the university boys who made the supreme sacrifice for their country in the recent war for democracy. The trees were planted south of the administration building and just west of the flower garden.

The grove will be known as "Liberty Grove" and will be dedicated to our dead heroes during the memorial day services on May 30.

The trees are Red Oak. The planting was under supervision of the Forestry Department which took particular pains selecting and placing the trees, which were planted with enough interval to insure plenty of room for growth.

Educators to Visit University Thurs. State Commissioner of Education, E. A. Bryan will visit the university Thursday, May 15. Evan Evans, a member of the board of education, will accompany him.

WILL NOMINATE A. S. U. I. OFFICERS TOMORROW AT 11

At an A. S. U. I. meeting to be held tomorrow at 11 o'clock, nominations will be made for the offices of president, vice president, secretary and treasurer of the A. S. U. I.; the editor, associate editor, business manager, and assistant business manager of the Argonaut; the debate manager and seven members of the athletic board. The election will be held Friday.

LARGE SQUAD GIVES W. S. C. TRACK MEET

Seconds and Thirds Win Dual Battle for Staters 79-52.

IRVING HIGH POINT MAN

Scores 13—Richmond and McCallie Romp Aaway With Dashes.

Idaho's track team was defeated by Washington State college 79 to 52 Saturday afternoon in the annual dual track meet. W. S. C. upset the dope and led in points from the start. "Doc" Bohler was able to place men enough to take seconds and thirds and in this way Pullman ran up a big score. When Idaho took a first usually W. S. C. took seconds and thirds and when W. S. C. took a first in a number of the events the second and third places were also grabbed by Pullmanites.

Captain Jack Richmond won the sprint events easily. In a slow 100 yards, timed at 10:2 seconds, he easily led the field with Sutton, W. S. C., second, and Les Moe, Idaho, third.

McCallie Leaves Parker.

The prettiest race of the day was the 440 yard dash which was won by McCallie in the decidedly fast time of 50 4-5 seconds. McCallie ran a beautiful race.

Howard Shows Nerve.

Nelson Howard took second place in the 120 yard high hurdles, after running a gritty race. He ran the high sticks with a badly poisoned leg, and after the race was unable to get around without the assistance of a cane.

Les Moe took the 220 low hurdles away from the Pullman school without trouble.

Irving High Man.

Neil Irving heaved the shot and javelin far, far away for first place in both events. He took second in the discus throw. Irving was Idaho's individual star. He took 13 points, just one point behind Jenne, W. S. C. high point man of the meet.

Jenne, brilliant pole vaulter, took firsts in the pole vault, and broad jump, and tied with Rowell, W. S. C. for first place in the high jump. In an exhibition pole vault he cleared the bar at 12 feet. He tried to establish a new northwestern record of 12 feet 3 inches but failed. The wind was blowing or probably he would have beaten the present record of 12 feet two and one-half inches.

Oliver Campbell, game Idaho runner, ran the mile with a bad back.

The Summary:

100-yard dash—Richmond, Idaho, first; Sutton, W. S. C., second; Moe, Idaho, third; time 10:2.

120-yard hurdles—Howard, W. S. C., tied for first and second; Smith, W. S. C. third; time 4:46.

330-yard dash—McCallie, Idaho, first; Parker, W. S. C., second; Calder, W. S. C., third; time, 50.4.

220-yard dash—Richmond, W. S. C., first; Howard, Idaho, second; Hanson, W. S. C., third; time 16:2.

220-yard run—Richmond, Idaho, first; Sutton, W. S. C., second; Thompson, Idaho, third; time, 22.

880-yard run—Ratchford, W. S. C., first; Phillips, W. S. C., second; McCallie, Idaho, third; time, 2:03 1-5.

220-yard hurdles—Moe, Idaho, first; Howell, W. S. C., second; Perrine, W. S. C., third; time, 2:03 1-5.

(Continued on page three.)

NOTICE!

There will be no city mailing list for the Argonaut in the future. Fraternity men and women are requested to get their Argonauts at their respective houses. Others will find their copies at the Argonaut news box not later than Tuesday and Friday evenings.

THE STAFF.

NOTICE TO ADVERTISERS

In the future no ads will be accepted later than Monday and Thursday evenings for the next day's issue.

THE STAFF.

DRIVES HOME SOCIAL DUTY OF STUDENTS

J. Stitt Wilson Pleads Cause of "Constructive Christian Democracy" in Assembly Speech.

That institutions of learning must become spiritually fruitful as well as intellectually illuminated was the keynote of the address of Mr. J. Stitt Wilson of Berkeley, California, in a lecture on "Constructive Christian Democracy," delivered in assembly yesterday. Mr. Wilson demonstrated the necessity of opening up to the students the social problems of America and of quickening the social conscience in regard to the present problems. Mr. Wilson stated that 125,000 students and faculty were lending all possible support to the great after-war movement.

Mr. Wilson emphasized the obligation which the students of the 20th century owed to the fallen heroes.

He quoted the immortal lines of Lieutenant-Colonel McCrea, "If ye break faith with those who died in Flanders' Fields, they shall not sleep, though poppies bloom in Flanders' Fields."

"The great poet of the 20th century," continued Mr. Wilson, "will be the poet of labor. The last shall be first. The spiritual element is making rapid strides in spiritual meaning and ethical insight."

The great sacrifice of our allies and Russia before we entered the war was emphasized by Mr. Wilson. "Before we entered the war, before we had spent a dollar, in fact, while we were making millions and millions of dollars and had not lost a man, 4,600,000 soldiers of our allies had given their lives in order to hold the world to the point to which it had attained.

"We have a duty to humanity," he concluded, "which transcends any duty to ourselves which we may have."

ORIENTAL ENTERTAINMENT PROMISES NOVEL FEATURES

The Oriental Entertainment to be given at the "Y" hut by the Y. W. C. A. tomorrow night promises to be a treat well worth seeing. A short program will be given, including numbers by Bernadine Adair and Violet Meacham. Tea will be served in true Japanese custom by dainty "Geisha Girls."

No admission will be charged.

PROSPECT OF MORE TICKETS—TICKET SALE BEGINS

Tickets are now on sale for the English Club plays, "Helena's Husband" and "The Glittering Gate," which are to be given in the university auditorium Monday, May 19. The admission is 35 cents for townspeople and 25 cents for college and high school students.

Half of the proceeds are to go to the clock fund. Remember this—and buy a ticket when you are asked.

TOMORROW TAG DAY FOR INTERSCHOLASTIC

Students Must Come Across With Dollars Says Committee.

LEWISTON AND BOISE BID HIGH

Incomplete Entry List Gives Them Odds in Annual State Meet.

Only details remain to be arranged in the plans for the annual interscholastic track and field meet to be held on the Idaho athletic field Friday of this week. The entry lists are coming in, the ticket sale is in full swing, and the Stunt and Song Fest to be given in the evening is receiving the undivided attention of a large portion of the student body.

Wear Tags Tomorrow.

Altho several admissions to the big meet have been sold in the student body, the ticket committee is not yet satisfied with the showing of the students, and has declared tomorrow the official tag day. Anyone who appears on the campus without a tag will be the immediate prey of the sixteen students who are disposing of the tickets.

Authors Won't Talk.

Information regarding the Stunt-fest for Friday night is non-existent. The class chairmen promise that the standard of the performance will not fall below that of previous years, but further than that will say nothing. The Song and Stunt fest was started several years ago to provide entertainment for the high school athletics at the time of the annual state track meet, and has become an established university tradition. A prize of \$25 will go to the class producing the winning song. The judges for both the songs and stunts will be selected by a joint faculty and student committee.

Boise and Lewiston Strong.

As the Argonaut goes to press final entry lists have appeared from Lewiston, Boise, Genesee, Coeur d'Alene and Orofino.

Boise won the southwestern Idaho sectional meet held last week, and Lewiston won the central Idaho meet which took place two weeks ago. The advance dope strongly favors these two schools as cup-winners. Further entries are expected today and tomorrow.

Merchants Buy Medals.

In addition to the cup for the winner, individual medals will be given for each first, second and third place taken. These medals are being donated by the business men of Moscow.

The preliminaries for the meet will be held at 10:00 Friday morning. As the hurdles are seldom favorite events in high school circles, it is expected that the dashes will be the only features requiring elimination heats.

Starts at 2:00.

The final contest will start at 2:00 p. m. Friday. The university will probably be dismissed for this occasion. Many of the business men of the city have announced their intention of closing.

Altho the meet will be over on Friday, a large number of the visitors are expected to remain for the Mucker's ball on Saturday night. The teams are being entertained by the fraternities.

BASE BALL GAME WITH W. S. C. CALLED OFF

The W. S. C.-Idaho baseball game, scheduled for Tuesday afternoon has been called off, at the request of Pullman. Washington State faculty have decided to cancel the rest of the W. S. C. schedule. With the cancelling of the game here the baseball season of Idaho ends as this game was to have been the last one.

THE UNIVERSITY ARGONAUT

Published every Tuesday and Friday during the college year by the Associated Students of the University of Idaho.

Rates: Per year, \$1.25, except subscriptions outside the United States, which are \$1.75.

Entered at the postoffice at Moscow, Idaho, as Second Class Mail Matter.

HELP US OUT.

The Argonaut is a live newspaper. Five minutes after the campus day orators had finished talking; the report of their speeches and the entire story of the campus day activities were in your hands thru the columns of the Argonaut.

We believe that we are in a position to serve you well in recording and interpreting student life and ideals.

We want to make the Argonaut a complete record of Idaho.

BUT

We must have your cooperation. First, you must assist the reporters in getting accurate news.

Second, because it takes money to run a newspaper, you must patronize our advertisers. And let them know that you buy from them because they advertise in the Argonaut.

INVEST NOW

Younger Idaho will come in contact with the State University Friday for the last time this year. Every one of the athletes who will be here for the Interscholastic track meet is a prospective Idaho student. Whether he comes here or not will depend largely upon the impression he receives this week-end. And that impression will be governed almost entirely by the actions of the student body.

If every member of the student body is out for the meet with a lot of enthusiasm, the visitors will know that we have a "live" university. If the attendance is meager, they will form another opinion.

The down town merchants are going to close their businesses Friday afternoon for the Interscholastic. Moscow high school will be here two hundred strong in spite of the fact that she has no entries. Where will the students of the university of Idaho be?

The admission is one dollar. The meet will be worth it. Furthermore you will be investing in the University of Idaho whose reputation is yours.

Thirteen hundred admissions were sold to the Washington State Interscholastic, two thousand to the Oregon Interscholastic, and, up to date, one hundred and fifty to the Idaho Interscholastic. How about it? Remember tomorrow is Tag Day.

LET US CHOOSE CAREFULLY.

The students who will shape the policy of the Idaho student body for next year will be nominated tomorrow. The A. S. U. I. offices are de-

cidely not honorary; they are positions of responsibility. The students who are to fill the highest offices in the Idaho student body should not be chosen on the spur of the moment, but only after careful analysis in which all personal and fraternal feelings are disregarded.

Perhaps the most difficult post to fill is the of the president of the student body. Too often the successful candidate, elected because of his popularity, has failed in his function as leader of the Idaho undergraduates. We are not concerned merely with having a man to preside at a meeting of the student body. We want a man who is willing to assume responsibility, who has ideas and initiative, and the driving force to make the A. S. U. I. the living power which it should be.

Next year will mark the return of many old students, and the coming of many new ones. It should be the greatest year in the history of the institution. Yet much depends upon the ability of the student officers.

The A. S. U. I. offices are marks of honor. But they should be rewards, not for an affable disposition, but for loyal unselfish service to Old Idaho. Let us put petty individual interests aside, and in nominating tomorrow be sure first that our candidates are:

1. Fitted for their particular offices.
2. Deserving of the honor.
3. Loyal to the finest spirit of Idaho and are willing to pay the sacrifices to further that spirit.

THE CAMPUS ROOMER

Campus Day came off in good shape and there was lots of fun and jazz and some work was done. When the time finally arrived to assemble it was found that the bosses, "straw" and otherwise, out-numbered the laborers about three to one and by the time everyone was ready to quit working there was nothing but bosses left. The police squad was made up of those that were too lazy to either work or boss and they spent most of their time riding around town and playing pump pump pull-away in the front yard of one of the sorority houses. That young police force is just about as useful and ornamental on Campus Day as a wooden leg to a marathon runner.

The faculty also were out in force and a couple "by force" and they really did pretty well, considering. The first hour and a half was spent in argument as to who ought to be boss, but finally the originator of "The Practical Theme Tablet," thru his masterful use of the good queen's English, won out and incidentally deposited himself on a nearby clod and from then on ran the procession.

The tools suffered considerable as the representative of the chemistry department broke three shovel handles himself (leaning on them.) There were several other minor accidents of similar nature.

The dances in the afternoon were very interesting and in some of the dances there were three or four different steps. They must have been hard to learn. That one where the girls shook their fingers and then slapped each other was awfully brutal. There must have been lots of hard feelings after that was over with. The "Angle-worm" dance that the band played for was pretty nifty.

Well the dope was all upset last Saturday and some of those dark horses sure popped up out of the long grass. The good old Idaho fight was shown all thru the meet. They had a long winded guy over there that they called "Jitney" and he showed some of the famous W. S. C. sportsmanship in the mile run. As far as the latter goes, it was more like the "two for nickel" variety.

Hen teeth didn't have anything on W. S. C. money for being scarce. It was harder to get than cold feet during an African August. The grapes have to be in the act of being eaten before they will take a chance with their paltry shekels.

The coachless base ball team also suffered defeat for the third time. They put up a good fight considering the weather and various other minor details.

One man made his letter in base ball. It really did take "some" intelligence on the part of "somebody" to pull that seven inning stunt in Pullman.

The Foot Rest and Bar Association is still running, but due to the fact there was very little school last week they held no "important meetings."

Sunday would have been a wonderful day for ducks, but about two hundred brave young people dared to tackle the mountains on a picnic. Most of the day was spent by the numerous couples in hunting "dry spots."

THE UNIVERSITY of IDAHO

Established in Eighteen Hundred and Eighty-nine.

- THE COLLEGE OF LETTERS AND SCIENCE
- THE COLLEGE OF AGRICULTURE
- THE COLLEGE OF ENGINEERING
- THE COLLEGE OF LAW
- THE SCHOOL OF MINES
- THE SCHOOL OF FORESTRY
- THE SUB-STATION OF THE BUREAU OF MINES
- THE EXTENSION DIVISION, BOISE
- THE AGRICULTURAL EXPERIMENT STATION

MOSCOW

Sandpoint, Caldwell, Aberdeen, Felt

Why Go to "Idaho"

The choice of a university or college to be attended should be based upon four principal requirements: 1st, a high purpose and broad field of work; 2d, a competent faculty; 3d, a sufficient equipment; 4th, a student body of high ideals. The University of Idaho fully satisfies these requirements.

- 1. Purpose and Field—**
Its purpose is to serve the people of Idaho in developing and training students; in advancing the entire State educational system of which it is a part; in assisting toward the solution of economic and social problems; in furnishing expert knowledge in Agriculture, Engineering, Forestry, Mining, Home Economics, Law, and Educational matters not only to students in residence but also to all who desire it throughout the State.
- 2. Faculty—**
The faculty is made up of eighty-three teachers of thorough training and efficiency attained by years of study and experience. They are deeply interested in the progress of each and all under their instruction. They know the State and its conditions and give their best efforts to its development. In addition there are more than seventy workers in the agricultural extension division and fifteen agricultural county agents.
- 3. Equipment—**
Its equipment is ample. It has a library of over 40,000 volumes, excellent facilities for teaching literature, philosophy, and the social sciences, and well provided laboratories for the natural and applied sciences and for the technologies.
- 4. Students—**
Its students are earnest, wide-awake, and democratic. A large number of them earn their own way. Its alumni now occupy high positions and will be the future leaders of Idaho in professions, the industrial vocations, and in the building and maintenance of homes.

The six colleges, the central agricultural experiment station and the sub-station of the U. S. Bureau of Mines are located at Moscow; the main agricultural extension office is Boise, and the agricultural sub-stations and demonstration farms at Caldwell, Sandpoint, Moscow, Aberdeen and Felt.

ERICKSON INSTRUCTS SOLDIERS IN FRANCE

Idaho Professor Teaches Doughboys Attending A. E. F. University at Beauce

Professor F. M. Erickson of the education department is now instructing a class of doughboys in the American University at Beauce, France; according to word received at the university recently. There are at present 10,000 soldiers doing college work there.

Since March 1, Professor Erickson states, 170 college buildings have been constructed on a site occupying two square miles. The agricultural college is located a few miles away and farms 600 acres of the best soil in France.

A student can obtain whatever training he desires at the university, all the colleges having been organized. The faculty consists of nearly 500 instructors.

The great purpose of this university, says Prof. Erickson, is to offer occupation to homesick and idle boys who must remain in France for considerable time yet, because of the limited transportation. Not only does this scheme offer valuable opportunity for learning, but there is a movement on foot to give credit for work satisfactorily done at this university that will be accepted by universities over here and will apply toward degrees.

It is explained by Prof. Erickson that the American University at Beauce, with its student body of 10,000 college men, is but a part of the army's program to offer schooling to American boys in France.

Scattered over the territory occupied by our soldiers there are 1000 post schools teaching high school and elementary subjects to soldiers who have not the training to admit them to the university. The post schools are in the hands of teachers chosen from the ranks who are qualified to teach the subjects. These instructors are sent to the university at Beauce in contingents of 720 for two weeks of intensive drill and instruction. Prof. Erickson is one of the force that lectures to these people.

The post schools are arranged in districts over each of which a single supervisor goes about advising and organizing according to instructions received at the American University, the headquarters for all overseas educational work.

Pershing Reviews School.
 Prof. Erickson speaks enthusiastically of a review in which all of the 10,000 student body and 500 faculty participated.

This event was an inaugural ceremony for the new university. General Pershing inspected the lines. Prof. Erickson says, "Gen. Pershing passed within a foot of me but, seeing no spots on my uniform, he passed by." The professor's letter spoke of Pershing as a real man, the soldier's own type of an officer.

Speaking of France at this time of the year, Prof. Erickson said: "It rains and rains but spring is coming on beautifully. Among the boys it is a common remark, 'Seeing France from a slicker.'"

TWO SUFFER CASUALTIES IN CAMPUS DAY CLEANUP

Only two casualties have been reported among the laborers on Campus Day. These were reported from the Metallurgy Building where the miners were working. Arthur Sargent received bruises on the wrist caused by a blow from a sledge hammer. Charles Burgher was cut while turning a drill. Both men were able to attend classes Monday.

Wilson Tours State.
 Professor C. B. Wilson, state supervisor of vocational agriculture, is at present making a tour of the high schools of the state, inspecting the Smith-Hughes work in agriculture in high schools where it has already been organized, and initiating the vocational work in such high schools as are interested in this phase of education.

See the future Idaho stars in action! The Interscholastic, May 16th. Admission \$1.00.

 Society notes for the Friday issue of the Argonaut must be dropped in the Argonaut box not later than 8:00 a. m. Thursday.

HERE'S THE PROGRAM
LOOK IT OVER!
 The rest of the University year will be one gay round of pleasure, according to Professor D. C. Livingston, a member of the Committee on Student Activities. Dances, parties, athletic events and dramatics will be staged on Saturday and week nights until inations begin. The calendar for the rest of the quarter follows:
 Friday, May 16—Stunt Fest.
 Saturday, May 17—Mucker's Ball.
 Monday, May 19—English Club play, "Helena's Husband" and "Glittering Gate."
 Thursday, May 22 — Pre-Med dance.
 Friday, May 23—Junior Class play.
 Saturday, May 24—Athletic Ball.
 Thursday, May 29—Debate with Montana.
 Friday, May 30—Beta dance.
 Saturday, May 31—Sigma Nu dance.
D. G.'s Give Pavilion Dance.
 The Delta Gammas gave a Pavilion dance Saturday evening. The decorations

226 FROM OUTSIDE IDAHO

Thirty States and Two Foreign Countries Represented in Year's Total.
 Students from 30 states, other than Idaho, and two foreign countries were enrolled at the University of Idaho during the past year, according to a report issued from the office of Dean E. J. Eldridge. This makes an enrollment of 226 students from outside the state.
 The total enrollment for the past year was 1327, of these the largest number was furnished by the following counties: Ada, 120; Latah, 164; Canyon, 75; Nez Perce, 61; Shoshone, 56, and Twin Falls, 68. The enrollment of students from Idaho was 1101.

Your Gown made like new
 Your dress or gown will be made surprisingly satisfactory in appearance, if you will send it to us for a careful dry cleaning and a skillful pressing.
 Our process will brighten and freshen the fabric, remove the soil and stains, take out the wrinkles and creases, and shape the garment so it hangs and fits like new.
 No garment is too dainty or elaborate for us to successfully finish. Prices are reasonable.
 Try us.

New Things First

That's our slogan. If you are a customer of ours, you need not be told this—our merchandise speaks for itself. Let us show you the new things that have arrived the last two weeks.

The Togs

CLOTHES SHOP

Where the Students Trade

GOING OVER

the events in the Idaho-W. S. C. meet, we all take notice of the firsts in the 100, 220, 440 and 220 hurdles. Some events we say. Look out for the Conference meet with the weight men going strong.

May we call your attention to another item (with a grain of modesty thrown in)?

David's Wins First Place

in VALUE GIVING, SERVICE, BEST SELECTED MERCHANDISE. We get no medals, but are perfectly satisfied with the patronage the students give us and to be in reality as well as in name.

W. S. C. TROUNCES IDAHO IN THIRD GAME

Baseball Team Trimmed 11 to 0 in Poor Seven Inning Exhibition.

Washington State College won from Idaho's baseball team 11 to 0 Saturday morning in a poor seven inning game. Captain Rettig was not pitching his customary sterling brand of baseball and W. S. C. hitters grabbed off six runs in the first four innings. Sandberg went in for the rest of the game and Pullman hitters drove across five runs, two of them homers in the fifth frame. In the next inning "Doc" Bohler's ball players failed to bring a counter across the plate and they forfeited their last half of the seventh inning.

Three hits were made by Idaho off Lewis, W. S. C. pitcher. McCrea, first baseman, Buescher, second baseman, and Hunter, left field, all banged out singles.

Buescher played a good game at second base. He stopped everything that came within hailing distance and clouted out a nice single.

McCrea at first played his best game of the season. He was on his toes all through the game and used his baseball bean to good advantage. Numerous erratic throws were pulled down out of the air for outs. In addition he got a nice hit.

Summary:

	R.	H.	E.
Idaho	0	3	7
W. S. C.	11	7	2

Batteries—Rettig, Sandberg and Thomas, Idaho; Lewis and Kuehl, W. S. C. Umpire, Sam Moyer, Pullman.

Engineers Meet Tomorrow.

The Associated Engineers of the University of Idaho will hold a regular meeting tomorrow night. Papers will be presented by the senior members of the association. President Almquist has appointed the following committees: Program Committee—Professor Miller, chairman; Roy Thompson and Titus Leclair; Honorary Membership Committee, Henry King, chairman, Hugh Richardson and George Curtis.

BRING YOUR DOLLAR

Tomorrow will be the Official Tag Day for the Interscholastic Track meet on Friday. The tickets will sell for one dollar. All students who have already purchased admissions will escape molestation by donning the tag. ALL OUT FOR THE BIG MEET!

MABERLY WINS TENNIS CUP

Men's Tourney Goes to Freshman—Yearlings Also Take Mixed Doubles.

Tom Maberly, freshman of Boise, won the Idaho tennis tournament championship from Bill Denecke, junior, in three straight sets 6-3, 6-2, 7-5. He will receive the cup donated by Davids'. Maberly and Geraldine Nusbaum, freshman class mixed doubles team, won the mixed doubles championship from the seniors, Art Almquist and Elsie Voss, 9-7, 2-6, 7-5. As Maberly is a freshman he is barred by the freshman collegiate ruling from entering the Northwest Conference as Idaho's representative. Either Bleamaster will have to pick Idaho's team of two men for the tournament May 24 at Pullman or Almquist, Hunter, Ott and Denecke, will have to play to decide the lineup.

The complete results of the tennis tournament are as follows: Maberly beat Almquist, Hunter beat Lindley, Denecke beat Hege, Rowell beat Nickel, Ott beat McCrea. In the second round Maberly beat Hunter, Denecke beat Rowell, and Ott drew a bye. In the semi-finals Denecke beat Ott, and in the finals Maberly beat Denecke.

PRAISE WODSEDALEK

California Professors Quote Him Liberally in Books on Genetics.

Dr. J. E. Wodsedalek's work has received high praise in a book entitled "Genetics in Relation to Agriculture" by professors in the University of California, and published recently by the McGraw-Hill Book Company.

Numerous pages on many of the most important topics are quoted directly from the original publications of J. E. Wodsedalek. The authors have also made liberal use of his cytological figures. The authors state that they are greatly indebted to Dr. Wodsedalek for his researches on the determination of sex in domestic animals.

According to critics this book is an up-to-date and accurate authority on advanced genetics.

Write for Historical Review.

The University of Idaho Department of History occupies a prominent place in the current issue of The American Historical Review, which contains a leading article on "The Diverging Tendencies in New York Democracy in the Period of the Locofocus" by Professor William J. Trimble, who is to be a member of the department, and who will give three courses in the Summer School. In addition, two of the leading reviews of books are by Dean Edward M. Hulme.

The new war tax has made us realize more forcibly than ever that this is a world of "Multiplicity in Change."

STUDENTS WILL SOON CONTROL LOCAL "Y"

Officers to be Elected By All Men Students—Delegates Will Go to Seabeck.

The University Y. M. C. A. will soon be reorganized under student control. This action was decided upon at a luncheon of faculty and students held yesterday at Plummer's cafeteria in honor of J. Stitt Wilson. Action was also taken to boost the Y. M. C. A. Student Conference held at Seabeck June 14-23 and plans are under foot to select ten representatives to go to the conference from Idaho this June.

The Y. M. C. A. control passes out of the National War Workers committee upon June 30th. Action will begin next week to take the necessary steps to place the Y. M. C. A. under student control. Officers will be nominated by a committee composed of Secretary Chaney, E. K. Lindley and Hoyt Smith, to be voted on by the student body next week. When elected they will have control of the local Y. M. C. A. in regard to its management and policy.

The annual Seabeck Y. M. C. A. Student Convention will be held at Seabeck June 14-23. The purpose of this convention is to bring the universities and colleges of the northwest into closer connection, to profit by each other's experiences and to get away from the prevailing provincialism.

College men from Washington, Idaho, Montana, Oregon and British Columbia will attend the Seabeck conference. The presidents of the student bodies and the editors of the papers are being urged especially to be present.

President Lindley to Deliver Eight Addresses.

President E. H. Lindley is scheduled to make eight commencement addresses this week. He left Sunday morning for Filer where he delivered the high school commencement address Monday evening. He is to deliver commencement addresses every night this week and Monday of next week before his return.

Muckers Stage Bi-Weekly Meeting. Professor D. C. Livingston and Mr. R. D. Bowers were the principal speakers at the bi-weekly meeting of the Associated Miners Wednesday night. The matter of programs for the dance a week from Saturday were discussed.

A Beauty Builder

There are so many compounds called cold cream that it is often difficult to make a selection. Most cold creams are good when fresh, but they become irritating when old. We recommend

Garden Court Double Combination Cream

because we always have a fresh supply. One of its distinctive qualities is that it keeps fresh and delightful for an indefinite period.

A perfect cream for healing and for massage purposes.
