

# The University Argonaut

VOLUME XXI

UNIVERSITY OF IDAHO, MOSCOW, TUESDAY, OCTOBER 7, 1919.

NUMBER 3

## CRIPPLED LINEUP MAY FACE OREGON SQUAD

Five Men Out With Injuries—Have Even Chances for Recovery In Time

With a 50-50 chance that the five first string men injured in a scrimmage last Wednesday night with the freshmen will be able to be in the lineup on the seventeenth in the game against Oregon, football hopes have resumed their former bright aspect. "Chick" Evans, laid up with a badly sprained ankle, fares the worst of those on the casualty list. Captain "Bunt" Breshears, who suffered a sprained elbow and was held out of practice for several nights, was out in uniform again Monday night and while his wing is still of little use to him, he will probably be in tip-top shape several days before the team meets Oregon.

Irvine is also a victim of a bad arm that is holding him back from good workouts but it is not believed that Blea's warriors will have to face Oregon without him. Grover Evans, working for an end position, is coming fast from a bad charley horse he got a week or two ago. "Tommy" Thompson is nursing a stiff knee but he has been able to show up in uniform and work out every night.

"Turk" Gurlough is toiling each night at kicking in case Thompson is unable to handle this part of the game.

Linemen Getting Stiff Work Those working for line positions are going through a vigorous program of blocking and charging as mapped out by Coaches Bleamaster and Hutchinson to put the men in shape for the Oregon contest, which will be one of the hardest of the season, and to aid them in selecting the best men from the multitude of candidates that make choosing hard.

"Buck" Phillips, who played tackle on the Idaho elevens in '13, '14, '15 and '16, is up from Lewiston and will be here all week to aid the coaches in rounding the linemen into shape. Several other old letter men have been here to look over the team and size them up.

In the event that "Bunt" Breshears cannot play in the Oregon game, either Whitcomb or O'Brien will probably be brought into action in the quarter position. Both of these fellows are hard fighting comers who have demonstrated their ability and cool-headedness in scrimmages and practice already this year. Brigham and Johnson are two more promising men who will be rushed into the backfield in case the injured men are not in shape to enter the contest.

Beyond saying that no man has cinched a place on the lineup, Bleamaster is backward in discussing the merits of the long string of men working for positions. Fourteen letter men are out nightly for the old position they held in seasons past, in addition to a flock of new material, some of which will be tested against Oregon.

"Turk" and "Tommy" Going Strong That "Turk" Gurlough and "Tommy" Thompson are still in their old time form was demonstrated in the scrimmage with the Frosh last Wednesday. Both men repeatedly went for long distances through broken fields and it was no easy sailing through the bunch of hopefuls the Frosh coach, Dingle, lined up against the varsity. Particularly effective men on the freshmen team were Brown, Turner and "Sherm" Breshears. "Hick" Breshears showed great form in bucking the varsity line. Howard Breshears showed that he had his share of the family football brains with some heady work at quarter.

The first Campus-Hour gathering turned out and sized on the team, and went through the varsity yell under "Tod" Bartlett, yell king, and Carey Smith and Phillip Buck, dukes. Although the suggestion of a campus hour each Wednesday for cheer practicing and to stir up the old Idaho spirit, was rather hastily sprung, 150 loyal fans turned out and gave their vocal chords a little exercise.

Campus hour will be repeated again Thursday and every following Thursday through the football season. Students are expected to look toward this affair the same as to any other school date—to turn out and back the team—to give vigorous expression of their willingness to back the team which they all have within them. Campus hour starts at 4:15 and ends at 5:15 every Thursday afternoon, in the grandstand at the athletic field.

Varsity Team Light In Weight The varsity team will balance the scales at an average between 165 and 170 pounds to the man according to Blea. From this it will be seen that speed will be the watchword of this year's aggregation. It seems evident that open field work will hold an important place in Idaho's attack.

Little information has been received as yet concerning the Oregon squad, but with them having a good bunch of letter men back this year, as every school has, they can be depended on to be a mighty stiff bunch to tackle.

## WOMENS LEAGUE MEETS TO ELECT OFFICERS

Lillian White, President, Calls Monday's Gathering—Will Beautify Memorial Grove.

Plans were made for the beautifying of the Memorial Grove at a meeting of the Women's League held Monday afternoon at the "Y" hut.

The following committee was appointed by the president to have charge of the work: Frances Wiley, chairman, Agnes Sweeney, Gail Musser, Freda Soulen, Harriet Neaville and Ruth Scott. The League proposes to keep the lawn in good condition and to make the grove a place where students may feel that they are always welcome. Miss French suggests that benches and lights be placed in the grove and urges that the University women do everything in their power to keep the grove a fitting memorial for the Idaho men who gave their lives in the Great War.

The League officers for the year are: president, Lillian White; secretary-treasurer, Gladys Clarke; executive board, Lucy Davis, Freda Soulen, Alice Bessee, Marian Chubbuck, Eula Badger and Dessie Hall. The vice president is to be elected.

Dean French Speaks. Miss French spoke to the girls briefly concerning the different phases of college life. She desires that within the month of October every girl in college register with her between the hours of one and four during week days. She also discussed the importance of the league and said that it was her wish to have the girls meet together more frequently during the year. She plans to have different faculty women address the girls at these meetings. Florence Allebaugh and Henrietta Peasley were unanimously elected to act as song leaders for the W. S. C. rally.

## FORESTRY SCHOOL TO OFFER NEW COURSE

Half Year Study to Equip Men For Forest Ranger Service.

The Ranger course offered by the School of Forestry will open November 3 and close March 28. The course is planned to meet the needs of forest rangers and guards wishing to increase their efficiency or those looking forward to the work of a forest ranger; also of others engaged in some branch of the timber industry who wish to acquire a knowledge of the general principles of forestry. It prepares for the civil service examination for the position of forest ranger in the U. S. Forest service.

Admission is without examination, the only requirement being that the student shall be able to carry the work with profit to himself.

M. H. Wolff, supervisor, Cou d'Alene National forest, will lecture on forestry management; S. V. Fullaway, Supervisor, Nezperce National forest, will lecture on forest administration and S. E. Favre, Supervisor, Humboldt National forest, will lecture on grazing administration.

For further information concerning the course address the School of Forestry, University of Idaho, Moscow.

## NEW BUREAU OF MINES

The newly established State Bureau of Mines and Geology is proving advantageous in bringing both faculty and students into contact with the mining problems of the state, according to Francis A. Thomson, Dean of the School of Mines. The office of the bureau is by law located at the School of Mines, although it is under an independent board and has its own appropriation.

## PRESIDENT LINDLEY ON SPEAKING TOUR

Addresses Meetings in Spokane and Boise—Leaves Next Week to Visit Many Teachers' Institutes

President Lindley returned to Moscow Friday from a weeks travel to several cities in the state, giving many addresses during the trip. He began a week ago Thursday at Spokane, where he addressed a joint meeting of the employees of the J. W. Graham Co., and the Crescent Store upon the subject "Sociology and Business." Friday noon he spoke before the North Western Red Cross Conference held in Spokane upon the topic of Mental Hygiene, and that same night addressed the Postmasters and Secretaries of the Chambers of Commerce from Oregon, Washington, Idaho, Montana, and British Columbia upon the "American Standard."

From Spokane Dr. Lindley went to Boise where he gave a talk before the Northwestern Tuberculosis Conference in session there, his subject being Social Hygiene. Dr. Lindley also addressed a luncheon of Red Cross workers upon the Education of the Disabled Soldier, and before leaving Boise met with the State Board of Regents of the University of Idaho. This last Friday President Lindley spent attending the Lewiston Joint Institute, addressing the institute while there.

It is quite probable that he will leave again for southern Idaho the latter part of this week to address the Joint Teachers' Institute at Twin Falls, probably spending two days in that city. From there he goes to the Rexburg Institute, and then attending a similar gathering at Pocatello.

## CAMPUS HOUR THURSDAY WILL SEE ROOTER KINGS IN ACTION

Campus Hour will be, in the future, a permanent institution on the Idaho Campus. The purpose is to get the students together to boost the team once a week and to enable them to become familiar with the Idaho yell. It is hoped in this way to get the students into better shape for the Harvard Singing and Yelling Contest which is to be held before the W. S. C. Idaho game, between the students of the two schools.

At each "Campus Hour" the varsity team will go through a brisk scrimmage and give an exhibition of fast plays, and it is urged that all students turn out so they may become familiar with university athletics.

The rooter kings have the program for Thursday mapped out and expect to begin to get the rooters in shape for the big games.

## EXECUTIVE BOARD HAS IMPORTANT MEETING

Plan Introduced to Give Editor of Argonaut Share in Profits of McDewitt New Manager.

The Executive Board held its regular meeting on Friday, October 3rd. During this session Al. Kinney's resignation as business manager of the Argonaut was read and accepted, and Bernard McDewitt was unanimously elected to fill the vacancy made by Kinney's withdrawal. A motion to the effect that fifty per cent of the profits made on the Argonaut should, at the close of the school year, be given to the editor of the paper was laid on the table for further consideration. In the past the business manager of the Argonaut has always received fifty per cent of the profits, the other fifty per cent remaining as a trust fund. As this fund is not required to start the Argonaut in the autumn, the editor has petitioned, in recognition of the fact that his work is as heavy as the business manager's, for the extra fifty per cent. Last year's surplus fund from the Argonaut was approximately \$170.

DR. E. T. ALLEN WILL LECTURE "War Experiences in Persia," will be the title of the address to be delivered by Dr. E. T. Allen at assembly Wednesday. Dr. Allen will discuss the war's effect on Persia.

## DEBATERS LAY PLANS FOR BIGGER SCHEDULE

Prof. Chenoweth and Charles Darling Are in Charge—Many Old Debaters Back.

An informal meeting of all old debaters was called Monday afternoon by debate manager Charles Darling to discuss the plausibility of a more ambitious debate schedule for Idaho during the coming season. It was the general consensus of opinion that intercollegiate intercourse in the debate field should be broadened and that Idaho should come into contact with more pretentious outsiders than heretofore. It was decided that one dual and two triangular debates would be the goal toward which to strive this year. Professor Chenoweth and Charles Darling were given authority to arrange such a schedule.

The debate outlook is quite cheerful as several members of former debate teams have returned to school. They include Charles Darling, Carl Burke, E. K. Lindley and Ragnar Kulburg. Anyone is eligible to compete in the try-outs and it is hoped that a large group will interest themselves in this activity. One credit is offered to anyone making the team.

## PROF. LIVINGSTON GOES TO SEVEN DEVILS

Professor Livingston spent the entire summer in cooperation with a party from the U. S. Geological Survey making an examination of the copper deposits of the Seven Devils area in Adams and Washington counties. The results of his findings will later be incorporated in the form of a bulletin.

## MAYOR AND EX-MAYOR OF SPOKANE COMING

W. J. Hindley, ex-mayor of Spokane, will speak October 22 or "Where do we go from here?" On November 19, C. M. Fassett, mayor of Spokane, will address the students. Announcement will be made later concerning other assembly speakers.

## COL. CHRISMAN HAS VALIANT ARMY RECORD

Discharge is Wonderful Paper Bristling With Action, and Records of Many Successful Commands.

Colonel Chrisman, recently appointed commandant of the University R. O. T. C., has a career that few men can equal. He was first known to Moscow when he came here in 1902 as Professor of Military Science at the University. There were about one hundred and fifty cadets then, and he was successful in whipping into shape a good military unit.

In Philippines

He was called from duty here, to the Philippine Islands to command the 16th Infantry. This was his station until 1907. While in the Philippines he was commended for gallantry in the Prelegen Insurrection. From 1907 to 1911 he was stationed at several colleges as military instructor and also, during this time was commander of a regiment in the Fort Riley maneuvers. Then came a year spent up the Yukon river, nine hundred miles from the coast. He was commander of Fort Gibbon while stationed at this place. He was then brought back to the United States to be Senior Instructor of the New Jersey National guard. From 1914 to 1915 he was commander of Fort Niagara, New York.

The war department then sent him to the Panama canal zone to take charge of the exploration and reconnaissance of defense areas. Soon after this very important task was completed he was placed in charge of the Porto Rico regiment stationed on the canal zone. Then came the appointment as Brigadier General of the National Army. In this capacity he was transferred to Porto Rico to command the U. S. forces in that island.

In 1918 he went to the Philippines again where he was in charge of Camp Las Casas. Here he organized and trained 1800 native troops, who were ready to sail for Europe when the armistice was signed. This was one of the largest single accomplishments by an American officer during the war.

Colonel Chrisman was honorably discharged as Brigadier General on March 31, 1919 and was reassigned to the Porto Rico regiment. After demobilization he was relieved from active duty in the tropics and at his own request, was assigned to take charge of the work here at Idaho.

## FALL TENNIS LIKELY TO BE SPORT HERE

Enthusiasts of the Sport Are Making Ready for Late Tournaments

Fall tennis on the university courts will be seen this year if the suggestion of W. C. Bleamaster, athletic director, meets with the favor of the students who are interested in the game.

Blea is anxious to have the courts in use by students whose time is now occupied by other things. For developing one physically, tennis, he says, is on a par with any scholastic game.

Tennis Tournaments Probable If a sufficient number of adherents of the sport turn out to insure a high class go, both mens singles and mens doubles, tournaments will be staged by the athletic department.

Six courts on the campus are cared for and kept in condition by the A. S. U. I., and the free use of these courts is one of the privileges of the members of this organization. The courts are in excellent condition and a crew of students are busy clearing them of weeds, rolling them and otherwise making them better for play.

Bleamaster requests that all students interested in tennis report to him at his office in the Gym building.

## DE SMET CLUB MEETS.

The first regular meeting of the De Smet club will be held November 5th at Ridenbaugh Hall for the election of officers.

## FROSH MEET MOSCOW HIGH NEXT SATURDAY

Local High Eleven Won Friday at Lewiston—Now Will Try "Pip" Dingle's Yearlings.

Let's go! Those terrible Frosh will mix with Moscow High in the gentle game of football. Saturday is the time. MacLean's field is the place. The husky Moscow men met defeat at the hands of Potlatch High in their first game of the season. They said it was all a mistake, however, and that it wasn't intended to go that way. Their dope must have been right for last Saturday they took Lewiston's number 33 to 0.

Are A Hard Bunch. The local men are a game bunch and like the taste of victory. "The bigger they are the harder they fall," is their motto and they think the green covered U. men are pretty big. The yearlings haven't voiced their opinions yet so we expect to have their sentiments expressed by their actions Saturday afternoon.

There will be no radical changes in Moscow's lineup from that of last Friday's game. They have their men framed into their horse-shoe combination and don't want to break their luck.

Coach "Pip" Dingle hasn't picked the men who will start the game but all men have ideas of their own.

Tolman, Holderman, Turner, Pearson, Brown and the two husky Breshears, brothers are scheduled to hold down the back field positions. When not on duty here some may find themselves in the locality of the tackle positions. The men for these places are possibly, Harrington, Forrest, Parks, Holderman or Tolman.

Reynolds, Wyman, Sherman, Breshears, Brown and Weil are candidates for the end jobs. Chamberlain will be the invincible man at center with Patch and Barto probably acting as his supporters in the position of guards.

## COLLEGE MEN'S GLEE STARTS REHEARSALS

Personnel of Live Organization Nearly Complete—Hope to Make Southern Trip.

The Men's Glee Club is now being reassembled to do some real work this year under the direction of Professor Bangs, who has been meeting with the men twice a week for rehearsals. No complete list of the club members will be available for some time as every day sees new aspirants for vocal fame appearing on the scene. The club will have about sixteen members.

Good Men Back. Some dozen men of last year's experience are back again with strong voices, around whom the club will be constructed. Upon Russell Scott will fall the duties of the business end of the organization, and Scott has some right good ideas on the subject of what the "Glee" is going to do this year. Because of the general disorder of affairs last year, nothing much was accomplished by the glee club but not so for the year 1919-20.

If everything goes according to rules the club will take a trip some time in the spring, possibly to southern Idaho. Those in charge of the Glee Club feel that there is nothing which will give the school better advertising than a trip to the southern part of the state, where the Idaho athletic teams are never seen in action. In these proposed trips these cities would be given an insight into the University's talent. If any such trip is taken, it must be taken entirely upon the club's own responsibility. The University itself cannot give any financial aid to the venture.

Some of the former members of the club are, "Poozie" Davis, who is slated for first tenor; Albert Brigham, who will also sing first tenor. Boyd Brigham and Fred Veatch, to sing second tenor, Homer Larbons, Gipson Stalker, Russel Scott in baritone parts, while Titus Le Claire and Ralph Knudson will handle the bass end of the affair.

I. W. Cook, associate professor of forestry, has resigned to accept an important position with a large lumber company. He had been with the School of Forestry several years and has rendered both the University and the state splendid service in promoting the cause of forestry.

## LAST WARNING!

All Freshmen From Now On WILL Wear Green Caps on the Campus.

This notice is considered sufficient.  
(Signed) VIGILANCE COMMITTEE.  
Emery Knudson,  
Leslie Mos,  
Pat Perrine,  
Grover Evans,  
Harry Hartwell.

Boas, '23, William Carpenter, '23, Harry Amundson, '23, Randolph Jenness, '23, Reuben Johnson, '21, Gladys Hastie, '22.

**AN UNDERCLASSMAN**

**PARKING RULE**

There is no law against sitting down when you feel like it. Everyone knows that. But if you do not happen to be a Senior it's up to you to look for other "sitting places" than the "I" bench.

The "I" bench belongs to the Seniors. It is theirs to sit on as they choose. They have earned that privilege by three years of work and it would hardly seem fitting to see some green-capped freshman sitting on the "I" bench and resting after the cares of the day. There are other places where one may sit. Remember the senior bench is a reserved seat.

**PULLMAN ADMITS IT.**

From "The Evergreen" at Pullman comes an article which makes us hate ourselves a lot. Pullman admits that it is letting the University of Idaho slip something over on it in the way of a press service.

Idaho has some live wire newspaper man who knows his business. And every day or so there comes from him an envelope of live, interesting news of what's doing at the college. You get the idea that Idaho is the busiest and the best college in the world.

This envelope goes to every newspaper in Idaho as well as the papers of Washington, and the effect of it is to get prospective college students thinking in terms of Idaho, instead of Pullman.

From Pullman we get nothing but an occasional bulletin on cows and hogs and cabbages and kings—nothing that the average newspaper reader would care to gaze on.

"Try it on your piano, Pullman," Spokane Press.

The live-wire newspaper man referred to is A. J. Priest of Boise, who is handling the press service for the University in such an efficient manner that residents of Washington are sitting up and taking notice.

**COLONEL CHRISMAN ACTS**

Official red tape with all its twistings is known to everyone, especially to the ex-service men here at the University. The War Department has not as yet taken any definite action in their case.

Col. Chrisman has taken the red tape out of this situation by his recent action. "All ex-service men in the U. of I. R. O. T. C.," says Col. Chrisman, are excused from military training until the War Department gives us a definite decision. Unless the decision requires military training of these students they will be excused from drill this year. Commissioned officers already have been excused and it is entirely probable that enlisted men will be.

Col. Chrisman made this decision entirely on his own initiative. All students affected by it are indebted to him for his consideration, for he has saved them no slight inconvenience.

**Campus Hour**

With campus hour accepted as a necessary get-together of our "those behind the line" forces, we cannot pass the buck and crawlfish an excuse for not attending. If we all are not there, the yelling and the singing will not be there and when the "tumult and the shouting dies" next Thursday afternoon, you will be the loser if your voice is not a little strained and that's all—Be there.

This issue of the Argonaut went to press under business direction of Bernard McDevitt, the new business manager. He was elected by the executive board to fill that office for the coming year. McDevitt has a year of work ahead of him, not only as member of the Argonaut staff, but also as president of the senior class. He is very active on the campus and is a prominent member of the co-operative club. He has reached his senior year in a stiff law course.

The upper classmen can't make a freshman wear his cap—but they can make him wash his head.

**GUNS ISSUED TO R. O. T. C. MEMBERS**

Student Officers Pleased at Showing Made—Manual of Arms is Being Pushed Faster Than Usual.

The campus had a surprisingly military appearance Thursday morning when the embryo soldiers were issued their guns. All the initial drill movements were explained and in a very short time the military students were swinging the implements of war around with alacrity—sometimes, it must be admitted, to the harm of those in the immediate vicinity.

Colonel Chrisman informed the Freshman company that the drill movements were being given to them a little faster than was the custom, but this was necessitated because of the short space of time before the bad weather when it would be necessary to devote the time to indoor study.

The officers of the company have expressed satisfaction at the way the cadets are rounding into shape. There are a large number of ex-service men who are rendering valuable service as temporary instructors until the rudiments are learned, when regular non-commissioned officers will be appointed. This will probably be in the next few weeks.

**LARGE SUM FOR ACTIVITIES**

\$1500 Probably Will Be Spent By School—Prof. Lewis Heads Finance Committee.

More than \$15,000 will probably be student activities this year according to Professor H. T. Lewis, head of the faculty advisory committee on student affairs.

It is expected that funds received from registration, athletic contests and several other customary sources will reach \$15,000, said Professor Lewis, explaining that the entire sum will be spent for the support of student publications, debate, the different athletic teams, the glee club and other under graduate activities.

Student finances at the University are administered by a committee of two faculty members and the manager of the activity concerned. Faculty members are appointed by the president from nominations made by the student body's executive committee.

The advisory committee has in operation a budget system, a uniform scheme of condensed reports and a uniform accounting system. Provision has also been made for expending money by a definite system of requisition.

**CAMPUS ROOMER**

We Wanted to See something naughty So We sold the house cat To the Pre-Medics And went to see the "Virtuous Model" But darn! It was regular Sun Day school picture And we Didn't blush once and The Management Wouldn't give us our Money back

Wax on the old gym floor has a June day beat for rarity about the same way a Dodo bird backs the common house fly off the map.

What has become of the old fashioned man who that he was doing something devilish when he combed his hair in a pompadour?

The Faculty Favorite among the girls parts his golden hair in the middle, and we have a suspicion that he wore a wrist watch long before the Great War.

The great game of Pool (table, not liquid) is again coming into its own. The outlook is cheerful for a Fair Season. The enrollment is large and enthusiasm runs high. Several of last year's team, including Bunny Moore, Clate Keane, Bill Carder and Sandy Sandberg, are again with us.

Chickens, both feathered and per-fumed, are in eminent danger of extermination since the Green Demon pledged Kappa Sig. The Chi Deltas report one near fatality.

It's a rare Sunday night when we have no serenades, but it's a hull sight rarer when we do.

The next time the Y. W. wants to play we suggest a Fox hunt at the A. K. E. house. 'Tis highly probable that they could tree some Coontz, as well as a Chick.

D. C. McDougall, Jr., in company with Ralph Jefferson Davis is about

to embark on an extended tour of the Orient. Rumor has it that social engagements are becoming too pressing.

Since some of the exclusive boarding clubs have completed their annual round of pleasure at calling, many of the languishing youths have become quite breathless from frequent sighs of relief.

Future controllers of the Commercial markets of the world pave way for expansion of Commerce Department by stating that the engineering college is too little.

House managers on the campus are wearing an anxious look and wrinkled calculating brows. These outward symptoms of severe mental strain are occasioned by the fact that there is an open season on both the world series and Pre-Med penny ante. Some of the boys may soon undergo a thirty-day forced fast. It's a long hard winter.

"The reception at the Methodist church Friday evening for university students was a complete success," says the Star-Mirror in its Tuesday's issue. It goes on: "About 125 young people were in attendance and THERE WAS NOT A DRY MOMENT FROM BEGINNING TO END." A much larger attendance is promised at the next reception.

And what has become of the sweet

# HEARD IN THE HALLS

Judge A. W. Hastie visited his daughter, Gladys, last week.

Esther Motie was a week-end visitor in Spokane.

Fred Matsen, who saw fourteen service has registered as a freshman in the College of Law. Mr. Mattsen is a Zeta Chi Alpha pledge.

Camille McDaniels, ex-19, was a week-end visitor in Moscow.

Gamma Phi Beta announces the pledging of Leorna McFall, from Shoshone.

Harry Baine was a Sunday visitor in Lewiston.

Oscar Weaver, of Idaho Falls, has returned to school.

Merritt Penwell, '22, has returned to college, having spent the summer surveying.

Mrs. Warren Truitt was hostess at a tea Friday in honor of Mrs. Verill, the new house mother of the Gamma Phi Betas.

Mrs. Rolston Butterfield (Leona Hamilton) is substituting in the library.

Ramsey Walker, of Wallace, a member of the State Board of Education, was in Moscow last Thursday. He visited his niece, Miss Jean Rowland.

Preston Richmond (Jack) ex-'19 and principal of the Nez Perce high school was a week-end visitor at the Beta house.

Lyla Harsh spent the week-end at her home in Deary.

Jean Rowland was a week-end visitor in Kendrick.

E. B. Campbell has returned to college to complete his course in agriculture.

Dean French leaves this week for St. Maries to attend the meeting of the Third District Federation.

Richard King, of Lewiston spent the week-end visiting friends at the University. He was a guest at the Zeta Chi Alpha house.

James Ailsie, a former Idaho student, is registered at Yale.

Alpha Kappa Epsilon announces the pledging of Weston Phillippi, of Boise.

Galatha Hatfield was a Spokane visitor over the week-end.

Fred Matsen and George Wedgewood were in Spokane on business over the week-end.

Mr. Robert B. Elder, a graduate of the Colorado School of Mines, who has spent six years in gold mining work in Korea, has recently enrolled as a graduate fellow in the School of Mines.

Lewis Sandberg was a Coifax visitor last week-end.

The members of the Kappa Kappa Gamma sorority were entertained at a dinner party at M. P. Miller's, in honor of the chapter's pledges. The sorority colors were used in decorations. Music and dancing furnished the entertainment for the evening. Those present were Misses Myrtle Gano, Margaret Freidman, Norma Dow, Gertrude Stevenson, Mable Sweeney, Gladys Putina, Gladys Malloy, Pauline Rieck, Virginia McRae, Carol Sternberg, Marjorie Albert, Lucy Davis, Evanda Roberts, Gladys McRae, La Verne Borell, Inez Sanger, Theresa Keane, Cora Salter, Grace Vogelson, Margaret Blackinger, Ruth Eastley, Gladys Channel, Irma Spielberg, Gladys Hastie, Adalene Robbins, Glatha Hatfield, Sarah Duggan, Neta Miller, Mrs. Hickman, Mrs. McPhee and Mrs. M. P. Miller.

Phi Delta Theta, Kappa Sigma and Alpha Kappa Epsilon called on Ridenbaugh Hall Sunday.

Professors Hickman and Dickinson were dinner guests at the Delta Gamma house Wednesday evening. Miss Wegmann and Mr. Dickinson gave several musical numbers.

Stanley Phillippi has registered in college.

Kappa Sigma and Sigma Nu called on Gamma Phi Beta Sunday.

Virginia McRae was a week-end visitor at her home in Spokane.

Faith Newton left Thursday for Rochester, Minn. She will return in six weeks.

Beta Theta Pi entertained Professor Medici at dinner Wednesday evening.

Beta Theta Pi and Alpha Kappa Epsilon called on Delta Gamma Sunday.

Ray Agee, ex-18, who spent 18 months in France, has registered in the Law School.

Harold Lewis and Allan Eddy of Lewiston visited Alpha Kappa Epsilon Sunday.

Helen Oaksley was a dinner guest at Delta Gamma Friday.

Chi Delta Phi announces the pledging of Gretchen Mootz, Spokane, Lela Lyons, Caldwell, Mable Paterko, Republic.

Dean F. A. Thomson spent the summer in a field investigation of the gold-silver ores of southern Idaho.

Eunice Keller, ex-'18, and Della Loseth of Orofino spent the week-end at Chi Delta Phi.

Mike Tierney was a Thursday dinner guest at A. K. E.

Levett Smith and Lee McGowan spent the week-end in Spokane.

Col. and Mrs. Chrisman were dinner guests at Kappa Sigma Wednesday evening.

The Gamma Theta pledges of Kappa Sigma were given a smoker by the Gamma Nu pledges of Kappa Sigma at Pullman Saturday night.

George Falquist, ex-'20, recently discharged from the navy, is a visitor of Phi Delta Theta.

Jack Ford of Lewiston spent the week end at Phi Delta Theta.

Dean Cockerill, of the Law School, was a guest at dinner Wednesday evening.

Phi Delta Theta Sunday called on Ridenbaugh Hall and Kappa Kappa Gamma.

## DRAMATIC CLUB WILL BEGIN PRODUCTIONS

Popular Organization Under Professor Cushman Will Meet Wednesday Many New Plays Ordered.

The Dramatic Club of the University is to be revived again this year under the direction of Professor Cushman of the English Department. At the close of the regular English Club meeting to be held Wednesday evening October 8th, in Physics Laboratory, all those persons who were members of the Dramatic Club last year are to remain for a short time, so that Professor Cushman can get an idea as to the personnel of the club. Definite arrangements for regular meetings will then be made.

At this meeting some plan will be adopted whereby the talent of the various colleges and of the Freshman class can be brought into the organization. It is probable that a tryout for new members will be arranged for this purpose. This will be held in the near future in either the "Y" hut or in the Auditorium. The club this year will be open to all students of the University, as experience has shown that often the best talent comes from persons enrolled in schools other than the College of Liberal Arts.

"The work in the Dramatic Club this year," said Professor Cushman, "will be conducted with two purposes in view. The primary object is, of course the educational benefits to be derived by those participating in the club's activities, while the secondary purpose in view is to furnish some good amusements to the University students and towns people as a whole."

### Have Financial Start

Enough money was left over from last year to give the organization a good start this term, enough, Professor Cushman said, to justify placing an order with an eastern firm for thirty odd plays which will be put on during the winter. This list includes many of the successful productions of the Washington Square Players and the Province Town Players. At least three one-act plays will be produced before the Christmas vacation, so that as many people as possible can be given a practical trial. From the showing made in these skits a cast will be chosen to produce a good modern three-act play of such a character that it can be taken to some of the surrounding towns, probably Lewiston, Pullman, and possibly Spokane. Work on this play will begin right after the holidays and will be a finished production. From then on several other plays on this order will be staged at more or less regular intervals.

The advanced art class under Miss Palmer in the Home Economics Department will work in conjunction with the Dramatic Club, taking charge of the painting of scenery, the arrangement of properties. In this way both classes will be aided materially in their work.

### ROOKIES GIVE IMPRESSIVE APPEARANCE

First Drill Day Shows Practically All Men Have Had Some Experience in Drill. When asked on last Saturday as to

his opinion of the newly formed companies, Colonel Chrisman said, "In view of the amount of training they have had they have done surprisingly well, especially in the handling of their arms, which have been issued a very short time." Much credit is due to the officers of the company for the showing they have made. The Sophomores and the ex-service men are acting for the present as non-commissioned officers.

### First Review

All members of the R. O. T. C. were given their first review on last Saturday. The band had been practicing snappy march music and they soon had the new soldiers stepping across the campus in a manner that gave the impression of long training. The three companies went through a few maneuvers, and a general parade was given.

### E. K. LINDLEY NAMED Y. M. C. A. PRESIDENT

Executive Board Holds Election Tuesday—Other Offices Filled and Business Transacted.

The Executive Board of the Y. M. C. A. held its first session on Tuesday, September 30. During the meeting, the board elected Earnest Lindley president, Boyd Cornelison, vice-president; Le Roy Thompson, secretary-treasurer; and Philip Buck, treasurer. The predominating feature of this year's program as detailed by the Board will be the up-building of a strong organization among the men interested in "Y" activities. In furtherance of this policy, the president was authorized to appoint committees for meetings, hut maintenance, music, membership, socials, finance, employment, deputations and community service. At this time Secretary MacPherson took opportunity to state that the "Y" hut would be open to any University gathering that would first file application for its use with him.

### IDAHO DAIRY BULL WINS PRIZE

Senior Bull Calf Wins Junior Championship of All Shows—Gives Northwest Junior Champion

The Jersey senior bull calf, Count's Foxy Owl, recently owned by the University of Idaho, but sold to Waikiki Farm of Spokane during the Spokane Interstate Fair, has made a wonderful record at the more recent fairs. At the Spokane Interstate Fair, the Walla Walla County Fair and at the Oregon State Fair at Salem he was awarded first prize and junior championship ribbons. At the two latter shows he was considered for grand champion, only to be defeated by his sire, also owned by the Waikiki Farm. The dam of this calf is still owned by the university.

### ASSOCIATED BARB'S ORGANIZE

Ambrose Johnson New Head—Is Old Man Who Will Help Push Barbs to Front.

The first meeting of the Barbs this year was held at the "Y" hut Friday evening for the purpose of organizing. The meeting was well attended considering the number of student organizations that were given that evening and a real get-together spirit was the evidence.

Ambrose Johnson gave a short talk on the history and purpose of the "Associated Barb" organization after which officers were elected. Officers elected for the year were, Ambrose Johnson of Idaho Falls, and Ira Largent of Nampa, Idaho, president and vice-president. Both are men who aided the organization at Idaho several years ago, and will be of great value to it now. Floyd White of Boise was chosen secretary, and Ragnar Kulburg of Moscow, treasurer. Preliminary plans for a smoker concluded the meeting.

### Drive for Salvation Army.

The Salvation Army drive opened Monday and will continue for one week, ending October 13th. This state has a quota of \$103,500 to raise during the week and Latah county is expected to give \$4000 of this as her share.

Members from each fraternity and sorority house on the campus have been appointed to solicit funds for this drive. The American Legion is backing the drive and every person is expected to contribute to the fund.

### FORESTRY DEPARTMENT GETS OVERSEAS ENGINEER PROF.

Mr. C. Edward Behre, recently returned from two years overseas with the forest engineers, has accepted a call to an assistant professorship in forestry and arrived to take up his work October 1. Mr. Behre is a graduate of the Sheffield Scientific School, and received his master's degree in forestry from the Yale Forest School in 1917, graduating with high

ences fit him admirably for his new position, and he comes with strong recommendations from those who know his work.

### Hey Phil!

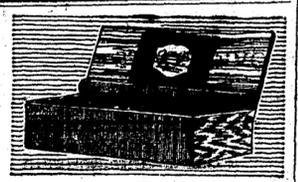

Where are you headed for? Oh, just on my way to the Service End. I will walk along with you if you don't object. Yes Stanton do that. I'll be glad to have you. But say, Phil, you've sprung a new one on me when you say "Service End," I don't quite get you. You big rube, that's the Moscow Barber Shop Shoe Parlor. H. H. The treat is on me. I used to think that was the only place myself and now I know it. And another thing I want to leave with you, Phil: You and I are not the only ones who have got hep to that fact. All the students know about it.

They leave the campus headed for the Old Service End like trained pigs. If you want your shoes to outshine the sun just try one of those Victor Shines, and they cost the same as a would-be shine.

### WODSEY SMOKES THE PRE DOCS

Embryo Knife Welders Hold Down Head of Department's Home For A Real Smoky Smoker.

Doctor Wodsealek's house was no place for a peace loving man last Thursday night. There were things doing from early till late. The reason being the first smoker of the year given by Doc. for the pre-Meds.

There are about forty in the club and all had plenty to do from gong to gong. Hot-hand was as popular as it generally is. Music and cards of all varieties and eats filled up the rest of the program, not to mention the good brand of cigars that the host supplied.

Those who had a chance to become better acquainted with Doctor Muttrowski all agreed that he was a valuable acquisition to the social end of the medic department. The pre-meds consider themselves lucky to have him as an addition to their bunch. Plans were made for a monthly smoker, an informal dance, and the regular "Big Dance" toward the end of the year. If all these materialize, and the members of the club are sure that they will, the club will be active.

**Nutz Is Missed**  
Several of the old crowd have left and they were missed from the smoker. "Nutz" Romig, is at Rush Medical with "Happy" Hatfield "Pinky Smith deserted and went back to Harvard.

The pre-Meds boast that they have more pep than any similar organization at the University, and they say if you don't believe it go and ask Doctor Wodsealek or Doctor Muttrowski. One enthusiast even went so far as to say that it was worth the work of the course to be able to get in on

Whether you're a Freshman, a Sophomore, Junior or Senior, you want to be among the best appearing men on the campus.

### PROPOSED REGULATIONS HARVARD CLUB PRIZE CONTEST

Between the University of Idaho and the Washington State College.

#### Songs.

ARTICLE I. Judge to be selected by representatives of the students of the two schools in a joint meeting, each committee to select a list of 25 members, out of this double list five judges to be selected, three to act as judges and two as alternates.

ARTICLE II. The Contest is to start 45 minutes before the opening of the game, and the singing is to last 20 minutes. Each school in turn is to sing 10 minutes; each school is to sing such music as it likes.

ARTICLE III. The visiting school may have the preference of singing first. If it does not prefer to do so then the order of procedure should be determined by the song leaders.

#### Cheering

ARTICLE I. The cheering is to begin 20 minutes before the game and to last until the end of the game.

ARTICLE II. Cheering is to be judged by the general "pep" and the courteous attitude of each school.

#### Stunts.

ARTICLE I. The Stunt contest is to come off between halves; it is to take place on the football field (which should be divided in two parts for that purpose) and is not to last longer than 12 minutes.

#### Award of Prize.

ARTICLE I. As soon after the game as the judges can agree the prize should be awarded to the winning school which is to keep it for one year. The school winning it two times out of three may keep it permanently.

#### Points to be Taken Into Consideration by the Judges.

ARTICLE I. In making their award the judges shall take into consideration (1) the sportsmanship of the student bodies; (2) the quality of the singing; (3) the originality and cleverness of the stunt; (4) the enthusiasm of the cheering.

(Signed)

WASHINGTON STATE COLLEGE HARVARD CLUB COMMITTEE.  
UNIVERSITY OF IDAHO HARVARD CLUB COMMITTEE.

Boyd W. Carnelson,  
Carey H. Smith,  
Francis E. Bartlett.

#### Harvard Club Prizes.

Prize to be awarded for the Harvard Club Contest between the University of Idaho and Washington State College:

State seals of Idaho and Washington mounted on one wooden plate, preferably black walnut. The state seals are to be either of bronze or silver. A metal plate for engraving the name of the winning school shall be placed in the center below the state seals.

### ECONOMICS CLUB GIVES DANCE

Gym Scene of Lively All College Affair Saturday—Big Crowd Out.

The Economics Club gave a jazz juggle Saturday night, during which there were several feature dances, and

a lot more feature dances. Several bold, bad shimmy artists dared to venture a few, but the greater majority stuck to Safety First, and remained conservative. At times the music was first class and fairly audible, but at other times Poosie sang. The Economics Club, true to its name

### WAR SCHOLARSHIPS OFFERED BY CHURCH

Methodist Episcopal Board of Home Missions Will Aid Service Men and Women

President Lindley is in receipt of a letter from the Board of Home Missions and Church Extension of the Methodist Church to the following effect: That provision is now being made to grant War Scholarships to service men and women for the school year beginning in the fall of 1919. War Scholarships will be given to persons whose educations were interrupted by their entrance into the service. It is our thought that such Scholarships should be given to persons who are eminently worth-while and who have the promise of furnishing their community and country strong leadership and who could not do so without such aid.

College officers will be asked to bear in mind that it is the purpose of the Board to grant Scholarships only when such out-and-out gift is clearly justified by all the circumstances. It is not the intention of the Board to make promiscuous gifts based merely on military service and general eligibility. It is our desire to aid students who meet the conditions and who are so situated financially that without such scholarship aid continuation in school would be impossible. Aid provided through War Scholar-

ships is intended primarily for young men and young women of the Methodist Church, but may be given to those who, while not members of the Church, are among its constituency.

The amount which may be granted as a War Scholarship will be, first, the regular tuition charges, up to a maximum of one hundred dollars. Second, in addition to the tuition allowance, a maximum of one hundred and fifty dollars, if needed.

These War Scholarships provided by the Board of Home Missions and Church Extension are intended to meet an emergency and will be available for, at most, a very limited number of years. Persons desiring to make applications for War Scholarships should apply to the Secretary of the Y. M. C. A. at the "Y" Hut.

### LARGE MINING ENROLLMENT

There are more freshmen enrolled in mining this year than in any year in the history of the institution with the exception of 1908, according to Dean Francis A. Thomson of the School of Mines. This is all the more remarkable, states Dean Thomson, in view of the rather discouraging situation in the mining industry of the state as the condition in any industry usually reflects itself in the enrollment in the technology of that industry.

### New Members of Mining Faculty.

Two notable additions to the School of Mines faculty are A. W. Fahrenwald, who comes well recommended as a teacher and an investigator, and Carl Van Steeg, who is to assist Professor Livingston in the department of Geology.
