NUMBER 19

VANDALS TRIM W.S.C. COUGARS

IDAHO QUINTET LEADS PULLMAN ALL THRU GAME—BITTERLY FOUGHT CONTEST

U. I. LEADS CONFERENCE

Victory Gives Idaho First Place With a Percentage of 800—Perrine Stars.

Idaho's Vandals walked on Washington State College basketball court, 29 to 24 on the Pullmanites' home floor, Tuesday night. The game was a hair-raiser from start to finish and with the score 26 to 24 favoring Idaho and W. S. C. shots coming dangerously close to field baskets many an Idaho heart was jumping when "Drom" Campbell hooped two field baskets in the last minute and a half of play, making a final total of 29 to W. S. C.'s 24.

Bitterly contested thruout, the game was fast and belonged to Idaho after the first few minutes of play. Coach Hutchinson's charges jumped into the lead and were never passed by "Doc" Bohler's Cougars.

Use New Lineup.

Coach Hutchinson used a new lineup, that worked like a charm, of Campbell and Hunter, forward, Perrine, center, and Cozier and Lindley guards.

"Squinty" Hunter's foul shooting of seven out of nine free throws was a feature and a big factor in the Idaho victory.

"Pat" Perrine recovered the ball, covered the floor, worked effectively with Hunter and Campbell, and shot baskets accurately, landing five thru the iron circle.

"Drom" Campbell hooped two field baskets in the first half and two in the second half.

Captain Lindley and Cob Cozier smashed play after play and forced Washington State would-be basket converters to make long and ineffectual field basket hazards.

Carried Off the Floor.

Idaho players were carried triumphantly off the floor to their dressing room by a crowd of about 20 Idaho men who attended the game. Due to a strict influenza ban on the W. S. C. campus only a limited number, five men from each fraternity or dormitory, were allowed to attend.

Coach "Doc" Bohler in a vain attempt to overcome the fast accumulated Idaho lead used practically every man of his first team squad.

Not enough will ever be said in praise of the Idaho showing against Washington State College, Tuesday night. Coming back and slipping the bitter pill of defeat to the Cougars after the W. S. C. quintet had won at Idaho means a great deal to the Idaho campus. Showing real Idaho "fight" every man on the floor battled desperately for an Idaho victory.

Rockey, Washington State right forward, shooting effectively from a distance counted up seven field baskets.

The Vandals have started well on their pilgrimage of the northwest. In the trip starting Thursday which includes games with the University of Washington, O. A. C., Willamette, the Multnomah Athletic Club of Portland, and Whitman College. From the display of unusually brilliant offensive and defensive basket ball at Pullman, Tuesday the trip will be successful.

New Leading Northwest.

Idaho's victory over W. S. C. gives the Vandals a percentage of .800, five games played, four won, and one lost. While on definite report as to the standing of the northwest basket conference has been completed it is believed that Idaho at present leads the basket ball circuit.

Summary.

Idaho	W. S. C.
Campbell	R.F. Rockey
Hunter	C.F. Moss
Perrine	L.C. King
Cozier	R.G. Copeland
Lindley	L.G. McIvor

How They Tallied.

Idaho scoring—Campbell 4 field baskets, Hunter 1 field basket and 7 out of 9 free throws, Perrine 5 field baskets, Lindley 1 field basket.

W. S. C. scoring—Rockey 7 field baskets, Moss 4 out of six free throws, Nash 1 field basket, Copeland 2 field

baskets, McIvor 1 free throw. Substitutions for Idaho—Carter for Cozier.

Substitutions for W. S. C.—Cisna for King, Burgess for Cisna, Nash for Moss.

Officials—Charley Gray of Moscow, referee; T. D. Matthews of Moscow, and "Doc" Bohler of Pullman, timekeepers; Callow of Pullman and Priest of Moscow, scorekeepers.

ERNEST K. LINDLEY

NEW SENIOR PRESIDENT

Ernest K. Lindley, son of President Ernest H. Lindley, Tuesday afternoon was elected president of the University of Idaho's Senior class for the spring semester. Other officers chosen were: Felix Plastico of Pocatello, vice president; Sarah Nettleton of Nampa, secretary, and Carl Carlson of Lewiston, treasurer.

ENGINEERING WEEKLY TO PUBLISH ARTICLES

"Power," the mechanical engineering weekly, has just announced a series of articles by H. J. Macintire, professor of mechanical engineering at the University of Idaho, comprising a course of study in refrigeration problems. During the war, Professor Macintire was refrigeration engineer for the construction division of the army quartermaster corps.

SOPHIE BRASLAU CONCERT HERE FRIDAY

CONCEDED TO BE THE GREATEST CONTRALTO SINCE SCHUMAN-HEINK

MOSCOW VERY FORTUNATE

Singer's Tour Comprises Only Fifty Cities in West—Has Popular Program.

Sophie Braslau, acceded by leading critics to be the world's greatest contralto since the decline of Mme. Schuman-Heink, will present a concert program at the University Auditorium on Friday evening, February 20.

"Rare indeed is the fortune of Moscow and the University to receive the attention of a fan artist of Miss Braslau's rank," stated Prof. E. O. Bangs yesterday. "It was only because of the magnanimous condescension of Miss Braslau and her managers that we were able to place Moscow on the list of 50 concerts which she will sing on this tour. Our great good fortune will be realized when one stops to consider that these 50 concerts are spread over the entire west and middle west."

Doesn't Need Press Agent.

If one were to judge artists by their press notices, every concert singer would be a star of the highest order.

Many concert singers advertise themselves as coming from several years' engagement with the Metropolitan Opera at New York. The majority of such claimants have never risen above the chorus. Miss Braslau sings nothing but the leading contralto roles. Her place on the highest pinnacle in her class as a star and artist is unquestionable.

Miss Braslau will visit Moscow, accompanied by her mother, who is her constant companion. Critics have stated that much of the charm of her singing is due to her simple home life.

Popular Numbers on Program.

Miss Braslau's program will include many popular numbers of a rather light nature, beside her heavier selections from the operas. There is a possibility that she will sing one or two of Moussorgsky's ballads in the original Russian. Her interpretation of a group of these songs threw musical New York and Boston into a furor of enthusiasm last fall.

The admission for students will be 75 cents for those who have not already purchased season tickets. Others will pay \$1.25 for the same privilege; war tax included. Tickets may be purchased at the Bursar's office or at Hodgins' Drug Store.

Dean Little Back.

After two weeks' absence, due to illness, Dean Little met his classes on Monday.

COURGAR CUBS WALLOP FROSH

Washington State Frosh Develop Shooting Ability in The Second Half and Win, 31 to 24.

Washington State College Frosh developed spectacular shooting ability in the second half of the first of a series with the Idaho Frosh, piling up a 31 to 24 count, last Saturday night in the Moscow gym. The first half ended 13 to 9 in favor of Idaho's youngsters.

The Frosh played far beneath their usual form, not hitting the stride they had shown against the Varsity at any time. By common consent no individuals in the team were batting 500 per cent of their best gait, with Fox and Bohan doing most of the floor work. Garton played well at guard. Friel was the only outstanding man for the Cougar cub's, doing some pretty shooting in the second half, and exceptional floor work during the game.

Another game will be played in the near future, and the Frosh have the support of the school and are expected to win. It can easily be done if the boys hit their regular stride.

A.S.U.I. HEARS CO-OP BOOK STORE REPORT

Chairman Hoover Gives Final Report—Letter Men Propose Amendment.

The A. S. U. I. held its first meeting of the second semester this morning, several important matters being brought up before the student body for consideration.

Mr. Hoosier, chairman of the student's cooperative book store committee gave a report of about twenty minutes length covering the findings and recommendations of the committee. Mr. Hoosier told of the successes which have met efforts of other west and middle-west colleges and universities which have adopted some plan of a student cooperative book store. Several ideas along this line were suggested, and calculations furnished the student body.

An amendment to the constitution of the A. S. U. I. was proposed by the "I" men of the college. Their amendment would revise that section of the constitution concerning "I" men holding life cards for admittance to college athletic events so that only the "I" pin worn by all letter men would be necessary to admit that member to any athletic contest.

TO THE ALUMNI

Did you get the first edition of *The Argonaut* featuring Alumni specials?

The Alumni should lead former students in the matter of payment of membership dues and subscription for *The Argonaut* containing now a special section devoted to news of interest to former students.

What are YOU going to do about this?

Do you want *The Argonaut* to continue coming to you after this edition?

Do you want to get behind the "Greater Idaho" program?

Do you want to disprove the assertion that we are dead?

The easiest way to answer all these questions at the outset is to send in Two Dollars to the Alumni Association, Moscow, Idaho.

We will apply One Dollar to your subscription to *The Argonaut* and One Dollar to membership dues.

Tear off the coupon in the corner of page three, fill in your name and SEND US YOUR ADDRESS AND THE MONEY.

Write us and let us know what you think about things.

Thank you!

Respectfully,
W. KJOSNESS,
President Alumni Association.

MANY NOTED SPEAKERS SLATED SECOND TERM

Dean Thomson Announces Names of Many Noted People Slated For Assemblies.

Lorado Taft, considered the most famous of modern American sculptors; Rabbi Stephen Samuel Wise, well known as a leader of the liberal movement among orthodox Hebrews; Prof. A. R. Millikan, famous University of Chicago physicist, and other speakers of almost equal reputation, will address University of Idaho assembly audiences in the course of the coming semester, according to an announcement made this morning by Dean F. A. Thomson of the university school of mines, chairman of the assembly program committee.

Deliver Two Addresses.

Two addresses will be delivered in Moscow by Lorado Taft. The first, an illustrated lecture on "American Sculpture and Sculptors" has been scheduled for the evening of March 8 and the second, a discussion of the subject, "Beauty in the Home Town—Making a Community Interesting to Itself" has been planned for the morning of March 9.

Professor Arthur Newton of University College and King's College, London, and authority on English history, Miss Florence Kelley, formerly state factory inspector for the state of Illinois, Charles Moore of Detroit, famous landscape artist; Miss Alice Smith of Portland, one of America's most skillful harpists; President-elect M. L. Burton of the University of Michigan; Lillian D. Wald, originator of the school nurse system, and Dr. Samuel Chiles Mitchell, president of Delaware college and a recognized authority on the negro question, are others for whom dates have been arranged or who have tentatively agreed to appear before university audiences.

MRS. ALBERT GIVES LINCOLN DAY READING

"Abraham Lincoln," One of the Newer Plays, Given By Spokane Reader Thursday.

Mrs. Sarah Truax Albert of Spokane, gave a reading of the play, "Abraham Lincoln," at the Lincoln Day assembly held Thursday morning at the University.

The play "Abraham Lincoln," is one of quite recent date, written by an Englishman, and first produced in his native city of London. Mrs. Albert's interpretation of the play seemed to be enjoyed by the audience, which was made up to some extent by townspeople.

The play, Mrs. Albert explained, did not pretend to give the facts in their true relationship to the truth or by their historical importance, but it is intended primarily as a dramatic production. However the character of the Emancipator stands out clearly as the basis around which is molded the action of the play, and which action appeared to be of a very limited quantity. It is rather doubtful if the play itself would be very popular with American audiences as a whole for the reason that it is rather void of action.

The play is in four scenes, each widely separated from the other in the lapse of time intervening between. The audience was taken from the day that Lincoln accepted the nomination for president on the republican ticket, down to his assassination. It is the opinion of some that the play was not suited very well to Mrs. Albert's style of reading, and did not allow her enough range to do credit to her exceptional ability.

PROFESSOR LEWIS TALKS AT WHEAT MEN'S MEET

Professor H. T. Lewis has been asked to attend the wheat growers' convention as a representative of the people. The convention will be held March 10 to 20. Among prominent men attending this convention are President Elmore, of the Farmers' Union, and Eron Shapiro, Californian, who was here farmers' week. The object of the organization is to pool wheat for the purpose of sale.

JUNIORS START TERM WITH ELECTION OF OFFICERS

Leslie N. Moe of Kellogg will serve as Junior president for the current semester. Third-year officers elected with him were: Carl H. Swanstrom of Cambridge, vice president; Gladys Clark of Spokane, secretary, and Nell Irving of Rupert, treasurer.

VER STEEG NEW FACULTY MEMBER

Mr. Carl Ver Steeg of the University of Chicago is a new member of the faculty. He is associated with the geology department and has taken over, this semester, all classes in Commercial Geography. The enrollment in this course is unusually large this semester.

VARSITY TAKES EXTENDED TRIP

MEET WASHINGTON AND OREGON TEAMS—NORTHWEST LAURELS AT STAKE

SHOWING THEIR OLD FORM

Team in Best Shape of Season to Play Eight Hard Games

Idaho's ringtossers, showing the old form that won two northwest championships, with the game to be played tonight, start a long series of games which determine whether the much famed porker will make his abode in Moscow the coming season, taking an extended jaunt through Washington and Oregon. Thursday the varsity will start for Seattle, playing there February 20 and 21, Willamette February 23, Oregon Agricultural college February 25, Multnomah Athletic Club February 26, finishing with two games at Walla Walla February 27 and 28.

Coach Hutchinson will take eight men on the trip, but the definite lineup has not been decided upon. Bill "War Horse" Carter is back in the game after a short absence. The showing made against Willamette, and in practice for the last few days, has pushed Idaho prospects up several notches, and if team spirit is a correct barometer, the boys will bring home a heavy share of the wins. Captain Lindley, Hunter, and Campbell are sure of the trip, with the other five men to be picked from Evans, Fox, Perrine, Carter, and Cozier.

JOHN HASFURTHER ELECTED TO LEAD SOPHOMORE CLASS

John Hasfurther of Genesee was elected president of the University of Idaho's Sophomore class for the spring semester at a meeting held yesterday afternoon. Other officers chosen were: Richard Fox of Nezperce, vice president; Agnes Sweeney of St. Maries, secretary, and Oscar Weaver of Idaho Falls, treasurer.

ROOKWOOD POTTERY SELLS WELL—ART DEPARTMENT

The Art department is well pleased with the amount of Rookwood pottery sold during the recent exhibit for Farmers' and Housekeepers' week. Much credit is due Miss Palmer for bringing this splendid exhibit to the University and for succeeding so well in the sale of the pottery. The sales amounted to \$119. The Art department will receive some profits from the sales which will be used in buying new material.

Engineers Notice.

There will be an important meeting of Associated Engineers, Friday, February 18. Plans for an Engineers' Dance will be discussed. All engineers turn out. Bring your dues.

FLU HOLDS ALL SOCIAL EVENTS

FUTURE DATES CLOUDED BY UNCERTAINTY—STILL A FEW CASES

MILITARY BALL IS OFF

Sophie Braslau Concert Will Be Given if Moscow Shows Remain Open

The "Flu Ban" continues to play havoc with all activities necessitating the gathering together of large numbers of people. Future events are shadowed by a cloud of uncertainty and no assurance can be given for any dates for them.

According to Professor H. T. Lewis of the health committee, the Military Ball will not be held.

The Sophie Braslau concert scheduled for Friday evening will be given if the downtown shows are open.

The flu situation is about the same as usual. Four Delta Gammas are now ill, and the house is quarantined. Professor Lewis believes the ban will be raised this week. There have been no new cases reported among the men this week.

Sick Have Obligation.

"Any person feeling sick has an obligation to others. Even if it is only a slight case with one, it may be a serious attack with others," said Professor Lewis. "If everyone who is ill would stay at home and take care of themselves, instead of running around the campus and spreading the disease, the ban would have been lifted by now. The person who only slightly ill goes to his classes is to be very seriously condemned."

IDAHO CELEBRATES OVER W.S.C. VICTORY

Vociferous Victors Burn the Midnight Oil—Neighbors Kick.

A vociferous Idaho violently voiced her victory over W. S. C. with a yell rally, band concert, bonfire, and a general hullabaloo lasting from late last night to early this morning, the scene of said festival activities being the proverbial campus steps.

It all started in Pullman, where Bunt Breshears, Ish Kerin, Murphy, Boyd Cornelson, Grove Evans, Ken Hunter, and some others held a short celebration in Duttons confectionery. When they disbanded it was agreed that they would meet at the Fern, in Moscow. This was done, and from there the spirit gradually spread over the campus.

By midnight a noisy mob had gathered at the campus steps, the Kappa Sig band being especially in evidence. With Garde Wood leading the yells and Lynn Hershey the band and the usual sounds by which college students are known to express alike their joy and their rath were poured forth in great volume.

The aggregation blared in front of the Gamma Phi house, shouted under the eaves of the Dorm, and again rent the air in the vicinity of the home of the Chi Deltas. At this point all interest in further journeys to the sleeping quarters of the feminine faction of the student body was lost when a fire was lighted on the campus walk.

The crowd was pleasantly thrilled when it was rumored that a barrel of oil was to be rolled down the hill into the fire. Upon the objection of some of the more conservative of the breathers a compromise was effected, and the oil fed to the fire in buckets.

For a time ear blistering flares from the fire absorbed the attentions of all, until Dean Eldridge offered a variation of interest by appearing in bathrobe and slippers and voiced the combined complaints of the nearby natives. Whereupon the majority of the rompers betook themselves to their respective habitations.

A faithful few remained behind and flushed the last vestiges of the celebration from the campus with the fire hose.

THE UNIVERSITY ARGONAUT

Swanstrom, '21 Reporters: Lillian White, '21, Gladys Hastie, '22, Alice Hankerson, '22, GERAL GILL, '23.

HITTING THE BALL

The bi-annual Hulme stunt between the faculty and the students is a thing of the past and the students seem to have a good deal of the best of the contest. The passing of each festive week brings up the old proposition again, how are we going to tackle the new semester?

Most of us feel a great relaxation when the final blue book is shoved over the instructor's desk with a "take it or leave it" attitude. We have a more or less firmly fixed belief that we are entitled to a little rest before taking up the load again.

But every day that we put off the resolution to tear in, makes it so much harder for the ultimate time when we really get down to work. Right now is the best time on earth to make an A average for this semester. The next few weeks will be the time of digging the trenches and laying the concrete for the foundation of the semester's work. It is a whole lot easier to build a house when you start in with the first stones in the foundation and keep right on building. The fellow who starts his house on the second story is going to have a harder time than the other man.

Hit the line hard now. Remember that an ounce of real study is worth a ton of cram. Let's go.

WE APOLOGIZE

The University Argonaut seeks to publish the sentiments of a group of young men and young women enrolled as students in a state university of high standing, and who claim the broadness of intellect which must surely come from study in such an institution.

Never has it been either the policy or the intention of this paper to print any word directed maliciously toward the religion or the religious that of any person or any group of persons. Any publications of such a nature would be incompatible with its position as stated above.

Neither has the Argonaut at any time intended to attack perniciously thru its columns any of the esteemed churchmen of the community in which the University is located, or the religious organizations with which they ally themselves. The University holds these persons among the most esteemed of its friends. Their good will is valued beyond expression.

The Argonaut deeply regrets any misconception that may have been placed on any of its articles. If any of the friends of the University already referred to feel that they have been unjustly attacked in any of the Argonaut's publications, that paper offers a most humble apology for not making clear the true mark at which these articles were directed.

JUNIOR PROM TO BE GIVEN MARCH 6TH

After several successive postponements for various causes, the Junior Prom is promised for March 6th. The Prom was first set for January 16, and was postponed on account of a basketball game which never materialized. The second date was announced for January 31st, as an anti-climax to the great bi-annual sixteen round go between the faculty and the student body. This time the Flu intervened.

The Elwetias offered to give up their date for the Junior Prom and this was accepted in class meeting last Thursday afternoon. But as Si says, "Lord only knows what will happen this time." Every effort is being put forth by the committees to make the Prom the greatest dance of the school year. Evidently the members of the Junior class believe in "the third time's a charm," anyway they are going ahead as if there was no such animal as Old Man Fate and in fact, they dare him to interfere this time.

CAMPUS ROOMER

Professor—"When is the sun the warmest?"

Fair Co-Ed—"About midnight."

Co-Ed—"Why do you always insist on going to the 'Kenworthy'?"

Ed—"Get twice my money's worth—picture show in front, and vaudeville behind."

Now that the flu ban is with us, and picture movies are taboo, likewise the dance, ye editor of this column once more comes to the rescue of the Camqustry Queens and Queeners. Now, when Friday and Saturday nights roll around, don't sit home and play "pussy wants a corner" or yawn at each other. Just turn to this column of the Argonaut and find the article entitled, "Sight Seeing Trips About Moscow." Follow all directions, and a pleasant evening is guaranteed.

"Sight Seeing Trips About Moscow." No. One)

Take street car in front of Beta house. Walk in on all fours and bark like a dog, thereby deceiving the conductor who will fail to collect the fare. (This adds a great deal of amusement not only for yourselves, but for the other passengers as well.) Get off in front of Moscow barber shop. At this point, a close shave will add much excitement to the journey. After counting the stripes on the barber pole, advance to Eggan's Hall. This historic building was once the scene, in by gone years, of A. E. F. Dances. (For thoro understanding of word "dance," refer to G. M. M's Theme Tablet, left hand column.) Now, obtain directions from the city police department, of exact location of one of the towns "Six Best Cellars." After location and inhalation, call a taxi. Whether it answer or not, try to beat it home.

Mary was an out-door girl. She always loved the ocean, And so she got a Marcel Wave And cast o'er it a net, to keep it out of motion.

"Hey, Page the Laundry." From the color of the Idaho Basket Ball suits, it would seem that the Scrub Team hasn't been at work lately.

The Zoological Department was much aroused over the reappearance on the Idaho Campus, during the past week, of the "Dicky Bird." It appears but once a year, at the most unexpected times and places—always at night and its loud, mournful cry is easily heard all over town. It was once traced as far as the Sigma Nu house, but there the cent was lost.

"Recent Elections on the Idaho Campus"—Chiff Creilman, in recognition of his ability, has been elected "Past Grand Master of the Full House" of the Poker Pickers Union.

Onery membership in the Crap Shooters Council has been conferred upon Ted Hedge.

Campusury courses are the only ones that don't suffer from the effects of spring fever.

"Spring has come, Spring has come!" The poet loudly cries. The Sigma Nus are shooting craps. The D. Gs make mud pies. The Beta Boys are playing ball. The Gamma Phis skip rope. The Kappa Sigs give hand concerts. We all eat Ivory Soap!

The Phi Deltas are a singing now, The D. Gs in quarantine, The Ags are all alearning how To plant the summer bean, The Chi Deltas gombol on the lawn, The S. A. Es play tag, The girls are all aworrying Who ain't got a "new spring rag." The A. K. Es are pruning trees, We one and all are lazy— But how much worse off you all might be If like the poet, you were crazy."

The health authorities kicked the crowd out of the well ventilated gym at the Frosh game Saturday night, so they all had to go down to a picture show and the pool hall, to escape the flu germs.

Notice. Notice to Students Attending the Episcopal Church:—Mr. Bridge is forming a class for confirmation candidates. It will be held in the "Y" hut on Wednesday at 7 p. m. prompt. Any interested students are invited. The subject of study will be "Fundamental Religion."

FOR FIRST AID TO LEAKS AND DRIPS SEE WITTER-FISHER PLUMBERS

GO OP CLUB TAKES NEW FORM AND NAME

Non-Fraternal Organization Widens Scope and Adopts Name of The "Elwetias"

The Co-operative Club, which has been an active campus organization for the past five years, incorporated today under the name "The Elwetias," meaning a home where many men live together, the word coming from the Nez Perce language.

The Co-operative Club was formed in 1915 with six University men as its charter members. These men, recognizing the economic and social needs of the non-fraternity men, formed the club with the express purpose in mind of meeting partially, at least, these needs. Since the fall of 1916 the club has occupied a house on South Lilly street, and has maintained a membership of twenty or more at all times since then.

First on Campus.

The Co-operative club bears the distinction of being the first and only organization of its kind on the campus. In the past it has been exactly what its name implies; a cooperative student organization which has sought to maintain the cost of living among its members at the lowest possible amount consistent with good living, and to furnish the social benefits which come from group life. In both it has been successful. Living expenses have been kept from five to twenty dollars lower per month than those of any other organization on the campus. And while the social activities of the club have not been so prominent as was desired, this was due to the fact that the club was limited to a house not entirely suitable for entertainment, and by the fact that it is a new organization, and had to conform its outside activities accordingly.

Having proven that such an organization is not only a practical thing, but a necessity, the members have decided to place the club on a more permanent basis, and to that end have incorporated.

Strictly Non-Fraternal.

The ideals of the Club have always been and still are, distinctly non-fraternity. There is not and never has been any thought in this organization, to become a fraternity. The founders believed in the need of permanent organization for the non-fraternity men, a club which would make possible college education to more men, and to provide a place that would be home to such of the non-fraternity men as could be accommodated.

Yet in no sense, was this organization founded with the idea of running a boarding place. Members are selected with a view to their personality, their school standing and congeniality and it is the aim of the club to maintain a standard of ideals and true manhood.

Select Novel Pin.

At present, the Elwetias has twenty three active members on the campus. Members will be designated by a barbed arrow-head (signifying the fact that the membrs are Barbs in every sense of the word, even though organized.) The arrow will be made of gold, in the center of which will be a black enamel inlay with the letters T. E. in gold. The tips of the letter T will be pointed like the Indian arrow head.

Beginning with the coming September, the Elwetias will occupy a new and modern home, on south Deakin avenue. The house will be erected during the coming summer and will be ready for occupancy when school opens in the fall.

MORE AND BETTER SONGS—MUSIC CLUB

New Organization Plans Larger Scope For Original Songs in Stunt Fest

More and better songs for Alma Mater will result if the present intentions of the Music Club, recently organized among the music students of the University, are carried out. At an early session of the A. S. U. I. amendments to the constitution will be proposed which it is hoped will work toward the better regulation of the annual song contest.

The sentiment has often been expressed by various members of the student body and faculty that due to weakness in the rules governing the annual song contest many excellent songs were lost to the school. It has been pointed out that the music to the majority of the songs submitted each year is never written down. The music is memorized by the composer, taught to the class by rote for presentation, and then forgotten, if the song does not prove a prize-winner.

The criticism has also been advanced that judgment of the songs on the basis of the presentation by the class is unfair, the prize often not going to the best song, but to the song best presented.

The present plans are to offer amendments which will require the composer of the song to present his work in manuscript at a certain specified time before the contest. The song will then be submitted to impartial critics who will judge it on the points of musical worth, composition, and the quality of the words. These judgments will be averaged with the presentation of the song by the class, and the prize awarded accordingly.

"Idaho is in dire need of more good songs," stated Prof. E. O. Bangs, head of the Department of Music. "The majority of the songs now in existence are of too sentimental a nature, it seems to me. A few such songs are necessary, but not such a predominance as is now the case. What the school needs is more songs of a bright, spirited nature which at the same time are not jazzy or raggy."

Miller feels that in view of the early orders and fine selections that are being called for an unusually large amount of planting is to be done this coming season.

Foresters See Movies. Monday night members of the Associated Foresters and guests had an opportunity to see moving pictures of typical logging operations filmed in Idaho and in the south.

Fullaway to Lecture S. H. Fullaway, forest supervisor of the Nez Perce National Forest, will visit the School of Forestry next week for the purpose of giving a lecture on forest mensuration. Mr. Fullaway is well versed in the subject of mensuration. Forestry students are glad to have the opportunity of hearing his lectures which promise to be educational and interesting.

SOULEN ADVISES NORTHERN SCHOOLS Praises Work of Helga Anderson at Sandpoint—She is Making a Decided Success.

Professor Ph. Soulen recently returned from a trip to Kootenai where he went to advise with the school board and parents on the matter of whether or not the conditions at that place justified the establishing of a high school.

On his return Professor Soulen stopped at Sandpoint and visited the school. He spoke highly of the work of Helga Anderson, '19, who has charge of the Home Economics department. Miss Anderson is developing not only her own department but is making a decidedly favorable impression on the community. The

board in appreciation of her work furnished the department with a new electric range. Professor Soulen at noon joined the faculty and sixty or more students in a cafeteria lunch which demonstrated the practical efficiency of the Home Economics department for the lunch was entirely prepared by high school students. Miss Anderson serves the cafeteria lunch every day but the system is entirely free from the objectional commercial features which are prevalent in some schools.

Superintendent Breckenridge has a warm spot in his heart for the University and is anxious to include among the Sandpoint teachers, Idaho graduates.

ALUMNI SECTION

ANNOUNCEMENT COMING

"I" says,

"Have you heard about the Committee? I mean the Athletic Advisory Committee?"

Well, President Lindley appointed four Alumni sometime ago to cooperate with our four Students, four Faculty members and himself on an Athletic Advisory Committee. The committee was given authority to advise and to act. It was instructed to take measures to improve the Football Situation.

The committee has advised and has acted and will make an important announcement in the next issue of The Argonaut, if possible.

So keep your weather eye on Project No. 5. Things are looking up in a football way.

CAREER HALTED BY PNEUMONIA

JOHN W. SHEPPERD, '03, PASSES AWAY AFTER ILLNESS OF BRIEF DURATION

FAMED AS AN ENGINEER

Dean C. N. Little Tells Story of This Graduate's Unusual Achievements

University graduates both of the earlier classes and of later years will be saddened by the news of the sudden death at Caldwell of John W. Shepperd, '03, who succumbed last Thursday to an attack of pneumonia which followed influenza. Ever an ardent university enthusiast, Mr. Shepperd was known throughout the northwest as an engineer of unusual capabilities.

The following account of this graduate's thoroughly successful career was written by Dr. C. N. Little, dean of the college of engineering, under whom Mr. Shepperd studied:

Proved Strong Student.

"Mr. Shepperd was born in Oregon, September 8, 1878. He entered the University of Idaho from Latah county, taking the civil engineering course and graduating with the class of 1903. He was an exceptionally strong student and in addition showed that he possessed those qualities of level headedness, tact, energy and initiative which have characterized his subsequent career.

Not long after graduation he entered the service of the C. P. Railway in Canada steadily advancing in positions of importance as he gained experience until in 1907, he was put in responsible charge of the \$1,500,000 grade reduction on Field Hill. The original grade was 4.5 per cent for 4.5 miles. This heavy grade was very expensive to operate as well as dangerous. It required four large engines to haul a passenger train of ten to twelve coaches up the grade and 45 minutes was given to the ascent.

Displayed Rare Skill.

The grade reduction was effected by constructing two spiral tunnels, whose combined length was over 6000 feet, in the side of the mountains. These tunnels were constructed from each portal and the skill with which Mr. Shepperd made the difficult locations and carried out the work was shown in the trifling error of coming together of the center lines of each tunnel as independently constructed from each portal. In one case this was fourteen and in the other nineteen hundredth of a foot.

Mr. Shepperd's success in this work led to his being intrusted in 1913 with the relocation of 67 miles of main line of the C. P. R. from Beavermouth, B. C., to Revelstoke. Later he had charge of the construction of twenty miles of this line including the Roger Press tunnel over

THIS MEANS YOU!

five miles long. This is one of the

great tunnels of North America. He left this work after it was well started under circumstances which brought into a clear light his integrity and devotion to duty as he saw it. In recent years he has been engaged in general engineering practice with headquarters at Caldwell, Idaho. At the time of his death he was engineer of the Gem Irrigation district.

"At the engineer's convention at Pocatello January 12-14, I met Mr. Shepperd. He was then in robust health, with promise of a long and useful life before him. In his death Idaho loses one of her most competent engineers, a man of sterling character. The University of Idaho mourns the loss of a son of whom she had the best reason to be proud."

ALUMNI PERSONALS

Clyde Humphries, '17, is now with the state highway department. His headquarters are in Boise.

Clay Koelsch is now located at Hagerman.

Frank Martin, '17, is now practicing law in Twin Falls.

J. Reno Numbers, '16, is now located in Boise.

Fritz Lundstrum, famous Idaho athlete, now calls Los Angeles his home.

Mr. and Mrs. Virgil Sammis are the parents of a son, who, they announce, will be a member of the class of 1942.

Aden Hyde is now the editor of the Caldwell Tribune, Caldwell, Idaho.

Don't embarrass us, Miss Former Student by constraining us to take your name off the mailing list of the Argonaut. Send us \$2.00 for a fully paid up membership fee. The Alumni Association, Moscow.

P. J. Martin, '19, visited at the Kappa Sigma house the 14th and 15th. He is traveling for an insurance company and has his headquarters in Spokane.

Frank W. Illingworth, '20, has recently returned from Siberia, and is holding the position of bursar at the industrial school at St. Anthony.

Say, Mr. Former Student, we can't continue to send you the Argonaut without a paid up membership fee and subscription. Send in that \$2.00 to the Alumni Association, Moscow.

Harry Hawley, '19, Pat O'Brien, '20, and Ralph L. Morse, '20, are attending

George Washington University at Washington, D. C.

S. A. Regan has moved to Caldwell, Idaho.

Ray Safford has a position with the Moscow State Bank. He moved to Moscow this winter.

Russell Cunningham is located in Grangeville in the forest service.

Eugene Hyde, '19, is located at Oreana, Idaho, where he is managing a general merchandise store.

Lorenz Wade, '18, is teaching at Ilo, Idaho, where he lives.

Lillian Skatbabos, '05, is county superintendent of schools in Latah county.

Kathryn McCormack, '19, is teaching in Troy.

Fred Babcock, '16, is teaching mathematics and gymnasium work in the Lewiston High school.

Pearl Morgan, '19, is teaching Home Economics in the Lapwai High school.

Ronald Wood, '17, works for the Mutual Creamery company of Lewiston.

Camille McDaniel, '19, teaches in the high school at Nezperce.

Ruth Fable, '16, is head of the Home Economics department of the Lewiston State Normal school.

R. R. McGregor, '15, his wife, Marguerite Means McGregor, '15, and baby, live in Lewiston.

Grace Carithers, '15, is teaching in Moscow.

Vivian Allen Hupp, '16, teaches at Bovill.

Eleanor Jensen, ex-'18, teaches at Bliss.

Don't embarrass us, Miss Former Student by constraining us to take your name off the mailing list of the Argonaut. Send us \$2.00 for a fully paid up membership fee. The Alumni Association, Moscow.

Norman Adkison, '07, and his wife Della Shaff Adkison, '07, of Pocatello, made a trip to north Idaho in October. Mr. Adkison, working in the interests of the Anti-Tuberculosis campaign, went to inspect the proposed site for the tuberculosis hospital.

Lenora Harbke, ex-'20, teaches at Nezperce.

Meiva Harbin, ex-'22, is teaching at Grangeville.

Valborg Kjosness, '16, teaches foreign languages in the high school at Clarkston, Washington.

Amsel Greene, '16, is teaching English and Latin in the Orofino high school.

Thelma Hofer, ex-'21, teaches at Ilo.

Ethel Richmond, '17, teaches in the Cottonwood Consolidated High school at Fraser.

Dorothea Wenz, '16, is teaching in Payette high school.

Kathryn Keane teaches Home Economics in Payette High school.

George Isaman, '15, teaches in Clarkston, Washington.

Eunice Keller, '18, teaches Home Economics in the high school at Orofino.

Preston Richmond, '19, is teaching at Nezperce.

Stephen Craig, '06, teaches at Orofino.

Lillian Warren, ex-'21, teaches at Avon.

Kathrine Stryker, ex-'21, teaches at Orofino.

Say, Mr. Former Student, we can't continue to send you the Argonaut without a paid up membership fee and subscription. Send in that \$2.00 to the Alumni Association, Moscow.

Agnes Bailey, '16, teaches English in Kendrick high school.

Frank Thomas teaches in the Astoria high school.

Catherine Duggan teaches in the Deary school.

Theoren Warren is practicing law in Caldwell.

Annette McCallie teaches in Lewiston High school.

Rose Curtis Durham, '16, of Bountiful, Utah, has a daughter, Amy Corrun, born August 5, 1919.

Maude Gregor Young lives in Coeur d'Alene.

Olive Buchanan teaches the eighth and ninth grades at Clearwater.

On September 2, 1910, Doris Gregory and Jess Wade were married in Kendrick. They are living in Ilo.

Howard Waterman, '17, has accepted a position in the offices of the General Electric Manufacturing company in Schenectady, New York.

Oscar Johnson, '17, is taking work at the University of Minnesota.

Harry Einhouse, '17, and wife, Ola Bonham Einhouse, '17, are living in Kellogg.

Mary Vesser, '18, teaches at Harrison.

GLEE CLUB CONCERT SLATED NEXT WEEK

Back From Successful Tour, Club Will Give Their Best Wednesday—Scott Out.

The University Men's Glee Club will present its annual concert in the auditorium on the evening of Wednesday, February 25. Students will be admitted on their A. S. U. I. tickets. The price for others will be \$1 a head. Tickets will be on sale at Hodgins'.

The club regrets very much the recent sickness of Russell Scott, baritone soloist. In the concert tour from which the club lately returned Mr. Scott's solos were everywhere acclaimed to be among the strongest numbers of the program. His inability to sing will make a gap in the program which Prof. E. O. Bangs the director, is being hard pressed to fill.

The other members have now become rested from their recent extensive travels, and are in better shape than ever, according to Prof. Bangs. All attempts will be made to

make the home concert the best of the season. Special rehearsals are already being held.

WANT LETTERS FROM OLD IDAHO STUDENTS

Urged To Let Their Friends Know What They're Now Doing—

Here's Two

We have decided to print letters from former students so that their friends may learn their occupation and experiences through first hand information.

There are about two thousand five hundred former students so that it will be necessary to run digests of not over thirty words from about fifty letters each issue. In one year under this plan we can put you in touch with all your old friends.

But we need the letters. Drop us a line now.

Here are two as starters:

1. From Harry H. Daus, '11, Insurance expert, Phone, office Main 702; Res. Tabor 1124, Wilcox building, 6th and Washington, Portland, Oregon.

"I am in receipt of the last edition of the Argonaut and enjoyed reading it immensely. I heartily endorse your new idea and am sorry that I do not live in Idaho so that I could cooperate with you. However, I presume the most obvious demonstration of my desire to cooperate is best shown by sending you a check for \$2.00 which I herewith enclose.

"Kindest regards and best wishes

2. From Andrew Christensen, '15, Laclede, Idaho.

"Just received a copy of the Argonaut and am surely pleased to see the alumni and the University authorities waking up to the situation that exists at Idaho.

"Altho I have been isolated here, I have kept pretty close account of things down there and more or less thruout the state. In my opinion the production of a winning football team will do more to put Idaho back on the map than any one other thing. We have material and I hope for a winner soon. I am glad a real effort is being made to deliver the goods.

"Idaho jobs for Idaho graduates" sounds right.

"Have been planning a trip to the University but guess will have to wait till roads get in shape."

A. Wm. Snow, '06, center of the championship Idaho football team and now managing his own mining property at Gilmore, Idaho, Lemhi county, sends in his subscription to the Argonaut and says it looks like we are getting down to business on the football situation at the University.

4. From Agnes Bailey, Kendrick, Idaho:

Dear Gertrude:—

Thus unofficially must I address a letter to the Idaho Alumnae for its next publication, for I do not know who is now president of the organization, or who is editor of the paper. On Wednesday evening, October 8, thirty former students and graduates of the University assembled for a reunion and banquet in Lewiston, where most of those present were attending the Central Idaho and Southeastern Washington Teachers' Institute. During the very informal meeting the organization of a University boosters' club was suggested but the majority expressed a desire to boost the alumni organization instead.

The banquet was served by an Idaho alumna, Elsie Nelson, '12, at the Rosebud Tea room, which she has recently opened at 114 Tenth street. The simply decorated and home like tea room was an evidence of Miss Nelson's artistic ability, while every one in attendance realized her practical powers as evidenced in the preparation and serving of the banquet. As fellow alumni, we wish her success in this business venture.

Fred Babcock, '16, acted as toast master for the occasion and short talks were given by Mr. P. H. Soulen. George Isaman, '05, Norman Adkison, '07, and Lillian Skattaboe, '05; everyone enjoyed singing old college songs. The earliest University class represented was that of 1905. The class of 1916 had seven representatives. The list of those who were present follows: Dr. Soulen, 1906-19, Lorentz Wade, '18, Lillian Skattaboe, '05, Kathryn McCormack, '19, Fred Babcock, '16, Camille McDaniel, '19, Ronald Wood, '19, Ruth Fauble, '16, Norman Adkison, '07, Della Shaff Adkison, '07, Robert McGregor, '15, Margaret Means McGregor, '15, Grace Carithers, '15, Vivian Allen Hupp, '16, Winnifred Edmundson, '16, Eleanor Jensen, ex-'18, Lenorah Harbke, ex-'20, Melva Harbin, ex-'22,

Elsie Nelson, '12, Lillian Warren, ex-'21, Katherine Stryker, ex-'21, Thelma Hofer, ex-'21, Agnes Bailey, '16, Ethel Richmond, '17, Arnel Greene, '16, Valborg Kjosness, '16, Stephen Craig, '06, Preston Richmond, '19, Eunice Keller, '18, George Isaman, '15.

So delightful was the reunion that we were all loath to depart; indeed the hour of our dispersal had better go unrecorded. It reminded one of by gone days at the "U. of I." before time limits were put upon social events.

I shall enclose herewith all the items of interest regarding Idaho alumni which have come to my attention. Perhaps a check for my annual dues will be more appreciated; but with these accept my sincere good wishes for the success of the Idaho Alumnae this year.

Yours truly,
AGNES Bailey.

"AMAZONS" CAST PICKED BY COACH

Play is Character Work That Should Meet With Decided Success— Many Humorous Situations

"The Amazons," a farce in three acts by Arthur W. Pinero, will be presented under the auspices of the Y. M. C. A. and Y. W. C. A. of the University of Idaho in the auditorium Friday evening, March 12th.

The cast for the presentation of this play has been chosen from the entire student body. Each one will be directed in his part by Professor Cushman of the English department.

Those successful in the try-outs are: Barrington, Viscount Litterly, Abe Goff; Galfred, Earl of Tweenways, Mike Thometz; Andre, Count de Grival, Maurice Jackson; Rev. Roger Minchin, Oscar Weaver; Fitton (a gamekeeper), Ambrose Johnson; Miriam, Marchioness of Castle Jordan, Marion Byrnes; Lady Noeline Belturbet, Faith Newton; Lady Wilhelmina Belturbet, Mary McKenna; Lady

Thomasin Belturbet, Helen Johnston; "Sergeant" Shuter, Margaret Moseley.

"The Amazons" published by the English author in 1893, proved very popular in Europe. The greatest success however yet achieved by the play has been in America. The freshness, the delicate humor and the unconventional prettiness of the girls' masculine attire captivated the play-goers of New York when the first production of the play ran for nineteen weeks at the Orpheum theatre in 1894. Similar popularity has accompanied the play throughout the United States.

DEBATERS PLAN DOUBLE VICTORY

Are Hitting the Ball For Wins at Home and in "Foreign Country."

Idaho will win both the coming debates if determination and hard work count for anything.

E. E. Hunt and "Bunt" Brashears, who won the privilege of carrying the silver and gold over the border to Vancouver, are both bringing down upon themselves the curses of the other inmates of their respective houses by locking themselves in their rooms and there, safe from interference in the name of peace and quietude, thunderously intoning arguments against the application of the principle of the closed shop.

Huff and Swanstrom, who are to chew the fat with the talking delegates from the University of Oregon in our own auditorium, are conducting themselves in a like manner on the other side of the question.

Some Little Talkers.

"If the two Idaho teams were to meet, we would probably see a demonstration of what would happen if an immovable body were to meet an irresistible force," exclaimed one of the coaches recently after hearing the

arguments of the two teams in private.

Tackling Stiff Problem.

The pair going to Vancouver, British Columbia, is especially anxious for a victory. If the team of the University of British Columbia is talked down in Vancouver by the Idaho debaters, Idaho will go on record as being the first school from the States to defeat the Canadian college in its own halls.

Vancouver's Peculiar Trick.

"The Canadians have an annoying little custom of picking out some trifling error in grammar or delivery in their opponents speech and dwelling upon it at length," stated one of the debaters recently. "Illogical as it may seem, this device has been used by them with great success in influencing the judges. In arguments we are confident that we have them pinned down. What we are afraid of is their Canadian trickery."

As has been announced before, the question to be argued is, "Resolved that the application of the principle of the closed shop will best serve the cause of industrial peace."

The Idaho team meeting Oregon here will take the affirmative, the team going to Vancouver taking the negative.

MUSIC CLUB SETTLES DOWN TO REAL WORK

Several Standing and Special Committees Announced With Duties of Each.

The following committees have been appointed for the Music Club: Membership—Miss Helen Wegman,

chairman; Esther Motie, Alice Bess, Idez Sanger, Titus LeClair.

Program Committee—John Dickinson, chairman; Roscoe Jones, Jean Kendall.

Committee on Productions—Gipson Stalker, chairman; Nathalie Tecklenberg, Evadna Roberts.

The above committees will serve for one year. The following special committees were also appointed:

Committee on Nominations—Howard Knudson, chairman; Majorie Albe, Russell Scott, Florence Allebaugh, Edwin Foran.

Committee on Amendments to the A. S. U. I. Constitution—Alice Bessee, chairman; Henrietta Peasley, William Sutherland.

According to the constitution of the Music Club the membership committee will pass on, and submit to the club for approval, all prospective members.

The program committee will ar-

range for some form of entertainment or instruction in line with the character of the club at each meeting.

The committee on productions will advise and assist the director of any productions that the club shall undertake to present in the selection and presentation of those productions.

These three committees stand for the entire year. The two latter committees will automatically cease to exist as soon as the special duties have been completed.

The committee on nominations will make the nominations for the officers of the club, to be elected at the next meeting of the club.

The committee on amendments to the A. S. U. I. constitution will prepare and present to the A. S. U. I. amendments changing the regulation regarding the annual song contest.

The next meeting of the club will be held in the "Y" hut on Thursday evening, February 26. The program committee announces that it has a big surprise in store for the entertainment for the evening.

THE UNIVERSITY of IDAHO

Established in Eighteen Hundred and Eighty-nine.

- THE COLLEGE OF LETTERS AND SCIENCE
- THE COLLEGE OF AGRICULTURE
- THE COLLEGE OF ENGINEERING
- THE COLLEGE OF LAW
- THE SCHOOL OF MINES
- THE SCHOOL OF FORESTRY
- THE SUB-STATION OF THE BUREAU OF MINES
- THE EXTENSION DIVISION, BOISE
- THE AGRICULTURAL EXPERIMENT STATION

MOSCOW

Sandpoint, Caldwell, Aberdeen, Felt

Why Go to "IDAHO"

The choice of a university or college to be attended should be based upon four principal requirements: 1st, a high purpose and broad field of work; 2d, a competent faculty; 3d, a sufficient equipment; 4th, a student body of high ideals. The University of Idaho fully satisfies these requirements.

1. Purpose and Field—

Its purpose is to serve the people of Idaho in developing and training students; in advancing the entire State educational system of which it is a part; in assisting toward the solution of economic and social problems; in furnishing expert knowledge in Agriculture, Engineering, Forestry, Mining, Home Economics, Law, and Educational matters not only to students in residence but also to all who desire it throughout the State.

2. Faculty—

The faculty is made up of eighty-three teachers of thorough training and efficiency attained by years of study and experience. They are deeply interested in the progress of each and all under their instruction. They know the State and its conditions and give their best efforts to its development. In addition there are more than seventy workers in the agricultural extension division and fifteen agricultural county agents.

3. Equipment—

Its equipment is ample. It has a library of over 40,000 volumes, excellent facilities for teaching literature, philosophy, and the social sciences, and well provided laboratories for the natural and applied sciences and for the technologies.

4. Students—

Its students are earnest, wide-awake, and democratic. A large number of them earn their own way. Its alumni now occupy high positions and will be the future leaders of Idaho in professions, the industrial vocations, and in the building and maintenance of homes.

The six colleges, the central agricultural experiment station and the sub-station of the U. S. Bureau of Mines are located at Moscow; the main agricultural extension office is Boise, and the agricultural sub-stations and demonstration farms at Caldwell, Sandpoint, Moscow, Aberdeen and Felt.

SOCIAL & PERSONAL

Mrs. Gray, Manilla Reed, Georgia Oylear, Luella Lyons and Mabel Paterka were dinner guests of Phi Delta Theta Sunday.

Jack Richmond was a Phi Delt dinner guest Wednesday night.

Grover Evans was a dinner guest of Phi Delta Theta Friday evening.

Gamma Phi Beta entertained at dinner Thursday for Mrs. Sarah Truax Alberts of Spokane.

Elma Millgard of Colfax was a week end visitor at the Gamma Phi Beta house.

P. J. Martin, ex-'16, visited with the Kappa Sigs during Sunday and Monday.

Earl Murphy and Rufus Campen of Pullman were guests at the Kappa Sigma house Saturday night.

Miss Bliss, gym instructor at the Lewiston normal, was a week end guest of Delta Gamma.

Kappa Kappa Gamma entertained Ray Burbridge and Port Arthur at dinner Saturday evening.

Katherine Duggan was a guest at the Kappa house Sunday evening.

Mrs. Sarah Truax Alberts was a guest of the Kappa Kappa Gammias at luncheon Thursday noon.

Gladys Putman has returned from Lewiston and has resumed her course at the University.

Carol Sternberg has been forced to give up her course at the University and has returned to her home in Rathdrum, Idaho, because of illness.

E. J. Knudson spent several days of last week at his home in Post Falls.

Leo Provost, Robert Leitch, Alex Forest, Lynn Hersey and Ralph Morrow spent the week end in Lewiston.

Kappa Sigma announces the pledging of Raymond Robbins of Moscow.

Charles Shick is spending a few days at his home in Heppner, Ore. Tom Sickles spent the week end in Sapirai.

Ray Agee has returned to Moscow and is in the office of Prosecuting Attorney Nesbit.

Ralph Howell has returned to college after recovering from the mumps.

Walter Peterson spent the week end in his home at Potlatch.

Stanley Phillippi had his left arm dislocated during wrestling practice last Thursday. He will be out of training for perhaps a month.

Eather Motie spent the week end in Spokane. She was maid of honor at the wedding of her sister, Margaret.

Helen Bloom spent the week end at her home in Spokane.

Mary McKenna and Kathryn Stanford were guests at the Phi Chi dance at Lewiston Tuesday.

Bernadine Moser was in Kendrick over the week end.

The Elwetans announce the membership of J. Henry Felton, of Moscow. Mr. Felton is a Junior in the College of Law.

Ethel Babcock visited in Lewiston over the week end.

Gamma Phi Beta announces the engagement of Daisy Crump, ex-'22, to Wayne Keith of Payette.

The Gem of the Mountains staff announce that actual work of grouping pictures and the compilation of the book in its final form, has begun. A large number of real workers have been secured, and they are insistent that the annual will be among the best ever produced and that it will appear on time.

Gamma Phi Beta announces the initiation of Avis Selby, Mary Shurtz, Esther Motie, Leoma McFall, Albertine Benoit, Leah Faris, Mary Ball, Florence Hoffman, Kathryn Campbell, Jean Rowlands, Helen Roberts, Mary Owings, Kathryn Stanford, Margaret Healy, Leah Borden, Bernadine Moser, Bernice Babcock, Thelma McGee, Margaret Moseley and Mary King.

Saturday, February 14, Chi Delta Phi had its initiation service and banquet afterwards. The colors of the sorority, lavender and gold, were beautifully carried out with flowers and ribbon in the table decorations. Those initiated were Lella Lyons of Caldwell; Alice Swanson of Pocatello; Helen Oakley of Boise; Lela Patch of Boise; Irene Johnston of Boise; Bethal Collins of Boise; Mabel Paterka of Republic, Wash., and Georgia Suppiger of Moscow.

CONFERENCE OF STATE EXTENSION WORKERS

Next Week to See Gathering of Important Branch of the University.

The annual conference of all university ext. dept. workers will be held on the campus next week, February 23 to 28. About seventy men and women of the working staff of the department will participate in the conference, which will be in charge of L. W. Fluarty of Boise, state director for the university extension department.

Plan Future Work.
The primary purpose in calling this conference is to map out the work for the coming year for each department. As nearly as possible the work will be carried out in close coordination with the research work being carried on at the University, and the methods of teaching in the college. The workers of the department will be given the opportunity of meeting the faculty and observe at close range the work being carried on in their particular field in the U.

Four Divisions.
This conference comprises four divisions of the Home Extension department, each under its own state leader. The county agent work is under the direction of F. L. Williams, the club work under State Leader W. F. McCall, while Miss Anna Keller heads the Home service branch, and the fourth division is that part which deals with specialists in certain lines of work, such as animal husbandry, etc.

No outside speakers are slated for the conference as the affair is entirely for the State Extension workers. President Lindley will however likely give an address to the workers during one of the meetings.

PLANT MUSEUM HERE FROM PHILIPPINES

Educational Department Receives Wonderful Specimens of Plant Life From Manila.

A novel collection of educational material from the Philippine Islands was received today by the Education department of the University. It consists of a group of folios containing industrial plant specimens and shows the evolution of these plants in their various stages to the finished product.

On the first page of the folio the photograph is shown of the plant as it grows; drawings are made of all parts of the plant and cross sections shown. These are followed by pressed specimens of the plant in all its stages of evolution until finally on the last page a beautiful photograph appears of the many finished products.

Every plant is accompanied with a history, giving its distribution and habitat, description, material and uses. Among the plants sent are four species of the bamboo; the abaca, a fibre plant which ranks first in commercial importance in the Philippines and yields an excellent white fibre which commands a prominent place in the world's markets. It comes under the commercial name of Manila hemp and is used extensively in laces, hats, slippers and baskets. The history of all the plants sent is most interesting. Besides the folios the collection includes finished products such as card trays and window gaskets which are true works of art.

In speaking of the specimens Professor Soulen said, "The Collection in itself forms the nucleus of an educational museum. I appreciate the gift from that viewpoint but it is of particular value to the department of education by furnishing from an entirely novel field material for object teaching and for demonstrating some of the fundamental principles in the teaching process."

Professor Soulen for some time has been demonstrating to his classes how object teaching may be done in connection with the industries of our own country but the exhibit just received has a value of its own by arousing the curiosity of the child as it is something novel from the Philippines. The collection was secured for Idaho from the Bureau of Education of the Central Luzon Agricultural School, of Munoz, Nueva Ecija, through Fabian D. Ream, '08, of the Preparatory department of Idaho. He was from Bear Lake. At the present time he is connected with the Luzon Agricultural school which is laboring for the advancement of agriculture in the Philippines.

A MODERN PARABLE

Did you ever hear the parable of the Movie Man and the Simple Student? Neither did we, but it is safe to say that if movies had existed back in the times when parables came into life, there would have been one. It is something like this: "In a certain college town in New Hampshire or Australia or Halifax, there were two movie shows. Each of these show-houses charged the student one mazulum, that is to say, one quarter section of a toad hide, for admittance.

One day a certain man, wise beyond the ken of you and me, came into the college town and bought one of the show-houses, the same being the Nockemdead theatre. And the new owner, being well versed in the ways of male students with a girl, promptly boosted the price to a mazulum plus a thin on or thirty five cents. And the student of the species male, being a dead game sport, would take his girl to this show, rather than show himself up by going to the Thrillembig, which had kept its price at one mazulem. And it mattered not a bit that the Nockemdead theatre ran old, second rate pictures. It cost the most and therefore it was the best.

And so the Nockemdead theatre prospered greatly until one day a certain student awoke to the possibilities of the game, and informed the students of his deductions. Whereupon, the men of the University swore a great oath, and the women said amen and from that day hence, no college student was ever seen to enter the Nockemdead theatre and after a few weeks, it reduced the price to one mazulem, and flourished ever after.

Caring for the Complexion

At this season of extreme cold the complexion will age rapidly unless you employ the right agents for its protection. Use a skin cream that softens, nourishes and protects the outside tissues. There's nothing better for this purpose than

Nyal's Almond Cream

Oil of almonds has long been known as a most perfect agent for softening the skin and feeding the underlying tissues. This cream is daintily perfumed and its use is a delight to those who wish to give their skin proper care.

IDAHO REVENGE COMING UP

"Remorse" is a word that never did and never will exist in the 'vocab' of any Idaho athlete. They have a word which they substitute for this 'weak sister'.

IT'S "REVENGE!!!"

Ask our wrestlers what they think about the last Saturday's affray and I'll get you the best "Coke" in the Hon Ton that you don't hear any alibi stuff whatever. Those boys don't remark that they are very sorry to lose to our severe rivals, but they do say, "Whatch the brim-stone fly when we hit'em next Thursday on our great day of revenge."

Remember you grappling fans that Babe's men mean business this time and this will be a different sort of an entanglement than last week's match. Be there Idaho!

IDAHO VS. W. S. C.

Next Thursday night at exactly seven and one-half bangs by the new Ad. building clock (the new dollar alarm in the janitor's bed-room) the W. S. C. grappling team will proceed to become entangled in the, any number of sorts, of scissors, hammer-locks, body locks, toe holds, Nelson's, from half to full, flying mares, flying Dutchmen and flying everything that our team has doped out to hand the Washington farmers.

W. S. C. won an easy victory last Saturday and will arrive in Moscow very full of confidence and other W. S. C. ideas. We saw what over confidence did to Jess Willard and on that same assumption let's turn out and back up our mat-men in their "Revenge Party!"

HOW ABOUT A JAZZ SEND-OFF?

Next Thursday our basket ball five leave for a six-game trip with the leading teams of the West. We all want them to win. Sure thing!

Let's get the old fog horns and the jazz bands out and show them off to the train.

Everybody Out!!

Raise particular —, the flu ban or anything else that stands in the way of a big six-day drive.

SLICKER GRAPPLING TEAM FROM W. S. C.

Last Saturday afternoon in the Pullman gym, behind closed doors, our Varsity mat team lost to the gray "W" boys by a score of 1 to 12.

Idaho's only point was gotten by a decision in the light-weight (135-pound) class when Overhauser proved to be the most aggressive man in a non-fall bout.

The greatest amount of dope up-setting was executed in the heavy-weight bout when Tromhauser of W. S. C. got a "Point and One-Half" fall from "Babe" Brown of Idaho. Local rulings were in effect which called for a limit of nine minutes, with rolling falls counting, full Nelson barred and a decision to be awarded in the absence of a fall, which made a fair exhibition of skill impossible. If a man simply rolled over once he was down. These rigid restrictions made it quite impossible for one, who was used to unlimited bouts, to do himself or his team justice.

Two preliminary events preceded the main match and were scientific affairs executed by two 158-pounders and two 175-pound men. Hamilton and Laug went to a draw in the first while in the heavy event, Kildow got a decision over Shoeman. The bout ended with Kildow the processor of a wicked hammer-lock at the expense of his opponent.

The duel contest was led off by the 135-pound men with Overhauser representing Idaho and Troop, W. S. C. Troop was a wicked sport at heart and tried time after time with jabs to the eyes before either went to the mat. Overhauser proved the best offensive man and got his point on a decision by Referee Thorpe.

Much questioning the referee's decision took place when Thorpe awarded a fall to Pearson over Patch in the 158-pound event which ended with a double body lock. It was a rolling fall. Time, 45 seconds.

In the 145-pound class, Penwell of Idaho, was easily out-classed by Boggs of W. S. C. who was one of their exceptional men on the campus. The fall was the result of a body lock in three minutes, two seconds.

A second 158-pound event was staged with Friedman as the Gem State representative versus Gjoural of W. S. C. The latter won his fall in one minute, 19 seconds, with a double body lock.

The last event on the list was strictly composed of defensive work by Brown for a period of six minutes, 45 seconds, when Referee Thorpe slapped the back of the W. S. C. representative for a victory on a rolling fall. This was a very slow bout, due to the fact that both men were used to no such restrictions as existed in these bouts.

BARBS OUTCLASSED SHORTHORNS

The Barb team brought their wins and losses up to a 50-50 standing by handing the S. P. A. quintette their sixth straight defeat. Walker starred for the Barb team.

	Forward	Center	Guard	Guard
Barbs	Edwards	Walker	Wube	Asmusen
S. P. A.	Watson	Fasel	Davis	Carlson

Summary: Barbs scoring, field goals—Walker 7, Weibe 4, Edwards 3; free throws—Walker 2. S. P. A. scoring, free throws—Fasel 2; field goals—Fasel 2.

PHYSICAL WRECKS REVEALED

When the remaining eighteen mavericks, which are now roaming the campus at large, are corralled and given the once-over by "Blea" the entire herd of plunging Sophs and bawling Frosh will have been examined from a "man's" stand-point and either ear marked a "husky" or branded as, "too light for shipment" and turned on green grass for another season.

This will complete the exams for the year with a total of 307 men examined. The purpose of this is to find out what is wrong with the delicate lads and give them exercises to strengthen their weaker muscles, bones, hairs and teeth.

SIGMA NU 17, BETAS 11

In a rough surprise party sort of an entanglement last Saturday the Sigma Nu team upset a barrel of dope by taking the Beta team to the block for a defeat by a margin of 1/2 dozen points. All in all, the game was featured by the most remarkable shots from the Sigma Nu team and good foot-ball exhibitions on the part of both.

	Forward	Center	Guard	Guard
Sigma Nu	Hunter	Kern	Graf	Plastino
Betas	Scott	Stout	Irving	Johaneson

Summary: Sigma Nu scoring, field goals—Graf 2, Hunter 2, Kern 2, Plastino 2; free throws—Hunter 1. Betas scoring, field goals—Scott 2, Irving 2; three throws, Scott 3.

DOPE FROM THE INTERSCHOLASTIC WORLD

But few games were played this week on account of the general flu conditions in various parts of the State.

Results are as follows:
Coeur d'Alene 41, Sandpoint 11
Shelly 48, Rigby 18
Shelly 22, Idaho Falls 12
Shelly 32, Sugar City 26
Shelly 27, Sugar City 16
Shelly 33, Pocatello 31
Shoshone 9, Twin Falls 40
Ricks 29, Sugar City 13
St. Anthony 11, Sugar City 26
Heyburn 26, Buhl 20

Spirit Lake 7, Rathdrum 21
St. Maries 25, Wallace 32
St. Anthony 33, Rigby 22
Bonners Ferry 38, Sandpoint 23
Bonners Ferry 31, Sandpoint 25
Rathdrum 21, Sandpoint 14
Rathdrum 23, Sandpoint 19
Post Falls 12, Sandpoint 36
Spirit Lake 13, Sandpoint 23

PHI DELTS DOUBLE UP ON BETAS

The Beta five met their first defeat of the season at the hands of the Phi Deltas in a rough game which was marked by luckless shooting for the losers and decidedly the opposite for the victors.

	Forward	Center	Guard	Guard
Betas	Veatch	Scott	Irving	Stout
Phi Deltas	Whitcomb	Kerin	Glasgow	Thompson

Summary: Betas scoring, field goals—Irving 2, Scott 1; free throws—Scott 4. Phi Deltas scoring, field goals—Kerin 3, Whitcomb 3, Thompson 3, Glasgow 1; free throws—Whitcomb 1.

INTEREST IN STATE TOURNAY RUNNING BIG

SOUTHERN HIGH SCHOOLS ARE HOPING TO GRAB BASKET BALL HONORS

TWO DAYS, MARCH 18-19

Teams From North to Pay Own Fare—Downstate Quintets Allowed Fixed Sum

The greatest interest of every high school in the southern part of the state is to win the privilege of sending its team to the annual basketball tournament, to be held at the University March 18 and 19, according to reports brought back by representatives of the University who have lately been visiting the schools in that section.

On the date set for the big meet there will be eight teams from the various parts of the state visiting the campus to compete for the championship of the state. These teams will be the champions of their respective districts.

North Schools Shooting High. In the first district, composed of Bonner, Boundary and Kootenai counties, the teams from Coeur d'Alene, Bonners Ferry and Sandpoint are reported to be showing up equally well. The local tournament for this district will be held at Coeur d'Alene, possibly including also district two, which embraces Shoshone and Benewah counties. In the latter district the Wallace team is reported to be going strong.

Latah county alone comprises the third district. By vote of the high schools of the state it was decided that Moscow should always be admitted to the tournament without competition.

Clearwater, Lewis, Idaho and Nez-Perce counties compose the fourth district. The tournament will be held the first week in March in Lewiston. The team to visit Moscow will probably be one of the following: four: Lewiston, Nez Perce, Culdesac or Grangeville. All are excellent teams, and dope experts are at a loss to know which to suggest, as a possible champion.

District five embraces Adams, Washington, Payette, Ada, Canyon, Bose, Gem, Elmore and Valley counties. Boise, Emmett, and Caldwell are leading in this section, with a good chance for Mountain Home. The tournament will be held at Caldwell.

Sixth District Strong. Contained in District six are Gooding, Lincoln, Twin Falls, Minidoka, Cassia, Blaine and Camas counties. The Glee club brings back reports of exceptional enthusiasm in this section. It includes many good teams. From dope now on hand this part of the state may possibly furnish the all-state team. Ira Tweedy, and Idaho alumnus, is the director of the tournament there, which will be held at Twin Falls on February 26 and 27. n Decided at Pocatello.

Power, Oneida, Franklin, Bingham, Bear Lake, Bannock, Butte and Custer counties compose the seventh district. The tournament for this section will be held at Pocatello under the auspices of the Pocatello Technical Institute. The winner will probably be either Shelly, Aberdeen or Pocatello.

The eighth and last district is composed of Bonneville, Madison, Teton, Jefferson, Fremont, and Lemhi counties. The schools in this section have a league of their own, which will con-

duct a tournament. Practically all the competing teams are at a par, as far as percentages go, with the odds slightly in favor of Rexburg.

Expenses Allotted. The teams from districts one, two, three and four will pay their own railroad fare to Moscow, but will receive free accommodations at Moscow. The teams from the eighth district will receive \$150 each, from the sixth \$125, and from the fifth \$100. They will likewise receive free accommodations at Moscow.

Any surplus at the end of the tournament here will be divided among the teams according to the distance they traveled to arrive at Moscow.

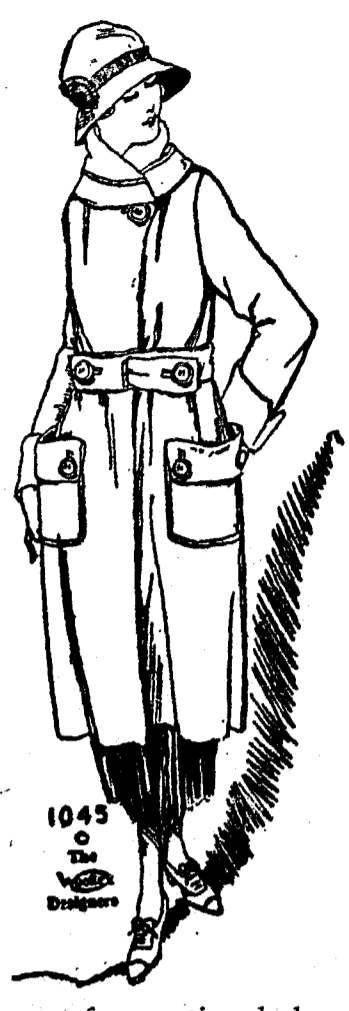

It is expected that a program will be ready for publication next week. Definite information as to who the visiting teams will be may not be obtained until the first of March.

IDAHO MAN IS AT EDINBURGH SCHOOL

Lecturing at University of Edinburgh—Writes Very Interesting Letter to Dr. Axtell

Professor Axtell of the Romance language department is in receipt of a very interesting letter from R. W. Brink, one of the old Idaho men now a lecturer at the University of Edinburgh, Scotland, which might be of interest to the present generation of Idaho students. Mr. Brink was here for three years in the prep school, and went from here to Harvard, where he made a brilliant record and was awarded a twelve hundred dollar fellowship. Later he was professor of mathematics at Minnesota, and is now located in Scotland. His letter in part follows:

"You would really think I should have a lot of time for letters here, for one of the best features of the University is that it leaves the staff time to collect its thoughts outside the lecture room. Like my colleagues I have only six hours a week, four lectures and two 'tutorials.' I find my time occupied, however, for the lectures are rather advanced and there is such an atmosphere here of keen scrutiny of everything a lecturer says that the lectures must be pretty carefully prepared. I never have any difficulty with the students, but I think American students are more comfortable people to have around than these chaps. It seems to be a matter of pose. In America (when with the professor at least) students affect a keen, even a grave, interest in the subject in hand. Marks depend on it, I suppose. Anyway there follows an attitude of respect, almost of reverence to the professor. Here a student would feel himself lowered if caught taking an interest in a subject. So, however much he may be interested, he always affects blasé indifference. He attends lectures in hopes of finding something to stimulate his risibilities, his attitude says; but his note books show he listens. Once you penetrate the disguise its rather fun. The one thing a lecturer must not do, until the skitish creatures are tamed to the bridle, is to say anything that the most feverish and attentive youthful imagination can construe as facetious. If he does say any such thing it will be pounced upon and applauded. Applause is the students only method of self-expression in a class room, for the lectures are delivered straight without a chaser in the form of recitation. But my figure may savour too strongly of Scotch for dry America. Another thing a lecturer may never do is to use a word capable of

The New Camel's Hair Polo Coats

DAVIDS'

political construction. Thus a word such as "liberal" should be avoided, for Asquith's friends would probably pour on their desks in applause and Lloyd George's scuffle their feet in disapproval.

"It is said that a lecturer of one of the distinguished classical professors in Gladstone's day was broken up because the professor in dictation used the word 'axe,' which bright students easily construed as an allusion to the great statesman. Another thing that is strictly 'defendu' is to appear before the students without academic gown. You see what I mean when I say one has to think of the form as well as the substance of his next day's remarks.

"Edinburgh is a very beautiful city and very interesting. The part of the city that is old is very much as it was in the days of Mary, Queen of Scots. The castle on its crag, Holyrood Palace and its Abbey, and between them the drunkest and one of the most picturesque streets in the world. And running off this long ridge or backbone, like the ribs in a fish, are the narrow "closes," a man's reach in width, where once lived nobility and genius, but where now the weekly washing is more conspicuous. Then Princess street, a new street of beautiful shops on one side, is open on the other onto the fine gardens, a mile long, that lead over toward Castle Rock, and the interesting Trail of the Crag. And all around the city are other hills with views and over the firth of Forth to Fife.

Society Brand Clothes

They are arriving. Let us show you the new things for Spring—Manhattan Silk Shirts, Stetson Hats, Caps.

All of the new things all of the time. We will be glad to show them to you.
