UNIVERSITY OF IDAHO, MOSCOW, TUESDAY, FEBRUARY 24, 1920

NUMBER 29

BRASLAU THRILLS HUGE AUDIENCE

WORLD'S GREATEST CONTRA-
TO ELECTRIFIES HEARERS
IN SPLENDID CONCERT

ENTHUSED BY RECEPTION

Program Varied and One Chosen To
Appeal to the Tastes
of Everyone

Sophie Braslau, by many critics considered the world's greatest contralto, quite captivated a large university audience when she appeared Friday night in the auditorium, a remarkable voice and charming personality combining to make her concert an event which will be long remembered.

Only a critic musically schooled and amply equipped with a vocabulary of laudatory superlatives could hope to do justice to the Braslau voice. Never before have Moscow music lovers heard such a rare blending of delicacy and power, such an unusual fusion of thrilling dramatic abilities with talent for the liltingly lyrical.

It would be difficult to select the evening's most popular song. Some were most impressed by the songs of the second group, which included Moussorgsky's spirited "On the Dnyepir" and the unusual "Elli, Elli, lomo ozavtonu," a lament so profoundly stirring as to inhibit applause; while others liked best the folk songs of group three.

Folk Songs Appeal.

Certain it is that none of the audience failed to thrill appreciatively at Miss Braslau's rendition of the familiar and appealing "Old Folks at Home" and it is equally certain that more than one pulse beat abnormally while the program's final encore, the poignantly sentimental "Sweetest Story Ever Told," was being sung.

Miss Braslau's stage manner was characterized by a regal graciousness which at once won the favor of her audience. She was generously liberal with encores, responding several times to the enthusiastic insistence of her auditors.

Enjoys College Audience.

"I always enjoy singing to university audiences because I invariably find them appreciative," said Miss Braslau after the concert, "and these Idaho students sent their appreciation across the footlights with a spontaneity altogether delightful. I felt that I was playing on tonight's audience as one plays the strings of a harp.

"And I must say a word about this western air. It is so tonic and invigorating that I feel I cannot do other than my best. You westerners do not realize how fortunate your are."

Miss Braslau expressed sincere gratitude for the cordiality of her reception, voiced her admiration of the university campus and even praised the acoustics of the auditorium. Later in the evening she was serenaded by a group of zealous undergraduates, among them several members of the glee club.

Miss Eleanor Scheib, Miss Braslau's accompanist, played with a sympathetic and intelligent artistry which added much to the evening's program.

MULTONOMAH SCORES ON VANDALS 30-29

Game Played Out of Schedule Results
In Closest Score of
Season

(Special Dispatch.)
Multnomah Athletic Club defeated the University of Idaho in a fast game played Monday evening on the club's floor, the score being 30-29.

In playing this game the Idaho five violated their schedule, which called for a game with Willamette University on Monday evening.

No particulars are known.

Prof. Soulen Visits.
Professor Ph. Soulen will go to Genesee this week to advise with the school on the reorganization plans for a junior-senior high school.

NOTICE

Miss Eleanor Holgate, student secretary of the Y. W. C. A. for this field, will talk to the members of the Young Womens' Christian Association of Idaho in Ridenbaugh parlors on Wednesday afternoon at 5 o'clock. Her subject will be, "The Y. W. C. A.—It's Job."

"Fox," says Miss Holgate, "what you are least up on you are most down on."

Every college woman is urged to hear her.

CLASSES IN WORLD PROBLEM STUDY SOON

"Jimmie" MacPherson Lining Up
Faculty Members to Take
Charge of Work

World problem study class will be instituted on the campus by Secretary MacPherson of the Y. M. C. A., if present plans do not miscarry. Various members of the faculty, including several Deans and heads of departments, will each have one of these classes for the study and discussion of the issues before the world today.

These classes are the direct results of the great Des Moines Student Volunteer Conference held the first of the year. Classes in this work will be held at various times and places to suit the individuals and will be arranged later.

Some of the books and questions to be studied are "World Facts and American Responsibilities," "The Riddle of Nearer Asia" and "Call of the World Task." All of these books are up to date, treatises on the Christianization of the world, and the tasks of bringing America into closer economical relationship with the Eastern countries.

KAPPA ALPHA THETA GRACES IDAHO CAMPUS

CHI DELTA PHI, LOCAL SORORITY,
NOTIFIED OF ITS ACCEPTANCE
BY LARGE NATIONAL

CHI DELTA FOUNDED IN 1915

Local Group Started Five Years Ago
By Sixteen Coeds Now
National

Chi Delta Phi, a local sorority founded at the University of Idaho in December, 1915, has been granted a charter by Kappa Alpha Theta, well known national sorority, according to information wired the local group Thursday afternoon by Kappa Alpha Theta's grand secretary. No date has been set for the installation of the new chapter.

Chi Delta Phi was founded December 13, 1915, by a group of sixteen Idaho girls, and since the date of its founding it has, as a sorority, made a commendable name for itself in the school.

Upon the receipt of the news the faculty and student body of the University were unanimous in their congratulation of the group.

Kappa Alpha Theta, founded at Du Pauw University in Indiana, in 1870, has at the present time fifty-one chapters in the United States, and is ranked among the four leading sororities of the country.

Chi Delta Phi's petition was not placed before a convention of the national sorority, but received official approbation through a polling of Kappa Alpha Theta chapters in different parts of the country.

The officers of the Chi Delta Phi which sent in its petition for a charter to the national fraternity in December, 1915, are: Manilla Reed, president; Evangeline Fleming, vice-president; Georgia Oylear, corresponding secretary; Lillian White, fraternity secretary and Helen Cochran, treasurer.

Mrs. Ernest H. Lindley, wife of President E. H. Lindley, is a member of Kappa Alpha Theta.

NOTICE

The regular meeting of the Desmet club will be held in the "Y" hut on the evening of Tuesday, March 2, at 7:30.

AGS TO CELEBRATE MARCH 5--ANNUAL

YEARLY HOLIDAY WILL SEE
HAYMAKERS COMPETING
FOR MANY PRIZES

ALL STUDENTS TO COMPETE

This Year Will Be Biggest and Best
Day in History—Short and Long
Course Men on Equal Basis

The annual "Agricultural Day," observed for many years by students and faculty of the Agricultural college, when the feed makers take a day off and engage in judging contests, and a general rejoicing in the fact that they belong to the aforementioned college, will be held March 5. No other college in the country is known to have a day of similar nature. Practical Agricultural students leave the following Friday.

The day is donated as a holiday by the Ag. faculty, and its unqualified success in previous years has made it a permanent institution, growing and accomplishing bigger things each year. This year the day's program will be more inclusive and better organized than ever. Prizes will be donated for all judging events, a silver loving cup for first, and four or five other prizes given by town merchants, and people interested in the day.

All Students Enter.

Every student in the Ag college is required to enter at least one contest, and not more than two, preferably only one. This judging is valuable in training for fall judging teams, the contests being held under the same rules used by northwest fairs. The experience gained in these contests has been especially valuable, for that reason all Ag. students are asked to take an active interest.

Short Course Men Judge.

Probably the most interesting fact about the contest is that the short course men enter on an equal basis with the long course men. In previous years the short course men have won as much as the regular students.

Classes to be judged are Animal Husbandry, Dairy products, and farm crops, with probably a separate class in Dairy cattle judging, which has previously been held in connection with Animal Husbandry. There will be from five to seven classes in Animal Husbandry, including fat and breeding classes of sheep, beef and swine, and one class of horses. In dairy products butter, milk and cheese will be judged; in dairy cattle two classes of Jerseys, and two of Holsteins. In farm crops there will be from two to four classes of wheat, probably two of oats, and one of barley and corn. No men who have judged on University teams will be eligible in the classes on which they judged. Mostly oral reasons will be given, with the exception of Dairy animals.

There will be an important Ag meeting this Thursday night. For information regarding Ag. day, see F. Plastino, C. Raney, N. Irving, C. Warren, A. Johnson.

HOLD WASHINGTON'S BIRTHDAY ASSEMBLY

Belated Celebration Held Monday
Morning With Music
and Talks

Washington's Birthday was celebrated on the Idaho Campus more than one way, not to say the least of which was the holding of a special assembly in the morning. Music and speaking made up the program. After a few waltzes from the University of Idaho orchestra, President Lindley gave a short talk upon what the name of George Washington means to us living today. Dean Cockerill of the Law College, gave a talk to the student body, pointing out some of the accomplishments of the first president, which at the time were thought to be well nigh impossible.

We owe our present liberties under the protection of the law to the efforts of such men as Washington and Lincoln, said Dean Cockerill. Charles Darling was the speaker representative of the student body.

MINING CONFERENCE SLATED HERE IN MARCH

DEAN THOMSON OF SCHOOL OF
MINES ANNOUNCES POST-
GRADUATE COURSE

STUDY FLOTATION PROCESS

Many Prominent Mining Experts To
Speak During The Six
Day Conclave

Designed particularly for mining men of some experience who desire intimate acquaintance with the several phases of the flotation treatment of ores, a conference or post-graduate course in the flotation process will be offered by the University of Idaho the week of March 1 to 6. This was the announcement made this morning by Dean F. A. Thomson of the university school of mines.

"We believe there is more than a little significance in the offering of a course of this character," said Dean Thomson, "either has invaded or influenced almost every field of ore treatment."

"The laboratories of the Idaho school of mines are especially well equipped for flotation testing and the purpose of this course is to afford the mining men of the northwest an opportunity to familiarize themselves with the theory and practice of this phase of ore dressing."

Prominent Speakers Slated.

In addition to lectures by members of the university faculty and workers on the staff of the Idaho bureau of mines and geology, addresses are to be delivered by United States bureau of mines experts and by well known mining men of the northwest whose practical experience enables them to speak authoritatively. Among those who already have been assigned places on the program are: Thomas Varley, superintendent of the U. S. Bureau of mines station at Salt Lake; C. A. Wright, hydrometallurgist at the Salt Lake station; M. S. Sullivan of Kellogg, smelter superintendent for the Bunker Hill and Sullivan; W. L. Zeigler of Spokane, flotation engineer and W. L. Penick of Spokane, metallurgical engineer for the Hardinge Conical Mill Company.

Under the program now planned, lectures will be given in the mornings of the first five days of the week's conference and the afternoons will be devoted to laboratory demonstrations and flotation experiments. The evening of Friday, March 5, the members of the Columbia section of the American Institute of Mining and Metallurgical Engineers will meet at the Moscow hotel for a banquet which promises to be the prime social event of the week and Saturday morning a joint session of the Columbia section, the flotation conference and the associate engineers of Spokane will be held at the university.

The following detailed program has been announced subject to change:

Monday, March 1.
"The Flotation Equipment of the School of Mines"....Dean Thomson
"Fundamentals of Flotation, I"..... Professor Fahrenwald
1:30 p. m.—Laboratory.
Mr. Norton, Professor Fahrenwald, Mr. Elder, Mr. Piper, Mr. Grant...
Tuesday, March 2.
9:00 a. m.—Lectures.
"Fundamentals of Flotation, II,"..... Professor Fahrenwald
"The Place of Flotation in the Field of Metallurgy".....Dean Thomson
1:30 p. m.—Laboratory.
Wednesday, March 3.
9:00 a. m.—Lectures.
"Crushing for Flotation"..... Mr. W. L. Penick
"Flotation Apparatus"..... Professor Fahrenwald
1:30 p. m.—Laboratory.
Thursday, March 4.
9:30 a. m.—Lectures.
"Flotation Theories"....W. L. Penick
"The Design of Flotation Plants".... W. L. Zeigler
1:30 p. m.—Laboratory.
Friday, March 5.
9:00 a. m.—Lectures.
"Flotation Testing"....C. A. Wright
"Flotation Operation"....Thos. Varley
1:30 p. m.—Laboratory
Saturday, March 6.
9:00 a. m. joint session of flotation

conference, Columbia section, A. I. M. & M. E., and Associated Engineers of Spokane.

Program.
Design, Construction and Results of Loon Lake Copper Company's Mill W. L. Zeigler
The U. S. Bureau of Mines and Flotation Thomas Varley
The Influence of Flotation on Smelting Practice M. S. Sullivan
The Future of Flotation Dean Thomson

WRANGLING SQUADS DOWN TO BRASS TACKS

Wielders of The Tongue Lining Up
Arguments To Bring
Idaho Victory

C. H. (Slim) Swanstrom, and Lawrence Huff will uphold the affirmative side of the question, "Resolved that the principle of the closed shop will best serve the cause of industrial peace," in debate with the University of Oregon held at Moscow in the university auditorium on the evening of Friday, February 20.

"The ingenuity with which the Idaho debaters have prepared their arguments will unquestionably make the debate both profitable and interesting," says Prof. Chenoweth, who is in charge of both debating teams.

Students of the university will be admitted by presentation of their A. S. U. I. tickets.

Earl Hunt and Ralph Brashears will leave Wednesday for Vancouver where they will contest the University of British Columbia, upholding the negative side of the same question.

Vancouver representatives will debate the University of Oregon in Eugene.

ANNUAL EXTENSION IN WEEK'S SESSION

GROUP OF FACULTY MEMBERS
AIDS ECONOMIC AND INDUSTRIAL SITUATION

DISCUSS FUTURE WORK

Plans For Coming Year Prime Consideration of Conference—Ninety Men and Women Here

The annual conference of the staff of the Extension Division of the University of Idaho, numbering approximately ninety people, now meeting, February 23 to 28, brings together men and women who as a group are advancing the economic and industrial interest of the state, and who are now planning a year's work which will see a great development along their particular lines.

These people, composed of the executive department, specialists, county agents, county experiment workers, club leaders, and home health demonstrators, and others, are actual members of the university faculty, who work directly with people of the state.

Purpose Three-fold.

The purpose of the annual meeting, expressed by Director L. W. Fluharty, is threefold—to get acquainted with each other, to get acquainted with the University, and to develop the progress of the work for the coming year. F. L. Williams, county agent leader, reviewing the rapidly increasing work, stated that in 1914 there were three county agents in Idaho. Now there are over sixty men and women employed by counties. There are thirty three county agents, and thirty nine farm bureaus. The annual budget for the support of this work amounts to \$274,500, coming from counties, state and federal funds, and indirectly through the work of specialists.

The chairmen of the different committees, each a specialist in his line, discusses next years work, and all interested in this particular work are informed of the extent in which they will receive help. Petitions are filed by county agents and workers for the aid of the specialists whom they need to help them during the coming year. One of the duties of the executives is to adjust these requests.

VANDALS WIN BY CLOSE SCORE

SPEEDY AND ROUGH GAME RESULTS IN DOWNING U. OF W.
TO TUNE OF 19-12

LEAD FROM THE FIRST

Game Featured By Blocking of Lindley, Shooting of Ferrine and Campbell

Coach R. F. Hutchinson's speedy Idaho Vandals won from the University of Washington's basketball quintet by a 19 to 12 score in a slow and unusually rough game played at Seattle Friday night. Idaho took a lead early in the contest, and never was headed.

Washington worked the floor and played an exceptional passing game, according to a wire received from Seattle this morning, but Idaho's fight, consistently displayed, was not to be denied. Close guarding was the outstanding feature of the entire fray.

Captain Earnest Lindley, who smothered one Washington player after another, Pat Ferrine, who started both offensively and defensively, and Drom Campbell, who caged four field baskets, were the evening's ablest performers.

The lineup and summary follow:

Idaho	Washington
Hunter	F..... Munson
Campbell	F..... Talbot
Ferrine	C..... Jamison
Cozier	G..... Staats
Lindley	G..... Cook

Substitutions: Idaho—Corder for Cozier; Washington—Johns for Munson. Idaho scoring: Field goals—Campbell 4, Hunter 1, Corder 1, Ferrine 2; free throws—Hunter 3 in 6. Washington scoring: Field goals—Munson 2, Talbot 2; free throws—Cook 4 in 8. Referee Woodward.

IDAHO DROPS SECOND CONTEST WITH SEATTLE FIVE

Inability to locate the basket cost Coach R. F. Hutchinson's Vandals the second game of their series with the University of Washington, played Saturday evening at Seattle, according to a wire received from members of the team Sunday morning. The score was 25 to 17.

The floor work of both teams was faster than it had been in Friday night's contest and the guarding done by both aggregations was of an unusual caliber. Inaccurate shooting tells the whole story of Idaho's defeat.

Although Washington obtained an early lead which was held throughout the game, Idaho several times came within one point of tying the score. Ferrine played more capable basketball than any of his team-mates.

The lineup:

Idaho	Washington
Hunter	forward..... Munson
Campbell	forward..... Talbot
Ferrine	center..... Jamison
Corder	guard..... Staats
Lindley	guard..... Cook

Idaho substitutions: Evans for Campbell, Fox for Corder.

SUMMER R.O.T.C. AT PRESIDIO JUNE 17TH

University Gun Twirlers Urged, To
Attend—Will Be
Fine Trip

Commandant Col. E. R. Chrisman has been advised that the summer R. O. T. C. camp will be held at the Presidio of San Francisco from June 17 to July 28.

Any member of the University of Idaho R. O. T. C. who has satisfactorily completed one or more years' work in the Military Department may attend. The expense of transportation to and from the camp and subsistence while in camp will be born by the government. Further particulars will be posted on the military bulletin board. "All students are urged to attend this camp if possible," stated Col. Chrisman. "The benefits of the camp life will be great, and incidentally the trip to California will be a most enjoyable one. Cadets from all the institutions in the west will be here and the 'get together' spirit will be great. There will be lots of work but plenty of time for play."

THE UNIVERSITY ARGONAUT

Chi Delta Phi, in being granted a chapter of Kappa Alpha Theta, brings to the campus an exceptionally strong organization which will not only benefit themselves, but in a larger sense, the whole institution, and fraternal groups. These girls who have worked long and hard are to be complimented on their success, and at the same time "Theta" certainly made no mistake in granting this charter.

Campus sentiment is favorably bent this new organization, and without a doubt they may call on and receive aid from any other fraternal group in any way.

CAMPUS ROOMER

Scene—Garden of Eden.
Character—Adamneve.
Action—Much

Act I.

Adam, uttering many expletives en-
transit: "— Wow, by the stinky
used snakes."

Eve—"What is the matter, dear-
set?"

Adam—"I picked some of that
poison ivy for my winter overcoat."
Amidst much rustling as of
scratching sandpaper, curtain falls.

Town Date—"What do you think,
"Red" kissed me on the forehead the
other night.

Ditto town date—"What did you
do?"

Town Date—"I called him down."

Johnny—"I have been practicing
up for initiation all summer."

Cora—"Howzat?"

"I paddled a girl in a canoe every
day."

"What does a Moscow Sunday date
remind you of?"
"A board walk."

Mary, in riding costume, asking
her way of a farmer to Wearham,
Wash—"Could you tell me if this is
the correct way to Wearham?"

"Couldn't tell yer, young lady; I
haven't never seen em on a woman
before."

Jody—"Did you hear the story
about the man in the box?"

A. J.—"No."

"He was all in."

Orpheus of old could make a tree
or a stone move with his music, but
there are college jazz hounds today
who have made whole families move.

Cody Hill—"Huff, come up here
and sit down in front."

Huff—"I can't."

This is Deep.

K. Z.—"Do you give out smokes
at your house when you entertain?"

Sigma Nu—"Oh, no, we just pass
around the makin's."

"How's at?"

"Well we just make a noise like
Moses 'n the Bullrushes."

P. S. To appreciate this does not
require an evil mind, either.

D. W. Griffith isn't the only guy
who has produced "Broken Bloss-
soms." Even we of the U. of I. have
a few flitting around without a
cent.

There are two kinds of jokes—the
funny ones, and the ones the profs.
tell.

A KISS.

A kiss is always a pronoun because
she stands for it.

It is masculine and feminine mixed,
therefore, common.

It is a conjunction, because it con-
nects.

It is an interjection, at least it
sounds like it.

It is a verb because it signifies
actions.

It is plural number because one
calls for another.

It is usually in opposition with a
hug, at least it is sure to follow.

A kiss can be conjugated but never
declined.

TRIBULATIONS OF "HENRY"
WOMEN ARE SMOOTHED

Ag. Engineering Department Gives
Plivver Course For
Delegates.

Blow-outs, punctures, engine ills
and the untold other tribulations of
the motorist on the road hereafter
will have no terrors for the home
demonstration workers of the Uni-
versity of Idaho extension depart-
ment. These young women, 15 in
number, are now taking a brief but
intensive course in automobile tech-
nique under the direction of J. C.
Wooley, professor of agricultural en-
gineering at the University, and
when their work is completed they
expect to know their machines so
thoroughly that nothing less than the
loss of one entire engine will im-
pede their progress.

Demonstrations in adjustment,
suggestions and advice for the use
of their cars and approved methods
for making ordinary repairs on the
road all are being taught. The en-
gine and chassis of a popular car
comprise the laboratory materials
used.

"It is 'hoped," said Dean E. J. Id-
dings of the college of agriculture,
"that this school will enable these
young women to know when their
cars are in trouble, to locate minor
difficulties and to know what should
be done in the way of first-aid ad-
justment and repair. All of our
home demonstration agents drive
constantly and we believe that the
present course will be the means of
saving both time and money."

EMERGENCY CALLS ARE
MANY FOR TEACHERS

"Emergency calls for teachers con-
tinue to come to the department of ed-
ucation in unprecedented numbers,"
said Professor Ph. Soulen today.
Three calls came in this week which
could not be filled. The positions
offer as high as \$140 to \$150.

Ethel Babcock left yesterday to
fill an unexpected vacancy in the
Home Economics department of the
Post Falls High School.

ALUMNI ASKED
TO HURRY DUES

MANY SUBSCRIPTIONS RECEIVED,
BUT FURTHER "WAR SINEWS"
ARE SORELY NEEDED

Alumni subscriptions have been
coming in with some little rapidity,
but, according to officials of the asso-
ciation, the process must be accel-
erated if effective work is to be begun
in the near future. An active program
has been definitely outlined and cer-
tain of the sinews of war are neces-
sary if the goals fixed are to be
reached.

Fill out at once the membership-
subscription coupon which will be
found below and mail it to W. Kjos-
ness, president of the alumni associa-
tion, care the university.

The two following letters, typical of
those that have been received, are
from Proctor P. Perkins, who is now
practicing law in Halley, and B. E.
Davis, who, as his letter relates, is in
the real estate business at Hardin,
Montana. Both are members of the
class of 1913.

Sends In His \$2.00

I have just received, read, and di-
gested the Alumni Edition of the
Argonaut. I desire to congratulate
the force on its splendid achievement
and hope that it will come again some
time.

I note that the sum of \$2.00 is neces-
sary for the continued enjoyment of
the University paper as well as for
affiliation with the Alumni organiza-
tion; therefore I inclose that amount
herewith and will ask that you see
that I am put on the mailing list. Last
year I subscribed with the special pur-
pose of receiving the Memorial Edition
but if it was ever published my name
was overlooked—at least I did not re-
ceive it; and this was quite a disap-
pointment to Mrs. Perkins and to me.

In addition to those mentioned in
the Argonaut the following former
Idaho students live here: W. T.
Boyle, Jeanette Fox (LeMoyn), Mar-
vin Angel, Allen Osborn, John Cra-
mer and possible some others.

FINDS REAL WEST

J. D. Davis, '13, moved from Rath-
drum in the summer of 1918 to accept
the superintendency of the Shelby
Montana, schools. He resigned there
early last spring to come here and
open this business. Both of us have

been here since last spring. I came
not from Idaho, as your letter would
imply, but from Warden, where I
spent last school year as superintend-
ent of the Huntley Project Consoli-
dated Schools. We will be here at
least for the coming summer. J. D.
is in charge of construction work while
I hold down the interesting job of
landing the landless man on the man-
less land.

This is a wonderful part of the coun-
try. Here one finds the real West—
sees the big sombrero, chaps and
spurs. I tell the people that "I came
east when I went west." This coun-
try is in the making as that country
was some twenty-five years ago. Op-
portunities are legion here. Among
the big things coming is the opening
of the Crow Reservation soon. Then
there is to be a dam with power and
irrigation projects. It will be the
highest dam in the world, and will
furnish as much power as all the other
water power now developed in this
state. This town put on fifty per cent
growth in population last year. It
will do better this year. We are little
now, but O, my, what we will become!

That may sound like we are getting
to be connoisseurs at the art end of
the Real Estate game, but these are
cold facts, as cold as some of Von
Ende's chemical formulae used to be.
I mention these things under the im-
pression that you were asking not only
for geographical locations of the
alumni, but also for their industrial
and psychological distribution as
well.

B. E. DAVIS, Box 483.

ALUMNI PERSONALS

Lee W. Fluharty, '10, director of
extension, Verna Johannesen, '18,
Ray Cammack, '15, Herbert Beier,
'15, and Helen Douglas, '19, are Idaho
alumni among the extension workers
assembled at the university this
week for their annual conference.

Oscar Munson, '17, who was on the
Titanic when that ill-starred vessel
was sunk off the coast of Ireland in
the spring of 1918, is now visiting on
the campus.

Mr. and Mrs. Harry Einhouse, both
members of the 1917 class, are liv-
ing in Louisville, Ky., where "Eine"
is attending medical college, and not
at Kellogg, as was erroneously an-
nounced in a recent Argonaut.

Ennis L. Massey, '17, who is now
principal of the high school at Rear-
don, Wash., was a recent campus
visitor.

ALUMNI TO MEET.

The entire "Greater Idaho
program, including plans for
a memorial to university men
who served in the great war,
the 1920 football program and
other matters of vital im-
portance, will be discussed at a
meeting of Moscow alumni to
be held in the university "Y"
hut Thursday evening, accord-
ing to an announcement made
this morning by President A.
W. B. Kjosness of the alumni
association.

President Kjosness has sent
circular letters explaining the
meeting to all Moscow alumni
whose addresses were available,
but he urged all interested
graduates to attend, whether or
not they received this formal
announcement. The meeting
will be called to order promptly
at 7:30.

Definite action probably will
be taken on several of the ques-
tions to be presented.

"TRUTH" PRESENTED
BY DRAMA LEAGUE

"Truth," a comedy of American
life in four acts, by Clyde Fitch, will
be presented by the Drama League
of Moscow at Guild Hall Tuesday
evening, February 24th, at eight
o'clock. Several dates have been set
heretofore for the presentation of the
play but it was postponed on account
of the influenza epidemic.

The play promises to be most en-
tertaining. It deals with prevarica-
tion.

The cast includes: Warder, Mr.
Cushman; Roland, Mr. Bridge; Lin-

NOTICE.

An exceptional opportunity will
be offered to college women on Mon-
day, March 1, when Rev. M. H.
Martin, of the industrial department
of the Y. W. C. A. and of the In-
dustrial Welfare Commission of the
State of Washington, will speak to
them at 5 p. m. in the Ridenbaugh
parlors. His large experience partic-
ularly fits him to handle his sub-
ject, which is, "The social unrest and
its implications for the Y. W. C. A."

Rev. Martin has recently spoken
at both W. S. C. and Whitman. The
reports from both schools are very
enthusiastic.

All will profit by his visit. Be sure
to hear this exceptional message.

Sigma Alpha Epsilon announces initiation, Saturday, February 21, of Harry Amundsen and Howard Gittins of Pocatello; Fred Mattson, Gooding; Guy Penwell, Moscow; Arnold Holling, Colfax; Herbert Powell, Grangeville, and Harry Messenger, Garfield.

Sigma Nu announces the initiation of Cecil Brockman, of Seattle; Charles Goranson and Lloyd Hibner, of Pocatello; Amand Kern and Harold Hayman of Genesee; Rex Kimmell, of Boise; William Martin, of Caldwell; Harold Dart, Fred Chamberlain and Howard McQuaig, of Coeur d'Alene; Leo Schroeder and Otto Schroeder, of Fraser and Arthur Ficke, of Payette.

Wednesday evening Chi Delta Phi entertained at dinner for Mr. and Mrs. Otto Stillinger and Mrs. Loomis.

Reuben Johnson, of Lewiston, was a dinner guest of Sigma Nu Sunday.

Judge Oliver Cromwell and Lieut. Geo. R. Batterton were dinner guests of Sigma Nu Sunday.

"Scanty" Johnson was a dinner guest of Sigma Nu Sunday.

Albert Graf, who has been visiting at his home in Coeur d'Alene for the past week, has returned to school.

Ronald Wood, '17, was a Sunday guest at the Sigma Nu house.

Fred Babcock, '16, visited Sigma Nu during the week.

George Wedgwood spent the week-end in Spokane.

Dave Taggart, Jack Graham, Olie Herrett, H. E. Pearse, and "Fig" Newton, all Pullman Sig Alphas, assisted in the initiation services of the Idaho chapter last Saturday.

Harry Baine spent the week-end in Lewiston.

Hubert McNamara was suddenly called to his home in Bonners Ferry last week due to the illness of his father.

Harry Messenger is able to navigate again after a double siege of the "flu" and the mumps.

Fred Cline and Clarke Rush were Pullman visitors Friday.

B. F. Sheehan, state seed commissioner, of the Iowa State College chapter of Sigma Alpha Epsilon, and L. W. Coleman, of the O. A. C. chapter are staying at the Sig Alpha house while attending the conference of state extension workers.

Edwin Foran of Sigma Nu was a dinner guest at the Beta Theta Pi house Friday night.

Mrs. Sheffield and Misses Verna Johannesen, Gladys Clarke, Mercedes Jones, Leah Paris, Helen Roberts, Stanford, Albertine Benoit, Jean Rollands, all of Gamma Phi Beta, were Sunday dinner guests at the Beta Theta Pi house.

W. S. Irving of Rupert, father of Neil Irving, is the guest of Beta Theta Pi.

H. G. Avery of Jerome, a Kansas state graduate, is the guest of Beta Theta Pi during the present week.

Herbert Bier, '15, is visiting the Beta house during the conference of extension department workers.

Beta Theta Pi announces the initiation of Curtiss E. Herrington, William C. Carpenter, of Boise; Robert M. Cummins of Wallace; Leslie N. Stout, Clifford F. Moe, of Kellogg; Robert W. Eldridge of Moscow; Joseph A. Swift of Twin Falls; Earl William Parks of Caldwell; William E. Troy of Colfax, Wash.; and Glenn E. Blackledge of Delaware, Ohio.

Meeka Hershberger was a week-end guest at the Gamma Phi Beta house.

Miss Lee, of Boise, who is attending the extension division conference here is a guest at the Kappa Kappa Gamma house.

Carol Sternberg and her mother of Rathdrum, Idaho, were guests at the Kappa house last week.

Miss Lottie Smith attended the military ball of the Lewiston State Normal at Lewiston last Friday.

Gamma Phi Beta entertained at dinner Wednesday for the Misses Schell, Ingersoll and Matthieu.

Beta Theta Pi announces the pledging of Carl Carlson of Lewiston.

Thelma McGee has returned to college.

Bernadine Moser spent the week-end in Kendrick.

Mary McKenna and Clarinda Bodler spent the week-end in Spokane. While there they were guests at several social functions given in their honor.

E. C. Rigby, county agent of Bonneville county and R. E. Johannesen were dinner guests at the Gamma Phi Beta house Monday.

Verna Johannesen and Helen Douglass are visiting at the Gamma Phi Beta house while attending the extension worker's conference.

Ethel Babcock has accepted a position as instructor in Home Economics in the high school at Post Falls, Idaho.

James Farrell of New York City was a visitor at Alpha Kappa Epsilon Monday and Tuesday of last week.

C. S. Rudolph and son, John, of Hutchinson, Minn., were dinner guests of Alpha Kappa Epsilon Sunday.

Vaughn Price spent the week end in Lewiston.

Charles Chick has returned to college after two weeks at his home, Heppner, Ore.

Mr. E. I. Nash of Boise visited Alpha Kappa Epsilon Tuesday.

S. Mulville and A. R. Johnson were dinner guests of Alpha Kappa Epsilon Tuesday.

Mr. Nole of Weiser and Mr. Berry of Emmett, agricultural extension workers, are staying at the Kappa Sigma house during their stay in Moscow.

Walter Remer spent the week end with the Kappa Sigs.

Ralph Jacobson was in Spokane, Thursday.

Howard Knudson visited in Spokane during the week end.

Vernon Walters and John McGowan transacted business in Lewiston Saturday and Sunday.

Louie Moore was a Sunday dinner guest at the Kappa Sigma house.

Arle Decker, Potlatch, called on the Kappa Sigs Sunday.

Harold Barto visited with relatives in Spokane Saturday and Sunday.

Mrs. Richardson, Verle Oliver, Thelma Hare, Leta Ferkins, Gene-

vieve Pringle and Phoebe Jane Hunt were dinner guests of Phi Delta Theta Sunday.

Mr. Joe Richards of Spokane, and Hon. James Keane were dinner guests of Phi Delta Theta Sunday.

James Mercer, University of Oregon, here in connection with vocational training work, was a guest of Phi Delta Theta Thursday night.

INDIVIDUAL HEALTH CLAIMS RESUMED NOW

Student Health Claims Will Be Paid Only If Certificate Is Obtained First.

Health claims will be paid after this week, according to Professor H. T. Lewis, chairman of the health committee. Written authorization from either Professor Lewis, or Dean French, will be required before any student can obtain benefit from the fund.

"Absolutely no claims will be paid," says Professor Lewis, "without written authorization. Emergency cases only will be excepted, such as a fall or burn. There has been much confusion concerning the health claims, and any infringement on the rules as stated will not be recognized. In an emergency case the proper authorities should be notified by phone, and provision will be made immediately for the student."

Must Have Certificate. The physicians certificate or bill will not be accepted as a substitute for a card. The only way in which a student may utilize the fund, is to get an authorization, or health card from Professor Lewis or Dean French.

A new card must be secured for each consultation. A student may not use the same card for several consultations, but is free, however, to go to any physician he may care to.

Pay as Follows. The committee will pay according to the following rule: (1) Any bill up to five dollars in its entirety. (2) In larger bills, \$5.00 plus 50 per cent of the excess over \$5.00 will be paid. If the amount should happen to be six dollars, five fifty will be paid, or seven fifty will be paid on a ten dollar claim. The maximum amount the board will pay is \$7.50. This includes all claims for the semester. This amount will be paid in one sum or for several consultations. The physician will take the health card,

write his fee on it and send it to Professor Lewis, who will pay up to the maximum amount.

Equipment Added.

The resumption of payment of individual health claims does not mean that students having consultations this week may receive a card. During the time the claims have been suspended the money has been spent for general expense. To the hospital equipment purchased last year, four cots, four mattresses, four complete sets of bedding have been added. In addition to this a nurse bill for service during the quarantine, was paid.

Heat, light and food have been supplied, also ambulance hire for students who were ill with influenza. Miscellaneous supplies such as thermometers, hot water bags, pails, etc., were also purchased. Most of what was purchased is permanent equipment. There are now 8 hospital cots.

FACULTY MEMBERS ATTEND.

BONNERS FERRY CONVENTION. Miss Kathryn Jensen, head of the Home Economics Department, returned Sunday from Bonners Ferry where she attended the Farmers' and Housekeepers' week, Feb. 13-15. At the Housekeepers' meetings Miss Jensen gave a series of talks and demonstrations.

Other members of the faculty attending the meetings at Bonners Ferry were Professor H. P. Davis, head of the Dairy Department; H. W. Hulbert, Assistant Professor of Farm Crops, and W. E. Crouch of Boise, Road Control leader. Each of these men gave talks to the farmers.

HOUSING PROBLEM IS SOLVED

COMMITTEE APPOINTED FROM MOSCOW BUSINESS MEN TO OUTLINE PLAN

Immediate action toward the solution of the problem of housing the rapidly increasing number of students and faculty in the University was decided upon at a special meeting of the Moscow business men and members of the Chamber of Commerce, Ad Club, and Rotary club held for the purpose of taking steps to remedy the shortage of accommodations for the students which is at present handicapping the University.

The president of the three organizations will appoint members to

serve on a committee to evolve a plan of action. A canvass of the city to secure aid in the work will be made as soon as the committee has reported its plan to the Chamber of Commerce.

President Lindley made a brief talk to the meeting in which he pointed out the necessity for immediate action. He stated that the enrollment of the school showed an increase of between 60 and 70 per cent in the last two years, and that a greater increase is expected next year. The homes in Moscow have been very gracious in opening their homes to the students, but even these are now filled. Every fraternity and sorority house on the campus is housing more students than it can comfortably accommodate, and many more might be filled in the same way.

The scheme of building a large building for boys' dormitory was discussed. Other plans brought up for consideration were the erection of large apartment houses near the campus. Whether stock companies will be formed to finance the construction of apartment houses for the use of the students with a view to selling the buildings to the state later, or the plan of erecting the buildings to rent as an investment will be adopted can not be learned until the committee works out and reports its plans.

HARK! YOU HICKS, FOR THE FOG-HORN HONKS!

Makes no difference, hombre, whether you are a basket-ball fan, a fat man, Sigma Nu, or a fusser; you are supposed to devote your evenings and your ears to listening for the welcomed toots of our old squealing, squawking, snorting victory horn every night this week.

Our vandal five plays a game each and every night this week with the exception of Wednesday. However, don't stop listening at all, because we all had such a big holiday Monday A. M. that it seemed like Saturday and you may get mistaken in the night that you aren't supposed to exercise your ears.

Therefore people, just keep listening and listen with your whole soul Friday and Saturday nights because at that time our team will be playing one of the strongest basket ball combinations in the Northwest. This is Coach Borleska's five from Whitman, and they are some little team with three Northwest men on their line-up.

Don't let this little piece of "info" make you nervous though because Idaho is going to make them look like they were trying to teach colors to the cook's kid instead of ever being present in the same room with a maple floor, two rings and a pig skin sphere.

Now the question: "What are you going to do when old faithful blows?" At that time you shouldn't think but your instinct should tell you to give the "Old Idaho" no matter if you are taking a bath or listening to Sophie Braslau singing, "Go Slow and Easy."

All right gang, we're off with a snort every time the old horn blows. Gather at the steps in three seconds after the first konk and then YELL!!

GAMES ON THIS TRIP

Our veteran quintet has already played or will play the following games this week:

- February 20 and 21—University of Washington at Seattle.
- February 23—M. A. C. at Portland.
- February 25—Oregon Agricultural College at Corvallis.
- February 27 and 28—Whitman at Walla Walla.

IDAHO COMES BACK STRONG

In the second grappling contest with W. S. C. our team deserves much praise in the old Idaho fight they exhibited and the decided improvement that was shown in their work over that of their first match.

But for a fluke of luck, Idaho would have been the victors by a score of 7 to 6. This incident occurred in the 158-pound bout when Smith got his man in exactly five minutes with a double arm lock. This fall was not counted because Lang of W. S. C. was off the mat at the time of his defeat.

This event cannot be blamed to anything but luck as Referee "Billie" Russell did entirely right in ordering the contestants back on the mat. Improvements over the last match were very noticeable for our men individually and as a team.

Brown lost his fall in W. S. C. but got his man here in 2 minutes, 35 seconds.

It took Pierson 2 minutes, 45 seconds of the busiest time of his life to throw Patch while in Pullman this was a 45-second bout. This is Pierson's fourth year at the game while his Idaho opponent has followed the profession for just that number of weeks. Time will tell.

Penwell surprised his victor, Boggs, by coming back strong and requiring his man a longer time in gaining his points. Boggs is easily the star of the W. S. C. team.

As a team, our men were more aggressive and showed by far, the better coaching and science. The last score of 5 to 6, in comparison to the first 12 to 1 ratio in itself speaks for that old come-back and "Idaho Fight."

INTRA-CAMPUS STANDINGS

	Won.	Percentage.	Lost.
Sigma Nu	5	833	1
Betas	5	714	2

S. A. E.	3	600	2
Barbs	4	571	3
Kappa Sigs	5	555	4
S. P. A.	0	000	6
Co-ops	0	000	4

DON'T BE TOO RUFF

In the good old days, boxers used to wrap their fists with lead tape, and still it wasn't fighting. It was merely boxing.

Oh! Time and Change. The other night in our wrestling matches the powers higher up stated that the boys could do their utter-most but under no conditions, should they use violence in their bouts.

To insure nice lady-like sport and no excitement the hammer-lock, full Nelson, toe-hold and nearly every other sort of scientific thing connected with the wrestling game was tabooed. I know of many matches where one man would work on top for as much as an hour and then be thrown in the later stages of the game.

College rules, as they now read, call for a nine-minute bout. Can a man begin to show what he knows of the game in that time?

BARBS HORN KAPPA SIGS

"19 to 12" said the dope sheet after the Barb-Kappa Sig comedy was halted last Friday afternoon. The game was marked by its roughness and absence of basket ball tactics.

Walker was the particular hi-point winner of the game by having secured six goals and three free throws.

Barbs.	Kappa Sigs.
Walker	Wyman
Edwards	Chrisman
Weibe	Barto
Johnson	Neal
Asmusen	McCallie

Summary: Barbs scoring, field goals—Walker 6, Edwards 1, Weibe 1; free throws—Walker 3. Kappa Sigs scoring, field goals—Barto 3, Wyman 2, McCallie 1.

SIGMA NU 17, CO-OPS 6

The Sigma Nu five added another scalp to their list and placed themselves at the top of the percentage list by copping an easy victory from the Co-op team.

Fred Graf starred at center by rolling up a total of ten of the Sigma Nu's seventeen points, while the mighty Plasty ran him a close second by his open-field runs behind the interference of Butch Nagel.

Sigma Nu.	Co-ops.
Hunter	McClure
Evans	Star
Graf	Sargent
Plastino	McDevitt
Nagel	Loeves.

Summary: Sigma Nu scoring, field goals—Graf 5, Plastino 2, Hunter 1; free throws—Hunter 1. Co-ops scoring, field goals—Loeves 1, Star 1.

TEST YOUR BEANERY

The Intra-Mural games will soon be over and then the great task of picking the All-Campus five will be in order.

When the fire-side athletes run out of chewing stock they might win the mighty "Chimax" by listing their five slickers against their roomies.

Pick'em out while they are in action. Place all bets at the Kappa house.

VOCATIONAL MEN GIVE AIMS AND SIGNIFICANCE OF CLUB

TRAINING SCHOOL MEN HAVE ORGANIZED AND PLAN "BIG THINGS" FOR THEIR CLUB—IN NEED OF FURNITURE FOR THEIR ESTABLISHMENT.

After going through the critical stages of organization and development the Veterans Vocational Club is at last ready to appear on the campus as a strong and progressive organization.

During the period of its infancy the club met with many difficulties, but some of these have been overcome, and the club is well on its way as a permanent organization. The lack of a club house was a handicap. They were obliged to conduct meetings in whatever place could be found unoccupied at the appointed hour of meeting. This difficulty was overcome by acquiring club rooms at 1917 Beakman, where all club meetings are to be held and the business of the club transacted.

The idea of a club originated with the arrival of the first vocational students in the spring of 1919, but on account of lack of members the attempt at organization was postponed until the arrival of more students at the opening 19-20 term. Several attempts were made to organize during the early part of the term, but through lack of interest on the part of some the work of organization was slow.

W. S. C. Club Appeals

The progress of the Vocational Club at W. S. C. seemed to appeal to the competitive spirit of the Idaho vocational men. In a very short time a stable organization was effected. The members resolved to interest as many of the new men as possible in hope of increasing the membership.

Storms Reviews History

"Now that we are centrally located in suitable club rooms, and have a membership large enough to put us on a sound basis, a very successful and progressive career is assured," stated a prominent member recently. He continued, "with the coming of the first of the vocational men to the U. of I. the Federal Board for Vocational Training appointed Dean Iddings as counselor and advisor for the men in training.

"The members of the club are greatly indebted to Dean Iddings for his worthy counsel and kindly assistance in getting us started in the difficult task of readapting ourselves to school work after years of educational negligence.

"Mr. Chittenden, representing the Federal Board for Vocational Training, at Seattle, has been with us from time to time and has helped us in a great many ways. As he has been promoted to a broader field in vocational work, his position is now

filled by Mr. Franklin, who will represent the federal board at the university of Idaho and Washington State college. Mr. Chittenden and Mr. Franklin are both ex-service men, and are deeply interested in the welfare of the vocational men.

"Mr. Franklin is now a resident of Moscow and we welcome him as a comrade and co-worker and are confident of his assistance in all matters pertaining to our work and efforts in rehabilitation.

Desire Good Will on Campus. "Now that we have a well formed club with a large number of members, it is our aim to conduct ourselves in a manner which will win for us the friendship and good will of all on the campus as well as the people of Moscow.

"We realize that through the government we are accepting the good will and endeavor of the people of the state to rehabilitate us and we hope that they will not be disappointed in their efforts through any fault of ours. We sincerely appreciate this endeavor on their part and we feel that we still have a long fight ahead of us to help, in our way, the guiding of our future American society. It is for this we hope that our training will be for the greatest advantage. The fact that so much is being done for us gives the wounded veteran a new inspiration and the necessary courage to "carry on."

"Fully conscious of the position we hold in college life here we wish to follow a policy of discretion, and be gradually absorbed into this life as we prove ourselves worthy. We wish the friendship of all clubs and fraternal organizations and shall make it a point of duty to see that these conditions shall always be preeminent in the pursuance of our policy.

"We hope to show our loyalty to Idaho and the college in various ways and thus gain the spirit which means so much to the success of the individual as well as the college.

"We trust that our advances in this matter will meet with the approval of those more experienced in the life of the campus."

"Henry" Course For Women.

The Agricultural Engineering department last week gave a two day course in Ford driving, and general care to visiting women delegates of the extension department. The work included driving, traffic laws, care on the road, and much general information on the use of the "Lizzies."

Spring Pumps and Oxfords

We are showing the newest styles. The "Petrovia," the "Dixie,"

the "Chic" and the "Welch" lasts — plain pumps and one eyelet ties in all leathers — widths AAAA to D.

FAMOUS CHARACTER ANALYST HERE IN APRIL

Mrs. Ellis of Portland To Meet Ex-Service Men Through the Courtesy of Y. M. C. A.

Mrs. E. T. Ellis, of Portland, Oregon, one of the countries foremost character readers, will be at the University for a period of three days beginning April 18, for the purpose of interviewing the ex-service men of the school in regard to the line of work to which they are best adapted. Mrs. Ellis comes under the auspices of the Y. M. C. A.

Here Several Days

The date set for her visit to the College is April 18, and will extend over a period of three days. Mrs. Ellis will be at the Y hut during each day and all former service men will be given an opportunity to converse with her for about fifteen minutes, during which time she will advise what field of work he should adapt himself for, tell him what his individual tastes and desires are, and in what ways he might strengthen his personality.

Pleasant to Meet

"It is not the purpose of Mrs. Ellis to give this little interview in the form of a lecture," stated Secretary MacPherson of the Y. M. C. A., "but in a kind, suggestive way to advise the men on the most important issues of their life. Professionalism in no way enters into her services, it is entirely through the courtesy of the Y. M. C. A. that she is visiting the various colleges of the country and meeting the men who wore the olive drab. It is hoped that all the former service men of the University will make the most of their opportunity of meeting this splendid woman."

Consulted by Employers

That the ability of Mrs. Ellis to almost instantly analyze the character of a person is recognized by big men is clearly shown by the fact that many of Portland's largest employers have her interview all of their employees whom they wish to advance to responsible positions. It is to be hoped that all former service men of the college will avail themselves of the opportunity of meeting this splendid woman during her brief visit on the campus.

What's New!

- Chinese green.
- Hips are coming back—maybe.
- Polo coats of camel's-hair cloth.
- Capes once more, smarter than ever.
- Box and accordion pleating in skirts.
- Sleeves that stop almost where they begin.
- Clever little neckpieces of short-haired furs.
- Skirts that stop short of nothing—but good taste.
- French hand-made blouses—and overblouses of Batik.
- Eton, bolero, blouse, ripple and straightline suits according to your figure.
- Not forgetting the bouffant silhouette with fullness at the hips.

The Parisian
