UNIVERSITY OF IDAHO, MOSCOW, TUESDAY, MAY 11, 1926

NUMBER 29

HIGH TRACK MEN HERE THIS WEEK

NINETY-SEVEN ATHLETES TO
COMPETE FOR HONORS IN
ANNUAL MEET

EXPECT MORE TEAMS

Present Entrances Show All Events
Well Partaken In—Be Biggest
Meet Ever.

Ninety-seven athletes, representing fifteen high schools from throughout the state are now entered on the files in the office of the director of athletics to take part in the eighth annual Interscholastic Track and Field Meet, which promises to be the biggest event of its kind that has yet been put on at the University. The meet will be held on McLean field on Thursday and Friday, the 13th and 14th of May.

"We still hope to see more schools entered before the opening of the meet," said Director Bleamaster today. "Even so, the prospects promise one of the best interscholastic that the University has seen."

The meet will be conducted under the customary rules governing such contests. Five points will be chalked up for the winner of first place in all events.

Second place will count for three, and third place for one point. No school will be allowed to enter more than three men in any event, except the relay. Teams will be welcome to use the vaulting pole, javelin, shot, and discus belonging to the University, or may bring their own. It is then understood that any contestant may use any weight available. Each school will be permitted to have inside the track during the events a trainer, an assistant trainer, and the official representative. These should secure badges for identification. Unless it is otherwise expressly provided, A. A. U. rules will govern all events.

The medals that will be awarded to the individual point winners are on display in the window of Wallace's Jewelry store. All first place winners will receive gold medals. Second place men will carry away a silver medal on their chests, while third placers will be awarded bronze medals. The winning team will receive the Lewis cup for one year. A special medal will be given to the individual athlete winning the most points. In case of a tie between individuals, the one winning the most first places will receive the medal. Thus a man winning two firsts would be given preference over one winning two seconds and a third.

The presentation of the medals will take place in the University auditorium on Friday night after the University stunt fest.

All phases of the track and field work, numbering fifteen in all, will be participated in. Present statistics show that the 50, 100, 220, and 440 dashes and the half mile relay are the most popular with the high school cinder pounders.

The preliminaries will begin at 2:00 on Thursday. The finals will be run off at 2:00 o'clock on Friday. On Friday evening the participants in the meet will be the guests of the University at the annual stunt and song fest, at which the presentation of medals will take place.

At present the entries for the various events line up as follows:

Fifty yard dash.—McCuaig, Schleh and Whitney, Coeur d'Alene; Pedracini and Ord, Nampa; Walker, Hichox and Boston, Weiser; Cobley, Grub, Regan, Boise; Canine, Doe and Pollard, Burley; Corwin, Sandpoint; Lyle, Lapwai; Nelson, St. Maries; Fertling, Potlatch; W. Casebolt, V. Casebolt and Bolion of Genesee; Thomas and Stivers, Moscow; Johnson, Orofino; Mills, Harris and Wrighter, Lewiston.

One hundred yard dash.—Pedracini and Ord, Nampa; Walker, Hichox and Boston, Weiser; McCuaig, Schleh, Whitney and Scott, Coeur d'Alene; Cobley, Grubb and Regan, Boise; Canine, Doe and Pollard, of Burley; Corwin, Sandpoint; Lyle, of Lapwai; Nelson, St. Maries; Fertel-

(Continued on Page Four.)

Important A. S. U. I. meeting Wednesday morning when nominations will be made for next year's A. S. U. I. officers, Athletic board, managers of the various student activities, Argonaut editor, and the introduction of a new amendment regarding the Co-operative Book store.

WHITMAN OFFICIALING CRIMPS IDAHO'S NINE

Coach Hutchinson Forfeits Game in
the Ninth After Repeated Ad-
verse Decisions.

Coach Hutchinson in the second game of baseball played with the Whitman nine Saturday withdrew his team from the field in the ninth inning after having submitted to several knocks from the umpire, the last decision, however, being too much even for the docile "Hutch." The score at the time when the Idaho men withdrew stood 8-6 in favor of Idaho. However by the withdrawing of the Idaho men from the field they thereby forfeited the game according to the decision handed down by the umpire.

With the score 8-6 in the ninth a Whitman batter let one drive to O'Brien, Idaho first sacker, who fielded the ball and threw to Foran covering the base as he ran. The decision of the umpire was that the runner was safe even tho it was shown that he tore deep gashes in Foran's leg with his spikes as he slid onto the bag. Even when forced to admit that the man must have been out, he refused to change his decision, and remained true to the Whitman colors. It was then that Coach Hutchinson withdrew his team from the field, declaring that with that man unquestionably out the game was ended with the score 8-6 with the long side for Idaho.

When interviewed, Coach Hutchinson said: "I merely declared the man out and that ended the game. I would do it over again if the same occasion demanded." The Idaho men feel that they were handed a bad deal from the very beginning of the game. In the fifth frame the umpire declared a double by Fox along the third base line which brought in two tallies, a foul, altho the exact spot where the ball hit the ground was plainly outlined and was several feet within the line.

Carlson pitched a good close game of ball until the ninth when Eddie Foran went into the box.

OPERA PRESENTATION PRONOUNCED SUCCESS

Campus Singers Do Clever Work In
Putting On Popular English
Production

Characterized by outside critics as an exceptional amateur production, the Music Club of the University, under the direction of Prof. Edwin Orlo Bangs, successfully presented the Gilbert and Sullivan opera "H. M. S. Pinafore" last Friday night in the University auditorium before a large and responsive audience.

Many Deserve Credit.

Credit for the complete success of the affair should be divided between several persons, according to a leading member of the caste. To Prof. Bangs, as general director, is due a large share for his effective handling of the chorus and his artistic coaching of the leads. Prof. Cushman is responsible for the clever impersonations of the characters. To Prof. Dickinson the production was indebted for the excellent orchestral accompaniment. The original and effective setting was made possible through the efforts of Miss Palmer, assisted by Bernice Graybill and Rex Kimmell. The dainty girls costumes were designed by Miss Hess, of the Home Economics department.

Parts Well Taken.

Each of the leads filled their parts with an effectiveness that was exceptional for an amateur performance. Ted Erb, singing the dramatic role of the lowly lover, has come in for a goodly amount of praise. His

(Continued on page two.)

MODERN DORMITORY ASSURED FOR IDAHO

LOCAL BUSINESS MEN SUCCEED
IN RAISING FUNDS TO ASSURE
NEW STRUCTURE

SPECIFICATIONS ARE GIVEN

Will Accommodate One Hundred With
Quarters and Will Seat 185 in
Dining Room.

The University of Idaho is assured of a large men's dormitory to be completed and ready for occupancy by the beginning of the fall term in September, according to word from the President's office yesterday afternoon.

The entire amount of money necessary for the construction of the new building has been subscribed by the business men of the city of Moscow, and work will commence within a few weeks on the actual construction of the building. The plans for the new dormitory have been recently completed by the architects and call for the most modern and up-to-date building of its kind possible to be built. It is to be constructed immediately north of the campus, just east of the University fire house, and will face toward the south.

Plans Announced.

About a hundred men will be taken care of by the new building, two men to a room. The dining room, however has been planned sufficiently large enough to accommodate about a hundred and eighty-five men, which in itself will be a big feature of the dormitory. The plans as drawn call for a building in the shape of an L, the wing to face on Ash street. It will be two stories high with a basement and so constructed that at any time both another wing and another story may be added should the occasion necessitate. It is to be constructed of red brick and stone, of a plain but rather imposing style of architecture which will be in harmony with the Administration and other buildings of the campus. The length of the building will be about a hundred and forty feet, and that of the wing about ninety feet.

Conveniently Equipped.

There will be a lobby and rather large parlor on the first floor leading off from the main entrance in the center of the building. A smaller parlor will be situated in the basement just preceding the entrance to the dining room which of course will also be in the basement. The remainder of the first floor and the entire second floor will be devoted entirely to sleeping quarters for the men. Each room will be provided with running water and a separate clothes press for each occupant. The rooms are to be large and well lighted on all sides. Heat will be provided from the main University heating plant.

A men's dormitory is an acquisition which has been needed by Idaho for many years past, and the students of the University feel gratified that at last definite action has been taken which assures a modern structure ready for occupancy next fall. There is no doubt but what it will mean a greatly increased enrollment, and it will only be a matter of time until it will be necessary to enlarge it or build another one.

DONNELLEY BOOSTS SEABECK CONFERENCE

Hal Donnelley, traveling secretary of the Y. M. C. A. for the northwest division, who was an Idaho visitor for several days last week, met with the newly elected officers of the organization and offered many suggestions for placing the newly formed organization on its feet.

Mr. Donnelley was very anxious that Idaho be fully represented at the Seabeck summer conference to be held on the Puget sound immediately at the close of the college term in June. "The success of your number of men who attend the Summer conference," said Mr. Donnelley. "It is something that every college man will never regret having attended, and Idaho should be well represented along with the other colleges of the northwest."

W.S.C. STEPPERS PASS IDAHO BY SIX POINTS

ANNUAL DUAL MEET IS CHAR-
ACTERIZED BY SLOW RUN-
NING—GOOD WEIGHTS

IRVING BREAKS SHOT RECORD

Final Score of Event is 69½ to 62½
Rain Spoils Last Two
Runs

By a six point margin the Cougar cinder kickers and field artists nosed the Idaho delegation of the same branch of athletics out of the 1920 annual dual track and field meet held on McLean field last Saturday. During the event one Idaho record was broken. The final score was 69½ to 62½.

The contest as a whole was characterized by slow running and fair to good work in the weights and jumps. The climax of the contest was reached when Irving heaved the shot 44 feet, breaking his own Idaho record by one foot and three inches.

W. S. C. took an immediate lead by stepping out for first place in the 100 yard dash, Sutton being the one who carried the red and gray first across the line. Thompson and Eaton, of Idaho, took second and third, respectively. The time was 10.4.

In the shot put Idaho pushed the iron ball for eight points, Irving taking first with 44 feet, and Perrine following second with 42 feet, three inches.

In the mile run W. S. C. burned the cinders for both leading positions, Bowles and Smith taking first and second, respectively. Hughes, of Idaho, took third. Bowles' time was 4:45 3-5.

With two of the Cougar delegates tying for first place in the pole vault, and an Idaho and W. S. C. man tying for third, Idaho realized but half a point on this event. Jenne and Dubois both stopped with the bamboo 10 feet and seven inches off the earth. Baker, of W. S. C., and Campbell, of Idaho, tied for third place.

With McCallie, Van Housen, and Geriough crossing the tape in first, second and third places respectively, Idaho captured all nine points of the 440. McCallie's time was 50:4 seconds, coming within two-tenths of a second of the present Idaho record, which is 50:2. Many expect to see McCallie step out to smash this mark in the conference meet.

Idaho dope was somewhat upset in the discus, when Hamilton from over the hill shoved the plate 130 feet and four inches for first place. R. King, from the same place, followed in second, and Irving, local, came third.

Five more points were added to the Washington State score, and four to the Idaho list, when Howell beat Perrine and Howard across the tape in the 120 high hurdles.

In the running high jump Jenne and Howell, of the W. S. C. aggregation, rose for first and second places, and Perrine, local, took third. The height was 5 feet, 10 inches.

In the half mile Batchford, of W. S. C., took first place with the watch showing time consumed in traveling the distance to be two minutes even. Van Housen, local, stepped over for second, after one of the prettiest finishing sprints that the school has seen for some time, in which he reduced a 20 yard lead to less than three feet. Penwell, of Idaho, took third.

W. S. C. forfeited the relay to the silver and gold.

Idaho, in the 220-yard dash, got tight points to W. S. C.'s 1. McCallie and Eaton took first and second, and Sutton of W. S. C., third. Time, 22:3.

Hamilton of W. S. C. took first in the javelin throw, when he tossed the spear 162.7 feet. Irving of Idaho was second, and Perrine, third.

Irving and Perrine tied for first place and took first and second in the broad jump, with a distance of 21.8. Jenne of W. S. C. took third. Howell, W. S. C., won the 220 low hurdles, in 26 4-5 seconds, with Perrine of Idaho, second, and Thompson, Idaho, third.

Smith and Riley of W. S. C. took first and second in the two-mile run and Gill of Idaho was third.

ASSOCIATED FORESTERS' LAST MEETING WEDNESDAY

The Associated Foresters will meet Wednesday evening for the last time this year. They will gather at the Sigma Nu house. Election of officers for the coming year will be the chief business of the evening. Major Fenn will be the guest of honor and will probably entertain the members with a short talk. Refreshments are promised to follow the business session.

ALPHA ZETA IS INSTALLED HERE

Honorary Agricultural Fraternity
Grants Idaho Chapter—Is Signal
Triumph For Ag. College.

Alpha Zeta, the largest and most influential agricultural honorary fraternity, last night installed Idaho chapter of Alpha Zeta at the University of Idaho, on the successful petition of the local Iota Alpha. Lindley H. Dennis, member of the high council of the fraternity, and director of vocational education in the State of Pennsylvania, was the installing officer. The entrance of this powerful organization into Idaho, is a direct recognition of the successful work being accomplished by the agricultural college, and is highly complimentary of the school and faculty of the school of agriculture, further emphasized by the fact that Dean E. J. Iddings was elected an honorary member of the fraternity, giving him national recognition in his work.

Alpha Zeta is an honorary fraternity of students and workers in the whole field of agriculture, and kindred enterprises, with the furtherance of agricultural enterprise as its main theme and working basis. There are at present thirty chapters existing at the leading agricultural colleges of the country, and over 3000 members, all of whom have in some way demonstrated that they have become more or less exceptionally qualified in his chosen field of endeavor.

Forty-three members of Alpha Zeta were present at the installation banquet given Monday night at the Chamber of Commerce rooms, including members from nine different chapters, from all over the country. Elliott chapter of Washington State College assisted the installing officer. Mr. Dennis reported the banquet one of the best he had attended, the management of the affair being well worked out. The four-course banquet prepared by the members of the Home Economics Department, under the direction of Miss Sylvestia Pechanec, was one of the best prepared University banquets in recent years. The tables were formed in the shape of an "A" with extensive crepe paper decorations.

Nineteen men, including Dean Iddings, were initiated into the fraternity, services being held at the Y hut. Previous members were: Dean F. G. Miller, Professors H. P. Davis and R. K. Bonnett and Mr. Scott of Roseairn Greenhouse. Those initiated were: Dean Iddings, honorary. Seniors, Felix Plastino, Ambrose Johnson, Ira Largent, R. N. Largent, Chase Raney, Charles Gray, Howard Staples, Wm. Denecke; Juniors, Leon Taylor, L. W. Kitch, R. V. Starr, J. Fred Klime, Ralph Rowell, R. F. Johnson, C. E. Roberts; Sophomores, O. R. Weaver and Maurice Jackson.

Twenty members of the W. S. C. chapter attended, including Dean E. C. Johnson, Prof. R. O. Westley, E. G. Shafer, F. J. Stevers of the faculty.

BUNT BRESHEARS WINS ORATORICAL CONTEST

Will Represent Idaho At Eugene In
Northwest Talkfest by Winning
Over Opponents Here

"Bunt" Breshears will represent the U. of I. in the oratorical contest to be held at Eugene, Oregon, May 28th, as the result of the tryouts held in the "Y" hut Thursday evening. His topic will be "The American versus the Un-American." Other competitors were A. J. Priest, Earl Hunt and Abe Goff.

"Breshears met strenuous competition in the tryouts," said Prof. Chenoweth, "and there are several good orators in prospect at our university."

WILD APPLAUSE GREET'S KELLEY

IN SPECIAL ASSEMBLY THE NEW
COACH GIVES FIRST
TALK

START WORK SEPT. 12TH

All Prospective Football Men Urged
To Train During Summer—
Other Good Talk

With the entire student body and faculty of their feet, cheering and applauding wildly, Coach Thomas Kelley, the new Idaho football mentor, was introduced to the University, and made his first talk before the school as a body. In addition to the address by the new coach, short talks were given by Dean O. P. Cockerill, Verner Clements, president of the student body, and A. J. Priest, Dean J. G. Eldridge was chairman of the special assembly.

All of Coach Kelley's remarks rang with an earnestness and were driven home by the force of his unusual personality.

To Fight, Only Course.

"The welcome that you have given me here has been the most unusual in my history," said Coach Kelley in his opening remarks. "It leaves me only one course to follow, and that is to give Idaho a winning football team next year."

"Forget Kelley's past," he continued, "We live in the present, and look to the future. My standing in the university and in the state depends on my work next fall."

Beat W. S. C.

In speaking of the possibility of defeating W. S. C., Coach Kelley said: "You cannot whip W. S. C. by holding your thumbs and wishing for it. You have got to do it. It is a hard job, but not impossible. It seems to me that Idaho will turn every stone and every leaf to whip the Washington State College bunch. All right, do it!" he said, pounding with his big fist on the rostrum.

Kelly Wants Workers Only.

"As I size up the material that we have here, the football situation for next fall looks pretty promising," he continued. "But every man must be here on the job by September 12, ready to think and live and play football. They must begin thinking football by the first of August. All men who intend to go out for football in the fall should make it a practice through the summer to take a jog of a half or three-quarters of a mile every day, so that when they arrive in Moscow their wind and legs will be in condition to start right in with hard, consistent work. We will not wait a week or a day, but practice will begin promptly on the 12th of September."

Talking on in his forceful Irish way, he said, "do not want a man on my team who is not willing to give all he has and then some. I want the man that is not willing to sacrifice, and drive himself to the limit to take off his suit and get out. I have no use for him!"

Wants Benefit of Doubt.

In speaking of his own position, Coach Kelley stated, "Give me the benefit of the doubt until I have proven that I am not worthy of your confidence. My future work is ahead of me."

"With the student body behind us the Idaho team will give the Washington State College bunch all they are looking for and a little more," was his forceful closing remark.

Other Addresses Given.

As a representative of the student body Verner Clements called attention to the fact that Kelley and Fight go together.

A. J. Priest spoke of "Idaho Spirit," showing some defects in the Idaho Spirit of the past, and offering advice as to how these defects could now be remedied.

In a forceful address Dean O. P. Cockerill pointed out the absolute necessity of the cooperation of the entire student body, as a whole, and as individuals, if Idaho is to have a winning team next fall.

Music was furnished by the cadet band and the men's glee club.

THE OPEN FORUM

Profiteering.

It is rumored that one of the principal merchants of the Inland Empire was arrested some two weeks ago for profiteering. It appears that the merchant in question sold a lady's coat, which cost him some \$12, wholesale, for over \$70. This meant a mere trifle of \$58 for overhead and profit. At first blush this sounds as the Captain Kidd and the Standard Oil were out of the running, but on second thought it is, perhaps, justifiable. He had the garment, which some women or girl did not really need, but yet was willing to pay an insignificant sum like \$70 for in order to have one on her sisters. The merchant did not compel anyone to purchase this particular garment, he merely said, "take it or leave it. I can mark it down to \$65.98 at my Spring sale and not loose much." He had a good thing and took advantage of it.

But in the face of the profiteering committed by the students of the University and the people of the state in general, this particular bit of grabbing is scarcely worthy of notice.

The greatest profiteers the world has ever known is your common, everyday, garden variety of American Consumer, the ultimate goat of peculiar construction, so designed that he automatically butts himself and then blatts about the H. C. L. and the profiteers. This variety of profiteers is the man or woman of average pecuniary standing, but it is not matter if the individual is as rich as Croesus, he is as great a profiteer as the merchant.

The students or citizen who will at these times, pay \$90 for a Spring suit is a profiteer, worthy of the same rites which come to those indicted by the government for selling at above reasonable costs. The woman who buys georgette waists and silk hose or underwear for school wear, is a profiteer. The man who pays more than \$12 for shoes, or \$2 for a tie, or wears silk shirts at \$15 and up or silk socks at \$1.50 is a rank profiteer, scarcely less than criminal. The man or woman who buys a single garment which is not absolutely essential, or pays more than a reasonable price for that garment, when he or she does have to buy, is a profiteer of the first water. He not only squanders his own money, receiving less than half value for his money on a gold and silver basis, but he also forces on the person whom is trying to live economically, the burden of the H. C. L. of and the profiteers.

Economists the world over tell us that the only way to combat the present high prices is not by higher wages or shorter hours, but by increased production of the essentials of mankind, such as food, coal sensible clothing and the metal goods. Every dollar spent for silks and crepe de chine and other poppycock is money taken from the channels of useful industry. Every time an unessential, some person or persons are kept from essential production. Every time a dollar is spent for something not really a necessity, the purchasing power of your dollar and mine is lessened in the market for the everyday needs of life.

Our laws give protection to the citizenry of America from crimes and misdemeanors, but gives immunity to the greatest criminals of all, the profiteering common citizen, who is thrusting the burden of extreme high cost of living on his fellow beings.

There is one and only one way to combat the present prices. Live within your means, dress comfortably and slightly but at the same time with reason, eat moderately of plain substantial foods, think ten times before you let loose of a dollar and trundle every possible penny to the bank for safe keeping till the break, when the hoarded penny will be worth three of the present ones. Work, work and work some more, at essential pro-

duction, and make it a point to bring condemnation down on the man or woman who is dressing extravagantly or spending unnecessarily, even if those persons should happen to be your best friends. They would not be your best friends long if you stop to consider that they are not only making your struggle the harder but are placing a burden on the whole nation. Lets evict the moths from the old clothes barrel and wear out the old rags, and by the time they are gone, we can afford to purchase the new ones.

A Student.

To the Argonaut Readers.

Dear Sirs:—While thinking of some of the endeavors of our University, the honor system, and the revival of athletics, I have concluded that the proper way to bring these endeavors about is by a representative system. Two representatives should be elected from each fraternity and two from the Barbs, forming a committee. This committee could cooperate with the university women in carrying out the honor system. It should settle all athletic disputes that might arise between the several houses, enforce the green cap tradition or any other student law or tradition. This system would unite the students of the University.

"A house divided against itself cannot stand." It makes no difference whether that house has reference to a nation or a University. We have tried being divided, and have lost, by house jealousies and by rivalry, our football games, basketball games, and base ball games. The way we back a debating team is a disgrace to our University. Every new organization on the campus brought about by an increase in the number of students, seems to tear the heart out of our college spirit. We are fast becoming narrow-minded and sectional. I say let us unite, let us place the university above any organization, our houses and clubs. We can do this only by working together under a students' united government and representative government is the most practical.

Yours truly,
GEORGE SPACE.

Kathryn B. McCormack, '19, sends in her alumni dues from Troy, where she is now teaching in the high school.

A college girl we know is paralyzed from her waste up. She got it at the Freshman Glee.

SECOND ATTEMPT FOR GO-OP STORE BE MADE

Big Eastern Manufacturer Offers to Back College Concern—New Plans To Be Presented.

The book store committee expects to bring up the question of a book store for Idaho again at assembly next Wednesday and they have an entirely new plan to put before the students. The plan now is to make the membership at \$2.50 and the membership to extend until the person holding the same fails to purchase and pay for \$1.00 worth of goods in any one year, when the membership lapses. The membership will be optional and only those that desire the same will have a chance to get the benefits of the store in the way of rebates.

Can Secure Credit.

Mr. Lyman, vice president of the Linden Manufacturing Company of Ames, Iowa, was here Saturday looking over the prospects of the book store. He says that he can recommend a manager for the store and that if any one of the managers that he may recommend are hired that he will then get the credit for the store on books from any of the large concerns until the first of January, thus enabling the store to be started the first of the year with a full line of books and supplies. Mr. Lyman was instrumental in getting the store started at Missoula, Montana, last fall and says we need a store here and that the success of one will be assured with a good manager.

Want Everybody Out.

The committee would like to see every student in school out for the assembly next Wednesday to give their views on the proposition as it new stands. With the new plan it will take only about \$1000 to launch the store and have it going in good shape for the beginning of the next year.

Mr. Lyman is a man of considerable experience in the line of student book stores and school supplies and says that a store here will be a great success from the beginning. He says that we can expect more than a \$20,000 business in a year from a school of this size.

IDAHO NINE TO TAKE ON MONTANA SOJOURN

Leaves Wednesday For Missoula To Play Three Games With Our Eastern Neighbors

The U. of I. ball team will leave Wednesday for Missoula where they will play the University of Montana three games, Thursday, Friday and Saturday. Altho the Idaho team has been running up against some tough luck throughout the season, yet they go on their jaunt into Montana's territory with the hopes of bringing home a few scalps dangling to their belts.

Coach Hutchinson is unable to say at this time who will start in the box for the first game Thursday, but dope points to Carlson being started in the contest. The Montana nine is said to be a fairly strong team, but has as yet no records for the season, so that Idaho should make a reasonably creditable showing against them.

CAMPUS DAY NOW SET FOR WEDNESDAY MAY 19

Committee in Charge of Dean Miller Now at Work Lining up Campus Improvements and Events

Campus day has definitely been set for Wednesday, May 19. Dean Miller of the School of Forestry is in charge of the plans and has been busy the past week in lining up the various bits of work and campus improvement to be carried out on this day of freedom from classes.

Miss Watson will be in charge of the pageant to be given by the girls of the college, in which every group on the campus will be represented. The cadet band will give a concert, and many other stunts are to be pulled off which have not all been fully decided upon nor worked up by the committee in charge.

Every college man will be given some work to do to make the Idaho campus more beautiful, and a complete list of the improvements to be made and assignments of teams will appear in full in next week's Argonaut to be published early next week before Campus day.

STUNT FEST BILLED FOR FRIDAY NIGHT

Freshmen, Sophs, and Juniors Are Preparing Clever Take-Offs and Seniors Keep Mum

The annual stunt fest will be pulled off this Friday evening, and promises to be the best ever pulled off by the various classes of the University. Reports which have been allowed to seep out by the committees in charge of the stunts for each class sound pretty keen. The Freshmen report that their stunt is all written and arranged for

and all that is needed to put on the finishing touches is a few rehearsals. The Sophomores are progressing nicely and are said to have a clever take-off in the making. The juniors—well they will be on hand with something a little better than usual—something altogether new we are told. Look out for the Juniors. The sedate Seniors however, are keeping rather quiet about their plans and the mysterious black horse will probably come from the ranks of the graduates. Leastwise the high school track men here will be given an insight into what a college stunt fest is like.

INJURED BY FALL WHILE DECORATING FOR FROSH GLEE

Clamar Gavin of Great Falls and a Freshman in the University was painfully injured Saturday by falling from a step ladder while engaged in helping decorate the Gym for the Freshman Glee. The accident was unavoidable, and the Freshman class very much regrets that Mr. Gavin was injured, and appreciates very much the service rendered in decorating the hall. He is reported to be getting along nicely.

ALUMNI PERSONALS

"Your efforts in behalf of the alumni are deserving of a great deal of credit. I am sure they have accomplished an immense amount of good in making us realize that we are more closely connected with the university than ever before. Here's hoping the movement continues to spread."

This is an encouraging word just received from Bert P. Woolridge, '14, one of the best known of the younger mining engineers in the Coeur d'Alenes. Mr. Woolridge is now located at Wallace.

T. S. Morrison, Jr., '16, holder of two Idaho records in the sprints, is now manager and treasurer of the Steptoe Trading Company of Steptoe, Wash.

"I am in rather a remote locality just at present," writes Percy Messenger, '18, from Burmester, Utah, "but I wish to state that I am heart and soul with the alumni association"

campaign for a bigger and better Idaho, so please consider me entirely at your service in any way." Mr. Messinger is now in the employ of the Utah-Idaho Sugar company as a chemist.

Mrs. Rose Forney Harrison, '01, who is now living in Edmonton, Canada, is a campus visitor.

"I sincerely hope that the big drive you are promoting is more than a success," writes A. H. "Nip" Nielsen, '17, who is now located at American Falls, Idaho.

OPERA PRESENTATION PRONOUNCED SUCCESS

(Continued from page one.)

voice was well suited to his part and his impersonation was excellent.

Miss Nathalie Tecklenberg made an admirable team mate for Erb in the role of Josephine. Her remarkable soprano voice, supported by her excellent innate dramatic sense, did much to make the production a success. Miss Tecklenberg has yet to see her first appearance before any audience where she is not received with the greatest enthusiasm.

Russell True Scott, singing the part of the pompous admiral, has evoked considerable favorable comment. Scott's acting was good. His pleasing stage presence more than made up for the little that his voice did lack in weight necessary to carry his part with the greatest effectiveness.

Clever acting with a keen sense of humor marked the part of Captain Cochran, sung by Roscoe Jones. His humorous utterance of the two words, "Hardly ever," made them

by words on the campus already. Jones's singing was good, but his voice lacked the necessary power to carry it through the faulty acoustics of the auditorium.

Many campus critics give Miss Esther Motie, singing the role of Little Buttercup, first place in the dramatic list. Her typification of the Portsmouth bumboat woman was most captivating, and her voice was well adapted to her part. In many instances the quality of her acting closely approached the professional.

By common consensus campus opinion has agreed that the most charming figure on the stage was Miss Henrietta Peasley, in the role of Cousin Hebe. Although her part was not so significant as the other leads, she carried it with a grace and a showing of a real dramatic sense that completely captivated the audience.

Gipson Stalker, as Dick Deadeye, the salty sailor, occasioned some laughter. Much comment has been made upon the makeup for this character, for which Prof. Bridge is responsible.

Will Not Go to Lewiston. Owing to the enormous expense of transporting and keeping the large company that was used in the presentation of the opera, it has been found advisable to abandon the former plan of presenting the play in Lewiston.

SOCIAL & PERSONAL

The all-college dance given by the class of '23, Saturday evening in the gymnasium was generally pronounced the best dance that any first-year class has ever staged. Some new and clever ideas were introduced in the decorations. Thru lack of foresight the Frosh commissary caused a punch famine among the thirsty dancers, which was the only complaint by critical sophomores of the well-nigh perfect dance.

The gymnasium was decorated in the class colors, green and white. A large silver star in the center of the ceiling was illuminated by red lights; from this green and white streamers radiated to the walls, which were completely disguised in white. Japanese lanterns lighted up the cozy corners of the gym. At one end of the room in a Japanese booth decorated with tulips and spring flowers punch was served.

During the "sidewalk special" the lights were dimmed and the dancers were bombarded with varicolored balloons. Coach Kelley was the guest of honor of the evening and in the receiving line composed of Coach Kelley, the Patrons and Patronesses and Theodore Holderman, Freshman president, all the dancers were given an opportunity to meet the new coach.

The Patrons and Patronesses of this dance were Dean Permeal French, Dean and Mrs. Francis A. Thomson, Dean and Mrs. O. P. Cockerill, and Mr. and Mrs. L. F. Parsons.

One of the most important events in Greek letter organizations on the campus will be this week when Kappa Alpha Theta is installed. The Chi Theta Phi local sorority was organized December 13, 1915. There were seventeen charter members. The group petitioned Theta, December, 1919, the petition being granted February 18, 1920. The local Thetas at present are Mrs. Lindley and Mrs. Grice.

Delegates will come from all the chapters in the Northwest, which include the University of Washington, Oregon Agricultural School, Oregon State University, Montana and Washington State College.

Forty-two girls will be initiated, ten of these being alumnae, and thirty-two active members. The week will be a very busy one commencing Wednesday with the examination, Thursday Pledge day, Friday, the 14th, Initiation of Alumnae and Friday night, the active members. On Saturday will occur the installation of officers, and Saturday noon the Kappa Alpha Theta banquet and Saturday night a reception.

One of the most delightful receptions in connection with the University was given by Kappa Kappa Gamma last evening in honor of their grand secretary, Mrs. Frank A. Kemp of Boulder, Colorado. Approximately three hundred and fifty guests called during the evening.

Spring blossoms were used in decoration, the rooms being made into a veritable garden by the profusion of daffodils, tulips and hyacinths. The fire place was banked with plum blossoms. Yellow, the dominant color tone, was attractively carried out in the dining room where two daintily clad girls of the Moscow younger set served.

Music by a stringed orchestra was furnished throughout the evening and Miss Evadna Roberts sang "A May Morning" and "The Bubble." Mesdames Hickman, Conwell, Von Ende and Bailey poured.

Out of town guests were Mrs. O. L. Waller and Miss Ione Anderson, of Pullman and Mrs. R. F. Surdival of Spokane.

Alpha-Zeta, a national agricultural fraternity, has granted a chapter to Iota Alpha, the local ag fraternity on our campus. The installation took place Monday afternoon. About 25 members were installed. L. H. Dennis, director of vocational education for the state of Pennsylvania had charge of the installation. Dean Johnson of Pullman, and the members of the Alpha Zeta fraternity at W. S. C. were in attendance.

A five course banquet was served in the evening by the Home Ec. girls in the Commercial Club rooms.

Ten of the charter members of Chi Delta Phi will arrive in Moscow this week for the Kappa Alpha Theta installation. These are: Mary McClean, Margaret Rawlins, Ethyl Richmond, Bertha Povey Davis, Benlah Carey, Mary Nodde, Flora Loomis, Stillinger, Grace Darling, Edna Harrington, and Mayme Stapleton Carey.

Guests of Sigma Alpha Epsilon at Sunday dinner were Bill Doncke, Al Kinney, Nelson Howard and Raymond McKinn.

On Sunday, May 9th, the members of Phi Delta Theta and their friends journeyed to Moscow mountain, where a delightful picnic was staged in spite of the fact that it rained most of the day. The invited guests were the Misses McKenna, Dermott, Taggart, Roberts, Jackson, Simms, Parsons, Bodler, Dingle, Kendall, Newton, Davis, Easley, Alberts, Roberts, Hare, Sanger, Finnegan, DeCamp, Blomquist, Tecklenberg, Pringle, Sweeney, Logan, Atkins, Robbins, Gleason, Allebaugh, Wheeler, Ostroot, Stevens, and Dean and Mrs. Cockerill. The out of town guests were the Misses Annett McCullie and Meeka Harshbarger of Lewiston and Miss Neta McCarthy of Wallace; and Ronald Geddi of Lewiston and George Fallquist of Pullman.

Professor Ph. Soulen visited Troy last week for the purpose of inspecting the high school. He commented very favorably on the work of Supt. R. L. Peck. "He has reorganized a three-year high school into a four-year high school and is showing evidences of very careful work in the school." Katherine McCormick, '19, is the principal and is giving very good satisfaction. There will be seven or eight graduates this year and some are lining up for Idaho.

The non Greeks men of the University staged their annual picnic Sunday. About 50 people left in large trucks early in the forenoon for the White Cross mine. Despite a continuous rain, the back-to-nature seekers missed none of the pleasures of a day in the hills and no casualties are reported. The principal pastime seemed to have been hugging camp fires and wringing out wet robes and blankets. Professor and Mrs. Livingston chaperoned the crowd.

Ronald Geddi of Lewiston was a guest of Phi Delta Theta on Saturday and Sunday.

Mr. D. W. Church of Boise was a dinner guest of Phi Delta on Friday evening.

Joe Whitcomb, Cliff Creelman and Elliot Eaves went to Lewiston Thursday and returned by automobile Friday.

Messrs. Funk, Dunlap and Woodward of Pullman visited Phi Delta Theta on Saturday.

"Skandy" Johnson was a dinner guest of Phi Delta Theta on Wednesday evening.

Albert Graff, Fred Chamberlin, Carl Nagel, Bill Carder, Bill Garten and Helntz Glinderman were dinner guests of Delta Gamma, Wednesday.

Mrs. Helen D. Reed, who was house mother for the Chi Delta Phi girls for three years, is visiting them this week.

Mrs. Chance of Lewiston visited her daughter, Winifred, at Ridenbaugh hall, Saturday afternoon.

Nathan Banard and Dave Mitthews, aviators, visited with Kappa Sigma upon their arrival Thursday evening.

Arvid Peterson of Potlatch was a week-end guest of A. K. E.

Mrs. Gordon C. Davis, nee Bertha Povey, arrived Monday to be present at the Kappa Alpha Theta installation.

Bob Leitch, Fred Holland, Fred Veach, Duddy Gowan, and Peck Bivens were dinner guests of Delta Gamma, Sunday.

Madge Williams was in Lewiston, Saturday and Sunday.

Anita McCarthy of Wallace, was a week-end guest of Delta Gamma.

Sigma Alpha Epsilon announces the pledging of Howard Blodgett of Gooding, Idaho.

Mrs. Ryan and Mrs. Torsen were dinner guests of Kappa Sigma, Sunday.

F. J. Edwards and J. K. Edwards of Lewiston were Monday night dinner guests at the Beta Theta Pi house.

John Eagleson of Boise, state treasurer, was the dinner guest of Beta Theta Pi, Tuesday evening.

Professor Behre of the School of Forester, has recovered from a recent attack of typhoid fever, and has been removed from the hospital.

Earl Zimmerman of W. S. C. visited with Kappa Sigma, Saturday.

Misses Andrews, Pullman, and Haynes, Lewiston, were house guests of Delta Gamma for the track meet.

Miss Jean Rowlands of Gamma Phi Beta, Miss Elizabeth Woods of Delta Gamma, Miss Sarah Littyoy, Miss Anna Haines, Miss Sue Boyd, all of Lewiston, and Mrs. Sheffield of Gamma Phi Beta, were Sunday dinner guests at the Beta Theta Pi house.

Gipson Stalker, Ed Foran Orval Garrison, Ken Anderton, Clayton Westover, and Jack Watkins were dinner guests of Delta Gamma, Thursday.

Lyle Colborn, George Wedgwood, and "Bluff" Blodgett were Pullman visitors, Sunday.

Jean Gerlough of Wallace, an Idaho graduate of the class of 1916, is visiting Beta Theta Pi for a few days.

Linus Sanberg of Seattle, Wash., a member of the present junior class, is spending a week at the Beta house.

Gus Crist of Canada, visited with Kappa Sigma, Saturday.

Mrs. Gleason, Spokane, arrived Wednesday as Delta Gamma house mother.

Clarke Rush and Arnold Halling were week-end visitors at Colfax.

J. B. Gowen of Caldwell, F. C. Mason of Boise, and R. F. Cline of Lewiston were dinner guests at the Beta house, Saturday night.

The Sig Alphas entertained at dinner Thursday, A. J. Priest, Thurlyn Schrontz and Joe Swift.

Boyd Cornellison and John Haffurther of Sigma Nu, spent Monday in Lewiston in the interests of the Inter-scholastic Track meet.

C. A. Houston of the University of Oregon, ex-'15, was a guest of Sigma Nu, Monday.

Carl Nagel spent the week end at his home in Genesee.

Meeka Herschberger, Sue Boyd and Sarah Litooy of Lewiston were week-end guests of Gamma Phi Beta.

Twin Falls, where he will go over the reserve work in etymology that is recorded there. He will also visit the Idaho High Altitude station at Felt.

CAMPUS ROOMER

Someone ought to get out an injunction against the Phi Det picnic. It has rained every time they have had one for the last 17 years.

Mary and I had just returned from a movie date. As we said good night at her door, I drew her to me and kissed those beautiful lips. That night I was inspired. The heavens seemed higher and brighter, the stars were as dazzling suns. I could not sleep. For hours I lay in my bed and thought of the rapture of that osculation, then I arose and composed a beautiful sonnet apropos her ruby lips. The next day we strolled down Lover's Lane. It was a day, rich, rare and spicey. Again as we parted, I kissed her and standing on her tip toes. Mary whispered in my ear:
"You should be able to write a book now, dear."

We know a fellow who has been on the Campus for three years and in that time has had 12 dates. Six were with a dentist and the rest were with his dean.

The biggest athletic meet of the year takes place this week when the six fraternities make the annual rush to grab Senior High School athletes.

Percy O'Brien learned to eat with his fork on the last ball trip.

Sporty Sputterings

By HAMOND EGGS

DID YOU KNOW?

If "Gus" hadn't been required to heave the shot until his wrist gave out, when he made his record heave, he would have won the spear event and Idaho would have won the meet?

THEY SAID "MEN"

We read where the Harvard men used full length mirrors to see and correct their "form" (in running.)

Wouldn't that be a good idea for the Hockey teams of the campus too? Frosh—"How far can 'Jit' Smith run?"

WALLA WALLA HOT STUFF

We thought the debating season was over, but our recent ball game with the Whitmanites proved that the season is still with us.

Well, anyway, we had an eight-to-two lead when the fuss started and have nothing to regret; not even a square deal.

SHOW THEM AROUND

Today and tomorrow the high school lads are our guests and it is our duty to serve the papers of "Naturalization" on them.

Show them our cups, blankets, sweaters, and "Idaho Jazz." Make them remember this trip. Bring 'em back!

PLAY BALL THIS WEEK

Kelley is here. Baseball games are here. Let's treat them both right. Be there.

"EAGLES" OR NOT!

Saturday's meet showed you a possibility of what could be done in the Harvard contest with W. S. C. next fall, when the plane took an important role in the entertainment of the "vast" crowd.

See any possibility there? Sure there is. Name our athletics the "Eagles." get some good screaming yells and bring the planes into use for the rest of it. Ideas wanted.

O. A. C. defeated Stanford Saturday by a 5-to-4 score which was the second days' bag of meat for the Aggies, from the Palo Alto campus.

STANFORD 68, O. A. C. 63

Thus ended the dual meet of last Saturday in which a new Stanford century run record was chalked up in 9.4 by Kirksey.

It was an exceedingly close meet and the Aggies showed that they will be there with a kick in the N. W. Conference meet at Pullman on June 1st.

No cellar champs have been unearthed yet in the baseball world as only two games have been run around. The Akes claimed the Beta's bacon last Thursday by a 10-to-8 score. Friday the Phi Deltas defeated the S. A. E. nine in a closely contested game by a score which has not yet been counted.

W. S. C. NINE LOST TO OREGON

A 7-3 score resulted from the Oregon-W. S. C. game of last Saturday, played at Eugene.

The batteries—Berg and Leslie; Moran, Cook and Gram. The Olympic marathon course has been laid off from Lacken to Antwerp, a distance of 26.56 miles.

INTER-CLASS DOPE

What the fans say about their chances:

The following statements are made by dope artists and fans of their respective classes and good to show that a real scrimmage is listed for May 15. Of course, there are lots of good men on the campus who haven't even been named. If you are one of these don't feel slighted; they simply took it for granted that you would be out and fight for your numerals.

'23 vs. '22 vs. '21 vs. '20. Let's go.

"FROSH"

(By Alex)

Our youngest class is the largest and it is difficult to judge accurately what the "babes" of the school will do.

The only way we have of judging the abilities of the young ones is the reputation they have made in their respective high schools. On the other hand men who have had comparatively little high school experience are showing unexpected form in both track and field events.

The Frosh are unusually strong in field events with Schroeder, Briscoe,

Patch, Chamberlain, Kern and Fox at the shot. Leitch is likely to place in the discus and they will have Kern, Wallace, Chamberlain also in that event. Phillips and Bedwell were well known in high school as javelin throwers and may be expected to make a showing this year.

There seems to be only one pole vaulter, Mullarky, who will also high jump with Leo Schroeder, and Bahon. The hurdles will be handled by Phillips and Fox.

In the mile run, the class has a strong man in Hewes. He will also run the half, with Mattson, Otto

Schroeder, and Forest.

Forest and Ostrander will run the 140 and 220-yard dashes. It is merely guessing in saying that Williams, Leitch and Fox will be in the 100-yard dash because no exact dope has been unearthed as regards yearling sprinters.

The above are the most likely men for the Frosh team and we are sure their class of '23 will be proud of them.

"SOPHS"

(By "Jody")

Judging from the array of Sophomore track material the class of 1922 will be out for the interclass track championship on May 15, when the classes tangle for the class track supremacy of Idaho on the varsity field.

Sophomores will be represented ably in every event. The strongest events for them will be the middle distances with Enderse, Van Hoosen, and Harsch, both crack 880 men. Van Hoosen and Harsch are also counted on to show heels to other runners in the mile.

In the sprints, Packenham, former Boise High School star sprinter, is the best Sophomore bet in the 100 and 220, and also the 220 low hurdles. Purdy Eaton whose power and speed has aroused much attention is another Sophomore sprinter who also does the 440 in fast time. Parsons is a likely point winner in the sprints for the Sophomores.

For the mile and half mile Hughes, Van Hoosen, Leights, Penwell, Cady, Macey, and Harsch will be entrants. Each man has been consistently training and from advance dope the middle distances will be Sophomore events. Cady and Macey will be Sophomore entries for the two-mile.

Jacobson is a sturdy Soph quarter-miler. In the high jump Wiebe and Goff look best while a '22 pole vaulter is yet to be discovered. Goff is also a possible high hurdle and weight man.

"Jic" Friedman, husky Sophomore, has been heaving the weights for good distances and is sure to add up the Sophomore total through the weight events. Sophomores while they are counting up their possible points have a covetous eye on first place in the relay, the team to be picked from the future winged "I" men already named.

"JUNIORS"

(By "Gosh")

If dope has anything to do with the results of a track meet the third year men should make a showing of no little importance in the coming meet.

Four Letter Men.

Four letter men of the campus are representing this class and no doubt will do themselves justice in the events for which they have trained the last three years.

In the weights, Gus Irving will give all comers a heave for their money while supported by Burk and other third year huskies.

Moe and Howard will register in the hurdle events and jumps.

Moe will also be represented in the sprints with McCallies as his running mate.

Campbell, Crisman and Cline are contenders for the pole vault and are all going in good form.

Cline will also enter in the middle or distant event, while the jumps will be well taken care of by Burke, who cleared 5 feet 8 inches last season.

Many other men of no little ability will be entered if they are not over loaded with work on that particular afternoon. Ask "Bob".

SENIORS

(By Prex)

The Senior class includes a number of staller track performers who will endeavor to cop first place in the Inter-class Track Meet, Saturday. Pat Perrine, Turk Gerlough, Tommy Thompson, Carl Carlson, and Lew Morris are regular members of the track squad and have been working out regularly for several weeks. This representation will probably be augmented by Felix Plastico, Bunt Breshers, and a few others "semi-pros" who have been neglecting the cinder path this year in favor of the diamond.

Pat Perrine should take points in the javelin, discus, shot-put, hurdles, high jump, broad jump, and pole vault, and even the dashes if he enters them. Judging by previous performances, he

should be the high point man of the meet.

Turk Gerlough is counted on for places in the quarter and the half, while Carl Carlson and Tommy Thompson promise to register in the shorter runs. Lew Morris will probably enter the half and the mile, and is relied on for places.

THREE CO-ED TEAMS RUN NECK AND NECK

Kappa Victory Puts Delta Gamma, Chi Delta Phi and Kappa Om Same Level in Basket Ball

By winning Wednesday's game the Kappa Kappa Gamma sextette have tied Chi Delta Phi and Delta Gamma for the girls' intermural basket-ball championship. The tie will be played off within the next few days.

In one of the best games of the series the Kappas took the lead in the first half of the game with a score of 8-2 due to the phenomenal basket tossing of Mary Finegan of Boise. In the second half of the game the score was nearly evened up when Ernestine Rose broke loose from the fast Kappa guards and with a burst of speed scored two baskets.

A large, appreciative crowd followed the game from the gallery. Cheering followed spectacular plays of Fleeta Brennan of the Kappa team and Bethed Collins of the Chi Deltas.
