FOOTBALL PLAYERS MADE DURING SUMMER, SAYS COACH KELLEY

NEW MENTOR STRESSES SUMMER TRAINING AND DETERMINATION ON THE PART OF THE PLAYERS AS IMPORTANT FACTORS IN FOOTBALL

IS FAREWELL MESSAGE

Kelley Emphasizes Importance of Scrub in Conditioning Varsity.

"Many football players are made during the summer, and not in the fall practice," said Coach Kelley yesterday evening, when interviewed in regard to the football prospects for next fall.

"Once before I mentioned an instance of one of the countries' greatest punters," he continued, "who was not discovered by his coach until he had made himself by practicing in his own back yard. This has been the experience of many of the most brilliant football aspirants. By earnest, hard, individual work during the vacation months, a man may do himself more good than a thousand coaches could by preaching theory for as many years."

Men Must Return Early.

Coach Kelley continued to say that it was imperative and absolutely essential that every man who wishes to play football next fall be back to school, settled, and ready to get down to hard practice on September eleventh. Fall workouts will begin promptly on September twelfth.

Determination is Essential.

"No human can do anything unless he thinks he can," Mr. Kelley went on. "In football, as in everything else, the determination to do, and to win is one of the biggest factors. The best football players are the men who think and know they can play football. The spirit that every man in next fall's group of aspirants should have is one that says, 'I'll make that varsity or make the man that beats me out go to beat h—!'"

"Stick To It," Says Kelley.

"Another quality that a good fighter on the gridiron should have is sticktoitiveness. A man should not be discouraged because he does not get as far as he thinks he should when he thinks he could. No one should lose heart because he is kept on to scrub. Some who have shown most brilliantly on the big varsity teams of the country have plugged along on the scrub for two or even three years.

Scrub is Important.

"Very few realize the importance of the scrub and very few give the scrub its just dues. It is the scrub that makes the varsity to a large extent. If it were not for the nightly drubbing that the varsity gives the scrub, the best practice that the varsity would not be gotten. The man who sticks to it and labors on the scrub has a large measure of honor coming to him."

Kelley's Parting Message.

"As the school year draws to a close, and the men are taking themselves to their various summer occupations, I wish that they would take these words with them. Through the summer think and live football. Come back early next fall with your wind and legs already in condition, and with the dogged determination to do or bust. I especially wish to stress the determination factor. It is as important as the other."

New Equipment Next Fall.

Word has been received that there has been a lot of new football equipment ordered for next fall the price of which will run far into four figures. Complete new uniforms and accessories of all kinds will be on hand for the use of the fall gridironers.

SUMMER STUDENTS TO HEAR RABBI WISE AND DR. LOMAX

Two addresses by Rabbi Stephen S. Wise, the noted lecturer and student of international affairs, have been scheduled for the University summer session, according to an announcement issued recently by Dean Eldridge, director of the summer school. A series of talks by Dr. John A. Lomax, famous as a student and interpreter of cowboy songs and ballads, has also been arranged for during the summer term.

ANNOUNCE ISSUANCE OF UNIVERSITY CATALOG

Official announcements for the 1920-'21 collegiate year at the University of Idaho today became available with the declaration that the institution's twenty-eighth annual catalog is now ready for distribution. The 1920 catalog, which was published under the direction of Dr. Harold L. Axtell, chairman of the faculty committee on publications, comprises 275 pages of information with regard to the university plant, its faculty and courses to be offered in the coming year. Requests addressed to the university registrar will bring copies of the catalog to those interested.

—Send Three Men to Antwerp.—

R. O. T. C. BATTALION PASSES INSPECTION

FAVORABLE REPORT TURNED IN BY INSPECTING OFFICER HOWARD

COLONEL MAKES STATEMENT

University Commandant Dislikes Old Guard Demonstration.

Captain F. A. Howard, western R. O. T. C. inspecting officer with headquarters at San Francisco, conducted the annual inspection of the College Battalion here last Wednesday afternoon. Commenting upon the showing made by the men afterwards he said "I do not like to draw comparisons, but this is the best inspection that I have held so far."

Wednesday afternoon at one-thirty saw the men in full uniform on the campus ready for inspection. A review of the troops was first on the program, followed by inspection by Capt. Howard, after which came various close and extended drills, problems of outguard and outpost, the manual of arms, schools of the squad, company and battalion.

The Cadet band came in for their share of the praise, Capt. Howard commenting on the showing made by the band afterward stated that it was one of the best cadet bands he had ever heard anywhere in the country.

Five seniors were presented with commissions in the Reserve National Army during the afternoon's ceremonies by President Lindley at the request of Colonel Chrisman. Those to receive the commissions were: Major A. R. Thompson, Captain Howard Staples, Captain Leon Perrine, Capt. R. O. Smith and Captain Peterson.

Captain Howard Inspects.

Captain F. A. Howard, U. S. A., now on duty at Stanford University, was the inspecting officer. During the war Captain Howard held the rank of Lieutenant, who... drage st rank of Lieutenant-Colonel and served over a year in France. He was in five major engagements at the front. He has been on duty at the R. O. T. C. headquarters and also served with R. O. T. C. units which makes him thoroughly competent to judge the condition of such training.

Chrisman Makes Statement.

"It is to be regretted," said Colonel Chrisman when interviewed, "that unfortunately the splendid impression made by the Corps of Cadets during the inspection was materially modified by the demonstration which a comparatively small number of students not members of the R. O. T. C. made during the latter part of the inspection while the inspecting officer was addressing the cadets and complimenting them on various military exercises during the day. The idea of burlesquing military on official occasions is altogether at variance with propriety especially

(Continued on page four.)

TO THE ALUMNI

The Alumni are indebted to the Associated Students of the University for many unsolicited acts of cooperation tendered during the past year.

Outstanding among these was the extension of the use of the columns of the Argonaut to the Alumni Executive Committee. The Committee was thus enabled to reach the Alumni and give them the latest and best news of the University, of other Alumni and of the activities of the Association.

Thanks to the good offices of Mr. L. F. Parsons, Executive Secretary of the University, a joint meeting of representatives of the Associated Students and the Alumni was held at which Mr. Parsons presented his plan of financing the free distribution of the Argonaut to Alumni for one semester. He explained the practical assistance which had been given by Moscow business men in the way of funds. Both students and Alumni were glad to cooperate in the furtherance of Mr. Parsons' plan and special space was set aside in the Argonaut as the Alumni Section and all graduates were placed on the mailing list.

You know the results. You have been given as good a news service as conditions permitted. The aim was to reestablish contact between you and your University.

In order that this contact might continue your Executive Committee conducted a campaign thru the Alumni Section and by letter asking you to pay your Alumni dues and an Argonaut subscription for next year, the total \$2.00 for both.

Many have shown the proper interest, have sent in the money for one, two, five years and also written some mighty fine, encouraging letters. We need all the moral and financial support we can get.

Well, it's still up to you:

If you paid your dues last year you will receive the Argonaut all next school year 1920-1921. If you did not order not we must strike your name from the mailing list. In fact, we have already done so.

Yes, we have made mistakes—sent the Argonaut to old and wrong addresses, etc., etc. But we are making progress and correcting these faults. Give us a little help by writing us when you make a change in towns.

But it comes back to the same question:

Are you a live or dead Alumnus?

Answer it yourself.

Think over the old days. Do you want "Idaho Fights" to be a tradition today as well as when you were here? If you do let's have a little reaction from you.

Send Coach Kelley the best football material in the State of Idaho. Talk Idaho to everybody.

Read the Argonaut.

Come around to Homecoming Days when you can.

Get a little of the "mob spirit" for Old Idaho.

Join your local University of Idaho Club.

And say—SEND IN THAT \$2.00!

For the Executive Committee,

W. KJOSNESS,
President Alumni Association.

THREE IDAHO MEN MAY GO TO 1920 ANTWERP OLYMPICS

PERRINE, IRVING, AND MCALLIE HAVE CHANCE TO PLACE IN WORLD FAMOUS ATHLETIC CONTESTS SCHEDULED FOR BELGIAN CITY IN MIDDLE OF AUGUST.

"BEST POSSIBILITIES IN U. S.," SAYS BOHLER

Perrine to Enter Decathlon and Pentathlon, Irving to Enter Pentathlon, McCallie Will Run Quarter—Chances Good, States Edmundson.

That the University of Idaho will probably be represented at the Olympic games scheduled at Antwerp, Belgium this summer, beginning July 24, by three men, the largest representation of any western school, was the feature of an announcement issued yesterday by Track Coach Tommy Matthews.

The three athletes who are now training for the Olympic tryouts are Neil Irving, Leon Perrine, and Horton McCallie.

Irving and Perrine Loom Big

In speaking of the possibilities of Irving and Perrine registering in the big games, Coach Matthews said, "In the individual events there are many men who could beat either Irving or Perrine. However, for all around athletes, and for medium ability in a great number of lines, and endurance, the records show no better in the United States."

Enter Decathlon and Pentathlon.

It is planned to enter Irving in the Pentathlon, in which the contestants enter for a series of five events, and Perrine in both the pentathlon and the decathlon, which is a similar contest to the pentathlon on a larger scale, requiring the entrees to take part in a series of ten events. In the pentathlon and decathlon it is the object of the athlete to make as small a score as possible. First place counts one, second place two, third place three, fourth place four, and fifth place five.

Berry is Pentathlon Champion

In the games of 1916 the pentathlon was won by Howard Berry of the University of Pennsylvania. His record in the five events was as follows: Broad jump, 20 feet 6 1-8 in-

(Continued on Page Four.)

OREGON WINS CONFERENCE MEET—O.A.C. SECOND—IDAHO THIRD

WINNING OF RELAY GIVES HIGHEST SCORE TO COAST SCHOOL—MEET MOST HOTLY CONTESTED IN YEARS—FOSTER, OREGON, HIGH MAN

ORGANIZATION PLANS MADE FOR NEXT YEAR'S STAFF

Definite plans are being formulated for the organization of the Argonaut staff for the coming year, according to an announcement issued today by Editor-elect Stalker. It was stated that the present staff would be doubled, if possible, and that there was a possibility of the enlargement of the paper. Mr. Stalker stated that there would be special inducements offered to get Freshmen to enter the work next fall. With one or two exceptions the entire staff of the present year will be back next fall with the intention of continuing the work on the paper.

—Send Three Men to Antwerp.—

SATURDAY WILL END BASEBALL SEASON

TWO COURSE SWAT FEST WITH W. S. C. SLATED—PULLMAN FRIDAY, HERE SATURDAY

FORAN OR BRESHEARS START

Dope Points to Probable Advantage For Idaho—Will be Close Match.

The followers of the horse hide sphere and the hickory wagon tongue will have the opportunity of witnessing two more inter-collegiate games before the bi-annual faculty wrangle and suspension of hostilities for the school year. Idaho will chase over the hills next Friday, to come to grips with the little cow college in the West. The Pullmanites will follow the "I" men back to Moscow the following day and the ensuing game will close the baseball season for the two schools.

Next Friday Idaho tackles the Cougars in their home pasture for a nine round fracas. The last time the Gem Staters took on the cow chasers, we galloped around the sacks for eighteen counters while the Pullmanites connected for only nine round trips. Since then Idaho walloped Montana, who in turn went down for the ignominious finish before the hay heavers over the way, so the dope points to a close contest.

On Saturday our emulators from over the line will invade the fair grounds for a final clash with Idaho. This game will close the conference season. Idaho has better than even chances to annex both games and interest is running high in both schools.

When questioned concerning the impending stampeede, Coach "Hutch" made the following statement:

"We are working hard every day. We intend to win both games if it is humanly possible. Foran or Breshears will probably start on the mound."

—Sing Friday Evening—

Cline New Ag President.

At a recent meeting of the Ag Club J. Frederick Cline was elected president of the aggregation. Other officers receiving a favorable ballot were O. R. Weaver, vice president; Miss Claire Hobson, secretary, and Thomas Speedy, treasurer. The club expects an enrollment of 250 next year.

PERRINE ELECTED TRACK CAPTAIN AT "I" WETTING

As the Argonaut goes to press we are informed that Leon Perrine was elected varsity track captain for the coming year at an "I" wetting, held by the track men of the university last night.

—Sing Friday Evening—

Dean Thomson left Saturday for Boise, on business for the department of mines.

NEW VAULT RECORD

Jenne, W. S. C., Smashes Own Mark of 13 5-8, and Sets New 13:1 Pace.

***** Final Scores. *****
♦ University of Oregon 36 ♦
♦ Oregon Agricultural College 33 ♦
♦ University of Idaho 30 ♦
♦ University of Washington... 24 ♦
♦ Washington State College... 22 ♦
♦ Montana State University... 16 ♦
♦ Whitman College 5 ♦

With a final score of 30 points, Idaho rated third in the 1920 annual northwest conference track and field meet held at Pullman, Washington, last Saturday, and said by those who attended to be the most hotly contested event of its kind since the memorable classic of 1914. The University of Oregon topped the list with a total of 36 points, winning the silver loving cup offered to the winners by the First National Bank of Pullman. The Oregon Aggies placed second with a score of 33. The University of Washington piled up 24 points for fourth. Washington State College, Montana State University, and Whitman college ranked fifth, sixth and seventh, with respective scores of 22, 16 and five.

Foster High Individual

Foster, of Oregon, was high point individual of the meet, scoring 15 points. Oregon built up her score largely on first, taking five of them. Other Oregon men to register in the primary position were Abbott, in the half mile, and the relay team, composed of Foster, Sundleaf, Haylip, and Abbott.

Irving and Perrine High.

Irving and Perrine of Idaho came second and third for individual honors with scores of ten and nine, respectively. Irving heaved the weights for two firsts in the shot put and javelin throw. Perrine rated second in both instances. Idaho obtained one more first, made by McCallie in the quarter.

Wind Was Unfavorable.

Many of the attendants at the meet have expressed disappointment at the fact that more records were not broken. The stiff, cold wind that blew over the field has been blamed for the general mediocracy of the results.

Jenne Breaks Own Record.

In trying for the world's record in the pole vault, Jenne, of W. S. C., broke his own record of 13 feet and 5-8 of an inch by clearing the stick at 13 feet and one inch. This establishes a new mark for the Pacific coast.

The wind has been cited as the chief obstacle to the breaking of the world's record by Eldon Jenne, of W. S. C. With the bar at an elevation of thirteen feet and four inches, Jenne made four attempts at a new record. Because of a faulty grip on the pole in his first trial, he passed cleanly under the bar. In his second, third and fourth attempts, it was evident that he was blown over onto the bar before he had made sufficient elevation.

Jenne Will Go to Pasadena.

Jenne has signified his intention of remaining at Pullman after the close of school to train for the Olympic tryouts, which are scheduled at Pasadena on June 26.

Races Are Close.

All races were close, and it has often been expressed that had conditions been different, several new marks would have been set. In the 100 yard dash, the judges were unable to decide on a fourth place. The mile, quarter, and half mile were all won by inches. In the mile run Swan of O. A. C., surprised the spectators with a pretty finishing sprint that showed a good reserve of power.

McCallie Runs Well.

McCallie came out with his customary dogged determination in the

IDAHO AT THE OLYMPICS.

To many students never comes the opportunity of serving their Alma Mater in a truly great way, but to the present students an opportunity has presented itself which is worthy of the greatest individual and concerted support of the student body. It is perhaps the greatest event in Idaho student life in the past ten years. It is not only an opportunity, it is a privilege, a duty.

On the 26th and 28 of June at Pasadena, California, the best athletes of the West will gather to determine the representatives of the Pacific Coast at the Olympic games at Antwerp, Belgium.

Idaho has three men who not only merit the opportunity of demonstrating their merit from their present ability to deliver, but from the fact that all three have, for the past three years, worked unceasingly to place Idaho on the athletic map of the West. These three, Perrine, Irving and McCalle, have given unstintedly of their time, their effort and vitality, to uphold the glorious records of Idaho. Each has been a consistent point winner in open competition with the best in the Northwest.

At actual, careful and conservative comparison of records shows Perrine to outrank the greatest all around athlete ever produced in America. His records are consistently better than those of Berry who won the Decathlon in the last Olympic games.

Irving ranks among the best of the U. S. in the shot and javelin. McCalle is one of the five best quarter milers in the country, and America sends twelve quarter milers to Antwerp.

Students of Idaho, sending these men to Pasadena means that they will represent America in Europe. Not only that, it is the biggest, the greatest and most all-accomplishing boost for Idaho that the present students of the University will ever have the opportunity to assist in.

The faculty is going to support these men liberally. The commercial clubs of Rupert, Grangeville and Kamiah, the University Club of Boise, and the business men of Moscow are contributing generously to see that these men, and Idaho, has the chance which they so justly deserve.

Fellow student, will you respond? We all believe in Idaho. We believe that there is not a student here who is not a loyal Idaho booster. Many of us have lacked the opportunity to show our innermost loyalty and love for our institution and her traditions. But now we have the one great chance of a life time to really show how great is our loyalty. We have the privilege of lending active support, not only to the men who have labored so long and faithfully for Idaho, but to Idaho and to the entire West as well. Sending Idaho men to the great world meet will do more to really make Idaho great in fame and tradition than any five events of the last college generation.

Every student and Alumni who does not contribute to his utmost is not worthy to be called a son of Idaho. It does not matter how small the individual contribution may be, if it is the best that the individual can give, he will have done his duty to Idaho.

SING FRIDAY AFTERNOON

On Friday afternoon at 5:30 the students of the University will have the opportunity of gathering together for a few minutes, to sing old Idaho songs which are noted the West over for their beauty and thrilling devotion.

It is an event which should be looked forward to by every student, and is worthy of attendance to the last man and woman. It is one of the very few occasions when all personal associations and partisanship may be thrown aside and we can commune together in that most wonderful of all Idaho traditions or institutions, the real genuine Idaho Spirit.

Not only is it good for ourselves to mingle together while showing

our devotion to Idaho with our singing, but it will create a pleasant and lasting impression in nearly a hundred of Idaho's most influential citizens. This in itself is no small matter and should alone be incentive to call forth every loyal student.

And there is still another matter to be considered. When all other memories of college days have faded and gone, you will still find yourself humming the Idaho songs that you are singing now. They are the most lasting feature of college days. How much more will we treasure them for having joined in their singing with all the students and faculty of the University.

Every student should be at the bench promptly at 5:30, Friday. It is more than an obligation, it is more than a duty, it is a privilege. There is not an Idaho student who can afford to not be there. A beautiful and purposeful tradition can be launched by perfect attendance. The good repute of the University will be carried to all parts of Idaho, by people whose word is waited for and respected. And last, your own reverence and love of your Alma Mater will be strengthened. Your after memories will be the more cherished and you will be glad that you have comeingled in this devotional service to Idaho.

—Send Three Men to Antwerp—

W. C. BLEAMASTER.

Coach Kelley's arrival on the campus means the passing from active participation in university affairs of W. C. Bleamaster, who has been Idaho's physical director since the fall of 1916.

No diminution of the ardent devotion we all have pledged Coach Kelley is implied in the statement that many of us are sincerely sorry that Mr. Bleamaster has seen fit to tender his resignation to President Lindley and the board of regents.

Whatever the individual may think of Mr. Bleamaster's abilities as a coach, no one can question his zealotry on behalf of the university and only those who do not wish to observe will deny that he has wrought effectively and well in the past four years.

The outgoing Idaho physical director has been largely responsible for the success of the state interscholastic basketball tournament, an event which has now taken a permanent place on the university calendar and to him may be attributed a large part of the interest university men have shown in physical betterment by the gymnasium route for the past several years.

How many students recall that Bleamaster developed Tommy Thompson from a high-school football player of only ordinary ability to the ablest fullback of the 1917 collegiate season? And how many realize that Joe Whitcomb, who next year will demonstrate his ability to puncture any line in the conference, might never have won an Idaho football jersey had it not been for encouragement from Bleamaster?

For a full college generation "Blea," as most of us know him, has served Idaho devotedly. His friends unnumbered, both graduate and undergraduate, will never forget his achievements.

—Sing Friday Evening—

NEXT YEAR, WHAT

This has been a year of readjustment at school as everywhere. A spirit of unrest has charged the atmosphere. Some have done things here. Others have wavered, and all but stood still. Others have retrogressed. What next year will be rests with us who have been here this year and who are returning next fall.

If we came back electrified with the spirit of achievement, with the desire and determination to work together for the betterment of ourselves and the school, next year will be a great one for all who live in it. All indications point that such will be the case.

Despite many indications to the contrary, the spirit of the school this year has undergone a change for the better. It is up to us to keep the ball rolling on the same direction during the summer. Try to forget the regrettable things of this year except as remembering them to profit by them in the future. Remember the happy events of the year, and tell others of them. Recounting incidents, whether they be good or bad, gives them greater importance in our own minds. Therefore, recount the happy events of this school year to your friends.

Think great things for next year, and next year will be great. Think small things, and the year will be but a puny page in Idaho history.

—Sing Friday Evening—

HELP THE COUNTY CAPTAIN

In another part of the paper there is published the outline of the plan that will be used this summer to boost the enrollment of the school next fall.

Every one who reads of it, or hears

of it, and who has been connected with the University this year, will be expected to appoint himself as a missionary to spread the Idaho gospel over the state. Whether you are in the city or in an isolated lumber camp there will be someone to whom you can spill the glad tidings about Idaho being the best school on earth.

But above all else, get behind the county captain and push.

Every new student brought here means a better time and a better school for you.

Idaho can, and should, have an enrollment of over a thousand next year. Will it?

It is up to you.

THE OPEN FORUM

A PROTEST.

Examinations are no doubt a necessary part of college work but it is hard to discover any valid reason why certain instructors in this university should pounce upon Memorial day as one upon which to hold final examinations in defiance of orders to the contrary from the president of the university and in total disregard to the feelings of those men who desire that Memorial Day be preserved as a day for the fitting observance of the memory of those who have given their all that this Nation might enjoy the blessings of liberty peace and prosperity that it now enjoys. If a number of ex-service men accused of burlesquing the cadet corps are hauled up on the carpet for a bit of innocent fun, why should not the desecrators of the Nation's memorial day answer as well?

J. G. STALKER.

Editor University Argonaut:

This article is not intended to impugn the motives, honesty or scruples of any student, or group of students, but from casual observation gained from four years in the University, it seems mete and proper that a change be made in regard to the handling of certain student body funds.

It is customary to stage any where from one to a half dozen so called "drives" (extractions would be a better term) among the student body each year. Their purposes have ranged from Belgium relief, thro political propoganda in Persia, on down to religious revival in Romania, and Heloninos islands, and even to Assitance for Athletics.

With one or two exceptions, I have never had the opportunity to examine the reports of the committees in charge, and so am not in a position to state with what results these am-bushcades were carried on. But owing to the fact, that even tho I have a peculiar adherence to stray shekels,

I have in nearly all cases, been forced to "come across" or submit to ignominy. I am justified in thinking that these drives have had some measure of success.

But where does the money go? How much is taken in? Who contributed? Who ultimately received the coin? If anybody knows, it must be the chosen few, for it never appears in public.

This money, no matter for what cause it is collected, is Student Body Money, and as such, it should be handled and audited by the person whom the students have elected for that purpose. This is not a mere crank notion or whim—it is a right which the students of the University have as students. We are supposed to be men and women, then we should handle the student funds in a business like manner. I have heard remarks to this effect on more than one occasion, "I don't mind helping out athletics, but I hate to pay some fellow's board."

Remarks of this nature probably are not justified, but at the same time it shows that there is a woeful lack of system in handling this particular class of student money. I would like to see some accurate reports on a few of latter collections made this year. And the student body as a whole, would appreciate knowing how many people came across on the recent drive voted in student assemblage. They would also appreciate knowing how much has been collected on the right to wear out shoe soles in the Gym. And lastly, not a few would like to know where this money has actually gone.

A Student.

—Send Three Men to Antwerp—

EXPERIMENT AT SANDPOINT WITH NORTHERN IRRIGATION

Five Acres Devoted to Testing For Means of Watering Cut-over Lands

Experimentation designed to determine definitely the value of irrigation as a supplement to rainfall in the cut-over regions of northern Idaho has just been begun on the farm at Sandpoint, according to an announcement made today from the office of Dean E. J. Iddings of the college of agriculture.

The tract selected consists of five acres divided into 10 plots of one-half acre each. Five plots will be dry farmed and the other five will be irrigated. Clover, oats, potatoes and sunflowers will be grown in rotation for the purpose of the experiment. Water obtained from the city mains of Sandpoint will be used on the five irrigated plots.

If the venture proves successful, it is believed that an attempt will be made to create a small irrigation district in the vicinity of Sandpoint.

Camouflage.
Mr. Haddon, to group of A. E. F. men picnicing: "Who are you people?"
A. E. F. man: "A group of A. E. F. men, sir."
Mr. H.: "That's alright, but I don't want any of those high school or College fellers around here."
—Sing Friday Evening—

PROFS. PROPHECY LARGE ENROLLMENT

Idaho High Schools Send Encouraging Reports For Fall Registration

That many Idaho high school graduates will go on to higher education and most of them come to the University next year is quite apparent from the reports of different professors who have been recently occupied in delivering commencement addresses to various high schools throughout the state.

Professor H. T. Lewis included in his program (Kamiah, Cottonwood, Genesee, Grangeville, Culesac and St. Maries. In all of these schools Professor Lewis found an increasing interest in higher education. He reports that a great number of teachers plan to attend the summer session.

Professor Ph. Soulen delivered commencement addresses at Mackay, Challis, Salmon, Orofino and Troy. Despite the great distance and handicaps of the first three towns Professor Soulen reports that he secured bookings from every one of the schools. On this trip he also visited Idaho Falls and Blackfoot.

Dean Cockerill has also found among the schools visited the sentiment growing favoring a college education and particularly that of their own state. Recently he delivered two addresses at Kellogg, one at Wallace and gave the high school commencement address at Pullman.

MALE STUDENTS ADOPT SELF GOVERNMENT

Protection from Vamping is Aim of New System—Rules Drafted by Prominent Men on Campus

Self government for all male students of the University is now a reality. The innovation is the outgrowth of no particular person or persons, but is the result of the long recognized need for better protection of the interests of the male students. The new system, which was unanimously adopted by a representative meeting of all male students on the campus, vests its authority in a supreme council, of six members, chosen as follows: one from the freshman class, one from the Sophomores, three from the Junior class and one from the Senior. The members of the Supreme Council shall be chosen with the express purpose of selecting members who shall be notorious for their fussing activities, and who, by experience gained from the bitter mill, will be best qualified to exercise a wise and sympathetic regulation of male activities.

It shall be the duty of the Supreme Council to appoint a committee whose duty it shall be to lend its advice and protection to all students enveigled

of the "Eco" at 8 p. m. in response to an appeal to keep alive an old Idaho tradition, and amidst the applause of the towns people went into action against an imaginary foe at the corner of 6th and Main.

An old howitzer of the days of '64 and machine guns salvaged from the Mexican fiasco were the only auxiliary arms available to assist the foot troops who were armed with pitch forks, brooms and pikes.

It was rumored that the Major of the Cadet battalion wished to go into action against the veterans, so the army proceeded to move upon Campus Hill where the cadets were bivouacked under the protection of Bayonet Smith and the other cadet officers. The detachment gathered strength as it moved, also a cayuse, which was impressed into scout service.

The Cadet Battalion, hearing of the approach of the Old Guard, disbanded and fled, many of them attempting to surrender to the enemy. However no prisoners were taken. A battle occurred on the brow of campus hill, after which, everyone being hungry, the guard was dismissed with orders to report again next year for manoeuvres.

—Sing Friday Evening—

Dean Miller Receives Appointment.
 Dean F. G. Miller has been appointed chairman of a committee by the Society of American Foresters to formulate a forestry program for the state of Idaho. The other members of the committee are M. H. Wolf and J. A. Fitzwater.

and many other suitable gifts of remembrance.

HODGINS

DRUG, BOOK & KODAK STORE

by the wiles and snares of the Co-eds.

Library Dates.
 The library, as was intended, shall be a place of study, and when any male student is enmeshed by the caprices of the opposite sex, to the point where he is forced to converse with any female student, he shall have the right to call on the committee for assistance, and it shall be the duty of the committee on observing such conditions when no call is made by the ensnared student, to rescue the student without loss of time.

It shall be unlawful for any girl to envice a male student into "hall fussing" between classes for more than eight minutes, and in the event that such takes place, it shall be the duty of the committee to interfere and escort the student to his class.

Dates.
 No male student shall be forced to walk a distance of more than one mile while on a walking date. This rule is enacted with a view to the high cost of shoe leather.

It shall be unlawful to ensnare, envice, coerce or to use undue influence, in procuring more than one date a week from any male student, and in case of infringements of this rule by the co-eds, the Supreme Council shall take steps to protect the interests of the male.

Any male student having a movie date, shall not be permitted to spend more than fifty cents for the eats thereafter.

At all leap year dates, the male must dismiss the co-ed at 10 p. m. and sooner if possible.

Sneak dates are strictly taboo, and any male student, who has been coerced, enveigled, enticed or cajoled into one of these surreptitious appointments will be given the aid of the Supreme Council.

Young men, students of the University, shall not leave town, go on picnics, without sanction of the Supreme Council, and only when properly chaperoned by some approved member of the faculty or student body, such chaperone being a male person, married and hen-pecked.

Dance Regulations.
 No male student will be compelled to dance more than 12 times in one evening with the same woman.

All male students at all times must be properly clothed. A committee, appointed by the Supreme Council shall attend all college functions and be the judge of this matter. Pajamas, dressing gowns, night shirts and B. V. D.s are hereby designated as improper articles of apparel for all college functions.

In view of the fact that many males of the institution are led astray by improper conduct at dances, it is hereby enacted that any improper

conduct at dances shall relieve the male from further social duties for the period of one month, and be it further enacted that such relief is not in the nature of punishment, but in the nature of a reward.

No male student, not in good scholastic standing, shall be made to engage in social activities, but it shall be optional with the student.

Town Activities and Dates.
 No male student shall play pool more than six nights a week, unless he can show to the satisfaction of the supreme council, that he has an average run of five or more. Students who are deficient in this matter will be given assistance by the Council.

No male student shall attend a town dance, unless he so desires.

Application.
 The Supreme Council shall apply these rules as it shall see fit, and in all cases shall have both arbitrary or discretion power, to apply these regulations as to best serve the interests of the male inflicted.

These rules shall not be applicable to any male student who has so far fallen into the meshes of the opposite sex, as to wantonly and openly announce his troth to any of the aforesaid sex; but it is hereby enacted that any such male student, may at his option, procure the assistance of the Supreme Council, in order to preserve his manly dignity, to save him from the ignominy, ridicule or contempt of his fellow students.

Penalties.
 All infringements of the foregoing rules shall be called to the attention of the Supreme Council.

First offenses will be dealt with lightly, and it shall be the aim of the Council to offer reasonable advice

and admonition to the student. Second offenses will be dealt with more severely and the infringing student will be taken to the Bon Ton for eats. Third offense will bring forth the concerted action of the male students of the University to protect the errant one, and failing in this, the student will be abandoned to the wiles of the co-eds.

The Council shall meet when and where it pleases and officers shall be elected at any time or all times necessary.

First Annuals Here For Early Delivery

First Consignment Without Names Arrives—Argonaut Office is Distributing Point

The first consignment of the 1921 Gem of the Mountains has arrived, and will be distributed to those leaving college early Thursday. The only copies to arrive at this time are those without the owner's name on the cover, and the others are expected to be here within a day or two, so that everybody will have received his or her copy of the Gem by the first of the week.

The annuals will be distributed from the Argonaut office, just opposite from President Lindley's office in the Administration building. Somebody will be there through the day to receive the remaining two dollars due on the annuals, and to distribute them.

GRADUATION GIFTS

of every kind and description may be obtained from a place that has the students' interests at heart. Everything in the line of Toilet Articles, Stationery, Fountain Pens and many other useful gifts.

SPECIAL ASSEMBLY TO BACK IDAHO ATHLETES

Call Students Together Friday 11:30 To Support Men in Olympic Trials. Kelley and Matthews to Talk

A special student assembly has been called for 11:30 Friday morning for the purpose of securing student support for the Idaho athletes at the Olympic tryouts at Pasadena. All class periods will be cut to forty minutes, and the last half hour devoted to what promises to be the most important student meeting of the year.

Commercial Clubs of several Idaho cities and the business men of Moscow have promised their substantial support to the movement to send at least three "I" men to the tryouts, but in order to guarantee Idaho representation at the meet, it will be necessary to call on student aid.

A. J. Priest In Charge
 Coach Matthews and Coach Kelley will address the assembly on behalf of the coaching staff. A. J. Priest, who is in charge of collecting student finances, will present the matter from the student standpoint. Other prominent members of the student body will make brief remarks relative to this movement.

Idaho is said to have at least one athlete whose records surpass those of any other all-around athlete in the United States, if not in the world and two others who are almost certain to place in the finals at Antwerp.

Confident of Three Men
 Both Coach Kelley and Coach Matthews have stated that in their opinion, Perrine, Irving and McCallie have a splendid chance to represent not only Idaho at the try-outs in Pasadena, but to uphold America's honor at Antwerp.

Gives Out Statement
 A. J. Priest made the following statement: "In my opinion, it would be little less than criminal for the students of Idaho to fail in their support at this time. From a careful comparison of actual track records, it appears that Idaho has a better chance to place at least three men on the American team, than any other school west of the Mississippi. No stated assessment will be levied but a contribution will be solicited from every student. We feel that it is the duty of every Idaho student to contribute to the very best of his or her ability in the support of this movement to send Idaho representatives to the Pasadena tryouts."

It is hoped that every University student, every faculty member and every friend of the University will be present Friday morning ready and willing to lend their active support in sending Idaho's three greatest athletes to Pasadena.

The detachment gathered in front

MINERS RECEIVE RESCUE INSTRUCTION

Class of Ten Receive Diplomas After Course in Moving Mines Car.

The Bureau of Mines car number 5 was side-tracked the past week in Moscow for the purpose of giving the School of Mines students a course in mine rescue work which is required by the curriculum of the Mining School. A class of ten completed the course Friday.

Breathing Apparatus Explained.
The care and use of the different types of breathing apparatus were fully explained in detail before any training was attempted. Mr. Dyer, engineer in charge, said, "A man using this apparatus cannot 'get by' by knowing something about the machine nor by knowing 99 per cent of the machine. It is absolutely essential that the man knows 100 per cent about the machine and be able to apply his knowledge in case of emergency."

Helmet is Lifesaver.
The use of the rescue apparatus, often called "oxygen helmet," enables the wearer to work in the most poisonous of gasses. Enough oxygen is carried in the tank strapped to his back to last two hours. All the men who took the course were subjected to just such gases and worked under the same conditions that rescuers in a mine disaster would be called upon to do.

Car Cleverly Arranged.
The car, which is one of eleven sent out by the U. S. bureau of mines, is a complete unit, compactly arranged with demonstration equipment at one end, and ample quarters for the crew of six men on the other end. The quarters include a kitchen, dining room, and an office in addition to sleeping quarters and a running shower. In the equipment room is carried an oxygen pump, oxygen inhalators, a moving picture machine for illustrating lectures, an electrical generator, an air compressor, a life-line, safety lamps, about twenty-five helmets and a large part of the first aid accessories.

The crew has been called upon to aid in fighting mine fires eight times in the last three years. The biggest disaster in which assistance was rendered was the Speculator fire in Butte in 1917. During the recent Marsh mine fire, in which two men were asphyxiated, Mr. Dyer led some of the attempts to rescue the imprisoned men.

The visit of the car number 5 proved valuable to future engineers at the School of Mines since it afforded them a means of acquiring this knowledge from the best men in the country qualified to teach it.

The present crew of car No. 5 consists of B. W. Dyer, engineer in

charge; J. E. Wilson, fireman miner; A. E. Callison, first aid miner; and S. S. Blum, clerk. A full crew includes in addition a surgeon and cook.

"Cook and Moonshine," a Drama.
"And the cook?"
"He got in jail at Wallace and as he wasn't much of a cook we left him there," replied Mr. Dyer.

"Cause?"
"Too much moonshine."
The Bureau of Mines at Washington, D. C., issues to each man who has successfully completed the prescribed course a certificate qualifying him for mine rescue work anywhere in the United States. The following were awarded certificates: Keith Horning, Kenneth Hunter, Duddy Gowen, Eddy Foran, Robert Elder, Lyn Berger, Horton McCallie, Fahrenwald, Moye and Piper.

OREGON WINS CONFERENCE MEET—O. A. C. SECOND

(Continued from page one.)
quarter and plugged past Greene, of O. A. C. for first place in the last twenty yards of the race.

In the hundred yard dash Foster, of Oregon, showed some excellent form. He crossed the tape a good two yards ahead of his closest competitor. Eckman, who placed second, finished only a few inches ahead of Snook.

Van Hoesen Sprints.
Van Hoesen, of Idaho, displayed a good burst of speed in the finish of the half mile, working into second place by passing Douglas, of the University of Washington, and materially lessening the lead of Abbott, of Oregon, who finished first.

Two Mile Spectacular.
One of the spectacular moments of the meet was the finish of the two mile run. "Jit" Smith, of W. S. C., had stepped away from the start for a long lead, which he held until the last 100 yards of the race. The finishing spurt was featured by Walkley and Rowlee fighting for second place, in the fighting reducing a thirty yard lead built up by Smith to less than three. Gill, of Idaho, finished close on the heels of Rowlee for fourth place.

Relay is Thrilling.
The race that brought every member of the crowd of spectators to their feet cheering was the mile relay. In the first heat Eaton, of Idaho, legged off a goodly lead, which Van Hoesen, following, added to. Gerlough, in the third heat, pitted against three fast men, dropped dangerously close to last. McCallie hardly recovered from his strenuous battle to keep first place in the 440, grabbed the stick and finished a close third.

Perrine Jumps Well.
Perrine did timely work in the broad jump, leaping a close second to the 23 feet and 10 inch mark made by Foster of Oregon. Franklund, of Washington, cleared the bar in the high jump at within 7-8 of an inch of the northwest record. Franklund's jump measured six feet and one inch.

A large crowd witnessed the meet. It has been estimated that two hundred Idaho students saw the event. A movie camera was on the job, and those who were unable to attend the meet may soon have a chance to review it on the screen.

Following is a summary of the meet:

The Summary.
100-yard dash—Foster, Oregon, won; Eckman, Washington, second; Snook, O. A. C., third. Time 10:1.

Pole vault—Jenne, W. S. C., won; Baker, W. S. C., Goodner, Washington, and Metzler, O. A. C., tied for second. Height, 13 feet, 1 inch.

Shot put—Irving, Idaho, won; Perrine, Idaho, second; McGowan, Montana, third; C. King, W. S. C., fourth. Distance, 43 feet 9 1-2 inches.

440-yard dash—McCallie, Idaho, won; Greene, O. A. C., second; Pratt, Washington, third; Rose, O. A. C., fourth. Time, 50:2.

120-yard hurdles—Eikleman, O. A. C., won; Knudson, Oregon, second; Frankland, Washington, third; Carver, Montana, fourth. Time, 15:4.

Discus throw—Pope, Washington, won; Bartlett, Oregon, second; McGowan, Montana, third; Hamilton, W. S. C., fourth. Distance, 136 feet 9 inches.

High jump—Frankland, Washington, won; Waite, O. A. C., second; Jenne, W. S. C., third; Metzler, O. A. C., fourth. Height, 6 feet-1 inch.

220-yard dash—Foster, Oregon, won; Sterling, Montana, second; Snook, O. A. C., third; Eckman, Washington, fourth. Time, 21:4.

880-yard run—Abbott, Oregon, won; VanHoesen, Idaho, second; Douglas, Washington, third; Beall, Washington, fourth. Time, 1:59 2-5.

Broad jump—Foster, Oregon, won; Perrine, Idaho, second; Dement, Whitman, third; Waite, O. A. C., fourth. Distance, 23 feet 10 inches.

Javelin throw—Irving, Idaho, won; Perrine, Idaho, second; Van Stone, O. A. C., third; Pope, Washington, fourth. Distance, 170 feet 2 inches.

220-yard hurdles—Sterling, Montana, won; Eikleman, O. A. C., second; Dement, Whitman, third; Howell, W. S. C., fourth. Time, 26:1.

Two-mile run—Smith, W. S. C., won; Walkley, Oregon, second; Rowlee, W. S. C., third; Gill, Idaho, fourth. Time, 10:21 4-5.

Relay—Oregon: Foster, Sundleaf, Hayslip and Abbott, won; O. A. C., second; Idaho, third, Washington, fourth. Time, 3:29.

—Sing Friday Evening—
THREE IDAHO MEN MAY GO TO 1920 ANTWERP OLYMPICS

(Continued from page one.)
events.

Irving's Chances Good
In the pentathlon series, Irving will race close to Perrine in all

events. In the weights, he is slightly better than Perrine. Irving holds the best shot record in the west for the 1920 season. The highest mark that has been made in the United States thus far this year is 45 feet, done at the Pennsylvania meet. The second was 43 feet and 5 5-8 inches.

School records show that Irving and Perrine will practically tie in most of the runs, although Perrine is said to have the better endurance of the two in the long runs at the present time.

McCallie Tries Quarter

"Heck" Edmunson, who represented the University of Idaho at the Olympic games in 1912, states that McCallie has the best of chances in the 440 yard run. There is a scarcity of good quarter milers in the country at the present time, according to Edmunson, that makes the chances of McCallie registering all the better. McCallie can do the run in 50 seconds. Olympic standards would require about a 49 second record of a candidate, it is said. Edmunson offers the theory that in the warm southern climate, and with intensive training, McCallie will do the 440 in that time. There are at the present time only five college athletes in the United States that can beat McCallie's record of 50:1. It is planned to take nine to twelve quarter milers to the games. This would make McCallie's chances of placing on the team almost certain.

Bohler Boosts Irving and Perrine
"Doc" Bohler, coach at W. S. C., has said that there are no better possibilities of taking the pentathlon and decathlon in the United States than Irving and Perrine. It is commonly conceded that there are no athletes in the world who can approach the Americans in the track and field events.

Bohler was chosen as one of the

committee to choose the Olympic candidates.

To New York In July
Word was received from T. Morse Dunne, of the Multnomah Athletic club the candidates for the Pasadena tryouts for the Olympic games, late last night that there were no provisions made in the Pasadena tryouts for the pentathlon and decathlon. It is his opinion, therefore, that the candidates for those events will go direct to New York the latter part of July, the winners in the tryouts there going direct to Europe.

McCallie to Pasadena
This would indicate that McCallie will be the only man to go to the Pasadena tryouts, which will take place June 26 to 28.

Pentathlon in August
The pentathlon and Decathlon will be run off in Antwerp from the 15 to the 23 of August. The shooting, cycling, and other phases of the big meet will have taken place in the preceding month.

—Send Three Men to Antwerp—

R. O. T. C. BATTALION PASSES INSPECTION

(Continued from page one)

under present conditions. It is encouraging that the great body of our students realize that inspection day is no time for such a demonstration the effects of which are detrimental to the interests of a department of the University supported by the state and the Federal Government.

"Stunt Fests" have their places in college life and may be productive of healthful amusement and of good, but they are quite inappropriate on occasions or dates of official inspection or visit in the case of any department of instruction.

"Traditions should be so modified as to conform before they inflict damage in their struggle against natural death."

STAGE SONG FEST FOR BANKER VISITORS FRI.

All Students Urged to Be On Hand to Give Impetus to What Promises To Be Impressive Tradition

There will be an all-University "Sing Fest" at the "I" bench at 5:30 Friday afternoon. Both glee clubs and the cadet band will be on hand to lend their aid to the singers. At this time, the Association of Idaho Bankers will tour the Campus, and will be guests of honor during the singing.

The last song fest which was held on the evening of Campus Day was not an unqualified success, due to the fact that the day had been one of the most strenuous of the school year, and also to the fact that there were still other University events following the singing, which naturally precluded many of the students from attending.

Be On Hand at 5:30

The people who are engineering the Campus Sing are especially desirous of having every student present at 5:30 sharp. It is their desire to make a good impression on the most influential and representative citizens of the state.

It is their desire that the visiting bankers of Idaho shall take away with them a friendly attitude toward the University and pleasant memories of their visit to the Campus.

This year is the first time that an attempt has been made to gather all Idaho students together for a few moments devoted wholly to the singing of the beautiful Idaho songs, but the event promises to grow into a University tradition.

Why Go to "IDAHO"

The choice of a university or college to be attended should be based upon four principal requirements: 1st, a high purpose and broad field of work; 2d, a competent faculty; 3d, a sufficient equipment; 4th, a student body of high ideals. The University of Idaho fully satisfies these requirements.

1. Purpose and Field—

Its purpose is to serve the people of Idaho in developing and training students; in advancing the entire State educational system of which it is a part; in assisting toward the solution of economic and social problems; in furnishing expert knowledge in Agriculture, Engineering, Forestry, Mining, Home Economics, Law, and Educational matters not only to students in residence but also to all who desire it throughout the State.

2. Faculty—

The faculty is made up of eighty-three teachers of thorough training and efficiency attained by years of study and experience. They are deeply interested in the progress of each and all under their instruction. They know the State and its conditions and give their best efforts to its development. In addition there are more than seventy workers in the agricultural extension division and fifteen agricultural county agents.

3. Equipment—

Its equipment is ample. It has a library of over 40,000 volumes, excellent facilities for teaching literature, philosophy, and the social sciences, and well provided laboratories for the natural and applied sciences and for the technologies.

4. Students—

Its students are earnest, wide-awake, and democratic. A large number of them earn their own way. Its alumni now occupy high positions and will be the future leaders of Idaho in professions, the industrial vocations, and in the building and maintenance of homes.

The six colleges, the central agricultural experiment station and the sub-station of the U. S. Bureau of Mines are located at Moscow; the main agricultural extension office is Boise, and the agricultural sub-stations and demonstration farms at Caldwell, Sandpoint, Moscow, Aberdeen and Felt.

SOCIAL & PERSONAL

Weather, inclination, and dates being favorable, picnicing has occupied the major part of the attention of the college social aspirants during the past week. The Engineers, Economics Club, and A. E. F. Club betook themselves to the hills on various week days. On Sunday came the picnic climax of the week in the Beta excursion, which covered the better part of a whole day and Moscow Mountain, it is said.

Beta Kappa chapter of Kappa Kappa Gamma held their fourth annual banquet at Plummer's Cafeteria Tuesday evening. Blue and blue, the sorority colors, were used in the table decorations. In addition to the active chapter those present were Mrs. C. L. Von Ende, Mrs. C. W. Hickman, Mrs. Wm. Bailey, Margaret Friedman and Gertrude Stephenson of Moscow; Norma Dow of Spokane; Roberta Hautchens, Bernadine Weiss and Grace Young of Gamma Eta chapter at Pullman.

—See You at Assembly—

Sigma Nu announces the initiation of Emil A. Anderson, ex-12, of Kallispell, Montana. Mr. Anderson was one of the founders of Zeta Delta, the old Idaho local which petitioned Sigma Nu. He is in the forestry service at present.

The members of Delta Gamma were guests of Kappa Alpha Theta Monday morning at a "Sunrise Cabaret." Pretty chorus girls, negro minstrels, an organ grinder and his monkey frolicked in the light of the rising sun, while a jazz band played continuously for the merry-makers.

—Send Three Men to Antwerp—

Helen Frantz was hostess Wednesday at a shower given in honor of Daisy Crump of Payette who has been her guest for several weeks. Those invited were Mrs. Lester Alberts, Inez Sanger, Freda Soulen, Mary McKenna, Virginia Der Mott, Kathryn Stanford, Mercedes Jones, Ferol Richardson, Avis Selby and Albertine Benoit.

—See You at Assembly—

Arnold Halling returned to school Tuesday after having spent several days in Conkling Park, on Coeur d'Alene lake.

Messrs. Smith, Held, and Weber, of W. S. C., were guests of Sigma Nu during the tennis tournament.

Hazel Langroise is a house guest of Delta Gamma.

Kappa Kappa Gamma announces the initiation of Mary Finegan on May 22.

—See You at Assembly—

Marion Chubbuck returned to college Thursday.

Lewis Prichard is visiting relatives in Rosalia, Wash.

Kappa Kappa Gamma announces the engagement of Clara Wiperman, ex-20, of Idaho Falls, to John Francis McMahon of Boise. The wedding will take place June 16th in Idaho Falls at the home of the bride's parents, Mr. and Mrs. A. J. Wiperman. The young couple will make their home in Rexburg, Idaho, where Mr. McMahon is in business.

Mable Sweeney of Kappa Kappa Gamma left yesterday for her home in St. Maries. Miss Sweeney will this summer become the bride of Walter S. Smith of Twin Falls. The young couple will spend their honeymoon in Japan and upon their return from the Orient will make their home in Washington, D. C.

Florence Allebaugh, Helen Roberts and Esther Motie were in Spokane over the week-end to hear Galli Curci.

Dinner guests of Gamma Phi Beta June 1 were Fred Cline, Clarke Rush, Hubert McNamara, Harry Amundsen and Gene Campbell of Sigma Alpha Epsilon.

Dave Taggart was a guest of the Sig Aphs, Monday and Tuesday, coming over from Pullman.

Thelma Hare of Kappa Kappa Gamma is spending a few days in Spokane with her mother.

Dimps Dwight was a dinner guest of Delta Gamma Sunday.

Clara Hobson was a dinner guest at the Kappa Kappa Gamma house Sunday.

Kappa Kappa Gamma will entertain Pres. and Mrs. E. H. Lindley and Ernest Lindley as dinner guests Sunday.

Ralph Morrow, Jim Niel and Alex Forest attended the Theta dance at Pullman Friday night.

Phoebe Jane Hunt was a luncheon guest at the Kappa Kappa Gamma house Monday.

Kenneth Newland and John Has further spent the week-end in Spokane.

—Sing Friday Evening—

Marion Tipton and Eleanor Fletcher spent the week-end in Spokane.

Kappa Kappa Gamma will entertain at dinner this evening for Messrs. Merritt Penwell, Guy Penwell, Eugene Campbell, Clark Rush, Le Roy Thompson, and Angel Wedgewood of Sigma Alpha Epsilon.

Hubert McNamara is staying over at the Sig Alpha house this week, having come down for the conference.

La Visa Nelson of Pullman was a luncheon guest of Gamma Phi Beta Wednesday.

Gene Campbell announces his resignation from the Senior play cast.

—Send Three Men to Antwerp—

Gladys Hastie, Fleeta Brennan, Adeline Robbins and Agnes Sweeney of Kappa Kappa Gamma attended the conference meet in Pullman Saturday.

Mr. and Mrs. Clifford (Hec) Edmundson were Monday luncheon guests at the Gamma Phi Beta house.

Gamma Phi Beta announces the marriage of Tress McMahon to Tracy Journey of Twin Falls.

"Heck" Edmundson, '09, University of Washington track coach, visited Kappa Sigma Sunday.

Harold Decker of Seattle and Moscow, is a visitor of Phi Delta Theta.

Kappa Kappa Gamma entertained at dinner last evening for Mr. Medici and Mrs. Gleason.

Cecil Boliu of Genesee, was a guest of Sigma Nu during the conference meet.

John Morgenson of the University of Oregon pre-med school was at the Phi Delta Theta house Friday.

Tuesday dinner guests of Kappa Alpha Theta were Pitman Atwood, Horton McCallie, Howard Knutson, Ashley Bivens, and Ed. Neal.

Kappa Alpha Theta entertained at dinner Thursday for Will McClure, Harmon Hosier, Bernard McDevitt, Royal Starr, Floyd Cossitt.

Alpha Kappa Epsilon entertained at dinner Sunday for Mr. and Mrs. Armbruster, Misses Myria, Florence, Iris, and Raymond and James Armbruster.

Frank Thomas, '19, spent the past week in the city.

Lyle Colburn and H. M. McNamara staged a picnic Sunday in company with the Misses Penwell and McChee.

Francis Fields, Jean Kendall, Gail and Grace Taggart, visited in Spokane during the week.

Messrs. Garver and Sherwood of the Whitman tennis team were guests of Phi Delta Theta Friday and Saturday.

Mrs. Florence Grice visited to the Kappa Alpha Theta house Monday and Tuesday.

F. V. Bruce, of Tacoma, was a Sig Alpha guest a couple of days the past week.

BIG ATTENDANCE COMMENCEMENT WEEK

President Kjosness Makes Plans for Home Coming of Idaho Graduates

Commencement Week will be attended this year by one of the largest groups of students and alumni that Idaho has ever seen, according to President W. B. Kjosness of the alumni association, who has been making extensive plans for the home-coming of University graduates.

Alumni associations have been organized this year at many points throught the state and each of these have been asked to send one or more delegates to represent them during the week. Wherever it is at all possible students and graduates are asked to return to Idaho for a get-together.

Alumni Day will be Tuesday, June 8, and will be featured by a dance in the evening. The complete program for the entire week follows:

Saturday, June 5.—Senior Luncheon at the President's home.

Sunday, June 6.—Baccalaureate sermon, 11 a. m. by President E. H. Lindley. Band concert on campus at 4 p. m.

Monday, June 7.—Senior Day. Planting of Ivy and Ivy Oration, 2 p. m. Farewell to university campus and buildings, 2:30 p. m. Faculty Senior baseball game, 3:30 p. m. Senior play "Twelfth Night," 8 p. m.

Tuesday, June 8, Alumni Day. Alumni council meeting, 10 a. m. Business meeting of alumni, 2 p. m. Alumni tour of campus, 2 p. m. Alumni banquet, 6 p. m. President's reception, 8 p. m. Alumni dance, 10 p. m.

Wednesday, June 9, Commencement. Formation of academic procession at Ridenbaugh hall, 10 a. m. Procession to the auditorium, 10:15 a. m. Commencement address, by Dr. John Merle Coulter of the University of Chicago, 10:30 a. m. Luncheon at Ridenbaugh hall for faculty, alumni, seniors, visiting relatives and friends, 1 p. m.

There will be fifty-eight who will receive their degrees this year, four of this number being masters. The Bachelor of Arts leads with twenty applicants. The next in rank is the Bachelor of Science in Agriculture with thirteen while Law closely follows with nine.

Sing Friday Evening

Bill Demecke, Gene Hart, Suz Murray, Mike Thometz, Ernest Poe, Ted Erb, Maurice Jackson, and Boyd Brigham were dinner guests of Delta Gamma Thursday.

'Farewell Ad.'

Next fall when you return to college you are cordially invited to resume your business relations with us. We will welcome you into a new and modern store, where the same obliging and courteous service and High Quality Merchandise awaits you.

DAVIDS'

"The Students' Store"

KAPPA SIGS SCALP SIGMA NUS—SCORE 11 TO 1.

After much movement on the in-field, caused by an exchange of pitchers every time a new batter stepped into the box, the Knudson "Babe" Brown shooting pair, of the winners proved too substantial and persistent for the Sigma Nu nine, in a game of the three-ring varsity circus field.

With two ball games and track practice going on at the same time it is no wonder that the boys could find other things to do beside make errors. The result was a game of "faultless" baseball.

The batteries: Kappa Sigs—E. Knudson and Brown; Sigma Nus—Kearns, Plastino, Kimmell, in the box, and Schroeder.

PACIFIC COAST MEET TO CALIFORNIA

California	51½ points
Stanford	45 points
O. A. C.	22 points
W. S. C.	20 points
Oregon	14 points
Washington	11½ points

The above order states the finishing scores run up by the point winners in the Pacific Coast Conference meet held at Palo Alto on Saturday, the 15th. Jenne of W. S. C. grabbed his pole event at a height of 13 feet 5-8 inches for a new record while his "greyhound" captain secured his two-mile event in 9:54.4.

CENTURY IN 9 4-5

Every Pacific Coast record was broken among which of particular note was the 100-yard dash which went to Kirksey in one-fifth below the 10-second mark.

The last game a victory? SURE!

ALOHA

Now most faithful and persistent reader of these, the obnoxious "Sporty Spitts," I bid you farewell for the college year and forever, such as I am. I thank you for all readings and criticisms.

Ever thus, "HAMMOND EGGS."

Sporty Sputterings

By HAMOND EGGS.

POST-MORTEM FOR YEARLINGS

For over one month a quadangle meet had been scheduled with W. S. C. Frosh, North Central High, Lewis and Clark High, and U. of I. Frosh as the competing teams. Saturday, the 22d, was the day set for this tangle and the Pullman track was the place, but where, Oh! where were the athletes of our big bunch of wearers of the '22?

A few men of the class, with "insiders," have been working and working hard but what could even a general do without support? Idaho was not represented in this quadangle meet.

This was your fault, you Frosh. Each and every one of you are individually and collectively to blame for this fact which brought Idaho the "horse-laugh" from the other schools which were represented.

"Chalk one up for the grave diggers union."

Let's beat W. S. C.

BRING ON YOUR EASTERNERS

The records made in the meet of the 22d in the Coast Conference are the best made by any college conference in the United States in the past several years.

A new Yale record was a big sensation back East, Saturday, at 6 feet 2½ inches, while a mere 6 feet 4 3-16 inches record of Stanford was hardly mentioned.

We don't get the publicity but we've got the men. Name the date of the All East versus All West Meet an d"money talks" that the "Sunset" lads bring home their share of the bacon.

Lets white-wash the Farmers.

FINAL W. S. C. GAMES

The final Idaho W. S. C. baseball games are this week to be played and won by the Idaho nine. Lets make it a clean sweep and give the season a jazz finish. Be there.

LOOK 'EM OVER

Our varsity football squad has been working every night for a couple of weeks under Coach Kelley. The varsity field is the place and from 4 bells till 6 clangs the huskies with the new pep are in action.

Come out and show that you are interested in the new "stuff." (The stuff that's got a kick) and get used to the hard-boiled methods of Idaho's new fighting man.

Hang the Washington scalps up to dry.

The motto of the state interscholastic boys, "Break a Record."

Soph—Ain't that guy Jenne a human sky-rocket?

Frosh—They've got an elevator for him to practice with for the Olympics so he won't kill himself falling so hard. He lands on the platform and they let him down easy.

THINK ABOUT THIS

Get out the dope sheet in last Sunday's paper and compare the results of the "Penn" meet with those of the Northwest Conference.

Our Westerners beat them in several and tied them in some events. Anyway think it over.

Let's make a clean W. S. C. sweep.

Wanted—The guy who pulled the stop-watch on Doe for that 5 2-5 fifty in the High School meet.

WHO DROPPED IT?

"Sorry to say, no one did," said "Blea" as the relay was over and all "batons" safe in the last runner's hand.

Can't always be lucky, "Blea" old fellow, it isn't Idaho's nature.

Never judge a High School sprinter by his hair.

Let's yell and give 'em ——— defeat.

Why did it seem that the wind carried off the tennis balls for Idaho only in the tournament of last Friday and Saturday?

Why is it that an athlete as a public speaker is about as popular as spider webs with flies?

HERE'S THE DIAMOND DOPE

Now listen gentle reader. We haven't had a chance to tell you about the details of the inter-frat baseball season but, we've got the dope and the following articles will let you know that we are on the job in the ball game world even if we can't understand Charlie Walk's umpiring.

BARBS ARE CHAMPS

We don't know just "when" but when the Barbs defeated the A. K. E. nine in a 6-to-4 game the Non-frats had then a thousands per cent record behind them and a championship team.

Much credit for their victories is due to the superior pitching of their twirler, Mr. Eddy.

The batteries: Barbs—Eddy and Rink; A. K. E.—Phillippi and Phillippi.

KAPPA SIGS OUT OF RACE

The Barb-Kappa Sig game was settled on an 8-4 basis in favor of the "8" and the Barbs.

The batteries were: Kappa Sigs—Knudson, Wyman and Brown; Barbs—Eddy and Rink.

A. K. E.'S SMOTHER PHI DELTS

The A. K. E. nine handed themselves an 11-to-3 victory when W. Phillippi of the victors held the opponents down to a 1-hit game. The winners' battery was a family affair which proved too many for the Phi Delt.

The batteries: A. K. E.—W. Phillippi and S. Phillippi; Phi Delt—Thompson and H. Breshears.

BARBS 7, ELWETAS 1

"The Barb nine sort of found me curve."

Thus remarked "Slim" Swanstrom last week when the aggressive Barb team worked the "Slim"-Mac battery for a half dozen and one runs. The game was marked by "congestion" not on bases so much, as in the field for the Varsity grounds are rather small for two games at the same time. The second sacker of the Barb-Elwetetas game was also the center fielder of the Kappa Sigma Nu game on its over-lapping suburbs.

The batteries: Barbs—Eddy and Jacobson; Elwetetas—Swanstrom and McDevitt.
