## IDAHO TANGLES WITH W. S. C. ON McLEAN FIELD FRIDAY

UNCERTAINTY PREVAILS AS TO OUTCOME OF GAME, DUE TO LACK OF DOPE CHARACTERIZING ABILITIES OF TWO TEAMS. W. S. C. HAS ADVANTAGE OF PRACTICE GAMES.

### BE BIG ATTENDANCE

UNIVERSITY PREPARES TO PLAY HOST TO FANS AND ALUMNI FROM OVER NORTHWEST

### STUDENTS ARE CONFIDENT

No Wild Bursts of Enthusiasm, But All Feel That There Is Fighting Chance.

One of the greatest football classics of the 1920 Northwest conference, the annual battle between Idaho and W. S. C. will be staged at McLean field in Moscow, on the afternoon of Friday, Oct. 15th. Present indications point to the attendance of at least two hundred alumni fans and reports from Inland Empire towns promise the attendance of several thousand spectators.

The element of the unknown has entered into the contest this year, making students and fans extremely interested in the outcome. Idaho is a new proposition. Pullman has played the one game with Gonzaga and took their measure to the tune of 35-0. Gonzaga has always had a scrapping, hard playing team, but it is doubtful if they display the same do or die spirit that is shown in the Pullman game with Idaho.

Idaho's Varsity has not yet tasted the blood of real battle and she still has to obtain her baptism of fire and get the smoke of the barrage in her nostrils. Just what Coach Kelly expects to uncork against the hay heavers, is still a matter of conjecture. Men who really follow the game are at sea when it comes to formulating any definite prophecies on the impending struggle.

Coach Bohler has a long list of victories and few defeats in his record. And while coach Kelley is a new man at Idaho, it is generally believed that he is one of the strongest coaches in the West.

W. S. C. has a larger number of veteran warriors than Idaho, but Idaho has had a longer period of practice. In weight there will be little or no advantage with either team.

**Student Opinion Conservative.** General student opinion briefly condensed seems to be this: "We have to beat W. S. C. but it is the hardest proposition that Idaho has ever been up against." While the student body is not giving vent to any great bursts of enthusiasm and optimism, there is, on the other hand, a strong under-current of confidence in Idaho's ability to win.

The almost incessant rains and threatened stormy weather have done much to hold back the development of the team and the deluge of Saturday night with its following murky weather has acted as a sort of damper on student spirit. The one ray of consolation comes from the fact that the Pullman grid has been soaked as often as Idaho's.

### START GYM CLASSES IN MIDDLE OF NOVEMBER

A gymnastic class under Mr. MacMillan assistant in athletics will start November 18. The work will be given in both heavy and light apparatus on Tuesday and Thursday from four to five. As many as possible are urged to join the class. All members are required to sign at the office of the athletic director before November 18.

### THE ELWETAS INSTITUTE LOGGING OPERATIONS

J. H. Felton, Burton Van Tassel, Si Swanstrom, Ted Schwarz and Inky Mohler spent Saturday on Moscow Mountain getting out a winter's supply of wood for the Elwetias. The doughy crew returned to Moscow late in the evening with six big sixteen foot logs.

Paul Davis, ex '17, was a visitor of Alpha Kappa Epsilon Tuesday.

## "IDAHO HAS FIGHTING CHANGE" SAYS LOCAL DOPE JUGGLER

FOOTBALL HISTORY SHOWS THAT THIS CHANGE IS ALL THAT IS NEEDED IN MANY CASES. NO DEFINITE DOPE COMPARING TWO TEAMS IS OBTAINABLE.

### ANNUAL PICTURES

Pictures for the annual should be taken at once. The earlier they are taken, the better will be the pictures. Freshmen should go to Eggans. Sophomores, Juniors, and Seniors should go to Sterners. The photographers will be ready Tuesday afternoon, October 12.

### W. S. C. ELEVEN HEAVIER

ADVANTAGE IN WEIGHT IN BOTH LINE AND BACKFIELD-LIES WITH VISITORS

### IDAHO LINEUP IS INDEFINITE

Kelly Refuses To Submit Tentative List of Men Chosen To Start Game

Whether or not Idaho will have a fighting chance in the game to be played with W. S. C. next Friday is the question that is being debated by every student, instructor, and supporters of the University at the present time. The Argonaut dope jugger has the situation sized up as follows: The great question that confronts us now is: Has Idaho a fighting chance next Friday? Well, she always has that, and a great many times she has proven that same fighting chance was all she wanted.

In '17 Idaho was slated to certain defeat and everyone said by at least forty points. When the smoke had drifted off the field of battle Pullman was victorious, but by only nineteen points.

This year it is almost impossible to get any dope that will in any way fairly compare the two teams. W. S. C. has had two games, both of which she has won easily. In the first one she defeated her alumni fifty-two to nothing; while in the second she defeated Gonzaga thirty-five to nothing. In this last game two of Washington's touchdowns were due to fumbles in the Gonzaga backfield at very critical moments, in fact in the shadow of her own goal posts.

**W. S. C. Outweighs.** Washington's line is easily rated at 175 pounds on the average, while Idaho's will not go over one hundred and sixty-eight. This gives W. S. C. an advantage of about seven pounds to the man. In the backfield W. S. C. averages about 178, while Idaho will only go about a hundred and sixty.

W. S. C. has had two practice games, which gives them the advantage of trying their plays against opponents, and also of getting the spirit of working together. Idaho, on the other hand, has had only the scrubs and the Frosh to work upon, neither proving very stiff opponents.

**No Lineup Announced.** Coach Kelley has been unable to pick a definite line this far ahead of the game. This is in great part due to injuries received in the scrimmage with the Frosh last Saturday. Joe Whitcomb is just able to be around on crutches, but may be able to get into shape before Friday. Brown managed to get an ankle bunched up as did Gus Irving. Gus was able to get out and watch the game from the sidelines Monday.

### UNIVERSITY IS POPULAR THROUGHOUT THE STATE

Assistant State Supervisor Speaks Optimistically During Visit Here

Unusual cordiality is being evidenced toward the university in every section of the state, according to George Horton, assistant state supervisor of trade and vocational education, who is now a university visitor. "In every part of Idaho that I have visited," said Mr. Horton today, "persons with whom I have talked have displayed decided interest in university affairs. And it is said that their interest does not extend alone to the success of Coach Kelley's football team, their principal concern apparently having centered upon the general welfare of the institution. "I am sure Idahoans are coming to take a broader view of things educational. The university never again will suffer for lack of zealous adherents in every part of the state."

Will Confer In Washington, D. C., On Matters Relative To Ag Work At Idaho.

Dean E. J. Iddings of the college of agriculture left Friday on a three weeks' trip which will take him as far east as Springfield, Mass., in the interest of the agricultural college and the Idaho experiment station.

Dean Iddings plans to make his first stop at Chicago, where he will confer with officials of the American Farm Bureau federation, an organization said to have acquired such unusual influence that many Idaho farm bureaus contemplate affiliating with it.

In Washington, D. C., the dean will take up with the various divisions of the United States department of agriculture matters vitally affecting the work now being done in Idaho. He expects to consider particularly farm management investigation, plant disease study and efforts toward the eradication of the alfalfa weevil.

From Washington, he will go to Springfield, Mass., to attend the annual meeting of the American Association of Land Grant colleges to be held October 19 to 22. Questions of the paramount importance to the university are expected to be discussed at this annual gathering.

### FIRE IN FAIR GROUNDS

Women Will Start Activities By Raiding Fraternities During Dinner Hour.

The annual all-university war dance around the freshman bonfire in the Latah County fair grounds, calculated to intensify the prevalent local feeling that the W. S. C. scalp must be removed in the football game on the following afternoon, will be held Thursday night. The vigilantes announce that everyone will be there. Townspeople have been warned, and will have their ears tightly plugged and their windows safely boarded up during the hours of the jubilee.

**Girls Start Action.** The women of the University will start the action by serpentine through the fraternity houses during the dinner hour. Co-ed yell queen Gladys Hastic announces that her flock is showing more enthusiasm than ever before.

**Assembly at Seven-thirty.** The major engagement of the evening will start at 7:30 at the main entrance to the campus, where everyone is asked to assemble, the men clad in pajamas or other nocturnal garbs, and the women in similar costumes altered to meet the requirements of convention.

**Serpentine Through Town** The business section of the town will be threaded by the jubilant crowd in serpentine formation as the first move of the campaign. The scene of action will then be switched to the fair grounds, where the fire will be burned, speeches made, and cheers given. It is rumored that after the frolic at the fire there will be an aftermath in the shape of a pep rally and dance at the Gymnasium.

All freshmen appearing in full even uniform will be immediately assigned to positions under the cold showers in the basement. It is not expected that sophomores will wear evening clothes. Upper classmen will wear their personal choice in the matter of dress for the occasion.

**STUDENTS AND FACULTY**

The faculty as well as the student body is an invaluable factor in the creation and maintenance of school spirit. Our institution cannot have a unity in her efforts along any lines unless these two function together. When we say "Idaho took W. S. C. into camp," what do we mean? Most of us consider that the eleven men who compose our football team, went out on a gridiron and played a successful game of football, defeating our neighbor rival. But that is not the extent to which our thoughts should be limited. When Idaho wins, every man associated with the institution wins. Every instructor in the University wins. The coach of the team wins because he is a part of the institution and it is thru his efforts that the team has succeeded.

Every student in the University gives several supports to the athletic teams as shown by his loyalty in spirit, by his financial support, and his efforts to make for a "Greater Idaho." The student in all this expects that the faculty will do more or less as he does. He expects to see the faculty at the athletic contests and rallies. He expects to see the interests of his instructors broadly enough diversified that college life will mean the social side as well as that side which we concern ourselves with in study.

**FRESHMAN SPIRIT**

Last Saturday, a member of the Freshman football team went to the top of Moscow Mountain with a "crew" after a load of wood. It was the intention of the party to be in Moscow by 2 P. M. At one o'clock it was apparent that it would be impossible to be in town with the load before four o'clock. The Freshman-Varsity scrimmage was called for three o'clock.

Moscow was just eleven miles away. And without hesitating a minute, the Freshman set out on foot for town and by running a distance of nearly three miles and walking the rest of the distance at his hardest clip, he was in his uniform in time for the game.

People who talk of Idaho Spirit and football interest, should consider this as an indication of a real football spirit. The trip of ten miles would, in itself, be considered my many as a day's work. And on top of this, the man had put in five hours of hard work in the woods, and still had the spirit and love of the game to make him walk eleven miles to be at hand for Freshman scrimmage.

When every player on the Varsity and Freshman squads, and when every Idaho student gets such spirit into his system, then can we truly say that there is an Idaho Spirit and that we have the true football spirit. And when we have such players and such student support that we stop at nothing but the sheer impossibility, then Idaho will have a team on the field every year and for every game, that cannot be beaten by any aggression, no matter what name they bear.

**LINDLEY HALL MEN ELECT OFFICERS**

Constitution Adopted And Committees Appointed—Will Watch Scholarship

A constitution was submitted, officers were elected, and a permanent organization for the self government of the men residing at Lindley Hall effected at a meeting held in the "Y" hut last week.

Assisting the usual officers of president, vice president, secretary-treasurer, and sergeant at arms, the constitution provides for committees on scholarship, campus traditions, social functions and discipline.

It is announced that the committees on scholarship and discipline will rigidly enforce the confinement of the men to their rooms during study hours on week nights.

The social committee announces plans for a dance and other functions to be held in the near future.

Active support of all campus activities is planned by the association. In the near future the members expect to raise a fund to purchase a piano for Lindley hall.

The newly elected officers are: Charles Warren, Star, president; Herbert W. Thompson, Boise, vice president; Joseph W. Curtis, Boise, secretary - treasurer; Emil Stunz, Boise, sergeant at arms.

On the committee caring for scholarship records are: R. R. Johnson, Martin, Idaho, chairman; Laird Johnson, Aberdeen; John W. Clarke, Malad; Joseph Curtiss, Boise; Lloyd Bukey, Buhl.

The committee on Idaho traditions comprises Emil Stunz, Boise, chairman, Lewis Russell, Payette; Walter Chubbuck, Blackfoot; John N. Powers, Blackfoot; Roy Darnall, New Plymouth; Francis V. Peterson, Nampa; H. W. Thompson, Boise.

Members of the social committee are: Lloyd Burkey, Buhl, chairman; R. R. Johnson, Martin, Idaho; J. W. Stoneman, Hillyard, Wash.; Keith Brown, Mullan; Wilbur Newman, Culesac.

**DE SMET CLUB DANCE OCT. 23**

The annual all-college free-for-all given by the De Smet Club will take place in the Gymnasium on the evening of October 23.

The tax for admission will be one even plank, according to the dignarites in charge of the dance.

The music will start and hostilities begin at 8:30 sharp.

**SCANDALOUS PLOT EXPOSED INVOLVING STUDENTS**

Members of National Fraternities Under Indictment On Charge of Distributing Bonded Goods.

Prominent members of Kappa Sigma and Sigma Nu fraternities are involved in a plot uncovered last week which had as its purpose the distribution of quantities of a certain commodity, bottled in bond and bearing the label of a Kentucky distillery, to certain of the men students of the University.

The story of the formation of the plot, and its subsequent exposure, as told by one of those under indictment, follows:

Toward the close of the Senior Ruff, a member of the first group approached a member of the second and dryly informed him that he, (the former), was in dire need of something, to take away the tired feeling that was all but taking the joy out of the dance for him. The other replied that after the dance he would be able to administer the desired relief.

A room on the third floor of the Kappa Sigma House was set as the place for the rendezvous, and the time was to be midnight.

According to further instructions received at the dance, the fatigued individual let several of his brethren in on the party, among them being one who had just returned from a fruitless search for the liquid joy in the business district. When the time came for the arrival of the coveted bottle, four men were gathered in the appointed chamber.

The room was dimly lit and a mysterious silence filled the place when the Sigma Nu arrived with the little glass God. Glancing furtively into every unoccupied corner, he gingerly removed a quart container from his pocket, and removing the cork, inhaled the pungent fumes hungrily.

The first of the waiting quartet to taste the delectable liquid clutched the bottle eagerly, and thrusting its neck far into his mouth let the dark amber fluid surge down his throat in great gulps.

"Stop, man, you will kill yourself," cried the would be benefactor, as he noted the rapidly with which the contents of the bottle were being removed. The Adams apple of the drinker did

not cease to vibrate, however, until he was forced to pause for breath. With the first inhalation he began to clutch wildly at his throat and shout with a volume that shook the walls. Great streams of profanity burst from his lips, until the atmosphere of the room approached a shade similar to that of the newly painted Gamma Phi house.

Two minutes later the Sigma Nu who had provided the drink was carried home on a door.

The bottle had contained pure vinegar.

The Misses Brown, Peterson, Little, McKimmin, Martinson and Schultz who were attending the teachers' Institute were the dinner guests of Kappa Alpha Theta Thursday evening.

**VANITY AND ARTISTRY DISPLAYED FRIDAY NIGHT**

General Hints Are Dropped Concerning First All-College Hard-boiled Shirt Parade.

It is estimated that 150 men of the university will pay the sum of as many cents next Friday night to gain for themselves the privilege of flattering their vanity by appearing in a rented (or borrowed) dress suit, and to buy for their lady friends the opportunity to display their artistry in covering up with powder the vestiges of the coat of tan accumulated during the summer on their otherwise alabaster throats and shoulders.

The Athletics Board requests that it be announced that it (the board) regrets for many reasons the action that it was forced to take in putting the kibosh on the posies. The high price of the art gum used in refinishing the visible portions of hard-boiled shirts is given as the deciding factor in the argument. It was held that the expense of both gum and the floral decorations would be too great a strain on the pockets of the gentlemen.

A special dispensation having been granted them this year, Freshmen will be allowed to attend the formal. All Frosh desiring baths are urged to don the conventional evening togs.

All members of student body or faculty who desire instructions as to the proper modes of conduct at formal functions are cordially invited to attend a series of lectures on that subject which will be delivered on the second floor hall of the ad building by Dusty Miller during the intervals between classes.

## SIGMA XI FORMED AT THE UNIVERSITY

### SCIENTIFIC RESEARCH FRATERNITY TO HAVE A LOCAL CHAPTER IN MOSCOW.

Faculty men at the University of Idaho holding membership in Sigma Xi, national honorary scientific research fraternity, have organized a Sigma Xi club, limiting the membership to those who have been admitted to the national fraternity. It is planned to later petition for an Idaho chapter of this organization.

The objects of the Idaho club will be to gather at convenient times to hear papers on original research and to enter into discussions of these problems, to establish fraternal relations between the various science departments of the university and to encourage original investigation and research. Later it is planned to elect as associate members students who have carried on original investigations and who give special promise for scientific achievement.

At least six meetings during the year are planned, interspersed with several smokers where scientific problems will come up.

Eighteen members of the national fraternity are already included in the Idaho club. During the year noted prominent figures of the scientific

world will be obtained from the national bureau of research for addresses here.

Officers elected by the club include: Dr. J. E. Wodsedalek, professor of zoology and entomology, president; M. F. Angell, professor of physics, vice-president; Dr. Henry Schmidt, assistant in forestry, secretary-treasurer.

### FIND GREAT SALT LAKE IN SASKATCHEWAN

CALGARY, Alta.—(By A. P.)—A salt lake, believed to be the saltiest in the world, has been discovered at Senlac, Sask., 180 miles northeast of

Calgary just across the Alberta boundary. It was discovered by a Calgary geologist when a search for potash was being made. The lake is 180 acres in area and is owned by five Calgary residents.

The lake, which is only 18 inches deep, is fed by living salt springs and its level is maintained no matter how much is taken out, which would indicate the pressure from the source of supply is heavy and that such source must be of "practically inexhaustible volume." Four wells were sunk this year and they have produced very satisfactory results. One is flowing well with 53 per cent salt saturation.

## ELEVEN OPPOSING W. S. C. FRIDAY BE PICKED FROM HUSKY VETERANS

EVERY MAN ON SQUAD HEAVY AND FAST, WITH EXPERIENCE TO MAKE HIM FORTIDABLE ON THE FIELD—IDAHO PROMISES CONTRIBUTIONS TO ALL-NORTHWEST.

This, patient peruser of the emanations of undergraduate genius, is to be personally conducted tour on which you will meet the several gridiron warriors who will perform Friday afternoon against Washington State's Cougars. The gentlemen in question must pardon the liberties that may be taken with their personalities and past records. The great and near-great should accustom themselves to the glare of publicity.

### Captain Plastino

First on the list, as a matter of course, must come Felix A. Plastino of Pocatello, varsity captain. Captain Plastino last year was selected by several critics for the mythical all-northwestern eleven and this season he is likely to better very substantially all his past achievements. His 190 pounds of solid brawn make him a tower of defensive strength, his passing is sensationally accurate and re opens holes that closely resemble the subway. Perhaps the most popular captain with other members of the squad that Idaho has had in recent years, Plastino is certain to be one of the real stars of Friday's embroglio.

### Irving Is Powerful

Neil Irving of Rupert, brilliant halfback, is, like Plastino, playing his last year for the Silver and Gold. Neil made all of Idaho's touchdowns save one last year and this season he is expected to crash his way through any defensive line that may oppose him. Weight, speed and driving power make him sensationally formidable with the pigskin tucked under his arm and men he tackles smite the ground far harder than ever Jess Willard did on that historic Fourth of July.

### Perrine Promises Well

Pat Perrine, member of the American Olympic team and justly famous all-around Idaho athlete, continues to hold his place at tackle. Pat first acquired a reputation in 1917, when he stopped the redoubtable Bentz in Montana's own back yard and he has never lost his talent for hitting hard and earnestly. Plays directed at this stalwart who has made the name of Nez Perce known from the rock-ribbed shores of Maine to the sun-kissed sands of California will suffer prompt annihilation.

### Evans for All-Northwest

Grover Evans is playing his third year as regular varsity end. Grover diagnoses plays with uncanny accuracy, drives hard on every down, tackles viciously, goes down the field splendidly on punts and always handles a forward pass adroitly. He is another man who is more than likely to make the all-northwest under Coach Kelley's tutelage.

### The Breshears Tribe

Three young gentlemen who, for obvious reasons, cannot be mentioned singly, are each and every one of 'em members of the celebrated Breshears football clan. Howard, better known as "Beany", will pilot Coach Kelley's machine Friday from his post at quarterback; "Huck", (The records make him "Arnold"), probably will perform at fullback and Sherman, youngest of the trio, may start the game at one of the ends. All three played capable Freshman football last season and the campus had them to be among the more strenuous of the candidates for places on the 1929 varsity. Observers believe that if the Pullman line can stop Huck Friday it will be entitled to be called one exceptionally demgood line. Moran and Gillis will know that they have had a collision when either Huck or Beany crashes into them on the defense.

### The Brown Family

Two other brothers more than likely to appear Friday are the present university representatives of the well known Brown family of Boise. Frank, a 1919 tackle, this year has been shifted to guard with splendid results. Always a fighter, he tackles wickedly and venomously and on offense he makes his section of the opposing line resemble a notorious Swiss dairy product. Brother "Babe" has been performing both at fullback and guard. "Babe" handles the ball well and no man in the Idaho lineup hits harder than he does on defense.

### Whitcomb Is Fast

Joe Whitcomb, pride of Lewiston, was one of the real luminants of the 1919 team despite the fact that he was not played as a regular. Joe has made substantial improvement under Kelley's tutelage and this season he should ramble for consistently long gains every time he carries the oval. This chunky Lewistonian can circle the ends, smash off the tackles or buck directly through the center of the line.

### Husky "Butch" Nagle

W. S. C. backs whose ribs collide Friday with the sturdy shoulder of one Carl "Butch" Nagle, product of the Genesee ridges, will regret Doc Boller's failure to provide them with armour plate. Butch, who wears two stripes on his "I" sweater, has virtually cinched one of the regular jobs at guard. Not a man on the team hits harder or charges faster than this blond battler who played his first football on the Idaho S. A. T. C. eleven.

### Glindeman Will Deliver

Heintz Glindeman, who is likely to start the game at one of the tackles, plays earnest, aggressive football every minute he is on the field. He goes in fast, tackles with positively religious fervor and always opens the necessary holes for the backfield. Heintz may be counted on to deliver Friday afternoon.

Justin "Duddy" Gowen, a veteran of two seasons at end, may again have the opportunity to display his wares against Washington State. Gowen is small, but his speed and battling abilities make him more than formidable in shattering attacks sent in his direction.

### Rarin' Dick Fox

Richard Fox, also one of the more promising candidates for a job at end, was a regular throughout the 1918 season. Injuries received just before the Oregon game prevented him from showing to advantage last season, but this

year he has played an unusually capable game, tackling well and handling passes adroitly.

### Patch Tackles Well

Vernon Patch, a tackle on the 1919 freshman eleven, is another strong possibility for duty at one of the wings. He keeps his eyes open, handles the opposing tackle well on offense and makes his tackles as if he meant them to be remembered.

### Schmid Makes Debut

Fred Schmid, a sturdy 190-pound line man, is more than likely to play some part of the game at tackle if he does not start in that position. Schmid is playing his first football at Idaho and he lacks experience, but he is improving rapidly and in another month he should be sensationally capable.

Space does not permit a detailed narration of the virtues of other hard working, able men who may be given an opportunity to do battle against the traditional rival. George Pearson and Fred Graf, the latter a regular of the 1917 team, both speedy and aggressive backs; Abe Goff, Albert Graf, Bill Parks, Leroy Thompson and Jim Neal, linemen who need only experience to make them certain of varsity berth and Stanley Phillippi and Robert Leitch, ends, are only a few of the other men who might be mentioned.

## DETERMINATION TO FIGHT ANIMATES IDAHO GRIDHOUNDS

PERSONAL INTERVIEWS WITH MEMBERS OF VARSITY ASPIRANTS SHOW SOME DESIRING TO LEAVE TALKING UNTIL AFTER GAME—ALL WILL FIGHT

While realizing the uncertainty of the outcome of the W. S. C. game, the members of Kelley's varsity squad of gridiron denizens continue to live in hopes. Determination and fight dominates the spirit of the aggregation. When interviewed individually in regard to their personal feelings concerning the coming encounter, the following expressions resulted:

"We don't know what we are going up against, but we will go on the field with the determination to either lick W. S. C. or give her the toughest fight for a victory that she ever had."—Captain Plastino.

"I think it better to spend my time getting ready to give 'em hell than in talking about it."—Gus Irving.

"I look to see Idaho go up against the toughest proposition in many years with the toughest bunch of scrappers that McLean field has seen."—Huck Breshears.

"Our technique is faulty in some respects, but we are going to stick by the coach and fight."—Grove Evans.

"What I am hoping for now is that I get a chance to get back on W. S. C. for what they did to us last year."—Beany Breshears.

"If it is possible to punch a hole in their line we are going to do it."—Heintz Glindeman.

"I want to get on the field feeling that I can lick my weight in wildcats."—Jim Neal.

"All that can be expected of any team is that it do its best, and we are determined to do that."—Frank Brown.

"If we can make up in determination for what we lack in other respects, we will win from W. S. C."—Duddy Gowen.

"Never did I want anything more in my life than to see Idaho outscore W. S. C. next Friday."—Leroy Thompson.

"We will never quit scrapping until the last whistle blows."—Joe Whitcomb.

"I don't like to hang crape, but we have got to fight next Friday, and that is what we intend to do."—Stanly Phillippi.

"I think that if every man of us fights to the limit, we can beat W. S. C."—Al Graf.

"If our first game this season is going to be the hardest it will also be the fastest."—George Pierson.

"We're going to lick our friends across the hill or die in the attempt."—Abe Goff.

"We'll sure do our darndest."—Sherm Breshears.

"We are training to overcome the insurmountable. Bring on the W. S. C. line."—Fred Schmid.

"I hope to be able to talk louder and longer after the game."—Pat Perrine.

"You can't judge much from premonitions, but according to the way that I feel now the entire game will be played in W. S. C. territory."—Babe Brown.

"We are training hard and we intend to play harder."—Butch Nagle.

"We've got a fighting chance and we intend to make the most of it."—Richard Fox.

"W. S. C. may have the jump on us in having played two games before meeting us, but I don't think that she can touch us when it comes to determination and pep."—Vernon Patch.

"I would rather not talk before hand, except to say that we are going to do our best."—Bill Parks.

"There are no two ways about it; we've got to win this year, and that is going to be the spirit that we will take on the gridiron with us."—Fred Graf.

## FROSH TRAIN TO LICK LEWISTON

GOOD GAME EXPECTED AS CURTAIN RAISER TO THE BIG TANGLE NEXT FRIDAY

## GIVE FRESHMEN NUMERALS

Moscow High School Adds Valuable Material To First Year Lineup.

With two victories to their credit, the first year grid squad is training diligently to get in shape to nab the fat end of the score from the heavy Lewiston High School aggregation in the game that will be played Friday as a curtain raiser to the W. S. C. game. The two games already played have shown defects that it is expected will be well remedied by the last of this week.

In the game played with Genesee High School at Troy last Thursday the Frosh had little resistance. So little, in fact, that it was almost impossible to ascertain whether there was any improvement since the North Central game. Nevertheless the game showed that some of the glaring defects that marked the work of the Freshman team at Spokane in the encounter with North Central had been worked out. The tackling was greatly improved and the interference held together and smashed openings thru the opponents line in a way that was slightly heartening.

"Yet it is far from what it should be," stated coach McMillan Saturday. "With this fact being deeply impressed on them and the work being driven home on these points, Friday should see the team in fairly good shape to clash with Lewiston High School.

**Small Squad Out.**

Coach McMillan has a squad of approximately twenty five men out each evening. There at present four men laid up with sprained ankles, Woodrow, Cobley, Toeves, and Hoover. Some of these have shown themselves to be among the best material on the squad, and their absence makes itself felt. A new acquisition to the Frosh force on the gridiron is Cornelison, who is showing up hopefully at tackle position. Nelson and Wicks, also of last year's Moscow High School team, are showing up regularly and doing things in the backfield.

There is a great deal of available material in the Freshman class that has not shown up for practice. Most of the men, according to a statement made by Coach McMillan, who are now out are boys who have had little or no experience in football. Apparently some of the men who have had football work in high school think they know too much about it and are going to wait until next year. This is not only one of the saddest of mistakes but a display of ignorance, of spirit, and unloyalty to the class.

"My chief difficulty," said Coach

McMillan when questioned, "is to get fellows to come out to practice regularly. I seldom have the same backfield working together two nights in succession on account of the boys failing to appear."

### A BARRIER OF SENTIMENT

With the passing of what might be termed the war period, college life has once more assumed the external aspects that characterized it several years ago. And to Idaho, incidental to this reversion, has returned a semblance of the old feeling toward W. S. C.

Keenly, yet not bitterly, it is the desire of every Idaho student to see the Idaho line batter the W. S. C. aggregation down the field and behind their own goal posts. Many of us, and, in fact, the large part of us, feel that this year will see such an event come to pass.

And everyone expects the team to give their all to this end. Not only on the gridiron on the day of the game must the team fight, but in the grueling weeks of training in heat and cold, in mud and rain, the same indomitable spirit must animate them. It is rightly taken for granted that every member of the line and backfield will do his utmost to win a victory for Idaho.

That it may be announced to the world that the University of Idaho defeated Washington State College on the football field our team will fight as no Idaho team has ever fought before. And behind the team, fighting as spiritedly, but with nervous force instead of brawn and brains, will stand the hundreds of students who make up the University of Idaho. It is for the honor and glory of these that the team will make its desperate rushes on the field. Realizing this, the student body will so contribute its support that in the game the team will feel that behind it, steadily and irresistibly pushing it onward to victory, looms an eager, vital mass of human spirit and sentiment—the fighting spirit of the student body.

### PRE-MEDICS SHOW LARGE INCREASE

Enrollment is 40 Per Cent Larger  
Than Last Year—Ranks Among  
First in West.

Enrollment in the pre-medical department is more than 40 per cent greater than it was a year ago, according to an announcement made Saturday by Dr. J. E. Wodasalek, professor of zoology and adviser to the university's pre-medical students.

"Our pre-medical department has been growing steadily in recent years," said Dr. Wodasalek, "but I am sure this 1920 increase is the largest in the department's history. Despite the fact of decidedly stringent requirements, medical careers continue to attract many young men of the better type. Of course, I need not say that there is no higher calling than medicine.

"We continue to receive excellent reports from former Idaho pre-medical students now enrolled in eastern and middle-western medical schools of the highest standing. It naturally gives me pleasure to be able to say that every former worker in our department who has written me declares that the professional colleges rank Idaho's pre-medical school among the first in the entire west."

#### Two W. S. C. Games.

The game with W. S. C. Frosh will be held at Pullman on October 30, just before the W. S. C. Montana game, which is expected to be one of the best games of the northwest this season. This will give the freshmen a chance to observe and study the performance of the two teams. The W. S. C. Frosh will play a return game here on Nov. 20. The other games scheduled are with Lewis and Clark and Moscow High School. Both games will be held here. The latter game should prove interesting and full of fight. Moscow has so far failed to meet an equal and the fact that probably three of the last year high school men will be playing with the Frosh will make competition and fight unusually keen.

#### Give Frosh Numerals.

It has been definitely decided that the members of the freshman team who have played a certain prescribed number of hours will be given numerals.

### SYMPHONY CONCERT PROVES POPULAR

Performing before an audience that filled the University auditorium to its capacity, the Minneapolis Symphony Orchestra played a concert Thursday afternoon that promises to be the epochal musical event of the college year.

The first organization of its kind to visit the University, the orchestra delighted all and astonished many with its directness and preciseness of attack, and its delicacy and beauty of tonal coloring and shading.

The opening number of the program, the overture to Thomas's opera "Mignon," was appreciated by all present. The work itself is essentially graceful and melodious, and when played by artists such as make up the Minneapolis organization, under the poetic baton of Oberhoffer, the result was one that no one could do otherwise than appreciate.

Schubert's "Unfinished" symphony in B minor, heralded as one of the finest compositions in its class, went slightly over the heads of a large part of the Moscow audience, because of the lack of education on the part of the local folk along such musical lines.

By one who fully appreciates the magnificence of the work, the following criticism is offered:

"Oberhoffer's interpretation of the Schuman Symphony displayed at once the melodious beauty and the musical majesty of the composition. Although handicapped by being required to play on a small stage and having to travel under unfavorable conditions, the orchestra performed in a manner fully consistent with the reputation as a high class musical organization that it holds."

Miss Macbeth, soprano, charmed all with her interpretation of the aria "Charmant Oiseau," from the opera "La Perle de Brazil" with flute obligato. Responding to an enthusiastic burst of applause, she sang "Anne Laurie" to a novel and delightful harp accompaniment.

Grieg's "Peer Gynt Suite" No. 1 being familiar to everyone, was received enthusiastically. "The Dance in the Hall of the Mountain King" was possibly the most popular number on the program.

#### "THINK IT OVER"

We will sell you a diamond today, give you a written guarantee to take it back at any time at the full price you paid us, on a purchase of a larger stone. In this way you can start today by purchasing, say a \$25.00 stone—in sixty days you feel like getting one for \$25.00, we will allow you \$25.00, on return of the ring, on your \$50.00 stone.

What a pleasure it will be to you to see your diamond "grow", and always able to wear a stone without losing one cent on your exchange.

Think it over—start today—in a short time you will be wearing a large stone your friends will admire and envy.

Call and see what we have at the price you can afford today.

#### Football Men Prey of Reporters.

Here we are already for the big game championed by the Vigilance Committee and scheduled for next Friday afternoon. Some of the great campus lights and football headlights have been interviewed on the subject.

Huck Breshears: "We sure need GINGER behind this game if it is to be a success."

Fred Graf: "Keep up a good steady play boys, and don't be HASTIE."

#### Al Graf: "W. S. C. can't beat because our team is WILEY."

Bunt Breshears: "Yell for old Idaho with real spirit and pep. Every one be MARY."

Chick Evans: "This is going to be a real awakening for Idaho. (None) Look it over. We fooled you this time.)"
