

# The University Argonaut

VOLUME XXII

UNIVERSITY OF IDAHO, MOSCOW, TUESDAY, DECEMBER 7, 1920.

NUMBER 12

## SOUTHERN IDAHO SPECIAL WILL LEAVE DECEMBER 10

WILL PROVIDE STANDARD PULLMAN SERVICE THROUGH TO ALL POINTS AS FAR AS POCATELLO—STUDENTS DESIRING TO GO ON IT SHOULD SIGN UP ON BULLETIN BOARD.

### CHANGES UNNECESSARY

CARS FOR PLACES OFF MAIN LINE WILL BE SWITCHED OFF AT JUNCTIONS

### MAY PURCHASE ROUND TRIPS

Train Will Carry Observation And Dining Cars Through To Pocatello

The southern Idaho special train, for students desiring to go to their homes in the southern part of the state for the Christmas holidays will leave the O. W. R. and N. depot at four o'clock on the afternoon of December 17, according to announcements made Monday by students in charge of the arrangements for the train. Round trip tickets may be purchased.

The train will be composed of standard Pullman sleepers, a dining car, and an observation car. The cars will go straight through to their destinations, making it unnecessary for the students to change at any time. Boise cars will be switched off at Nampa. Cars for Twin Falls, Rupert, Burley and Buhl will be switched off at Minidoka. All others will go through to Pocatello.

It is requested that students desiring to leave on the special signify their intention by signing up on the paper posted for that purpose on the bulletin board, in order that it may be known how many to provide coaches for.

### CLASS OF 1920 SHOWS OLDEST AVERAGE AGE

Average Age For Graduates From 1914 to 1920 Is 23 Years, Seven Months, And Eight Days.

The class of 1920 has the distinction of having the oldest average age of any class for the past seven years. The average age in the graduating class from 1914 to 1920 is 23 years 7 months and 18 days. The average of the class of 1920 was 24 years 5 months and 28 days. The youngest class during this period was that of '18 with an average age of 23 yrs. 6 months and 26 days. The class of '16 is the runner up in the "old age contest" with an average of 24 years 1 month and 6 days.

From 1914 until 1916 the average age increased each year, while in the classes of '17 and '18 the lowest averages are found. After 1918 the average age grew older until 1920.

## STARTED CO-ED BASKETBALL TUESDAY

Sixty-five Girls Report For Practice. Miss Watson Pleased With Outlook

Girls' basketball practice started with a whirl last Tuesday night when sixty-five co-eds reported at the gym. Practically all of the girls who played last year were out and the Frosh had five full teams present.

Miss Watson stated that the material was the most promising she had ever had to work with and she was very well pleased with the outlook.

Among those of the old girls who are noted for their spectacular playing are "Fran" Wiley, Fleeta Brennan and Gertrude Sabin on the Senior team, Ernestine Rose and Pauline Reihk on the Juniors and Jean Rowlands, Janice Lowe and Mary Ryan on the Sophomore team. The Freshmen showed unusual ability and strength as most of the players have had previous experience.

No games will be played before the Christmas holidays but practice will be held every Tuesday and Thursday evening from 7:15 to 9 p. m. in the gym.

## MUCKER'S SMUDGE ADJUDGED SUCCESS

Wrestling Bout Between Brown and Horning and Huddleson-Kern Fistic Tangle are Features

With every number of the evening featured as a headliner the Mucker's Smudge at Eggan's Hall Friday night was proclaimed a riotous success by the large and enthusiastic audience, who were clamoring for admission long before the scheduled time for performance. Between the serenading of the University Jazz Band, the boxing and wrestling matches, the selling of hot dogs and the distribution of free "smokes," the audience was not allowed a minutes rest by the Mucker's.

The wrestlers J. A. "Babe" Brown and F. Horning staged a whirlwind match, of a class which the audience is seldom privileged to see, while candidates for the 1921 Varsity wrestling class, Gerald Friedman and Frank Kinnison, showed remarkable skill as wrestlers.

The boxing bout between "Handsome" Homer Huddleson and "Ah-Me" Kern was the occasion for many knockout blows, altho they both came out of the fray alive and apparently well. "Khl" Stoneman, Hillyard's hopeful, and "Pug" Armstrong, Pocatello's pride also did a battle with their fists that would have done credit to heavier men.

The Syncopated Octette and Cognac Quartet both deserve favorable mention for their numbers were followed by wild and enthusiastic cheering.

Thanks to the Muckers the whole town and vicinity is well supplied with a famous brand of cigarettes and endurable corn cob pipes with which the First Annual Muckers Smudge will be remembered.

Kappa Alpha Theta entertained Mr. and Mrs. Collins, Mr. Cushman and Messrs. Carpenter, Robert Franz, Roscoe Franz, Gerlough, Greene, Herrington, McKinley, Noggle and Parks of the Beta house on Sunday evening.

## INTRA-MURAL BALL STARTED SATURDAY

Rules Are Drafted To Govern Campus League—Will Play By Groups.

Intra-mural basketball has started on the Idaho campus, and last Saturday saw the first series of games played. The organization winning at the end of the season will receive a medal.

The rules, as drafted by the representatives of the different organizations participating in the cup competition are few and simple, but must be strictly abided by. They are as follows:

No person shall be eligible to play who has earned a letter, the official "I", in basketball.

No person shall be eligible to play who is a member of the Varsity and Freshman squads as chosen by Coach McMillan.

The teams scheduled to play at a certain hour must appear upon the floor ready to play, by five minutes after that hour, or forfeit the game.

The games shall consist of two fifteen minute periods played alternately with the other teams scheduled at that hour.

Each team shall play each other team twice in their own division.

There shall be two divisions, to be known at the "A" and "B" divisions. "A" division is composed of the following teams: A. K. E. Sigma Nu, Beta, Kappa Sig, Phi Delta; "B" division is composed of the following teams: Lindley Hall, S. P. A., Elweta, S. A. E. University Club.

The games scheduled for next Saturday are: at 2 P. M., A. K. E. vs. Phi Delta, and Sigma Nu vs. Beta. At 3 P. M., Lindley Hall vs. S. P. A., and S. A. E. vs. Elweta.

Eleanor Farris, Helen Bloom, Mercedes Jones, Margaret Healey and Gladys Clarke attended the Varsity Ball in Pullman Friday. While there they were guests at the Kappa Beta house.

## LHEVINNE WILL PLAY INTERESTING PROGRAM

Beethoven Sonata, Opus 81, Will Be Feature—Other Popular Numbers Included

A popular program of unusual interest has been announced for the Lhevinne concert, scheduled for Friday night in the auditorium. One of the features will be Beethoven's opus 81, a sonata in E flat.

"The program is one that should appeal to the popular taste as well as to those who are well informed musically," said Prof. E. O. Bangs, head of the department of music, in commenting on the concert. "The Beethoven Sonata is peculiar in that it is one of great technical difficulty, and at the same time has a melodious and dramatic appeal probably second only to the great master's overworked 'Midnight Sonata'."

The two Schubert-Liszt numbers, being arrangements of Schubert songs by the super-technician Liszt, are essentially melodious in nature and have had this attraction enhanced, from the piano point of view, by being sympathetically transcribed by one who stands among the greatest piano virtuosos of all times.

Attention was also called to the Rachmaninof preludes in the last group. One of these will be what is known to most people as "The" prelude, one of the most dramatic and sonorous numbers in all piano literature.

The program announced, subject to change without notice, is as follows:

1. Beethoven..... Sonata, op 81, E flat Major  
Les Adieux  
L'Absence  
Le Retour
2. Schubert-Liszt..... Margaret at the Spinning Wheel  
Hark, Hark the Lark
3. Chopin..... Ballade, F. Minor  
Four Etudes, op. 10 and 25
4. Rachmaninof..... Three Preludes  
Balakirev..... The Lark  
Dohnanyi..... Etude, F. Minor  
Schultz-Evler..... The Blue Danube

## GLEE CLUB WILL LEAVE ABOUT FEB. 10

Several Week End Trips Are Scheduled Besides Big All-State Tour

Manager Boyd Cornelison has announced that the Glee Club will leave on the annual tour of the state about Feb. 10th or the second week of the second semester. Coeur d'Alene, Wallace, and other northern Idaho towns will be billed first, thence to Missoula and southern Idaho.

Several towns of southern Idaho that were on last year's program will be eliminated to be replaced by Rigby, Rexburg, American Falls, and Buhl. This is due to the fact that contracts for only fifteen concerts can be handled this year and it is the aim of the Club to cover as much territory as possible, according to Mr. Cornelison.

Immediately following the holidays a week end trip will be made to Potlatch and St. Maries. A week end trip will also be made to Lewiston and a separate trip to Grangeville and other points on Camas Prairie is also scheduled.

Manager Cornelison will leave next week for points in northern and southern Idaho to arrange the details of the trip.

As far as possible, the manager expects to arrange with high school organizations to promote the concerts locally. It may be found advisable, however, to appear under the auspices of the American Legion or the chamber of commerce in some places.

## GIVE SILVER TEA FOR ARMENIAN RELIEF

A silver tea for the benefit of the Armenian Relief was given by the Y. W. C. A. from four to six Thursday afternoon, December 2, at Ridenbaugh Hall. The hostesses and girls serving volunteered from the different sororities and Ridenbaugh Hall. Those pouring were Mrs. Snoddy and Mrs. Evans. The tea was well attended by townspeople and students, a collection of about twelve dollars being taken.

## STUDENTS WILL BACK FIVE DOLLAR RATE BILL

RESOLUTION PASSED IN ASSEMBLY PLEDGES SUPPORT OF A. S. U. I. TO CAMPAIGN TO ASSURE PASSAGE OF MEASURE TO SECURE MAXIMUM FARE FOR STUDENTS TRAVELING TO STATE SCHOOLS

### FARMERS TRACTOR COURSE BEGINS IN JANUARY

Commencing January 17, under Prof. R. B. Gray there will be given a two week course in the study of tractors. The first three days of the course will be taken up with the discussion of tractor in general. After which the time will be spent on the study of the different types of tractors. Several companies in the tractor business have promised their support to the course.

## VANDAL HOPES NOT BRIGHT

MOE AND CAMPBELL MAY BE DISQUALIFIED BY BAD LIMBS

## NEED CENTER MATERIAL

Candidates for Forward Positions Are Plentiful. Guards Are Scarce. Schedule Being Arranged.

The varsity squad of Vandal aspirants has improved both in form and condition the past week. Practice is being held now, every afternoon from 4 to 6. About 20 men are reporting regularly for practice. Coach McMillan expects to develop one of the best basketball teams that has ever worn the Yellow and Gold.

On the other hand, things are not working out as well as the might—in the eyes of McMillan. Les Moe is out and going in fine style but his knee is still bad and it is very doubtful whether he will get to play at all this year. Drom Campbell is reporting regularly for practice now, but his foot and ankle are not thoroughly healed and it is very problematical whether he will get into condition to play this year.

The other members of the squad are in good condition and are getting down to real work. There is a world of material for the forward positions, but practically no guard material, and men capable of playing center are scarce. "Men for these positions will certainly develop, so there is no cause for gloom in the Vandal camp," says one of the Vandal veterans.

The schedule will be arranged this week at the Northwest Conference meeting.

### PRE-MED CLUB MEETS AT BETA HOUSE

The Pre-medic Club held its regular meeting Thursday night at 7.30 at the Beta Theta Pi house.

The regular business of the club was disposed with and immediately following the floor was cleared of everything except fair co-eds and their patroness, who spent the rest of the evening in dancing.

Those members who were not inclined to dance, were allowed to play cards and this coupled with refreshments made the evening one of enjoyment.

Mrs. Weatherby, house mother of the Kappa house chaperoned the few girls present. This is the first meeting held by the Pre-medic Club this year which fair sex attended.

### ABERDEEN STATION DEVELOPS NEW VARIETY OF OATS

The Aberdeen extension station thru the cooperation of a U. S. Department of Agriculture specialist and Mr. Aicher who is in charge of the station developed a new variety of oats, Idamine, the new oat, out yielded the old Swedish Select oat six bushels to the acre per annum in a six year yield test. Four hundred bushels of Idamine will be distributed to the farmers who promise to keep the seed clean and further the spread of the new oat.

## THOMAS IS MANAGER

R. JOHNSON, THOMETZ, DARLING, AND HUNT WILL HEAD CAMPAIGNS IN SECTIONS

### APPOINTING COUNTY LEADERS

Students Requested To Get In Touch With Leaders Appointed Before Christmas Vacation

At a recent meeting of the A. S. U. I. at which a bare quorum of the student body was present, a resolution was passed pledging the support of the students of Idaho to the campaign to assure the passage of the student rate bill.

The resolution called for the election of a state campaign manager, and the appointment of managers for various sections of the state, who were in turn to appoint leaders for every county in their divisions. These county leaders were to organize the students from their various counties.

L. A. Thomas, who has been active in the promotion of the campaign from the time of its inception, was elected state campaign manager. For the northern district, Earl Hunt was appointed manager. For the south-eastern district, Rubeen Johnson was named. Mike Thometz was selected to lead the activities in the south central section. In the west Charles Darling will organize the campaign.

Students are urged to get in touch with their county leaders as soon as it is announced who they are. It is imperative that this be done before the Christmas vacation, as much of the most effective work will be done while the students are at their homes. County leaders appointed up to the present time are as follows:

**South Central Section.**  
Gooding, Van Tassel; Camas, Greek Wells; Minidoka, Nell Irving; Cassia, Berryman; Twin Falls, Mike Thometz. Thometz, manager of this section, announces that he wishes to confer with Eddy, of Blaine county.

**Southwestern Section.**  
Owyhee, Gene Hyde; Elmore, Purdy Eaton; Ada, A. J. Priest; Canyon, J. B. Gowan, Jr.; Payette, Ashley Bivens; Gem, Helen Cochran; Washington, Harmon Hosler; Valley, Warren Noggle; Adams, E. G. Van Housen. No student from Boise county is registered in the university.

**Northern Section.**  
In the northern section leaders have been appointed for only three counties: Shoshone, Hbard; Bonner, Gene Rowland; Benewah, Earl Hunt. Leaders for the remaining counties will be announced as soon as it is possible to appoint them, announces Earl Hunt, district manager.

## FROSH BASKETBALL LOOKS PROMISING

Is Abundance Of Material For First Year Squad, Consisting Mostly Of High School Stars.

Unlimited material, consisting of all-state men, four year high school basketball men, tournament choice men, and men who have never before played basketball, has presented itself as candidates for positions on the frosh basketball squad. Veteran basketball dopesters state that this year's first year turnout is the biggest and most promising that has ever been seen at Idaho.

Benny Keane, of Moscow, is the only man who has been definitely acceded a place on the team. Others who are showing up well, and will probably be found in most of the games are Woodrow, of Spokane, Campbell, of Gooding, and Marineau and Leithe of Coeur d'Alene.

THE UNIVERSITY ARGONAUT

Published weekly by the Associated Students of the University of Idaho. Entered at the Postoffice at Moscow, Idaho, as second class mail matter.

Rates: The Argonaut is delivered to all students paying the A. S. U. I. fee without further charge. To all others, the subscription is \$2 (two dollars) for the college year; by the copy, 10c.

Are You For Idaho? Do Your Bit

The present campaign for the "Student Rate Bill" offers a practical test of the loyalty and devotion of every student from the Gem state.

You have adopted a plan, elected a state campaign manager and authorized the A. S. U. I. president to appoint district managers but your responsibility does not end there. There will be county leaders appointed and plans outlined which will give place for the individual efforts of every student.

If you have approved those plans and selected leaders with the idea in mind that they would do the work involved in putting over the bill you are wrong. They could not do it if they wanted to. The organization is only for the purpose of working out systematic and effective plans of procedure, which it is the duty of every student to help carry out.

Some think the passage of the bill is an assured fact—this is far from justifiable. The bill was defeated once and twelve of the strongest opponents of the measure will be back at their posts.

This is the time for every loyal student to lay aside personal or group prejudices and unimportant issues and give your untiring efforts and zealous support to the most far reaching and beneficial project attempted by students of Idaho.

What does the passage of such a bill mean? What results may be expected from it?

It means the equalizing of higher educational opportunities for every section of the state.

It means satisfied taxpayers and legislators from every county who will not oppose every appropriation for Idaho education as "offering no returns for me."

It will turn students from the most remote corners of the state, who have heretofore been building up and glorifying the institutions of neighboring states, to their own state institutions. This will result in doubling the attendance of our schools and will justify larger appropriations for more buildings, more instructors and more equipment.

It will give to the taxpayers of Idaho maximum returns for the money expended for higher education. It will permit many students to enter higher educational institutions who now feel they cannot afford it. (The rebate for a student from southeastern Idaho would provide board and room for two months.)

It would be the greatest service you could offer; to your state, to your fellow students and to your institution.

Cooperate with your county, state and district leader. If we are defeated don't leave an opportunity for the after thought, "It may have happened because I shirked." DO YOUR BIT!

"Busy"—of course you are—did you ever see a student getting by at Idaho who wasn't?

Do you wish to be classed among those human parasites endowed with the effrontery to profit in the future by the efforts of others? Do you expect some one else to fight your battles for you?

This bill will not pass of itself but only with the unflinching loyalty and unyielding devotion of every student can we be assured of its success.

Put the old Idaho fight into this campaign—do your bit.

Let's go. L. A. THOMAS, State Campaign Manager.

ARE YOU AN IDIOT?

If present indications hold true, those members of the faculty responsible for the bringing to the campus of Josef Lhevinne, and May Petersen, will pay out of their own pockets approximately \$500 to make up the deficit caused by the failure of the students to profit by the opportunity offered them to bear two of the world's greatest artists.

These things are not brought to the

university for either profit or the exclusive enjoyment of the faculty. They are brought here for the students. In bringing them here it has been taken for granted that those enrolled in the university were here partially because they wanted to broaden themselves,—wanted to so train minds and their appreciation of all phases of life that living would yield to them a fuller measure of enjoyment. And in order that the students may learn to appreciate that which is best in music, which has been characterized as the noblest medium through which the emotions of the human soul can be expressed, artists of the highest rank have brought to the university.

Everywhere one goes one will come into contact with music. Some of it will be good, and some will be bad. But this will be found to be true, that the better music, the greater the enjoyment to be derived therefrom. Learning to appreciate good music is only one method of filling a reservoir from which our supply of pleasure will be drawn in the future. It is only by constantly listening to good music that one may learn to appreciate it.

Some students have said, "But I do not like that kind of music, and I don't see my way clear to waste my time listening to it," when asked to attend a concert of the type of Lhevinnes. If one were to offer an individual a thousand dollar note, and he were to refuse to take it on the grounds that he was unfamiliar, and disliked to deal with anything larger than a dollar bill, we would call him an idiot. While not insinuating that those eschewing good music are necessarily idiots, it nevertheless remains that their arguments for refusing to listen to it are in the same category with those of the person who refused the thousand dollar note. Neither of them seem to realize that they are letting a deplorable ignorance deprive them of what may become a great joy.

University of Idaho students will not let the remaining numbers on the artists course fall flat because of lack of funds. Tickets cost but \$1.25 for the two remaining concerts, and are on sale in the hall of the administration building.

AGS WILL STAGE "LEFTOVER" DANCE
The Argonaut is in receipt of the following announcement, telling of the dance to be staged by the Ag Club on

the night of Friday, December 17, or townspeople and all students who are not leaving the campus for the Christmas vacation:

"Have you ever been to a 'Left Over Dance'? If you haven't you've missed the best part of your life; if you have then you want to go to another and the Ags, those boys who know how to throw a real wrastle, are inviting you to one Friday night, Dec. 17. You residents of the fair city of Moscow and you 'left over' students of Idaho are hereby cordially invited to bring a lady and a dollar for admission to five (5) hours, count em, of joy, apple juice and jazz."

influence among the students and throughout the state for the farm, he will fire the Dean. In this university I understand we are to have a new science building. How many of the science teachers have been asked how, when, and where this building is to be constructed? (Dear readers, look for them yourselves. I can't find them.) When this institution had a new library room fixed in the new wing were the different deans asked how it was to be constructed for the benefit of the students in their departments? If they were they have a poor idea about how a library should be constructed. Was the librarian asked about the building of this library room? If she had been questioned I do not think that the new library would have had so much of its space in the basement and I think our new library would have been larger than the old one, that it would have been fixed so that the different librarians could do their work with less labor instead of more.

A college teacher dare not think of bettering his department by buildings, by new ways of teaching or by any other way without endangering his job if the State Board of Education would hear of his thoughts and they differed with him. For my own individual rights I would rather be a dog catcher than a college teacher of the state kind. I could make a new machine, perhaps, for catching dogs and if the mayor did not like it I could at least sell it on the market without losing my job. A college teacher can't do that much.

I am writing this article, however, about the faculty. A teacher of a State University has about as much chance to better his department or the entire university as a dog has to fix his own kennel. The teachers of this university and almost every state university are hired hands who accept the tools that the State Board of Education gives them and they must use these tools as the State Board says or lose their jobs. The head of this Board is the supreme educational dictator, almost a Napoleon or a Kaiser who predominates over state schools (universities, colleges, and normals). An agriculture Dean cannot even try to get a new barn for the university farm. If the above mentioned dictator does not desire the farm and he is afraid that the Dean might use his

Can the Faculty control their own affairs? I have read several articles in the Argonaut about students controlling their financial affairs, the money of the A. S. U. I. I am sure they could do that even without faculty advice if the student board who has charge of this money would not go in debt without getting the consent of two thirds of the entire student body and that they be forced to print their expenses in the Argonaut three times every school year.

Everywhere one goes one will come into contact with music. Some of it will be good, and some will be bad. But this will be found to be true, that the better music, the greater the enjoyment to be derived therefrom. OPEN FORUM

To the Argonaut readers: Dear Sirs:

Can the Faculty control their own affairs?

I have read several articles in the Argonaut about students controlling their financial affairs, the money of the A. S. U. I. I am sure they could do that even without faculty advice if the student board who has charge of this money would not go in debt without getting the consent of two thirds of the entire student body and that they be forced to print their expenses in the Argonaut three times every school year.

I am writing this article, however, about the faculty. A teacher of a State University has about as much chance to better his department or the entire university as a dog has to fix his own kennel. The teachers of this university and almost every state university are hired hands who accept the tools that the State Board of Education gives them and they must use these tools as the State Board says or lose their jobs. The head of this Board is the supreme educational dictator, almost a Napoleon or a Kaiser who predominates over state schools (universities, colleges, and normals). An agriculture Dean cannot even try to get a new barn for the university farm. If the above mentioned dictator does not desire the farm and he is afraid that the Dean might use his

influence among the students and throughout the state for the farm, he will fire the Dean. In this university I understand we are to have a new science building. How many of the science teachers have been asked how, when, and where this building is to be constructed? (Dear readers, look for them yourselves. I can't find them.) When this institution had a new library room fixed in the new wing were the different deans asked how it was to be constructed for the benefit of the students in their departments? If they were they have a poor idea about how a library should be constructed. Was the librarian asked about the building of this library room? If she had been questioned I do not think that the new library would have had so much of its space in the basement and I think our new library would have been larger than the old one, that it would have been fixed so that the different librarians could do their work with less labor instead of more.

A college teacher dare not think of bettering his department by buildings, by new ways of teaching or by any other way without endangering his job if the State Board of Education would hear of his thoughts and they differed with him. For my own individual rights I would rather be a dog catcher than a college teacher of the state kind. I could make a new machine, perhaps, for catching dogs and if the mayor did not like it I could at least sell it on the market without losing my job. A college teacher can't do that much.

I am writing this article, however, about the faculty. A teacher of a State University has about as much chance to better his department or the entire university as a dog has to fix his own kennel. The teachers of this university and almost every state university are hired hands who accept the tools that the State Board of Education gives them and they must use these tools as the State Board says or lose their jobs. An agriculture Dean cannot even try to get a new barn for the university farm. If the above mentioned dictator does not desire the farm and he is afraid that the Dean might use his

Can the Faculty control their own affairs? I have read several articles in the Argonaut about students controlling their financial affairs, the money of the A. S. U. I. I am sure they could do that even without faculty advice if the student board who has charge of this money would not go in debt without getting the consent of two thirds of the entire student body and that they be forced to print their expenses in the Argonaut three times every school year.

Everywhere one goes one will come into contact with music. Some of it will be good, and some will be bad. But this will be found to be true, that the better music, the greater the enjoyment to be derived therefrom. Learning to appreciate good music is only one method of filling a reservoir from which our supply of pleasure will be drawn in the future. It is only by constantly listening to good music that one may learn to appreciate it.

Some students have said, "But I do not like that kind of music, and I don't see my way clear to waste my time listening to it," when asked to attend a concert of the type of Lhevinnes. If one were to offer an individual a thousand dollar note, and he were to refuse to take it on the grounds that he was unfamiliar, and disliked to deal with anything larger than a dollar bill, we would call him an idiot. While not insinuating that those eschewing good music are necessarily idiots, it nevertheless remains that their arguments for refusing to listen to it are in the same category with those of the person who refused the thousand dollar note. Neither of them seem to realize that they are letting a deplorable ignorance deprive them of what may become a great joy.

University of Idaho students will not let the remaining numbers on the artists course fall flat because of lack of funds. Tickets cost but \$1.25 for the two remaining concerts, and are on sale in the hall of the administration building.

AGS WILL STAGE "LEFTOVER" DANCE
The Argonaut is in receipt of the following announcement, telling of the dance to be staged by the Ag Club on

the night of Friday, December 17, or townspeople and all students who are not leaving the campus for the Christmas vacation:

"Have you ever been to a 'Left Over Dance'? If you haven't you've missed the best part of your life; if you have then you want to go to another and the Ags, those boys who know how to throw a real wrastle, are inviting you to one Friday night, Dec. 17. You residents of the fair city of Moscow and you 'left over' students of Idaho are hereby cordially invited to bring a lady and a dollar for admission to five (5) hours, count em, of joy, apple juice and jazz."

influence among the students and throughout the state for the farm, he will fire the Dean. In this university I understand we are to have a new science building. How many of the science teachers have been asked how, when, and where this building is to be constructed? (Dear readers, look for them yourselves. I can't find them.) When this institution had a new library room fixed in the new wing were the different deans asked how it was to be constructed for the benefit of the students in their departments? If they were they have a poor idea about how a library should be constructed. Was the librarian asked about the building of this library room? If she had been questioned I do not think that the new library would have had so much of its space in the basement and I think our new library would have been larger than the old one, that it would have been fixed so that the different librarians could do their work with less labor instead of more.

A college teacher dare not think of bettering his department by buildings, by new ways of teaching or by any other way without endangering his job if the State Board of Education would hear of his thoughts and they differed with him. For my own individual rights I would rather be a dog catcher than a college teacher of the state kind. I could make a new machine, perhaps, for catching dogs and if the mayor did not like it I could at least sell it on the market without losing my job. A college teacher can't do that much.

I am writing this article, however, about the faculty. A teacher of a State University has about as much chance to better his department or the entire university as a dog has to fix his own kennel. The teachers of this university and almost every state university are hired hands who accept the tools that the State Board of Education gives them and they must use these tools as the State Board says or lose their jobs. The head of this Board is the supreme educational dictator, almost a Napoleon or a Kaiser who predominates over state schools (universities, colleges, and normals). An agriculture Dean cannot even try to get a new barn for the university farm. If the above mentioned dictator does not desire the farm and he is afraid that the Dean might use his

# SOCIAL & PERSONAL

Friday night Phi Delta Theta entertained at a Pledge Dance in Guild Hall. The decorations were in the fraternity colors and evergreens. Sixty couples enjoyed the affair. The guests were the Misses Carscallen, Farrar, Stone, Miller, Walker, Brewster, L. Collins, M. Collins, Wiley, Dingle, Taggart, King, Van Gilse, Eagleson, Sablin, Ryan, Parsons, McCallahan, Wilkinson, Finnegan, Davis, Sweeney, Moffet, White, Munson, Konrad, McDaniels, E. Roberts, H. Robb, Audelman, Lienesch, Kutneweris, Woods, Wheeler, Friedlan, Derisky, Mott, Moseley, Stalker, McKenna, Logan, Bartlett, Benoit, McRoberts, Lewis, Mims, Peterson, Mrs. Greenson, Messrs. Johannessen, Knudson, Plastino, Patch, Tucker, Powers, Fox, Shrontz, and Huddleson. Mr. and Mrs. Homer David, Mr. and Mrs. Harvey Smith, Mr. and Mrs. Howard David, Mr. and Mrs. Lewis. Out of town guests were: Miss Edris Randall and Miss Elizabeth Thomson of Lewiston, Mr. Phil Mitchell of Coeur d'Alene, Mr. Beckman, Mr. Dunlap and Mr. Francis Fallquist of Pullman. The patrons and patronesses were: Dean and Mrs. Cockrill, Dean and Mrs. Iddings, and Prof. and Mrs. Gail.

The active members of Gamma Phi Beta were hostesses at an informal dance in honor of their pledges December 4 at the gymnasium. Patronesses included Mrs. Warren Truitt, Mrs. J. H. Forney, Mrs. C. N. Little, Mrs. M. E. Lewis, Miss Katherine Jensee, Mrs. Lenore Scott and Miss Evelyn Butler. The guest list included the Misses Stuart, Arps, Cooper, Vickerman, Nelson and Don Stewart, Pulman; Hubert McGowan, Boville; Mary McKenna, Helen Logan, Pottlatch; Thelma McGee, Lewiston; the Misses Grace Ball Charlotte Lewis, Catherine Frantz and Grace Eagleson, Moscow; Mr. and Mrs. J. A. Kostelak, Mr. and Mrs. Ewan Lewis and the Messrs. Irving, Creelman, H. Breshears, Kelley, A. Breshears, Arthur, Bedwell, Richards, Clark, D. Spangler, Hoffman, Pitcairn, Colburn, Chick, Bonham, Filtner, Guerin, Holderman, R. Scott, Telford, D. Scott, Barto, A. Nelson, L. Scott, K. Barelay, Rogers, Williams, Heetner, Foran, Drake, T. Gerlough, arrell, Plastino, Casebolt, McQuaig, A. Graf, Anderson, Hansen, Sutherland, M. Penwell, Forrest, Wilkenson, Ducklin, Van Hoese, Chrisman, Huddleson and Johannessen.

All-college social affairs seem to have given way to house dances during the past two weeks and the schedule seems void of other than group parties until the Junior Prom which is scheduled for January 15th. A "left-over" dance to be given under the auspices of the "Ags" on Friday evening. December 17th promises much mirth if we can go by the reputation of the hosts. The Ridenbaugh Hall Formal held in Eggan's Hall and the Gamma Phi Beta pledge dance in the gymnasium on Saturday evening were very enjoyable as was also the Phi Delta dance at Guild Hall and the Elweteta house dance on Friday evening.

One of the most delightful receptions ever held at Idaho was the one held on Saturday evening at Ridenbaugh Hall in honor of President A. H. Upham. The spacious parlors of the hall were beautifully decorated in greens and flowers. Refreshments were served in the dining room. About five hundred people met the President on this occasion. Those in the receiving line were President A. H. Upham, Dean Evelyn Butler, Dean and Mrs. Eldridge, Mr. and Mrs. Parsons, Dean and Mrs. Little, and Mrs. Hulme.

A delightful dinner party was served Tuesday evening at the home of R. Hasbrouck on S. Lilly. The room was tastefully decorated in crepe of red and white, while the table was set with unique place-cards and a center piece of red and white carnations. The invited guests were Neelan, Lindley Hall; Bucklin, Beta; Kuhns; A. K. E.; and Johnson.

One of the most delightful parties of the season was the one held in the Guild Hall Saturday evening, to which Mr. and Mrs. Williamson of Moscow bid about fifty guests. A number of

university people were in attendance. At a meeting of Episcopalian students which was held at the Gamma Phi Beta house the following officers were elected: Titus LeClair, Lewiston, President; Eleanor Faris, Whittier, California, Vice-President; Elizabeth Woods, Boise, Secretary-treasurer. Plans for the present year were discussed.

Dean and Mrs. Eldridge were Sunday dinner guests of Delta Gamma.

Omega Phi Alpha announces the pledging of Hazel Jones of Bonners Ferry, Dorothy Mallet, Bertha Smith and Amy Bouse of Rupert, Marjorie Pierce of Hauser and Mary Brown of Lewiston.

Prof. and Mrs. Johnson, the little Misses Peggy and Virginia, and Master Jerome Johnson were Sunday dinner guests of the Betas.

The following Gamma Phi Betas were Sigma Nu dinner guests Sunday: Mrs. Scott and the Misses McMartin, Carscollen, Morris, Nason, Patterson, Bordin, Wilkinson.

Professor Brown was a dinner guest of the Theta house Wednesday evening.

Kappa Kappa Gamma entertained at dinner Wednesday evening for the Messrs. Fred Graf, Arthur Ficke, Howard Hansen, Earl Hunt, Carl Nagel, Cecil Bolton and Kenneth Hunter of Sigma Nu.

Thelma McGee was a Saturday dinner guest at the Gamma Phi Beta house.

Elliott W. Eaves, of Phi Delta Theta spent the week-end in Lewiston.

Miss Edris Randall and Miss Elizabeth Thomson of Lewiston were guests at the Delta Gamma house over the week-end.

Charlotte Broadwater attended the Junior Prom in Pullman Friday evening.

The Elweteta entertained with an informal house dance Friday evening. The guests were Mr. and Mrs. Hulbert, Greek Wells and the Misses Noble, Bauer, Owings, E. Pierce, Graves, Patch and Nero, Johnson, Derr, M. Lowe, Gardner, Kenward and Swanson, M. Pierce, Hanna, and Huston.

Frances Falquist, Harold Dunlap and George Beckman, of W. S. C. were guests of Phi Delta Friday night to attend their informal dance.

The Misses Arps, Vikerman, Stuart Cooper and Nelson, Kappa Beta, of Pullman, were in Moscow for the Gamma Phi Beta pledge dance.

Mary Turner spent the week-end in Spokane.

Sigma Nu entertained for dinner Wednesday evening. Dean Thompson, Dr. Loney, Mr. Kirkham and Mr. Harvey.

Prof. and Mrs. Gail and little son, Harold, were dinner guests of Phi Delta Theta Sunday.

Mrs. Sargent, Dr. Thomanhauser, Miss Mathieu, and Miss Ingersoll of the foreign language department were Tuesday evening dinner guests of Kappa Kappa Gamma.

Lester Campbell, a pledge of Phi Delta Theta, returned Tuesday from Wallace, where he spent a few days with his parents.

Bunny Taylor has returned to his home in Buhl, Idaho, having completed his studies at the university.

Arthur Yeggy and Leona Woodruff were entertained by Alpha Kappa Epsilon at dinner Friday.

New Secretary of the Y. M. C. A. Gould was a guest of Alpha Kappa Epsilon Thursday.

Kappa Kappa Gamma announces Mrs. Harvey Smith of Moscow as their new patroness.

Mary McKenna and Helen Logan were week-end guests at the Gamma Phi Beta house.

Mr. Richard Fox, an A. K. E., was a Sigma Nu dinner guest Friday evening.

Dean Messenger and Professor Barton of the Educational Dept. dined at the Beta house Wednesday evening.

Mr. H. McGowan of Boville, Idaho, was a guest at the Sigma Nu house Saturday and Sunday.

Georgia Oylear of Kappa Alpha Theta spent part of the week-end with her cousin in Lewiston.

Gladys Hastie was the guest of Miss Mathieu at dinner at Lindley Hall Friday evening.

Thelma McGee spent the week-end as the guest of Mary Penwell.

Dean Butler was a guest of Delta Gamma, informally, for dinner Wednesday.

Rex Kimmel was a luncheon guest of Phi Delta Theta last Saturday.

Kappa Kappa Gamma announces Mrs. Harvey Smith of Moscow as their new patroness.

Mary McKenna and Helen Logan were week-end guests at the Gamma Phi Beta house.

Mr. Richard Fox, an A. K. E., was a Sigma Nu dinner guest Friday evening.

Dean Messenger and Professor Barton of the Educational Dept. dined at the Beta house Wednesday evening.

Mr. H. McGowan of Boville, Idaho, was a guest at the Sigma Nu house Saturday and Sunday.

Georgia Oylear of Kappa Alpha Theta spent part of the week-end with her cousin in Lewiston.

Gladys Hastie was the guest of Miss Mathieu at dinner at Lindley Hall Friday evening.

Phil Mitchell, of Coeur d'Alene, an old Phi, spent a few days visiting Phi Delta Theta last week, and attended the dance.

Virginia Hannah, Grace Jacobson and Rose Manfull were dinner guests of Kappa Alpha Theta Sunday afternoon.

Anita White was called to Spokane Sunday morning unexpectedly due to the serious illness of her mother.

Gladys Woodworth left Friday for her home in Gooding. She will not return until after the Xmas holidays.

Kappa Kappa Gamma entertained Dr. and Mrs. Geo. Morey Miller at a fireside Sunday evening.

Joe Whitcomb, of Phi Delta Theta, spent the week-end in Lewiston.

Miss Elizabeth Thomson, of Lewiston, was a dinner guest of Phi Delta Theta Sunday.

Madeline Wall spent the week-end in Kendrick.

A. N. Thompson, of Phi Delta Theta returned Monday from a several days hunting trip in the Elk River country.

Ed Foran, was an Alpha Kappa Epsilon dinner guest Tuesday evening.

Alpha Kappa Epsilon entertained at dinner Sunday for the following: Dr. and Mrs. Von Ende, the Misses Channel, Spielberg, Friedman, Morgan, Broadwater, and Reick.

John Loeth dined with Alpha Kappa Epsilon Wednesday evening.

Bunny Taylor has returned to his home in Buhl, Idaho, having completed his studies at the university.

Arthur Yeggy and Leona Woodruff were entertained by Alpha Kappa Epsilon at dinner Friday.

New Secretary of the Y. M. C. A. Gould was a guest of Alpha Kappa Epsilon Thursday.

Kappa Kappa Gamma announces Mrs. Harvey Smith of Moscow as their new patroness.

Mary McKenna and Helen Logan were week-end guests at the Gamma Phi Beta house.

Mr. Richard Fox, an A. K. E., was a Sigma Nu dinner guest Friday evening.

Dean Messenger and Professor Barton of the Educational Dept. dined at the Beta house Wednesday evening.

Mr. H. McGowan of Boville, Idaho, was a guest at the Sigma Nu house Saturday and Sunday.

Georgia Oylear of Kappa Alpha Theta spent part of the week-end with her cousin in Lewiston.

Gladys Hastie was the guest of Miss Mathieu at dinner at Lindley Hall Friday evening.

Phil Mitchell, of Coeur d'Alene, an old Phi, spent a few days visiting Phi Delta Theta last week, and attended the dance.

Virginia Hannah, Grace Jacobson and Rose Manfull were dinner guests of Kappa Alpha Theta Sunday afternoon.

Anita White was called to Spokane Sunday morning unexpectedly due to the serious illness of her mother.

Gladys Woodworth left Friday for her home in Gooding. She will not return until after the Xmas holidays.

Kappa Kappa Gamma entertained Dr. and Mrs. Geo. Morey Miller at a fireside Sunday evening.

Joe Whitcomb, of Phi Delta Theta, spent the week-end in Lewiston.

Miss Elizabeth Thomson, of Lewiston, was a dinner guest of Phi Delta Theta Sunday.

Madeline Wall spent the week-end in Kendrick.

A. N. Thompson, of Phi Delta Theta returned Monday from a several days hunting trip in the Elk River country.

Ed Foran, was an Alpha Kappa Epsilon dinner guest Tuesday evening.

Alpha Kappa Epsilon entertained at dinner Sunday for the following: Dr. and Mrs. Von Ende, the Misses Channel, Spielberg, Friedman, Morgan, Broadwater, and Reick.

John Loeth dined with Alpha Kappa Epsilon Wednesday evening.

Thelma McGee spent the week-end as the guest of Mary Penwell.

Dean Butler was a guest of Delta Gamma, informally, for dinner Wednesday.

Rex Kimmel was a luncheon guest of Phi Delta Theta last Saturday.

Kappa Kappa Gamma announces Mrs. Harvey Smith of Moscow as their new patroness.

Mary McKenna and Helen Logan were week-end guests at the Gamma Phi Beta house.

Mr. Richard Fox, an A. K. E., was a Sigma Nu dinner guest Friday evening.

Dean Messenger and Professor Barton of the Educational Dept. dined at the Beta house Wednesday evening.

Gladys Woodworth left Friday for her home in Gooding. She will not return until after the Xmas holidays.

Kappa Kappa Gamma entertained Dr. and Mrs. Geo. Morey Miller at a fireside Sunday evening.

Joe Whitcomb, of Phi Delta Theta, spent the week-end in Lewiston.

Act V. The home of the Randalls. Despair the turning of the tide. Villainy baffled. Unmasked. A happy ending.

The play will be given three nights, Tuesday, Wednesday, and Thursday, December 14, 15, and 16. Drama club ticket holders must exchange their tickets for special tickets for this performance. Tickets will be exchanged at Sherley's. Tickets will be fifty cents. Tickets will be sold at all university living centers.

ANNOUNCES STATISTICS OF DAIRY HERD PRODUCTION

The University dairy herd during 1919 with an average of 13.86 lbs. of milk produced on an average of 8059.7 pounds of milk to the cow.

During the first eleven months of 1920 the herd with an average of 18.6 cows has produced on an average 9942.4 pounds of milk. A conservative estimate puts the total 1920 product at an average of 11,000 pounds of milk to the cow.

Four cows in the herd, three Holsteins and one Jersey hold state records in their respective classes. Of these Idaho Violet Posch Ornsby holds the record for all breeds and ages with 21,399 pounds of milk and 800.97 pounds of butter fat or 1001

Synopsis Act I. The office of Simon Morgan, banker and broker. The run on the bank. John Randall's diamond. The saving of the bank.

Act II. The private office of Simon Morgan. The unwelcome guest. Driven from home.

Act III. The home of the Randalls. The new boarder. The two letters. Unwelcome love. Abe to the rescue.

pounds of butter.

Ormsby Girl 2nd 293,271, holds the record in the junior four year old class with a total of 16,726 pounds of milk, 621.42 pounds of butter fat equal to 776.8 pounds of butter.

This same cow during Oct. 1920 produced 90.101 pounds of butter fat or 112.62 pounds of butter.

Among the Jerseys, Eagle's Jersey Queen holds the record in the senior four-year old class with 6484.9 pounds of milk and 892.28 pounds of butter fat or 494.10 pounds of butter.

## THE KISSING BUG

Seems to have a good hold in our city from reports we have heard, and if it were not for the fact that the engagement season is on, our Authorities would, no doubt, look into this epidemic.

However, as all betrothals are sealed with a kiss, it is nothing unusual, when walking home at night, to hear two turtle doves cooling on a front porch, and suddenly to be frightened out of one's pleasant reverie to realize it was ONLY a kiss.

Well, Happy Ones, we are the next people you will be calling on, and we are prepared for you, as we have, as always, anticipated your demand, and now we are here with the Solitaires, so come alone, or if you wish, bring HER along, so we can extend our congratulations, and at the same time show you our stock of engagement rings.

### RECEPTION TENDERED TO DR. A. H. UPHAM

Moscow Elks Give Event in Honor of New University President

Townpeople, members of the university faculty, and seniors in the school were given their first opportunity to meet Dr. A. H. Upham, new president of the University of Idaho, at a reception given on the evening of Friday, December third, at the Elk's Temple by the Moscow lodge of B. P. O. E.

Invitations to the reception were extended by the Elks to all the citizens of the town, members of the university faculty and the senior class. The attendance was large. During the reception a hidden orchestra played, and after the affair was over it became a general get-acquainted meeting, with dancing in order for all who cared to indulge, and punch for everyone at all times.

In the receiving line during the reception were G. N. Lamphere, exalted ruler of the Elks lodge in Moscow, Mrs. Lamphere, Dr. A. H. Upham, Miss Evelyn Butler, dean of women at the university, Mrs. Forney, and Mayor and Mrs. J. G. Gibson.

#### MORE OBSERVATIONS FROM "I" TANK

After an all night session spent on the "I" tank with the night watchman, some interesting sights were observed thru the powerful telescope and penetrating rays of the huge search light. Sunday night was one of exquisite

pleasure; a beautiful moon only made for ones affected with that feeling of lost anxiety, climbed gracefully thru the leaves. And while it was climbing, for co-eds and valiant assistants were likewise sneaking further into the hidden shadows and darkness of the friendly trees and buildings. But to no avail; the night glass you know seems to have a powerful lens and with the consequence a heart smashing Phi Delt was caught in act of—well sh! sh! Oh yes the other member was a co-ed, a D. G.—but to make this story short we'll say it happened at 9:00 o'clock, evening time, and the parties concerned were Ted Turner and—well we won't tell this time, but the D. G. knows the certain hedge which crosses the creek by the green house.

Then the lens was swung around and Morrel Hall was seen to be visited by ghosts, but on closer observations it was found to be only a Sigma Nu and a Kappa Kappa looking for the shade of the campus-reknowned fir trees.

We could not linger longer here—it was too sad, so the lens was adjusted and the Latah county fair grounds were brought up to the "I" tank platform.

One could not believe so, but really the "Winter Derby" is certainly receiving its share of attendance. We wonder what is so interesting there, that it should attract at least two Kappa Sigs in one evening.

Only one other incident was noted before the watch was changed, to mar the beauty of the evening's moon-light.

A well to be thought of Phi Delt was seen leaning against a tree; and above all places in front of the Kappa

Kappa house. A dejected look hung on his face likewise his lower jaw hung and his tie was not in its proper place. Just then a Beta hove into view, an unsteady step marked his passage around the house, and the way he staggered lead one to believe he had been bitten by an alligator with pink eyebrows. Draping himself over the Phi Delt, or under, it's hard to say which, they began a journey toward the rising sun. What we would like to know is not how they got it but where they got it. Sh! More gossip next time.

### DR. WOODSEDALEK PUBLISHES PAPER

Biological Bulletin Prints Article Dealing With Problems In Animal Breeding.

Based on fifteen months of painstaking microscopic research, Dr. J. E. Woodsedalek, head of the department of zoology and entomology, published an article in a recent issue of the Biological Bulletin dealing with heredity in livestock and sex control in animal production. The value of the work is indicated by the large number of requests for reprints that have reached the university from this country and abroad.

In commenting on the article, Dean Iddings, of the college of agriculture, said, "This most interesting paper of Dr. Woodsedalek represents a piece of truly fundamental research. It has the special merit of contributing materially to information available on the problem of sex control and it appeals to those interested in the strictly scientific point of view and to those concerned with the practical operations of animal production and animal improvement. I have found a number of animal husbandry specialists who have been intently interested in, and have followed closely, the researches of Dr. Woodsedalek. This paper is a most valuable contribution to animal literature."

### U. OF W. DEDICATES GREAT STADIUM

Thanksgiving Game With Dartmouth Is Occasion—Eastern School Specializes In Stadiums.

Thirty thousand people saw the dedication of the stadium at University of Washington and the defeat of the University of the University of Washington football team by Dartmouth's eleven by a score of 28 to 7 on Thanksgiving Day. Dartmouth seems to specialize in the dedication of stadiums throughout the country. The Harvard Stadium, seating 60,000, was dedicated by the Hanover team, which defeated the Crimson, 13 to 0. The Princeton Stadium, having a seating capacity of 60,000, was opened by the Tiger victory over Dartmouth, 16 to

12. The University of Washington Stadium, which at the present time seats 30,000 people, represents just half of the final bowl. The total cost to November 15, was \$323,576.58, this expense being borne by the students, alumni, business men and others.

### PUBLISH JUNIOR YEARBOOK EARLY

Editor Weaver Announces That Work Is Progressing Swiftly—Want Snapshots

Editor in chief, Oscar Weaver, announces that the plans for the early completion and delivery of the 1921 Gem of the Mountains are well under way. A contract for the engraving of the cuts was recently made with a well known Seattle Company and the Art Department under the supervision of Miss Helen Bloom and Mr. Gwinn is making rapid progress.

The managers especially urge the students to turn in all snapshots and suitable material as soon as possible. Literary contributions are asked for and anyone with talents along this line are asked to get busy.

Campaigns for getting every available material have already been organized and many results are expected in the near future.

### DEBATE WITH W. S. C. HAS BEEN POSTPONED

Selection of Judges Holds Up Clash Scheduled For Coming Friday

The announcement is made by the management and coaches of the varsity debate team that the annual debate with Washington State College, which was scheduled for the evening of Friday, December 10, has been postponed until January 8.

The postponement of the debate is due to difficulties arising in connection with the selection of judges. Owing to the proximity of Christmas vacation, it will be impossible to secure another satisfactory date before the first of the year, and the event will probably occur some time in the first school week in January. In the meantime the Idaho team will continue to use all the available time in making speeches as near perfect as possible.

#### Freshmen Of College Of Idaho Issue Commendable "Coyote"

The Argonaut is in receipt of a special number of the College Coyote, the student paper of the College of Idaho, located at Caldwell.

The issue takes the form of a special ten page sheet, and is printed on a glozed paper of heavy weight. Green ink was used in printing, lending a striking appearance to the paper. Both cuts and reading matter of the

#### TWO RECEIVE HIGHEST HONORS IN CLASS OF 1920

Eula Badger of Nampa, and Ernest K. Lindley, son of former President E. H. Lindley, were the only members of the University of Idaho's 1920 graduating class to receive "highest honors" in scholarship, according to an announcement made this morning from the office of Dr. J. D. Eldridge, dean of the university faculty. Young Lindley has recently been appointed an Idaho Rhodes scholar to Oxford University.

The 1920 final honor list also included awards of "high honors" to Ray Agee of Kamiah, Nora Ashton of Boise and La Dessa Hall of Moscow. The next grade of award, "honors," went to Marion Byrns of Moscow, Gustav Carlson of Lewiston, Am-

rose Johnson of Idaho Falls, Ralph Largent of Nampa, Kenneth Newland of Elk River, Felix Plastino of Pocatello, Ruth Scott of Moscow and Leonard Yost of Moscow.

#### NEW MAN APPOINTED IN VETERINARY SCIENCE

Dr. Taylor who received his training at the Kansas State Agricultural College has been appointed instructor in veterinary science to succeed Dr. C. O. Williamson who has resigned to accept a position in the Spokane Drug Co.
