Montana Students Must Make Claims For Refund in Proper Form And Maintain High Grades.

All Montana students attending any of the state educational institutions of that commonwealth have refunded to them the cost of travelling once each year from their homes to the institution attended and return, less five dollars, under an act passed by the fifteenth legislative assembly of the state of Montana, which went into force on March 7, 1917, and which is similar to the proposed Idaho plan.

**The Act.**  
Chapter 123 of the laws of the fifteenth legislative assembly of the state of Montana reads as follows:  
Chapter 123 of the Laws of the Fifteenth Legislative Assembly.

"An Act to Equalize the Opportunity for Higher Education to the Youth of the State by Authorizing the Payment of Traveling Fare of Students Attending the Institutions of the University of Montana, and Making an Appropriation Therefor."

Be It Enacted by the Legislative Assembly of the State of Montana:

Section 1. That the State Board of Education, subject to such rules and regulations as said Board may hereafter adopt thereon, is authorized to provide for the refund of the amount of necessary fare, less five (\$5.00) dollars, paid by any student in regular attendance at any of the institutions of the University of Montana for traveling once each year from his place of residence in the state of Montana, by the most direct route of travel to the said institution and return.

Section 2. That the sum of ten thousand (\$10,000.00) dollars or so much thereof as may be necessary, be and the same is hereby appropriated out of any funds in the Treasury of the State of Montana not otherwise appropriated to carry out the provisions of this Act for the period of March 1, 1917, to February 28, 1919.

Section 3. That this Act shall be in full force and effect on and after March 1, 1917.

Approved March 7th, 1917.  
In accordance with the above act the Montana State Board of Education, at its meeting June 6th, 1917, adopted (to take effect Sept. 1st, 1917) the following:

Regulations Concerning Refund.

1. Condition of Granting Refund:  
(a) The student must be a resident of the State of Montana, residing at a point whence the round trip fare to the institution attended exceeds five dollars by the most direct route.

(b) Fare to be refunded must have been actually paid by the student.

(c) The student must have been in regular attendance throughout the entire regular session; provided, that the Chancellor may authorize, for exceptional cause, the refund to any student who has been in attendance not less than one semester where the semester plan is in operation, not less than one quarter where the quarter plan is in operation, or not less than four months in the agriculture short course, or not less than two months in the forest rangers' course; and provided further that, if any such student to whom a refund has been granted, shall afterwards re-enter the same institution, he shall not be entitled to any further refund for travel in either direction during the same academic year.

(d) Up to the time when the refund is made the student must have maintained a grade of scholarship

### ENGINEERS WILL SEE INSTRUCTIVE MOVIES

Picture to Be Shown January 5 Deals With Evolution of Transportation Methods

An interesting three reel educational film entitled, "The King of the Rails" will be shown at the next meeting of the Associated Engineers which is to be held on the fifth of January, 1921.

This picture deals with the evolution of transportation on land from the primitive mode of the American Indian to the modern methods of steam and electricity. The quaint manner of dress of the early fifties along with the old fashion steam locomotives is highly contrasted with the powerful moguls of steam and electricity which now roam over the picturesque Rocky Mountains. This film while being of educational value is extremely interesting and every engineer is requested to attend.

## HEAVY SCHEDULE FOR IDAHO

NORTHWEST CONFERENCE GIVES IDAHO TEN BASKETBALL GAMES AT HOME

### MAY PLAY U. OF KANSAS

Plan To Arrange Armistice Day Game At State Capitol With Eastern Team.

An athletic schedule, said to be the heaviest ever attempted by Idaho teams, was drawn up to guide the athletics of the silver and gold during the remainder of the present school year and through the coming football season at a meeting of the northwest conference, held in Spokane December 10 and 11. No change was made in the membership of the conference, and no important changes were made in the rules. Representatives from eight schools were in attendance.

Athletic Director Thomas Kelley, President of the Conference, M. F. Angell, and Graduate Manager, A. J. Priest, represented the University at the meeting.

Twenty-Two Basketball Games.  
The Idaho basketball schedule calls for 22 games, 10 of them being at home. The University of Washington refused to give Idaho a game either here or in Seattle.

In baseball, 14 games have been scheduled. Plans are also in process of formation to arrange a trip to the coast.

The tennis schedule is not heavy, but this year, for the first time, women will take part in inter-collegiate athletic competition. The co-ed team will meet Whitman at Walla Walla. Arrangements have been made whereby the Dean of Women at Whitman will have charge of the women who go from here, while they are in Walla Walla.

Football Schedule Difficult.

The football schedule was very difficult to decide upon, according to Coach Kelley. The Pacific Coast conference so broke into the proposed schedules of the northwest schools that games were hard to arrange. There is a possibility of a post-season game next fall with one of the strongest teams in the west. Two pre-season games will probably be played, one being with the College of Idaho. The game with Gonzaga is only tentative, and if played at all, will be played in Spokane. We go again to Walla Walla to meet Whitman, this was done to readjust the schedule so that there would be

## GLEE CLUB TO SING IN COEUR D'ALENE

MANAGER CORNELIISON DEPARTS ON TRIP TO MAKE CONTRACTS FOR ANNUAL TOUR

### GIVE A LIBERAL GUARANTEE

Loyal Support Of Alumni Makes Financial Success Of Concert Certain

Due to the loyal support of Idaho Alumni and Coeur d'Alene business men, the University of Idaho glee club will appear in Coeur d'Alene this year, backed by a liberal guarantee, according to reports received from manager, Boyd Cornelson, who left Thursday on a two weeks trip to make contracts for the tour of the club through Idaho and western Montana.

Manager Cornelson reports royal treatment by Coeur d'Alene Alumni and business men. All expressed themselves anxious to have the club appear in their city. Although the Alumni Association there had no money in the reserve fund when Cornelson arrived, by the time set for his departure they had raised enough to make a liberal guarantee.

Harold Purdy, '16, and Ray Agee, '20, are reported as being leaders in the support. Others to whom much credit is said to be due are Miss Ann Glandeman, Fran Bailey, and Guy Colgehoun.

## VANDAL SQUAD CONDITIONS SLOWLY

WILL NEED MORE IMPROVEMENT BEFORE READY FOR HARD SEASON, SAYS DOPSTERS

### HAS NO DEFINITE LINEUP YET

Ade Nelson May Be Switched To First Squad At Opening Of Season.

The varsity squad has had another week of hard drill, but the various members have not shown the improvement looked forward to by the dopsters. The squad, as a whole, is for from being in the proper condition for a gruelling season, such as the present one promises to be. The various members show up about as they did last week. Ade Nelson, who is playing on the second team, is making a strong bid for a place on the varsity and may make the squad by the time the season opens.

The coach has not definitely decided as yet, just who is going to compose the team, but the team will start against the Potlatch Athletic Club (team as follows: Al. Fox, and Mos, Forwards. Carder, Center. Hunter, Hyde, Guards.

## EDUCATORS APPROVE PASSAGE STUDENTS FIVE DOLLAR RATE

LEADERS FROM ALL SECTIONS ARE HEARTILY INFAVOR OF MEASURE THAT WOULD GO TO CUT RAILROAD FARES OF STUDENTS GOING TO STATE INSTITUTIONS

### WAS PASSED IN 1917

IS EXTENSION OF SCHOOL WAGON SCHEME," SAYS IDAHO COMMISSIONER OF EDUCATION

### REGULATIONS ARE IMPOSED

Pres. C. R. Frazier, of Idaho Technical Institute, at Pocatello, Adds Good Word.

Unanimous approval from leading educators in all parts of the state has been expressed in regard to the student's five dollar rate bill, to be submitted to the state legislature at the next session of that body, according to communications received recently by L. A. Thomas, state manager of the campaign to promote the passage of the measure.

## GET SPECIAL TICKETS NOW

ALL TRANSPORTATION FOR UNIVERSITY SPECIAL MUST BE PAID BEFORE SIXTEENTH

### CAR FOR EACH SECTION

Interest And Co-operation of Students Will Determine Permanency Of Train

All students planning to ride to their homes in southern Idaho on the students' special, which will leave the O. W. R. R. & N. station at 3:00 p. m. on December 17, must have their tickets and reservations before 6:00 p. m. on the sixteenth, according to announcements made by the railroad officials who visited here to arrange for the train.

Every student is requested to use this "special" in both going and coming as a much better service will be offered than can be secured on a regular schedule. This is the first time that anything of this kind has ever been provided to facilitate the early arrival of students to their homes for the Xmas holidays. Everything looking towards the convenience and safety of the passengers has been provided. Five sections of sleepers, dining car and baggage car will make up the complete train, which will be composed of all steel cars.

"As this train is only an experiment, it depends upon the success of this trip to find out whether or not another one will be provided for the next big move," said A. S. U. I. President Langroise recently. "Therefore it behooves every one planning the home trip for the holidays to provide himself with reservations on the 'special' in order that it may be made a permanent feature."

It has been requested by the officials of the Union Pacific that a systematic interest be taken in securing of tickets and checking of baggage. Those who plan to make the journey must buy their tickets and secure their reservations before Thursday night, December 16. This is essential for the limited amount of space provided necessitates this procedure. Also all persons intending to ride the special must be provided with round-trip tickets before boarding the train as no tickets will be sold on the train.

To do away with any confusion each section of the southern part of the state has been assigned a car. All those living in Pocatello, east of Nampa or in the Idaho Falls section will occupy car No. I called the Pocatello car. Those residing in Twin Falls, county will have car No. II at their disposal. Boise section will have two cars, No. III and IV. Both will go directly to Boise. The last

### REGULATIONS ARE IMPOSED

Pres. C. R. Frazier, of Idaho Technical Institute, at Pocatello, Adds Good Word.

Unanimous approval from leading educators in all parts of the state has been expressed in regard to the student's five dollar rate bill, to be submitted to the state legislature at the next session of that body, according to communications received recently by L. A. Thomas, state manager of the campaign to promote the passage of the measure.

Some of the messages endorsing the plan follow:

"I am heartily in accord with the proposal to rebate the cost of transportation to higher educational institutions of the state over and above the sum of Five (\$5.00) Dollars. We already use in the state of Idaho this principle in the case of school wagons in the various districts. This is but an extension of that principle and is one which would render far more effective and efficient the large amount of money expended by the state for the higher education of her people."—Dr. E. A. Bryan, Commissioner of Education.

"Such a plan would certainly convince young people that the state is doing its best to overcome the inequalities of distance between the homes and higher institutions of learning."—C. R. Frazier, President of Idaho Tech. Inst.

"Personally, I am very much in favor of the passage of such a bill."—O. M. Elliott, President of Lewiston State Normal.

"The proposed plan, providing for the refund of travelling expenses above a certain minimum to students of Idaho attending the state institutions, seems to me to be a perfectly fair proposition as well as a good business measure. These institutions are supported by taxes levied throughout the entire state and the educational opportunities they afford, many of them not to be had outside the state schools, should be available to all with as great equality as possible. It is not sound business procedure that a large annual investment carefully administered should partly fail of its purpose for lack of the slight additional outlay which would enable its results to become fully effective."—Dr. A. H. Upham, President of the University of Idaho.

"I am very much in favor of such a plan and will do all I can to help it along."—Superintendent Walter R. Siders, Pocatello.

"I heartily approve of a plan which would equalize transportation costs involving students desiring to attend our state institutions."—Superintendent Hal G. Blue, Twin Falls.

"I favor the passage of a bill providing that the state pay the round trip fare of all students to and from state educational institutions in excess of Five (\$5.00) Dollars. I think it means a great deal to the growth of state institutions."—Superintendent J. V. Buck, Coeur d'Alene.

"I am in hearty accord with the plan to refund students whose fare is more than Five (\$5.00) Dollars. Some such measure will be necessary if young people from this section are to get the benefits of higher educational opportunities in their own state."—Superintendent R. H. Snyder, Idaho Falls.

"Such a plan would build up state

**WHY IS VACATION?**  
Figuratively speaking, just as we are gnawing clean the last remaining bone from the Turkey day feast, and are free from the after effects of the Day of Indigestion, Christmas vacation is with us again.

We have had the last date with our only girl in America for at least two weeks; our tooth brush and extra handkerchief are safely packed, and we have read the O. S. L. time table for stentch time. Dad has responded to the S. O. S. and we are once more secure in the anticipation of putting our feet under the old home table and the extra size hose on the mantle of the old plantation.

To some of us, vacation means a time of dances, parties, receptions, dates and straw rides; to others it is a period of quasi exile, while we wistfully rub our nose against the window pane and wonder when the little lady will return; to a wee small number, vacation is a time of repentance and study. It is a time of doing for others and being done by, it is a time of giving, and of receiving back the pink embroidered suspenders that we gave two years before. To some of us, vacation is a life saver, to others a bore, and to still more a period of enjoyment.

But let us add, that vacation should mean none of these to the normal man and woman. Vacation is not alone a time for mere social activities (there is enough of that right here in college), it is not solely a time for study, a few of us have right nobly done our bit at that, nor is it a time for envy over the other fellows happiness.

The ideal vacation should bring the happy medium of rest, of recreation, of study in those subjects which are just the least bit shady to us, of giving happiness and content to those who are not so fortunate as we, the renewal of friendships, temporarily dropped in the rush of school life, the revival of those wonderful relationships with Dad and Mother and the family, and last and greatest, the rejuvenation of mind and body, so that when the north bound special pulls into Moscow Sunday evening, January 2nd, we will be surcharged with vim and go, ready to hit the line hard for the ensuing months, like the true men and women, and loyal Idaho students that we are.

**THE IRONY OF FLUNKS**  
It may be that several students whose amiable presence we now enjoy will not be with us next term. It may be that a new crowd will compose the crew who inhabit the library steps, and the curb opposite. And it may be that it will dawn on a few more students that the builder of the University library really designed that building for study. For sad as it may seem, there are always those who fail to realize until too late that they came to the University to learn.

The ax of the faculty is not wielded often, but when it falls, those students who persist in adorning the loafing place instead of the study place should be the ones who feel it. Those academic graybeards who rejoice triumphantly when students who have taken too active a part in student activities feel the keen edge of this faculty ax, have our sympathy. It is not those who do participate in student activities who should rightly suffer at the end of the term, but those who persist in spending their time in doing nothing.

A man can be admired if he really works at almost anything, but the world has nothing but scorn for the habitual loafer. Some students feel that their calling in college is to apply themselves diligently to their studies and nothing else.

It is a bit of irony that the leaders in University life who may mount up to community, state or national leaders, are often the ones who "flunk out" in college. And it is still more of a paradox that the ax of the faculty is wielded indiscriminately on

student leaders on whom the faculty themselves rely for the safe conduct of student affairs of the University. Sad, but it must be done.—Oregon Daily Emerald.

**AS YOU DEPART**  
As his nibs, the editor, the staff and much booted office dog are frantically endeavoring to get the paper out in time to be hastily thrown abroad the special, the majority of Idaho's men and women are madly wrapping up the last remaining package or garment into the already over-stuffed traveling bags and trunks, and the eve of departure is with us.

The few lonely souls who are to be behind, are glad that so many of you are able to gather back to your homes and friends. We are glad that you will spend the finest day of all the year with those who are dearest and nearest to you. We too gain no small measure of happiness from the very fact that so many others are happy this day of days.

You have been faithful, loyal and dependable. Your fellows and your Alma Mater can well be proud of the record that you have set thus far in scholastic work, on the field, and in social and student activities. Well are you entitled to the weeks of supreme happiness and content which is to be yours.

We wish you, fellow students, all the happiness which may be crowded into two short weeks, may this Christmas be the finest and greatest of them all, may your rest and recreation be complete and satisfying. May your every plan and hope come true, every anticipation be wonderfully realized.

Perhaps you who are left behind will be lonely and blue, but your happiness shall add to ours, and the vigor and radiance of your re-energized self shall in no small manner be reflected in us when you return.

Let us wish you one and all our sincerest Merry Christmas, the finest of the New Years and God speed

**RAZZBERRIES AND REFORM**  
Do you think it is greater sport to "jazz around with the dames," or to take your girl friends to dances? Would you rather "kill a camel" than smoke a cigarette? Is there a better mental reaction to "razzing the poor ham" than to showing the fellow his mistake?

Why do we "beat it" when it would be just as easy to go? Why do we "spread the salve" when flattery would serve the purpose? What is the advantage of being "scared bow-legged" when a bad fright would do just as well?

Have you ever "got somebody's little old angora" instead of angering him? Have you ever "got by" when you might just as well have succeeded in your plan? Have you ever "tickled the ivories to a jazz tune" instead of playing popular music?

Do you call on "queens" or girl friends? Do you "fuss a chicken at the movies" or take a girl to the picture show? Do you "hone" on your subjects or do you study them?

In short, do you use slang like a slum-bred New York newsie does, or do you speak English like an educated American college student?

**JUNIOR "PROM" SCHEDULED JAN. 15**

Announce Ban On Full Dress For Underclassmen and Posies For Co-eds.

The Junior Prom, the biggest dance of the semester, is to be given January 15. The juniors declare it to be a record-breaker, exceeding all possible expectations for a good time, decorations, floor, programmes, music and special features.

Committees have been appointed and are now hard at work planning and preparing. The decoration and stunt committees are co-operating and the decoration committee say that their decorations will be prettier and more attractive than ever have been seen before or will be afterwards.

Those of the stunt committee, though their work is shrouded in mystery, promise some clever "special features" that are guaranteed to shatter all laws, customs and precedences of Proms.

**Posies Under Ban.**  
Dress suits for underclassmen and flowers for co-eds are not to be just the right thing for the night of January fifteenth. Freshmen are absolutely forbidden to don the swallow-tails, and they are not advocated for Sophomores. It is said by good authority that January is the coldest month for bathing and for other indoor sports.

**Limit Ticket Sales.**  
Tickets are to be limited, the exact number is not yet set, but the committee advise all men to get their dates and be ready for the first day of sale if they want to go to the best dance of the year.

**UNIVERSITY CLUB GIVES CANDY PRIZE**  
Co-ed Selling Most Tickets To Club Play Will Receive 15 Pounds Of Sweets

Fifteen pounds of the best candy made are offered by the University Club to the co-eds selling the most tickets to "Belle, the Typewriter Girl" a lurid melodrama, given by the faculty members in Guild Hall, Tuesday, Wednesday and Thursday of this week; ten pounds being the first prize and five the second. The boxes are now on exhibition in Mitten's window and competition is keen.

Candy is high and comes scarce this winter, according to the fair ones. Consequently, tickets are being sold by vamping, extortion, and fair means. Rumors are rife on the campus as to who will receive the sweets. Some think the D. G.'s have them cinched, others guarantee that the Gamma Phi's will get them, but one man with true acumen and perspective claims that Phoebe Jane will bring home the bacon.

Scores of 14 to 13 in First Case and 18 14 in Second Are Results Of Saturday Intra-Mural Ball

Basketball among the different organizations on the campus began Saturday, Dec. 3. Four games are played each Saturday, the first game of the program of the first day was the Beta-Phi Delt game which the former won by a score of 17 to 12. The next game was between the Sigma Nus and the Kappa Sigs, the Sigma Nus coming out victors by a score of 21 to 14. In division "B" the Faculty Club defeated the Elwetats 20 to 2 and the S. A. E.'s defeated the Lindley Hall crew 23 to 1. All the games were hard fought.

All the teams entered are in two divisions, the first division comprised of Sigma Nu, Beta Theta Pi, Kappa Sigma, Phi Delta Theta, and Sigma Alpha Epsilon. Section "B" has the following organizations in it: Alpha Kappa Epsilon, Lindley Hall, S. P. A., Faculty Club, Elwetats.

Last Saturday the games were well attended and all the games were close and exciting throughout. In the first contest the Phi Delt took the measure of the A. K. E.'s by a score of 14 to 13. The result was in doubt until the final whistle blew. First one team would be one point in the lead and the next minute conditions would be reversed. Whitcomb made four goals. The lineup was as follows:

The next game was between the Betas and Sigma Nus which the former won by a score of 18 to 14. Excellent ball was played on both sides throughout the game. Scott, of the Beta lineup, registered 10 out of 14 fouls, and Graf, Sigma Nu, put 8 out of 10 through the hoop.

The lineup was as follows:

Betas Sigma Nus  
Scott ..... r. f. .... Hechtner  
Franz ..... l. f. .... Hunter  
Bonham ..... c. .... Graf  
Irving ..... r. g. .... Nagel  
Johannesson ..... l. g. .... Dart  
Substitute: Glindeman for Hechtner.

The next game, the S. A. E.'s and Lindley Hall tangled, the S. A. E.'s coming out victors by a score of 14 to 4. Honors were evenly divided among all men on both teams. The lineup was as follows:

S. A. E. Lindley Hall

# SOCIAL & PERSONAL

Bringing to a delightful climax the round of parties which have preceded the holidays was the formal ball of Beta Kappa chapter of Kappa Kappa Gamma held in Eggan's hall on Saturday evening and for which bids were extended to about one hundred guests. The hall was made picturesque with a color scheme of old rose, purple and Chinese blue. Evergreens and a massive checker board effect concealed the walls and ceiling. Floor lamps and colored lights suspended from the over-head lattice produced a pleasing color-tone. Features during the evening were a Key special at which time all lights were dimmed but those illuminating a large key at one end of the hall. The invited guests were: Mrs. Rosa Van Tress Weatherly, Dean Evelyn Butler, Mr. and Mrs. Harvey T. Smith, Mr. and Mrs. Von Ende, Mr. and Mrs. MacP. Bailey, Mr. and Mrs. Hickman, Mr. and Mrs. Collins, the Misses Wegmann, Helen Frantz, Phoebe Jane Hunt, Lela Patch, Francis Wiley, Esther Motie, Grace Farrar, Margaret Kutnowsky, Grace Eagleson, Gertrude Shepard, Grace Taggart, Norma Cowgill, Myrtle Kane, Margaret Friedman, Josephine Keane and Marjorie Robbins; the Misses Thelma McGee, Gladys Coburn, Annette McCallie and Grace Vogleson of Lewiston; Miss Irma Pierson, Bijou Hills, S. ## UNIVERSITY HAS STUDENT PASTOR

**REV. J. O. GOULD WILL PERFORM DUTIES OF CHAPLAIN AND Y. M. C. A. SECRETARY**

The Rev. J. Orange Goul, the newly appointed pastor at the University of Idaho, was installed and introduced to the students at Wednesday's assembly.

The student pastor will carry out the duties formerly performed by the Y. M. C. A. secretary and will co-operate with religious organizations on the campus in furthering christian culture.

Though yet a young man, Rev. Goul was introduced as a man of wide experience. He spent five years as the pastor of a church at Manhattan, Kansas, a college town, and later did state organization work in Nebraska.

In speaking of the new office created here President A. H. Upham said the student pastor idea was a new innovation in the college world but that it should bring about much good. He emphasized the necessity of using care in the determining the boundaries of such work. Rev. Goul was introduced by Dr. J. G. Eldridge, dean of the faculty.

## THE KISSING BUG

Seems to have a good hold in our city from reports we have heard, and if it were not for the fact that the engagement season is on, our Authorities would, no doubt, look into this epidemic.

However, as all betrothals are sealed with a kiss, it is nothing unusual, when walking home at night, to hear two turtle doves cooling on a front porch, and suddenly to be frightened out of one's pleasant reverie to realize it was ONLY a kiss.

Well, Happy Ones, we are the next people you will be calling on, and we are prepared for you, as we have, as always, anticipated your demand, and now we are here with the Solitaires, so come alone, or if you wish, bring HEB along, so we can extend our congratulations, and at the same time show you our stock of engagement rings.

Visiting Team Said To Be Strong— Good Game Is Expected.

Next Thursday evening at 8 o'clock students and townspeople will get their first opportunity to see the varsity basketball team. In action when they play the Potlatch Athletic Club team in the university gymnasium. The Potlatch team is said to be sufficiently speedy to give any college team in the northwest a serious contest. The varsity second team and the Frosh team will play a curtain raiser to the varsity game. On the day that vacation ends and studies are resumed, January 8, the varsity will play the Spokane Athletic Club quintet in the gymnasium.

Knights of Chow, New Kitchen Lodge Plans To Give Culinary Dance Soon

All the undergraduate "hashers" and "pearldivers" on the campus got together last Tuesday and organized themselves under the leadership of Horton McCallie. The Club, which numbers over thirty, includes many prominent Idaho letter men and is dubbed "Knights of Chow."

The club has already announced plans for an all college dance under the name of the "Hashers Comeback" which will be held in the near future. The gym will be decorated as a huge kitchen and the "hashers" will display their tactics with the tray for any and every one in attendance. Many other features are promised and the members declare that it will be too good to miss.

**DR. LUKE SPEAKS ON EXPERIENCES IN CHINA**

CHINESE SITUATION CANNOT BE SOLVED WITHOUT AMERICAN AID, HE SAID.

A talk on his experiences in China by Dr. James George Luke, head of the Physics Department, was the feature of the student assembly last Wednesday morning. Dr. Luke spent several years in China and is thoroughly acquainted with the conditions there.

The assembly was presided over by President A. H. Upham who spoke a few words introducing the new student pastor, Rev. O. Goul, who recently arrived on the campus to take up his work here. Rev. Goul said, "I am very glad to be here and I want to be of service to everyone."

In his talk Dr. Luke said, "As soon as a boy is born in China the parents start looking around for a suitable wife for him. The rank and file think almost entirely in terms of produc-

tion and as a daughter is a non-producer her parents negotiate a contract for her marriage as quickly as possible, therefore China is a land of early marriages and large families.

The houses, for the most part are poorly constructed and often fall under their own weight. This alone takes a huge number of lives yearly. The streets are about as wide as the American sidewalks and are filled with people at all hours.

Because of the overpopulated condition many of the Chinese do not look upon death as a very serious thing, in fact the penalty for killing a person is the payment of the person's relatives the sum of twenty dollars and suicide societies have been formed where a man, after killing a certain number of people promises to kill himself.

He closed his address by saying that the Chinese situation would never be solved until the Americans give their aid.

posit with the Registrar of the institution at the time of his registration for the year's work the official receipt showing the actual amount of fare paid from the applicant's residence to the institution. If at or after the close of the regular session the student presents a claim made in proper form and accompanied with vouchers showing actual amount of return fare paid from the institution to the student's residence, the student shall be entitled to the proper refund; provided, that no claim shall be allowed which is not presented in proper form within thirty days after the close of the regular session.

Chancellor Elliot Writes.

The following letter, received by Mr. L. A. Thomas from the office of chancellor Elliot, is self explanatory:

"I think I am justified in saying that the staffs of the University institutions and the students generally are well disposed toward the law of 1917 providing for the refund of railway fares to students. So far as the people generally are concerned I can only say that no movement has been made looking toward the repeal of the law and no special dissatisfaction has come to the notice of this office. I may say that many students would undoubtedly be better pleased if provision could be made for paying their expenses to and from their homes at the holiday recess. This, however, would almost double the expense to the taxpayers and probably the present arrangement is as liberal a one as could be reasonably expected."

institutions by encouraging students to patronage them rather than institutions of other states which now offer a financial advantage in the matter of transportation."

"A plan providing that the state pay the round trip fare of all students to and from state educational institutions in excess of Five (\$5.00) Dollars has my hearty approval. It is an attempt to even things up financially for the students. I regard it as just in every way."—Superintendent P. J. Zimmers, Boise.

"The plan to equalize higher educational opportunities in Idaho has my hearty approval. I know many who have given up the advantages in our own state educational institutions because of the high cost of transportation."—Beile V. Cook, County Superintendent Owyhee County.

"In regarding a plan to secure a rebate of transportation to students that are placed under extraordinary expense in travelling to and from our state institutions. I wish to say, I am heartily in favor of such a plan. I have often wondered why Idaho with her inaccessible institutions of

THE OLD TIME CHRISTMAS SPIRIT IS ABROAD IN THE LAND.

The yearning to give is being satisfied and everyone seems to be enjoying to the utmost the selection of gifts.

learning has not taken the lead in this matter instead of following in the wake of other states."—J. A. Tovey, County Superintendent, Oneida County.

"I have long been of the opinion that something of this kind was needed in order that our state institutions would serve the purpose for which they were intended."—Mrs. Leah M. Burnside, County Superintendent, Lincoln County.

"The movements to secure equal rights in the attendance of our state institutions is justifiable and progressive. Count on my hearty cooperation."—Ida E. Sullivan, County Superintendent, Minidoka County.

"I am certainly in hearty sympathy with the movement to equalize higher educational opportunities. I know that we lose quite a number each year just from this little vicinity because Utah institutions are so much closer and the difference in railroad fare would almost pay two months board in Utah and everyone has to be as economical as possible these days. I do trust the movement will materialize, for I know it will do a great deal toward helping put more students in our own educational institutions."

Mrs. Louisa Pratt, County Superintendent, Butte County.

"Being a product of the southern part of this state I naturally have felt the University was located in the wrong corner of the state. As the University cannot very well be moved to this section of the state nor do I wish Idaho students to leave our state in order to enter schools in other states and couple to this the fact that having experienced to some extent the inconvenience of long round about ways to reach schools myself, I am very much in favor of the rebate plan, such as Montana adopted in 1917, making provisions to cover part payment of fare to and from our state institutions."—Anna C. Pearson, County Superintendent, Payette.

The entire cast of characters of this delightful little vacation opera will be taken by all students spending their vacation in Moscow. The moral of the play is to discover who are sharing the joys of the Merry Christmas Season here. When once you have taken up your roll as an actor or actress in this festivity and the curtain raises, and the orchestra sends forth its first tempting strains, all thoughts of home-sickness will vanish and your only regret will be that, like all other works of romance and fiction, there must be an end.  
Because of so many of our fellow students falling to victims to the fatal malady of home-sickness, an invitation is extended to all high school students and other citizens of Moscow who care to enjoy a real college function, to attend this dance.
