NUMBER 15

PHI GAMMA DELTA GRANTS CHARTER TO ALPHA KAPPA EPSILON AT CONVENTION

CHARTER COMES TO LOCAL GROUP FOLLOWING NINE YEARS OF PETITIONING—NO DEFINATE DATE HAS BEEN SET FOR INSTALLATION—NATIONAL RANKING.

Alpha Kappa Epsilon, the oldest local group on the Idaho campus, was granted a charter by Phi Gamma Delta, at the national convention of that fraternity held at Kansas City, Missouri during the Christmas holidays. The charter has been granted after eight years of persistent petitioning on the part of the local group. No definite date has been set for the installation.

"Phi G" Ranks High

Phi Gamma Delta has been in continuous existence since its founding in 1848, and today ranks as one of the strongest and most conservative national fraternities. The extension policy of Phi Gamma Delta has always been that of the conservative mean between the two extremes of "no expansion" and "rapid expansion," and it today has sixty-three chapters in the larger colleges and universities throughout the country. Among the prominent alumni of the fraternity are: Ex-Vice-President Fairbanks, Vice-President Marshall, and Vice-President-elect Coolidge.

Alpha Kappa Epsilon

Alpha Kappa Epsilon was organized in the spring of 1913, with the purpose of securing a charter in Phi Gamma Delta. Since the date of its inception, it has been active in student affairs, having had two presidents of the student body, three vice-presidents, editors of the college paper and annual, and letter men in all the major sports. The active chapter consists of the following men:

Seniors—Leon Taylor, of Buhl; James Fox, of Moscow; Carl Burke, of Star; William Sutherland, of Coeur d'Alene; Harold Ayers, of Gooding, and Ralph Rowell, of Lewiston.

Juniors—Paul Rowell, of Lewiston; William Broscow, of Moscow; Ruford Kuhns, of Twin Falls; Marshall Macey, of Boise; James Farrell, of New Meadows; Paul Ellis, of Ellier; Lynn Nash, of Boise; Gerald Kill of Stoups Falls, S. D.; Gerald Friedman, of Moscow; Keith Horning, of Hermiston, Oregon; Oscar R. Weaver, of Idaho Falls; Richard Fox, of Moscow; Albert Daniels, of Bay City, Mich, and Stanley Phillippi, of Boise.

Sophomores—Alexander Fox, of Moscow; Vaughn Price, of Twin Falls; Wesley Phillippi, of Boise; Eugene Bramhall, of Wallace; Carl Brown, of Twin Falls; Fred Horning, of Hermiston, Oregon; Marshall Blair, of Boise; Bruce J. Johnson, of Twin Falls; Charles Chick, of Heppner, Oregon; Ralph Bristol, of Twin Falls, and Harold Geyer, of Burley.

Freshmen—Glen Wilkinson, of Twin Falls; George Gahan, of Boise; William Parry, of Buhl; Gordon Staples, of Moscow; Ehrsel Frahm, of Hansen; Stanley Johnson, of Boise; Dwight Kuhns, of Twin Falls; Jack Williamson, of Moscow; Alvin Wallace, of Lewiston; Henry Canine, of Burley, and Marion Rettig of Orofino.

The faculty members are: J. J. Gill, of the law school, and S. J. Kroh, of the chemistry department.

Local members of Phi Gamma Delta who were active in cooperation with the local group are: Dr. G. M. Miller, of the English department; Dr. H. M. Schmitz, of the Forestry school; Kenneth Collins, of the English department, and Attorney M. W. Griffith.

GAMMA PHI BETA ALUMNI AND MEMBERS GUESTS

Gamma Phi Beta alumni and active members were guests of the pledges at a black and white cabaret party Sunday night. The color scheme was effectively carried out in the decorations and refreshments. Dancing and cabaret stunts amused the guests until Bessie Newman ran around the tables and announced her engagement to Russell Scott of Beta Theta Pi. After the excitement caused by the sweetheart serenade had died away the Boise alumnae presented the house with a mahogany piano lamp.

DEBATE TRY-OUTS

Try-outs for the annual international debate with the University of British Columbia, at Vancouver, B. C., will be held Thursday afternoon, in room 108. The question is, "Resolved: That the enactment of the tariff of 1911 would promote the welfare of both Canada and the United States." Candidates may prepare a six minute speech on either side of the question. Any one is eligible to compete for a place on the team.

KELLEY SIGNS CONTRACT FOR THREE YEARS

AGREEMENT TAKES EFFECT ON COMING FIST OF MARCH.

STUDENTS AND ALUMNI EXPRESS APPROVAL

Coch Football and Track and Assistant in Baseball and Basketball.

Coch Thomas Kelley has signed a contract to serve for three years as the director of athletics at the University of Idaho, according to announcements issued Saturday from the office of the president. The new contract becomes effective March first, and holds for three years from that date.

Expressions from alumni who have heard of the transaction have been unanimous in their enthusiastic approval. Great satisfaction on the part of he students at the University has greeted the announcement.

When interviewed in regard to his agreement, Kelley made the following statement:

"I am glad to have this opportunity to identify myself with Idaho's future. I feel confident that Idaho schools can supply us with material of the right sort, and good material means winning teams. I only hope that we can produce results that will satisfy the student body and the University's many loyal alumni."

Kelley will have general supervision over all university athletics. In football and track he will personally do the actual coaching. He will assist in the training of the basketball and baseball teams.

No announcement has been made public as to the salary that Kelley will receive.

Sigma Nu entertained with an informal house dance Friday evening. The guests were Mr. and Mrs. McMillan, Mr. Kirkham and the Misses Kathryn Tabor, Amy Barstad, Helen Roberts, Jeanette Sholes, Edith Cooper, Grace Taggart, Kathryn Madsen, Thelma Hare, Doris Tipton, Margaret Kutnewsky, Charlotte Broadwater, Gladys Hastie, Gertrude O'Keefe, Agnes Sweeney, Francis Wiley, Nell Carascallien, Betty Woods, Fleeta Brennan, Miss Morris, Jean Rowlands, Madeline Wahl, Margaret Mims, Gladys Simmons, Alice Ficke, Susan Lommel, Constance White, Priscilla Munson, Elva Wilkinson, Clara Jones, Nora Madson, Olive Jain, Violet Seely and Yangle.

A Study In Red

Dora: "Every time Jack kisses me he colors up to his ears."
Flora: "Dear me, do you rouge as heavily as all that?"

TRACTOR COURSE OPENS JANUARY 17

Staff of Experts From Factories Will Aid In Instruction.

A farmer's short course in gas tractors, opening January 17 and running through January 29, covering work with small stationary gas engines, babbitting of bearings soldering, ignition, and work on Mogul, Titan, Yuba, Twin City Case, Samson, and Fordson tractors has been announced by the college of agriculture, through Prof. R. B. Gray, of the department of agricultural engineering.

The teaching staff of the course will consist of the regular agricultural engineering staff, with the assistance of representatives from the manufacturers of the various tractors studied. Each tractor will be considered separately, and the detailed explanations will be in the hands of the factory experts.

The only fee attached to enrolling in the course is a small entrance fee of \$2.00. This must be in the hands of the bursar before the first session of the course, which has been set for 10 o'clock on January 17.

IDAHO RHODES SCHOLAR DEMENTED BY SHELL-SHOCK

Marvin Monroe, 24, son of Dr. James Monroe of Buhl, and a Rhodes scholarship man, has been taken by his father to the State Mental hospital at Blackfoot for treatment for acute dementia caused by shell shock during service in France.

It is not expected that the young man will ever recover his full mental faculties. Irresponsibility, which gradually developed during the past year, has been manifested recently in violent form.

Monroe was a scholarship man from the University of Idaho, from which he graduated in 1917. His enlistment followed soon afterwards. Boise Statesman.

California's Defeat of Ohio Proves Western Supremacy

(By Robert Garver.)

On New Year's Day the west proved once and for all that they are equal, if not superior to the east in playing the great collegiate game of football, when the University of California humbled the Ohio State University team at Pasadena, 28 to 0; the most decisive defeat ever suffered by any team which has engaged in this annual intersectional football championship battle.

California, holder of the proud title of the "Wonder Eleven of the West," rode to glory when she took the heroic, unbeaten Ohio State team and hurled it to defeat before 42,000 persons at Tournament park. California not only outplayed Ohio State, taking advantage of the Buckeyes' every misplay, but nullified the most strenuous efforts of the wonderful Stinchcomb, the All-American halfback. On he offensive the Blue and Gold backs circled the Ohio State ends, drove great rifts in the line, forward-passed for tremendous gains and scored when scores were needed. They did not show flashes of form or win on fluky plays, but conquered through real football. "Pesky" Sprott was the outstanding player for the Bears along with "Brick" Muller who is conceded the best end in the U. S. Majors. Erb, and Toomey were also stars of the first ranking.

Ohio's boasted forward defense did not live up to expectations. Her ends were weak, but the most glaring weakness was against the forward pass. The Buckeyes were beaten at their own game. Stinchcomb showed his All-American caliber in every move he made. He was the most dangerous man on he field at all times. Workman and Hoffman also played wonderfully well. Joseph Pipal, National Director of Athletics for Czecho-Slovakia, in speaking of the game said, "California deserves the rating of the best football team in the United States."

IDAHO ROOKIES ARE CONGRATULATED

Letter From Area Officer Speaks of Fine Spirit of Local Unit.

A letter congratulating the University of Idaho R. O. T. C. unit on its development and fine spirit has been received from Col. M. N. Falls, corps area A. O. T. C. officer, by Col. E. R. Chrisman. The letter states that the Idaho unit ranks among the first in this area.

The letter in full follows: To the Members of R. O. T. C. Unit, University of Idaho, Moscow, Idaho: It gives me great pleasure to congratulate the members of the University of Idaho R. O. T. C. Unit on the growth and wonderful development which was so apparent at the recent inspection of your Unit.

Idaho's Unit ranks among he first in this Corp Area and I am sure, with its fine spirit, personnel and sense of service will continue as ever in the front rank.

I send you my best wishes for a New Year that will help in the fulfillment of your hopes and the achievement of your highest aims.

Signed, M. N. FALLS, Colonel, U. S. Army, Corps Area R. O. T. C. Officer.

MAKE PLANS FOR CO-ED BASKETBALL TOURNAMENT

The co-eds are quickly rounding into shape for the basketball tournament which will be held the first two weeks in February.

Interest seems to be lacking among the Juniors and Seniors and unless more girls turn out it is doubtful whether they will be represented in the contests.

Managers were elected by the various classes on last Thursday evening. Those chosen were, Evelyn Brothers, Frosh; Esther Motie, Soph; Pauline Reick, Junior; and Fleeta Brennan for the Seniors.

The managers will meet with Miss Watson the first part of this week and the schedule will be made out.

VOTE ON CO-EDS AT JUNIOR PROM

BALLOTING TO DETERMINE MOST ALL-ROUND JUNIOR GIRL.

PROMISE BEST DANCE OF YEAR

No Stags or Flowers are Only Rules of Function.

Ballotting by the men to determine who is considered the most "all-round" girl in the Junior class will be one of the novel features of the Junior Prom, scheduled for Saturday night in the gymnasium. Tickets for the dance are now on sale in all houses on the campus. Only men buying tickets in advance will be allowed to vote.

On the back of the ticket will be found a blank line on which the name of the man's choice will be written. The ticket will be turned in at the door, and will serve as a ballot. The Juniors wish it emphasized that men are to vote for the girl having the most interests—not for the one who is merely the most good looking, or she who is the best dancer.

(Continued on page four)

W. S. C. IDAHO GAME AT PULLMAN WILL OPEN 1921 BASKETBALL CONFERENCE

EFFORT IS BEING MADE TO OBTAIN SPECIAL TRAIN TO CARRY IDAHO ROOTERS INTO W. S. C. TERRITORY—DEFINATE ANNOUNCEMENTS MADE LATER.

NOTICE

Hereafter the Faculty Committee on Student Affairs (Prof. Nelson, chairman) will meet regularly in the President's office on Tuesdays at 4 p. m. Requests for calendar dates for all social affairs and student entertainments except house dances are to be acted upon by this committee at its regular meetings. Requests may be left with any member of the committee or with Miss Dow, who will have charge of the calendar.

A. H. UPHAM, President.

IDAHO CLAIMS VICTORY IN DUAL DEBATE

RECEIVES DECISIONS OF FOUR OUT OF SIX JUDGES.

AFFIRMATIVE WINS AT BOTH PLACES

Forensic Enthusiasts Start Work-Own Debate With University of British Columbia.

Though each school won one decision, Idaho claims victory over Washington State College in the annual dual debate held here and at Pullman last Friday evening, on the grounds of having received the votes of four of the six judges.

The Idaho affirmative, debating in the local auditorium, won a unanimous decision over the negative from Pullman. The Idaho negative was beaten by a two to one vote of the judges in the enemy's territory. The victorious Idaho affirmative was composed of Glenn Wilkinson, Theodore Sherman and Walser Greathouse. The negative team which opposed these debaters was made up of James Lindsey, R. Tweensey and Henry Keller. Professor C. Gill, of the local law department acted as chairman at this debate. Walter Hansen, of Wallace, N. R. Newland, of Elk River, and Rev. H. O. Perry, of Moscow, were the judges.

The question of the debate was, "Resolved that neither of the two dominant political parties offers a general policy which merits the support of the intelligent citizen." The Idaho team was well balanced in the presentation of its case, but the work of Greathouse deserves particular mention.

There was a crowd in attendance at the home debate that was estimated as about 600. The freshmen turned out in force to support the home team, which was composed entirely of members of the class of '24. A considerable number of townspeople were also present and swelled the audience to a size that was considerably larger than a debate usually draws.

The Idaho team which debated at Pullman was Miss Bessie Derr, Edward Littoy and L. A. Thomas. They were opposed by Charles McClade, Walter Endslo and Weldon Williams. The judges were O. C. Pratt, of Spokane, G. O. Henry, of Pullman, and Professor Kingston, of Cheney.

International Debate
Debating activity is to be continued immediately. The annual international debate with the University of British Columbia is next slated. The Question will be "Resolved: That the

(Continued on Page Four)

On Thursday night the conference basketball season opens for Idaho, when the Vandals will go to Pullman to play the redoubtable Cougar quintette. An earnest attempt is being made to obtain a special train to carry a crowd of Idaho rooters into the Washington State territory. Nothing definite regarding the train was announced up to the time of the publication of the Argonaut, however. Announcements will be posted as soon as possible.

The plans for the train, as formulated, call for two coaches, to leave the O. W. R. & N. depot at 6:30 Thursday evening, leaving Pullman for the return trip at 9:30. If 150 make the trip railroad officials promise a rate of 80 cents for the round trip. In the event that less than 150 make the trip, the rate will be higher.

The admission to the game at Pullman will be 50 cents for Idaho people. A section will be reserved in the W. S. C. Gym for the Idaho rooters. If it be found possible to get the special train, Idaho will attend the game equipped with jazz band and yell leaders.

Dope Favors Idaho

Being the first game of the season, little dope is available regarding the comparative merits of the two teams. The S. A. A. C. team, which the Vandals defeated 39 to 20, held W. S. C. to a tie score during the period of a regular game. Five minutes of additional play were required before W. S. C. was enabled to hoop the winning score. All reports indicate that the Cougars have been putting in some effective licks in the mean time, with the purpose in mind of starting their season by capturing an Idaho scalp. The Vandals, on the other hand, had their eyes opened to many places for improvement in the S. A. A. C. game, and have been improving rapidly since then.

The only prediction that is safe is that the game will be fast and hard fought by both sides.

UNIVERSITY MOURNS DR. TRIMBLE'S DEATH

IDAHO PROFESSOR PASSES AWAY NEW YEARS AT SEPTOUE

INSTRUCTORS ATTEND FUNERAL

Death Was Due to Heart Failure Brought on By Nervous Trouble

Students and members of the University of Idaho faculty were shocked to hear of the death of W. J. Trimble, professor of history, which occurred at Septoe, Washington, on New Year's day. Death was due to heart failure caused by nervous trouble.

Professor Trimble had been an instructor at the University of Idaho for the past year and a half. He was regarded as an authority on history and had written a history of the northwest that is said to be one of the most accurate and interesting histories of this section ever written. Before coming to the University of Idaho Professor Trimble was head of the history department at the Agricultural College at Fargo, North Dakota.

Students and faculty sincerely mourn his death and their heartfelt sympathy is extended to the bereaved family.

He is survived by his widow, a son, age 12, and a daughter, age 9.

The funeral was held at Colfax at 1 o'clock Monday afternoon, January third. The pall bearers were L. F. Parsons, Deans Hulme, Eldridge and Thomson, Professor A. E. Evans and A. H. Oversmith.

KELLEY WILL STAY.

One of the most pleasing announcements to students and alumni alike occurred last week when it was announced that Coach Thomas Kelley had signed a three year contract with the University. This means that Kelley will be with us for three years from next March and it further means success for Idaho athletics in the northwest.

No words are necessary to assure the student body of the value of Coach Kelley to Idaho athletics and Kelley may feel assured that he has the loyal support of every graduate and undergraduate of the University. We are proud of him and his record and of the program which he has outlined for the coming years for he is a man who will carry out such a program.

The alumni all over the state have shown their spirit by pledging money to pay the increase in Mr. Kelley's salary if the university does or cannot. The student body can back up this alumni support by bringing men to Idaho next year who will give Coach Kelley the material he must have to put Idaho on top in northwest athletics.

Let no one get away to another school who graduates from high school anywhere in this state.

It might be wise to intimate to the prominent men in this state that the University of Idaho is good enough for their children to attend and support.

R. G.

W. J. TRIMBLE

With the passing of Dr. W. J. Trimble, the university feels the loss of one who, during his short stay here, had come to be known as a thorough gentleman and an absolute master of his profession.

As a teacher, Dr. Trimble was diligent and forceful. His pupils would draw from his subjects all that was possible with the limited activity allowed by an undergraduate course. To the slothful and backward he was a spur—an inspiration to useful activity. To the earnest worker he was always ready to give credit as it might be deserved.

In character, Dr. Trimble was known to all as a true Christian gentleman. Unrelenting in his persecution of that which appeared to him wrong, he was equally zealous in the support of those things which his light showed him to be right. He was ever ready to lend a sympathetic ear to a recital of the trials of any student. Those at Idaho are not a few who point to his broad vision and sympathy as the guide that directed them through some period of confusion in the student life.

To all those who were dear to Dr. Trimble, the students of the University of Idaho extend their sincere sympathy.

Wonder what would happen if the University should be supplied with a room designed for the gathering together of the garrulously inclined, and if the library should be denied as a place for social rendezvous? There might at least be a little more quiet in the big study room. There are a whole lot of students who would appreciate it immensely if those who wish to discuss the latest pin-planting or the various types and sizes of ankles displayed by the breeze on the campus, would find some other place than in the library to conduct their discussions.

Some Suit

"A Tuscalo girl is suing her employer for \$5,000 damages on account of a most peculiar accident which occurred in the home where she is employed as a domestic. She was taking her bath by the kitchen range and she stepped out of the washpan, slipped on a cake of soap on the floor, and sat down on the stove."

—Exchange.

MINING PROFESSOR DOUBTS OIL IS HERE

HEAD OF SCHOOL OF MINES AT UNIVERSITY THINKS DRILLING FOR OIL USELESS.

So much has been said and written about the prospects for finding oil near Moscow that this paper asked Professor F. A. Thomson, dean of the school of mines at the University of Idaho, to give his opinion on the feasibility or probability of finding oil in the vicinity of Moscow. Dean Thomson, based on his knowledge of actual geological conditions, and the opinion which is here published, is not at all flattering to those who think an oil well can be found in this vicinity. Dean Thomson's very interesting and instructive statement, prepared with care for this paper, follows:

Doubts That Oil Is Near
"My attention has been attracted by several articles in the columns of the newspapers recently regarding the possibility of finding oil in the vicinity of Moscow, and, without desiring to question the good faith or to impugn the motives of those persons who have been quoted, I feel that the School of Mines and the Bureau of Mines and Geology would be derelict in their public duty if they failed to speak a word of warning on this subject.

"All of the known oil fields of the world occur in fossil-bearing sedimentary rocks, usually of considerable thickness and under conditions of the strata, furthermore, so far as is known, oil occurs only in or adjacent to sedimentary rocks which have been laid down in salt water, that is marine strata. In fact it is generally conceded that petroleum is derived from the decomposition of marine organisms. It would of course be folly to expect oil in igneous (volcanic) lava rock or other formation. The above facts are known to every one who has made any attempt to inform himself on the subject.

"Now, let us see to what extent the country around Moscow fulfills the requirements for an oil field. The general country rock is basalt—poured out as red hot lava in a series of successive flows from numerous vents, and varying in total thickness up to several thousand feet in certain places. As evidenced by the Moscow mountains, by Genesee Ridge, by Steptoe, Kamia and other buttes which project as islands from the basalt sea and as shown in the Snake river and other nearby canyons, these basalt flows were poured out upon a floor of granite or possibly, in places, of quartzite. No evidence is to be found of sediments of any kind, fossiliferous or non-fossiliferous, fresh water or marine, and we are therefore forced to the conclusion that the vicinity of Moscow is one of the most unlikely places in the world in which to find oil.

"Oily films on ponds prove nothing, iron rust, or decaying vegetable matter or a leaky crank case will easily explain such occurrences.

"Personally, I believe that the less money the good people of Moscow put into drilling for oil in this vicinity, the more they will have left for other more meritorious enterprises.

"In this opinion I have the full concurrence of my colleagues of the geological faculty of the School of Mines

"In conclusion I might add that there is just one useful result which might follow further drilling however, and that is the discovery of additional flows of artesian water."

SCHOOL OF MINES HAS CLAY BULLETIN

WORK RECENTLY ISSUED CONTAINS VALUABLE INFORMATION ON CLAY DEPOSITS.

Through the University of Idaho the State Bureau of Mines and Geology, in co-operation with the U. S. Bureau of Mines, has just issued Bulletin No. 2, entitled, "A Preliminary Report on the Clays of Idaho," the authors being F. H. Skeels of Wallace, and Hewitt Wilson of the U. S. Bureau of Mines. All known clay deposits of the state, which are accessible to transportation, were visited and examined and the results of

SAFEGUARD YOUR FUNDS— ESTABLISH SYSTEM

by opening a checking account with

THE FIRST NATIONAL BANK
"Pioneer Bank of Latah County"

complete utilization tests are reported in the bulletin. A total of 88 samples was taken from 32 deposits and 28 of these deposits are shown to have commercial possibilities. Samples from Benewah, Cassia, Kootenay, Latah, Lewis, Idaho, Power, Shoshone, and Washington counties are included in the tests made.

The best clay in the state, so far as refractory or fire resisting qualities are concerned, is found in Latah County. Some of the Latah County clays, when washed to remove silica, proved infusible in anything except the electric furnace. The report also suggests the possibility of using this material for the manufacture of whiteware.

There is already considerable demand for this bulletin, for which a nominal charge of 35c is made.

VIOLINIST DICKINSON ACCOMPANIES GLEE CLUB

J. W. Dickinson, instructor in violin at the University will accompany the Idaho Men's Glee Club on their annual tour this season. Mr. Dickinson completed his study of the violin at the New England Conservatory of Music in Boston. Last year he toured with the club and won the favor of all who heard him in his solo work. Prof. E. O. Bangs who is conducting the Glee Club is drilling the boys daily. Special features of the program this season will include solo work by Mr. Dickinson, comedy stunts by a few members of the club and orchestra numbers.

PORT ARTHUR COMES FROM BLACKFOOT, IDAHO

The Glee Club reporter wishes to correct a statement made last week in regard to the geographic list of members of the club. The home address of Port Arthur, a second tenor of the club, was given as Boise, Idaho. The correct address of Mr. Arthur is Blackfoot, Idaho. Mr. Arthur graduated from Blackfoot High School in the spring of 1919 and came to the University of Idaho in the fall of 1919. During his freshman year his talent as a singer and actor was uncovered in a class play. Since that time he has grown in popularity and has been taken into the Glee Club. He will take part in some of the special features of the program of the club.

ALL-STATE BASKET BALL TOURNAMENT

ANNUAL HOOP EVENT FOR IDAHO HIGH SCHOOLS WILL BE HELD MARCH 17-18.

The University of Idaho's fourth annual all-state inter-scholastic tournament will be held March 17 and 18 instead of March 24 and 25, as it was first advertised. This was the announcement made this morning by Thomas Kelley, university athletic director.

"Several high school coaches have written in to insist that the date first set might encroach upon the time usually devoted to baseball and track," said Director Kelley today, "and we were more than glad to make the change suggested. I feel sure that the date now fixed will prove thoroughly satisfactory."

In accordance with arrangements made last year, the state has been divided into eight districts, each in

charge of a district committee which will supervise the holding of a tournament to determine the district championship. Participants in the state tourney will be the eight district title holders. Elaborate plans are being made for the entertainment of the high school athletes who appear on the university campus. The several teams will be assigned to different fraternity houses, the announcement having been made that no high school coach will be permitted to acquire a hotel bill. David MacMillan, university basketball coach, probably will referee all of the tournament games.

IDAHO GUERNSEY MAKES NEW RECORD

UNIVERSITY OF IDAHO JERSEY COW GETS HIGH PLACE IN STATE HONOR ROLL.

An Idaho Guernsey cow has established a new northwest record for milk and butter, excelling the record previously held by a Guernsey cow by 107.84 pounds of butter fat. Professor H. P. Davis, head of the dairy department of the University of Idaho, who has charge of the "honor roll" for Idaho cows taking the official test, says of this cow and another owned by Henry Schick, of Buhl, Idaho:

"Golden Hero's Queenie Lass, 38557, an aged Guernsey has just completed a year's official record during which time she produced 13,455.6 pounds of milk, 714.99 pounds of butterfat or 893.74 pounds of 80 percent butter. This record is one of the largest ever made in the northwest by a Guernsey. "Queenie Lass," as she is called, is a large cow weighing about 1300 pounds and has the straightness of line so much desired in good cows. She has displaced Sara of Mountain View, 57013, owned by Mr. L. G. Perry of Wendell, as the leading Guernsey in Idaho by 107.84 pounds of butterfat. "Queenie Lass" is not the only good cow owned by Mr. Schick, since Butterworth of Sarnia, 44446, has just completed a record in which she made 10,380.2 pounds of milk, 518.49 pounds of butterfat, or 648.1 pounds of 80 percent butter as an aged cow. She takes second place in the aged

Guernsey class in Idaho, since Sara of Mountain View is a senior four-year-old."

Jersey Cow Wins High Honors
A Jersey cow owned by the University of Idaho, has also won high honors in the official test, closing a year with a record that places her very near the top of the list of best milkers in this state. Of her achievement Professor Davis said:

"Eagles Nerion, a Jersey bred and owned by the University of Idaho, recently completed an official record that entitles her to third place among the senior three-year olds of the state. Her production for the 365 days was 6,005.2 pounds of milk testing 5.85 percent and amounting to 350.71 pounds of butterfat. She freshened at three years seven months of age for her last record, and is now dry, but is expected to freshen again shortly when it is hoped that she will do even better."

MERELY CHIVALROUS; NOT INEBRIATES

The office of chief of police was given a hurry call on Tuesday evening when the Kappa house reported the presence of two royally stewed bums to the kee'rd of the roost, which being translated from American to English means the Kappa's sleeping porch.

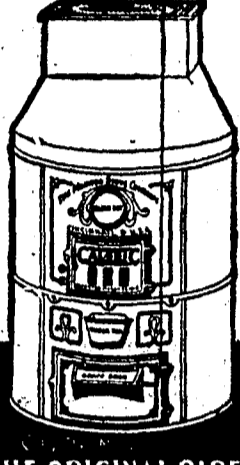

A record run by the Chief, who by

the way, composes both the force and the department, and action on his part denoting the highest degree of efficiency and valor, brought to light the fact that the alleged inebriates were merely two poor candidates for initiation in a fraternity, and who, in deference to many resiliant paddles, deftly welided, had agreed to render no less than three touching numbers for the girls.

SOCIAL & PERSONAL

Lessons Chase Vacation Ennui

The effects of the many holiday gaieties are gradually wearing off and that popular "tired feeling" seems to be less in evidence as we find ourselves in the second week of lessons. The Kappa Sig and Sigma Nu house dances of Friday evening opened the post-holiday social calendar, while the "I" club dance of Saturday evening proved our Athletes to be as splendid hosts as have acted in that capacity this year. Pep reigned throughout the evening.

Talbot Jennings of Boise, was a visitor of Phi Delta Theta for a few days last week.

The Misses Kathelyn Jensen, Ada Jensen, Bigelow, Hyde and Leon of the Home Economics Department were Sunday dinner guests of Delta Gamma.

The Kappa Sig entertained informally at a house dance Friday night. Those present were Miss Wegmann, Mr. and Mrs. Cal Smith and the Misses Adeline Robbins, Florence Armbruster, Goldie Felton, Verna Wilkinson, Esther Belswinger, Rita Kendrick, Louisa Martin, Stone, Litton, Mary Kink, Gladys Channel, Thatcher, Josephine Schreiber, Margaret Collins, Fairy Sanger, Agnes Cox, Margaret Friedman, Lillian Collins, Grace Jacobson, Pearl Stalker, Dorothy Shalls, Witter, Mildred Collins, Maxine Billings, Inez Sanger, Hazel Langroise, the Misses Johnson and Gillson of Lawiston and Miss Reed of Pullman.

Gamma Phi Beta announces the engagement of Bessie Newman, '22, to Russell Scott, '21, of Beta Theta Pi.

Kappa Kappa Gamma entertained at dinner Thursday evening for Vaughn Price, Al Fox, Jim Fox, Gerald Friedman, Dwight Koontz and Jimmy Farrell of Alpha Kappa Epsilon.

Florence Graves has been teaching in the Sandpoint schools since the holidays and will continue to do so until the second semester.

Michael Thometz of Phi Delta Theta returned Sunday evening from Atlanta where he attended the National Convention.

Howard Hansen returned to the Sigma Nu house from the infirmary Monday after an illness of several days.

Betty Barr of Lewiston was a visitor at the Delta Gamma house over the week-end.

Wednesday dinner guests of Gamma Phi Beta were Professor and Mrs. Kenneth Collins.

Helen Johnston is in Portland attending the Y. W. C. A. convention.

Kappa Kappa Gamma announces Mrs. George Morey Miller as their patroness.

Harold Dort of Sigma Nu was called home to Coeur d'Alene Saturday due to the death of his grandfather.

Pete Barto was a Pullman visitor Sunday.

William Foran of Seattle was a Tuesday evening dinner guest of Kappa Kappa Gamma.

Gertrude Boyan and Georgianna Giffin of W. S. C. were guests of Delta Gamma Saturday.

"Chick" Evans of Sigma Nu house returned home Monday after a trip to Nez Perce coaching the frosh basketball team.

Winifred Jones spent the week-end at Jenkins Hall with her sister Genevieve.

Lillian Collins, Goldie Felton and Elliot Eaves hiked to Pullman Sunday afternoon.

Henry Murdock of Pullman was a week-end guest of Phi Delta Theta.

Kappa Kappa Gamma announces the engagement of Thelma Hare, '22, to William T. Foran, Sigma Nu, of Seattle.

Allan McDaniels was a dinner guest of Phi Delta Theta Wednesday evening.

Wednesday evening dinner guests of Kappa Kappa Gamma were Keith Hornung, Fred Hornung, Bernard Friedman, Lynn Nash, Marshall Macey and Richard Fox of Alpha Kappa Epsilon.

Kappa Kappa Gamma entertained a few of their alumni at a fireside Sunday evening.

IDAHO DEFEATS S. A. A. C. TEAM IN HARD GAME

THIRTY-NINE TO TWENTY IS RESULTING SCORE.

IDAHO OFFENSIVE SHOWS UP WELL

Second Team Drubs Frosh as Curtain-Raiser.

Monday evening in the University gymnasium the students and basketball fans had an opportunity to witness the true caliber of the varsity team, when the strong Spokane Amateur Athletic Club team was defeated 39 to 20.

Playing against the team which held W. S. C. to a tie score and necessitated five minutes extra play for W. S. C. to win, the Vandals showed the club team just what a real defense meant and the Spokane players were forced to shoot from almost impossible distances or else pass the ball into the Idaho defense. The game was hard fought, the slippery condition of the floor aiding in making the game rather rough.

Sohns, of the club team, played a fast, hard game. He was ably assisted by Allen, but they were so completely covered that neither was able to demonstrate any very great ability in basket shooting.

All five men for the Vandals showed up well on the defense. Idaho's offense was a little ragged at times and the shooting was off form.

"The team proved beyond a doubt that Idaho will have a wonderful chance for the championship again this year. Let's see a little more pep at the games and more of a spirit of cooperation upon the part of those in

attendance, and everyone get out to games," says one undergraduate fan.

U. Club, Akes, Lindley Hall and Phi Deltas are winners of Intra-mural Series.

The S. P. A.'s forfeited to the University club five in the first game of

the intra-mural basketball series last Saturday. In the second game the A. K. E. drubbed the Kappa Sig. 13 to 8. The game was hard fought but the Kappa Sig., even with the fine playing of Brown could not stop the A. K. E. with J. Fox going so well.

The Phi Delt-Sigma game was a real battle and the result was in doubt until the final whistle. The Phi Delt finally posed out on the long end of the score, 15 to 13. Telford and Nelson played very well for the winners and Hunter and Glinderman showed up well for the losers.

COMPILATIONS OF SEMESTER GRADES

Publication of Complete Lists of Grades Made During Past Semester.

The office of the registrar has made complete compilations of the grades and standings made by students during the last semester of the past school year. From time to time reports and portions of the statistics have been made. This is the first complete publication of the entire list.

The entire compilations follow:

"I" Men

bate will occur February 25. So far as is known now, this will be another dual contest. Each school will be represented by two two-man teams. The Idaho negative will travel. The date of the trials for this contest is posted in the administration building. A new trial will be made to pick this team, and a large turn out is anticipated.

VOTE ON CO-EDS AT JUNIOR PROM

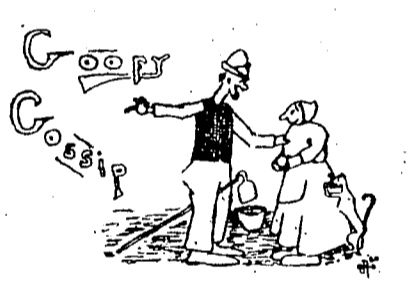

(Continued from page one)

Everything indicates that the Junior Prom is going to be the dance of the season. Committee heads have been busily engaged since before the holidays and as a result have most promising reports.

Clyde Williams, chairman of the decorating committee made a trip to Spokane early last week and completed arrangement for the materials which will be applied in beautifying the gym. Gladys Hastie promises to expose to all corners the richest program that has been presented at an all-college dance in the history of any of the present student body. The Stunt committee in charge of Thelma Hare, co-operating with the decorating committee, will startle the natives with their novel and original ideas. Daniels and Brown claim all feet will tingle as far as floor and music is concerned. Refreshments will look and taste different. Ask Al Graf. Speedy reports the sale of tickets is moving beyond all expectations. His advise is, "get yours while the getting is good."

Final and absolute. No stags or flowers allowed.

War Over?

Customer: "Bowl of oyster soup, two scrambled eggs, coffee and brown bread."

Ex-S. A. T. C. Waiter: "Marines in the mud, two squads, deploy 'em, cup of reveille and colored shock troops."

—Rutgers Targum.

Ohmygosh!

Stricken Freshman (to pretty co-ed) "You are the breath of my life, Caroline."

Blushing co-ed: "Oh, really? Then see how long you can hold your breath."

The Kiss

"But"—
 "No."
 "Just"—
 "No."
 "Once"—
 "No."
 "Please"—
 "No."
 * * * * *

"Henry, why don't you shave?" —Exchange.

Kappa Sigma?

"What makts your cat so small?"
 "Oh, I brot him up on condensed milk."—D. M. M.—Michigan '20.

College Proverbs

Many co-eds believe in making headway while the moon shines.
 If brevity is the soul of wit, there's nothing funny about a college chapel service.
 To play poker is human; to win, divine.

NOTICE

The infirmiry wishes to announce that the person who took the fourteen ounce bottle of extract is known, and may save annoying pblicity by settling for the same at once.
