THE SPOILS SYSTEM.

Certain political factions or machines at Boise have been moving Heaven and earth to oust the commission of education, Doctor Bryan. It is but another example of the workings of that world old adage, "to the (political) victor belongs the spoils," the spoils in this particular case being the power to dominate the entire educational system of the state of Idaho through a political machine. "The Idaho Plan" under which the institutions of higher learning throughout the state are controlled, is one of the most constructive pieces of school legislation ever attempted by any state, and doubtless the most perfect plan, theoretically at least, existing in the United States. We say this advisedly, because we know for a fact that the Idaho Plan has been recognized as such, by educational experts, the country over, and their eyes were turned toward the west awaiting the outcome of this innovation. Aside from political dissection which it has raised, the plan has been an unqualified success. Idaho's institutions of higher learning have made an unparalleled growth and development since the present system was inaugurated. There has been a more perfect coordination between the higher institutions themselves, and between them and the high schools of the state, than was ever dreamed of under the old system. Any citizen of Idaho, having the interests of education at heart, may point with unqualified pride to the results of the "Idaho Plan." The men in Boise who have been trying to oust Doctor Bryan have had but one charge on which to base their attitude namely that he has been an autocrat. And this charge, translated to its self evident meaning, is simply a terse method of stating that Doctor Bryan "has made good on the job." He has been unmoved by party politics, by machine dictates and petty dickerings. He knew his work, and did it without subservance to faction, clan or party. He saw the goal of achievement ahead, and clung to the path to that goal. Such a man is bound to be gall and wormwood to the men who are trying to dictate to the entire state through their particular faction or party, and who often disregard the best interests of the state in order that "their man" may handle the helm. House bill 59, now notorious over the entire country, is not a piece of constructive legislation. It advances no new ideas, it offers no other solution to the educational problems of Idaho. It is purely destructive in its nature, a monkey wrench in the systematic control of Idaho's educational institutions. In all fairness, could Idaho expect to secure the services of a truly great man to head her educational system, if that man knew that his job, his success, in short, the entire school system of the state depended solely upon a capricious legislature, which every two years brought into life a new control, with its personal desires and party manipulations. No one would undertake such a position, and a man would be foolish to attempt it. Yet under the plan now proposed, the state superintendent of education would be the head of all state institutions of higher learning. And casting no reflections on the present holder of this office, nor her qualifications, again we ask in all fairness, how many county school superintendents are qualified to shape the destiny of such institutions as the University, the Normal schools, or the Technical College at Pocatello? You answer, very few if any, and more likely than not, there is not one in the entire state of Idaho who is capable of doing that thing, yet it is common knowledge that we take a county superintendent and elevate her

to the position of state superintendent. It is the invariable custom. Do you, University of Idaho Student, feel that you are capable of adjusting the relations between the various institutions of higher learning throughout the state, and again, adjusting their relationship to the high schools of the state? Certainly not, yet the average graduate of this University is as well qualified, often much better. Then, the average county superintendent, whom the zealous legislator, Mr. Ball, proposed to lift into the state office by political manipulations, and place in charge of all Idaho's greater institutions. Doctor Bryan is a pre-eminent educationalist. His knowledge of school affairs has been gained through a liberal education, through years of experience in grade schools, high schools and colleges of the northwest. Added to this, he is a man of vision, of common sense and the ability to execute the ideals and plans for a greater and better educational system in Idaho. To disrupt the Idaho Plan, and place the future of all our greater institutions of learning under purely political control, invites disruption of established system, inefficiency, disorder, party dickerings and manipulations which would be bound to destroy the co-ordination that now exists between all the schools of the state. It would retard development, lower efficiency and demoralize the entire school system, making it a thing to be bartered and dickered this way and that for the advancement of personal desires. The disruption of the present Idaho Plan would be nothing less than an irradicable blot on Idaho's fair escutcheon of educational advancement.

IDAHO'S DUSTY TROPHIES.
short time ago a visitor and a senior attending one of the all-college functions, were passing away the interval of an unengaged dance by gazing at the contents of certain cases in the lobby of the gym. The visitor regarded the glass cases on the wall. "What are those?" he said. "Those," said the senior, hesitatingly, "Why that is the trophy case." The visitor looked again. The silver cups behind the glass doors were tarnished, some of them to the point of blackness. The pictures were soiled and torn, and several of them had been jarred out of their designated places, and were lying face down on the bottom of the case. Some of the scores of games, inscribed on the balls that were used in making them, were all but obliterated. Dust covered everything. The case showed every evidence of woeful neglect. If the custom of preserving trophies and souvenirs of the various events of our school life is to be discontinued, let it be done away with altogether. What Idaho calls her trophy case is now only an unsightly and shameful vestige of what was once a glorious tradition. Better no case at all, than one remaining as a silent witness, publishing the testimony that Idaho is either ashamed of her record, or has not enough interest in living her life as a genuine American university to take the trouble to preserve visible souvenirs of the high points in her history. But Idaho is not ashamed of her record. And neither, in any phase of her life as a college, does her interest lag. She has won many athletic contests, and many has she lost, but in not one instance has she had cause to feel other than most proud of the conduct of her teams. And a more loyal group of students than Idaho's—a band more interested in the welfare of their school, past, present, and future, was never gathered together. Idaho should not allow her trophy case to fall into decay. Trophies are to a school what medals, decorations, and, sometimes, scars, are to a military hero. They are the visible reminders of many battles laudably fought. They are objects for proud indication, no matter what may have been the outcome of the contests they represent. The present neglect of our trophy case is no doubt due to the fact that no one knows exactly where lies the responsibility of keeping it up. Lacking a more expedient plan, it is suggested the duty be assigned to the yell leaders.

THE ETERNAL REFORMER
It is reported that churches of a certain Inland Empire town are attempting to reform the last known refuge of amusement seeking people. Resolutions, formed by church leaders, have been laid before the city council, asking that picture shows be censored. Mr. X, a leader in one of that city's prominent churches, and a teacher of a Bible class, said: "I have never attended picture shows, but I know there is much wrong about them. We don't have to go far from this council room to see pictures of bathing girls exhibited on the streets in front of a picture show and we all know these pictures are indecent and should not be shown to anyone, especially boys and girls." We are glad to have the opinion of the speaker on such an all important matter. Who is better qualified to pass on the unspeakable evils of a picture show, than a man who has never been inside of a moving picture house? We have given this question much thought, and can only reach this conclusion, namely, that there could be no man better qualified to intelligently discuss such a matter than a man who has no personal experience in the matter, who depends solely on what someone else, as well informed as he, for his information. Why is he qualified to pass on the matter? Simply because he has no self-learned facts to prejudice his mind, he is open to all fair criticisms, his reasoning power is untainted with crude desires and unholy lusts. In all seriousness, we could never see anything immoral or indecent about a young woman in a bathing suit. What is there that is harmful about a girl seeking clean, wholesome recreation in that finest of all sports, swimming; the sport that is recommended by all physical directors and medical authorities as the sport most adapted to the health and development of the average girl or woman. We do not gainsay that many "bathing pictures" are built around a bunch of pretty girls in scanty suits, where water is conspicuous by its absence, but we find that wickedness has crept around every other phase of life. It DOES make us peeved to have it publicly announced that a girl in a bathing suit, is indecent. We advise a public administration of water, Holy and otherwise, to such men, thru the medium of a four-inch fire hose, and mixed with a liberal amount of common sense applied with oak paddles. And a remembrance of the teaching, "That to the pure in mind are all things pure."

February 20th. Special services will be held for the students. You will enjoy being present and getting acquainted with the members of the local church and with one another. Therefore let us make church attendance as universal as possible on this day. At some of the churches opportunity will be given for students to unite with the church, either as regular members or as affiliated members. Please accept this as an invitation to attend the church of your preference, Sunday, February 20th, at 11 a. m., or 7:30 p. m.

SOCIAL & PERSONAL

Society seems to be suffering from a break-down, nervous, faculty, or otherwise, and indications point to an unavoidable demonstration of a stored up pep at the annual Military Ball scheduled for Saturday evening of this week. Whether the present run-down social situation be due to rumored faculty restrictions or some other unpleasant cause, it is nevertheless evident that house parties are well termed "passee," and the past week-end was void of any social affair with the one exception of the Gamma Phi Beta informal held Saturday evening following the initiation banquet.

Kappa Sigma announces the pledging of E. A. (Bung) Snow of Boise.

Kathryn McCormack visited at the Delta Gamma house over the week-end.

Professor Dale was a dinner guest of the Elwetas Wednesday.

President and Mrs. Upham were Sunday dinner guests of Sigma Alpha Epsilon.

Miss Catherine Burnside, of Portland, Oregon, Grand Registrar of Kappa Kappa Gamma sorority, will arrive in Moscow Wednesday to spend a few days with the local chapter.

Sigma Nu entertained at dinner Sunday for Mrs. G. H. Wickes and mother, and Miss Mary Wickes of Moscow.

Helen Roberts, accompanied by her sister, Mrs. Robert Logan, left for Twin Falls Tuesday. She will be unable to continue her college work this semester because of illness.

Idaho Alpha of Phi Delta Theta announces the initiation of Lloyd Copeland, Walter Chubbuck, Ralph Alley, Leonard Kinney, Harold Telford, Lynn Beauchamp, Benard Keane, John Hamilton, Donald Scott, William Stone, John Brady, Charles Kelly, Virgil Bedwell, Lynn Rogers, Kenneth White and Arvid Nelson.

Gamma Phi Beta announces the engagement of Nell Carscadden to Howard Hectner of Sigma Nu.

Carl Carlson took dinner with the Elwetas Friday.

Gladys Sargent and Alice Gunn, of W. S. C. visited at the Kappa Kappa Gamma house Friday afternoon.

Gamma Phi Beta announces the engagement of Ruth Coffey, ex-22, to Lev Morris, '20 of Sigma Nu.

Francis Sheneberger, Kappa Sigma, of Twin Falls, has returned to college for the second semester.

Lynn Hersy and Vernon Walters were Thursday dinner guests at the Sig Alpha house.

Gamma Phi Beta announces the initiation on February 12 of Gussie Barnhart, Kellogg; Maxine Billings, Twin Falls; Nell Carscadden, Coeur d'Alene; Mildred Collins, Moscow; Agnes Cox, Kendrick; Edena Edwards, Boise; Ruby Gates, Boise; Sue Lommel, Coeur d'Alene; Margaret Leuschel, Wallace; Joan McCallum, Idaho Falls; Louise McMartin, Twin Falls; Esther Morris, Jean Morris, Moscow; Louise Nason, Spokane; Helen Patterson, Boise; Dorothy Shallis, Coeur d'Alene; Pearl Stalker, Boise and Elizabeth Thatcher, Moscow.

The twelfth annual initiation banquet was held at the Guild Hall. Fifty-three active and alumnae members of the sorority were present.

After the banquet the initiates were the guests of honor at an informal house dance at the chapter house.

The guest list included the Messrs. Morris, H. Staples, Foran, Bennett, Telford, Seymour, Hoover, Hectner, D. Scott, Flitner, Sandberg, Bucklin, L. Scott, A. J. Priest, Colborn, M. Penwell, Parks, Brigham, Simons, Williams, R. Wilkinson, T. Gerlough, Piteairn, Nagle, G. Gerlough, R. Spangler, J. Garrison, S. Breshers, C. Kelley, H. Brashears, Creelman, A. Breshers, Hibbard, Johanneson, Plastico, Van Hoesen, Chrisman, Jennings, Sampson, Hodgins and F. Youngs.

Kappa Alpha Theta entertained Sunday evening at a fireside for Marguerite Newman, Helen White, Marjorie Hinkley, Josephine Walker, Vivian Green, Alyce Lester, Grace Jacobson, Juanita Philippi, Caroline Gilman, Olivine Kenward and Pearl D. ...

Elliott Eaves of Phi Delta Theta spent the week-end in Lewiston.

Francis Wiley who has been ill for several weeks, is able to be out again.

Kappa Sigma announces the initiation of George Kerr, Boise; Rudolph Gant, Lewiston; Joseph Cogan, Post Falls; Winton Arnold, Prescott, Wn.; Paul Hill, Boise; Dwight Johnson, Nez Perce; Eugene Zackman, Emmett; Clayton Hoover, Blackfoot; Fred Marineau, Coeur d'Alene; Charles Seymore, Coeur d'Alene and Willard Storms, Moscow.

Sunday dinner guests of Phi Delta Theta were Esther Motie, Joan McCallum, Thelma McGee, Virginia Dermott, Margaret Moseley, Albertine Benoit and Margaret Leuschel of Gamma Phi Beta and Mr. and Mrs. Franklin of the university infirmary.

Gladys Clarke has gone to Spokane for a visit with her parents.

Lucie Davis of Kappa Kappa Gamma spent the past week-end in Spokane where she attended a Kappa luncheon held in Culbertson's tea room Saturday noon. Peggy Doyle, Virginia McKae, Esther Swan Sturdial and Katherine Keane, all former Idaho students, were also in attendance.

Katherine Madsen spent the week-end in Pullman.

Idaho Alpha of Phi Delta Theta announces the pledging of Cameron King of Lewiston.

Harold Hollar was a dinner guest of the Elwetas Sunday.

Lucie Dermott Woolery was in Moscow for the Gamma Phi Beta initiation banquet.

Kappa Sigma entertained at dinner Sunday for the Misses Verna Wilkenson, Pearl Stalker, Mary King, Louise Nason, Agnes Cox, Ellen Peterson, Mrs. Scott of Gamma Phi.

Goldie Felton has returned to school after a brief stay at her home.

Has anyone been missing the little God of Love of late? If so they may find him somewhere about the Sigma Nu house. It appears that the little enticer has been secreting himself in some of the clothes closets in the fraternal bastle, and ever and anon, he steals out among the brethren and surreptitiously impregnates another victim with his arts.

The engagement of Howard Hectner to Nellie Carscadden announced last night, makes the eighth time that some valiant member of the clan has fallen by the way-side within the last two months. The fraternity has passed resolutions, prohibiting further announcements for a period of two weeks. The strain of smoking so many cigars has had a telling effect, hence the drastic action.

Kappa Kappa Gamma entertained at dinner on Wednesday evening for Mrs. Hatfield, Mrs. Robbins, Mrs. Armbruster and Mrs. Nankervis of Moscow.

The Misses Ellen Peterson and Ruth Coffey of Spokane; Thelma McGee and Bernadine Moser of Lewiston and Leah Farris of Ogden, Utah, were in Moscow for the Gamma Phi Beta initiation banquet.

Idaho Alpha of Sigma Alpha Epsilon announces the initiation of J. Warren Stoneman, Bert Bowlby, Charles Preuss, Sigvard Sampson, Merle Markham, Paul Reed, John Trautman, Welcome Garlock, Alfred Anderson, Clyde Richards and Walter Greathouse.

Delta Gamma entertained Marshall Blair, Gordon Staples, Harold Ayers, Bruce Johnson, and Gene Bramhall of Alpha Kappa Epsilon at dinner Wednesday.

Gamma Phi Beta entertained at a fireside Sunday evening for their patronesses, Mesdames M. E. Lewis, Forney, Truitt, and Little and Miss Katherine Jensen.

Jean Kendall spent the week-end at her home in Spokane.

Rudolph Gant spent the week-end in Lewiston.

Ruth Creswell of Pullman spent Saturday afternoon at the Kappa Kappa Gamma house.

Ruby Henderson was the guest of Delta Gamma Friday.
