### HARSCH HANGS UP RECORD

Student Coach Steps Half In 2 Flat, Breaking Long-Standing Record of Hec Edmundson

(By J. E. Armstrong)

Idaho lost to W. S. C. in the first dual track meet of the year held on the Rogers Field at Pullman Saturday afternoon, June the 7th. The Cougars garnered 79 points to Idaho's 52. Jenee of W. S. C. was high man with 15 points, while Perrine of Idaho was close second with 13. Harsch broke Idaho's old record of 2:01 for the half-mile.

Victory turned into defeat for the Silver and Gold in their first dual track meet held this year. What dopesters had figured out to be a good chance of Idaho winning, ended with W. S. C. carrying off the honors with a total number of 79 points. Idaho's greatest weakness laid in the 100-yard dash, 220 hurdles, pole vault and discus. In the four events the Silver and Gold garnered 3 points out of a possible 33.

In the 440-yard dash, the half-mile, the relay, javelin and shot put, Idaho was easily victorious, taking 31 points to only 10 cornered by W. S. C.

Harsch of Idaho ran one of the best races of the meet. Running the half-mile, he set a pace his W. S. C. opponent could not overtake and finished in 2 minutes flat, breaking Idaho's old record of 2:01 set by Hec Edmundson in 1905. Harsch was somewhat handicapped in this race by having to run against a wind part of the distance.

Irving held up good in the javelin, taking first place, but was weak in the shot put and discus. In the javelin, Perrine was under the weather, taking third place, but recovering enough to grab first place for Idaho in the shot put. Both men were troubled with sore shoulders and arms, and this had a lot to do with their places in the three events.

Perhaps the closest event of the meet was the broad jump, when Perrine, Irving and Jenee made their distances within a quarter of an inch of each other. Much comment was given upon the closeness of the measuring, some maintaining that Idaho was not given a fair deal. This was due to the soft sand in which the men landed, and which at times would roll back into the impression, making accurate scoring to a quarter of an inch impossible. According to some critics the points should have been divided, giving Idaho the benefit of the doubt in the measurements.

Jenee, holder of the pacific coast record of 13 feet 1 inch in the pole vault, had easy pickings in the pole vault against Idaho. This event was Idaho's weakest point, for she never scored one tally, W. S. C. men taking first, second and third place. In the high jump and broad jump, Jenee seemed to carry a horse shoe, barely winning in both events. In the former he grazed the bar as he crossed, but the chance of fate kept the swaying bar from dropping.

The 440 dash was somewhat slow for a collegiate meet, but Eaton had no real competition in this race and did not have to stretch out to his best form. Van Hoesen, who won this event last year, did not have his usual form and finished third.

The two mile run was the most closely contested event of the meet. Gill and Rowlee outdistanced their competitors from the start, and it was only by his superb physical condition that Rowlee was able to win. Gill stayed at his heels for practically the whole distance, and only in the last 300 yards was he outclassed. The time, 4:47, was very fast and there is no question but that Gill ran this race in his usual time.

## Are You With Us? Then Get Busy. Idaho's High School Seniors Wait to Hear From U

Is the U. of I. in style in your town? Or do they go somewhere else?

If you're a pioneer here, from your town, it's up to you to set the fashion.

University attendance runs in streaks, according to authorities on enrollment. Some towns send a lot of students; some send scarcely any.

But the U. of I. is the U. for U. And it's the U. for your friends. Hundreds of students were invited in letters issued last week, to choose a few high school seniors at home, to whom to sing the praises of Idaho this summer. Returns are just beginning to come in.

Blackfoot was the first town to report.

"Hardly had the letters been distributed," said Edward F. Mason, who has charge of the new student drive, "when a Blackfoot blank was back again, with seven names on it. Two were names of graduates of last year, who have been attending other schools, but for whom 'prospects are good' that they will attend here next year."

"Richfield was next. There are two graduates there this year. There is a volunteer to canvass both both of them.

"Next, in a bunch, came Caldwell, Coeur d'Alene and Malad—four names on the Caldwell list, seven on the Coeur d'Alene sheet, and the Malad booster replied, 'I choose all of the enclosed list.'

"One good U-salesman announces that he has written every student from his high school and has received letters from some.

"One of them I am sure," he says, "will be here next year and he informs me others have received my letters and have expressed themselves to be certain of the U. of I. next year."

"The Southeastern Idaho 'U' club is throwing itself into the campaign with great enthusiasm.

"Prospects for a big freshman class are seen in the announcement that of 1423 Idaho high school seniors who have made known their plans, 688 expect to attend some university next year. It is the purpose of the present campaign to show such students that their own university is the logical school.

"It was pointed out by President Upham recently that Idaho, being a growing state, is keeping most of its young people as future residents, rather than sending them to live in other sections of the country. A student here, he estimates, will have an opportunity in four years to become acquainted with 1500 young people, who will be the future leaders of thought and action, all over the state. It is into this opportunity that we are inviting our friends in the old home town we urge to come to the U. of I."

## THE SENIORS HAVE "SNUCK"!

The Campus seemed an empty void this morning, the professors wore a woe begone expression; there were rows and rows of vacant seats in classrooms; under classmen, who have always depended upon the efforts of their seniors to tide them over the rocky places in recitations, were treated to an awful let down when not a solitary bit of assistance appeared to lessen the burden of tiresome classes. In fact, the entire campus appeared to re-enact "The Deserted Village."

THE SENIORS WERE GONE—How, when, or where, no one seems to know; but the fact remains that they have gone. Evidently, they were early risers for the most diligent Frosh failed to catch a glimpse of them before they departed. Juniors lost no time in hunting up the festive canes and parking on the "I" bench. As we go to press, the campus is still sorrowfully awaiting the return of their beloved Seniors.

## IDAHO DIVIDES TWO GAMES WITH WHITMAN MISSIONARIES

McMILLAN'S PILL JUGGLERS PLAY ERRATIC BALL FOR 17 INNINGS, THEN STAGE REAL RALLY AND ANNEX SECOND GAME BY A 11 TO 10 SCORE.

### STUNT FEST COMES FRIDAY MAY 20

Will Not Follow the Inter-Scholastic Meet as in Former Years—All Students Will Pay Admission

Contrary to a custom of many years the annual Stunt night will not follow the Inter-Scholastic track meet, but will be held Friday evening, May 20th.

According to a decision of the Executive Board, all students will pay the regular admission charge, whether they take part in the stunts or not. The regular charge of twenty-five cents will be levied for the evening. Remember the date, May 20th.

### CAMPUS BASEBALL OPENED WEDNESDAY

The Inter-mural baseball series was opened by a seven inning game between Lindley Hall and the Elwetats, Wednesday evening, in which the Indians came home with the long end of a 9-7 score. Considering that neither team has had much opportunity for practice, the game was fairly well played and there were but few errors on either side.

Si Swanstrom and Ink Mohler were the Elwetats Battery; for Lindley Hall, Darnall, Clark and Mattson.

### ALPHA ZETA ELECTS EIGHT NEW MEMBERS

Before a meeting of the Ag. Club Thursday evening in the "Y" hut eight men were pledged to become members of Alpha Zeta. R. R. Rowell, Chancellor of the local chapter, conducted the pledging services. The following are the new men: Vernon T. Patch, '23, of Payette; Eugene H. Bramhall, '23, of Wallace; William E. Hamilton, '22, of Kamiah; R. N. Irving, '21, of Rupert; Dewey Patton, '23, Payette; George N. Tucker, '23, Notus; James W. Farrell, '22, New Meadows; and William Byron Miller, '22. The two last named are of the School of Forestry which is considered an allied industry of Agriculture.

Professor R. K. Bonnett, head of the Agronomy Department, gave a comprehensive outline of the purposes and requirements of Alpha Zeta. This was done for the purpose of arousing interest in this honorary fraternity of especial import to the agricultural men. Professor H. P. Davis, head of the Dairy Husbandry Department, then recited a brief history of Alpha Zeta. Founded in 1897 at Ohio State Agricultural College it has grown until there are chapters in practically every Agricultural College of any size in the United States.

The members of the Ag. Club passed a resolution to debar all non-members from taking part in its activities. The need of making the Ag. Club a more widely organized has long been felt. It is hoped that this resolution, by cutting out a great deal of "dead timber," will solve the problem.

George Sisler, while pitching for the University of Michigan, struck out 20 of the 21 men in a seven inning game.

Here is a record of cadet French of the West Point baseball team in the five games he has played this year: G 5, AB 24, R 10, BH 15, 2B 2, 3B 2, HR 1, SO 0, SB 5.

### MOE'S DRIVE SENSATIONAL

When Sacks Are Filled In Last of Ninth Moe Clouts the Horsehide Over the Fence and Wins Game

After playing seventeen innings of erratic baseball, which was replete with errors and hard luck, Idaho tightened up in the last frame of the two game series with Whitman and Moe's clout into the race track with the sacks filled, won the second game for Idaho, with a score of 11-10. Idaho dropped the first game on Thursday 9 to 5. Both games were marked by endless errors on the part of the Silver and Gold, and hard luck seemed to follow the varsity in every stage of the game.

Idaho dropped the first game in the initial frame when eight errors and overthrows and two hits off Foran let the entire Whitman lineup go to bat, and six men scored. Breshears replaced Foran in the second inning and pitched a consistent game for the remaining eight frames, allowing but three hits.

The second game was slightly better played than the first, although the Idaho team had eight errors chalked up against them. Marineau pitched a good game, allowing but four hits in eight innings, which he kept well scattered. All Whitman's runs off Marineau were obtained on errors. Jacobson hurled the sphere for the last frame, allowing one blow.

McDowell, Whitman's Southpaw had the Idaho batters on his hip for five innings. The Varsity were unable to wait for his slow out, and whaled the empty air repeatedly. In the sixth they solved his delivery, and whaled the horsehide for six blows, which netted a round half dozen tallies. McDowell was replaced in the last of the eighth by Sherwood, a speedy right hander, who opened the fireworks by walking two Idaho men and allowing three hits by Fox and Kearn, netting two runs. In the last of the ninth with the score 10-9 in Whitman's favor Idaho filled the sacks and Les Moe clouted the pill over the race track, scoring two runners, and the whole aggregation could have made the circuit on the blow had there been any need of additional counters.

CAMPUS DAY

Another tradition of Idaho is to be re-enacted on May 11 when students and faculty will observe Campus Day. A tradition such as campus day is indeed a glorious one for both the University and for the students.

In the first place, Campus Day is strictly a student day. There is no intention on the part of the faculty to restrict the activities of the students on that day, nor to interfere with the plans for the development of the campus and the athletic field. Of course it must at all times be remembered that the campus is a permanent part of the University, and that definite plans have long been entertained for its ultimate development and beauty. So at times it has been necessary for the faculty to direct the efforts of the students, so that these ideals might be carried out. But other than that, there is not, nor never has there been any inclination on the part of the faculty to control the day.

This year, the entire forces of the workers is to be directed on something that is distinctively of student interest. The athletic field, long noted for its poor qualities, is to receive the entire efforts of the working forces, and those efforts are to be directed along a line which will accomplish the greatest results and the most permanent ones for the bettering of the field. The University is furnishing tiles, and the entire morning will be spent in laying them to a scientific grade, so that what is accomplished on campus day will be a permanent asset to the field.

This is perhaps the first time in many years when the entire working force has been turned loose on a proposition which is distinctively a student affair. Of course work on the campus proper is a student concern, for this is our University, but when the work is narrowed down to a phase of the campus which directly concerns the students as does the renovation of the athletic field, it is something which is bound to meet with hearty student approval.

The day is not alone for the development of the campus, but for the development of a better student spirit of cooperation, comradie, friendliness and loyalty. It is a grand day to become acquainted with the entire student body. It is a great day to forget petty differences which may have existed in the past, and to unite in one common body with a common purpose; to accomplish as much as is humanely possible on the athletic field, and to make the day one of pleasure, profit, and an occasion to be long cherished in our fondest memories of the university.

ANNUAL INSPECTION OF CADETS YESTERDAY

Battalion Officers Regard Showing As Most Satisfactory Ever Made By Cadet Battalion.

"Today's inspection of the Cadet Battalion was extremely gratifying in every way" said Colonel Chrisman yesterday evening "I have witnessed some nine or ten inspections at Idaho, but this was the most thorough that I have ever seen. and at the same time, the most satisfactory one. An entirely different spirit seemed to permeate the entire battalion. The inspection was regarded by every cadet as a serious thing, and both battalion and individual work was of the very best" said Col. Chrisman. "I am indeed grateful to the men of the battalion for their hearty cooperation and splendid work and desire

to thank them for the unusual interest they have shown in this inspection."

The inspection made by Col. N. M. Falls occupied nearly three hours, and was the most complete and exhaustive ever held at Idaho. Every phase of the work which has been covered by the cadets was re-enacted yesterday.

Col. N. M. Falls, inspector of the field area, especially commended the Idaho cadets and officers for the splendid efforts they have put forth in the past and in remarking on the battalion he said, "The University cadets are not only representative of the University of Idaho but are also representative of the whole state of Idaho. The character of the inspection was the best I have seen and it showed a conscientious effort on the part of every individual member. This is the spirit I like to see the men take in their military work, for it is characteristic of the true American, and his desire to get the best out of life."

"I wish to thank the cadets and especially the officers and Col. Chrisman for the tireless effort they have shown in making the battalion one to be proud of. Only through the most complete cooperation on the part of the men can be responsible for the successful showing of any battalion no matter how hard the officers may work in connection with it."

The entire afternoon was given over to military maneuvers, which included drills of all kinds by squads, platoons, and companies. Complete tactics showing the formations used by companies in actual warfare were a special part of the inspection. The public were much pleased with the setting up exercises the bayonet drills, and especially the novel feature which displayed the famous army dog tent and the means whereby it is used by troops when out on the marches.

This is one of the most complete inspections Idaho has ever had and is by far the best one. Many favorable comments were given by the ex-service men upon the almost perfect way in which the cadets handled themselves, and not a few remarked, "They could almost make our old company take a back seat when it drill." The familiar old army pack, caused many to render a heavy sigh, and visions of long and weary marches with tired shoulders and aching feet flitted through the minds of the few bystanders who had trundled one of them in the days gone, but not forgotten.

W. S. C. FROSH BEAT IDAHO FROSH IN BALL

"Everybody make an error" seemed to be the Frosh slogan when they played the W. S. C. Frosh at Pullman April 30, allowing the Cougar kittens to annex the long end of the score 10-4. An unlucky 13 errors featured the opening half of the game.

After beating the Lewis and Clark pill artists in the first real diamond duel, the embryo Idaho players commissioned old man jinx as their mascot in the Pullman game, with the consequences of losing the game on errors.

The Frosh got a poor start, allowing Lewis of W. S. C. to score two home-runs and giving W. S. C. such a lead that it was impossible to overtake them. Numerous errors and wild throws were responsible for the W. S. C. victory, as Idaho was credited with slugging and more hits.

Y. W. C. A. ELECTION HELD LAST FRIDAY

New Officers Will Take Charge At Once. Seabeck Attendance Is Urged for Members.

The annual election of officers for the Y. W. C. A. was held last Friday. The nominees were: President, Muriel Carson; Vice-pres. Ruth Litton, and Ruby Spencer; for secretary, Gladys Beach, Clara Jones and Agnes Cox; for treasurer, Gladys Simmons and Helen Cochran.

The officers finally elected were Muriel Carson, president; Ruth Litton, vice president; Gladys Beach, secretary; and Helen Cochran, treasurer. Under graduate representative, Helen Johnston. The new officers will take charge at once.

At the last meeting of the Y. W. C. A. it was urged that as many girls as possible attend summer conference at Seabeck, Washington. A discussion followed by girls who had in the past attended the conference, as to the great value derived from it, both as a wonderful vacation and an aid and inspiration for more effective work in the University Y. W.

Rev. Gould also urged attendance and asked that anyone desiring to attend, who could pay part of her expenses, see him at the "Y" hut so that arrangements could be made for securing further money.

As the Stunt Fest is not to be held until Friday, the 20th, the medals to the winning contestants will be presented immediately after the relay race on Tuesday. The presentation will take place in front of the bleachers.

The individual point winner will be given a loving cup instead of a medal as in former years. The cup to be presented to the winning team will remain in their possession permanently, and will not have to be won three years in succession as in past years.

After the work which is to be done on the athletic field on Campus Day, the track should be in the finest condition, and good records should be hung up.

All contestants will be fed at Lindley Hall, and lodged at the various fraternity houses on the campus. Every student is expected to have a ticket, whether he is an official or not, and an efficient police force will be on hand to see that this provision is complied with. Babe Brown, noted for his gentle methods of strong arm procedure, will captain a dil-

gent police force to enforce regulations and keep the field clear of spectators.

The teams from Lewiston and Genesee will be supported by a large number of fans, and it is likely that other north Idaho teams will have their delegations of rooters with them.

# SOCIAL & PERSONAL

All college functions are almost an extinct specie. Picnics and arboretum strolls occupy the throne of social activities. The Spanish Play on Friday night at the auditorium proved a decided novelty for many students. The Alpha Deltas and the Pre Meds danced Saturday night, and we haven't a ghost of an idea of the number of rolls of film that were used on Moscow mountain Sunday. Outside of these minor activities, there wasn't much doing.

## ALPHA DELTA DANCE

The Alpha Delta house dance on May 7, 1921, at the gymnasium, proved that even a bare gymnasium can be made cosy at times. Only half of the gym was used and an impenetrable forest proved too dense for any adventurously inclined individuals while the taller persons of the male element just missed getting their hair ruffled by the pine boughs constituting a low drop ceiling. Punch and wafers served from the old oaken bucket made the well a frequented corner throughout the dance. The guests were Mesdames Upham, Iddings, Oversmith, Wilson, Webb, Dale, and Thompson, and the misses Merrit, Myra Armbruster, Wheeler, Wilkinson, Newman, Minors, and the Messrs. Presa, Upham, Iddings, Oversmith, Bucklin, V. Bedwell, Hayward Matheson, Blair. The guests of the members of the Alpha Delta were Miss Gladys Hepton of Lewiston; and the Messrs. R. Johnson, Speedy, Wells, Briscoe, G. Pierce, Magnuson, Gregory, McClair, Benedixon, Dwork, Bundy, and Matter.

I pledge to kiss  
Whose poignant bliss  
Comes from a microbe—so they say.  
A microbe—ho!  
If this be so,  
He tickles in a pleasant way.  
And so I say  
If man must die  
Of microbe that and microbe this  
I'd rather sip  
The fatal lip  
And take my microbe in a kiss.  
A June bug married an angleworm;  
An accident cut her in two.  
They charged the poor bug with bigamy;  
Now what could the poor thing do?

## LEWIS AND CLARK RAZZ FROSH IN TRACK 72 TO 50

Stinging from the defeat of their badly beaten baseball team, the Lewis and Clark track men handed Idaho's Frosh the raspberry in the shape of a 72-50 defeat, Saturday afternoon, May 7th, at the stadium. Casebolt starred in the 100-yard and 440-yard dash. Case of Lewis and Clark made a new record for the shot put. Before the smallest crowd that ever witnessed a dual track meet the Idaho Frosh fought valiantly to uphold the old slogan, "Idaho Fights."

and to win laurels for themselves and their class, but were defeated by the superior skill of the Lewis and Clark boys.

Casebolt, the fast 440 man, rambled the 100 yards in 10.3, winning first for Idaho, and immediately returned, scoring first in the 440 and second in the 220.

Collard of L. and C. and Case, held individual star honors for the meet. Collard shined in the hurdles and broad jump, taking first in all three events. Ralph Case, the young Lewis and Clark Hercules, set a new inter-scholastic record by hurling the 12-pound shot 46 feet 10 3/4 inches.

The Frosh were strong in the sprints and dashes but weak in the field events, the hurdles and broad jump. In the running high jump, both Franz and Collard tied for first place, making necessary the dividing of points.
