VOLUME XXIII

UNIVERSITY OF IDAHO, MOSCOW, IDAHO, TUESDAY, NOVEMBER 1, 1921

NUMBER 7

## BATES COLLEGE TEAM OF FAMOUS DEBATERS MAY COME TO IDAHO

EASTERNERS CLAIM VICTORIES OVER HARVARD AND YALE FORENSIC ARTISTS.

TAKE 40 VICTORIES IN 50 DEBATES

Debate Manager Greathouse Believes Contest Here Probably; Wants More Material Out.

University debaters and representatives of Bates college, the latter premier in forensic art of eastern collegiate circles, will meet here this year if present plans are successfully completed.

The Bates team is to make a western tour and will be in this section the last of March. As they are to meet a number of schools, the expenses will not be exorbitant.

Waiser Greathouse, debate manager, said yesterday that it was highly probable that a meet would be arranged with this famous eastern organization. A letter from Bates to Greathouse says:

Lewiston, Maine, Oct. 26, 1921. Manager of Varsity Debating, University of Idaho, Moscow, Idaho.

Dear Sir: "The Debating Team of Bates College is contemplating a tour of the United States which would carry it through your state. If such a trip is made, we would be very much interested to negotiate for a meeting with your team.

"Bates College has a record of forty victories in fifty intercollegiate debates, and for the last seven years has been undefeated. With repeated victories over both Harvard and Yale, Bates holds the undisputed championship of the east. The recent debate between Bates and Oxford University, held in England, testifies to the international debating reputation of this college.

"The date upon which our team would be in your vicinity would be the last of March or the first of April. Details as to question and side would be arranged later.

"Should your college be interested in such a meeting, I should be very glad to hear from you and send you more detailed information.

"In view of the fact that your college holds a most excellent record in debate, we should deem it an especial pleasure and honor to meet your team and make your personal acquaintance.

Very truly yours,  
ROBERT W. WATTS,  
Captain Varsity Debating.

## CADET BAND SHOWS ABILITY

With a greatly increased enrollment, the university cadet band promises to be an unusually strong musical organization this year, according to Bernt Nielsen, instructor and also solo cornetist of the band. 44 are enrolled in the organization, which is an increase of 15 over last year's enrollment.

The reed section, which last year was weak, has shown the greatest increase, there being at present six clarinets and five saxophones. The brass section is also unusually strong, boasting eight cornets, seven trombones, three baritones, four alto, and four basses. There are, in addition, three drums, and two piccoloes. Otz Neuman of Twin Falls has been appointed drum major.

But two appearances have been made by the band so far this year but the public will have a chance to hear them on Armistice Day, when the Cadet Battalion will assist the American Legion in the exercises planned for the day.

## PREXY GOES EAST

President and Mrs. Upham and daughter, Miss Peggy, left the last of the week for California, Oxford, Ohio, and New Orleans. They will be gone three weeks. Dr. Upham is to attend the meeting of the Association of State Universities November 7 and 8 and the Association of Land Grant colleges November 9 and 10. Both meetings are to be held at New Orleans. Dean E. J. Addings of the college of agriculture will leave the last of the week to attend the latter meeting.

## FAVORED WITH LUCK UTAH BEATS IDAHO

TWO FLUKES GIVE ENEMY LONG END OF SCORE; S. BRE-SHEARS TALLIES.

U. of Idaho.....7  
U. of Utah.....17

Reaping full benefit from all breaks in the game, the University of Utah eleven was enabled to defeat Idaho's machine Saturday afternoon at Salt Lake City, although actual football honors were virtually equal during the two periods. Only by taking advantage of the breaks, two of which gave them touchdowns, was Utah able to vanquish the silver and gold and reverse last year's score at Boise. Not a score during the whole day's work, with the exception of Smith's field goal sent over in the first quarter from Idaho's 25-yard line, was the yield of prescribed football.

Neither side was able to score in the second period. In the fateful third period Utah mounted two touchdowns. Hagan, crimson fullback, intercepted an Idaho forward pass and raced forty yards to the goal line. The second touchdown came from Smith's brilliant seventy-five yard broken field dash. Idaho's only touchdown was made in the final period when Sherm Breshears recovered a Utah fumble and dashed over the goal line, forty-five yards away.

### Gain on Passes

Thus Idaho has lost another game through being "jinxed." Never before in Idaho history have fumbles played such an important part in the outcome. After outplaying Utah on every turn, executing an overhead array which fairly dazzled the Crimson, gaining on almost every play, it appears uncanny that Idaho shouldn't have won.

During the first period both teams confined activities to straight football, sprinkled with occasional end runs. Utah, however, during this period was able to push the ball well into Idaho territory, so near that Smith, Utah quarterback, was able to make an effective kick from the 25-yard line. Little attention was paid to the possibilities of overhead playing against the Crimson. Late in the first quarter Idaho slambanged for two first downs and after bucking into Utah territory threatened to advance for a touchdown but the Crimson held and recovered. Although both teams threatened during the first half the necessary punch appeared lacking.

The unlucky third had been in progress but a short time when Hagen grabbed Irving's pass on his 45-yard line and slipped down the sidelines for a touchdown. Oswald kicked goal.

Toward the end of the same period Smith, standing on his own 30-yard line, received a long punt and wiggled his way, with splendid and well directed interference, through the entire Idaho defense for Utah's second touchdown. Smith's run was a brilliant piece of work. Oswald kicked goal.

### Idaho Spread Works

Idaho opened up its aerial attack, but too late to stop Utah and surmount the score lead. Time after time Irving sent the ball hurtling from the spread formation. The spread was used almost exclusively throughout the remainder of the game and gave Idaho long gains. Evans and Brown dazzled the Crimson with phenomenal catches and although the overhead wide-open game was unusually brilliant in being executed it came too late to bear fruit.

In the final quarter Utah loosened a determination and a desire to score a third touchdown. Gains averaging from five to ten yards each marked the advance down the field. The Crimson fumbled on a criss-cross off-tackle play and the pigskin bounded back of the Idaho line. With a mighty swoop Sherm Breshears shot behind the Utah line, grabbed the ball from the ground and raced forty-five yards for Idaho's only touchdown and score. Irving kicked goal.

### Grove Evans Stars

Neil Smith, Crimson quarterback, matched Beaney's generalship through the game, making it a battle of brains as well as brawn. For Idaho Captain Evans at left end was the stellar actor. His sensational catches attributed largely to Idaho's ability

## WHAT DO YOU THINK OF BOBBED HAIR?

Taking up international questions in their proper order, fireside athletes are now conducting an exhaustive research into the cause and effect of bobbed hair. So far, they have failed to put out much concerning their findings, declaring that the present question demands the most earnest and serious application of thought and observation and, like all true scientists, say nothing will be given out until their labors are completed, as present outstanding features may be nullified by later results.

### What Do You Think?

No one but an authoritative would attempt to publicly cite his views on the matter, and then only with a preponderance of evidence at hand.

This week the Argonaut is going to find out what the campus thinks of bobbed hair and print the results in next week's issue.

What the general public's impression is, no one knows. One day some big eastern manufacturer says he will employ no Bobs because it indicates a lack of the stuff that made Webster famous. And the next day, a just as important captain of industry says "go ahead, girls, you'll get to work that much earlier." The dean of women at Oregon recently said that bobbed hair was all right, but we know Miss French, our dean of women, has ideas of her own regarding the subject.

### Bobs to Air Views

To learn campus opinion, prominent and notorious individuals will be interviewed and, with their names withheld, bear their innermost thoughts.

Bobbed hair, like pickles and theme tablets, is of many varieties. But authorities agree that whether it be of the spaghetti, waterfall type, or that with the fluffy, snarled o-cedar mop effect, bobbed hair is bobbed hair.

And of course, the Argonaut will be fair in the matter. As a climax to this important piece of investigation, 10 Bobs who are going through the ordeal, and can't go back, will tell us what they think of the idea.

All of it will be in next week's Argonaut.

## SPECIAL TRAIN ASSURED TO ARMISTICE DAY GAME

PEP BAND WILL FURNISH JAZZ FOR TRIP; WILL TAKE 13 PIECES

University students will be rushed home for the Christmas holidays on a special train over the O. W. & R. N., according to E. A. Klippel, travelling passenger agent. The train probably will leave Moscow the Saturday preceding the vacation period and will make no stops through Washington and Oregon except for engine changes. The special train for the Boise Armistice day game is now a certainty. It will include an observation car, four sleepers, diner and a dynamo baggage car. It will make but one stop between Moscow and Boise.

The fare, round trip, to Boise is \$22.50, making the estimate of the total cost of the trip per individual approximately \$35. People from several northern Idaho towns are joining the Moscow people in the venture.

The pep band will go to Boise on the special, according to Lynn Hersey, director. 13 men will compose the band. Concerts are planned at Nampa and Caldwell but the question of dances in these towns is yet to be decided.

The special will leave Moscow at 6:30 Wednesday, November 3, arriving in Boise Thursday noon. It leaves Boise, Saturday noon, arriving in Moscow at 5 o'clock in the afternoon. The train will be sidetracked at Boise and the rosters will have the use of their Pullmans while in Boise.

to convert from the overhead game. Evans was the most consistent player in the game. Although Idaho lost, the silver and gold aggregation will long be remembered by the thousands of Salt Lake fans who packed the bleachers around Cummings field to witness Salt Lake's premier collegiate game of the season. Utah's victory, like Oregon victories for the past twenty years, was not earned, but such is football.

### The lineup and summary:

Idaho	Utah
S. Breshears r.e.	Peterson
Glindeman r.t.	Swan
F. Brown r.g.	Evans
Hoover c.	Hancock (Capt)
Neal l.g.	Hurren
Vohs l.t.	Gilmer
Evans (Capt) l.e.	Hall
H. Breshears q.b.	Smith
Irving l.h.	Jewkes
J. Brown f.b.	Hagen
Whitcomb r.h.	Romney

Substitutions: Idaho — A. Breshears for S. Breshears; Goff for Hoover; S. Breshears for A. Breshears; Utah — Oswald for Jewkes, Tauffer for Smith, Watkins for Hagen, Ire for Romney, Franke for Peterson, Jepperson for Hall. Referee, Blacker; umpire, Reynolds; head linesman, Hall.

## ANNUAL STAFF STARTS BIG ADVERTISING DRIVE

Fitzgerald Elected Associate Editor; Walters Assistant Business Manager.

Members of the junior class voted to pose in full dress for the Gem of the Mountains pictures and elected 2 new officers to fill positions left vacant by the original officers failing to return to school. O. A. Fitzgerald was elected associate editor and Vernon Walters one of the two assistant business managers. Robert Cummins has been appointed head of the photographic department and R. K. Johnson will be snapshot editor.

### Push Advertising Campaign

The advertising plan for this year is of a larger scale than of former years. Several nationally known firms have already agreed to purchase advertising space and an effort is being made to land others. Kenneth Anderson, assistant business manager, will go to Boise with the football team and make a vigorous advertising campaign while there.

"What the staff urges and needs is co-operation on part of the students," says Rex Kimmel, editor-in-chief. "Too much emphasis cannot be put on the value of advice, contributions and assistance of any sort. The staff can direct and arrange the work but cannot create all that goes to make a successful annual. The major portion of this must come from the students not on the staff. Pictures, snapshots, sketches, poems, essays, etc., if given to the proper department head will be welcomed. The English club will give recognition to any work done on the annual and the English department will give credit for it.

### Will Be Larger Book

"It is hoped that the Gem of the Mountains this year can be considerably larger than the editions of former years. This depends entirely on the support given the advance sales and the money obtained from advertising. The advance sale has not yet reached the point it must before success is assured. Students who have not ordered may do so by seeing William Carpenter at the Beta Theta Pi house. No more copies will be ordered than the advance sale assures will be sold.

"Students are again reminded that pictures coming in late cannot be used. Moscow photographers are now ready to take annual pictures."

### Prof. Church to Lecture

Prof. Frederick L. Church of the history department will lecture to the Christian Federation Council Thursday 5 p. m. on the subject, "Post war situations in European University life." Prof. Church will make a comparison of the American and European student. All students are urged to attend.

## NORTH CENTRAL BOWS TO CHARGING FROSH

FLUCKY SPOKANE TEAM UNABLE TO STOP ONSLAUGHT OF MACMILLAN'S MEN.

Playing true to form, and using their full battle strength, the university frosh Saturday defeated North Central high school of Spokane 35 to 7. Idaho's attack included every phase of the game, each method landed good yardage.

### Frosh Score Early

Hayes, Frosh fullback, received North Central's kickoff and ran the ball back to the 30-yard line. From then on the frosh marched down the field till they lost the ball on a fumble. The ball see-sawed up and down the field for a time, each team piercing the opposing line at will.

The first touchdown came when Neuman picked up a fumbled punt and made a 15-yard run before being downed. On the next play he carried it over. Neuman kicked goal.

After carrying the kickoff to the 30-yard line, Hayes tore off a 30-yard run through the line.

The first quarter ended with the ball in Idaho's possession on North Central's 20-yard line.

Freshman, 7, North Central, 0.

At the beginning of the second quarter, the frosh lost the ball on the 1-yard line. North Central punted and Neuman carried the ball back to North Central's 20-yard line. On the next play he made an additional 15 yards and Hayes carried to the yard line and over for Idaho's second touchdown. Neuman converted and the first half ended.

Freshman, 14, North Central, 0

In the third quarter North Central menaced the first year team for the only time during the game with criss-cross plays and a spread formation, only to lose the ball on Idaho's 15-yard line and watch the victorious frosh walk down the field to the North Central six yard line, when the quarter ended.

Freshmen 14, North Central 0

In the final period, North Central weakened, and despite the addition of numerous substitutes, was unable to stop the Idaho team, which proceeded to put the ball over on the first play by the Neuman route. Neuman kicked goal.

Kleffner trotted the ball 40 yards from the kickoff and the freshmen strolled toward the North Central goal posts by means of line plunges and end runs, with forward passes inter-Neuman, who soon after another march down the field, put it over again. Both tries for goal were successful.

The frosh received again and were moving down the field again when they lost the ball on a fumble. They held the North Centralites three downs and forced them to punt, and then the unexpected happened.

Neuman signalled for a safe catch and missed the ball—it was pounced upon by Ashton, North Central left end, who carried it over. North Central kicked goal just as the final gun sounded, leaving the final score, freshmen, 35, North Central 7.

### The Lineup

Idaho	N. C.
Hudelson	R.E.L. Aston
Vesser	R.T.L. Harrison
Hubbell	R.G.L. Laird
Thomas	C. Henry
Waltman	L.G.R. Turner
Seigfus	L.T.R. Hatton
Reamer	L.E.R. Bressington
Neuman	Q. Haynes
Keller	L.H.R. McGrath
Hays	R.H.L. Horn
Housen	F. Martin

Substitutions—North Central, Matlock for McGrath, Hogle for Bressington, Yale for Hatton, Egbert for Turner, Sieger for Laird, Smith for Horn. Idaho freshman, Kleffner for Hudelson, Tapper for Kleffner, Keffner for Housen, Kershnik for Walman, Hudelson for Tapper.

Paul Rowell, president of the A. S. U. I., and R. E. Jenness, editor of the Argonaut, expect to leave the latter part of the week for Seattle where they will attend a three-day conference of student body presidents and college editors of the Pacific coast.

## MONTANA NEXT VICTIM FOR IDAHO WARRIORS; BOISE GAME LOOMS UP

EXPECT RE-VAMPED BRUIN LINE-UP FOR COMING GAME; HOPE TO REPEAT VICTORIES.

### OFFICIAL POMP AT ARMISTICE GAME

Southern Idaho Alumni Leave Nothing Undone That Will Add to Success of Fight with Wyoming.

The University of Idaho football team, back from a short sojourn in the desert regions of Utah, is concentrating in preparation for the annual attack of the Montana Bruins which will be delivered on MacLean field Saturday afternoon. The Bruins are fresh from a 14-6 defeat by the Whitman college missionaries administered at Missoula last Saturday, along with other defeats.

In the past two seasons Montana has met a stumbling block in Idaho, but in no case has lost by any overwhelming score. Last year the Bruins drubbed the University of Washington but paid homage to the silver and gold. This year Washington redeemed lost laurels and unless the dope sheet is misleading Idaho will once more emerge victor. Although Whitman has a team to be taken into consideration, the Bruin's inability to stop the drive of Borleske's crew is puzzling.

With the exception of an opening season victory from the Idaho Tech team Montana has a very mediocre record, but a re-vamped eleven may taken the field again Idaho Saturday. Football, at times, is almost as problematical and bewildering as matrimony.

Idaho's loyal sons, hundreds, yes thousands, of them, whose memories are yet filled with reminiscences of Idaho accomplishments and victories on the gridiron and whose hearts soften at the sight of silver and gold will hob-nob together at Boise, Friday, November 11. Old grads, veterans of the days when the Cougar was no match for Idaho's fighting warriors, will sit beside those who have left their Alma Mater in later years. These same old grads, momentarily relieved of daily griefs and business problems will forget dignity and poise when an Idaho player makes a sensational run, smash or exceptional tackle and high into Boise's atmosphere will sail a varied assortment of caps, hats and loose articles. Idaho's spirit will never die.

### Governors May Attend

From Idaho alumni, who are sponsoring the annual classic the spirit has spread to Idaho boosters through all of southern Idaho and on November 11, the eyes of every true Idahoan will be turned to Boise. Governor Davis has extended an invitation to Governor Carey of Wyoming to attend the game and with all royalty, including Idaho's yell king, yell duke and pep band, in attendance, the game should be among the paramount events in the annals of Idaho collegiate history.

The University of Wyoming cowboy eleven, which has been cutting capers in the Rocky Mountain conference circle, is the silver and gold's opponent at Boise this year and the sagebrush machine, although playing in foreign land, promises to make a mighty bid to humiliate Idaho. Last Saturday the University of Denver and the University of Wyoming battled to a 9-9 tie. Actual dope on the strength of Wyoming is lacking, except that Utah served them a 14-3 defeat at Salt Lake. The Utah team defeating Wyoming however, was considerably weaker than the one lining up against Idaho last Saturday.

### Charter Special Train

Plans are under way to run a big "boster's special" to carry northern Idaho supporters to Boise for the big game. Indication point toward at least a 10,000 attendance at Boise. All arrangements are being perfected by the University of Idaho alumni club of Boise.

"I came 90 miles to see that," said the father of Louie Ashton, North Central player in the game Saturday, when young Ashton scooped up a fumble and tore over the Idaho goal line for the visitors' only score.

IDAHO SPIRIT

The frosh game Saturday was gratifying in more ways than one. The victory over the North Central high school of Spokane was in itself cause for rejoicing.

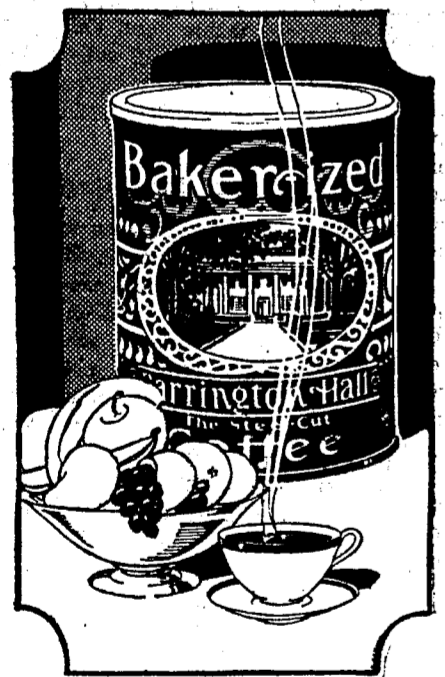

From the kickoff the first year men were into the battle in dead earnest. Enthusiasm was high. Each man played his best.

The men were in the game to win. They gloried in the battle. They took punishment without flinching.

The spirit of these frosh made defeat impossible. It is such spirit, that will carry to victory in the face of overwhelming odds.

It is this fighting spirit that characterizes our institution from any other. Idaho has from time long gone past been proud of her reputation for fighting spirit.

DEBATE PET

With possibilities for a great year in debating looming up it is imperative that every student take a personal interest in the forthcoming contests so as to give our university the best possible representation.

For some years past the interest shown in debate has not been what it could have been. True, Idaho has done well despite this situation.

Surely there are none who maintain that the inducements are not sufficiently attractive in the field of debate. As a criterion of scholastics debate—successful debate—is incomparable.

Competition for the gold "I" pin should be keen this year. The men who are fortunate enough to gain a place on the debate teams ought to be the best student debaters that the university has.

Frosh Is Ever a Frosh

The rainy season has created a new demand for an active Vigilance Committee which should be promptly met.

The chilly fall days seem to be sufficient authority for some of our frosh to discard the appropriate insignia of their rank.

The Hulme Day exercises which ended in the supremacy of the sophs should have been sufficient warning that the frosh must wear the green.

The Campus Kidder

An Earthquakeress There was a young co-ed named Mat, Who was exceedingly heavy and fat.

There was a young co-ed named Clara, Who tried to dress like Theda Bara, The clothes that she wore, Revealed nothing more,

### DEAN HULME TELLS OF STANFORD SCHOOL WORK

FINDS MANY INTERESTING STUDENTS FROM FOREIGN LANDS; GETS CORDIAL RECEPTION.

Dean E. M. Hulme, for 19 years was head of the university history department, who this fall went to Stanford to occupy the chair of history, is now settled at his new location and is well pleased with his work.

"Things are going very well with us," said Dean Hulme in a recent letter to Dean J. G. Eldridge. "We have a very comfortable house and Palo Alto is a model town. The streets are paved in the best manner; and the charges for municipal gas, water and electric light are exceedingly low. But living is distinctly higher here than in Moscow.

#### Has Interesting Students

"My work seems to have opened up well. I have nearly 300 freshmen and sophomores in one class, 65 in another and 10 seniors and graduates in a seminar. Among these are many interesting students. I have a fine boy from Batavia, Java. His English is not only accurate but beautiful, and he reads and speaks German equally well, so he tells me. I have long wanted some one to begin work on Coonhert, one of the advisers of William the Silent, about whom there is very little in English. This young Hollander, with his fine linguistic equipment, is just the fellow for the job. I have several Spaniards from Spain; and more students from the Latin American countries. I have some Italians who know nothing of real Italian. And then there are some bright and eager Americans, each of whom reads one foreign language fairly well.

#### Faculty Members Cordial

"President Withur has been very cordial. Professor Adams, and his wife too, have also been very cordial to us. And, indeed, many members of the faculty have done many things for us—dinners and auto rides to San Francisco.

"The children like their schools and teachers, but all of them would like to be back in Moscow. And that is natural, for it is there that their friends are.

"I hope things are going well with you. I am sure they will under President Upham. He came when he was most needed. And I hope that Professor Church is doing fine in every way. He is a student of my old and best teacher, Professor George Lincoln Burr, of Cornell, and he was associated with him much longer than I was.

### LONGS FOR GOOD OLD IDAHO

George Beier Now Travelling For U. S. Department of Agriculture in New England

It's a small old world after all, sings H. H. Beier, '15 as he writes of having met several former Idaho men in Washington. In a recent letter he says:

"I am with the U. S. Department of Agriculture and my work required some travel. I am now on my third trip into the New England states. This is a very beautiful and interesting country but as a westerner I would not care to slow down to their pace and live here. It gives me an opportunity to refresh my memory with bits of American history while on the ground where many events happened.

"Due to the fact that this is the vacation country for people from the nearby cities, there are many fine hotels and summer homes in the state.

"The University of Vermont is located in this city and is a very interesting institution with a historical background. The people here are congratulating Idaho on securing Professor Messenger.

"In Washington there are many Idaho graduates and ex-students. Several of the younger men are Harry Hawley, Will Hunter and Cameron McEachron who are attending George Washington Law school. Joe Braham and Carl Garby are in government work, in the Bureau of Chemistry, I believe. There are others that I have seen but their names slip my memory at this time.

"Mrs. Beier (Dorothy Addy, '18) has recently taken a trip to Idaho and will soon join me here and we will journey back to Washington together. I am expecting her to bring a fresh bit of Idaho news too.

"Football practice has started here in the east and indications point to an interesting season. Let's Tom

### PINK GRIFFITH COACHING AT PASADENA, CALIFORNIA

Miss Eva Anderson, Idaho, '11 is now teaching English to foreign students at Sausalito, Calif., and during the summer puts in work towards a Ph. D. degree at Berkeley. Pink Griffith, former Idaho coach, and many graduates are in that part of the country and have been seen by Miss Anderson. She writes:

"This school year I have been teaching English in Senton's junior high school of Los Angeles city and Americanization work (or English) to foreigners in Central Evening high school of Los Angeles. This latter position I also enjoyed last year.

"Last fall, I saw Pink Griffith who is this year athletic coach at Pasadena. I called upon Mr. and Mrs. Frank McGee, '09 here in Los Angeles. He is a building contractor. Mr. and Mrs. Fritz Lundstrum (Helen Noyes) and young baby live here. They say that Jay Jellick is also here. Ted McGee, '06, and family live here. Last year, I saw Major Steverson, former commandant at the University. Last summer, I called upon Dr. Aurelia Henry Reinhart, President of Mills College, Oakland. He was interested in all Moscow people.

"I have attended the summer sessions at the University of California at Berkeley, for the last two years, and expect to go again this summer. I hope to get my Ph. D. degree sometime.

"I have planned on trying to get all the Idaho graduates and former students who are living in Los Angeles together this year for a reunion. My parents live here with me."

Mr. Arlie Decker, '13, who was married recently to Miss Charlotte Laird of Potlatch just returned home to Potlatch where they will make their home. They made the trip in Mr. Decker's Buick register, going to Seattle by way of Spokane and returning by way of Walla Walla. Miss Laird or rather Mrs. Decker is the daughter of A. W. Laird, the superintendent of the Potlatch Lumber company. Mr. Decker is employed by the company in the land sales department.

Kelley will have the kind of huskies necessary to build a team for Idaho that will bring home some honors"

Try our puffed wheat and puffed rice candy as shown in this week's window display at

Mitten's

Come in and let us show you what we can do in the way of punch for social affairs.

George Isaman, who was graduated five or six years ago from the college of agriculture, is now deputy horticulturist in the district office at Walla Walla, Wash., having been recently appointed.

Mrs. Donald K. David (Elizabeth H. Soulen), '15 is in town visiting her parents. Mr. David is assistant dean of the Harvard school of commerce, and is at present travelling in behalf of that institution.

## Everything for QUALITY —nothing for show

THAT'S OUR IDEA in making  
CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

### STOCK JUDGERS LEAVE FOR PORTLAND SHOW

Members of the college of agricultural judging team will leave this week for Portland where they will enter a judging contest with other northwestern college teams at the Pacific International livestock show on November 5. Prof. F. W. Atkeson, professor of dairy husbandry, will be in charge of the team. The members are: John L. Toeves, Aberdeen; Lorne Wilson, Boise, and Ralph Bristol, Twin Falls.

#### Five Schools Enter

Schools which will compete in the Portland contest are: Washington State college, University of Oregon, Oregon Agricultural college, University of California, University of British Columbia and possibly the University of Utah.

The dairy products' judging team, which will also enter a contest at the Portland show, will be chosen sometime next week according to Prof. H. A. Bendixen, associate professor of dairy husbandry, who will coach the team.

#### Seed Judgers Busy

If arrangements can be made, there will be an intercollegiate seed judging contest at the state seed show at Idaho Falls this winter. If so a university team will enter.

### HYGIENE EXPERT TO SPEAK

One of the leading authorities on social hygiene and the accompanying problems, Dr. M. J. Exner will be here November 4 and 5, to address the cadet battalion and men of the university.

Arrangements are being made for the address either sometime Friday or Saturday morning, the hour depending upon other events already arranged for.

Dr. Exner represents the American Hygiene association. For six years he was director of physical education at Carleton college, for several years physical director of various Y. M. C. A. s and for three years served in a similar capacity in Shanghai, China. For nine years he was secretary of sex education of the Y. M. C. A. international committee.

He is the author of several well-known pamphlets and booklets dealing on sex problems, such as "The Rational Sex Life of Men," "The Physician's Answer," "Problems and Principles of Sex Education," and "Friend or Enemy." All these publications were used extensively among troops at home and overseas during the war.

#### Prof. Aids in Wood Inspection

For the first time, the Chicago and Northwestern railroad has been forced to come west for railroad ties to be used for construction and repair work on eastern portions of their line. To aid tie inspectors in inspection and classification, Dr. Henry Schmitz, associate professor of forest products at the University of Idaho has been called to Sandpoint for consultation and advice.

Ties were purchased from the Humboldt Lumber company at Sandpoint and the McCoy Lumber company at Bonners Ferry.

#### Plan Armistice Services

Armistice Day services will be held at the university auditorium next Sunday afternoon at 3 o'clock. Prof. C. W. Chenoweth will be the principal speaker. There will also be vocal and instrumental numbers.

On Armistice Day, Friday, November 11, a morning program will be held on the campus, after which the ex-service men will march through town. Details of the latter event will be announced next week in the A. E. F. issue of the Argonaut.

The A. E. F. club will give a dance in the gymnasium in the evening. The afternoon probably will be given over to a dance down town where returns will be received from the Boise game.

#### Woman's League Sends Delegate.

The Women's League will send a delegate to the district convention of Women's leagues, to be held in California in November, according to action taken at the meeting Wednesday.

Grace Taggart, who represented the league at the Pullman conference last year, gave a detailed report of work accomplished at that session. Mrs. O. B. Richardson urged the league to send a delegate to California for the coming conference. Provisions were made for a nominating committee and the delegate will be named at the next meeting.

### EX-PRESIDENT LINDLEY IN DEMAND AS SPEAKER

The renown attached to the public speaking ability of Dr. E. H. Lindley, former President of the University of Idaho, is making him in demand in his present position as Chancellor of the University of Kansas so we learn from a recent issue of the University of Kansas Daily. The Daily says in part:

"Chancellor E. H. Lindley left this morning for Winfield and Arkansas City, where he will give addresses in the interests of the Memorial Drive.

"The Chancellor will return to Lawrence Tuesday but will be away again during the major part of the week. Wednesday, October 5, he will appear before the Rotary Club at Dodge City and will also address a high school convocation in that city. On Thursday, October 6, he will address the Women's Club of Topeka and on Friday will again speak in Arkansas City, especially in the interest of the new Union Building at the University. Dr. Lindley will be in Lawrence a short time Thursday and will return again Saturday."

Those who knew Dr. Lindley are unqualifiedly of the opinion that he was one of the best speakers ever in this section. His vigorous, clear cut discussion of timely questions made him popular throughout the northwest.

#### Commissioned in Army

He remained at the Cushman Trade school until 1917, when he resigned to accept a position in the Tacoma Public Schools. When the war broke out he signed up for the First Officers Training Camp at Presidio, emerging a 2nd Lieutenant in the Quartermaster Corps. He was sent to Camp Lewis where he was promoted to Captain and assigned to the 316th supply train, 91st Division, with which he went overseas. He participated in the St. Mihiel, Argonne and Yper-Lys drives under Colonel Matthew E. Saville, receiving recommendation for promotion to Major in the Officers reserve, which he declined. He was discharged June 4th 1919. He returned to Tacoma where he accepted a position as Manual Training teacher in the Lincoln High School, in Gas and Automobile Engineering, which position he holds at the present time.

Sizer was married February 27, 1906, at Holbrook, Arizona, to Miss Minnie M. Campbell of Troy, Idaho, and is now the father of six children.

### POST-WAR CLIMBING BOOM OVERTAKES ALPINE HUTS

#### Excursionists Present Problem Which Vexes Seasoned Swiss Sportsmen.

The extraordinary post-war boom in climbing in Switzerland, especially among the Swiss themselves, and the number of excursionists to the higher altitudes have given rise to serious difficulties, according to The London Daily News correspondent at Geneva.

The huts placed by the Swiss Alpine club at convenient stages on the principal climbs, where members may pass the night, have been besieged by tourists who have nothing to do with the club, and the members are beginning to complain of the difficulty they experience in obtaining shelter and repose before starting out on the most arduous portion of their enterprise. Many of those who use the huts have no intention of going further—as, for instance, school parties and the like—and the behavior of the juvenile element is not always conducive to restful slumber.

Tourists who can do so avoid Saturdays and Sundays for their excursions, as it is then that the "cabin crush" is at its worst, but to many bona-fide Alpinists these are the only days available, and the Alpine club is giving the matter serious attention. Some of the suggestions put forward are: To reserve the huts at week-ends exclusively for the members of the club; to have a section of such huts always reserved for their use and to forbid the sale of alcoholic beverages, which attract non-climbers.

#### Find Natural Gas in Abandoned Well

Ottawa, Ont.—An accidental discovery of natural gas at Orono, Ont., a few days ago, has caused quite a sensation in that district. William Neal, having bought a farm upon which a dry well had been abandoned, decided to try to get water and, with that end in view, engaged the services of a well digger. After going down several feet it was found that there was gas coming up. The old well was stopped at 70 feet and the new portion was not much deeper when the gas was found.

### SOCIAL AND PERSONAL

Jenkins hall was the scene of one of the jolliest parties in its history Sunday evening, when the upper classmen finished their initiation of the frosh. The frosh have been required all week to do various stunts ed to be the cuckooing of the hour, the most embarrassing of which seemed. When the frosh cuckooed the seventh hour Sunday evening the court held by the upper classmen was called to order by the judge, Miss Dorothy Hamilton. Each frosh was tried in order and the jury having rendered the verdict, the judge pronounced the sentence. Each sentence proved a member of the complete program which followed and was nothing less than a scream. Following the program a supper was beautifully served by the upper-classmen.

Wednesday dinner guests of Gamma Phi Beta were Eas Johanneson and Russel Scott of Beta Theta Pi. Dr. and Mrs. Einhouse and son, and Mr. and Mrs. Victor Jones.

Miss French, dean of women, was a dinner guest of Kappa Kappa Gamma on Wednesday evening.

Mrs. C. W. Mount of Spokane spent the week end with her daughter, Elizabeth, of Ridenbaugh hall. While in Moscow, Mrs. Mount was the honor guest at a supper party given by Mrs. George Morey Miller.

The pledges of Kappa Kappa Gamma entertained delightfully at a Halloween party in honor of the active and inactive members at the chapter house Sunday evening. Orange and black decorations were used throughout the living rooms and dining room. Stunts and an abundance of eats were the main features of the affair.

The Moscow Alumni of Delta Gamma and Helen Parsons, Ellen Ostroot, and Mary Taggart, "little sisters," were entertained at a fireside Sunday evening at the Delta Gamma house.

Sunday dinner guests of Omega Phi Alpha were Prof. and Mrs. Bonnett.

Lynn Hersey and Ed Neal of Kappa Sigma were dinner guests of Sigma Alpha Epsilon, Tuesday night.

Kahryn McCormick of Lewiston was a week-end guest at the Delta Gamma house.

Wednesday evening dinner guests of Omega Phi Alpha were Dr. and Mrs. G. M. Miller.

Sunday dinner guests of Sigma Alpha Epsilon were Mrs. Weatherby and the Misses Morgan, Inez Sanger and Prater of Kappa Kappa Gamma.

Norma Warner, Mary Louise Sparks and Mary Isabelle Vassar were entertained at the Delta Gamma house for dinner Wednesday evening.

Miss Daisy Wheatley was the guest at a birthday party, given Friday evening in her honor by the girls of Jenkins hall.

Mrs. MacKinley and Mrs. Alford of Lewiston visited Gamma Phi Beta Sunday afternoon.

The Ewetas announce the pledging of Harold Wallace of Wallace; Carl Weholt, Lewiston and Ennes Click and Henry Nichols, Reubens.

Charlie Warren, Ag '21, and the Boise high school stock judging team, were visiting on the campus Saturday, while on their way back to Boise after attending the western Ryal Livestock show at Spokane.

#### TO COLLECT YELLS

University songs and yells are to be collected and revised by a committee of students appointed by Paul Rowell, president of the student body. The committee is composed of Kenneth Hunter, Moscow; Henrietta Peasley, Boise; Robert Cummins, Wallace, and Irene Johnston, Boise.
