

WALLA WALLA TEAM ROUTED BY VANDALS IN THRILLING GAMES

VANDALS WIN HOME GAMES FROM LEGION STARS LAST FRIDAY AND SATURDAY

The Walla Walla Legion basketball team, conquerors of W. S. C. and Whitman, was completely derailed by Captain Rich Fox and his men in the two game series Thursday and Friday nights. The first game went to Idaho, 34-33 and the second 37-29.

The Legionaires are generally rated among the strongest independent teams of the northwest and three out of four victories for Idaho is a real accomplishment. Sticks Dement, former Whitman star, and Squinty Hunter, whom Idaho lost last year, were the stellar hoopers in the ranks of the former service men. At its best the individual playing of the Walla Walla men was not sufficient to smash the smooth pace kept by MacMillan's squad, a pace seldom broken by any noticeable amount of individualism.

First Game

Starting with a rush and retaining it throughout, Idaho was able to lead Walla Walla 20 to 13 at the end of the first half but the lead gradually disappeared when Dement's long distance eyes came into play and with such amazing accuracy. Dement's exceptional ability to convert difficult heaves and Hunter's ability to convert free throws saved the Legionaires from an utter routing in the first game.

With the Legionaires a few points in the lead Captain Fox made a difficult shot followed by another basket by Thompson, giving Idaho a two-point lead, which was evened when Dement scored for the visitors. The game ended a tie, 32-32 and a five minute extra period was played in which Al Fox saved the game by accurate foul shooting.

Following is the box score:

Idaho (34)	Walla Walla (33)
R. Fox (c)	F. Olson
A. Fox	F. Hunter
Thompson	C. Dement
Steiner	G. Drumheller
Gartin	G. Copeland

Substitutions: Idaho — Edwards for Steiner, Telford for Gartin. Walla Walla—Magrann for Olson.

Scoring: field goals—R. Fox 3, A. Fox 2, Thompson 2, Gartin 1, Olson 2, Hunter 2, Dement 5, Drumheller 1. Free throws—A. Fox 18 out of 24; Hunter 13 out of 20.

Second Game

Walla Walla made a tremendous effort to come-back against Idaho in the final game of the series but the cards were stacked against them. Weakened by the loss of Drumheller, at forward, Walla Walla went down to a 37-29 defeat before the Vandals. The final game was much more interesting and harder fought than the one on the previous night.

Captain "Bullet" Fox, his brother, Al, and Oz Thompson were Idaho's most consistent scorers. Al Fox converted 13 out of 15 chances from the foul line. Thompson made up for ground lost in the previous night when his ragged shooting cheated the Vandals out of many an easy score.

The Legionaires attempted more long-distance shots in the second than in the first game but even Dement missed a considerable number of tries. Hunter's part in the team was extremely difficult, being moved to a running guard position, exceptionally difficult for a forward to play.

At the end of the first half Idaho lead the visitors 19 to 13 and maintained a narrow margin lead throughout the entire game.

Idaho (37)	Walla Walla (29)
R. Fox (c)	F. Olson
A. Fox	F. Magrann
Thompson	C. Dement
Edwards	G. Hunter
Telford	G. Copeland

Scoring: Field goals for Idaho—R. Fox 5, A. Fox 1, Thompson 3, Edwards 2, Telford 1. Field goals for Walla Walla—Dement 4, Magrann 1, Hunter 1. Free throws—A. Fox, 13 out of 15; Hunter 17 out of 27.

Mrs. M. E. Hare of Kellogg recently spent a few days in Moscow, visiting her daughter, Thelma.

MEXICAN QUESTION TO BE REVIEWED TODAY AT WEEKLY ASSEMBLY

PROF. M. L. SARGENT WILL SPEAK ON THE SOCIAL PHASES IN SOUTH REPUBLIC

Assembly Wednesday morning holds great promise for all who are interested in Mexico and American relations with the tropical republic. Professor M. L. Sargent, instructor in Romance languages, will speak on her experiences in Mexico where she spent last summer.

Her talk will concern Mexican customs and conditions, with which she has first hand information. Her experiences in the neighboring country have been varied and her travels wide. On one occasion during her visit last summer she was the guest of President Obregon, one of the greatest figures of Mexican history.

The Mexican republic is one of the pointed of focus of interest for American business men and financiers today. It is one of the richest countries in minerals and other natural resources besides being a highly developed agricultural country. Nations all over the world are turning their eyes on the commercial stores of Mexico.

Since the study of Spanish has come into such great prominence in the United States, interest in Uncle Sam's southern neighbor has become very keen and thousands of Americans are already in Mexico, spreading American business interests through the republic. Mrs. Sargent has wide information concerning all this and her talk Wednesday morning promises to be extremely interesting.

EX-STUDENT PASSES

The sad news has just reached the Argonaut of the death of Walter Kane, ex-'23 of Salmon, Idaho, on Christmas day. Death resulted from a serious operation performed at Pocatello. Walter is kindly remembered by his many friends upon the campus who express their regret at his untimely departure.

CREATES STUDENT LOAN FUND FOR USE IN SURGICAL CASES

Three hundred dollars, the gift of Dr. E. R. Edson of Seattle, medical examiner of the U. S. Veterans Bureau will be used as the foundation of a student surgical loan fund by the University. This money will be available at a small rate of interest to students who need surgical attention unexpectedly, and are short of funds.

Dr. Edson, who has examined all men students in the University in the past four months, has returned to his home in Seattle to take up his regular duties. Dr. E. W. White, who is the Veteran's Bureau medical examiner here, returned from his other work upon the departure of Dr. Edson.

SWEATERS HAVE BEEN AWARDED FOR TENNIS

Tennis sweaters, earned in the tournament last spring, have this week been awarded to Vida Richards, Gladys Hastie, Fred Veatch, Howard Hansen and Curtis Harrington. The sweaters are white wool jerseys, with the insignia of a red block "I."

The 1922 tennis outlook is promising. Three of last year's letter winners will again participate. Some excellent material appeared on the courts last spring and this fall. Tournaments are practically assured with W. S. C., Whitman and O. A. C.

KELLOGG TEAM UNABLE TO FILL ENGAGEMENT

The basketball games scheduled with the Y. M. C. A. team of Kellogg at the gymnasium Monday and Tuesday evenings were cancelled because of the prevalence of diphtheria at Kellogg, which prevented the team from coming down.

It is not likely that the games will be postponed to any later date. The Vandal schedule is full from now on and it is doubtful if arrangements could be made to play the Kellogg team at some later time. In the absence of the Kellogg game, the Vandals have spent the week getting into condition for the Friday game with the Gonzaga bulldogs.

SYNCOATED POET WILL READ BEFORE SPECIAL ASSEMBLY

POET WILL ENTERTAIN AUDIENCE WITH UNIQUE POETIC READINGS.

Vachel Lindsay, America's foremost poet, as the posters in the administration building term him, will appear in an all-college assembly tomorrow morning, January 11, at eleven a. m. Tonight he speaks at a special session of the English club.

Mr. Lindsay has not only an interesting present but an exciting past as well. Before achieving renown, Mr. Lindsay tramped about the United States in much the same fashion as the mediaeval troubadours, paying his way by means of his poems written on loose paper. He visited many strange and out of the way places where underwent many extraordinary experiences. He is intimately acquainted with life.

Strikes New Note in Poetry

His work is regarded, by sound critics, as perhaps the most original and powerful of the day. He strikes a new note in modern poetry; he neither follows the classic poets nor the extreme libertarians.

The originality of the content of his verse, the force and freedom of thought, are not the attractive qualities of Lindsay's poetry. He is a wizard with sounds and rhythms, as anyone will attest who has heard and felt the blood-stirring beat of the jazz rhythms of "The Congo."

So rhythmical in fact is his verse that he introduced a new art form in New York last winter by having a dancer dance to his chanting of verse. The popularity of the innovation called for numerous repetitions of the number.

Interesting Personality

More important than his life or his poetry from the viewpoint of the average audience is the personality of the man himself. With a face replete with varying expressions of the mood of the poem and a voice that runs from "the shrill cry of the parrot to the roar of the lion," his readings are remarkable for catching and retaining interest. He is the Billy Sunday of poetry, so animated are his readings. After hearing him audience cannot but carry a vivid recollection of his striking and colorful personality.

Members of the English club say that the number by Mr. Lindsay is one of the best entertaining and instructive cards of the school year and that those who fail to attend will miss the opportunity of hearing a real celebrity in the field of poetry.

Classes Arranged for Lindsay

Classes will be cut ten minutes per period Thursday morning in order to make allowance for the extra assembly called for Mr. Lindsay. The eleven o'clock period will be dismissed for the occasion.

Regular admission has been fixed at 35 cents, with a reduction to 25 cents for students presenting A. S. U. I. tickets. Tickets are on sale down town and a large attendance is expected from the city.

PRESIDENT A. H. UPHAM GOES TO SOUTH IDAHO

WILL SPEAK ON "TRAINING IDAHO YOUTH FOR LEADERSHIP IN IDAHO"

President A. H. Upham left Moscow Monday afternoon on a lecture tour in behalf of the movable school system. His topic is: "Training the Idaho Youth for Leadership in Idaho."

Dr. Upham's itinerary will carry him first to Idaho Falls where he will attend the state seed show. Leaving there he will journey to Boise for a conference with Dr. E. A. Bryan, state commissioner of education.

Following this conference Dr. Upham has a ten-day lecture schedule beginning January 17 and ending January 27. He will speak in Dubois, Montpelier, Blackfoot, Paris, Preston, Rigby, Rexburg, McCall, Grace and Malad.

Chester Bartruff was a Sunday dinner guest of the Elwetias.

FACULTY DECIDE TO ALTER REGULATIONS CONCERNING GRADES

WOULD CHANGE THE HONOR SYSTEM; WANT TO CURTAIL SPRING VACATION

Curriculum changes for the new university annual catalog occupied most of the Friday and Saturday session of the university faculty. Other issues discussed were the "Father and Son" booklet, revision of rulings on indefinite leave of absences, the curtailment of spring vacation, change in honor scheme, and other matters of general interest.

The principal business of the meetings was the making of changes in the new catalog which is being published by the committee on publications, headed by E. F. Mason. The "Father and Son" book written last year by President Upham will be re-issued.

Change Leave Rules

In case of withdrawal from school the faculty directed that the student without an indefinite leave of absence should receive a grade of E or F according to his standing at the time of withdrawal. In any case he will forfeit his general deposit of \$5.00.

Changes recommended and adopted concerning the grading system were that honors should rank "high honors" and "highest honors." Grades necessary for these honors are to be 5.333 and 5.666 respectively.

The committee on scholarships also recommended that grades and warnings be given twice during each semester, namely after the sixth and twelfth weeks. These grades are, however, not recorded on the permanent records.

Would Obviate Spring Vacation

The faculty voted to recommend to the Board of Regents that spring vacation be omitted. This will advance commencement one week and allow students an equal chance with students from other schools in getting work for the summer.

The recommendation was made that a pre-medical student be allowed to take three years of work here and after going to a medical college one year receive his degree here.

President Announces Loan Fund

Dr. A. H. Upham announced the creation of a new loan fund by Dr. E. R. Edson, medical examiner, Veteran's Bureau, Seattle. The fund amounts to three hundred dollars to be loaned among students in need of surgical aid.

A committee consisting of Frank Stanton, bursar, L. R. Parson, executive secretary of the university, and Dr. Henrietta Tromanhouser was appointed to care for the fund.

LANGUAGE STUDENTS PLAN TOUR TO LANDS OF EUROPE

PLAN TO VISIT THE PASSION PLAY AT OBERAMMERGANG GERMANY NEXT YEAR

Dean J. G. Eldridge is planning to form a small private party and conduct them on a tour of eight European countries this summer.

"The fact that the Oberammergau Passion play will be given for the first time since 1910 is an especial attraction for this year," said Dean Eldridge. "Other notable features will be motor trips in England, through Provence, along the Riviera, across several mountain passes in Switzerland and the Bavarian Alps, steamer trips on Lakes Como, Geneva, Thun, Lucerne, Brienz, and Constance, down the Rhine, and on the canals of Holland."

The battlefields of Chateau Thierry and Rheims will be visited. Considerable time will be spent in Paris, London, Rome, Florence, Brussels, and other large cities. Most of the famous mountain resorts will be visited, including among others St. Moritz, Brigue, Interlaken, Andermatt, and Zermatt.

The dean plans to start from New York about June 17. The trip will require 11 or 12 weeks.

Royal Irving of Beta Theta Pi has returned to school after a year's absence.

VANDALS TO COMMENCE CONFERENCE BASKETBALL SEASON MONDAY

OPEN REGULAR SEASON AGAINST U. OF O. AT EUGENE HOPE HIGH.

With all preliminary games cleared away the Vandals are now making ready for college foes. The regular conference season does not open until Monday when the Idaho men journey to Eugene for a two-game series with the University of Oregon. Although Gonzaga is not a member of either collegiate conference the Spokane team is rated very high and will prove hard opponent for Coach MacMillan's men. The Gonzaga team is here for a game Friday of this week.

Next week will be a hard one for the Vandals. The first two days will be spent at the University of Oregon. On the following night the Vandals will meet the Willamette university team at Salem and after that will play two games against the Multnomah and South Parkway A. C. teams in Portland, completing the week.

Besides the Oregon and Willamette teams the Vandals will meet two of Portland's strongest independent clubs. Both aggregations are similar to the Walla Walla Legionaires, being composed of former Oregon and O. A. C. stars. In any event the week's trip will be unusually hard and will require the Vandal's best.

The California Bears come north to open their season against W. S. C. at Pullman January 23 and 24, and are scheduled to play at Moscow on Wednesday, January 25. This will give Idaho a much needed rest to recuperate from the Oregon trip. Friday and Saturday of that week Idaho plays a two-game series with the Cougars. The first game is here and the second at Pullman.

The Cougars met double defeat at the hands of the S. A. A. C. and Walla Walla Legion team, both of which were conquered by the Idaho men on their Christmas vacation tour, indicating that Idaho will have a splendid opportunity to avenge defeats on the gridiron.

ARGONAUT STAFF LUNCHEON AT LINDLEY HALL TODAY

The regular weekly luncheon of the Argonaut staff will occur at Lindley Hall Wednesday noon. Members of the staff are urged to be present for a sociable news chat across the table.

These luncheons have been arranged for the purpose of gathering the staff at weekly conference for the discussion of plans and the gathering of news tips for the next week's issue of the Argonaut.

FORENSIC ARTISTS PREPARE TO TALK FOR THEIR PLACES

UTAH-IDAHO-MONTANA TRIANGULAR MEET SCHEDULED FOR MARCH THIRD

The choice for debate teams to represent the University of Idaho at the Utah-Idaho-Montana triangular debate scheduled for March 3rd, will be made at the tryouts this afternoon, January 11, in room 217 at 3 p. m. Contestants will be allowed five minute speeches on either side of the question.

The subject chosen for the coming debate is: "Resolved, that Congress should enact legislation providing for compulsory arbitration of all labor disputes of public service corporations." Subject matter has been available in the library for three weeks and a keen contest is expected for places.

Choose Places in Tryouts

In order to adequately care for the contestants in the tryouts, candidates will meet in room 108 at twelve o'clock to draw places. They will then be composed in groups in accordance with the numbers drawn.

The limitation of speeches to five minutes and the pre-arrangement of the order of appearance of the contestants have been made for the purpose of expediting the work as much as possible so that all possible candidates for positions may be heard the same day.

Use Either Side of the Question

In the competition for places on the University debate teams the candidates will not be required to speak on any special side of the question. They may espouse either the affirmative or the negative phase of the subject. The intention here is to give the contestant opportunity to talk on the side he favors regardless of how many others may have chosen the same side.

Members of the team to represent the University will not be chosen with regard to the side of the question they argue in the tryouts but will be picked with reference to their ability as debaters. It is expected that one side of the question will have the more exponents and choices for positions limited to the side espoused would be unfair to a number of the candidates.

Debate Scheduled for March 3

The date for the triangular meet has been set for March 3, according to announcement by Walter Great-house, debate manager. The negative team will debate Utah at Salt Lake City and the affirmative team will engage the University of Montana here.

Two debaters will comprise each team. Two alternates for the teams will also be selected making in all six students to be chosen for the coming word battle.

Opponents Strong

The forthcoming debate on March 3rd will be one of the major debates of the present school year. Idaho will encounter in these clashes two institutions which have heretofore quite successfully met our teams. Debate managers of both schools forecast the strongest teams in the history of their schools.

Idaho's record with Montana shows but a slight margin in favor of Idaho, in 1919 when she debated Columbia University at Butte.

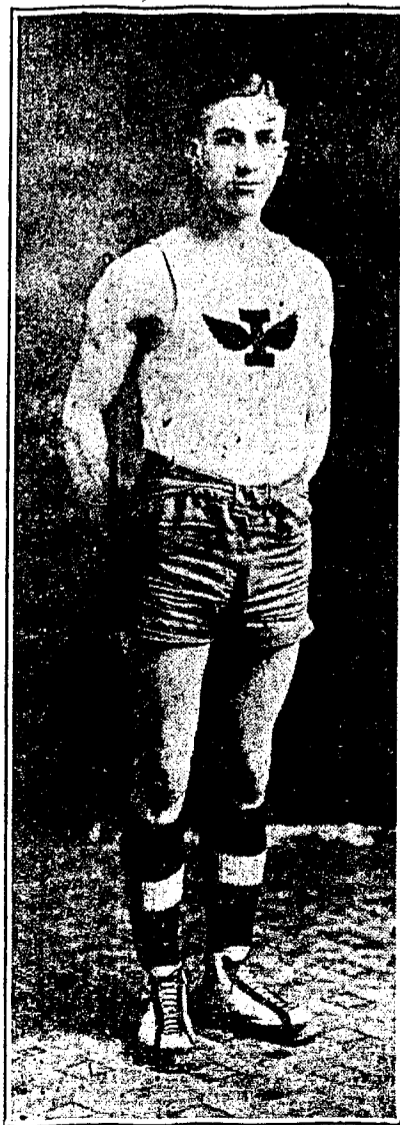

Utah has the reputation of putting out the best debate teams in her section. The score between her and Idaho is a tie. She, too, met the debate team from Columbia University last year at Salt Lake City.

Strong Debaters in List

Despite the exceptional condition of the Montana and Utah debate teams this season, Idaho's prospects for a successful season are very bright. Tried letter men, strong debaters from other schools and a wealth of high school talkers will add their weight to the Idaho cause.

Among the prominent debaters in attendance at Idaho that have signified their intention this year are: Phillip Buck, Glen Wilkinson, Phi Gamma Delta; Ted Sherman, Phi Delta Theta. George Gordon, Lindley Hall; and Errol Hillman.

Interest has been very good in the scheduled debate and with many experienced debaters out for a letter, confidence is felt for the success of the season.

AL FOX, Idaho forward, whose accurate basket shooting has added many points to the Vandals' scores during the recent barnstorming tour.

The Social News

Basketball, the Washington Club dance and sleighing parties have served as amusements for the pleasure seekers since the routine of school work was resumed after the holidays.

Of interest to her many friends was the announcement of the engagement of Marjorie Hinckley to Marshall Macey of Phi Gamma Delta.

The Washington Club dance held Saturday night in the gymnasium marked the introduction of the "25 cent dances."

Sunday evening the pledges of Gamma Phi Beta entertained the active girls and alumnae at the annual Christmas party.

Promising to be one of the most delightful social affairs of the season is the annual Junior Prom, which will be an event of Saturday evening in the gymnasium.

Mrs. Hall Frank of Berkeley, Calif., who was Miss Jeanette Shales of Delta Gamma was entertained at a festive Sunday evening at the Delta Gamma house.

Mrs. N. B. Hare of Kellogg, Thelma Hare and Gladys Haste of Kappa Kappa Gamma were Sunday dinner guests of Sigma Nu.

Sigma Alpha Epsilon announces the pledging of Errol Hillman of Rexburg, Idaho.

Burton Van Tassel attended the Freshman dance in Pullman Saturday evening.

Invitations are out for the annual formal reception which will be given by Miss French and the young women of Ridenbaugh hall on Friday evening, Jan. 13.

Misses Hester McKenzie, Rita Kendrick, Caroline Gilman, and Mary Dickenson of Kappa Alpha Theta and Mrs. Critchfield were dinner guests of Beta Theta Pi Sunday.

Carol Sternberg, ex '22 was a guest of Kappa Kappa Gamma over the week end.

Edith Cooper of Kappa Kappa Gamma has returned to college after a several weeks' leave of absence.

Retain Tap System—The tap system failed to pass at the Student Body Meeting last Friday. The plan now accepted involves the statement that Williamette as a school discountenance, class room cheating, such as reciting from open books, or notes, cheating in examinations; and copying from another's note book.

WILL PROBABLY CALL A SPECIAL ASSEMBLY SOON... Because of the fact that all regular assemblies before examinations have been filled, it will probably be necessary to call a special assembly of the A. S. U. I. within the next week to consider matters of importance that have developed since the last assembly.

REP. FRENCH WRITES ABOUT OLD STUDENTS

ALUMNUS MANAGER OF PENNEY STORE IN ARDMORE OKLAHOMA

An attempt to secure information regarding former students whose addresses have been lost, brought the following letter from Hon. Burton L. French:

"I recall that among the names of former students on a list that was sent to me last summer, that of Mr. Ruel E. Gilbert, also possibly Alice Abling. Both of these former students were in the University about 20 years ago and for sometime prior thereto.

"I am in receipt of a communication from Mr. Gilbert telling me that his address is Box 976 Ardmore, Oklahoma. Mr. Gilbert is connected with the J. C. Penny Company, store No. 183, at Ardmore, and I believe is its manager.

"Alice Abling is the wife of R. N. Gilbert at the above address. In the December issue of the "Dynamo," a New York publication of J. C. Penny Company, there appears an article by Mrs. Gilbert on the subject of "Christmas in the Home."

In reply to a communication from Director of Publicity Edward F. Mason, Mrs. Gilbert sent the following interesting letter:

"I am sure when you sent that little Alumni News Letter you had no idea what a large amount of joy it was bringing us. We have been practically cut off from all information regarding the University and the older students for a great many years and somehow felt that we too were forgotten.

You can imagine our joy when we received the first communication in 15 or more years. You little realize how much news that little folder contained for us as we read the names and achievements of one after another of our old classmates, nearly all of whom we had long ago lost track. Imagine our surprise when we learned that we had for four years lived within a few hours ride of Norman, Oklahoma, where our friend Dr. Louis A. Turley has lived for 12 years and neither one knew the other's place of residence.

"Mr. Gilbert was at one time employed at Creighton's in Moscow and later in several other stores in the northwest. Upon going to Wenatchee he became associated with the J. C. Penny Company. After receiving the necessary training he was sent to the Leavenworth, Washington, branch as manager. After a year and a half as manager, he received notice to pick a location for a new store of which he would be manager and one-third owner. Having heard of the marvelous success of our stores in this state we chose Oklahoma. Ardmore is a thriving oil city of 20,000 inhabitants and four very successful years of business here have convinced us of the wisdom of our choice."

S.E.I.U. CLUB WILL MEET

There will be a meeting of the S. E. I. U. club in the U Hut next Thursday evening at 7:00. New officers for the coming semester will be chosen and other important business transacted, making a full attendance of members desirable.

The club was organized last year, being composed of students from the seven southeastern counties of Idaho. Its purpose was to bring students from that part of the state into closer relationship, and to promote good feeling between the University and the southern part of the state. Since all south Idaho can't come to the University, the club proposes to take the University right into the hearts of the people of the south.

The members get in touch with every high school graduate and industriously spread U. of I. propaganda. Each member attempts to influence prospective students from his home town. This brings a personal touch to the correspondence that can be achieved no other way.

They work with such organizations as the glee club, and try to see that every town in their section heard the university warblers this year. An effort is being made to schedule games in the southern part of the state for the football team, to give the people of their section a demonstration of the way Idaho acts on the gridiron.

Phi Alpha Psi announces the pledging of Delmont Smith, Lewiston, Elgy DeChambeau, Boise, and Donald DeSault, Hagerman.

Bubbles

The other night while going home Somewhat later than usual, I was waylaid By a masked marauder Who massaged my ribs With a Colt 38 And asked very very impolitely For my cash.

Up Is Down

The following was heard by our eagle-eyed reporter while we was waiting to buy a berth home on the Christmas special.

Student—I want a berth to Boise.

Agent—Upper or lower?

Stude—What's the difference.

Agent—A difference of seventy-five cents in this case. The lower is higher than the upper. The higher price is for the lower.

If you want it lower you will have to go higher. We sell the upper lower than the lower.

In other words the higher is the lower. Most people like the upper although it is lower on account of being higher.

When you occupy an upper you have to get up to go to bed and get down when you get up.

You can have the lower if you pay higher. The upper is lower than the lower because it is the higher.

If you are willing to go higher it will be lower. Which one do you want?

Stude, (gasping)—I'll take the chair car.

And then she said, "Don't you love a night like this? And he said, "I don't know, but I'll try."

He—What did you slap me for?

She—Because you kissed me.

He—Then get off my lap.

Him: "Don't you just fell the electricity of love?"

Her: No, but I'm not easily shocked."

He—You certainly are a good dancer.

She—I'm sorry that I can't return the compliment.

He—You could if you would lie like I did.

Chem—What's all the noise in the zoology lab?

B. A.—That's just the pre-meds rolling the bones.

Did you ever wake up in the morning, and lay in your bed and wonder if you could stand another cut in your eight o'clock, and what the cook had for breakfast, and if there was any hot water to shave with, and then when you were just ready to make a dive for your B. V. D.s you remembered that it was Sunday. Oh boy! ain't it a grand and glorious feeling.

Why is it that the faster a man is, the longer it takes him to get a girl home from the dance?

He—"Have you heard the latest?"

She—"Shoot."

He—"They propose to reform the movies."

She—"How?"

He—"It's a new invention. They will show the pictures in broad daylight."

She—"Then here's to a boycott on the movies."

"Heard a good joke this morning"

"Is it really a good one?"

"Must be; my stenographer laughed until she almost fell off my lap when I told her."

—Selected.

"Girls take better care of their skin than boys" reads headline in beauty health department of a magazine.

Yes, they give it a coat of paint every now and then.

Co-ed: a rare combination of femininity and drug store accessories.

Ed: one who is solicitous about said combination.

Fashion seem to be going backward, instead of forward. We notice that the co-eds still roll their own, but now they are the kind that grana ma used to knit.

One: "What is the masculine for laundress?"

Tother: "Chinaman."

Professors are human. Sure they are. Just stick a pin in one and see.

THE WINTER REGISTRATION CONSIDERABLE AT. O. A. C.

OREGON AGRICULTURAL COLLEGE, Corvallis, Jan. 5.—Registration for the winter term at the college started with a rush. Students were lined up in front of the registrars office and the agricultural and other buildings, waiting their turn. Several Hindus wearing turbans were seen among the prospective students. Credentials were sent in by approximately 200 persons who expected to register for the first time.

Some students have found it necessary to drop out because of lack of funds but despite this fact a heavy registration is expected this term. Many students will have to find work if they continue at college this term. The Y. M. C. A. is serving as an employment bureau and townspeople or people in the surrounding country who have work to be done are being urged to assist the students by listing work. More demand than ever is being made on the student loan fund, which is practically exhausted. It is hoped that persons generously inclined will see fit to contribute to the fund.

We have received a few new pairs of women's twelve-inch boots. Owing to the limited quantity we will sacrifice them at \$8.50 a pair. These are a vealed water-proof boot, built on good lines and guaranteed to give the wearer satisfaction.—Buster Brown Shoe Store.

VICTORY

It's a grand and glorious feelin' to ways. By pulling together—we can always win. Eat Bratton's groceries and you'll feel fine; you'll be co-operating with us; you and we will win.

OUR BASKETBALL TEAM

We are proud of our basketball team. And justly so. Contrary to the expectations of some they have upset the dope at the university and elsewhere—and with a brilliant streak of pre-season playing have placed Idaho among the strongest teams of the conference. Their Christmas season dash, resulting in eleven victories and one defeat, has raised the spirit of the student body from a condition of lethargy to one of unbounded enthusiasm, in the space of two short weeks.

With the loss of several valuable men of last year's team, considerable doubtfulness was expressed regarding the success of the present season in basketball. But such unfounded doubtings have been thoroughly dissipated by the rainbow placed in the sky by the recent victories. True, we lost two valuable men last year, but the results have shown us that ability has—nor ever will—perish with any few men, despite prognostications to the contrary.

Under the coaching of David McMillan, assistant professor of physical director, Idaho has what promises to be one of the best teams ever assembled on her basketball floor. The team possesses all the earmarks of a winning five. Individual ability, team work, and consistent playing are the characteristics of the Vandal team which has so successfully encountered stellar fives this year. Many are of the opinion that we now have the best quintet which ever fought for Idaho on the basketball floor.

The three victories out of the four games played with the Walla Walla Legion team is alone sufficient to raise hopes for a year unexcelled for victories. Purporting to consist of all northwest stars such as "Squinty" Hunter, Drumheller, "Sticks" Dement, Olson, the Walla Walla quintet is said to be one of the strongest aggregation of basketeers in the northwest. Their victories over other teams in pre-season meets bear out the contention. Success against this team certainly places Idaho near the top in the pennant race.

The team work of the Idaho quintet is exceptional. Every man, playing a brilliant individual game, at the same time plays in perfect accord with the other members of the team. Short passes, airtight combinations and collective defensive plays mark the course of the game. The plays are so systematized that in case of substitution the man placed in play is equally as good as the man relieved. It is this machine that triumphed over the stalwart Walla Walla and other fives.

And throughout the game the men have shown a degree of consistency rarely equalled. The rapid pace set at the beginning of the game was never slowed. Despite the turn of the game the men fought hard and consistently. No pace seemed too hard; no obstacle too hard to surmount. If by chance the opponents gained a lead, the fight was maintained. The consistency of the playing was reflected in the scores piled up which were in themselves consistent.

As to individual ability it is doubtful if any previous year has witnessed a greater, if as great, a degree of efficiency among the members of the team. With a record of thirteen successes out of a possible fifteen, Al Fox, forward, has won himself a place unequalled as basket shooter from the foul line. His steady conversion of free throws meant much to the success of the team. His field work has shown up just as well.

Captain Rich Fox, forward, has been doing admirable work this season. Always renowned as a fighter, Rich has become on the best field basket makers ever in action on the gym floor. Keen headed and accurate, he has been able to pile up substantial scores by his ability on long distance basket shoot-

ing. Gartin, Telford and Edwards are covering the guard end of basketball with such a measure of success as to hold opponents to the smallest possible margin. Fast, hard fighters, these men have functioned mightily in breaking up plays attempted by rival teams. Oz Thompson at center, is another bulwark of strength for Idaho. His ability to get the tip off combined with his accurate guarding held the famed "Sticks" Dement to perhaps his lowest number of baskets. So with the other members of the team, whom we have not had the fortune to see in action.

The characteristics that brought in the victories during the pre-season games will lead the team to victory in the conference meets. Hard-fighting, consistent, yet not over-confident, the Vandals have done well and will continue to do so.

ABOUT NEWS TIPS

Valuable news items are constantly being overlooked upon the university campus, and through no particular fault of the Argonaut staff. It is no uncommon thing to hear a day or two after the paper has gone to press that we have not printed some story of vital interest to the student body—just because we knew 'not about the event.

It is quite the position of the staff to cover the ground as thoroughly as possible each week, and it can be said to the credit of the staff that such is done. But despite the earnest endeavor of staff members to record the news of all events, some slip by unmentioned. It is quite another thing to get a story that is known about and one concerning which only one or two people of the campus are aware of. Each week the staff confers and portions out assignments for the stories that are known. And throughout the rest of the week a constant lookout is maintained for any news stories that may arise. The ground is thus covered many times during the week. Still there are stories—and good stories that are not published.

Perhaps the greatest difficulty lies in the fact that some news items are not disclosed until the last minute because of the otherwise incompleteness of the story. Last minute stories are valuable and can be handled fairly successfully, provided they are known of in advance. But if they are

unknown until the day of publication there is no possibility of making arrangements for them. Plans have been made and they are thereby, through necessity, excluded.

On the other hand if a knowledge of the last minute stories were had by the staff, provision would be gladly made—within bounds—for their appearance in the paper. Space would be held for them and a good reporter would be put upon the story so that no time would be lost in placing the material in the hands of the makeup man.

News tips are always welcomed by the staff. They should be placed in the Argonaut box near the bulletin board of the administration building or handed to some member of the staff. The business of your organization is valuable news and will be given the utmost consideration if you will but hand in a news tip. We have good reporters who will cover every event on the campus if only arrangements are made with the editor.

IN retrospect, we may say that we very poignantly feel the loss of that 79c which we might have saved on our carfare home had Uncle Sam been two week's earlier in his New Year's greetings.

EVER notice how the fellows who says the least and listens the most really gains the most information. Just another instance where speech is silver and silence is golden.

THE students who wired for an increase in their budgets on the grounds that taxes were so high on "date trimmings" of ice cream, etc., are casting about for any other lifesaver.

NOW that freight rates have been reduced, we may expect a substantial drop in the price of carbon paper.

"NOT all that shines is gold," said Ike as he powdered his nose.

NOT all of us are suffering as a result of those New Year resolutions.

ENGINEERS' MEETING

Wednesday night at seven thirty, in the U. Hut (hearth room). Several important things to come before the meeting.

Professor Barton will give a talk on psychology as applied to the engineer. Make it a point to come. EATS.

NOTICE TO JUNIORS

All juniors who wish to dance the junior special at the prom next Saturday evening should make arrangements to do so at once. The girls are requested to see Marie Hummel. The boys must make arrangements with Dan Prescott.

It will be necessary to obtain the right of distinction before the evening of the prom and all juniors are asked to comply with the above request immediately.

Frank Ferdig and Mr. Stevenson of Gamma Theta of Beta Theta Pi. Pullman, Wash., were among those present at the Washington club dance.

PUBLISH COMIC MAGAZINE

OREGON AGRICULTURAL COLLEGE, Corvallis.—"The Orange Owl"—official O. A. C. comic magazine—is coming into its own. The publication, which appeared just before Christmas, is attracting favorable comment from the larger humorous publications in the east, including Life, Judge and the Collegiate World. Second class mailing privileges were recently accorded the publication, the postmaster general taking just three days to deliberate on the application.

STUDENT COMMENT

There are several statements appeared in the Argonaut of December 6, under the heading of "Why is Track" that may be interpreted as being a direct reflection on the ability of the athletic department in the handling of track athletics. This was not the intention or thought that the writer of the article wished to convey to the reader. The main of the idea in the article "Why is Track" was to present the track situation to the student body in an effort to create sufficient interest in the welfare of the sport so that it will not die a natural death.

The seriousness of the present situation is apparent to those interested in track, but the cause of the condition is a matter of opinion. The article published was not intended as an attack on the methods or ability of those in charge of athletics but was for the purpose of getting men now in college to come out and save the sport.

RAYMOND HARSCH.

O. A. C. GLEE CLUB PLANS EXTENSIVE TOUR THIS YEAR

OREGON AGRICULTURAL COLLEGE, Corvallis.—A trip to Portland and Vancouver January 13 and 14, and a tour through southern Washington—the first appearance outside of the state—are some of the activities planned for the college glee club this year.

The Portland program will be put on in the municipal auditorium January 14 under the auspices of the Ellison-White Lyceum bureau. In Vancouver January 13 the program will be put on in the American Legion hall.

A singing personnel of 24 men, a director and accompanist make a better balanced organization than ever before has been formed, according to Craige Condit of Sitka, Alaska, manager. Arthur Kirkham of Portland, is president of the organization and Professor William Frederic Gaskins, head of the school of music, is director.

IN P. N. A. WRESTLING MEET

WASHINGTON STATE COLLEGE, Jan. 7.—For the first time, Washington State College will enter a wrestling team in the P. N. A. meet. The contesting teams will compete for the northwest championship of the A. A. U.

The Spokane Amateur Athletic club, the Y. M. C. A. of Spokane and the Multnomah Athletic club of Portland and other club teams will participate. Each club will be represented by a six-man team.

W. S. C. FINALS JAN. 30

WASHINGTON STATE COLLEGE, Jan. 7.—Final examinations for this semester will be held from January 30 to February 4, inclusive. Between these dates students will attend classes as usual. Tests may be only one hour in length or may be continued from day to day as the instructor sees fit.

FAMED CONTRALTO TO SING

OREGON AGRICULTURAL COLLEGE.—Madam Ernestine Schumann Heink, the world famous contralto, will appear in the men's gymnasium at O. A. C. January 13. This is an extra lyceum number and it is expected that the entire student body will plan to take advantage of the opportunity to hear Madam Schumann Heink.

The Episcopal club will meet Wednesday night in the U Hut. All Episcopalian students are urged to be present as things vital to the existence of the club will be discussed.

The Social News

Basketball, the Washington Club dance and sleighing parties have served as amusements for the pleasure seekers since the routine of school work was resumed after the holidays. A formal reception, at which the members of Ridenbaugh hall and Dean Permeal French will act as hostess, will take place on Friday evening of this week, while on Saturday evening the Juniors will entertain with their annual formal in the gymnasium.

Of interest of her many friends was the announcement of the engagement of Marjorie Hinckley to Marshall Macey of Phi Gamma Delta. The happy news was made known to a group of Miss Hinckley's intimate girl friends at a delightfully appointed dinner party at Ridenbaugh shortly before the holidays.

The Washington Club dance held Saturday night in the gymnasium marked the introduction of the "25 cent dances." In accordance with the student body ruling by which these were established there were no printed programs, punch or decorations. In spite of the reduced admission price more than \$20 was cleared for the track fund.

Sunday evening the pledges of Gamma Phi Beta entertained the active girls and alumnae at the annual Christmas party. A delicious four course dinner was served in a black latticed dining room artistically decorated with yellow chrysanthemums. An unusual amount of talent was displayed in the stunts which took place during the dinner. Later the guests adjourned to the reception room where a Christmas tree awaited them. Many gifts were presented to the house by the mother, alumnae, and active girls.

Promising to be one of the most delightful social affairs of the season is the annual Junior Prom, which will be an event of Saturday evening in the gymnasium. Features of the dance are as yet a mystery to others than the Juniors but an abundance of good music, good eats and a good time is assured. The sale of tickets will necessarily be limited.

Mrs. Hall Funk of Berkeley, Calif., who was Miss Jeanette Shales of Delta Gamma was entertained at a fireside Sunday evening at the Delta Gamma house.

Mrs. N. B. Hare of Kellogg, Thelma Hare and Gladys Haskie of Kappa Kappa Gamma were Sunday dinner guests of Sigma Nu.

Sigma Alpha Epsilon announces the pledging of Errol Hillman of Rexburg, Idaho.

Burton Van Tassel attended the Freshman dance in Pullman Saturday evening.

Invitations are out for the annual formal reception which will be given by Miss French and the young women of Ridenbaugh hall on Friday evening, Jan. 13. The faculty and members of the senior class will be honor guests at the affair.

Misses Hester McKenzie, Rita Kendrick, Caroline Gilman, and Mary Dickenson of Kappa Alpha Theta and Mrs. Critchfield were dinner guests of Beta Theta Pi Sunday.

Carol Sternberg, ex '22 was a guest of Kappa Kappa Gamma over the week end.

Edith Cooper of Kappa Kappa Gamma has returned to college after a several weeks' leave of absence.

Retain Tap System
Williamette University—The tap system failed to pass at the Student Body Meeting last Friday. The plan now accepted involves the statement that Williamette as a school discountenance, class room cheating, such as reciting from open books, or notes, cheating in examinations; and copying from another's note book.

WILL PROBABLY CALL A SPECIAL ASSEMBLY SOON

Because of the fact that all regular assemblies before examinations have been filled, it will probably be necessary to call a special assembly of the A. S. U. within the next week to consider matters of importance that have developed since the last assembly. The brief space allotted at the last assembly before Christmas for a business meeting was inadequate to care for all the business that was to have come up. Consequently, it may be necessary to call a special meeting soon to dispatch important questions that have arisen.

REP. FRENCH WRITES ABOUT OLD STUDENTS

ALUMNUS MANAGER OF PENNEY STORE IN ARDMORE OKLAHOMA

An attempt to secure information regarding former students whose addresses have been lost, brought the following letter from Hon. Burton J. French:

"I recall that among the names of former students on a list that was sent to me last summer, that of Mr. Ruel B. Gilbert, also possibly Alice Abing. Both of these former students were in the University about 20 years ago and for sometime prior thereto.

"I am in receipt of a communication from Mr. Gilbert telling me that his address is Box 976 Ardmore, Oklahoma. Mr. Gilbert is connected with the J. C. Penney Company, store No. 183, at Ardmore, and I believe is its manager.

"Alice Abing is the wife of R. N. Gilbert at the above address. In the December issue of the "Dynamo," a New York publication of J. C. Penney Company, there appears an article by Mrs. Gilbert on the subject of "Christmas in the Home."

In reply to a communication from Director of Publicity Edward F. Mason, Mrs. Gilbert sent the following interesting letter:

"I am sure when you sent that little Alumni News Letter you had no idea what a large amount of joy it was bringing us. We have been practically cut off from all information regarding the University and the older students for a great many years and somehow felt that we too were forgotten.

You can imagine our joy when we received the first communication in 15 or more years. You little realize how much news that little folder contained for us as we read the names and achievements of one after another of our old classmates, nearly all of whom we had long ago lost track. Imagine our surprise when we learned that we had for four years lived within a few hours ride of Norman, Oklahoma, where our friend Dr. Louis A. Turley has lived for 12 years and neither one knew the other's place of residence.

"Mr. Gilbert was at one time employed at Creighton's in Moscow and later in several other stores in the northwest. Upon going to Wenatchee he became associated with the J. C. Penney Company. After receiving the necessary training he was sent to the Leavenworth, Washington, branch as manager. After a year and a half as manager, he received notice to pick a location for a new store of which he would be manager and one-third owner. Having heard of the marvelous success of our stores in this state we chose Oklahoma. Ardmore is a thriving oil city of 20,000 inhabitants and four very successful years of business here have convinced us of the wisdom of our choice."

S.E.I.U. CLUB WILL MEET

There will be a meeting of the S. E. I. U. club in the U Hut next Thursday evening at 7:00. New officers for the coming semester will be chosen and other important business transacted, making a full attendance of members desirable.

The club was organized last year, being composed of students from the seven southeastern counties of Idaho. Its purpose was to bring students from that part of the state into closer relationship, and to promote good feeling between the University and the southern part of the state. Since all south Idaho can't come to the University, the club proposes to take the University right into the hearts of the people of the south. The club has grown rapidly and, already, has been instrumental in bringing many new students to the U. of I.

The members get in touch with every high school graduate and industriously spread U. of I. propaganda. Each member attempts to influence prospective students from his home town. This brings a personal touch to the correspondence that can be achieved no other way. In addition, they keep in touch with the home papers and the high school superintendents.

They work with such organizations as the glee club, and try to see that every town in their section heard the university warblers this year. An effort is being made to schedule games in the southern part of the state for the football team, to give the people of their section a demonstration of the way Idaho acts on the gridiron.

Phi Alpha Psi announces the pledging of Delmont Smith, Lewiston, Elgy DeChambeau, Boise, and Donald DeSault, Blaine.

Bubbles

The other night while going home Somewhat later than usual, I was waylaid By a masked marauder Who massaged my ribs With a Colt 38 And asked very very impolitely For my cash. But when I told him that I had been out with a co-ed He handed me a five dollar bill And passed silently on.

Up is Down

The following was heard by our eagle-eyed reporter while we was waiting to buy a berth home on the Christmas special.

Student—I want a berth to Boise.
Agent—Upper or lower?
Student—What's the difference.

Agent—A difference of seventy-five cents in this case. The lower is higher than the upper. The higher price is for the lower. If you want it lower you will have to go higher. We sell the upper lower than the lower. In other words the higher is the lower. Most people like the upper although it is lower on account of being higher. When you occupy an upper you have to get up to go to bed and get down when you get up. You can have the lower if you pay higher. The upper is lower than the lower because it is the higher. If you are willing to go higher it will be lower. Which one do you want?

Student, (gasping)—I'll take the chair car.

And then she said, "Don't you love a night like this? And he said, "I don't know, but I'll try."

He—What did you slap me for?
She—Because you kissed me.
He—Then get off my lap.

Him: "Don't you just fell the electricity of love?"
Her: No, but I'm not easily shocked."

He—You certainly are a good dancer.

She—I'm sorry that I can't return the compliment.

He—You could if you would lie like I did.

Chem—What's all the noise in the zoology lab?

B. A.—That's just the pre-meds rolling the bones.

Did you ever wake up in the morning, and lay in your bed and wonder if you could stand another cut in your eight o'clock, and what the cook had for breakfast, and if there was any hot water to shave with, and then when you were just ready to make a dive for your B. V. D.s you remembered that it was Sunday. Oh boy! ain't it a grand and glorious feeling.

Why is it that the faster a man is, the longer it takes him to get a girl home from the dance?

He—"Have you heard the latest?"
She—"Shoot."
He—"They propose to reform the movies."
She—"How?"
He—"It's a new invention. They will show the pictures in broad daylight."
She—"Then here's to a boycott on the movies."

"Heard a good joke this morning"
"Is it really a good one?"
"Must be; my stenographer laughed until she almost fell off my lap when I told her."

—Selected.

"Girls take better care of their skin than boys" reads headline in beauty health department of a magazine.

Yes, they give it a coat of paint every now and then.

Co-ed: a rare combination of femininity and drug store accessories.

Ed: one who is solicitous about said combination.

Fashion seem to be going backward, instead of forward. We notice that the co-eds still roll their own, but now they are the kind that gramma used to knit.

One: "What is the masculine for laundress?"
Tother: "Chinaman."

Professors are human. Sure they are. Just stick a pin in one and see.

THE WINTER REGISTRATION CONSIDERABLE AT O. A. C.

OREGON AGRICULTURAL COLLEGE, Corvallis, Jan. 5.—Registration for the winter term at the college started with a rush. Students were lined up in front of the registrars office and the agricultural and other buildings, waiting their turn. Several Hindus wearing turbans were seen among the prospective students. Credentials were sent in by approximately 200 persons who expected to register for the first time.

Some students have found it necessary to drop out because of lack of funds but despite this fact a heavy registration is expected this term. Many students will have to find work if they continue at college this term. The Y. M. C. A. is serving as an employment bureau and townspeople or people in the surrounding country who have work to be done are being urged to assist the students by listing work. More demand than ever is being made on the student loan fund, which is practically exhausted. It is hoped that persons generously inclined will see fit to contribute to the fund.

We have received a few new pairs of women's twelve-inch boots. Owing to the limited quantity we will sacrifice them at \$8.50 a pair. These are a vealed water-proof boot, built on good lines and guaranteed to give the wearer satisfaction.—Buster Brown Shoe Store.

GLEE CLUB NEARING END OF STATE TOUR

ONLY TWO MORE ENGAGEMENTS
BEFORE GLEE CLUB RE-
TURNS TO MOSCOW

But two more towns appear on the schedule of the University Glee club. Boise is the town in which they are giving their concert tonight, and Weiser and Parma will occupy the last two nights. The club will leave southern Idaho on the afternoon of January 12, and will arrive in Moscow on Friday, January 13.

The programs this year have been unusually good, and the Glee club has been well received at every town. Southern Idaho newspapers are profuse in their praise of the club, and many have stated that every effort will be made for return engagements next year.

At several towns receptions have been given the club by townspeople and University alumni, and various other parties have also been given them.

An added attraction of this year that is receiving much praise is the saxophone quartet that accompanies the club. They are giving several solo and quartet numbers, and also serve as accompanists for several other selections. The comic operetta that forms the second part of the Glee club program has also received much favorable comment from the press.

Professor Bangs, director of the club, plans to give a program here shortly after the return of the club. No definite arrangements have as yet been made, but an announcement will be made, probably next week, giving all of the particulars.

O. A. C. PREDICTS SUCCESS- SEASON FOR BASKETBALL

OREGON AGRICULTURAL COLLEGE, Corvallis.—A pennant contender, is the prediction of basketball fans at the college for the varsity team this season. Coaches "Dick" Rutherford and "Bob" Hager, however, are not counting their chickens before they are hatched. They are willing to admit that the team showed up well in winning all five of its holiday barnstorming games and will also admit that some good material is certainly available.

Although only three lettermen are contenders for varsity berths, the new men seem to be filling the vacancies in great shape. Hjelte, the elongated center who proved the outstanding star of the barnstorming games, is counted on for doing much towards keeping the Aggie team in the running. He was not able to get the tip off during the barnstorming games but to find the basket. He led his team, in fact, in points scored.

The showing made in the barnstorming trip was considered remarkable. Never was the five in danger of defeat and furthermore, with but one exception, the opposing teams were well scoreless in the first half when the regular quintet was on the floor. Later in the contest substitutes were put in so that the coaches could look over additional material. The hardest game was with the team of the Columbia Athletic club of Astoria, the result being a 30 to 16 victory. The Astoria five, considered as especially fast group, defeated the University of Oregon team 30 to 18 the night before the Aggie game.

WILL GIVE AFTERNOON CON- CERT AT U HUT SUNDAY

The Ross family, evangelists and talented musicians, who have been holding revival meetings at the Christian church the past two weeks, will give a concert for students Sunday afternoon at 4 o'clock in the University Hut.

This concert will follow the social hour at the hut, which comes at 2:30. The three members of the family are all artists on their respective instruments, the trombone, violin and cello, and the concert promises to be well worth while. Solo number, duets, and trios will be given.

NEW FRATERNITY AT O. A. C.

OREGON AGRICULTURAL COLLEGE, Corvallis.—Pi chapter of Eta Kappa Nu, national honorary fraternity in electrical engineering, has been installed on the O. A. C. campus. This is the 14th chapter of Eta Kappa Nu to be installed in colleges in the United States. The fraternity was founded at the University of Illinois in 1905.

FROSH OUTCLASS SOPHS

WILLAMETTE UNIVERSITY, Dec. 5.—The class of 1924 cinched first place in the interclass basketball when they overwhelmed the representatives of the frosh class Wednesday afternoon with a score of 19 to 2 in the final game of the series.

CHRISTIAN FEDERATION PUBLISHES YEAR'S PLANS

BEGINS CAMPAIGN TO RAISE BUD-
GET FOR THE NEW YEAR'S
WORK AT THE U.

Detailed plans of the year's procedure have been submitted to the students and faculty in pamphlet form by the University Christian Federation which is campaigning for funds to carry on the year's work at the university. The plans embody both the program and the necessary budget to be raised.

The work of raising funds for the budget began among the townspeople this week. The city allotment has been decided up as \$88.00. Committees from the chamber of commerce have the campaign in hand and are circulating cards for subscriptions.

Seven hundred dollars for the new budget will be raised among the faculty and students of the campus. The student share has been portioned at \$350.00. The desire of the U. C. F. is to obtain this portion on an all-campus carnival sometime in February, the attractions to be put on by the various organizations of the campus.

The pamphlet issued by the Federation outlined at some length on the program of the federation. Considerable favorable comment has been expressed throughout the state on the attainments for the federation during the past year or so.

FROSH WIN OVER H.S. WITH SMALL MARGIN

FROSH HOOPSTERS WIN OVER
STURDY MOSCOW HIGH
SCHOOL QUINTET

As a prelude to the first of the Walla Walla games Thursday night the freshman basketball team won a slow, almost disastrous, game from the Moscow high school five, 17 to 16. Up until the last few minutes of play, it looked as though the yearlings were doomed to surrender their scalp to the town hoopsters. They were saved only when Captain Kline managed to catch sight of the basket for two goals and a conversion.

The general opinion seemed to be that the Frosh were decidedly off form, for little team work was displayed at any time during the game, nor were any of the men able to shoot as was expected of them. The Moscow team, on the other hand, showed up exceptionally strong for a high school this early in the season.

AGRICULTURE CHAUTAUQUA SCHOOLS ARE INSTITUTED

EXTENSION DEPARTMENT IS TO
CONDUCT MOVING SCHOOL
IN SOUTH IDAHO

Traveling agricultural chautauquas will be held in nine southeastern Idaho counties during the latter part of January. They are under the supervision of the extension department of the University. Each chautauqua, or school, will last two days, and programs have been arranged in typical chautauqua manner, so that each speaker will be constantly moving from one town to another.

Twenty-nine speakers, including university and extension specialists U. S. Department of Agriculture field workers, farm bureau representatives, and prominent southeastern Idaho bankers and business men will deliver lectures and talks on farm problems relative to that part of the state.

Women have not been forgotten in these plans, as arrangements have been made to hold meetings on home problems under the supervision of Miss Katherine Jensen, head of the university home economics department, and several trained demonstration agents.

A special feature of the program will be addresses by Dr. A.H. Upham, president of the University, and President C.R. Frazier, of the Idaho Technical Institute.

OPEN FORUM WILL DISCUSS NEW LIBRARY SYSTEM

"The new library system," and "The use of the library," will be the topics for discussion at the next Open Forum meeting, the first after Christmas, which will be held in the U Hut next Thursday evening at 7:30.

Miss M. Belle Smith, university librarian, members of the library staff, and members of the faculty library committee will give addresses. The proper use of the library and the problems arising from the system now in use will be discussed.

FIELD OF AGRICULTURE ECONOMICS DISCUSSED

PRODUCTION AND MARKETING
TWO PRINCIPAL PHASES
OF FARM ECONOMICS

"For practical purposes the field of Agricultural Economics may be divided into three parts: (1) The economics of production, which deals with the cost of production, types of farming and farm organization. This subject matter may very properly be called 'The economics of farm management.' (2) The economics of marketing, which includes the whole problem of efficient transfer of all forms of farm products from the producer to the consumer and the further problem of the suitable distribution of the price paid by the consumer to all those who have participated either in the production or in the distribution of the products.

Economics is scientifically coordinated with the physical and biological sciences in the study of agricultural problems. During the first few decades following the development of the experiment stations almost the entire attention of those interested in the improvement of agriculture was devoted to the application of the physical and biological sciences to the improvement of agricultural production. It has now become recognized that the economic phases of the agricultural problem must receive equal attention and that the results of physical, biological and economic research must be combined if the practical problems of agriculture are to be solved.

Fortunately agricultural colleges and experiment stations are turning their attention to this field. Many strong departments of agricultural economics have been established and the deans and directors of agricultural colleges and experiment stations throughout the country are interested in further development of this work. The federal department of agriculture has made rapid strides in recent years in the development of work on economic problems. Crop estimates and agricultural statistics first received attention in the Department of Agriculture, then the problems of farm management were studied with a view to introducing greater economy in farm organization. Finally in 1913 the work which developed into the Bureau of Markets was established. These two lines of work are now being combined in one bureau, in which will be included all the economic work of the Department of Agriculture. This work will be done in close cooperation with the bureaus dealing with the physical and biological sciences in their application to agricultural problems, in order that the work of all the bureaus may be closely coordinated, with well rounded out results of practical application.

The development of this work in the Department of Agriculture in the next few years will demand an increasing number of men thoroughly trained in agricultural economics. It is desired that seniors and graduate students looking to a career in agricultural research or education give careful thought to their own fitness for careers in this field. It is also hoped that a large number of agricultural colleges will give special attention to providing courses which will train men for this work. For students who have had considerable graduate work in this field there may be opportunities for research work in the department, which will be line with their graduate work and which will therefore give an opportunity for valuable service while advancing their knowledge and earning funds with which to proceed with their graduate work. A considerable number of graduate courses, seminars and conferences are being given in the department at the present time, for the

purpose of increasing the efficiency of the workers in the various bureaus. A tentative schedule of the freshman basketball team has been announced by Graduate Manager Graf, and includes twelve games, approximately half of which are to be played in Moscow. There are yet three or four more games hanging in mid air, which Manager Graf is endeavoring to secure for the yearlings.

The schedule as arranged so far does not include a single high school five, which is an innovation for Idaho freshmen athletics. It was felt that there were no high schools in the vicinity which could offer enough opposition to make it worth while to include them in the schedule.

The schedule is as follows:

January 13, Cheney Normal School, at Moscow; January 25, 26, 27, a trip to include the following towns, Grangeville, Nez Perce, and the Lewiston American Legion team; Spokane University, Moscow and Spokane, no date set; W. S. C., Moscow and Pullman, no date set.

Besides the above, there will be several other games with larger organizations. The schedule is being worked out so that teams coming to Moscow will be able to play W. S. C. during the same trip, which somewhat delays announcement of a definite schedule.

CONTESTANTS FOR PLAY PO- SITIONS, HAND IN NAMES

Contestants for positions on the all- varsity drama "Adam and Eva" which will be played throughout this section of the country early in the spring are advised to hand in their names at once. The parts chosen should accompany the names.

The manuscript of this play is on reserve in the library, as is also a synopsis contained in the book, "The Ten Best Plays." Applicants for positions are requested to read over the play and choose the parts desired.

Plans for the tour of the company putting on the play include such places as Lewiston and towns of northern Idaho. It is probable that the play will be exchanged with W. S. C. and Whitman.
