NUMBER 29

SPOKANE PUGS IN SIX ROUND GO TO FEATURE I CLUB SMOKER

BATTLE ROYAL TO BE THRILLER HIGH ORDER

INTERFRATERNITY MELEE GIVES PROMISE OF HAIR RAISING EXHIBITION

A six-round go between Tony Leutri and Rex Noble, clever Spokane boxers, who have made names for themselves in the Inland Empire among ring followers, will be the main event on the I club smoker program, which will be given Friday evening in the gymnasium. Both men will weigh in the neighborhood of 165 pounds, and a rare treat has been promised by the committee which secured these men.

And another thing that no one should forget, for the first time in the history of the university co-eds will be admitted to a smoker. It should be mentioned, however, that this will be one of the smokeless variety. Dates will be in order, and an unusually good program, one which no girl can afford to miss, will be given.

Other entries on the boxing card also promise to be of exceptional interest. With the exception of the main bout, all will be amateur matches. Kid Casey and Hugh Keller, both at 165 pounds, are scheduled for a three-round bout. Both men have appeared at previous smokers this year, but this will be the first time that they have been opponents. They are fast and clever, and a bout that will rival the main event is assured to fans.

Red Sullivan and Alex Forest, both topping the scales at 155, will also be principals in a three-round bout. Both have had experience in amateur matches, and a clever exhibition can be expected.

Championship Match

The only championship match of the evening will take place between Peter Beelzebub Barto and Heinie Hercules Sampson Glindeman, who will fight to a finish for "The Home-liest Man on the Campus" championship belt. The two men have been training consistently on Copenhagen snuff and hot dogs, and both will be in the very pink of condition for the match. All the pent up feeling of three years of rivalry for such an honor as they will do battle for should indeed promise a match worthy of the consideration of Tex Rickard.

One Wrestling Event

In the line of wrestling, but one event, an exhibition match between Babe Brown and Frank Kinnison, has been scheduled. This will be of unusual interest, however, as both are experienced grapplers, Brown having served as varsity wrestling coach for

(Continued on page 6)

WILD ROSE OPERETTA DELIGHTFUL NUMBER

TREBLE CLEF SCORES DECIDED HIT WITH MUSICAL

Much Credit is Due the Directors of Event; Entertainment Showed Large Amount Work

"The Wild Rose," a light operetta presented by the Treble Clef club in the university auditorium Friday evening, scored a decided hit with the audience, which, although small, was very enthusiastic.

In addition to the operetta two songs were given by the club, the university orchestra furnished several selections, and a scarf dance was given by Miss Grace Morgan.

The cast for "The Wild Rose" was well selected, and much credit for the success of the production is due Professor E. O. Bangs, of the music department, who directed the music, Miss Camille McDaniel, who was dramatic director, and Mrs. Murray, who had charge of the dancing.

The leading part in the operetta, that of Rose McCloud, was very ably taken by Miss Evadne Roberts. Her voice, which is exceptionally clear

STUNT FEST ARTISTS PREPARE FOR FETE

COMMITTEES ALL APPOINTED EXCEPT FROM SENIOR CLASS

Everything Being Arranged for Annual Event of Songs, Jokes and General Merriment

Preparations are under way for the annual stunt and song fest, which is to be held the evening of the final day of the interscholastic track meet, sometime in May. Committees have been appointed by all class presidents, and people with clever ideas and musical and poetical ability are much in demand on the campus.

The stunt and song fest was first held in the spring of 1915, and since that time it has grown to be one of Idaho's most popular traditions. Several of our best songs have originated from these fests, and the stunts have been looked forward to with enthusiastic expectation since the time that Slim Swanstrom made Cleopatra immortal.

And the event would never be complete without take-offs on prominent professors and pupils. A stunt would not be complete without a representation of a certain writing tablet, and its copyright.

The committees for this year's program are as follows:

Fresh—V. Robinson, F. Miness, Hughes, U. Powell, O. Gudmundsen, C. Feldman, S. Klefner, R. Molyneux, M. Porter, E. Wade, A. Peterson, and H. McKenzie.
Sophomore—A. S. Guerin, R. Gates, J. Schreiber, R. Kendrick, T. Sherman and D. Neelan.
Junior—L. Hersey, E. Wheeler, D. Prescott, K. Hunter, B. Collins, J. Rowlands, and M. Mimms.
Senior—No committee appointed.

PREXY URGES CAMPAIGN FOR ENROLLMENT

URGES UNDERGRADUATES TO GET ACQUAINTED WITH TALKING POINTS

TO HOLD SPECIAL ASSEMBLY

Upholds Personal Evangelism as The Biggest Drawing Power Among High School Students

"Students can bring students to the University of Idaho," said Dr. A. H. Upham, speaking in assembly last Wednesday morning. Dr. Upham's talk followed a musical program by students in the music department of the university and several numbers by the university orchestra under the direction of John W. Dickinson, instructor in violin.

"You students cannot be good salesmen unless you know the University of Idaho. Get acquainted with the university and when you stroll around the campus stroll with your eyes open. We will take an assembly period in the near future to acquaint you with the various colleges and departments of this institution."

Students Can Interest Others
The president was urgent in his request that students become thoroughly acquainted with the university in order that they might be able to tell their friends all about it this summer, and to answer any questions concerning it.

"The annual new student campaign of the summer is soon to start," said President Upham. "Students can bring students. The work of Idaho undergraduates in interesting high school students in the university is the most effective means of enrolling new undergraduates here."

Need New Song
The need of an adequate Alma Mater song was shown the students and the president urged that one be presented at the annual stunt fest in the spring. Announcement of eight fellowships for work in a Belgian university was made. The fellowships are open to graduates of American colleges.

Good Musical Program

The university orchestra and musical departments offered a talented musical program. Frank Mitten played

(Continued on page 6)

ADAM AND EVA PLAY TO BE GIVEN AGAIN

SECOND PERFORMANCE DESIRED FOR POPULAR COMEDY

North State Trip Proves Highly Successful From Financial And Presentation View

"Adam and Eva," after a successful tour of northern Idaho, will again be played at the university auditorium on Thursday evening, April 13, according to an announcement by Kenneth Anderton, business manager of the production.

The return engagement has been agreed to because of the requests made by people who were unable to secure seats for the first performance, and many who did see it, but desire to see the production for the second time.

This second showing should be even better than the first, for since that time the players have given the play in two other towns, and consequently they have received greater confidence in their ability, while their experience has also been increased. Tickets for the second performance have been placed on sale at Hodgins', and they may also be reserved there.

The players returned from the northern part of the state Saturday, and all have reported that the two performances that they gave, one in Coeur d'Alene, and one in Sandpoint, were very successful, not only financially, but also in regard to the manner in which the play was presented. Papers in the two towns were unusually generous in their write-ups of the play.

IDAHO-W.S.C. CROSS BATS NEXT WEEK

CALL OF "PLAY BALL" WILL FIND VANDALS READY FOR THEIR RIVALS

TWIRLING STAFF DOUBTFUL

Mounders in Poor Shape At Present—Lively Contest Looms For The Backstop Position.

Idaho's baseball season will open next Wednesday with a game with W. S. C. This has been the source of considerable worry to Coach MacMillan as the adverse weather conditions under which the squad has been working for the past few weeks leaves the pitching staff, which is rather weak, out of condition. However, the infield and outer garden berths have been worked into a smooth running machine, making the prospects for the coming season look bright.

Of the boxmen who have been making good showings under the prevailing chilly weather are Marineau, Eddy and Snow. It is expected that these men will form the nucleus of the pitching staff. All these men have been working out easily, and the real value of the staff cannot as yet be determined.

In the infield, Capt. O'Brien is holding down the initial sack with ease.

The work of Stivers at short stop and Kinnison at third stands out above all other candidates. At second Wicks and Cobby are leading a merry chase for the berth. It is expected by Coach MacMillan that he will use Cobby in the outer garden berth if not at the keystone sack. The Idaho mentor is also expecting to work Snow into some infield position when not in the box.

Merry Race On

The race between "Rich" Fox and "Babe" Brown for the backstop berth is getting sharper with every workout. Both the men are holding things down behind the bat in good style. Their pegging is about on the par, and they break about even in the batting game.

The appearance of "Al" Fox Monday in a uniform gave the pitching staff a considerable boost. Coach MacMillan is expecting to use Fox when not in the box, in some outfield position. Other outfielders who are making strong bids for berths are Edwards, Coon and Ostrander. These

(Continued on page 6)

STUDENT BODY PREPARES FOR NOMINATIONS OF CANDIDATES

BASEBALL TEAM PLAYS FIRST GAME THIS WEEK END.

The varsity baseball team will taste its first action of the season when it crosses bats with the fast Union Pacific Employees' team of Portland in a two game series here the coming week end, April 14 and 15.

The Union Pacific team is one of the strongest independent teams of the Pacific coast, and the game will give Coach MacMillan an excellent opportunity for estimating the worth of this year's squad.

The team is making a tour through Washington and crosses into Idaho only for these games. The regular conference season opens a week later, April 21 and 22, against W. S. C. in a two game series, the first of which is to be played at Pullman.

PLAN LARGE PARTY ON ATHLETIC FIELD

TO BUILD ONE OF THE BEST IN THE NORTHWEST

Work on the Proposed Improvements Will Begin April 15—Will be General Renovation.

Work will start April 15 on remodeling the athletic field, which, with an expenditure of \$3,200 is to be converted into a field the equal of any in the Pacific coast conference.

A perfect quarter mile cinder oval and an improved 220 yard straightaway are features of the plan.

Specifications for the new baseball diamond will call for a sand and clay composition infield and a sod garden. The center of the diamond will be one foot higher than the outside edge.

The new oval will be first excavated to the depth of eight inches and then 40 car loads of cinders will be used to elevate the 21-foot track to four inches above the level of the field.

To complete the new field it will be necessary to do considerable excavating on the northwest corner and this dirt will enable the field to be widened some twenty feet on the north. All work will be completed by July first.

A concrete circle laid around the track will serve to drain off all surface water and it is proposed to enclose the oval with a creosoted pole fence.

The plans for the field were approved last night by the A. S. U. I. board of supervisors and it is the aim of the board to eventually install new bleachers and make other improvements. Under present plans the bleachers will probably be installed next year.

Members of the board of supervisors are: Dean O. P. Cockrell, chairman; Betty Woods, secretary; Lynn Hersey; Fred Graf; Rex Kimmel; and Walsler Greathouse.

OREGON AGGIES GROOM BASEBALL PROSPECTS

SQUAD OF FIFTY OUT FOR REGULAR VARSITY BERTHS

Prospects For O. A. C. Taking Honors In The Spring Sport Look Good — To Them

OREGON AGRICULTURAL COLLEGE, Corvallis, (P. I. P. A.)—Coach G. L. Rathbun is getting a line on his new baseball material and has found some promising candidates. More than 50 men worked out on the diamond during spring vacation, with one practice game being played. Jenks, Kasberger, Beterman and Goff pitched for the regulars who won over the subs, 14 to 7.

Holmquist and Garber are showing up best with the big stick, Duffy, Sworn and Grout look best at catchers. First and third are pretty well taken care of according to Rathbun, although big Hjette is making a strong bid for first. His hitting ability has made him a desirable man for the team.

McKenna, a veteran from last year, is expected to hold down a place somewhere around the keystone sack. The shortstop position is being bid

FIGHT PROMISED FOR MANY OF POSITIONS

ONE PER CENT OF REGISTRATION FEE TO AID MEMBERS IS AMENDMENT OFFERED

Nominations for A. S. U. I. will be in order this morning at assembly and campus politicians have mentioned the names of many as possible nominees.

President of the student body seems to be the big bone of contention and it is thought that the nominations will include Lynn Hersey of Lewiston; Howard Brashears of Caldwell, and Rex Kimmel of Boise.

Experts on such matters seem to believe that a dark horse or two will also appear in the race for the coveted position which is the highest student office obtainable.

Probable nominees for vice-president are not as possible candidates. They are Greek Wells and William Nixon. As this is the second highest office there will no doubt be many more nominations.

Associate Editor Material

Joel Priest, Jr., and Ted Sherman, and Jack Armstrong are mentioned as possibilities in the race for associate editor of the Argonaut. It is not thought that any others who are eligible for this position will run.

Marie Hummel, present incumbent, is the only possibility for the office of treasurer of the A. S. U. I. Others are thought to have their eyes on this position and there is a possibility of considerable competition.

No particular students seem to have been mentioned as secretary of the board of supervisors of the A. S. U. I. The board has control of most A. S. U. I. expenditures.

Primaries April 20

Nominations if not made at assembly today must be accompanied by a petition signed by twenty-five students and handed to the A. S. U. I. secretary at least twenty-four hours previous to the primaries which will be held Thursday, April 20. The regular election will be held two weeks later.

Much speculation is begin done as to who the executive board will nominate for the three managerial jobs. For debate manager, Phil Buck, Walsler Greathouse, and Errol Hillman are possibilities while for Glee club Wendel Palmer, and Robert Caumins might be mentioned.

For business manager of the Argonaut not much hope is available but several, including William Carpenter, Charles Pitcairn, and Lee Gregory are eligible possibilities.

CADETS PRACTICE WITH AUTOMATIC WEAPONS

GET FIRST HAND INFORMATION ABOUT USE OF GUNS

Get Ready For Summer Camp Work; Hope To Raise The Standards of Idaho Marksmen

Upon several occasions during the past two weeks students in afternoon classes have been startled by the roar of the machine gun and automatic rifle which belongs to the military department of the university. Saturday, April 1, was the occasion of the first outbreak and during the past weeks the guns have been put to use on every occasion the weather permitted.

The first firing was witnessed by quite a number of students and faculty. Anyone who desired to was given the opportunity at firing either piece.

(Continued on page 6)

for by Montgomery, Garber, and Borgenson. Outfield positions are still in the dark, is the report of the coach, although Holmquist, Parkinson, Booth and Grider look good here.

The first game will be played in Portland next Friday and Saturday with the North Pacific Dental college. North Pacific has some men from last year's Portland team. These games are being played only as practice games and will not count in the coast conference standing.

INFORMATION BUREAU

The holding of college week at the state capital this month raises the question of a regular fall campaign at the various assembling centers throughout the state and other territories that might naturally feed the University of Idaho student body. Such enterprises are conducted by other institutions and have proven highly successful. It has been suggested that a yearly information bureau service be established at these points which would be a meritorious departure. Facts and psychology seem to support the contention.

During the week just preceding the opening of school in the fall there are innumerable students who because of their indecision might easily be influenced to attend Idaho rather than some other institution.

As the prospective student contemplates entering some college or university in the fall he is confronted with a dilemma. He may want to attend his state institution but at the same time dreads making the start. About this time along will come some one talking up another college and the idea of going there where he will be among someone he knows—from the brief connection he is having with this foreign information bureau—will lead him to decide against Idaho.

It is just at this crucial time that the university really, coers lose many prospects. It is no idle fancy on the part of those institutions who endeavor to provide for this situation by establishing bureaus of information concerning their institutions in such cities as Spokane and Portland. We are behind the rest of them in this respect and the result is only what it would normally be under the circumstances.

Nor would the task of establishing college bureaus of information at the various vantage points be difficult beyond realization. In fact it would be comparatively easy. In most of the centers of population in the territory adjacent to the university are alumni who have nothing more at heart than the good of the alma mater. They would be only too glad to cooperate with the present student body to inaugurate a plan of this kind. With the aid of just a few student workers at each place in the fall an enormous work could be done in this field.

Only one thing would remain to be done. This is the action of the student body in sponsoring such a movement. The demand is imperative; the remuneration is great; the feasibility of the plan is apparent. Only one thing to do—ACT.

CHOOSE WELL

Before this paper will have been entirely distributed amongst the student body, nominations of the candidates for the various offices of the A. S. U. I. for the coming semester will have been made. Who will be numbered among the candidates is only partially known. But regardless

of who are selected there are several things in connection with electing a student to any important office in the student body organization.

There are, to be exact, several requirements that must be taken into consideration in choosing men to fill the different positions for the next semester or for the next year. Not all of the offices require special ability, but all do require executive ability and many demand men of special technical training to function properly. Some offices necessitate that the incumbent possess a large knowledge of the university problems and ideal for successful execution of official duties. Others require the incumbent to know special knowledge and to have had experience in a definite line of work.

The A. S. U. I. is an organization devoted to the business of the general student interests. And any business concern demands that those who conduct that business be capable to conduct the business. The students are interested in the management of that body and vitally so. They have given their money to support it and they are an integral part of it. If they choose unwisely they will not only be unable to satisfy their own sense of justice but furthermore they will be unable to have their funds and other business wisely administered.

And the prime responsibility for maladjustments in any student body office will lie entirely with the students themselves. They choose who they will. They must will to choose the best men. Whether or not they shall choose wisely rests with themselves alone.

One tendency on the part of all people is to select an individual for this or that position because he is popular and otherwise branded a good fellow. These characteristics are highly desirable, but of themselves they mean nothing. They are of secondary consideration. The first and essential prerequisite is whether or not the individual under consideration is capable and efficient. The conduct of the A. S. U. I. is a business and requires men of ability for officials and its offices should not be filled with anyone possessing just the essence of popularity.

In the past the student body has functioned very well in choosing the most capable and proficient men to handle its many business ramifications. There is no cause for concern. But a few moments spent in consideration of the gravity of the coming task will undoubtedly prove beneficial.

WISE AND OTHERWISE

The spirit of Bolshevism is entering the ranks of the university students according to the last reports from dame rumor. Students who less than a month ago appeared happy and energetic in class work are now to be seen renewing acquaintance with mother nature during hours when they would, formerly, be studying. What we need is an inoculation against the ravages of spring fever.

Statistics talk; but most talkers don't use many statistics. Statistics give real valuable facts; but this cannot be said of all talkers. To talk idly by the hour is considered by the most prominent men as one of the worst waste of time indulged in, but the most of us are good spenders of our time and the other fellow's as well.

The recent exhibition of the latest to wear in spring sport models at a local picture theatre seems to have aroused the wrath of the weather man if the storm that followed is any indication of the opinion of that elusive individual.

Colonel Goethals has said that the proposed Columbia river irrigation project is feasible and to be desired. That ends it probably. Many smaller and lesser known engineers have held that opinion for some time. However, now that the Colonel has recommended it, there is every reason to believe that it will be begun soon. All of which just goes to prove that it's the man and not his knowledge that counts in the world of common mortals.

How much better world it would be if more people would try to save daylight rather than to make the moon shine.

If spring doesn't happen along soon we may be forced to assume a definite attitude towards the striking coal miners. Although there is enough coal in our neighborhood to last until a normal spring would begin, the idea is beginning to spread that this is no normal spring.

Other colleges have regular press stories about the hiking clubs being formed and in operation. But at that we are not anxious to take a chance with the weather conditions yet. Then too, the rubber shortage in Brazil and the increased production of the Ford factories have stimulated a rise in the market quotations of goloshes.

ADDITIONAL SOCIETY

Eugenia Alford of Gamma Phi Beta visited at her home in Lewiston during the week end.

Glen Hyde was a Sunday dinner guest of Sigma Alpha Epsilon.

Ruth Chandler and Helen Anderson of Phi Beta Phi, W. S. C., were week end guests of Omega Phi Alpha.

Marie Hunt and Ernestine Friesen spent the week end at Calfax.

Gladys Kahn, Eloise Kelsey and Eugenia Cruzen of Delta Gamma were dinner guests of Gamma Phi Beta, Thursday.

Sunday dinner guests of the Elwetwas were Mr. Miller, Mr. Roy Click, Mr. Philip King, Mr. Sarvis, Mr. Tapper and Mr. Orland De Atley.

Kappa Kappa Gamma entertained at dinner for the members of the basket ball team and Coach and Mrs. McMillan Tuesday evening.

A week end visitor at the Theta house was Ruth Van Engleton, an Alpha Chi Omega from W. S. C.

Delta Gamma entertained at an exchange dinner Tuesday evening with Kappa Alpha Theta. The guests were Misses Polly Thomas, Katherine Madson, Madeline Wall, Emeline Gillman, Marie Hogenson and Mary Dickinson.

Mrs. Head of Boise and her son, Dave McLain, were luncheon guests of the Elwetwas Friday.

Ross Leighty, Glen Wilkinson and Carl Brown of Phi Gamma Delta were dinner guests of Phi Delta Theta Tuesday.

Gamma Phi Beta entertained at dinner Wednesday in honor of Dean French, Mrs. Richardson, Mrs. Marsh and Margaret Stolle Baker.

Elaine Wheeler, Josephine Schriber, Harriet Bliss, May Alvord, Goldie Felton and Irene Collier were Tuesday dinner guests of Kappa Alpha Theta.

Ora Thornton of Lewiston was a week end guest of Florence Selby of Omega Phi Alpha.

Edwin Rettig, '19, spent a few days on the campus during the past week.

Sunday dinner guests of Phi Delta Theta were Louis Boas, Sprague Stevens, Cecil Nordby, George Dean and "Chris" Hagan.

Virginia McRae of Kappa Kappa Gamma who accompanied the cast of Adam and Eva on their northern trip, spent a few days in Spokane visiting with friends.

Dean and Mrs. Angell and Prof. and Mrs. Wodsedalek were dinner guests of Delta Gamma Wednesday.

Roland Dick of Sigma Alpha Epsilon spent the week end in Spokane.

Lenore and Edna Pickrel were dinner guests of Gamma Phi Beta Sunday.

Lois Enders, Genevieve Dartt and Louise Smith attended the Teachers' convention at Spokane.

Th Elwetwas entertained this week end Mr. Miller of Alpha Tau Omega, of W. S. C.

Evelyn Pickrell of Spokane visited her sister at Ridenbaugh hall.

W. S. C. PLAY WILL COME ON MAY 5TH

The exchange play which the dramatists from Pullman will give here is scheduled for May 5, according to latest advices. This play was to have been given April 14 but because of the conflict with the "I" smoker, the date was postponed.

The Washington State cast will give "Tilly" instead of the "Thirteenth Chair" as originally stated.

Y. W. C. A MEMBERS CHOOSE OFFICERS FOR COMING YEAR

At the meeting of the Y. W. C. A. Thursday afternoon officers for the ensuing year were elected. The following were elected: Henrietta Peasley, president; Eugenia Cruzen, vice-president; Agnes Cox, secretary; Editha Barton, treasurer, and Elmerna Gardner, undergraduate representative.

The newly elected take office this month and urge that a greater interest be shown. All members are also asked to pay their dues sometime this week.

NOTICE

There will be a meeting of all debate letter men Thursday afternoon in room 108 at 4 p. m. Debate Manager Walser Greathouse urges that all letter men be present.

SPRING FOOTBALL ON SLATE FOR MONDAY

COACH KELLY ISSUES CALL FOR VARSITY CANDIDATES

Uniforms Given Friday, Men To Go Through Fundamentals Four Times Each Week

Spring football will be an active actuality beginning next Monday when Coach Tom Kelly will call his gridiron warriors together for the purpose of giving them some of the fundamentals of football prior to a heavy season next fall.

Practice will be held four times a week from now on until the close of school, beginning Monday afternoon at four o'clock, and suits will be issued to candidates Friday afternoon. Kicking, linework, passing, and in fact the whole category of football tactics will be run through during the spring training period.

Fresh to Be Out

All of this year's varsity squad, as well as the yearlings who are looking forward to a varsity berth are requested to be on hand next Monday at four o'clock in the gym, as well as any others who may have talents along the line of football.

Spring football has been an institution in many of the larger eastern colleges and universities for many years, and results where the system has been thoroughly tried out have been unusually satisfactory. This will be the second year that the squad has been put through the fundamentals of the game during the spring, and a much larger squad than participated last spring will undoubtedly turn out for initial practice Monday afternoon.

Professor Watson presented a set of slides demonstrating the silvicultural methods of cutting timber to his class in silviculture last Thursday. Many pictures were also shown of young growth stands. The entire set was very interesting to anyone interested in the welfare of our forests.

CAMPUS DAY

Campus day is one of the biggest events of the year on the campus. Each year a day is set aside for cleaning up the campus and the men of the university respond by turning out in old clothes to work on the campus. All morning long they swarm about like a busy hill of ants, gathering rubbish, cleaning drives and walks and in every way improving the appearance of the campus.

At noon the men rush for home to eat and change clothes for in the afternoon comes the most important part of all; the co-eds program. The May queen, who has been chosen some time in advance is crowned and takes her seat of honor while dances and other pageantry is given.

Later a bonfire is lighted and the joyful froth tosses his green cap to the flames. This is a big day for the first year men for from then on froth restrictions are off forever.

The day is concluded in the evening by a picnic dinner followed by dance in the gymnasium. Campus day is celebrated on nearly all campuses but at Idaho it is a combination of several of the best traditions and customs all into one unforgettable day.

LANGUAGE PROFESSOR TO SPEAK ON PASSION PLAY

"The Passion Play" is the subject of an illustrated lecture which will be given Friday afternoon at 4 o'clock in room 217 of the Administration building, by Dr. M. L. Sargent, of the modern languages department.

Prof. Sargent gave the same lecture Sunday evening in the Presbyterian church, and the house was packed. The lecture should be unusually good, as Mrs. Sargent has seen the Passion Play three times at Oberammergau, and the slides that she has have been described as being exceptionally interesting.

STUDENTS OF PRINCETON HAVE EXTENSIVE POWERS

The undergraduate governing body of Princeton University was recently granted the power of expelling any student found guilty of not upholding the good name and traditions of that school. This body is composed of students, elected by all classes and may exercise the right of dismissal

without the necessity of giving reasons to the faculty or other authorities.

LAMP

THAT WILL PLEASE

YOUR

WHOLE FAMILY

The Edison White MAZDA Lamp gives "just the right light" for homes and is well suited to the needs of office or store.

Because of its white tipless bulb, it gives a soft, evenly diffused light that is brilliant, without glare.

The White MAZDA Lamp will fit in any socket using 40-, 50- or 60-watt clear lamps.

Once you see these lamps lighted you will want your whole equipment fitted with them.

We sell them.

The Electric Shop

SOCIETY

A snappy five-piece orchestra and elaborate decorations in purple and gold made the dance given by the Sigma Alpha Epsilon fraternity Saturday night a very unusual and enjoyable affair. The tent-like draperies, soft lights, and picturesque light-houses, which threw beams of colored lights on the dancers, gave one a feeling of mystery and adventure.

A novel feature of the evening was introduced when clusters of bright colored balloons were lowered from the ceiling and each girl given one. In each balloon was a picture of a man present and partners for a special dance were secured by hunting the original.

The guest list included the Misses Nellie Prescott, Grace Morgan, Irene Durham, Ernestine Rose, Vivian Roberts, Eugenia Cruzen, Vert Buse, Lela Patch, Beryl Wright, Esther Morris, Eunice Pierce, Margaret Hoyt, Eloise Kelsey, Ruth Littin, Pauline Pence, Eleanor Farris, Josie Keane, Marie Hogenson, Beatrice Dayton, Louise Yeaman, Elizabeth Thatcher, Hester McKenzie, Mary McCallum, May Anderson, Thelma McGee, Norma Cowgill, Margaret Springer, Mary Patsley, Julia Adelman, Ferrol Richardson, Henrietta Peasley, Esther McRoberts, Edith Bartlett, Mary Penwell, Mrs. E. B. Smith and Mrs. David MacMillan.

Guests from W. S. C. were the Misses Ruth Chandler and Helen Anderson of Gamma Phi Beta, Merle Lewis of Kappa Kappa Gamma, Rachel Bergh of Delta Delta Delta; and Mike Gannon, Dick Garrison, Dell Mitchell, John Bartruff and Elmer Anderson of Sigma Alpha Epsilon.

Grove Evans of Sigma Nu, Pete Barto of Kappa Sigma and Walter Toews of the Elwetats were representatives from their fraternities.

Patrons and patronesses for the dance were Mr. and Mrs. R. B. Gray, Mr. and Mrs. V. R. D. Kirkham and Mr. and Mrs. Wodsadelak.

Clifford F. Moe, ex-'23, of Kellogg, Idaho, spent Sunday and Monday, April 10 and 11 visiting the Beta Theta Pi.

Mrs. C. A. McKinley of Kellogg, Idaho, arrived in Moscow Saturday, April 8 to spend a week visiting her son, Doy, who is a student here.

Art Gilard of Gamma Nu chapter of Kappa Sigma visited the local chapter over the week end.

Floyd E. Marchesi spent the week end at his home in Kellogg on business.

S. Aerling Moe left Wednesday April 5 for his home in Kellogg for a visit.

Margaret Munchausen, of Spokane, was a guest at Ridenbaugh hall, over the week end.

Kappa Alpha Theta entertained at breakfast Sunday morning April 9 in honor of the Alpha Deltas.

Millicent Kuhn spent the past week at her home in Lewiston.

Rollin Farmin and Russel Molyneau of the Elwetats spent the week end at their homes in Sandpoint.

Grace Jacobson and Kathryn Madson of Kappa Alpha Theta were Sunday dinner guests at Ridenbaugh hall.

Tuesday dinner guests of Sigma Nu were Dr. Tromanhauser, Mrs. Sargeant and Miss Mathieu.

Sunday dinner guests of Sigma Nu were Mrs. Critchfield, Elizabeth Bartlett, Freda Howard, Madeline Wall and Emiline Gilman of Kappa Alpha Theta.

Wednesday dinner guests of Omega Phi Alpha were Pearl and Evalene Kerr.

Misses White and Miller of Wallace were dinner guests of Delta Gamma Friday.

Jean Little of Lewiston visited at the Theta house during the week end.

Spring will soon be here! With its inevitable appearance goloshes will be thrown into the closet, under the stairs, furs will be tucked away in moth balls and starched gingham and fluffy organdies will adorn the campus and class rooms. Fortunate, indeed, are the people who sit by the windows, for they will be coaxed into a dreamy listlessness not by humdrum facts on the "Whatness of the whereas," but by the lifting of the birds and soft spring breezes. The paths and by-ways that lose their popularity in winter will again resume an air of importance and popularity. And many eds and co-eds will eat belated dinners from the pantry shelf.

Ridenbaugh hall was the scene of a delightful pre-Easter dance given Saturday night.

The invited guests were: Messrs. Lowe, Wyland, Forrest, Wilkinson, Carpenter, Nixon, Macey, Noggle, Tierney, Kline, Friedman, Ellis, Madlinger, McMillan, Roos, Neely, Yaggy, Hyde, Garver, Cornish, Hodgins, Tardie, Fleming, Huston, Greene, Shelby, Kern, Sargent, Boyer, Fitzke, Marineau, Sofley, Kalnowski, Hardman, and Howard Slater and Jimmie Love of Pullman.

Messrs. Priest, Cummins, Peterson, Culp, Marchesi, Parks, Simmons, Irving, Moe, Johannesen, Sutherland, Gowen, Bennett, Vance, Goff and Francis Jenkins of Beta Theta Pi attended the second annual initiation and banquet given by the Beta Theta Pi alumni chapter of Spokane. The ceremony took place in the Hall of the Doges at the Davenport hotel, Saturday, April 8.

Irl Zimmerman, Modest Peters, Leonard Penn and Milton Pulver, of Pullman, were guests at the Phi Alpha Psi house during and Friday and Saturday of last week.

Mrs. Critchfield and Misses Polly Thomas, Hester McKenzie, Ernestine Rose, Grace Jacobson, Madeline Wall, Helen Cochran, and Emeline Gileman of Kappa Alpha Theta were Wednesday dinner guests of Kappa Sigma.

Paul Harlan of Kappa Sigma was a dinner guest of Beta Theta Pi Saturday, April 8.

Kappa Sigma announces the pledging of Kenneth House, of Moscow.

Sunday dinner guests of Kappa Sigma were Miss Mae Mathieu and Misses Marie Hummel, Mildred Specht, Josephine and Dorothy Walker, and Margaret Mims of Ridenbaugh hall.

Miss Betty McInnes of Delta Gamma spent the week end in Spokane.

Kappa Alpha Theta announces the marriage of Caroline Gilman to Ivan Packenham, Beta Theta Pi.

Miss Rachel Burg of Pullman was the week end guest of Delta Gamma.

Phi Delta Theta entertained Messrs. Leland, Kelley, Wyland, and Lowe of the Elwetats at dinner Thursday.

Merle Lewis of Pullman attended the dance given by Sigma Alpha Epsilon Saturday evening. She was a guest of Kappa Kappa Gamma.

Sue Miller and Mildred White, of Wallace, visited friends at Ridenbaugh hall over the week end.

The Phi Alpha Psi entertained the Misses Elva Wilkison, Beryl Wright, Ruth Whittenburg and Muriel Crowe, at dinner Sunday.

Philip Quillian and Edson Morris of Lewiston High School were guests of Sigma Nu Sunday evening.

Delta Gamma entertained at dinner Thursday evening the members of the varsity basketball team and Coach and Mrs. MacMillan.

Lela Patch spent the week end at the Theta house and attended the S. A. E. dance.

Books to Read

IF WINTER COMES

"If Winter Comes," A. M. S. Hutchinson. The novel is intensely interesting throughout. The action is rapid throughout. However, this book is not only interesting but puts forth the old problem again. This point, one of the many universal problems discussed in the book, is the intolerance of the world toward what it does not understand.

Mr. Hutchinson has created in Mark Sabre, the central figure in the book, a man who will live in the memory of his readers. Sabre is the man who can understand the other fellow's viewpoint. For this reason he is misunderstood by both his narrow-minded wife and his smug business partners.

The novel develops in England during the war. The character of Mark Sabre is fully brought out under the stress and strain of the first months of the war. From all his associates he gets only blame except from one woman. Peace comes to him only after great suffering.

SONGS FOR A LITTLE HOUSE

Songs for a Little House. This is one of the most delightful volumes of poetry published in 1917. The poems are about decidedly everyday things such as Animal Crackers and The Furnace. On the other hand, some of the poems deal with Peter Pan and The Madonna of the Curb.

The book is divided into three parts. One deals with home life, one with the war, and the last with humorous topics. The last of the divisions contain parodies on some of the modern poets who deal in blank verse and queer expressions. One of the middle divisions contains a few sonnets.

Morley's poems have received high praise but this collection is the best of his so far published.

MAKE MORE REGULATIONS FOR STUDENT LOAN FUND

OREGON AGRICULTURAL COLLEGE.—The student loan fund committee of O. A. C. has adopted the following new policy for the future: Only under very exceptional cases will emergency loans be granted. The recipient of any loan shall have been regularly enrolled at the college for at least one term. The signature of one individual who will be responsible for the repayment of the loan will be of material assistance in securing the favorable action of the committee. All loans shall become due upon the marriage date of any holder.

FRATERNITY PIN VERY USEFUL

Of all the novel uses of a fraternity

pin, one of the best came to our notice recently, in a report from Kansas City. A student from the University of Missouri had stopped in front of the postoffice to light a cigarette when he felt a nudge in the ribs and turned to face the blue nose of an automatic in the hands of a well-dressed young man.

On being told to "fork over," he "forked" a watch and chain, a billfold containing \$60, a cigarette case, and finally his fraternity pin. On seeing the pin, the bandit pressed open the cigarette case, extracted a cigarette and handed the other stuff back.

"Just wanted a cigarette," he explained.

That's almost as bad as the man who held up a fast mail train to see if he had a letter from home, after being caught with several mail sacks of loot.

EPIDEMIC SAFELY PASSED

Of 187 Cases On The Campus, No Complications Were Reported

Out of 182 cases of influenza on the campus during the months of February and March, there were no complications arising from any of them, according to the report just made by Mrs. J. M. Franklin. This was not duplicated by any other school in the northwest.

The infirmary was entirely inadequate for the handling of the flu epidemic. In meeting the situation, hospital beds were set up in the fraternity and sorority houses, and the university nurses made two calls a day to each patient. By these means the epidemic was handled very expeditiously, and no serious cases resulted, and the average time of sickness was held down to about one week.

At the present time there are very

MARINELLO COMBINATION CREAM

It is an indispensable massage requisite to every woman's toilet. It builds up the tissues of the face and whitens and removes all discolorations from the skin. It is a cleaner, skin food and astringent, all in one, its daily use removes lines and wrinkles and produces a clean, soft velvety complexion.

CHANTILLY PERFUME—IT'S DIFFERENT

Chantilly is a new French odor with an elusive, rare, different from any other perfume you may have used. It has a delicate individuality of its own which becomes a reminder of the personality of the user. Chantilly is unobtrusive, enough to please the most fastidious woman, but its fragrance is exceedingly lasting.

Bubbles

Dear publik,

In keeping with the marvelous spring weather that we are having I am joyously sitting in my study and from the center of a fur coat that I borrowed, I am poking sum more noledge from this mashine. I have cum 2 the conclushun that so many peepull hav asked me about the arboretum that it is about time that I told all of the kind readers of these weil ment epistles as 2 just what the arboretum is.

First it is a hill back of the ad building, and second it is the place where the foresters are supposed to hang around but I think that the compētishun has been so strong that the foresters hav withdrawn in favor of other parties, who's names I had better not mentshun if I wish 2 live 2 a ripe-old age, so we will pretend that I don't no who they is.

Near the middle of this place that I am telling yu about there is the 'Y' tank. It is the one thing that yu can tell where yu are from any place in the young forest, i. e. the arboretum. I think that the terrible engineers wood call it a reference point b't a reference that yu might make 2 it had better be only among freinds.

Their are many shady lanes in and stories about the arboretum. Both the stories and the paths grow with age so yu can see that this is a popular place.

During the winter this joint is not much use exsept 2 look at from a distance and that only brings back sad memories so it ain't a very much overcrowded sport. As soon as spring springs sumthing else but rain and wind why the abuv will hav another use but that is another story and yu will kerc lots of them.

If yu don't no where this place is why ask any of the lounge lizzards, parlor pests, tea, hounds, fireplace athletes, date book statistitluns, polished maple experts, setee speshullists or my freind Bub. and I will garrancee a correct answer.

Must hang up now—got a date with the one and only.

Simply yurs,

NOAH COUNT.

U. S. Nice weather for ducks.

First stude—The idea, my napkin is damp.

House manager—Perhaps that because there is so much due on your board.

Within this grave
There lies poor Andy;
Bit by a snake—
No whisky handy.

Medical officer—Have you any organic trouble?
Recruit—No sir, I'm not a bit musical.

Visitor—Whom does the baby resemble?
Fond mother—Its yell takes after its father's college.

"But Mabel, on what grounds does your father object to me?"
"On any grounds within a mile of the house."

My idea of salesman would be a man who could sell Senator Newberry a Ford car.

How about the man who had been married so many times that he stood up when he heard the wedding march played, thinking that it was the national anthem.

Flattery is a sort of mental peroxide—it turns many a woman's head.

Hush, little college,
Don't you cry,
You'll get a new gym
By and by.

Prof—Your answers should be written in such a manner that even the most ignorant can understand them.
Stude—What part of them don't you understand, professor

He (proudly)—My ancestors came over on the Mayflower.
She—It's lucky they did—the immigration laws are much stricter now.

He—I dreamed that I proposed to a beautiful girl last night.
She (breathlessly)—What did I say?

"When is your daughter thinking of getting married?"
"Constantly."

Methuselah probably lived to a ripe old age just to spite some girl who had married him for his money.

A slob is a son-of-a-gun we won't speak to, and a smooth is a son-of-a-gun who won't speak to us.

"She is perfectly crazy about cake and bread making."
"I see, a regular dough nut."

A smile has always its face value.

Oh Boy!

Did you ever go to bed when the moon was shining nice and bright and the air was warm, and there was a decided breath of spring in the breeze that was gently moving the treetops, and you thought what a wonderful day it was going to be tomorrow, and what a good time you were going to have the next afternoon going for a nice long walk on the N. P. tracks with the O. A. O., and you hummed a little song to yourself before you went to sleep, and you were so darned happy and full of spring fever that you didn't know what to do, but finally you went to sleep, and the next morning you woke up, and poked your nose out from under the covers, expecting to see the sun shining brightly, and instead there was about three inches of snow on the campus, and the wind was blowing something awful—ain't it a helluva feeling.

Note—One and Only.

Breaking the Noose

Warden—You're lucky, Scrippen. Here is a reprieve from the governor. The convicted one (rising to the occasion)—Ha! No noose is good noose.

Shining, Shining

A thrifty old lady from Hull, Whose intellect seemed rather dull, When reading at night To economize light, Put luminous paint on her skull.

"Does she sing?"
"Er, well, that is a matter of opinion."

Natural, Isn't It?

"Some of the people who dine here," said the hotel manager sadly, "seem to think that spoons are a sort of medicine, to be taken after meals."

And Then The Band Played

He—Your eyes remind me of a certain movie star.
She (much elated)—Which one?
He—Ben Turpin.

Don't Be Discouraged, Boys

Another sign of a successful baseball season is that the cold weather hasn't hurt the peanut crop yet.

It's a good idea to try and know at least as much about your own business as you do about the other fellow's.

It is a lot easier to start an argument than it is to finish it.

It is easier for the average woman to make up her face than her mind.

Chewing gum may be a bad habit, but it is better than chewing the rag.

A dance reformer says jazz is dying. If it is, it is making an awfully noisy death rattle.

A man who attempts to flatter you is either a fool or he thinks you are.

Don't begrudge the women their powder and paint—they must wear something.

Ishka—Who're you looking for?
Bibble—Nobody.
Ishka—Think you'll find him.
She—I believe in free love.
He—Ye Gods. Dinners, theatre parties, taxis—and you believe in free love.
She—Well, it don't cost me anything.

Lady—What do you call your cat?
Little girl—Bon Ami.
Lady—What a peculiar name. Why do you call him that?
L. G.—Well, he hasn't scratched yet.

Cleanliness is next to godliness, but that don't mean a great deal just because you got cleaned in a poker game.

"I guess I'll take a hand in this," said the policeman as he raided the poker game.

Bazzo—(Butting in)—I don't believe we've ever met.
Razzo (Coldly)—I don't believe I've ever missed anything.

Prof—Your name sounds familiar but I can't place your face.

Goof—I'm not surprised. I took one of your correspondence courses.

She—Can you keep a secret?
He—Yes dear.
She—Can you keep it as well as I.
He—Yes, dear.
She—Then I guess I'd better not tell it.

Student (in letter home)—Can you let me have a little money, dad?
Answer—Certainly. About how little?

CO-EDS IN RIFLE SHOOT

OREGON AGRICULTURAL COLLEGE.—O. A. C. co-ed rifle team will compete with the University of Illinois. Ten girls will take part in the match, shooting in all four positions. Other matches scheduled are with Michigan Agricultural College, University of Delaware and University of Louisiana.

O. A. C. MEETS OREGON U FOR CHAMPIONSHIP OF STATE

OREGON AGRICULTURAL COLLEGE.—The O. A. C. track team will compete for the championship at the Oregon state relay race in Eugene, April 15. Both O. A. C. and U. of O. will pick teams to represent the west in the Pennsylvania relays for the championship of America.

FOREST PROTECTION WEEK IS SET ASIDE

IDAHO FACULTY AID IN WORK TO SAVE TREES

Will Strees Carefulness to Check The Greatest National Forest Destroyer—Fire

Idaho is setting aside the week of April 16-22 as Forest Protection week. The state is realizing more and more the need of strenuous means for combating that monster slayer of forests—fire.

It is a well known fact that although many fires are started through means entirely apart from human action, yet, by far the greatest majority of forest fires are the result of carelessness on the part of the public. It is to this public that the promoters of forest protection hope to influence through the various programs which will be held throughout the state during this week.

A suggested program for the several public schools and churches for this week has been arranged by the faculty of the school of forestry at Idaho, and by others who have a deep interest in the welfare of the state.

- Here is the program:
1. Singing of America.
 2. Recitation, "Salute to the Trees," by Henry Van Dyke.
 3. Quotation from an address by President Roosevelt.
 4. Reading, "What is Forest Protection Week?"
 5. Reading, "The Forests of America and the Rate of Their Destruction."
 6. Musical number.
 7. Reading, "What the Forests Mean to the People of Idaho."
 8. Reading, "Re-creation of the National Forests."
 9. Reading, "The Damage Done to Forests by Other Agencies Than Fire."
 10. Recitation, "Forest Fire," by E. Lionel Finch.
 11. Reading, "The Rules I Will Follow to Help Prevent Forest Fires."
 12. Singing of national anthem.
- The numbers for this program are given in a small pamphlet prepared by the committee for Forest Protection week.

MAKE PREPARATION FOR WATER CARNIVAL EVENTS

GONZAGA UNIVERSITY.—The varsity swimmers will try for the city title in a meet to be conducted by the Spokane Aquatic club April 21. There will be no team events, every member entering as an individual. Medals will be awarded the winners in each event. Frank Kiernan, '23, is expected to do something in the 50 and 100-yard events. He was at one time a team mate of Norman Ross, and has participated in exhibition matches against Duke Kahanamoku. Charles O'Farrell '24, a member of the water polo team and winner of second place in the swimming meet with the swimmers of the coast and Hawaii, will enter in the 220 and 440 yard events. Harold Gloeson, '24, captain of the polo team, will swim in the 50 and 100-yard events. The Gonzaga polo team will enter in the junior water polo tournament given under the auspices of the Spokane Amateur club in the natatorium park on May 10.

Does your P. M. schedule read like this?

If your burning ambition is to excel as an all-around society man, you couldn't have planned your evenings better. Such persistence will win out over the indolence of the rank and file, for as the poet says,

"The heights by great men reached and kept
Were not attained by sudden flight,
But they while their companions slept,
Were toiling upward in the night."

But if you intend to make your mark in engineering or business, don't expect that supremacy on the waxed floor will help when you start hunting a job.

Not that you need swing to the other extreme as a "grind" or a hermit. Let's concede it is all right to minor in sociabilities—but certainly it is only common sense to major in the math and sciences and English that will mean bread and butter to you later on.

Remember this—the harder you work right now in getting a grip on fundamentals, the easier things will come to you when you must solve still bigger problems. And if you take it easy now—well, look out for the law of compensation.

It's up to you. While you've got the chance, seize it, dig in, plug hard. It will pay—in cold cash.

Published in the interest of Electrical Development by an Institution that will be helped by whatever helps the Industry.

Western Electric Company

Maybe it's against all campus tradition, but some men who stood in the upper third in their class and who entered this Company years ago have since become its executives.

News of Idaho Alumni

ALUMNUS MISSIONARY IN INDIA FOR 15 YEARS

IS QUITE ENTHUSIASTIC OVER WORK AMONG INDIANS

Has Had Many Interesting War Experiences; Nearly Sunk By a German Submarine.

Eighteen years in India have not dimmed her love for old Idaho, writes Eva Nichols, of the class of 1899, formerly a Moscow girl. She is now Mrs. James Nichols-Roy, a missionary at Shillong. She is so far away that it took a month and a half for her letters to arrive.

When called to the mission field she was preparing to enter Yale. She traveled to England, France, Italy, Egypt, and Palestine in 1904, and went to India in that year. Three years later, in Calcutta, she was married.

"In 1913, I traveled to China, Japan, and Honolulu," she writes, "and visited in many parts of the United States until Sept. 1915, when I sailed again from the United States, and visited for three months in England and Scotland.

"We narrowly escaped the submarines in the Mediterranean Sea in Christmas week. A Japanese steamer was sunk in 10 minutes just ahead of us near Port Said and the lovely steamer Persia of the P. and O. line in the same spot a day behind us.

We received the dreadful news by wireless as we were running into Bombay. It went down in six minutes. Many missionaries were on board, as well as scores of others, and for some days our India friends mourned us as lost at sea. We had thought of sailing on the Persia from London but we were warned in a dream and changed to a steamer sailing from Liverpool.

"I have traveled in many lands but there is no place like the good old country of Uncle Sam and a few spots dearer to memory than the dear old U. of I. At one time I felt that going to India was going to the end of the earth, but it has become home to me, and I have found that the road to happiness consists not in gaining all that one could wish for, but in a life of usefulness and blessing to others.

It is customary for missionaries to take a month's vacation and rest every summer. This year is the first time I have done so. I spent my holiday teaching school, while a dear friend, my daughter's teacher, went on a furlough to England. Hill schools in India close down Dec. 1 and open in March, so I shall take up my post in the same school (Pine Mount School) for March and April as my friend is to be away for six months. I have enjoyed getting in touch with school life again and the work, while not rest, has been at least a change from my usual duties.

"In these 18 years, I have been home to America but once. I much enjoyed visiting the U. of I. on that occasion, took in a concert there and one assembly meet and talked to the Y. W. one day about India.

"I shall look forward to that Idaho booklet. Three cheers for the U. of I. and all alumni!

"If any of you want a fine trip and to learn about the other half of the world, come along over to India in the next big excursion of Americans to the Orient. At times, seven or eight hundred come together on the same steamer and take India by storm. We then hear many remarks pleasant and otherwise, about how the Americans talk and dress. Many a staid Englishman, who would not have dared to dress in comfort out of his own bungalow or office on a hot day, was shocked (yet I venture to say, privately quite taken) with the American gentleman's shirt waist attire.

"If you do come, and are an Idahoan, drop me a card and let us arrange for a meeting somewhere. Shillong, as a hill station and as a resort for heat-dwellers of Calcutta, is second to none in India.

The lovely pines of Shillong will take you back to Idaho or Washington. Not far from Shillong is the great orange belt that supplies the markets of all India with luscious fruit.

"Such a trip to the Orient, intelligently undertaken and not hurriedly, is a great education that every American ought to have in order to understand the people of the Orient as they are at home. It is a great broadener

of the mind and heart. "I belong to the church of God to which every truly converted man or woman belongs and count every such Christian my brother and sister. One never truly appreciates Christ until he comes to a heathen land where people bow down and worship a hideous idol, which can neither speak nor hear. Seeing such sights makes every Christian dear to me."

MISSIONARIES IN ARGENTINA

Graduates of '16 and '21 Both Hold Positions in Mission Schools

Miss Bernice May Cornelison, '21, is a missionary to South America. Word has been received from her saying that she likes her work fine. The work is more like a superintendent of schools job in this country.

Miss Cornelison was sent out to the missionary fields through the M. E. church of Columbia River conference. Her address is 1352 Avenida, Pellegrini, Rosario de Santa Fe, Argentina, South America.

The title Miss Cornelison goes by is not that of a missionary, but that of director of a foreign mission school. She is teaching most all of the grades and some higher students, also. The city in which she is teaching is about the size of Seattle. There are two schools of this sort in the city, and the other one is also taught by an Idaho graduate, Miss Ruth Warner of the class of '16.

Rev. Joseph M. Adams, '11, is a minister of the Methodist Episcopal church. Since graduating from Idaho he has been an instructor in the Moscow high school, a minister at the M. E. church of Post Falls, Idaho, and is now a minister of the Hay's Park M. E. church of Spokane. His present address is N. 1215 Cochran St., Spokane, Washington.

Rev. C. Ross Baker is a minister of the Gospel. He received his honorary D. D. in 1905.

Rev. Franklin T. Osborn, of the class of '13, is now stationed at Porto Alegre, Brazil. For a while after leaving college he was assistant principal of the Southern Cross School, Porto Alegre, Brazil, assistant of the Brazil missions, and rector of Trinity Parish, Rio de Janeiro. He was ordained a priest in the Protestant Episcopal church. He received a degree from the Virginia Theological Seminary in 1916.

Rev. Albert C. Saxton, '03, is a minister of Boise. He received a later degree at B. D. U. of Chicago in '18. He was pastor of a church in Chicago, one in Grangeville, Idaho, one in Portland, Oregon, and now is stationed in Boise.

Rev. John Q. Biggs, '19, of 213 W. 8th St., Fort Worth, Texas is a minister and also a professor of public speaking. He was head of the public speaking department of the Texas Christian University. He is now dean of the Biggs' school of oratory and expression.

Anneta C. Mowe, '09, is a missionary stationed at Nani, Vyara, India. Since leaving Idaho, Anneta has received a degree of B. D. from Bethany Theology Seminary, in 1917.

Miss Ruth V. Warner, of the class of '16 is a missionary in South America. She and Miss Cornelison are stationed in the same city. There are two mission schools in the city, Miss Warner is director over one and Miss Cornelison is over the other.

Rev. Joshua C. Jensen, '07, is head of the Civic Young Men's guild of Yashow, Szechuen, China. He received his master's degree at Colgate in 1911, and a B. D. degree at Yale in 1918. He was superintendent of the mission school in the Ningyuen district, and superintendent of Baptist mission in the Kisting district. He was also superintendent of the pastoral and evangelistic work in, covering seventeen stations around Yackow. While in Colgate he was a member of the athletic board.

George E. McCreary of the class of '09, is a missionary in Nandi, Kenya Colony, British East Africa.

MUSICAL STUDENTS NOTE!

SEVERAL FIELD PIECES ARE BEING CONSIDERED

Service Men Wish to Bring Suitable Memorial to the Campus in the Near Future

Through the efforts of the A. E. F. club, it seems probable that the Idaho campus will, in the near future, have a war trophy of the World war. The club does not intend making a claim for obsolete cannon as the university already has them on the campus.

The club is considering one of two possible trophies, either to come from the Bernicia arsenal, Bernicia, California.

Expenses for freight and any other incidental expense must be paid by the club as the government cannot defray any cost in making donations of weapons for trophies.

Good Trophies Considered The guns under consideration are a 5-inch siege gun and carriage, model of 1890-98, total weight about 7600 pounds, length of gun 12 feet five inches; 6-inch howitzer and carriage, model of 1908, total weight approximately 7500 pounds, length of gun approximately eight feet.

Either of these guns is expected by the club to make an excellent trophy and a fine addition to the war trophies now on the campus.

Congressmen Approve Both Senator Frank R. Gooding and Representative Burton L. French have signified their intention of doing everything possible to aid the club in obtaining the trophy. Representative Addison T. Smith, also in the national legislature, and Lester F. Albert, department of the American legion for the state of Idaho have both lent their efforts toward obtaining a civil memorial for the Idaho campus and the club is highly optimistic concerning the matter.

The A. E. F. club, as the name indicates, is made up of the students of the University of Idaho who saw service overseas during the great war.

The purpose of the organization is to keep alive the feeling of fellowship and comradeship that grew out of the mutual service of its members for the same cause and under like conditions in a foreign land.

Any person who served in the regular military or naval forces of the United States at any time during the period between April 6, 1917 and November 11, 1918, both dates inclusive, or who being a citizen of the United States at the time of enlistment and the time of application for membership served in the military or naval service of any of the governments associated with the United States during the great war of 1914-1918, and those who were wounded, who were discharged under honorable conditions or are still in the service, are eligible to membership in the A. E. F. club of the University of Idaho.

AUTHOR WILL SPEAK

SPOKANE EDITOR WILL BE GUEST OF ENGLISH CLUB AT ANNUAL PARTY OCCASION

Thru the direction of the program committee of the English club, Dr. G. M. Miller has secured Mr. Stoddard King of the editorial department of the Spokesman-Review and author of "The Long, Long Trail," to speak to the English club at their annual party to be held at the Guild hall April 21.

This is the fourth year that Mr. King has been the guest of the club and was again selected on account of his great popularity among the members of the club.

Details for the April meeting of the English club will be given out later.

SPOKANE ALUMNI HOLD BANQUET THURSDAY

ARE HOSTS TO THE UNIVERSITY FACULTY AND OTHERS

Fifty-Eight Former Idaho Students Gather Together in a Big Reunion Occasion

The Spokane Alumni club of the University and Idaho were hosts at a banquet Thursday evening at which 58 Idaho alumni and faculty were present. The occasion of the banquet was the Inland Teachers convention, at which many of the Idaho faculty gave addresses.

Charles W. Frazee, president of the Spokane Alumni association, acted as toastmaster of the banquet. President Upham, Professor G. M. Miller, Coach Kelley, and Dean J. G. Eldridge of the Idaho faculty gave talks. C. F. Dienst mining engineer of Butte, who is one of Idaho's most noteworthy alumni, also gave a short talk. Evelyn Cox Moe of Spokane gave two delightful solos.

Those present were Katherine McIntosh, Spokane; J. O. Elton, Butte, Thomas Kelley, Moscow; Ade E. Burke, Miles City, Mont.; Roy O. Johnson, Spokane; Jessie E. Gibson, Spokane; George Morey Miller, Moscow; F. Cushing Moore, Spokane; Mr. and Mrs. Wilfred Herrington, Spokane; Frank V. French, Spokane; W. R. Newland, Elk River; Mr. and Mrs. M. B. Dunkle, Sandpoint; Mr. and Mrs. C. R. Stullinger, Moscow; V. H. Youps, Moscow; Chas. W. Frazee, Spokane; Kathryn Keane, Moscow; Mrs. Lesetta L. Erickson, Boise; Mary McKenna, Spokane; Evelyn Cox Moe, Spokane; Bernice Bowers, Kellogg; J. F. Messenger, Moscow; Mrs. Laura Butz, Kellogg; Elizabeth Russum, Kellogg; Victoria Hruska, Wallace; Frederick C. Church, Moscow; James M. O'Gorman, Moscow; Roy Johnson, Spokane; Maurice Jackson, Spokane; Dottie Murray, Potlatch; Hugh Francisco, Paul; William Kerr, Boise; E. E. Elliot, Salem, Ore.; Lee Gregory, Plummer; Lorentz Wade, Deer Park, Wash.; Mrs. M. L. Sargent, Moscow; Mrs. Mabel Nevitt, Plummer; L. F. Morris, Spokane; Mr. and Mrs. H. B. Graybill, Spokane; W. W. Stokesbury, Post Falls; Thos. W. Nevitt, Plummer; A. H. Upham, Moscow; McKinney, Payette; J. J. Rae, Caldwell; C. F. Dienst, Boise; J. G. Eldridge, Moscow; Edna Herrington, Spokane; Eunice Keller Miller, Orofino; Charles Gerlough, Moscow; William Schultz, Spokane; Roy P. Eichelberger, Ritzville, Wash.; Nan Schultz, Spokane; Catherine Dryden, Pullman; Edith Traver, Sivatow, China.

STUDENT LOAN FUND CAMPAIGN DEFERRED A WEEK

The student body drive for increased funds in the coffers of the university loan fund department has been postponed one week, according to advisers just given out by the committee in charge of the drive. The drive was scheduled for April 17-24. It has been deferred to April 24-May 1.

The change in plans was necessitated because of unforeseen work involved in the preparation of propaganda needed for the occasion. In putting it off for one week, the committee hopes to be able to conduct the campaign with a greater fervor than would otherwise have been possible.

NOW IN CHARGE OF THE STUDENT LOAN FUND

Owing to the illness of Mrs. Forney, Mrs. C. N. Little, chairman of the University Loan Scholarship fund for the third district federation, will have temporary charge of the loan scholarship fund in Moscow, and will conclude all loans and take applications for new ones. Students should apply directly to Mrs. Little.

WE WRITERS OF COPY TO FORM PRESS CLUB

UPPER CLASS NEWS MEN START PROFESSIONAL ORDER

Membership Requirements To Be Stringent and Number Is To Be Limited

Newspapermen on the university campus will gather at the Beta Theta Pi fraternity house tonight and form the University Press club, a journalistic organization similar to those in the larger colleges having journalism departments.

Agitation looking forward to the institution of such an organization at Idaho has been in the air for some time and during the past week was crystallized with apparent success.

Membership in the press club will be essentially small and rather stringent eligibility requirements are being planned. This scheme will confine membership almost exclusively to those fundamentally interested in the newspaper profession. A few upperclassmen on the campus have already served several years in newspaper work and this few will constitute the backbone of the new press organization.

Edward F. Mason, instructor in journalism, will assist in outlining a program of activity for the new club.

WOMEN'S LEAGUE MEETS

A report from the committee appointed to submit articles for a constitution will be the principal business of the Women's League meeting scheduled for this afternoon at 4 p. m. in room 217, administration building.

SCIENCE PROF. TALKS ABOUT METRIC SYSTEM

J. A. KOSTALEK DISCUSSES DESIRABILITY OF ADOPTION

Tonight's Meeting Will Consider The Honor System; Abe Goff Will Address Assemblage

The Open Forum held one of the most interesting and instructive meetings of the year last Wednesday, when Dr. Kostalek, of the chemistry department gave a talk on the merits of the metric system.

Dr. Kostalek opened the discussion by a very thorough and interesting discussion of the value of the system, and the main reasons for the universal adoption of the system. General discussion follow in which the how's and wherefore's of the system were brought out.

The meeting tonight will be of especial interest to students, as the honor system will be discussed very thoroughly, and some action will be taken toward bringing the matter before the student body for adoption soon.

Abe Goff is scheduled to talk on the honor system, as practiced in the law school, and other talks are planned, concerning the system as now in use in many Northwestern universities.

CADETS PRACTICE WITH AUTOMATIC WEAPONS

(Continued from page 1) Many students and a few of the faculty responded to this invitation. Among the latter were Dean O. P. Cockerill and Coach David MacMillan. They each risked death and destruction and for several minutes attempted to change the topography of the athletic field.

For Instruction Purposes The purpose of this firing is primarily for the instruction of the cadet officers and men in the use of the two weapons. Details of cadet officers have taken the guns out during the afternoons and acquainted themselves with the nomenclature and workings of them.

In connection with this firing, the Moscow Gun club has decided to establish a range on the outskirts of the town and the cadets have been granted the privilege of using it at their convenience.

The military department intends to carry on an extensive preparatory course in small arms firing before the detachment leaves for the summer camp at the close of school. Last year the cadets who attended the camp were handicapped by the fact that they had no range to practice on before they went to camp and this year, this will be avoided.

WILD ROSE OPERETTA SUCCESS

(Continued from page 1) was plainly heard in all parts of the auditorium, and her interpretation of the part was excellent.

The other parts, fifteen in all, were also very ably handled. The chorus, composed of fourteen girls, proved a decided attraction with the audience. The songs were catchy and tuneful, and the lines were very clever. The scarf dance given by Miss Morgan was the feature of the first part of the program.

The complete program follows:

1. Minuet (E. flat Symphony)
2. Morning Mood (Peer Gynt Suite)
3. Prelude (C Sharp Minor)
4. Scarf dance
5. Operetta, "The Wild Rose"

DEPARTMENT WORKS FOR STATE INTEREST

PREPARES CATCHY SLOGAN TO ATTRACT STUDENTS

Pictures the Advantages to Be Gained by Idahoans Who Attend the University of Idaho

A set of slogans setting forth the advantages to be found in the courses of economics offered at the university of Idaho are to be mailed broadcast over the state by the economics department as an aid to the "Go-to-the-University" campaigns being conducted.

The slogans are as follows: What will your boys or girls learn at the University of Idaho?

1. The fundamentals of economic and business which underlies success anywhere.
2. The facts about Idaho's transportation situation.
3. What the Panama canal will soon mean to Idaho shippers.
4. The crying need of developing Idaho resources.
5. The manner and extent to which the state of Idaho regulates business.
6. To know scores of men and women who are now in business.
7. To know hundreds of young men and women who are about to enter business in every corner of the state.
8. To understand, as well as to love Idaho.
9. Uprightness, the foundation stone of successful life.

IDAHO AND W.S.C. CROSSBATS SOON

(Continued from page 1) men are all traveling around numbly under flies and have their pegs coming in excellently.

Cougars Look Good On the whole the prospects for the season look bright. The infield is working almost like big leaguers, their pegs and fielding showing up fine considering the early date. With weather permitting the hurlers to get into condition, the outcome of the Pullman contest looks bright. However, no easy contest is expected to be won as the Cougar nine consists of nearly the same outfit that captured the Northwest conference last season. It may be remembered however that Idaho broke even with the Cougars in the scheduled games.

IOTA BETA EPSILON CHAPTER APPROVED

(Continued from page 1)

Other members are Bayard Hodgins, electrical engineering; Donald Payne, chemical engineering; Justin Gowen, mining engineering; Richard Johnson, electrical engineering; and Greek Wells, electrical.

Prof. Hugo Johnson, professor of electrical engineering and Dean C. N. Little, head of the college of civil engineering, are the faculty members. These men have founded this organization on the basis of scholarship as its highest aim. In due time they hope to be granted a charter to a national honorary fraternity of high grade.

1. City home of Rose McCloud.
2. A garden in Rose McCloud's country home.

PHI BETA KAPPA MEN LAUNCH ORGANIZATION

PRESIDENT A. H. UPHAM SELECTED FIRST PRESIDENT

Plan to Further Interests of Alumni of Honorary Fraternities in the Northwest

A permanent organization of the alumni of the national honorary fraternity of Phi Beta Kappa from the four northwest states of Idaho, Washington, Oregon and Montana was perfected Friday last at Spokane during the meeting of the Inland Empire Teachers association.

The election of officers resulted in the selection of Dr. A. H. Upham as president of the association, Supt. Pratt of the Spokane schools as secretary, and the following vice-presidents: Penrose, president of Whitman; Dr. F. L. Stetson, U. of O., and Dr. Frederic Noble, of the editorial staff of the Spokesman-Review.

A committee consisting of Mr. Collins, principal of the Lewis and Clark high school; Mr. Libby, principal of North Central high school, and Dr. G. M. Miller, head of the department of English at the University of Idaho, for the purpose of furthering the interests of the association and fraternity was appointed.

The meeting was held in the Davenport hotel Friday morning, and at the close of regular business, Dr. Upham told the members of the work of Idaho in an attempt to secure a chapter here, and of her standing in the university world.

DORMITORY MEN GIVE EXCELLENT SMOKER

BOXING WRESTLING, MUSIC, AND STUNTS ENTERTAIN GUESTS

Residents Of Lindley Hall and Visitors Enjoy Events, Garnished With Eats Till Goodly Hour

Success attended the efforts of the Lindley hall men who put on a smoker last Friday evening. The evening's program consisted of boxing, wrestling, musical numbers, "The Shooting of Dan McGrew," famous Robert W. Service poem acted in pantomime, the equally famous "Silent Hunter," together with good eats and plenty of smokes.

In the three boxing matches N. W. Anderson and Lyle Tapper occupied the squared ring for the first number, Tapper being declared victor. Glen Hyde and Fred Sinsel at on a clever exhibition of speed and cleverness for the next bout, the affair being decided a draw.

Glen Hyde and Fred Sinsel attempted to get rough with each other for the third boxing number on the boxing card. Neither man was able to say to his opponent the next morning: "Well, you're a good man, but science is what counts, you know."

Curtis Wins Joe Curtiss won in six minutes over Roy Chapman in the first wrestling event of the evening, and Dwight Disney was able to keep his shoulders the cleaner in his match with Charles Anderson. The fall came in two minutes and 50 seconds.

In the musical line Duddy Gowen rendered several numbers on his pet marimba, which despite its formidable appearance proved to be very docile under the tender treatment of Mr. Gowen. "The Inharmonious Quartet" composed of N. Hays, L. Melick, M. Bennett and R. Garver cast a spell over the audience with the sight of their soft swaying shirt fronts—the effect combined with their musical talent was surprising. Soft, silky strains of Hawaiian music were precipitated upon the listeners by the Messrs. Sarvis and Raynaldo, in their guitar duets.

Dan McGrew "The Shooting of Dan McGrew," with the tragic heroine in filmy organdie and not much of anything else was the stir of the evening. The poem was acted in pantomime by a cast consisting of Tipton, Cochran, Tapper, Neumann, S. Hill, Sullivan and B. Shaw. Carl Feldman recited the piece in an almost tearful style, which affecting everyone present including himself.

Eats for the evening were composed of hot dogs, sandwiches, doughnuts, cider and coffee. Smokes were distributed freely at short intervals, which kept anyone from "nicking" his neighborhood for a cigarette, consequently keeping everyone in a good frame of mind.

Babe Brown refereed the ring affairs and Robert Garver announced the various events in a manner that is liable to make him famous some day. About 100 souls, including Lindley hall denizens and guests were present to provide the audience.

BOISE INAUGURATES IDAHO COLLEGE WEEK

REPRESENTATIONS FROM ALL HIGHER SCHOOLS

University Accorded Large Place In Program Prepared by Boise Chamber of Commerce

The fitness of the several institutions of learning in Idaho for educating her youth will be demonstrated to the public during college week, April 24 to 29, inclusive, at Boise, according to the announcement made by the college week committee of the chamber of commerce of that city.

Representatives from every college in the state will take part in the week's program demonstrating to the parents and prospective students of the Boise valley and adjacent territory its various courses of study. Because the university is the largest of these schools, its part in this program will be very extensive.

Every department of the schools and colleges which go to make up the university will be represented, either by pictures or by actual demonstrations. For instance, the home economics department is to use dolls to show the many lines of work which it has to offer. The dolls posing in sick room scenes, kitchen scenes, etc. The agricultural engineering department, also is preparing some mechanical contrivance for the purpose of attracting attention to its course. The animal husbandry department is sending the pictures of its full-blood dairy and beef stock to prove its worth. In fact, every department will be accounted for by some manner or means.

The program for the week as far as it has been arranged is as follows: April 24th, 1922.

10:30 a. m. Meeting, high school students, Pinney theatre, Prof. C. F. Dienst presiding. "The Call of Idaho to her Youth," Prof. Chas. R. Frazier, president,

PREXY URGES DRIVE FOR ENROLLMENT

(Continued from page 1)

ed Andante from Lucia by Leschitzky, a piano solo written for the left hand only, which gave him excellent opportunity to display his talent.

Florence Selby sang two soprano solos, "Down in the Forest," (Ronald) and "The Plague of Love" (Arne). Irene Starrh was accompanist.

Frederick Sommers of Rigby played two piano solos, "Gavotte" by Gluck and the Prelude in F Minor by Mendelssohn. Both of these numbers gave his marked ability at the instrument full play.

Strass's "Concert Waltz" and Handel's "Minuet" were the offerings of the university orchestra. Both numbers drew prolonged applause.

The campus wit has been busy recently taking photos of the sun. He is contemplating the formation of a trust to get a monopoly on the trade of selling the prints.

April 25th, 1922. During day. Conferences at chamber of commerce with parents and pupils. 12:25 p. m. Chamber of commerce luncheon. Dr. Enoch A. Bryan presiding. "Idaho Institutions," Prof. Geo. S. Romney, president Ricks Normal College; Prof. H. Orton Wiley, president Northwest Nazarene College; Prof. A. H. Upham, president, University of Idaho. 2:00-5:00 Conferences at chamber of commerce with parents and pupils.

April 26th, 1922. During day. Conferences at chamber of commerce with parents and pupils. 12:15 p. m. Chamber of commerce luncheon (meeting with teachers). P. J. Zimmers, superintendent Boise schools, presiding. "Schools and Citizenship," Prof. O. M. Elliot, president Lewiston Normal School; Prof. C. E. Bockock, president Albion Normal School; Prof. W. J. Boone, president College of Idaho.

SPOKANE PUGS TO DO BATTLE IN 1 SMOKER

(Continued from page 1)

three years, while Kinnison has proved his ability as a collegiate wrestler the past two seasons.

For blood, thunder, hair-raising suspense, and excitement, two battles royal, for the intra-campus championship, have been arranged. One will be for the heavyweight championship, and the other for the pickle-weight, (whatever that may be).

Contenders for the titles are as follows:

Heavyweight: Sigma Nu, Jubilee; Kappa Sigma, Vesser; Beta Theta Pi, Hausen; Phi Delta Theta, Quinn; Phi Gamma Delta, Thomas; Sigma Alpha Epsilon, Strohm; Elvetas, Farmin; Lindley Hall, Cochran.

Pickle-weight: Sigma Nu, Robinson; Kappa Sigma, Hendrickson; Beta Theta Pi, Simmons; Phi Delta Theta, Mix; Phi Gamma Delta, Stillman; Sigma Alpha Epsilon, Karlburg; Phi Alpha Psi, DeChambeau; Elvetas, Mowe; Lindley Hall, Gyde.

Pep Band on Hand

The university Pep band will furnish instrumental music for the evening, and they have promised plenty of it. The I club quartet, composed of Rich Fox, Squinty Hunter, Al Fox, and Eugene Ostrander, has been working on some selections to be given at various times during the evening. These men have a repertoire of clever numbers, and real barber-shop harmony can be expected.

NEW MEN ENTERTAIN

An I club initiation will also be a feature of the evening. The men who won their letters for the first time in basketball last season, three new lettermen in wrestling, and two one-ringers from last year's track squad who were not present at the initiation last fall, will furnish the entertainment. These men are Gartin, Nelson, Telford, Steiner, Penwell, Stoneman, Hillman, Kinnison and Horning.

Snappy New Sport Suits For the Up-to-Date Young Man

A FEATURE of the Spring season is the great popularity of Sport Clothes for general utility as well as sports wear. We anticipated the demand and spread ourselves on Sport Suits for young men and now have an unusual selection of smart styles from which to choose. The savings effected through our large quantity buying for 312 stores will take care of a fine Easter hat and a shirt and necktie to go with the new Suit.

Style and Quality that Appeals— Prices that Convince!

\$19.75
\$24.75
\$29.75

The styles displayed by our Young Men's Sport Suits follow those of the leading custom tailors of Fifth Avenue and Broadway. The woollens are of our own selection and in patterns which are both correct and distinctive. The tailoring is the skillful, careful kind which the clothing of this, and all other J. C. Penney Co. stores, always exhibits. Materials are all-wool tweeds, cassimeres and unfinished worsteds in the newest patterns and colors for this Spring and Summer; made in single breasted style with three-quarter loose belt, patch pockets and backs with inverted pleats and inverted pleat vent.

To the young man who desires to be right up-to-the-minute in his attire this Spring these Sport Suits offer more style and genuine service than can be had elsewhere at anything near these prices.

LARGEST CHAIN DEPARTMENT STORE ORGANIZATION IN THE WORLD
