

ERECTION OF NEW GYMNASIUM LOOMS AS ACTUAL REALITY

Jennings And Goff Win Right To Enter Finals

Preuss Eliminated From Election Ballot as Presidential Candidate by Virtue of Vote Cast at Primary Thursday—Students Vote on Nominees for Five Offices.

SMALL VOTE, BIG SURPRISE

Hale, Hardman, Reed and Vickerey Join Defeated Candidate's Club.

Talbot Jennings and Abe Goff will be the final election candidates for the 1923-24 presidency of the A.S.U. I., according to the results of the primary election held Thursday. Charles Preuss was eliminated from the presidential race with Jennings high man with 273 votes and Goff in second place with a total of 183. The primary election was held on the candidates for five student offices.

The vote was surprisingly light, with but 565 votes cast for three candidates for the most important A.S.U.I. office. The vote was heavy during the morning or from 10 until 12 o'clock and the voters flocked in shortly after the noon hour. After 1:30 the business of student citizenship dwindled, and with the closing of the polls in room 217 of the Administration building, there were but a few students taking last minute opportunities of casting their ballots.

Heavier Vote Expected.

It is believed that a much heavier vote will be cast at the final election on Thursday, May 3. The final election will also be held in room 217 of the Administration building. The small vote of Thursday's primary may be attributed to the all-morning drill of the cadet regiment. The R. O.T.C. men were unable to vote in the morning and many did not take advantage of the afternoon to cast their ballots.

Jennings was high man in the presidential race leading Goff, second high man, by 90 votes. Goff, in turn, lead Preuss by 74 votes. Under the provisions of the constitution and the intent of the primary election the two men receiving the highest number of votes have their names placed on the final election ballot.

Hale is Eliminated.

Undril S. Hale was eliminated from the race for the business management of The Argonaut. Fred "Scoop" Taylor lead the field for this position in the primary with 258 votes, while Winton Arnold was in second place with 221. Arnold and Taylor now go to the finals.

In the primary contest for the A. S.U.I. secretaryship Pauline Pence was high with 196 votes. Agnes Cox took second place with 189 votes and Lillian Hardman was third and eliminated with 75 votes.

Hillman and Wyman.

Errol Hillman and Frank Wyman are the final candidates for the management of debate and Robert Reed was eliminated. Hillman was high man with 272 votes. Wyman took second place with 176, and Reed received 106 votes.

Van Peterson was the high man of the election, receiving a total of 276 votes as a candidate for the management of Men's Glee club. Ray Allumbaugh took second place with 186 votes and Warren Vickerey was eliminated from the final election ballot with 95 votes.

All of the candidates for A.S.U.I. offices will be voted on Thursday, May 3, at the final election. The polls for the final election will be open from 10 o'clock in the morning until 3 o'clock in the afternoon. Election judges had the results of the primary race tabulated at 3:15 by starting counting at 1 o'clock.

The Messrs. Christen, Prescott, Wilson and Wisdom were dinner guests of Phi Alpha Psi Wednesday.

FOREST INSECT EXPERT ADDRESSES IDAHO MEN

James C. Evenden, entomologist of the United States agriculture department, from the forest insect field station at Coeur d'Alene, gave an interesting address to the forestry students and others interested in the protection of the forests Tuesday afternoon in the University hut. His subject was the protection of forests from the ravages of the insects, telling how the insects were combated and that cooperation was necessary by all the timber owners before positive results could be obtained.

To emphasize the lecture a reel of films entitled "Fighting the Western Pine Beetle" demonstrated how the work was actually carried on in the field and the methods used to destroy the beetles which have caused enormous losses annually in the timber.

Idaho Co-Eds To Take Lessons In Swimming

For the first time in the history of the institution, Idaho co-eds are going to have an opportunity for swimming instruction. Through the efforts of Miss Catherine Winslow, and the courtesy of the administration department of the Lewiston State Normal, the Normal school plunge will be accessible to Idaho girls every Saturday. Transportation will be arranged for by stage, train, or automobile. All girls interested have been asked to see Miss Winslow to arrange for the first trip. All girls are urged to take advantage of the splendid opportunity for swimming instruction.

"I" CLUB MEN GIVE BIG SMOKER TONIGHT

THIRD ANNUAL EVENT TO BE HELD IN GYM.

"Babe" Brown and Smith of Spokane to Tangle on Mat—Real Show Promised.

The third annual "I" club smoker, given by the University of Idaho lettermen's organization, is scheduled for Friday night in the university gymnasium at 8 o'clock, featuring several high class wrestling matches and a boxing bout between two Spokane amateur men heralded as above the average.

Probably the affair most eagerly looked forward to is that between James Allen (Babe) Brown, captain and coach of the university wrestling squad, and J. C. Smith, Spokane grappler, holder of the light heavy weight championship of the northwest. The match is scheduled as a sixty minute go to a decision. Brown is holder of the intercollegiate light heavy weight title of the Pacific Coast, and has a wide reputation throughout the country as a wrestler of exceptional ability, and the match between the two title holders should prove interesting.

"Judd" McCormack, American Legion boxer of Spokane, and Dan Jones, S. A. A. C. fighter, are scheduled for a fast boxing bout, to be followed by an exhibition bout between "Ahme" Kern and "Vic" Cameron, both university students. An all-freshman "battle royal" between twelve men, is on the bills for the opening fray of the evening, and should liven things up before the main bouts.

A. S. U. I. PRIMARY ELECTION RESULTS

FOR PRESIDENT	
Talbot Jennings	273
Abe Goff	183
Charles Preuss	109
FOR ARGONAUT BUSINESS MANAGER	
Winton Arnold	221
Fred "Scoop" Taylor	258
Undril S. Hale	80
FOR A.S.U.I. SECRETARY	
Pauline Pence	196
Lillian Hardman	75
Agnes Cox	189
FOR DEBATE MANAGER	
Errol Hillman	272
Frank Wyman	176
Robert Reed	106
FOR GLEE CLUB MANAGER	
Van Peterson	276
Warren Vickerey	95
Ray Allumbaugh	186

PAGEANT TRYOUTS TO START NEXT MONDAY

COACHING COMMITTEE COMPOSED OF FACULTY MEMBERS.

Students Desiring Parts Must Observe Rules and Prepare Two Passages for Reading.

Tryouts for speaking parts in the Idaho Pageant, to be given under the auspices of the senior class, will begin Monday, and students desiring any of these parts have been asked to follow the rules issued by the committee, and prepare two selected passages which must be read before them.

The tryouts will be held before the coaching committee, which will select the students to take the various parts. This committee is composed of Mr. Cushman, Dean French, Dr. Miller, Mrs. Schoonover, and Miss McDaniel.

The tryouts will be held in the out-of-doors theatre, under the willows by the tennis courts. The rules give out by the committee are:

1. Every student should sign his name to schedule on bulletin board at a time which is convenient for him.
2. He should bring a schedule card indicating the hours occupied with college work.
3. He should be prepared to read to the committee the two passages printed below.
4. As these tryouts are for speaking parts only, those who wish to qualify for riders, dancers, and singers should not appear at this time.
5. All tryouts will be conducted in the out-of-doors theater—Under the Willows.

The passages to be prepared for the committee are:

A. O my Birch canoe! leap forward, where you see the black pitch-water!
Where you see the black pitch-water!
Forward leaped Cheemaun exulting,
And the noble Hiawatha
Sang his war-song wild and woe-ful,
And above him the war eagle,
Screamed and hurtled through the heavens.

B. Lincoln's Reply to Hook's Resignation from his cabinet.

"You have allowed the burden of these days to sour you. I know it all. I've watched you plotting and plotting for authority. I, who am a lonely man, have been sick at heart.

"So great is the task that God has given to my hand, and so few are my days, and my deepest hunger is always for loyalty in my own house. You have withheld it from me. You have done great service in your office, but you have grown envious.

"Now you resign, as you did once before, when I came openly to you in friendship. And you think that again I shall flatter you and coax you to stay. I do not think I ought to do it.

IDAHO EVENS SERIES WITH OREGON'S NINE

VANDALS TRIM O. A. C. IN FIRST GAME, 15 TO 5.

Snow Stops "Aggie" Batsmen With Clever Twirling—Stivers Hits Five Times.

University of Idaho ball players evened up with the University of Oregon at Eugene, winning Monday's game 4 to 3 and losing Tuesday's contest, 13 to 7. In the first game of the O.A.C. series at Corvallis the Vandal nine trounced the "Aggies" 15 to 5. Wednesday afternoon. No reports were available Thursday night on the outcome of the second game. The Vandals return to Moscow Friday afternoon.

Idaho will return ahead on the first Coast conference invasion this season. In the first two games Idaho experienced considerable hard luck in the loss of Kinnison, veteran catcher. Washington, conference champions last year and with virtually the same team, won both games at Seattle from Idaho.

Even With Oregon.

Capable twirling by Fitzke featured the first Oregon game, won by Idaho 4 to 3. Oregon jumped into a two run lead but a brilliant seventh inning rally by MacMillan's men gave the Vandals the game. Kline handled the receiving end of the Idaho battery work. In this game Idaho made four hits and six errors to five hits and seven errors for Oregon.

Oregon evened up the series by winning Tuesday's contest 13 to 7. Vandal errors proved costly and resulted in the Oregon victory, although Oregon garnered a total of ten hits from Fox and Golden. Idaho made 9 hits and 10 errors to Oregon's 10 hits and one error.

Snow Wins Game.

"Bung" Snow, veteran twirler, won his game against O.A.C. at Corvallis Wednesday, 15 to 5. The "Aggies" found it extremely difficult to connect with Snow's offerings while the Vandals connected with the ball with great ease and frequency, knocking four O.A.C. pitchers from the mound.

"Skippy" Stivers featured at the bat for Idaho with five hits in six times at bat. The clever Idaho short stop also played a brilliant game in the field. Idaho batsmen got hold of the O.A.C. twirling for 17 hits, while Snow held the "Aggies" to seven well scattered bingles. Idaho made three errors and O.A.C. registered four bingles.

"BETTER AMERICA" LECTURE ON THE PRICE OF LIBERTIES

"What Our Fathers Paid for the Liberties of the Republic" is the subject of the fourth "Better America" lecture, illustrated with stereopticon views, which will be given in Morrill hall, room 31, Wednesday afternoon, at 4 o'clock. It is invited to attend.

New Memorial Building Proposed Alumni Plan

Meeting of Graduates and Friends Thursday Evening Approves Plan for Erection of Building by Association as Memorial to Students Killed During World War.

Wins Third War Medal

John W. Cramer.

BIG CAMPAIGN IS OUTLINED

Definite Drive Outline to Be Made at Meeting Commencement Week.

A new gymnasium for the university, built as a memorial to University of Idaho students killed during the World War, to be erected by funds raised by university alumni and friends, is the plan which will be presented to the University of Idaho Alumni association at the meeting here commencement week.

The plan has been under discussion for some time, but was not brought to a climax until last Thursday night, when a meeting of Moscow alumni and members of the university faculty was held to discuss the proposition.

Those present were Dr. J. Harry Einhouse, president of the Alumni association, President A. H. Upham, Coach R. L. Mathews, Dean Permeal French, Guy V. Wolfe, Evan Lewis, Homer David, and G. P. Mix.

Gym to Cost \$200,000

Dr. Upham and Coach Mathews explained briefly the serious need of a new gymnasium, and outlined a plan whereby a new gymnasium could be built, with the present one a wing or section of it. The estimated cost, according to the plans presented will be \$200,000.

A discussion was then held to determine the best means of putting the present athletic conditions and the need of a new gymnasium before the state alumni, and it was decided that the opportune time would be at the alumni meeting commencement week.

It was the opinion of the alumni present that the erection of the new gymnasium as a war memorial would be the greatest undertaking, and at the same time the most beneficial one, that the alumni could take up.

Failure Is Impossible

No doubt was expressed as to the possible failure of the task, and it was the firm belief of those present that it could easily and successfully be undertaken and put across by the alumni.

A suggestion was made, which is to be carried out, that the president of the association, Dr. Einhouse, appoint a committee of three to carefully investigate the situation and present a definite working plan to the June alumni meeting.

If the plan meets the approval of the state alumni, as it undoubtedly will, as many have already expressed their desire and willingness to aid the movement, active work to raise funds will be begun this summer.

ALUMNI HEAD SPEAKS

"Those of us who are intimately acquainted with the athletic situation at the University of Idaho recognize the serious need of a new gymnasium to relieve the congested condition. The need is a present one, and something must be done soon to relieve it.

"The alumni of the university have always desired to place a memorial on the campus, a memorial that would be of real benefit to the student body, and one that would be worthy of the consideration of the alumni.

"To undertake the task of raising a fund to build a gymnasium, the support of every alumnus must be given, and I believe that the alumni can and will put it over with a bang."

(Signed): J. HARRY EINHOUSE, President, University of Idaho Alumni Association.

PRESIDENT UPHAM'S STATEMENT

Women Show Interest In Hockey This Year

Spring hockey will be one of the leading sports for girls this season. For the first time, the hockey field has been measured and marked off, and with brand new balls and hockey sticks the girls are eager to begin playing.

Girls who have never played before will have an opportunity of learning the game. Later there will be inter-class matches. All girls who are interested in athletics should get in touch with Margaret Blackinger, manager in charge.

CRAMER RECEIVES HIS THIRD MILITARY AWARD

R. O. T. C. REGIMENT HAS CHARGE OF IMPRESSIVE CEREMONY

Belgian Croix de Guerre Presented Idaho Student for Extraordinary Bravery in War.

John W. Cramer of Hailey, a senior in the college of law, was presented with his third medal for extraordinary heroism Wednesday morning when Col. E. R. Chrisman, head of the University of Idaho cadet regiment, pinned the Belgian Croix de Guerre with palm along with the American Distinguished Service Cross and the French Croix de Guerre already on Cramer's overseas uniform.

The ceremony was followed by a review and inspection of the Idaho cadet regiment. The ceremony of presentation was most inspiring in its dignity. American Legion members of the Dudley Loomis post formed a guard of honor for the Idaho student.

High School Attends

Moscow high school students were dismissed from 11 o'clock classes this morning and attended the ceremony in a body. University 11 o'clock classes were also dismissed and many townspeople witnessed the decoration of Cramer and the review and inspection which followed.

Student officers, in command of Cadet Colonel Abe Goff, were in entire charge of the military ceremonies, opened by a regimental parade. The citation from the Belgian government was read by Cadet Adjutant William Briscoe, formerly of Spokane, and Colonel Chrisman decorated Corporal Cramer. A regimental

IDAHO'S HISTORICAL PAGEANT

Tryouts for the All-Idaho Historical Pageant to be presented as a feature of the Commencement week have been called for. Undergraduates will make or break the Pageant. If the Pageant is a success this year, and there is every reason to believe that it will be, the annual event will be developed into the biggest and greatest Pageant in the state and the northwest.

If you students want to bring historians from all parts of the country to the university each year; if you students want to tie up the university with the "old-timers", the men and women whose pioneer hardships made higher education obtainable for you; if you students want one of the many University of Idaho activities to be recognized this year and in years to come as the most important historical and pageantry event in the state of Idaho and the northwest; then it is up to you and you alone to see to it that those in charge have ample opportunity to pick you, or some other person better qualified, to properly fill the parts in the Pageant.

The Pageant, although taken by the senior class as its official Commencement week activity instead of the usual senior class play, is your Pageant. Students can either make or break a great event. What are you going to do?

WANTED—VOTERS

The primaries are over. You have selected the candidates that will run in the final election, or rather, some of you have. There were 565 votes cast for the nominees for president of the A.S.U.I., the highest student office. Less than half of you voted.

Could such an election be truly called representative? Is it really an A.S.U.I. election, when but every other student votes?

The final election is but a week off. It is the time when the officers for next year will be definitely selected. And it is the duty, and the privilege of every student to vote. And every ballot should be marked only after the greatest of care and thought, for the people who will have charge of next year's student government will be chosen and you will choose them. Every student should have a hand in the election. The vote should be doubled.

NEW STUDENT CAMPAIGN.

District, city and county chairmen meet Tuesday night to outline the new student campaign for the university. The new student campaign is fundamentally of the highest importance. Chairman Merle Drake has started the campaign and the county, city, and district leaders are to see that the work is carried on. It is a distinction to be named chairman of your county, or you city, or your district for upon you rests the responsibility of bringing back with you next fall the Idaho high school graduates to their own state institution. In selling the university to prospective undergraduates you are also selling yourself and it is indeed an honor to have been selected as a representative of the University of Idaho.

Fifty-four per cent of the college-going population of the state of Idaho go outside the state to receive higher education. The percentage is too high. Let us cut down that percentage. Every Idaho high school graduate should attend the University of Idaho.

The leadership of the new student campaign is in capable hands. The results in increased enrollment next fall will be reflective of the work, however, of the chairman. Let every Idaho man and woman go out this summer to preach the gospel of the University of Idaho for the benefit of high school students who will thank you ever after.

SOCIETY

Amy Barstad, Editor.

Mrs. Thomas, Mrs. Clark, Mr. and Mrs. Stuart, Marie Gauer, Mary Dickson, Cletys Gossett, were dinner guests at Ridenbaugh hall Wednesday.

Sunday dinner guests of Phi Alpha Psi were Mr. and Mrs. Hays, Mr. and Mrs. Carter, Miss Carroll Carter and

Master Billy Carter.

Phi Alpha Psi entertained the Misses Drake, Keane, Ficke, Cagle, and Mrs. Weatherby at dinner Tuesday.

Dinner guests of Chi Beta Epsilon during the past week were Mr. and Mrs. J. F. Stewart, Mrs. D. W. Thomas and Mrs. J. W. Clark.

The Misses P. Thomas, H. Hallar, A. Platt, J. Rudisell and K. Stone were dinner guests of the Elweas Sunday.

The Misses Ruth Montgomery and Myra Armbruster attended the Kappa Kappa Gamma formal at Pullman Saturday.

Wednesday evening dinner guests of Gamma Phi Beta were the Messrs. Haymond, H. Peland, G. Wicks, J. Hasfurther, S. Yaeger, K. Hunter, R. Wheaton and B. Tardie.

Dinner guests of Delta Gamma Wednesday were G. Penwell, C. Taylor, H. Karlborg, W. Reed, C. Richards, S. Smith, I. Terry, E. Hillman, R. Allumbaugh, A. Sowder.

Y.W.C.A. CONFERENCE HELD AT UNIVERSITY

INTERCOLLEGIATE MEETING WITH W.S.C. GIRLS.

Idaho Officers Installed For Coming Year—Plans For Work Are Outlined.

At the Y.W.C.A. intercollegiate conference, held here Friday, Saturday, and Sunday, representatives from Whitman and Cheney Normal were unable to attend, but a good delegation from W.S.C. was present.

Elizabeth Thompson and Elsie Heller, Y.W.C.A. advisors from Seattle, had charge of the conference.

All sessions were held in the U. hut. Friday night a get-together meeting was held before the junior prom, and sessions were held Saturday morning, afternoon, and evening, and Sunday morning. The representatives were entertained during their stay at the sorority houses.

Miss Heller explained the work of the new cabinet system of government adopted by the organization, and explained what the college Y.W.C.A. can do socially, financially, morally, and intellectually.

Delegates to Seabeck

The Idaho group decided to send two delegates to the joint Y.M.C.A.-Y.W.C.A. conference, which is to be held at Seabeck this summer. These delegates will be elected later in the year.

Miss Camille McDaniel was elected faculty advisor for the organization. Other members selected for the advisory board were Mrs. Wayne Snoddy, Miss Myra Moody, Mrs. Herbert Martin, Mrs. H. O. Perry, Mrs. Weatherby, and Dean French.

Monday afternoon the newly elected officers of the Idaho Y.W.C.A. were installed as follows: Cletys Gossett, president; Alma Baker, vice-president; Beula Brown, secretary; Editha Barton, treasurer; and the chairmen of standing committees, Jean Frazier, meetings; Gladys Perry, social service; Muriel Carson, church co-operation; Allene Drake, social; Jessie McCauley, world fellowship; Dorothy Cline, publicity and posters; and Laura Knudson, as undergraduate representative.

RELIGION URGED UPON UNIVERSITY STUDENTS

"All those who are to go out as leaders of men and women must have religion," Bishop Daniel M. Gorman of Boise, bishop of the Catholic church for Idaho, told University of Idaho students Wednesday morning at assembly. He advised students to appreciate the efforts of their instructor by responding more readily in work and study that the hopes of the instructor may be realized.

He told the allegorical story of the student before the high court of heaven asking for "another chance" and how it was denied. He urged greater attention, enthusiasm and effort by the students for the devel-

Cramer Receives Third Military Award Wed.

(Continued from Page One.) review and inspection followed. For Extraordinary Bravery

The Belgian war cross was awarded June 1, 1922, by the Belgian government for extraordinary bravery displayed by Cramer, then a corporal in the 361st infantry, at Audenarde, Belgium, November 1, 1918. The corps citation follows:

"Corporal Cramer was a member of a patrol sent out to reconnoiter the town of Audenarde. This patrol discovered several enemy machine gun sniper posts, located in buildings, which were enfilading the streets of the town. With another soldier Cramer dodged from building to building and entering one of the houses containing a machine gun, captured two machine gunners."

Cramer was decorated with the Distinguished Service Cross by General Pershing personally on November 22,

"Dig In"

A pet phrase from the war is "Dig In." This phrase fits all such events as 6 weeks exams, A.S.U.I. election, base ball, etc. To be an efficient **DIGGER IN**, or Dig Inner, or In Digger, whichever you choose, always suggests mental and physical energy. Such energy comes directly from the food one eats. For the very best of food

Announcement

A modern confectionery and tea room will be located in the building across the street from the Oriole Nest, which is now occupied by the music department of the University.

The building will be remodeled during the summer and will be open for business by September 15 at the latest. The front of the building will be divided into two parts. On one side will be installed a modern and up-to-date soda fountain. The other section will be used as a music room. In the rear of the building will be a serving room large enough to accommodate fifty persons.

The equipment and furniture will be the best obtainable. I am planning to take an extensive trip this summer to all of the colleges and universities of the northwest and study conditions on other campuses.

My aim will be to please the students and to make my establishment what they wish it to be. Hoping that our service will meet with your approval, we solicit your patronage for the coming collegiate year.

Drake, and Edward F. Mason, director of publicity, told of the work now being done by the university. A complete list of high school graduates for 1923 will be put on reserve in the library for the use of chairmen who have not already access to a list.

Names of about 150 persons in the state who graduated from high school prior to 1923 and who are interested in a college or university, and of whom the committee has not already a record, were turned in on slips of paper which were passed out in assembly Wednesday.

Erection Of Gymnasium Planned As A Memorial

(Continued From Page One.)

A new science hall comes as a recognition of a practical physical fact—you cannot instruct 1600 students adequately in quarters which were designed for 600.

"Instructional and housing needs have to come first, and in these lean years the state must trim very closely in its building program. But a new science hall means that we shall not limit the growth of our student body, and there is one vital need still unprovided for.

"This means a gymnasium. The Pacific championship, said our recent visitors, was decided in a barn. That barn, they might have added, was built for a student body of 250. In spite of such conditions, not because of them, we have developed these winning athletic teams, have provided armory facilities for one of the best R.O.T.C. units in the west, and have furnished physical education to our constantly increasing numbers of young women.

"With further increase in our enrollment these things cannot long continue. Like laboratories, a gymnasium is not an accoutrement. Beyond a certain point, good coaches will no longer remain amid such cramped conditions, young men and women interested in physical training will go elsewhere. The United States military authorities will decline to cooperate.

"To impress the state with our need for a new gymnasium, it looks as if students and alumni must first express themselves—in cash and pledges. Instruction is remarkably free at Idaho. No tuition, no gymnasium fee, no fixed laboratory fees. The gymnasium is used in great part for activities which are not academic but rather recreational. Nothing, I feel, would carry us on further or faster in our course toward a new gymnasium than a successful student and alumni campaign for contributions and pledges to aggregate 50 per cent of the proposed cost."

(Signed)
A. H. UPHAM,
President.

"The University of Idaho should have a real department and offer a complete course in physical education and athletics. With the present gymnasium and equipment such a department is impossible. We have neither sufficient campment space by fifty per cent to take care of our present needs. Where would we be if we attempted to offer a complete course or had as most institutions, a general requirement in physical education. A new gymnasium will:

"1. Provide a wrestling room. Wrestling is a major sport and we have no wrestling room. The men work out in a cold dressing room.

"2. Provide sufficient lockers and locker space. At present we have lockers for about one third of the men and no space for more.

"3. Provide sufficient showers. We now have four shower heads to take care of varsity, freshmen, intramural athletics and gym classes and no space for more.

"4. Provide varsity and visiting teams with dressing rooms.

"5. Provide medical room to be used as a rubbing room and for the treatment of injuries.

"6. Provide a swimming pool that would give recreation and useful physical training for every student at the university.

"7. Provide sufficient floor space to take care of intra-mural athletics, allowing every student to play in intra-mural games at least three times a week.

"8. Provide sufficient seating space to take care of students, faculty and public at varsity baseball games, allowing for a normal growth over a ten year period. At present we can take care of our students by stacking if we shut out the faculty and public.

"9. Attract Idaho athletes to the University of Idaho.

"10. Provide physical education for women.

"11. Make us proud to have high school athletes visit our athletic department.

"12. Make us proud to entertain visiting teams.

"The athletic department is now working under a terrible handicap when competing with Pacific coast conference teams. A new gymnasium will remove a lot of the handicap. Let's go.

(Signed)
R. L. MATHEWS.

"Arguments are often futile, facts speak for themselves. The facts are that the present gymnasium is quite inadequate for our present student body. This is vouched for by any and all members on the staff of the department of physical education.

"The point of view I wish to take is the vital relationship of a healthy body to good college work. It is an undisputed fact that a student in good physical condition will make a better student than one not in such condition. (Obviously this statement does not include that disease afflicting some students, and commonly diagnosed as laziness.) My experience as a student and as a teacher leads me to conclude that the greater percentage of students who participate in athletics in some form make the best records not only in college but also in their life work. I now speak of students who are truly in college for their college course and who make athletics incidental to their college work. Students who are in college for athletics as their major are not included in the above category.

"If students with healthy bodies do the best work then should not our athletics be available in some form for the entire student body? This is what the present athletic department is striving hard to attain—physical training in some form for all men and women in the university. Can this be accomplished with our present gymnasium facilities? Decidedly not. It is then apparent that we must educate the people of Idaho that their sons and daughters be given every opportunity to develop mentally and physically, for both are essential in making the most desirable citizens for the commonwealth."

(Signed)
RAY E. NEIDIG,
Chemist, Idaho State Experiment Station, Professor of Agricultural Chemistry, assistant Football Coach, University of Idaho.

GRADUATE MANAGER SAYS

"The present gym is not presentable to visiting teams on account of its poor accommodations and condition. Every team coming to Moscow kicks about the size of the basketball court as to its height and size. They object very strongly because the on-lookers are seated on the lines of the court. Moreover, Idaho has lived long enough in the old gym. If we are to keep up our pace in competing with the best conference teams we must have a new gym and everybody agrees that we must compete with these teams.

"If ample seating space were available the attendance at the games would be doubled. People will not allow themselves to be packed like sardines or made to stand up throughout a game. Some people agitate for a lower admission charge but people will come if they are assured of a good seat and proper attention.

"Idaho has been coming out of an old rut all year, now that we are about out let's give one more grand boost and come out to stay. Idaho deserves to be placed on par with the other colleges and universities of the west. In order to do this every student must put his shoulder to the

wheel and boost for a new gym, the work will then be well started.

"Not only the students are playing in the race for a new gym, but the townspeople of Moscow, the Idaho alumni all over the state, and the business men of Moscow are more than eager to help in any manner suggested. They realize the necessity more than does the average student on the campus. Let's start now and boost, the gym is the most needed structure on the campus today."

(Signed)
ALBERT H. KNUDSON,
Graduate Manager.

FOOTBALL CAPTAIN SPEAKS

"The decision that Idaho needs a new gym was reached many years ago, and with the increased enrollment, and Idaho's growing prominence in collegiate activities, it is imperative that we have one.

"The present building is far too small to meet the demands of students who wish to use the gym for exercise, and it is not half large enough to accommodate the crowds that desire to attend the basketball games.

"Then too, the gymnasium is far from modern, and falls far short of meeting present day athletic standards and needs. There should be a swimming tank, larger and more spacious quarters for dressing rooms, more modern and complete apparatus in the gymnasium proper, and far greater seating capacity.

"The present gymnasium cannot begin to handle the crowds that desire to see the varsity basketball team in action and but few townspeople are able to obtain seats. "Moscow people are great supporters of the university and its activities, and they should be considered in all student enterprises."

(Signed)
"BABE" BROWN,
Varsity Football Captain.

BASEBALL CAPTAIN SAYS

"Years ago, when the university boasted an enrollment of a good many less than a thousand students, the need of a gymnasium large enough to afford every student opportunity for physical training was felt and recognized.

"Since that time the institution has doubled in size, and the gymnasium has become so congested that there is not ample room for even varsity and freshmen athletes, and other students who desire to work out rarely find a time when the gymnasium is not so crowded that they can do so.

"With Idaho's large increase in enrollment, and her rapidly increasing prominence in athletic circles, a new

gym is imperative to meet the demands of the institution and its activities."

FRED MARINEAU,
Varsity Baseball Captain.

TRACK CAPTAIN SPEAKS.

"I think that it is absolutely essential that Idaho have a new gymnasium in the very near future. The present gymnasium is not large enough to take care of all men students turning out for physical training and athletics and with the increased interest in women's athletics it is impossible to give both men and women the proper opportunity for physical development.

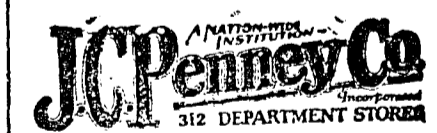

"There has been an annex built to take care of the football and baseball squads and still there isn't enough room to put the trackmen in a separate room by themselves, so they have to distribute themselves around the general locker room. Speaking then from the standpoint of a trackman, the present Idaho gymnasium should be improved or replaced by a more modern one."

(Signed)
GUY PENWELL,
Captain of Varsity Track.

IDAHO'S YEAR BOOK IN PRINTER'S HANDS

GEM OF THE MOUNTAINS DIS-
TRIBUTED LAST OF MAY.

Cover to be of Flexible Maroon in
Five Colors—College Life
Completely Covered.

After several months of prepara-
tion and hard work, the Gem of the
Mountains is ready for publication.
The book will contain about 350
pages and will be ready for distri-
bution the last week in May. The
cover is of flexible maroon, done in
five colors. The front entrance of
the Administration building is em-
bossed in gold on a rectangular in-
sert. The background portrays in
varied colors, the typical Idaho coun-
try of rolling wheat fields.

The feature section contains many
scenes on the campus, finished in
two colors. Numerous other scenes
of interest and beauty about the
state also appear in this group. All
of these cuts are surrounded by an
artistic border which runs through-
out the section. This portion of the
book is made up of an extra fine
quality of paper which lends much
to the exquisite tone of the pictures.

Many Attractive Sections.
Administration follows the feature
section. Under this head will be a
picture of each dean, accompanied
by a write up. Each school or col-
lege will be represented by a full
page of snapshots. Following ad-
ministration will be traditions. Each
important Idaho tradition will be il-
lustrated by pictures of events that
are typical of the tradition.

Next in order is a section for
classes. The senior and junior
classes will be finished in artistic-
ally decorated panels. Each class
has from two to four pages of snap-
shots. The next section, which is
devoted to athletics will be made
attractive by clever action pictures.

Immediately following athletics
will be activities. Under this divi-
sion comes society, including the more
important dances. Accompanying
each dance writeup will be illus-
trative cartoons. Pictures of nega-
tive and affirmative debate teams
will also be included in this section.

Feature Military Department.
Dramatics and all university pub-
lications have been arranged so as
to present a very interesting appear-
ance. The next section is given over
to military. More than ever before,
military organizations will be fea-
tured. This section will contain
pictures of battalion and company
formations, battalion and company
activities and machine gun squads.

Organizations will be included in
the next division. It will be separ-
ated into honor societies, clubs, fra-
ternities and sororities. Following
this division will be a section de-
voted to satire in the form of prose.
It will take in all student life on
the campus. The last section will
include advertisements, humor and
cartoons.

Charles Preuss of Tacoma is ed-
itor-in-chief. Pearl Stalker and
Jewel Coon, both of Boise, are as-
sociate editors.

ORATORICAL TRYOUT DATE SET FOR TUESDAY NIGHT

The date for the tryouts for places
on the Idaho oratorical team has
been changed to Tuesday night, May
1, at 7:30 o'clock in room 217, ac-
cording to announcement by Phillip
Buck, manager of debate. Candi-
dates for the two or three places on
the Idaho team are to give seven or
eight minute orations. Members of
the faculty will act as judges.

BALL BUG BITES HARD

First Four Games Played off in In-
tra-Mural Outdoor Baseball
Leagues.

Intra-Mural League Standings,
LEAGUE NO. 1.

Team	W	L	Pct.
S. A. E.	1	0	1.000
Kappa Sigma	1	0	1.000
Lindley Hall	0	0	.000
Beta Theta Pi	0	1	.000
Phi Gamma Delta	0	1	.000

Results of Games—S. A. E. 26,
Beta Theta Pi 5; Kappa Sigma 11,
Phi Gamma Delta 9.

LEAGUE NO. 2.

Team	W	L	Pct.
Phi Delta Theta	1	0	1.000
Elwetats	1	0	1.000
Sigma Nu	0	1	.000
Phi Alpha Psi	0	1	.000

Results of Games—Phi Delta Theta
9, Sigma Nu 7; Elwetats 19, Phi Alpha
Psi 17.

The intra-mural twilight baseball
leagues are under way. Two games
have been played in League No. 1,
the S. A. E. nine defeating Beta
Theta Pi, 26 to 5, and the Kappa
Sigs winning from Phi Gamma Delta
11 to 0. In league No. 2 the Phi Delta
Theta team defeated the Sigma Nu
outfit 11 to 9, and the Elwetats won
from Phi Alpha Psi 19 to 17.

The brand of ball played in the
opening games has been crude, er-
ratic fielding and poor team work
being displayed by every nine in ac-
tion. A great deal of material has
been uncovered, however, and in all
probability with a little practice the
outfits will get down to the fine
points of the game.

The games to be played this week
end are: Friday, 4 p.m., Phi Delta
Theta vs. Elwetats; Saturday, 1 p.m.,
Phi Gamma Delta vs. S. A. E.; at 3
p.m. Sigma Nu vs. Elwetats.

SECOND MAGAZINE ISSUE COMES OUT ON TUESDAY

The second issue of the Blue Buck-
et, published under the supervision
of the university press club, will be
on sale in the Ad building next Tues-
day afternoon, and all day Wednes-
day.

The business management has an-
nounced that every student who has
subscribed for the magazine should
obtain a copy Tuesday, if possible.
A larger number of extra copies have
been printed of this issue as the de-
mand was far greater than the sup-
ply of the initial issue, and copies
went at a premium.

OPENING FROSH GAME WITH TEACHERS HERE

CHENEY NORMAL NINE TO MEET
YEARLINGS.

First Clash of Season Saturday Af-
ternoon to Test Strength of
Idaho's Hopes.

The University of Idaho freshman
baseball nine will open the season
here Saturday with Cheney Normal,
on McLean field. This contest will
also be an opener for the Cheyey out-
fit, and as little is known about their
strength, the outcome is doubtful.

The instructors usually turn out a
fast nine, and in all probability the
frosch will encounter one of their
stiffest games of the year. The
freshman team has slowly been
rounding into shape, and with good
baseball weather prevailing this week,
they undoubtedly will be in condi-
tion to get away for a good start.

Fracas to Test Team.
According to Coach Mathews the
ability of the team to play ball will
be brought out in the Saturday frac-
cas. The squad has shown fairly
good form in their daily workouts,
but the ability to stand up under fire
will be tested in the initial contest.

The squad has been cut down until
only the nucleus remains. Included
in the squad are a bevy of prep
school stars, who have had some ex-
perience in the game. There are
also several men who have made
rapid development since the begin-
ning of the season, and who look
good for future varsity material.

Good Material Available.
The fight for berths on the squad
has been keen, and the baseball men-
tor is undecided as to who will start
the contest. In the infield, Landson
is making a strong bid for first base.
At second Disney and Smith are
showing form. Both men can field
well and are accurate with the bat.
Payne and Caldwell are making
strong bids for short stop, while at
third Sowder or Wahl are likely to
start.

In the outfield Cameron, Phipps,
Stillman and Meline are making the
strongest bids, and three of these
men are sure of starting in the out-
er gardens Saturday.

Fields in all probability will start
on the mound for the freshmen with
either Bucklin or Harding holding
down the backstop berth.

MAY 23 NAMED AS DATE OF ANNUAL CAMPUS DAY

Wednesday, May 23, will be the
probable date of the annual Campus
day. On this day the entire student
body turns out to clean up the camp-
us and make lasting improvements.
Campus day is one of the biggest
days for the student body in the
spring calendar. All of the male

students are divided up into groups
with their captains, and assigned to
certain duties for putting the uni-
versity grounds in first class shape.
The girls, too, will probably have
their work to do in the morning. Ac-
cording to rumor they may have the
opportunity to work on the costumes
for Idaho's historical pageant.

The elaborate dances which are
usually given in the afternoon of
Campus day will be cut out alto-
gether. It has been suggested that
a matinee dance be held in the
gymnasium, the dancing to consist
of the ordinary kind. This change
has been made to avoid training two
sets of dancers, one for Campus day
and one for the pageant. In this
way all efforts will be centered on
the Pageant in order to make it an
unqualified success.

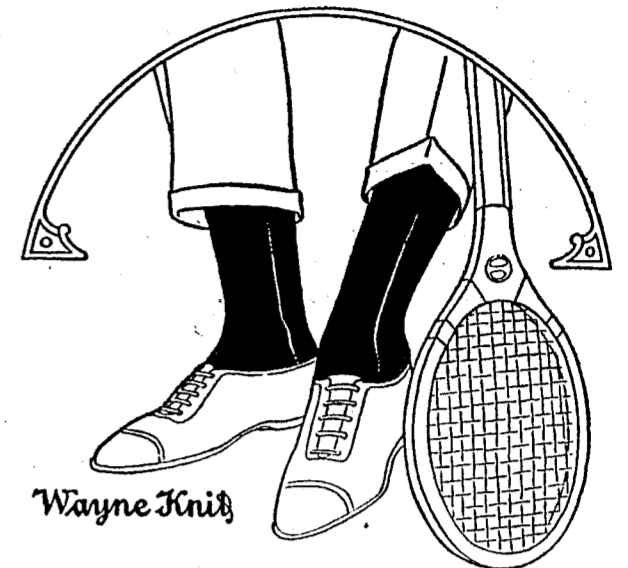

CO-EDS PLAN EDITION

Issue of The Argonaut to be Pub-
lished by Women's League
Members on May 8.

The Co-ed edition of The Uni-
versity Argonaut will be put out, prob-
ably on May 8, under the direction
of the Womens' League. Betty Mount
will edit the issue, and it will be fea-
tured by special stories from the co-

eds and special type and makeup.
The Womens' League has decided
against sending a representative to
the national convention to be held
this year at Columbus, O. The ex-
cessive cost of sending a member
militated against the plan which has
been followed in the past.
In working out plans for the an-

nual Campus day, which will be held
May 23 this year, the League will
spend the forenoon in working out
and making costumes for the Idaho
Historical Pageant, and an afternoon
dance has been arranged for to take
the place of the usual May Day cele-
bration which has always in the past
followed the campus clean up.
