

TALBOT JENNINGS NAMED A.S.U.I. PRESIDENT FOR NEXT YEAR

New Tradition Blossoms In Great Demonstration Of Real Sportsmanship

PRESIDENTIAL RACE IS WON BY MARGIN OF 167 VOTES

Successful Candidates Receives 462 Votes as Against Goff's Total of 295—"Judge" Wallace Wins Vice Presidency Over Wilkinson—Casebolt and Agnes Cox Elected.

STUDENTS SHOW INTEREST

Arnold, Drake, Drus, Peterson, Carland, Powell Meet With Success.

Talbot Jennings of Boise was elected president of the A.S.U.I. for the 1923-1924 college year at the final election Thursday. He led his opponent, Abe Goff, by 167 votes, Jennings receiving 462 votes and Goff 295. A total of 757 votes were cast for the presidential nominees. A wide awake interest by the student body featured the action of the undergraduates at the polls and results of the election were received with general satisfaction.

Complete results of the election follow:

Table with 2 columns: Candidate Name and Votes. Includes Talbot Jennings (462), Abe Goff (295), "Judge" Wallace (456), etc.

Jennings Makes Statement. President-Elect Jennings made the following statement for The Argonaut Thursday night: "I appreciate the confidence expressed by the student body and I

(Continued on page three.)

IDAHO-WHITMAN GAMES MONDAY AND TUESDAY

Idaho varsity ball players meet the fast Whitman college nine Monday and Tuesday in a two game series on McLean field. Whitman always turns out a good team and this year Borleske's players are said to be stronger than usual. The games will be called at 4 o'clock.

With prospects of fair weather an unusually good crowd of ball is expected at both games. Coach MacMillan has been holding practice every night this week.

Idaho's complete baseball schedule for the rest of the season follows:

- May 9-10—Whitman at Moscow. May 14-15—Montana at Moscow. May 17—Gonzaga at Spokane. May 18-19—Montana at Missoula. May 25-26—Oregon at Moscow. May 22-23—Washington at Moscow. June 1—Washington State at Pullman. June 2—Washington State at Moscow. June 4—Washington State at Moscow. June 5—Washington State at Pullman.

MEET WITH COUGARS OPENS TRACK SEASON

BOTH VARSITY AND FROSH SQUADS ENTERED.

Thirty Men Take Trip Across Line for Opening Clash of Cinder Season.

The University of Idaho varsity and freshmen cinder artists will have the opportunity of extending themselves in competition for the first time this season, when they meet the Washington State college varsity and freshman squads on Rogers Field, at Pullman, this afternoon. Thirty men left on the trip, since, according to an agreement between the schools entries will not be limited to the regular varsity squad. Each school may enter as many men as are available in any one event.

The Rogers field track is reputed to be the fastest on the coast, and certainly it has no equal in the northwest. The two teams should be very evenly matched, according to pre-season reports. The weather promises to be favorable. Everything points to the fact that this first meet of the season will be fast and hard fought. Neither school has as yet disclosed any exceptional strength, but it is evident that in each institution considerable material has been developed under cover. The outcome of the sprints and middle distance events will be watched with special interest.

Davis is Injured. Davis, W.S.C.'s best bet in the sprints, has been incapacitated during the past week with injured ankles. The Pullmanites hope, however, to have him back on the track today. Whether or not he will be running in his usual form is a question, and will be a large factor in deciding Idaho's chances in the 100-yard dash and the 220. MacLeod, the Crimson and Gray's best performer in the distances, has also been out with injuries, which may materially strengthen the chances of the Silver and Gold in those events.

In the sprints Idaho has Keith, Nelson, Casebolt, Penwell, Powers

IDAHO MAN APPOINTED GOVERNOR'S SECRETARY

NORMAN B. ADKINSON NAMED FOR IMPORTANT POSITION.

Graduate of University in '07. Head of Science Department of Idaho "Tech"

Norman B. Adkinson of Pocatello, whose appointment as secretary to Governor C. C. Moore was recently announced, was a graduate of the University of Idaho in the class of 1907. He was for thirteen years head of the science department and professor of chemistry at the Academy of Idaho and its successor, the Idaho Technical Institute, at Pocatello. Mr. Adkinson will assume his new duties shortly after the close of the regular term at the Pocatello institution.

After graduating from the University he was principal of the Denver school in Idaho county, later securing a position on the faculty of the Academy of Idaho. During the first few summers he took graduate work at Columbia university in New York and secured a master's degree. He has written numerous scientific treatises, including a high school chemical laboratory manual, and has been actively engaged in journalistic work along with his technical activities. Mr. Adkinson was acting president of the technical institute for a year following the sudden death of President Miles F. Reed. He was for over two years secretary of the Pocatello Kiwanis club and is now its president. He took a very active part in student activities and in the civic life of Pocatello and his departure from that city will be generally regretted.

VANDALS BREAK EVEN WITH O.A.C. PLAYERS

IDAHO TAKES SECOND GAME TUESDAY, 8 TO 7.

Six Runs Scored in First Inning When Mac's Men Knock Woodward From Mound.

(By ED FUNK)

The Idaho Varsity diamond squad split the series with the visiting Oregon Agricultural college nine when the Vandals took the second game by a close score of 8 to 7, Tuesday, on the McLean field diamond. Loose fielding and heavy hitting featured in this game as in the first contest, Idaho taking the breaks, however, in this game. The players were again handicapped by unfavorable weather conditions, a high wind making the judging of batted balls exceedingly difficult, while a cold sleet made the players uncomfortable during most of the game.

Idaho made her greatest strides toward victory in the first inning, when the Vandal sluggers knocked Woodward, who won the first game for the visitors, out of the box, scoring six runs. Young, who replaced Woodward in the middle of the inning, held the Silver and Gold stickers down to four hits and two runs during the remainder of the game.

Aggies Are Hitters. O.A.C. succeeded in hitting more (Continued on Page Two.)

THOROUGH INSPECTION GIVEN UNIVERSITY R. O. T. C. UNIT

Entire Day Spent in Examination of Regiment by Officers From Washington and San Francisco—Parade and Review in Afternoon Are Big Events of Day.

A staff of army officers from Washington and San Francisco recently inspected the University of Idaho R. O. T. C. regiment for a distinguished rating. The staff was headed by Major Henry T. Bull of Washington, U.S. cavalry; Major H. L. Jordan of San Francisco, in charge of R. O. T. C. work in the ninth corps area; and Major Ralph W. Kingman of Washington, U. S. infantry. This is the first time that the university cadets have been inspected for such an honor and the inspection was very thorough.

The inspectors had previously reviewed the R. O. T. C. units at the Universities of Oregon and Washington, Oregon Agricultural college and Washington college. Majors Kingman and Bull returned to Washington D. C., after inspecting the Idaho regiment and the results of their inspections will be submitted to the war department, after which the list of the

colleges qualifying for distinguished rating will be announced.

No Statements Made. Although none of the inspecting officers would make any statement, Major Kingman, in a talk before the Moscow chamber of commerce, complimented Col. E. R. Chrisman, commandant of the university regiment, upon the showing and said that the University of Idaho was one of the schools which had been recommended by the war department for inspection for a place on the distinguished list for exceptional R. O. T. C. work. It is understood that all officers were likewise gratified with the results of the inspection and should the distinguished rating be awarded it will be a significant accomplishment for the institution.

The inspection was begun at 8 o'clock in the morning, and was not completed until 5:30 in the afternoon.

NONSUCCESSFUL CANDIDATES ORGANIZE BIG PROCESSION

Abe Goff Leads Parade Which Rapidly Develops Into a Student Pep Rally—Drum Corps Furnishes Doubtful Music for Huge Line "Forget the Election" Marchers.

FRESHMAN GLEE TO BE SEASON'S NOVEL HOP

Programs in the shape of the traditional green caps, decorations in green, white and blue, and a balloon dance feature the Freshman Glee to be given in the gymnasium next Saturday night. The unusual decoration scheme will include a cozy corner, and a slick flop has been promised by the committee. The orchestra is being brought over from Pullman.

There will be a Freshman Special as well as the balloon feature dance. Josie Nash is general chairman. The music committee is composed of Paul Atwood, Al Marineau and Darwin Simmons.

The decorations are in the hands of Ruth Montgomery, Alberta Cornwall, Bob Fields, Esther Kennedy and Bert Stone. John Chien and Olive Athey are in charge of the programs, and Martel Archibald and Griff Davis are on the committee for patrons and patronesses.

Lillian O. White, '21, is an instructor in English at Clark university at Atlanta, Georgia.

IDAHO FROSH WHIP W.S.C. FROSH, 3-2

UNIVERSITY INSIDE BASEBALL FEATURE OF CONTEST.

Score Tied Until Seventh But Bunch Hits and Squeeze Plays Win Game.

In a grueling and sensational game, the University of Idaho freshmen won from the Washington State frosh here Tuesday afternoon three to two. The Idaho yearlings were out hit six to four but bunch hits and squeeze plays made most every man on base make an account of himself. The yearlings showed vast improvement since their contest with Cheney Normal last week.

The team work of the nine was exceptional and the outfit played baseball throughout the entire contest. The stellar infield and outfield work of the Idaho five was one of the outstanding features of the contest.

Cougars Score First.

The Cougar babes scored first, driving two men over the plate the first of the third frame. Idaho retaliated the latter part of the inning by tying the score. Fields lead off with a hit, going second on Wahl's walk, and scored on Terry's infield hit. In this stage of the fracas the Idaho frosh displayed some deep knowledge of baseball, pulling a squeeze play on the Pullman outfit. Terry was on second and Wahl on third. Terry took a big lead and Nolan, Cougar hurler, tried to catch him at second. On the delivery of the ball to second, Wall stole home, tying the score, and Terry dodged between the bases until Wall was safely over the plate.

Until the seventh the score remained a tie. Both hurlers pulled out of several tight holes during this period, and good ball was played by both outfits. The last of the seventh Lansdon lead off with a daisy cutter for a single. He stole second, and went third on Mellin's infield hit. A sacrifice by Wall scored the winning run.

Fielding is Good. The work of Harding behind the bat, and the fielding of Cameron and

TALKS MUCH APPLAUDED

Turner Captured And Installed as Yell King—Crowd Goes Wild.

The Defeated Candidate's club made its first appearance on the campus Thursday evening, shortly after the returns from the A.S.U.I. election were announced, when, at the suggestion and under the leadership of Abe Goff, defeated candidate for student body president, a parade was formed that soon developed into a student pep rally.

Goff, with his right leg wrapped in bandages, and limping like a crushed and wounded veteran of many battles, but with a smile overspreading his face, emerged from the Beta house followed by a supporting platoon of drums, and a second platoon in section columns. A large number of observers fell in from the Phi Delt house, and the army proceeded up Blake avenue, to the doubtful but voluminous marching time of the drummers. Several other defeated candidates had poined Goff by this time, and the procession took on the appearance of a real parade.

Fleet Joins Procession.

When the Kappa Sig house was reached, enlistments for the column were called for, with the result of a few more yards of serpentine. The drivers of the Ford fleet generously offered their cars for the use of the club, but they were scornfully refused, with the result that the cars were used for the conveyance of the winning candidates, who were slowly picked up.

At the Sigma Nu house more marchers joined the army, and when the Gamma Phi house was reached the first winner in the election that was found, Agnes Cox, was placed in a Ford, and sent to the head of the column. Large groups of co-eds from Ridenbaugh hall and the Gamma Phi house then joined the procession, but flatly refused to march in the street.

More Military Tactics.

The column countermarched in front of Ridenbaugh, and retreated its steps down Blake. At the corner of University and Blake, a halt was called, music was furnished by the drum corps, and short and snappy speeches were made by the winners and losers in the election.

Talbot Jennings, newly elected president, was dragged on the scene at this point, and he and Goff gave short talks. Ted Turner was also captured and brought before the multitude. After much solicitation and cheering on the part of the crowd he mounted a trusty flivver and led a few Idaho yells. Pete Drus also gave a few touching remarks.

Take Time Out.

After a short rest, the line of march was pursued down University avenue, past the S.A.E. house, where several more recruits were plucked, and up to the cross street by the Kappa, Delta Gamma and Phi Delt houses. The march was made in much faster time, for Jennings joined the head of the column, and assisted Goff in his progress.

At the last stop, when a careful check was made, nearly every candidate, both defeated and undefeated, was found to be present, and all were given an opportunity to talk. The crowd thoughtfully limited their speeches to a few second each by lusty cheers, as many feared that if these politicians once started talking, they would never quit till Friday

### A. S. U. I. ELECTION RESULTS.

Students may well feel pleased with their officers for the coming year. Capable men and women have been elected and now that the election is over the best men and women have been elected. The election is over. Successful and defeated candidates are ready to work shoulder to shoulder for the betterment of student activities and for the best interests of the university next year.

In Talbot Jennings will be found an able and conscientious president. He is an older man than the average college student and his mature judgment will be a university asset next year. With Jennings at the helm the 1923-1924 college year is being looked forward to as a year of marked advancement and accomplishment.

The new president is a capable successor to Lynn Hersey. Hersey is without question the best A. S. U. I. president since 1918 and we have our doubts if there were better student body presidents before that time. By comparison Jennings is going to have a hard row to hoe but he is the man for the job.

The Argonaut is delighted in the realization that the voters at Thursday's election were discriminating, thinking, and intelligent voters.

### A NEW TRADITION.

Abe Goff, although defeated for the A. S. U. I. presidency, is the father of an Idaho tradition that is a tradition. A real unity of Idaho fellowship was demonstrated Thursday evening. The demonstration was more than sportsmanship—deeper than sportsmanship—it was the submerging of personal interests in the promise of a greater Idaho. The demonstration of Idaho Spirit was genuine; it was real; and defeated and successful candidates gloried in the realization that after all the university is the first consideration. The sting of defeat was removed, personal feelings were forgotten; good losers and good winners shook hands and promised themselves bigger and better things.

### COLONEL CHRISMAN AND IDAHO.

The university is proud of Colonel Chrisman, who has been a loyal backer of Idaho and who has been connected with its growth since he first came here as a second lieutenant to take charge of the military department in the nineties. One more laurel was added to Idaho's history Wednesday, when the R. O. T. C. regiment, under his command, went through an inspection that will undoubtedly bring to the university the rank of distinguished college.

Since he first came here, Colonel Chrisman has served in the Philippines, Porto Rico, and many other places, but he has invariably returned. Upon his retirement from the active list four years ago it was his request that he return to Idaho to take charge of the department. Such is his interest in the university.

Colonel Chrisman has inspired the members of the regiment by his enthusiasm, his untiring interest, and his devotion to Idaho, and it was as much for Colonel Chrisman as for Idaho that the men did their best. He is respected and appreciated and looked up to by every man under him, and he has served as a fitting example by his never-ceasing desire for Idaho's betterment.

And Captains Lloyd and Bain also deserve their share of praise. These men have shown a real interest in the university; have proved true backers of the Silver and Gold; and the efficient manner in which they whipped the cadets into shape for the inspection, in the short time that was available this spring, is certainly deserving of the appreciation of the student body.

## SOCIETY

Amy Barstad, Editor.

Beta Theta chapter of Kappa Alpha Theta entertained with a novel Kensington to honor their district president, Mrs. C. A. Bemis of Spokane. Yellow daffodils furnished the decorative scheme and the refreshments were especially unique in the fraternity colors of black and gold. Miss Editha Barton entertained with a group of songs. About one hundred guests were present to meet Mrs. Bemis.

Alpha Delta announces the initiation of Mrs. David MacMillan, Helen Zeigler and Nellie Lu Eaton.

Guests of Kappa Delta for the past week were Chas. Preuss for lunch Wednesday and Dean O. P. Cockerill for dinner Thursday.

Last week were the Messrs. A. Marineau, P. Harlan, L. Hersey, L. Wallace, E. Storms, and E. J. Gowallock.

### Vandals Break Even

(Continued from Page One.)

consistently than the Vandals, taking the game as a whole. The visitors chalked up eleven hits during the game, as against the Vandals' eight. The Aggies' hits were more scattered than those of the Idaho men, however, and failed to net them winning runs.

Cobley and Stivers starred for Idaho at the bat, each chalking up a home run. Cobley, clouting the ball into the outer gardens in the first inning, scored Edward and Ostrander, as well as bringing in his own run. This hit started Woodward on his journey toward the bench. Ostrander reached first on an error. Edwards hit. Cobley with his homer cleaned up the bases. Marineau reached first on an error. Then Kleffner and Fitzke each slapped out a clean single. Young then went in for Woodward, all three men scoring, however, before he could retire the Silver and Gold.

### Rally Falls Short

The O.A.C. aggregation scored consistently throughout the game, being unable, however, to overcome the lead Idaho ran up in the initial inning. Riding scored a home run and a single, while McKenna garnered two hits. Their remaining hits were equally distributed among the other players. In the ninth inning it looked bad for the Idaho chances, the visitors chalking up two hits, and scoring one man before they were retired from the field, with the score standing 8 to 7.

Fitzke, pitching for Idaho, played

a good game, retiring four men on strikeouts, holding the visitors down well as to hit, and chalking up two clean singles himself at the bat. Kline, catching, showed much improvement, allowing but two pass balls, both on hard chances. Score by innings:

# TENNIS SEASON OPENS WITH MEET SATURDAY

## LEWIS AND CLARK PLAYERS TO MEET FROSH STARS.

Vandal Court Pickers Prepare for Heavy Schedule—Women Play off Tournament.

The University of Idaho tennis season will open officially Saturday morning, when a five man team of Vandal first year men will meet the Lewis and Clark high school squad, of Spokane, Saturday morning, on the university courts.

Little can be learned of the ability of the Spokane men, but considering the fact that the Lewis and Clark team last year defeated the Idaho varsity regulars an excellent brand of tennis may be expected from the visitors. Several of last year's men are playing again this year for Lewis and Clark, it is understood.

**Men Show Promise.**  
The Idaho racquet satellites have been taking advantage of the good condition of the courts and the fair weather, and a number of the men are showing promise. The team which will compete Saturday has not as yet been announced by Tennis Manager Prescott, who has charge of the ranking of the men. Several matches have yet to be played to decide the personnel of the teams. Whatever the outcome may be, Idaho will be well represented in the tournament.

The Vandal varsity racquet team will appear for the first time in action May 11 and 12, meeting the Whitman college aggregation at Walla Walla. The two-day tournament at Whitman will feature matches between both the men and the women of the two colleges. Three men and three women will represent Idaho on this trip. Interest in tennis is increasing with leaps and bounds among the women of the Idaho campus.

The personnel of the teams which will represent the university in the Whitman tournament has not as yet been decided. The women's tournament is now well underway, however, and within a few days the ranking of players will have been completed. But two matches remain to be played in the men's ranking tournament.

Of the seven men holding top notch positions as a result of the men's varsity ranking tournament, Goldstone, Herrington and Prescott remain undefeated. Goldstone will play Herrington Friday morning, and before the end of the week the campus championship will have been decided.

Goldstone and Hunter are ineligible for varsity play this spring, however. This will automatically advance several of the players who were eliminated earlier in the tournament to varsity positions. The challenge system is in operation again this year, so frequent changes may be expected in make up of the varsity squad.

**Tennis Schedule.**  
May 11-12—Whitman at Walla Walla.  
May 15—W. S. C. at Moscow.  
May 26—W. S. C. at Pullman.  
June 1-2—W. S. C., Whitman and Idaho, at Moscow.

**Jennings Named President**  
(Continued from Page One.)  
also appreciate the thorough sportsmanship shown by my opponents both at the primary and the final election. I pledge my share of time and attention to A.S.U.I. business and rely upon assistance from the other newly elected student body officers in making next year at the university a successful one in every department of student activities.

"President Hersey and his administration of the present year should be congratulated upon their conduct of student body affairs. The policies inaugurated by them, particularly the plans for an honor system at Idaho will be continued."

**Confidence in President.**  
Abe Goff made the following statement after the announcement of the election results:  
"I would be foolish indeed to shed any mortified tears over a defeat by a man of Jennings' calibre and high ideals. I predict the new administration will be far and away the best

in the history of the university. Once in a blue moon we can secure a leader of Jennings' calibre and he deserves the support of every true Idaho man and woman. We may well look toward next year with confidence and eager anticipation."

President Hersey expressed satisfaction with the interest taken by the students in the annual election of their officers. He made the following statement:  
"It was with a great deal of satisfaction that I received the result of Thursday's elections. I believe that competent officers have been chosen for every department, officers that will put Idaho and her ideals ahead of personal ideals or personal desire for glory or notoriety, and officers that will keep pace with the rapid advancement of the university."

"In Talbot Jennings the university has a student body president of the first calibre. The result of my work with Mr. Jennings in student affairs and on student committees during the past year has convinced me of his utmost sincerity and thoroughness. Back him up. He's a good man."

Four candidates were unopposed in the race for student offices. Ted Turner of Caldwell, former yell king, was reelected with no competition and he received the highest number of votes cast at the election, 870. Wallace Brown of Lewiston was a lone candidate for associate editor of The Argonaut. He will serve as associate editor in 1923-1924 and becomes editor for 1924-1925.

Miss Louisa Martin received 665 votes as the only candidate for manager of the Girls' Glee club. Miss Jean Rowlands, the lone nominee for Miss Idaho in the Pageant, received 642 votes.

Harold Telford, Vandal basketball captain-elect, was the high man of the election with competition. He received 603 votes. Walter Casebolt, elected treasurer, was another high man with 583 votes.

**Meet With Cougars**  
(Continued from page one)  
and Pollard. All these men are going strong, and provided Davis of W.S.C. is not in the pink of condition will among them make a strong bid for first place. In the quarter mile, Casebolt, Pollard, Keith and Hillman are entered. In the half mile the Vandals will enter Guy Penwell, Sowder and Hillman. Our chances in this event are mighty good, with Captain Penwell the best bet to lead the field.

**Four in Mile.**  
Captain Penwell, Williams, Brady and Walrath are entered in the mile. Williams and Brady will run the two mile. Penwell may be expected to make a strong bid for first in the mile. Williams and Brady show promise in both events, though as yet they have never been put to the test in intercollegiate competition.

Idaho shows no special strength in the field events as yet. She will have numerous promising entries, however. Cline, Guerin, and Walker will enter in the pole vault. Quinn and Nicholl will feature in the shot and discus events. McCoy will hurl the javelin. Fitzke is entered in the high jump, while Stivers and Huddleston will broad jump. Fitzke, A. Cob-

ley and Powers will take care of the hurdle events.

**Frosh Look Good.**  
In tryouts for the meet last week, the Idaho yearlings showed up well in most of the field events, especially the jumps. In the high jump Pickett, state high school record holder, is going far up the line in height. Williamson and Nelson are also displaying form. Bollean and Nelson in the pole vault are expected to make a good showing. In the weights and javelin, Pickett is making good distances as is Tonnar, R. Stevens and Reed. The broad jump has Wagner and Williamson making good marks.

Huefner, E. Cobley and Wagner are entered in the hurdle events. In the sprints Davison, D. McCrae, Kent, Cobley and Davis are entered. The quarter has Huefner, G. C. Johnson and Guernsey. Walrath and Archibald are first choices for the mile.

**TRACK MEET AROUSES STATE-WIDE INTEREST**  
INTERSCHOLASTIC CLASSIC HERE MAY 11 AND 12.  
Preliminary Events Run Off This Week to Determine Entries in Annual Event.

The annual interscholastic track classic, featuring ranking high school athletes from all parts of the state, will take place on McLean field Friday and Saturday, May 11 and 12. Preliminaries will be run off Friday, while the final events will be staged Saturday afternoon.

Preliminary meets are being held this week in each of the interscholastic sections of the state to determine the men who will qualify to compete at Moscow. In order to do away with the expense of an elaborate system of meets, district meets will not be held this year, but the men having qualifying records in the sectional meets will be admitted to the competition here without further competition.

**Mathews in Charge.**  
The Athletic office is receiving the results of the sectional meets as they are run off, and Coach Mathews of the University will have charge of the meet as representative of the Idaho Interscholastic Athletic association. All arrangements will be completed by the University of Idaho coaching staff.

Considerable interest is evidenced each year, throughout the state, in the outcome of the interscholastic meet. Perhaps the interest mounts highest in the university itself, for it is from the men competing in this high school classic that the institution must draw its track material in the years to come.

Competing athletes will be cared for by the various campus groups.

Entertainment for the visitors is being planned by the different organizations. The week end of the interscholastic will be even busier than that of the high school basketball tournament, from all indications.

**Defeated Candidates Form**  
(Continued from page one)  
morning eight o'clocks. The drum corps proved valuable at this point, generously assisting the crowd in drowning the addresses offered.

The crowd had grown dense and unmanageable by this time, so with the excuse that the approaching night offered, the commander called off the parade on account of darkness.

**Frosh Whip Cougars**  
(Continued from Page One.)  
Mellin in the outfield were the features of the game. Nolan, twirling the Cougar outfit was in excellent form benching nine men and holding the Idaho outfit to four swats. The frosh play a return game at Pullman Saturday.

Score by innings:  
R. H. E.  
W. S. C. 002 000 000 2 6 4  
Idaho 002 000 100 3 4 2  
Batteries: Nolan and Sandall, W. S. C.; Fields and Harding, Idaho.

**Inspection Given R.O.T.C.**  
(Continued From Page One.)  
The examination of the facilities offered by the university for military training was the first thing on the program of the inspectors. Following this tour, a half hour conference was held with President Upham.

**Examine Class Work**  
At 3 o'clock, the advanced course men were examined in theoretical work. Seniors were questioned on minor tactics, administration, and field engineering, and the juniors on military law, field engineering, and machine gun work.

The inspectors attended the assembly at 10, and after that, freshmen and sophomores were questioned on the school of the squad, mapping, the automatic rifle, and other subjects covered in the basic course.

**Review, Is Feature**  
The parade and review, at 1:15, were the features of the day. Many townspeople attended the ceremony, and large numbers of students were on the sidelines. The inspecting officers and Cadet Colonel Goff were in the reviewing stand.

Following the review, a thorough inspection of the regiment was made. Basic course men were examined in first aid, nomenclature, and tent pitching, and advanced course men on physical training, bayonet drill, company and platoon command, the supervised group system, the Lentz cadence system, and howitzer and machine gun company weapons.

**Field Problem Solved**  
The closing event of the day was the solving of a tactical problem of attack by a war strength platoon, in charge of cadet officers. A machine gun, a 37 mm. field piece, and a trench mortar, in charge of junior officers were also used in the problem.

The army officers in charge of the R. O. T. C. regiment at Washington state college witnessed the inspection as guests of the Idaho instructors.

**The First Electrochemist**

**NITROUS oxide**, according to the science of a century ago, was "the principle of contagion when respired by animals in the minutest quantities." Mere say-so. Imaginative yet skeptical Humphrey Davy, who believed in experiment rather than in opinion, "respired" it and lived.

It was this restless desire to test beliefs that made him one of the founders of modern science. Electricity was a new force a century ago. Davy used it to decompose potash, soda, and lime into potassium, sodium, and calcium, thus laying the foundations of electrochemistry. With a battery of two thousand plates he produced the first electric arc—harbinger of modern electric illumination and of the electric furnace.

Czar Alexander I and Napoleon met on a raft to sign the Treaty of Tilsit while Davy was revealing the effects of electricity on matter. "What is Europe?" said Alexander. "We are Europe."

The treaty was at that time an important political event, framed by two selfish monarchs for the sole purpose of furthering their personal interests. Contrast with it the unselfish efforts of Sir Humphrey Davy. His brilliant work has resulted in scores of practical applications of electrolysis in industry and a wealth of chemical knowledge that benefit not himself but the entire world.

In the Research Laboratories of the General Electric Company, for instance, much has been done to improve the electric furnace (a development of Davy's arc) and new compounds have been electrochemically produced, which make it easier to cast high-conductivity copper, to manufacture special tool steels, and to produce carbides for better arc lamps.

## GIRLS GLEE CLUB TOUR MAKES GREAT SUCCESS

WELL RECEIVED ON NORTH IDAHO TRIP.

University of Idaho Co-Ed Singers Attract Favorable Comment on First Appearance.

Received with the highest favor by the music critics of North Idaho, the University of Idaho Girls' Glee club successfully completed its first tour last week. Concerts were given by the organization at Plummer, St. Maries, Coeur d'Alene, and Wallace in a trip covering the northern part of the state.

The club was only recently authorized and given funds by the re-constituted A.S.U.I. constitution, but the members have already done a remarkable amount of work toward the producing of well worked out and carefully executed concerts.

The Girls' Glee club was well received and entertained in every town they visited during the trip. A number of very favorable criticisms were published by the newspapers regarding the tour, and the financial end of the trip was so favorable that there is a large amount which will be returned to the A.S.U.I. treasury from the proceeds.

A home concert will be given at the University of Idaho auditorium probably sometime next week.

The numbers which attracted the widest interest on the tour were the Toy symphony, given by the entire club, and the trio which was sung by Florence Selby, Luella Kirkenhall, and Demerise Ebbley.

The program was as follows:  
Vantetan Cycle ..... Nevin  
Morning in Saint Mark's Square.  
In a Gondola.  
A Love Song.  
Farewell.

- Glee Club
- Soprano Solo-Vilanelle
- Florence Selby
- Only to Thee ..... Saint Saens
- Left Thine Eyes ..... Mendelssohn
- Glee Club.
- Violin Solo, The Old Refrain ..... Kreisler
- Helen Woods.
- Toy Symphony ..... Romberg
- Allegro Maesto, Minuet, Adagio Lamentable ..... Rondo
- Glee Club.
- Lindy Lou ..... Strioland
- Swing Low Sweet Chariot.....Burlleigh
- Glee Moon ..... Scott
- Glee Club.
- Trio, Kiss Waltz ..... Arditi
- Florence Selby, Luella Kirkenhall, Demerise Ebbley.
- Songs of Long Ago ..... Neidlinger
- Glee Club.
- Piano Solo, Dance of the Elves..... Sapellnikof
- Marion Evans.
- The Goblins ..... Parks
- Idaho Ever to Thee.....Louisa Martin
- Glee Club.

The club is directed by Edwin Orlo Bangs, and managed by Demerise Ebbley. It is composed of Marion Evans, Spokane; Demerise Ebbley, Wallace; Mary Gettys, Newcastle, Wyo.; Opal Hunt, Omaha, Neb.; Helene Haller, St. Maries; Helen Holl, Willow City, N.D.; Lillian Hardman, Twin Falls; Marie Johnson, St. Maries; Luella Kirkenhall, Payette; Frances Lynch, Boise; Unita Lipps, Lapwal; Louisa Martin, Moscow; Dorothy Mullaney, St. Maries; Hester McKinzie, Jerome; Florence Selby, Boise, and Polly Thomas, Twin Falls.

## LATIN MOST POPULAR

Collegians and High School Students Prefer Language of "Amo, Amas Amat."

Latin is by far the most popular language study in the high schools and colleges of Idaho, as is indicated by figures compiled by Mrs. M. L. Sargent, professor of romance languages in the university.

Students in Latin in high schools and all institutions of higher learning, including the University of Idaho, number 3097; Spanish, 2042; French, 1087; and German, 53.

Figures indicate, however, that students who take Latin in the high schools come to the university and

continue their language education in the modern languages. For while Latin has the most enrollment in the high schools it has less than either Spanish or French in the university, and almost as few as German, which is gradually resuming the place as a language study that it lost during the war.

High school preparation in Latin, according to Mrs. Sargent, is ideal of students who intend to take modern languages, and is also valuable as an aid toward the study of English.

## FRATERNITY MOTHERS HOLD FIRST MEETING

ENTERTAINED AT TEA BY S. A. E. MOTHERS.

Hold Meeting to Discuss Means to Help University of Idaho Fraternities.

Fifty-five fraternity mothers of the University of Idaho were the guests of the Sigma Alpha Epsilon Mothers' club at a tea given at the S.A.E. house last Thursday afternoon. During the afternoon representatives of the various mothers club met for the discussion of the work their respective organizations and of ways and means of being of greater assistance to the men in the fraternities.

Mrs. David MacMillan sang a few solo selections, Miss Grace Morgan gave a solo dance, and the S.A.E. quartet gave selections. Piano solos were given by Lamar Ridgeway, Mrs. Weatherby and Mrs. Upham presided at the refreshment table. Jewel Coon, Mary Taggart, Dorothy Helm and Mary Louise Sparks assisted in the serving.

**First United Meeting.**  
This is the first meeting of its kind to be held on the Idaho campus. Mrs. J. P. Duthie, who is president of the S.A.E. Mothers' club at Pullman gave an interesting talk concerning its work there, and the representatives from Moscow told of their organizations here.

Contrary to the impression which the name might imply, the membership is not limited to mothers alone, but includes also wives, sisters, and in some cases sweethearts on the eligible list. Funds for the carrying on of the enterprises are obtained from dues ranging from one to three dollars a year.

Some of the clubs give showers of silver ware, or table linen during the year, or supply needs of the houses. During the summer they can fruit for the men, and sometimes prepare the fraternity houses for the fall semester.

Jennie Peterson '18. After leaving Idaho she attended the New England Conservatory of Music for one year and is now assistant in music at the Oregon State Normal, Monmouth, Ore.

## CHURCH GROUP VISITS

METHODIST EPISCOPAL SERVICE TEAM HERE NEXT WEEK TO ENLIST STUDENT INTEREST

The Church Life Service team of the Methodist Episcopal Church, a group which is visiting all of the colleges and universities of the northwest for the purpose of enlisting young people in church work, will be in Moscow May 9 to May 11.

Lectures will be given Wednesday night at Epworth hall in the Methodist Episcopal church, and at the Methodist church Thursday night in an open meeting.

The team brings Dr. M. A. Rader of San Francisco, a missionary in the Philippine Islands for over twenty years, who will talk on the opportunity of foreign fields.

G. M. McConnell who has been in church work for eighteen years and who is now connected with the board of home commissioners will also be with the team. Rev. Robert Brumblay of Walla Walla will talk on the work of the women's missionary society of the church.

The party will be at the U Hut Thursday and Friday for interviews.

## BASEBALL PROSPECTS CONTINUE LUMINANT

VANDALS IN THE RUMMIN FOR PREMIER HONORS.

Idaho Stands in Middle of Percentage Column With Four Won and Four Lost.

With the season well along, the Vandal prospects for a championship baseball team are still luminant.

After six games away from home and two on the home lot the Idaho nine stands at the middle of the column with four won and an equal number lost. On the coast trip Idaho lost the first games to the University of Washington, last season's champions, divided the next two with the University of Oregon, but took both games from the Oregon Aggies. After returning home, however, the Vandals suffered a collapse and in the first game the Aggies gave them a 13 to 2 walloping.

Idaho braced for the second game and by terrific slugging, which sent one Aggie pitcher out of the game, defeated the invaders by an uncomfortably narrow margin. Such is the record for the first part of the season.

**Kilne Makes Good.**

Idaho's misfortunes started when Frank Kinnison, regular catcher, received a serious injury to his left hand just a few days before the team left on the coast trip. With no dependable catcher the Vandals met Washington, one of the strongest teams in the circuit, in the first two games and were defeated. It was several games later that Coach MacMillan worked Morris Kilne into the backstop position but the change was made in time to get under way with full force against the Aggies.

The Vandals have proved themselves to be one of the best hitting clubs in the conference and their fielding has lived up to expectations.

**Hard Games Coming.**

Remaining on the conference calendar are two games at home with the University of Washington, University of Oregon, Washington State college and two at Pullman with the Washington Staters. By taking the remaining games Idaho can land somewhere in the first division but the home games with Washington will be hard ones, for the Huskies are out after the championship again.

Competition in the conference is as keen in baseball as it was in basketball, where the Aggies, Washington and Idaho presented teams of apparently equal ability. Idaho was "counted out" in the middle of the basketball season and is being frowned upon in many quarters in the baseball race, but with most of the remaining games at home her Vandal nine will bear watching.

## BULLETINS DESCRIBE IDAHO FOR STUDENTS

TWO NEW PUBLICATIONS TO HIGH SCHOOL SENIORS

General Catalogue Completely Rearranged—President Upham Sends Letter to All Graduates

Two new bulletins will be the backbone of the university publications sent to high school seniors this year by the publicity department. One of these bulletins describes the university and gives general information and curricula of the different colleges. The other booklet, entitled "Student Life at Idaho," is a richly illustrated pamphlet which describes student activities, and shows pictures of university buildings, football games, and many scenes taken from university life.

**General Catalog Rearranged**

The general catalog has also been completely rearranged, and contains not only the material contained in the general bulletin, but descriptions of the summer school, university extension work, departments of instruction, the alumni organization, degrees granted, honors conferred, a list of students, and enrolment statistics.

Bulletins have also been issued covering the courses offered by each college in the university, and the majors offered by each. The new bulletins, on the business curriculum, with its five majors, and the department of music have been published.

**Department Lists Seniors**

The publicity department, under the direction of Edward F. Mason, has on its list the name of every high school senior in the state, and university advertising matter is being sent to each.

President Upham has also mailed a letter to each senior, in which he sets forth why a high school graduate of the state should come to Idaho. The letter follows:

"A college education is more than ever essential to advancement and leadership and its opportunities are available to everyone, whatever his means. As a loyal citizen of Idaho, however, educated thus far at public expense, you ought to put your question somewhat differently: 'Now how about our University? Why not go to Idaho?'"

**University Offers Opportunities**

"The University of Idaho is maintained by public funds in order that you and your classmates may complete your education without paying tuition charges. The state confers upon you one and all free scholarships here covering your entire four years.

"Seventeen hundred students have been registered in the University of Idaho during the college year now closing. We should like to count you among the still larger number we anticipate next year.

J. Foran of Seattle was a guest of Sigma Nu last Monday.
