

# STATE-WIDE INTEREST CENTERED HERE FRIDAY AND SATURDAY

## Idaho Undergraduates Can Help In Alumni Plans For New Gymnasium

### MORE THAN 108 TRACK STARS DRAWING FOR INTERSCHOLASTIC

Idaho High School Athletes Here Friday and Saturday for Annual Classic—Entries Being Made by Winners of Sectional Events—Preliminaries Show up Talent

#### UNDERGRADS TO ENTERTAIN

Visiting Athletes Housed With Various Groups—Drawings Wednesday

The interscholastic track meet, which will be held on MacLean Field Friday and Saturday of this week, will feature approximately one hundred and eight stars from the different districts of the state, according to the plans of the high school interscholastic committee. The final sectional meets were run off during the last week end, but reports concerning results have been slow coming in, and the athletic office will not have a complete schedule of entries until Wednesday or Thursday.

Men taking first and second places in the various events in the Caldwell, Lewiston and Coeur d'Alene meets, men making first places at the Kootenai meet, and athletes showing special individual ability in the Orofino meet, will be eligible to enter. All these districts have been heard from, and it is certain that all eligible men will be entered for the meet, although the identity of most of the contestants is not as yet known.

#### Preliminary Meets Held.

The ranking high school track teams of the state competed in the preliminary meets held during the past week end. According to advance reports coming in there are many exceptional men entered from the southern part of the state. Whoever qualifies from these sections for the meet here will have shown rare ability, and spectators will be assured of an exceptional treat when the teams appear here in competition for statewide honors.

(Continued on Page Three.)

#### Alumni and Undergrads Plan Cooperative Work

A new gymnasium as a memorial to the University of Idaho men killed in the World War is the plan proposed by the University of Idaho Alumni association. The plan is meeting with the universal approval of alumni in every section of the state, according to word received here. Prominent alumni have declared themselves ready to back the plan to the limit and final adoption of the movement is assured at the alumni meeting.

In view of the splendid spirit shown by Idaho's graduates in building for future college generations and the advancement of the university, the undergrads are now talking ways and means of assisting the alumni. The student plans for a new gymnasium will be presented at the next A.S.U.I. meeting so that definite action may be taken before the close of the college year. Those undergrads most interested in the new gymnasium are anxious that A.S.U.I. representatives will be able to tell alumni at their meeting June 9 just what the students will do. The A.S.U.I. will be in a position by that time to be of great assistance to the alumni leaders.

A building to cost \$200,000 will adequately provide for university athletics and the physical development of all university men and women. The new gymnasium is now the most badly needed building on the campus.

#### MINING LAWYER TO TALK

John P. Gray of Coeur d'Alene To Give Two Addresses To Student Body

John P. Gray, one of the most famous mining attorneys in the United States, and probably the best known in the west, will speak to the student assembly of 10 A. M. Wednesday on the "United States Supreme Court." From California to Montana and from Seattle to New York there is very rarely a case on mining law in which both parties do not wire Mr. Gray in an endeavor to retain him. He makes his home in Coeur d'Alene, but his clients come to him from all parts of the continent.

In talking of the Supreme Court he is giving information on the purpose and working of one of the nation's most vital functions, the supreme interpretation of the law.

The University of Idaho has gained an opportunity to hear one of the nation's most noted authorities on mining law. There is almost no mining litigation carried on without his consultation.

At eight o'clock Wednesday morning he will address the combined law and mining section on the subject of "Apex litigation." All classes in those colleges will be excused at that hour to hear Mr. Gray's talk.

#### CO-ED SINGERS GIVE PROGRAM WEDNESDAY

GIRLS PRESENT SAME NUMBERS USED ON TOUR.

University Organization Wins Approval of Northern Critics In First Annual Trip.

Wednesday evening at eight o'clock the Girls' Glee club of the University will give a concert for the student body. Just freshly returned from a successful tour over the northern part of the state, in which the glee club was received with great approval by the audiences, they will be in exceptionally smooth running form for the home presentation.

The girls who compose the club have spent considerable time last fall and this spring perfecting their concerts, and have been said by the northwest musical circles to be among the best groups that have ever been here.

Their Toy Symphony has been the sensational number of the trip, along with the solo work. This home concert will conclude their program for this year, and it is the last opportunity for the university students to hear the girls' organization which was only recently approved by the A.S.U.I. and made one of the regular departments.

The program will be:  
Venetian Cycle ..... Nevin  
Morning in Saint Mark's Square.  
In a Gondola.  
A Love Song.  
Farewell.

Glee Club.  
Soprano solo ..... Vilanelle  
Florence Selby  
Only to Thee ..... Saint Saens  
Lift Thine Eyes ..... Mendelssohn  
Glee Club.  
Violin Solo. The Old Refrain ..... Kreisler  
Helen Woods.

Toy Symphony ..... Romberg  
Allegro Maestro. Minuet. Adagio Lamentable ..... Rondo  
Glee Club.  
(Continued on page 3)

#### An Editorial

Successful government is dependent upon the respect the people hold for those in authority. Successful student government is government by the upperclassmen. That government suffered a distinct blow Sunday night when underclassmen were permitted to mingle with upperclassmen in activities of a very questionable character, namely the attempt to interfere with plans of the seniors for the annual Sneak.

Upperclassmen should defend as well as observe Idaho traditions and ideals. In a large degree, the students are the university, and proper self-government is up to the upperclassmen. The power of example is mighty for good or evil. Underclassmen will endanger a splendid Idaho tradition when the upperclassmen themselves think it proper to so endanger the existence of that tradition; underclassmen will think it proper to follow a precedent of rowdyism set by upperclassmen; and the participation of underclassmen with upperclassmen on an equal basis is a dangerous pastime for the upperclassman if they would have their best examples followed.

The occurrences of Sunday night and Monday morning were unpardonable. In the first place why should the absurd custom of hampering the preparations of the seniors for their annual holiday be continued by the juniors? Third-year college men are presumed to have graduated from the period of out-and-out rowdyism. What possible good can come from ducking a senior, or tying a senior up, or stealing the "eats," or in any way interfering with the legitimate and time-honored privilege of the seniors? When one has completed almost four years of college work that person is entitled to a regular picnic. Why not let the seniors enjoy themselves unmolested?

Why were freshmen and sophomores allowed by the juniors to participate in the activities of the night? It is bad enough to have the juniors play "Captain Kidd," but when the freshmen and sophomores are permitted to fraternize in destructive play with juniors—that sort of thing hurts. The freshmen and sophomores are not to be too severely censured. The juniors were at fault in allowing the underclassmen even to stir.

There were a number of juniors, aroused by excited classmates, who sleepily but sensibly responded to the remarkable information that the seniors were sneaking. "Let 'em sneak and let me sleep." Some juniors, finding that the project was not meeting with the approbation of the entire class, sanctioned the underclass reinforcement and this is not to their credit.

The Senior Sneak is a splendid Idaho tradition. The faculty put a stop to the making of the day into a general holiday. The right to take a day off for the annual picnic is, and it should be, a senior privilege. But how long will the Senior Sneak survive if the juniors every year, with the help of the underclassmen, make the preceding night what Sunday night turned out to be?

The trouble is that students are tearing down some of the finest traditions and attempting to make some very rotten ones. What a difference between the junior raid and the "After Election Celebration." The demonstration of defeated candidates is destined to live, and why not put the stamp of positive disapproval on the action of juniors molesting the seniors?

No good came out of the night's festivities. A lot of sleep was lost and sleep is essential to the growing young junior. Hard feelings were caused. These things, however, will be forgotten in a day or so. But damage was caused in two ways:

First, a famous Idaho tradition suffered, and Second, the barrier between upperclassmen and underclassmen, that all-important factor in student government, was broken down.

### SENIORS HOLD ANNUAL SNEAK DESPITE EFFORTS OF JUNIORS

Embryo Alumni Leave at 5 O'clock Monday Morning for Glenwood, Wash., on Special Train, After Dodging Pursuers Bent on Frustrating Their Plans.

#### SPEAKER KNEW AUTHORS

Charles Woodbury, Intimate Friend of Emerson and Miller, Will Address Summer Session

Ralph Waldo Emerson and Joaquin Miller are known to the present generation only through their writings and the reminiscences of men who knew them personally. Charles J. Woodbury, of Oakland Cal. is one of the few men who had the good fortune to be an intimate friend to both of these great writers. He is the only lecturer in America who speaks of Emerson from the standpoint of an intimate personal acquaintance.

Mr. Woodbury will deliver a series of lectures before the summer school sometime in July. Dean J. F. Messenger, director of the summer school, says of Mr. Woodbury, "He speaks of Emerson in that friendly, intimate way that a man speaks of his nearest neighbor."

#### Track Men Run Under

Colors of Co-ed Groups

"Knighthood is again flowering at Illinois," says a dispatch from Illinois university. The four men running on the relay team have revived the old custom of representing a favorite dormitory or sorority house in their races. All cups and prizes won by the team are presented to the house under whose colors the team ran.

#### TRACK SQUADS LOSE COMBINATION EVENTS

W. S. C. SCORES HIGH WITH VARSITY AND FRESHMEN

First Year Men To Hold Return Meet On McLean Field May 26

The Idaho varsity and freshman track squads went down to defeat before the W.S.C. cinder artists in the meet on Rogers field at Pullman last Friday, the varsity losing by a score of 98 and 1-5 to 32 and 4-5, and the freshmen 72 1-2 to 53 and 1-2 points.

While Idaho did not expect to carry away honors in the meet, according to pre-season dope it was thought that the Cougar squads would not be able to run up such a score as resulted from Saturday's meet. The mile run was a disappointment to the Vandals, Penwell losing out to Leslie of W.S.C. in a hard fought race, contrary to expectations. The time, 4 minutes, 37.8 seconds, was exceedingly fast, considering that the W.S.C. track is not in the best of shape, and a stiff breeze was blowing down the far side of the track in the face of the runners. Leslie led the field during the entire distance, though Penwell worried him throughout the race, hanging close on his heels. Penwell has run the distance in better time than Leslie made Saturday, but appeared to have an off day. The men will have the opportunity of meeting again in the Pacific Coast conference meet, when it is hoped that the tables will be turned.

#### Loose Hurdle Races

Idaho made but a poor showing in the hurdles, also. Fiske taking third in the high hurdles, and Bowers a second place in the low. While none of the Idaho hurdlers were experienced they had been showing up very favorably in practice, and it was hoped that more points would be forthcoming. W.S.C. showed a strong combination in these events in Peddicord, Loomis and Douglas however. These men are sure to win points in any meet. Powers of Idaho pushed  
(Continued on page three.)

#### JUNIORS REIGN SUPREME

Sneakers Who Failed to Go Play Fish—Underclassmen Hold Dance

(By Eugene C. Zachman)

"The Seniors Have Snuck." Posters carrying this headline were generously distributed by fourth year students Monday morning before they pulled out on the annual Senior Sneak, but the posters didn't do any good, for the whole campus knew about it anyway. Starting about midnight, life on the campus became extraordinarily unbearable for the embryo alumni, and they spent the remainder of the night, until they left at five in the morning, dodging juniors and underclassmen bent on ruining their little party.

Nobody knows just how the news got out, but some way the girls in two sorority houses noticed about 11:30 Sunday night that their seniors were not with them, so after hasty consultation the other sorority houses and the girls' dormitories were notified.

#### Girls Make Getaway.

Most of the senior girls got away, but the only four sneakers in one house spent the night locked in the attic, until kind hearted classmates released them just before the departure of the class.

It didn't take long for the men on the campus to get wind of affairs, and by midnight every senior man on the campus had left his bed, and was fleeing before determined juniors bent on ruining the little party.

#### Seniors Grab Junior.

And all through the night it kept up. There weren't any results but it was uncomfortable for the seniors. They just weren't used to playing  
(Continued on Page Two.)

#### Powerful Searchlights To Light Idaho Pageant

Six powerful searchlights will be used to illuminate MacLean field for the showing of the Idaho historical pageant which will be presented as a part of university commencement exercises, June 9. The pageant will be given in the evening, to provide special opportunity for spectacular lighting effects, and the pageant scenes have been planned carefully with a view to making the lighting one of the chief features of its success.

Each of the lights to be used will be capable of throwing a strong beam half a mile. These lights have been obtained from Wallace, where they were used during the war for the night guarding of the mining property.

Three "stages" will be employed for the spectacle. One will be in the foreground of the athletic field, where the speaking parts will be presented and where the scenes will be picked out of the surrounding darkness by the big lights, just as needed.

At the far end of the field, on the new baseball diamond, the bigger actions will take place, such as the passing of the emigrant train on the old Oregon trail, and the Indian fights of the Nez Perce war.

On the hilltop adjoining the athletic field will appear from time to time symbolic figures of the progress of the spectacle.

Flood lights and automobile lights will be used as adjuncts to the searchlights.

## AN IDAHO GYMNASIUM.

Are University of Idaho men and women willing to do something worthwhile for the university?

The Argonaut knows that they are.

The alumni are ready to raise \$200,000 for a gymnasium—a proper and fitting memorial to the university men who gave their lives in the service.

Wouldn't it be a good hunch if the university undergrads could say to the alumni in June that the students of the present college generation will be prepared to give \$15,000 next fall for the new gymnasium?

Why not ask every Idaho man and woman to give \$10 next fall? If you are able to give more it's up to you to give it.

The college year is pretty rapidly drawing to a close. Think this over. Do you want an adequate gymnasium, a gymnasium that will be a source of pride to the university? Do you want to be crowded in the gymnasium to see Idaho win her third successive Pacific Coast basketball title or do you want to have plenty of room to cheer the Vandals to victory? Wouldn't you all like to go swimming on an afternoon like yesterday's? Wouldn't it be lovely to splash around in a nice, clean, beautiful tile plunge?

How about it? Sure you would. Why talk gymnasium to you when you know how badly we need a real gymnasium not only for our "I" men but for ourselves?

But let's get interested. Let's tell the alumni we are ready to do our part and show that we are capable of doing our part in the presentation of fifteen thousand cold, round smackers next year.

Talk things up. Everybody get busy. This gymnasium proposition is going to be brought up at the next A. S. U. I. meeting. Many an Idaho man and woman would be glad to die for Alma Mater. We hope your enthusiasm is such.

## ARE YOU WILLING TO GIVE TEN DOLLARS?

### FINANCIAL SUPPORT.

Idaho undergrads must be prepared to support the annual interscholastic track meet Friday and Saturday.

If the university is to be the meeting place of the cream of high school track and field men of the state, the university students must see to it that the annual track classic is not a failure financially. It's up to you. Get busy. Buy your own ticket and your girl's ticket or see to it that she buys one and if your friend hasn't one, find out just why he isn't the proud possessor of a ticket to the meet.

Twelve hundred tickets at fifty cents each must be sold to the university students if the meet is to be a success financially. How's to see that it is. Get out and volunteer to sell some tickets yourself.

Do you remember the interscholastic last year. Do you remember that six state records were completely and totally smashed. Saturday those same records and others may go glimmering and new marks may be established for future high school stars to shoot at. Your fifty cent ticket will entitle you to the best seat on the athletic field at both the preliminary and the final.

In the interest of the Interscholastic The Argonaut is running a half page advertisement in this issue. The Argonaut does not wish to and is not setting a precedent in the donation of this space but The Argonaut volunteered the giving of the space in the interest of the state meet.

### THE INTERSCHOLASTIC

More than 110 high school track stars will be the guests of the University of Idaho this coming week end. Undergraduates and members of the faculty are ready to welcome the high school men and make their visit here most pleasant. Idaho must draw its future track material from these high school men and these visitors must be informed of what Idaho offers them.

Show these visitors what Idaho offers in higher education. Some will want to take law, others mining, or forestry—but at Idaho they will find just exactly what

they want. See to it that prospective students are informed. These track men will carry back to their respective high schools impressions of the university. Let's make these impressions favorable and the only way and the best way to impress a high school man is to show him what Idaho is. He will then go home satisfied with his own state institution and anxiously awaiting the beginning of the collegiate year to come and bring his friends with him.

## ALUMNI

Donald DuSault.

### Idaho Alumni in the Teaching Profession

Idaho has many alumni in the teaching profession scattered all over the United States and some foreign countries. Among them in this country are:

Catherine Trowbridge Bryden, A.B., '04, and B.S., '18. With the exception of a short time that she was county home demonstrator for King county, Washington, she has been in the teaching profession. At the present time she is supervisor of teacher-training in home economics at the State college at Pullman. She has spent some time working for her M.S. at Columbia.

Ella Woods, '11, is research assistant in food chemistry at the State college at Tallahassee, Florida. She obtained her A.M. degree at Columbia in '19.

Frances Elsie Asher, '16, taught Latin and normal training in various schools in Iowa and Kansas since leaving Idaho. She is attending the summer sessions at the University of Chicago and working for a higher degree. Her present address is Bath, Illinois.

Everett E. Wehr, '18. Mr. Wehr was for a time special field agent for the United States department of agriculture, bureau of entomology at Dallas, Texas, and while in that position worked over most of the Atlantic states and many of the middle western states, but at the present time he is instructor in entomology at the Agriculture college, University of Nebraska. He received his M.S. at the University of California in '19.

Ruth Anna Fogle, '07. Miss Fogle was head of the English department of the Aberdeen, Washington, high school from 1908-16 and is now superintendent of the Northwest Training school for Missionaries, Deaconesses and other Christian workers at Seattle.

Norman Brown Adkison, '07, graduated with a B. S. degree. He attended the summer sessions at Columbia in 1910-'15-'16 and '17 and received his M. A. degree in '17. At the present time he is at the head of the chemistry department of the Idaho Technical Institute at Pocatello. He was acting president of the institution during the year, 1918-19, following the death of Miles F. Reed. He was married in Clarkston, Washington in 1910 to Della Shaff. Mr. Adkison has served on the Hospital Board of the Idaho Tuberculosis commission since its formation by the legislature in 19-9, being appointed by the governor to that position.

### CALENDAR

- May 12—Lindley hall dance in the gymnasium. Gamma Phi Beta dance. Kappa Alpha Theta dance in Guild hall.
- May 19—Southeastern Idaho club dance in gymnasium.
- May 24—Tri-State Oratorical contest in auditorium.
- May 29—Sigma Nu dance.
- June 1—Presidential dinner for seniors.
- June 6—Final examinations begin.
- June 9—Alumni Day.
- June 10—Baccalaureate Sunday.
- June 11—Commencement day.
- June 14—Final examinations end and "Praises Be—"

### Scholarship for Debate Awarded

By Pacific Coast Universities  
An annual scholarship to be given to the best debater is a new development of forensics on the coast. It is to be given by the Pacific Coast forensic conference, recently formed into a permanent organization at Berkeley, the membership consisting of Stanford, Universities of California and Southern California, Oregon, Washington, Idaho, British Columbia, and Whitman, Reed, Washington State and Oregon Agricultural Colleges. Other institutions may be added later. All debates are to be decided by the audience.

### Hores Shoe Pitching Takes Strong Hold At Washington

University of Washington, Seattle.  
Barnyard golf, that fascinating game that is played so extensively in the outlying towns of the middle west, has taken the University of Washington by storm. The students in that institution have reverted to their ancestors' habit of tossing discarded horseshoes at two unoffending iron pegs. Although the sport has not grown to intercollegiate size yet, it is being played by the various student groups on the campus. Competition is keen between the Greek letter organizations, and a silver cup is to be given to the winner.

### SENIORS HOLD ANNUAL SNEAK DAY PICNIC

(Continued from Page One.)  
alley rats and tree toads. After vain attempts to catch the seniors, the pursuers devoted their efforts to locating the food. But just one junior had any success in locating it, and it didn't do him any good. With a senior hogtied and in tow, he departed for the arboretum about 3:30 in the morning, believing that he could hold out the would-be picnicer until the senior had left. But about fifty came up after their grub, where it had been cached, and the only thing that the third year man got for his efforts was a four o'clock swim in the fish pond.

The seniors left at 5 o'clock, on a special train of three coaches and a baggage car, but others, tarrying too long in hiding places, were forced to make record time, with pursuing juniors as the stimulus.

**Ideal Picnic Grounds.**  
An ideal spot was selected by the picnicers. Glenwood is about eight miles on the other side of Palouse, with ample facilities to meet the requirements of such a party.

Immediately upon their arrival, the seniors divided into groups, the Reds and the Blues, and selected Lynn Hersey as captain of the Reds, and Phil Buck as captain of the Blues. The two groups held a baseball game, a water regatta, a beauty contest, and a pie eating contest. The Blues won all of these except the pie eat-

### A Financial "Stronghold"

As this Bank was established in the year 1892, it has come to be a financial stronghold. Its Resources ample for the protection of all deposits and its Management is composed of well-known men who watch its every interest.

COMMERCIAL AND INTEREST ACCOUNTS

THE FIRST NATIONAL BANK of Moscow

SAFE DEPOSIT BOXES

ing contest, which was a draw, so as one of the winning side expressed it, "The Reds felt rather blue." With a total of 103 votes cast, Doc Hoover won the beauty contest by a count of 90 to 89.

### Dance in Afternoon.

A piano was carried on the trip, and dancing was in order during the afternoon. An old warehouse was used for this purpose. Other events common at all picnics might be mentioned, such as eating; and slugging, might also be mentioned, but then they are to be expected. The train carrying the group pulled into Moscow again at 9:45 in the evening.

On the campus, the juniors held supreme rule. At an early hour the "I" bench was covered with several layers of hatless, cane-carrying third year men, eager of the opportunity to take advantage of their one-day

privileges, and junior girls blossomed out with mortar board hats, even if some of them weren't sure as to the correct way of wearing them.

### Immerse the Unfaithful.

Groups of junior vigilantes watched the campus and town for ill-fated seniors who had elected not to attend the annual class function, and all who were found were added to the collection in the fish pond. It was a wet day for the unlucky ones.

In the afternoon a dance was given in the gymnasium by the underclassmen. The customary upperclassmen's dance usually held in the evening, was abandoned, however, because of the late arrival of the seniors. The train bearing them did not arrive until 9:45, so the day's festivities really closed with "Hose Parties" held in the evening for two seniors who had escaped before.

### WHITMAN MISSIONARIES HERE FOR TWO CLASHES

University of Idaho Vandal basketball players are all primed and set for the Whitman Missionaries. The two ball teams meet on MacLean field Wednesday and Thursday afternoons at 4 o'clock. The contests are to be watched with more than passing interest in that Whitman has a strong club and bitterly close games are expected.

Coach MacMillan has been getting his men in shape for the coming games. Practices have been held every night and the Idaho team looks better and better with each succeeding night. Ideal baseball weather has been enjoyed and the prospects for continued good weather will make playing more pleasant and a larger crowd will be attracted.

to Michael of W.S.C., by a scant six yards. He ran the entire race close on the heels of the Cougar man, and made an excellent showing. Michael is considered one of the best men in the conference. With a few weeks more of training Sowder should make an excellent showing in the Pacific Coast conference meet.

The meet, while a walkaway for W.S.C. in the matter of points, was closer than the score will read. Each and every event was closely contested, and the Vandal squad fought hard in the face of defeat for every point.

In the freshman events W.S.C. also took and held the lead throughout the meet, but in these events also the Idaho men, fought hard, and lost generally by a close margin.

**Davidson Coming Sprinter.**  
Jacobs of W.S.C. won from Davidson of Idaho by a close margin of two feet in the 100-yard dash, the time being 10.3 seconds. Jacobs also won the two twenty, Davidson taking a third in this event. While the W.S.C. man showed superior ability Saturday, in meets in years to come Davidson will be a man to be reckoned with, running a very pretty race in each of his events against the W.S.C. frosh.

Johnson of Idaho, took the freshman 440 in 53.3, leaving the W.S.C. runners well in the dust. Guernsey of Idaho made a close fourth, but was unable to place, though he has equalled that time previously.

The Cougar Babes took the first two places in the half mile, Taylor taking third place. The time was slow, but the Idaho men did not seem to be running according to form.

**Huefner Wins High Sticks**  
W.S.C. took all three places in the mile, seeming to have a corner on freshman distance men. Huefner of the Vandal Babes won first in the high hurdles, and second in the low, scoring all of Idaho's points in these events. He ran a very pretty race in each event, and will be a decided asset to the varsity next year.

Stevens of Idaho took first in the freshman shotput, tossing for a mark of approximately thirty-five feet. Pickett of Idaho took first in the discus, while Nelson took third. In the field events the Idaho first year men held their own easily. Pickett also took the high jump. Davis of Idaho won the broad jump. Nelson of Idaho tied with Underwood of W.S.C. for first in the pole vault, making ten feet eleven inches. This is an exceptional mark for a freshman meet, and promises well for next year.

**Frosh Lose Relay.**  
The freshmen lost the relay by a close margin. Johnson, Davidson, Huefner and McCrea ran a pretty

race, leading several times during the mile. The W.S.C. runner nosed out Davidson in the final straightaway, making a spectacular finish. The material which came to light in the freshman meet promises much for future years at Idaho. The varsity next year will be materially strengthened by additions from this year's freshman squad, several men of excellent varsity calibre showing up during the day.

The Vandal Babes will meet the W.S.C. frosh in a return contest on MacLean field May 26. With two more weeks in which to develop it is hoped that the Idaho men will make a better showing. They will be looked to to take firsts in several events which were closely contested in the meet Saturday.

**The Summary.**  
Following is the summary of the varsity meet with the time given in tenths of seconds instead of fifths in accordance with a new conference ruling:

100-yard dash—McCarty, W.S.C., won; Hermon, W.S.C., second; Keith, Idaho, third, time, 10.3 seconds.

Mile run—Leslie, W.S.C., won; Penwell, Idaho, second; McLeod, W.S.C., third, time, 4 minutes, 37.8 seconds.

Shot put—Love, W.S.C., won; Quinn, Idaho, second; no third. Distance, 37 feet 8 inches.

220-yard dash—McCarty, W.S.C., won; Herman, W.S.C., second; Scheyer, W.S.C., third, time, 22.1 seconds.

Pole vault—Douglass and Gaskill

of W.S.C. tied for first; Burnett, W.S.C., third; height, 10 feet 7 inches.

120-yard high hurdles—Loomis, W.S.C., won; Douglass, W.S.C., second; Fitzke, Idaho, third; time, 16.2 seconds.

Discus—Love, W.S.C., won; Purnell, W.S.C., second; Fitzke, Idaho, third; distance, 115 feet 7 inches.

High jump—Kirkpatrick, W.S.C., won; Douglass, Loomis, Chandler, Stevenson of W.S.C., and Cobby of Idaho, tied for second place; height, 5 feet 4 inches.

440-yard dash—Casebolt, Idaho, won; Maurer, W.S.C., second; Hopkins, W.S.C., third; time, 50.6 seconds.

Javelin—Purnell, W.S.C., won; Hickey, W.S.C., second; Erickson, W.S.C., third; distance, 169 feet 11 1-2 inches.

Two-mile run—Williams, Idaho, won; McLeod, W.S.C., second; Leгран, W.S.C., third; time, 10 minutes 4.1 seconds.

220-yard low hurdles—Peddycord, W.S.C., won; Powers, Idaho, second; Loomis, W.S.C., third; time, 24.1 seconds.

Broad jump—Kirkpatrick, W.S.C., won; Wiggins, W.S.C., second; Stivers and Fox of Idaho tied for third; distance, 20 feet.

880-yard—Michael, W.S.C., won; Sowder, Idaho, second; Welleman, W.S.C., third; time, 2 minutes 1.5 seconds.

One-mile relay—Idaho: Pollard, Hillman, Powers, Casebolt; time, 3 minutes 31.4 seconds.

### TRACK STARS COME TO INTERSCHOLASTIC

(Continued from page one)

Little can be learned of the teams which fought for places in the Coeur d'Alene district. In the past, however, the north has turned out some of the greatest individual interscholastic stars, especially in field events. The southern section of the state generally has the edge in the track events, for the reason no doubt that the climate is more favorable for the development of runners.

**Best Event of Season.**  
In past years the Interscholastic meet has ranked as one of the best meets of each year held on MacLean Field. Perhaps more interest is shown by campus folk in this contest than in any single varsity meet. Some exceptional records have been set up in the past. Old records have been broken every year. From all reports it is probable that several new marks will be set this coming week end.

The Interscholastic of last year was one of the greatest in the history of the annual classic in the respect of breaking of former records. records were shattered last spring, new marks being recorded which it will be difficult to equal. Doe, of Burley, who took five firsts in the meet, equalled the state record of 5-2.5 seconds in the fifty-yard dash, set up a new record of 10 seconds flat in the hundred, recorded a new mark in the low hurdles, crossing the tape in 6:04, and broad jumped 20 feet, 8 inches, eight inches farther than the mark set in the varsity meet at Pullman last Friday. Doe also set up a new record in the 220-yard dash, making the distance in 22 seconds flat.

**Many Records Broken.**  
Three other records were broken in the Interscholastic of last season. Eckholm of Sandpoint set up a new mark of 46 feet, 11 and 3-4 inches, putting the twelve pound shot. Kizer of Wallace made a new record when he hurled the javelin 163 feet 2 inches. Pickett, of Sandpoint, made 5 feet, 9 1-2 inches in the high jump, shattering the former record. It cannot be expected that new marks will be set up with such abandon in the meet this week end. Few interscholastic meets offer such a combination of individual stars. Still, in all probability the coming meet will bring forth many a brilliant contender, and from all reports good marks will be made in most of the events.

**Entertainment Plans Made.**  
The visiting athletes will be entertained during their stay by the various campus groups. A meeting of the representatives of the different organizations will be held in the athletic office at 1 o'clock Wednesday, when the drawing will take place to decide where the various visitors will be entertained.

Plans are being made for one of the most elaborate entertainment programs in the history of Idaho Interscholastic meets. Smokers and dances will be held, and every opportunity offered for contending athletes to break training in the most pleasant and fitting manner after the meet. The campus will extend itself to the utmost to give the visitors, who may in the future uphold the honors of the Silver and Gold on track and field, a favorable impression of the campus. Everything bids fair for the greatest interscholastic of all years.

### GROUP MEET ON MAY 19

Varsity and Frosh Track Men Eligible in Intra-Mural Track Meet

The outdoor intra-mural track meet will be held Saturday May 19 on MacLean field. This meet will be one of the deciding factors in the race for all around intra-mural championship as several of the groups are on the verge of a tie. As all letter, varsity and freshman track men are eligible to compete in the meet it is expected to be a feature of the season. The athletic department has made the announcement that in order to be eligible all persons desiring to participate in the events must turn their names into the athletic department, and start training not later than Monday evening.

**Track Men Eligible**  
There being no restrictions on competition other than training for the meet the event appears as one of the most interesting intra-mural contests of the year. The nucleus of Idaho's track and field material will compete, and freshman and varsity running mates will vie for honors while representing their respective groups.

The only dope that can be secured on the comparative strength of the groups entered is from the scores of the indoor track meet held early in the spring. In this Sigma Nu and Phi Alpha Psi led the field. A great deal of new track material has since been uncovered by Coach Mathews, and the outcome of the meet is uncertain.

### TRACK SQUADS LOSE COMBINATION EVENTS

(Continued From Page One.)

Peddycord in the low hurdles. W.S.C. took all three places in the pole vault, although no one cleared the bar above 10 feet, 7 inches. Guerin of Idaho was ruled out after he had cleared the bar for third place in the event.

Idaho did not come up to expectations in the sprints, Keith taking third in the 100-yard dash, and winning the only point for Idaho in the 100 and 220. It was hoped that with Davis of W.S.C. out of the running with a pulled tendon that more points would be forthcoming in these events. Keith was handicapped with a strained ligament, however, and did not run up to form. He is Idaho's one and only bet in the sprints, in the meets to come, and it is hoped that he will show up better against Montana.

**Spectacular Two-Mile.**  
The most spectacular race of the day was the two mile event, where Williams ran neck and neck with McLeod of W.S.C. for four laps of the race, and edged the W.S.C. runner out by inches in the last twenty feet of the race. Williams, having never competed in a varsity meet, was unknown, while McLeod is admitted to be a runner of considerable ability. The outcome of the race was a pleasant surprise to the Idaho squad. The time, 10 minutes, 4.1 seconds, was fast, considering the condition of the track, and the breeze which was blowing. Idaho has a sure point winner in Williams for the rest of the season.

Casebolt of Idaho also upset the dope, taking the quarter mile from Maurer and Hopkins of W.S.C. in a walk, the time being 00.6 seconds. The W.S.C. men both are considered as among the best on the coast, and it was little hoped that Idaho would edge out more than a third in the event. Casebolt showed himself easily a superior runner, however. The outcome of this race strengthens Idaho's hopes considerably.

**Pretty 880-Run.**  
Sowder ran a very pretty race for Idaho in the half mile, losing only

## COUGAR BABES TAKE CLOSE SECOND GAME

SATURDAY CONTEST EVENS UP FRESHMAN SERIES.

Championship to be Decided by Third Tangle on Pullman Diamond Next Thursday.

The W.S.C. frosh defeated the Vandal Babes in the second game of the series last Saturday morning at Pullman, with a close score of 4 to 3, the Cougar nine bringing in their winning run in the last half of the ninth inning.

Both teams played excellent ball, dividing the honors about equally in the matter of hitting, each machine making few errors. W.S.C. poled out nine hits, while the Idaho boys were able to garner but eight. Breaks in the game favored the Cougar team, however, and it was by the error rout that they were able to score their winning run in the ninth inning.

### Pitching is Good.

Fields, pitching, and Harding, catching, for the Vandal Babes, both played excellent ball. Few pass balls were allowed through catcher. Fields held down the mound like a veteran, with men on bases, retiring the Cougars several times with a man on second and third, by the strike-out route.

Cameron and Mellin starred in the field making several difficult catches, and allowing no errors. The Idaho infield played almost airtight ball also, rivaling the varsity in their brand of play.

### Hits are Numerous.

Although hits were frequent on both sides, both pitchers remained at all times master of the situation, neither team being able to rally for more than a run in an inning. The star hitter of the day was Wallingford of W.S.C., who smacked out three neat singles with four times at bat. Idaho's hits were well scattered among the players.

The score stood 3 to 3 at the end of Idaho's half of the ninth, and an extra inning game seemed eminent, considering the manner in which Fields of the Vandal Babes had been retiring opposing batters. The W. S. C. Frosh took a lease on life, however, the first two men at bat scoring singles. The two runners were advanced to second and third respectively, by a sacrifice hit. The fourth man at bat hit a fast grounder to Lansdon on first, who fluked it, thinking it a foul ball. The runner on third, taking advantage of this break, scored, bringing in the winning run for W.S.C.

### To Decide Series Thursday.

The freshmen will play a third game with the Cougar frosh Thursday afternoon at Pullman, to decide the series. Both teams are playing close ball, and are showing exceptional ability for first year aggregations. The representatives are very evenly matched, as evidenced by the close scores in the two games played so far. It would be hard to pick a winner in the coming contest, though Coach Mathew's squad seems to show a better working knowledge of the game. Both teams boast a strong batting lineup. W.S.C. has the edge in the way of a pitching staff, having several first class freshman twirlers. If Fields shows up as well in the coming games as in the last two, the honors will be about even on the mound, however.

Coach Mathews is making rapid strides in schooling the Idaho first year men in the rudiments of the game. Coaching each game from the bench, he has the Vandal Babes playing a brand of ball which would do the varsity credit. The season thus far has been most successful, the frosh having lost but one game.

## PHI DELTA THETA ENTERTAINS MOTHER'S CLUB AT DINNER

Phi Delta Theta entertained the Moscow Mothers' club of Phi Delta Theta at dinner Sunday. About 20 guests were seated at the large table, which was beautifully decorated with cherry and apple blossoms. The guests were presented with white carnations, the flower of the fraternity, as token. Large bouquets of blossoms were also used in decorating the living room and sun parlor.

## CHORUS PLEASES CROWD WITH ANNUAL CONCERT

The annual concert given by the Moscow Community Chorus in conjunction with the University of Idaho chorus Wednesday evening in the auditorium, proved to be one of the best local talent musical treats heard in Moscow for a long time, and was well received by a crowd estimated at over 600 people. The program for the concert consisted of two cantatas, written by Coleridge Taylor using the words of Henry Wadsworth Longfellow's lyric poems, "Hiawatha's Wedding Feast," and "The Death of Minnehaha."

The chorus consisted of 75 voices, comprising the greater part of the musical talent of the city. The singers were accompanied by the university orchestra of 25 pieces, which ably executed the difficult scores of the two cantatas.

Solo parts were carried by Mrs. H. D. Martin and J. Stanton McLaughlin, both well known in musical circles in Moscow. The ensemble singing of the chorus was at all times good, and their control and freedom particularly pleasing.

The chorus was under the direction of Edwin Orlo Bangs, head of the University of Idaho department of music and vocal instructor, while the orchestra was trained by Prof. Carl Claus, also of the university musical department. Miss Isabel Clark played the accompaniment.

## STOCK FARM MANAGER PRAISES IDAHO HERD

FORMER MOSCOW MAN VISITS UNIVERSITY CAMPUS.

A. M. Ghormley Tells of Opportunities for Dairy Specialists—Starts With Humble Job.

A. M. Ghormley, manager of the three western farms of the Carnation stock farms spent a day recently on the university campus and dairy farm. The Carnation stock farms own the largest herd of Holstein cattle west of the Mississippi river. The Carnation company is the most prominent breeder of three and five gaited saddle horses as well as extensive hog raisers.

The Carnation farms paid \$106,000 for one bull, the highest price ever paid for a dairy animal. They are also the owners and developers of Segis Peterje Prospect, champion milk cow of the world with a record of 37,381 pounds of milk and 1448 pounds of butter fat for 365 days.

Mr. Ghormley is a Moscow man, his birthplace being up near the old courthouse. This is the first trip he has made back to Moscow since he left in 1902. After leaving here he went through the Tacoma grade and high schools and soon after finishing, obtained a job on one of the Seattle farms of the Carnation people.

### His First Job.

His first job was cleaning out barns at a very low wage, and although a city boy was interested in livestock and farming.

Mr. Ghormley was suggested to E. A. Stewart, owner of the farms by a Spokane man for the management of the farms at a time when it was next to impossible to get good competent help, and at the suggestion Mr. Stewart made Mr. Ghormley manager and this position he has capably filled for the past three or four years.

His visit in this section was at the request of Washington State college to appraise Holsteins at their mock sale.

Mr. Ghormley came a day early to spend some time in going over the university herd. He expressed himself as delighted in the university herd. He said that for size, he doubted whether there would be another college in the United States that could exhibit a herd of equal quality.

In the afternoon Mr. Ghormley addressed a group of students, specializing in dairy husbandry and it was with difficulty that he concluded his talk in an hour due to the many questions.

## SONGS OF GOLD RUSH TO ENLIVEN PAGEANT

WELL KNOWN AUTHORITY SENDS IN COLLECTION

Many Well Known Tunes of Popular Songs Represented by Historical Ballads

Genuine songs of the western gold rush days, from the collections of John A. Lomax of Austin, Texas, nationally-known authority on American folk lore, have been received at the university for use in the pageant of Idaho history to be presented by the students June 9, as part of the commencement exercises.

Many well-known tunes of popular songs are represented by these ballads. The songs from Mr. Lomax's collection are his original copies, many of which he has no duplicates. They include such ballads as "The Pools of '49," to the tune of "Commence You Darkies All;" "Prospecting Dream," to the air of "Susannah;" "Crossing the Plains," to the tune of "Caroline of Edinburgh;" "The Lousy Miner," to the tune of "Dark-Eyed Sailor;" "Hunting After Gold," to the air of "Combo," and "Arrival of the Greenhorn," to the tune of "Jeanette and Jeanot."

### Add Realism

While some of the verses will require editing before they can be sung in public, there will be one or two vigorous scenes in the pageant, depicting mining camps of the old days, in which the better parts of some of these rollicking old songs will add the last needed touch of realism.

One scene will depict the old Idaho City of 1863, a cluster of shacks including "The Challenge" bar, the "Jenny Lind" theatre, the "Boise News," a hotel, a restaurant, a lodge hall, a livery stable, the Wells-Fargo express office, and miner's cabins. John Hailey's stage is just leaving, with John Hailey in the box. This section of Idaho is mentioned in one of the songs of the forty-niners:

"When you arrive in Placerville or Sacramento City,

You've nothing in the world to eat, no money, what a pity; Your striped pants are all worn out, which causes people to laugh, When they see you gaping round the town like a great big brindle calf."

These songs were hastily constructed during the gold rush and have been collected by Mr. Lomax from correspondents all over the United States.

### Illinois Goes Over Big With Year's Major Sports

University of Illinois—A gross profit of \$142,000 was made on athletics at the university during the year 1922-23, according to figures announced recently. Of the four major sports, only track failed to be self-supporting.

He was asked about the development of cows with world records on their farms. He told the students of the many opportunities for men capable of handling stock farms.

## LAST OF PLAY SERIES SCHEDULED FOR MAY 11

The last of the series of plays to be given by the Varsity Players during this season will be given on May 11, at 8 o'clock in the University Hut. This year several attractively staged and acted productions have been presented and the performances of next Friday will be up to that same standard.

There are three numbers on the program. The first, "The Three Strangers", is an adaptation from Mr. Hardy by Abe Goff. The second, "Hyacinths", has been well received in the east, and the third, "The Man in the Derby Hat", is by A. A. Milne who wrote "Mr. Pym Passes By" which Mrs. Sarah Truax Albert is now presenting in Spokane.

### FROSH TENNIS MEET WITH LEWIS AND CLARK POSTPONED

The Idaho-Lewis and Clark high school tennis match, which was to have been played Saturday afternoon, was cancelled, owing to conflicting dates with the interscholastic state track meet at Pullman. A number of the Spokane racquet wielders were star members of the track team, which necessitated the cancelling of the games. No arrangements have as yet been made to play the match later.

### University of Minnesota Resumes Publication Suspended in January

University of Minnesota—Publication of the Minnesota Daily, suspended last January, was resumed recently. The paper was discontinued in an effort to bring about a blanket tax proposition requiring every student to pay 50 cents each quarter toward the Daily. The campaign was successful and publication was once more resumed after 6000 students had signed the petitions. The paper now has a circulation of 10,000, the largest it has ever claimed.

University of Miami—A machine for measuring emotions was recently added to the equipment of the psychology department here. The apparatus is an invention devised several years ago by a Harvard professor.
