

# Athletes Are Welcomed To Campus For Eleventh Annual Interscholastic

## COLLEGE OF IDAHO PRESIDENT NAMED FOR COMMENCEMENT

Dr. William J. Boone to Deliver Baccalaureate Sermon at University Graduation Exercises—Is Real Pioneer of Education in Idaho—Governor Moore and Senator Rockwell Coming.

## TAKES BOISE DEAN'S PLACE

Pastor Presbyterian Church at Caldwell Consents to Make Address.

Final arrangements for the commencement week program of the University of Idaho have been announced. The baccalaureate sermon will be preached Sunday, June 10, by Dr. William J. Boone of Caldwell, founder and president of the College of Idaho. The commencement exercises will be held the next day with the principal address by Prof. Edmond S. Meany, head of the history department at the University of Washington and one of the most prominent authorities on northwest history.

Governor C. C. Moore and Irwin E. Rockwell of Bellevue, president of the board of education, have also consented to give brief addresses to the graduates. President A. H. Upham of the university will confer the degrees.

### Graduate 165

The university will this spring graduate a class of 165. Included in this group will be 17 recipients of masters' degrees. This will be the first time that the number of graduates will exceed the hundred mark.

Other important events on the commencement week program will be the historical pageant on the evening of Saturday, June 9, and the dedication of the Mary E. Forney hall, prior to the commencement exercises, June 11. Elaborate plans are also being made for the gathering of the alumni who will among other things consider a plan for the building of a memorial gymnasium to the university men killed in the World war.

### Unable to Attend

Dean Paul Roberts of St. Michaels cathedral at Boise, was originally announced as baccalaureate speaker but he was compelled to cancel his engagement and Dr. Boone, who is one of the real pioneers of education in Idaho, consented to preach the sermon. Dr. Boone, who is also the founder and pastor of the Presbyterian church at Caldwell, started the College of Idaho, October 7, 1891.

With the graduating class the largest in history and with excellent commencement speakers and with the historical pageant coming as the principal entertainment feature the commencement program at the university this year promises to be the most interesting in years. It is believed that more alumni and friends of the graduates will come to the graduation program this year than ever before and arrangements are being made to accommodate them all on the campus if possible.

## Plans Made for Entertainment Track Men

Plans for the entertainment of the visiting high school track men have been carefully and thoroughly made, and every minute of their time after the tournament will be taken up by amusement of some sort.

Friday evening they will be dinner guests of the women's group houses. After this, the university has invited them to the plays which will be given in the auditorium by the Varsity Players. Contestants' badges will admit them to this entertainment.

There will be an all-college, all-high school dance given afterward in the gymnasium. This will be a no-date affair, and it is hoped that every track man will attend. Snokers, dinners, and breakfasts have also been planned for the entertainment of the visitors by the different men's groups.

## SINGERS PROVE WORTH IN EXCELLENT CONCERT

The University of Idaho girls' Glee club made a decided hit with its clever and very much worthwhile home concert in the auditorium Wednesday night. Each number was a feature in itself. The ensemble work was excellent and there was a real volume, a well rounded and complete harmony in all of the chorus numbers. The perfect enunciation of the songs was a pleasing feature.

Miss Florence Selby was enthusiastically received on account of her soprano solo. Miss Helen Woods displayed real talent as a solo violinist and Miss Marian Evans in her piano solo and work as accompanist merited the enthusiastic appreciation of the crowd. The Toy Symphony was a clever number and the trio number by Florence Selby, Luella Kirkendall, and Demerise Ebbly, was a feature. "Songs of Long Ago," featuring Louisa Martin as soloist, was a feature number.

The new Idaho song, "Idaho Ever to Thee," by Louisa Martin, was well introduced by the club and promises to be one of the most popular of Idaho's splendid songs. Prof. E. O. Bangs, head of the department of music, has developed in the first girls' Glee club an organization of which the University of Idaho may well be proud and an organization which has set a remarkably high standard for the years to come.

## ORATORICAL CONTEST HELD HERE MAY 25

ABE GOFF SELECTED AS UNIVERSITY ORATOR

Tri-State Event With Oregon and Washington—Idaho Men Take Previous Prizes.

The Tri-State Oratorical contest will be held in the university auditorium the evening of May 25. One contestant from the University of Idaho, the University of Oregon, and the University of Washington will be entered. The contest is an annual event and the first prize is \$100 in cash.

The orators are judged on both manuscript and delivery. Manuscripts are judged ten days before the contest by three judges who will be picked at Seattle. The decision of the manuscript judges will be presented the judges of delivery at the contest.

### Goff Represents Idaho

Abe Goff of Walla Walla will represent the University of Idaho. He was picked by Debate Coach Lewis A. Harding after the tryouts last week. C. R. Lindstrom and Everett Erickson were selected as alternates. The subject of Goff's oration will be "Discontent."

The Tri-State oratorical contest has been won by Idaho for the last two years. Ralph "Bunt" Brashears won the contest at the University of Oregon in 1921 and Rex Kimmell won the contest at the University of Washington in 1922.

## CO-ED EDITION ON MAY 18 TO CARRY UNIQVE FEATURE

The ideal girl and the ideal man will appear side by side in The Co-Ed Argonaut on Friday, May 18. Whether her hair will be bobbed or long, whether she will be tall or short is still a matter of conjecture, but one thing is certain, she will not be frivolis. He may be dark or he may be light, but he must be a good dancer. This accumulation of opinions of experts or rather connoisseurs promises to be very enlightening.

## DEAN O. P. COCKERILL SUBMITS RESIGNATION

HEAD OF IDAHO COLLEGE OF LAW TO NORTH DAKOTA

For Four Years Here—Announcement of His Decision to Leave Comes as a Distinct Shock.

O. P. Cockerill, for four years dean of the University of Idaho college of law, has resigned to become dean of the law school of the University of North Dakota at Grand Forks. The resignation of Dean Cockerill was announced at the recent meeting of the state board of education and comes as a distinct shock to the law students and his friends at the institution. The North Dakota deanship carries with it a handsome increase in salary over that offered by the University of Idaho.

During his stay here the Idaho law college has attained a high rating. The matter of appointing a successor will be difficult but the university is striving to secure the best possible man to continue the work.

### \$150,000 Law Building

Dean Cockerill will take charge of the North Dakota law school just after it moves into a new \$150,000 law building. Before coming to the University of Idaho he was professor of law at the University of Washington law school.

Under the guidance of "The Dean" the University of Idaho college of law has increased its enrollment and at the same time the standards of the college have been raised. The college of law students use the "honor code." As a member of the American Association of Law Colleges the Idaho college ranks right along with the best in the United States.

Dean Cockerill is one of the most popular members of the faculty. His interest in Idaho athletics has endeared him to every Idaho student and the college of law students have a genuine affection coupled with the most wholesome respect and admiration for "The Dean" as a Dean, instructor, faculty member, and friend.

## CAMPUS DAY COMES WEDNESDAY, MAY 16

MORNING DEVOTED TO REPAIRS AND IMPROVEMENTS.

Electrical Engineers to Erect Search-Light to Turn on Ad Building Clock.

Campus Day, annual cleanup and improvement day, will be held Wednesday, May 16, according to the announcement of President Lynn F. Hersey. The morning, from 7 o'clock until noon, will be spent in general campus improvement and cleaning, and the afternoon will be given over to a matinee dance instead of the customary crowning of the May queen.

This year, in addition to the regular program of repairs, there will be many improvements made on the campus. Foremost among them is the erection of a lamp post in front of the Ad building by the electrical engineers. They will mount an X-ray lamp on this post to throw a beam of light on the Ad tower clock.

### Cannons Chained Down

Cement bases will be built for the cannons. The guns will then be chained to the retainers, to prevent the moving of these war relics to other parts of the campus, or to parts unknown.

The bleachers on the athletic field are to be painted and repaired, to get them in readiness for the pageant. All washouts will be filled in, and other general repair work on the field will be done by the engineers.

### New Tennis Court

The tennis courts will be worked over, fences around them repaired, and the old asphalt court, which was torn up last Campus day, will be converted into a clay court.

Another project is the removal of the old cottonwood trees in front of Lindley hall. Campus sidewalks will be repaired, bricks will be placed along the outside of the cinder ones, the windbreak will be hoed, and the other items of general cleanup which are carried out every year will again

(Continued on Page Two.)

## HIGH SCHOOL TRACK MEN HERE FOR STATEWIDE MEET FRIDAY

Preliminaries and Finals Will Both Be Run Today Because of Unsettled Weather Conditions—Rains of Past Week Make Track Slow and Heavy, Which Will Cut Down the Time.

## INTER-HALL COUNCIL APPROVED BY FACULTY

The Inter-Hall council, an organization composed of representatives of the various dormitories, cottages, and non-fraternity groups on the campus, was officially recognized by the faculty at its last meeting.

The purpose of the organization is to promote the best interests of the university and the non-fraternity men and women. It is also planned to allow the non-fraternity men down town to organize and send representatives to the council.

At the first meeting Stanley Siegfus was elected president, Miss Margaret Mims, vice president; and Miss Mary Hunt, secretary. The representatives are James Chapman, Leo Fleming, C. Walsdorf, and Stanley Siegfus from Lindley; the Misses Hunt, Brown, and Wolfe of Ridenbaugh hall; Miss Mims of Center cottage and Miss Cassy of Jenkins; Dean French, Miss Sharp, Prof. Kirkham and Mr. Jenkins.

## DEAN FRENCH TO SPEAK AT CHRISTIAN ENDEAVOR MEET

Dean French will speak to the young people of the Christian Endeavor society of the Presbyterian church on Mother's Day next Sunday evening at 6:30. The entire meeting will be given over to a commemoration of Mother's day. There will be flowers and special music. All university students have been invited.

## STUDENT HANDBOOK NEARS COMPLETION

SILVER LANCE HAS CHARGE OF A. S. U. I. GUIDE

Will Contain Many Items of General Information Not Covered in Catalogue.

The student handbook, published for the first time under the authority of the A.S.U.I., will be ready for distribution early next week. The final work is being done on the copy by the printers, and it will be bound Saturday.

The booklet is being handled by the Silver Lance, honorary senior men's organization, under the authority of the student body. In past years the publication has been handled by individuals, on a commercial basis, but this year it will contain no advertising, and the A.S.U.I. will finance the printing.

### Will Fill Real Need.

Such a book, under competent management, will fill a long felt need. There are certain things that an annual or a university catalogue never covers, and it is information of this kind that the book will contain. There will be a well worked out list of Idaho traditions and customs, songs, yells, an athletic calendar for the coming year, the A.S.U.I. constitution, and much information of general interest. The book will contain 48 pages.

It will be distributed free of charge to all students this year, and to incoming freshmen next year, as a general guide of information.

## INTERCOLLEGIATE KNIGHTS GET TOOLS FOR CAMPUS DAY

All persons who will loan tools for the annual Campus day activities are requested to call Paul Harland at phone number 176. The Knights of the Ball and Chain are in charge of procuring the implements for the general cleanup and campus improvement. The Knights guarantee the return of all tools and the owners are insured against breakage.

## MORE THAN 75 ARE ENTRIES

Visitors to Be University Guests at Plays and Dance in Evening.

More than 75 of the leading high school athletes of the entire state will compete for honors Friday afternoon in the annual high school interscholastic track meet. The meet will be called at 2 o'clock sharp, and the events will be run off with the least possible delay in order that the schedule may be completed during the one afternoon.

The meet was originally planned for Saturday, with the preliminaries Friday afternoon. The unsettled weather conditions however make it seem advisable to run the meet off Friday, in case rain or wind may make it necessary to postpone the meet until the next day.

### Ranking Tournaments Held

Ranking tournaments have been held throughout the state to determine the eligibility of the various high school stars to compete in this statewide meet. The men who will appear here Friday are those who have taken first or second places in their several districts, in competition against all the schools in their territory. The contestants appearing on MacLean field today, will therefore, be the cream of the track material of the entire state.

Every effort has been made to put the track in the best of shape preparatory for the meet. The unlooked for showers of rain during the past several days have done much to undo the work of the athletic department in this respect however. Work of raking the track, leveling and rolling is being diligently prosecuted in an effort to have the best possible running surface.

### Track Will Be Slow

With the best that can be done however, the track will be damp and heavy for the meet, and this cannot but have the effect of slowing down the time. The field is also soft in spots, and the best results cannot be expected from the field events.

Taking these things into consideration it cannot be expected that this meet will be as successful from the standpoint of setting new records as was last year's interscholastic. Judging from the records of the men competing here fast time will be made in several events, however.

Most of the competing athletes are

(Continued on page three.)

## WHITMAN COLLEGE NINE TAKES BOTH GAMES FROM UNIVERSITY

Missionaries Hit When Hitting is Good in Two-Game Series Here—Bunched Clouts Responsible for Victories by Visiting Team—Twelve Inning Battle is Big Feature of Contests.

## VANDALS LOSE OPENER 9-5 SECOND AFFRAY WON 6 TO 3

Take Advantage of Fortune Presumed to Come From Religious Training.

Idaho's baseball nine lost the first game of the home series with the Whitman team on the Fair Grounds diamond Wednesday afternoon, by a score of 9 to 5, the breaks of the game going very much against the Vandal nine throughout the contest. Both teams hit the ball hard, netting seven clouts apiece, but the visitors were able to bunch their accomplishments in this line, while Idaho men scattered theirs out throughout the game, being unable to rally in any particular inning for more than two runs.

Two Innings Fatal. Eddy, pitching for Idaho, worked well with the exception of the fourth and the seventh innings, when he allowed himself to slip into the hole, and was unable to pull out until the Missionaries had scored runs which proved fatal to the Silver and Gold prospects. In the fourth inning Eddy walked two men with none down. A sacrifice hit by Yenny advanced the runners to second and third respectively, when a clean single by Matsumo of Whitman scored them. Again in the seventh the Idaho twirler walked the first man. The second

After having tied the score in the ninth inning when Cobley knocked out a home run, Idaho lost the second game to Whitman on MacLean field Thursday afternoon, 6 to 3, in the twelfth inning. The game was the most bitterly contested of the season and it was only after 12 innings of grueling baseball that Whitman was able to salt the contest away.

Bob Fitzke pitched splendid baseball with an enviable strikeout record for the season of 19 men. His speedy and game twirling should have resulted in a victory. Fitzke was also the premier hitter of the afternoon with four hits and a base on balls in five trips to the plate. He hit for a perfect average of 1000 percent.

Tsuda Wins Game. Tsuda, Whitman's right fielder, was directly responsible for Whitman's victory on account of his fielding and his home run in the twelfth frame. Tsuda robbed Klefner of a home run and Idaho of victory in the tenth inning when he made the most brilliant and difficult catch that has graced the Idaho diamond. Klefner clouted the ball far over the Whitman fielder's

(Continued on page 2)

## Florence Graves Elected Women's League Prexy

Florence Graves of Sandpoint was elected president of the Women's League, the women's self governing association, at an election held Wednesday, May 9. Miss Graves is a junior in the university and has spent her three years at the University of Idaho.

Myra Armbruster of Moscow was named vice-president; Mary McCallum of Coeur d'Alene, secretary. Ruth Hawkins of Emmett and Maude Carland of St. Maries tied for secretary of the exchange bureau. It is probable that a special election will be held to determine the holder of this office. Fairy Sanger of Payette was elected secretary of the point system and Mary Isabelle Vassar of Lewiston, treasurer.

Considerable interest was taken by the women in the annual election of officers for the coming year. The largest vote in the history of the Women's League was cast and all of the offices were closely contested for. There were three candidates for each office.

### DEAN COCKERILL.

The loss of Dean Cockerill will be felt next year. In his four short years at Idaho he has made a place for himself that will be hard to fill and the college of law men will receive the news of the Dean's resignation with keen disappointment. The Argonaut can pay no tribute to Dean Cockerill. He has paid the tribute to himself with his work here. The Argonaut editorially simply quotes from the news story on Dean Cockerill's resignation. The following is not an editorial; it is a plain statement of facts: "Dean Cockerill is one of the most popular members of the faculty. His interest in Idaho athletics has endeared him to every Idaho student and the college of law students have a genuine affection coupled with the most wholesome respect and admiration for "The Dean" as a Dean, instructor, faculty member and friend."

### WHY NOT ALWAYS

The lawyers paid a nice compliment to John P. Gray at assembly Wednesday. The compliment was that the lawyers occupied the front seats of the auditorium. Why in the name of Willie Keeler and the great blue mud cows of the Saskatchewan can't this same compliment be paid to all our assembly speakers and incidentally to ourselves. If you are really interested in hearing the very much worth while assembly addresses, why not come down in front where you can really hear.

Speaking of John P. Gray The Argonaut can somehow imagine at least one or two faculty members say "You can bet that he was a student in college." And the faculty members are right, because his study and his work and his initiative, coupled with his ability, have made him the greatest mining lawyer in the western states.

### THE INTERSCHOLASTIC.

Make the Eleventh Annual Interscholastic Track and Field Meet as much a success financially as it will be from a track and field standpoint. It's up to you. If you haven't purchased your ticket you are not only going to miss out on a great exhibition of remarkable ability, but you will also be throwing down an opportunity to help your university.

The University of Idaho students will support the Interscholastic. Everybody will be out for the meet. The visiting high school students will find in the university just what their dreams of college life have been. To the high school men, the University of Idaho is tickled to death to have you here. Ask all the questions you want to about your work here next year. The University is yours.

## PROSPECTS LOOK GOOD TO WIN MONTANA MEET

### FIFTEEN TRACK MEN LEAVE FOR MISSOULA THURSDAY.

Idaho Cinder Artists in Far Better Condition Than at Time of W. S. C. Meet.

Fifteen men of the University of Idaho varsity track squad left at 4 o'clock Thursday afternoon for Missoula, Mont., where they will meet the University of Montana cinder artists Saturday afternoon.

With the exception of several minor injuries the men are all in the best of condition, and it is expected that they will make a much more favorable showing against the Grizzlies than they did against the W.S.C. team in the meet at Pullman last Friday. No authentic information has been available as to the material at Montana, but from all reports the team there is not nearly so strong as the W. S. C. aggregation.

### Idaho Should Place.

Idaho fully expects to take places in all the runs, Casebolt being figured as a sure point winner in the quarter mile, a swell as a fair bet in the sprints, with Williams a sure thing in the two mile, Sowder good for the half, and Keith a point winner in the sprints.

There have been a few changes in the lineup which will tend to strengthen the Idaho squad, it is thought. Captain Penwell will be entered in the mile and two mile, instead of the mile and the half, it is expected, while Brady, who has been running the two mile will be entered in the mile only in this meet. Penwell was suffering an off day last Friday, and lost to Leslie of W. S. C. in the mile. It is not expected that competition in this event will be so keen at Montana and better results are expected from the veteran miler. Brady is better adapted for the short distance races than for the two mile run it is thought.

### Two Miler Injured.

Williams has been suffering from a strained leg tendon during the past week, which may hinder him some-

what in the two mile Saturday. His condition has been much improved during the last two days, however, and it is hoped that he will be able to run up to form.

Sowder also has had some trouble with his legs since the W.S.C. meet, but his condition has also improved. With no half miler of formidable reputation opposing him at Montana it may be expected that he will carry away first in that distance.

### Sprints Look Better.

Keith, who was not in the best of condition for the meet last week, has been rapidly rounding into shape and may be expected to make a better showing against the Grizzlies than he did against the W.S.C. sprint men. It is certain that Idaho will win more points in the 100 and 220 yard dashes than against the Cougars, since Montana has as yet disclosed no sprint men of exceptional ability this season.

Idaho should, taking all things into consideration, take at least one first, and possibly two in the sprints, with perhaps a second or a third besides. She should take first place in the quarter mile, and in all probability a first in the half mile. In the mile the Silver and Gold should garner a first and at least a third. In the two mile Williams may be counted on for a first, unless he suffers more than is expected from his injury, while Penwell, if entered, may be expected to take either a second or a third.

### Weaker in Field Events.

In the field events Idaho will not make a good showing. Guerin and Walker will be able to take points in the pole vault no doubt, while Quinn may be expected to place in the weights, but as none of these athletes are getting record breaking marks their points are by no means sure.

The hurdles will be in doubt, since none of the Idaho hurdle men showed any exceptional ability last Friday. Montana has not as yet disclosed her material in this line, so nothing can be said as to the outcome of these races.

### Idaho Should Win Meet.

Taking everything into consideration, Idaho should win the Montana meet by a neat margin, although many of the events will be closely contested.

The men who are making the trip are Keith, Powers, Pollard and Casebolt, for the sprints; Casebolt and Pollard for the quarter mile; Sowder for the half mile; Williams, Penwell and Brady for the distance runs; Cobby and Powers for the hurdles; Walker, Guerin and Cobby for the jumps and pole vault; Huddleson for the broad jump; Quinn and Nicholls for the weights and javelin. Hill-

Mr. Gray urged the mining students to become familiar with mining law and the law students to familiarize themselves with mining conditions and practices.

### VANDALS LOSE FIRST GAME WITH WHITMAN

(Continued From Page One.)

man at bat went to first on a fielding error on Eddy. The second and third men at bat slapped out clean singles. Before the visitors were retired they rang up four runs.

Idaho fought gamely to retrieve her broken fortunes, but the team was unable to pile up any number of hits in any one inning. In the last of the eighth, the score standing eight to four, things brightened momentarily for the Idaho nine. With one man down Lawson was walked. Stivers, Cobley and Fitzke each rapped out a neat single. Lawson was able to score, but Stivers and Cobley were each cut off at third. This ended Idaho's last and only rally.

**Whitman Hits Count.**  
The Vandal nine played tighter ball than the visitors, making but four errors as against Whitman's seven. The hitting of the Idaho team was equal to that of the visitors, each ringing up seven hits. The secret of Whitman's victory lay in the fact that her team was able to group its hits, slapping the ball into the pastures whenever a run was needed, while Idaho seemed to be unable to lay a bat on the ball at any opportune moment.

During the past few games the Idaho nine has played a good brand of ball, making few errors and many snappy plays. The team has been weak on hitting throughout these later games. Every man on the team seems to be suffering from a slump in the hitting line. Should the team ever jar loose, and start hitting the ball, all the same day, Idaho has a machine of conference championship calibre.

Score by innings:

Next door to Cash Grocery  
127 East Third St.

The hit looked so good that the crowd was unable to believe that Tsuda had actually caught the ball. Tsuda certainly saved the day for Whitman. The more partisan members of the crowd believed that the "angel on his shoulders" was responsible but, regardless of the element of pure unadulterated luck, great catches are made by men who are after them and Tsuda made a great catch.

**Idaho Scores First.**  
Idaho scored first in the second inning. Edwards reached first on an out at second base. Hillman worked Rich, Whitman moundsman, for a pass to first base and both men were scored on. Fitzke's noble two base drive. In the third inning Walther was pushed across for Whitman's first counter on straight hitting. In this inning Edwards made a pretty peg to home in time to stop Tsuda from scoring. "Flip" Guiranello made a pretty catch and tag of Tsuda at the plate.

In the fifth inning Whitman jumped into a one run lead by putting across two runs. Rich walked to first and went to second on Tsuda's hit. A double steal advanced both men and both men scored on Dean's two base hit.

**Cobley Cloms Homer.**  
Idaho players battled hard to even up the count until the ninth. Cobley opened the inning by clouting out a long drive to deep center field which he stretched into a home run. Whitman went down in one, two three order in the tenth inning and Idaho would have won the game in the tenth except for Tsuda's catch. It was in this frame that the Whitman right fielder grabbed Kleifner's long drive. Lawson clouted out a single and went to second on a wild pitch but the following batters were unable to score him.

In the eleventh inning Whitman threatened to score. Ward hit safely, stole second base and went to third on the throw that went wild. Rich clouted out a liner to Lawson at third base and Idaho's dependable third sacker saved the day with a pretty catch for the third out that retired the side.

That horrible twelfth inning. Tsuda opened with his home run. Dean hit safely and scored on Knudsen's three base hit and Knudsen scored when Matsumu hit safely. Fitzke again hit safely when he opened the inning for Idaho at bat, but Rich, the clever Whitman moundsman, fanned the next three batters

### HIGH SCHOOL TRACK MEN HERE FOR MEET FRIDAY

(Continued from Page One.)

rived in Moscow, early in the week, in order to recuperate fully from trips from distant points. Most of the contestants have had the opportunity of working out on the track and familiarizing themselves with the field.

The visiting track men are being entertained at the various fraternity houses of the campus. Every group is extending itself in order that the high school men may be royally entertained. During this entire week-end the school is theirs. Friday night, following the meet, the high school men will be entertained at dinner by the women's houses on the campus. In the early evening they will attend the college plays to be given in the auditorium, as guests of the university. Following this they will attend the all-university dance to be held in the gymnasium.

### Special Affairs: Arranged

Every house on the campus is planning special entertainment for the high school under men, in the form of smokers, dinners, and breakfasts in order that no time may be lost from the business of celebrating the end of the track season. The entire weekend following the meet will be a busy one, if the men are to enjoy all of the numerous features offered for their amusement.

It is imperative that the interscholastic meet prove a success financially if it is to continue as an annual institution on the Idaho campus. It is hoped that the meet will receive the fullest support of the student body and the townsfolk, for this reason: "I" men were excused from classes all day Thursday to sell tickets for the affair, in an effort to put the project across. A close check will be kept upon the gates during the meet.

**Letter Men Busy**  
"I" men will officiate in the capacity of police, ticket sellers, starters, and rubbers. Everything will be done to make the meet go off as smoothly as possible, and the high school men have as little trouble as possible in finding their places and events.

The complete list of entries, with the towns they represent, follows:

50 yard dash—Long, Rupert; Turley, Jerome; Gamble, Orofino; Myklebust, Troy; Calvert, Lewiston; Casebolt, Genesee; Bird, Sandpoint; Ross, Kellogg.

100 yard dash—Turley, Jerome; Long, Rupert; Gamble, Orofino; McCully, Kooskia; Calvert, Lewiston; Casebolt, Genesee; Mullan, Coeur d'Alene; Ross, Kellogg.

220 yard dash—Long, Rupert; Turley, Jerome; Goodwin, Kooskia; Miles, Culdesac; Cattermole, Lewiston; Mullan, Coeur d'Alene; De Graff, Sandpoint.

## IDAHO TENNIS TEAMS MEET WHITMAN STARS

RACQUET WIELDERS TO PLAY FRIDAY AND SATURDAY

Prescott, Herrington, and Ken Hunter on Men's Squad—Rudisell, Hunter and Thompson.

The University of Idaho varsity tennis team will open the season Friday afternoon at Walla Walla against the highly tutored Whitman college team. The Idaho squad left Thursday in automobiles for Walla Walla. Friday will be spent in the playing off of the single matches and Saturday the double matches.

Whitman is usually considered a strong contender for the Northwest championship, and this year, according to early reports, the Missionaries have one of the strongest aggregations of racquet wielders in years. Captain Bob Bratton of the Whitman team and star of last season's squad has already been bested this year by another member of the squad, Joy Williams, who defeated the leader for the championship of the round robin tournament held there. These two men are expected to cause the Idaho wielders the majority of the trouble. Art Douglas, the third member of the Whitman men's team, is also reputed to be clever with the racquet. Margaret Sellars and Thelma Leonard will represent the women's team.

### Idaho Teams Strong.

The Idaho men's squad, composed of Dan Prescott, Curt Herrington and Ken Hunter are a well balanced organization. It was expected up until the last minute that Hunter would be ineligible to play, but he was annexed to the squad in the final minute. The women's squad also has some excellent material in Joanna Rudisell, Beatrice Hunter and Mary Thompson. Goldstone, one of Idaho's foremost tennis stars, is ineligible for varsity competition.

A victory over the Whitman aggregation would make the Idaho squad stand out as one of the fastest outfits in the Northwest. Twice last year the Whitman squad triumphed over Idaho, once in the Northwest tournament held at Pullman and the other on the Idaho courts. A victory over their strong aggregation this

year would even matters up. Nine matches will be played in the meet. Friday three matches of men's and women's singles will be played off, while on Saturday men's and women's doubles as well as the mixed doubles will be played.

## FROSH TASTE DEFEAT AT PULLMAN THURSDAY

SLUG FEST BY W. S. C. YEARLINGS WINS 15 TO 4.

Bad Weather Plays Hayoc With University Hopefuls—Fields Knocked From Box.

The University of Idaho freshmen lost their second straight game to the Washington State frosh Thursday afternoon at Pullman 15 to 4. The game started in as a slug fest with Pullman sending two frosh hurlers to the bench. Poor weather conditions played havoc with both teams, Idaho especially fielding poor and playing an all around loose game.

Fields started the contest for the Idaho frosh, but was removed in the third, Payne replacing him. The Cougar Babes also slaughtered Payne's offerings, and in the sixth Fields again took the mound for the frosh. The rest of the game Fields hurled good ball holding the W.S.C. nine scoreless.

### Mellin Drives Homer.

Three homers were hammered out during the game. Shelby, the first W.S.C. man up, clouted a circuit drive out into deep center. Again in the second the Pullmanites scored a homer, Henry driving the ball into right field. Mellin of Idaho scored the third homer of the day in the third inning. With Payne on second he drove out a pretty drive being responsible for Idaho's two runs in the third.

In the ninth the Vandal yearlings started a rally when Bucklin, batting as a pinch hitter, drove out a three-bagger, scoring Harding ahead of him. The Cougar outfit then settled down and stopped the Idaho attempt to rally.

### Score by Innings:

	R	H	E
Idaho	012	000	001 4 4 7
W. S. C.	344	202	000 15 16 3

Batteries: Fields and Payne, Idaho; Sandal and Henry, W.S.C.

## GRAY URGES STUDENTS TO UPHOLD TRIBUNAL

PROMINENT MINING ATTORNEY IDAHO ASSEMBLY SPEAKER.

Defends United States Supreme Court from Criticism on Recent Important Decisions.

If there is anything in our government thoroughly American it is the imposition of constitutional limitations upon our legislatures and officers," John P. Gray of Coeur d'Alene, prominent mining lawyer, told University of Idaho students Wednesday morning at the regular weekly assembly. Mr. Gray defended the supreme court of the United States from recent criticism on recent decisions in that the supreme court again protected the rights of citizenship and the right of the state to legislate on local matters.

"It seems to me that we hardly know enough about our governmental institutions," he said in speaking of the United States supreme court, its history, its authority, and its duty. "We have conferred upon congress the right to legislate and govern certain of our activities with certain limitations. Some tribunal is necessary to define what these limitations are and when congress, legislating for the general government, exceeds them. The written constitutions of the state control and limit the powers of the legislature and the executive officers.

### Protects State Rights

"Federal legislation left to the states by the constitution has been declared void by the supreme court and the limiting of the rights of citizenship has been held unconstitutional by the supreme court.

"There has been one decision of the supreme court that has been greatly criticised. It is the decision holding unconstitutional the act placing a tax on the income of factories and companies using child labor. The prohibition of child labor is splendid but the right to prohibit child labor in factories is held by the states for local control. There is no provision in the constitution for congress to acquire control. The statute was not declared unconstitu-

tional because it was bad but because it was an infringement on state rights.

### Citizenship Guaranteed

"Who is to protect the rights of American citizenship if it is not the supreme court. Another decision criticised was the decision which declared a minimum wage for women in the District of Columbia unconstitutional because it violated the contract clause of the constitution. The act in itself was a good act but it violated the right of women to contract with the same freedom with which men contract with each other. "Uphold the action of the supreme court in holding congress to the spirit of the constitution. A most useful and beneficent power has been placed in the hands of the supreme court. You cannot maintain the constitution unless you maintain the supreme court."

## THREE ONE-ACT PLAYS BY VARSITY PLAYERS

HIGH SCHOOL MEN GUESTS AT SPLENDID PRODUCTION.

"The Three Strangers" is Original Play by Abe Goff—Last Appearance for Three Actors.

One of the special features in the entertainment of the high school track men will be the presentation of three plays by the Varsity Players in the auditorium, Friday evening at 8 o'clock.

On the program will be "The Three Strangers," by Abe Goff, "The Man in the Bowler Hat," by A. A. Milne, and "Hyacinths." Goff has written several good plays since he has been a student at Idaho and "The Three Strangers" is a sure-fire winner. The student body is already familiar with some of Mr. Milne's work and should need no introduction to the comic situations of which he is a past master.

For three of the cast, tonight will be the last appearance before a university audience. Rex Kimmel, Phil Buck, and Clayton Hoover have delighted Idaho audiences for four years and the university stage will miss much when these men graduate this spring.
