

INTERSCHOLASTIC IS BIG SUCCESS; LONG IS HIGH POINT MAN

The Lord Helps Those Who Help Themselves--Do You Want A Gym?

ELEVENTH ANNUAL CLASSIC WON BY BOISE HIGH SCHOOL

Rupert Takes Second Place With 27 Points, Lewiston Athletes Win Third Honors and Twin Falls Men Carry Away Fourth Place; Contest Between Southern Schools Interesting.

880 YARD RUN FEATURES

Brown of Payette with Final Spurt Barely Noses Out Hackaday of Rupert

(BY ED FUNK)

The eleventh annual interscholastic track meet, held on MacLean field last Friday afternoon, was one of the most successful in recent years, two new state records being set up in spite of the slowness of the track caused by the recent rains. The meet went off without a hitch, the excellent management being evidenced by the fact that but two hours and ten minutes elapsed between the calling of the first event and the presentation of the cups following the completion of the afternoon's schedule.

Boise won the meet with 31 points. Rupert, favored as the winner, took second place with 27 points. Lewiston was third with seventeen points, and Twin Falls, fourth, with 11 points.

Cleaver Smashes Mark

Cleaver, the sixteen year old miler from Caldwell, running against more experienced men from larger schools, made for himself a place in interscholastic history when he lowered the former record for the mile by over two and a half seconds, setting up a new state mark of four minutes, 44.3 seconds for the distance. Cleaver led the field throughout the entire race, not being pushed during the entire distance. His time was slow in the third quarter of the race, and he looked back several times, seeming at no time to be extending himself. Finishing with apparently plenty of reserve, it seems probable that had the competition been keener the time would have been faster than that actually made in the race.

Kyle of Kootenai, taking the high jump at the height of 5 feet, 9.6 inches, set up a new state mark in that event. Here again the winner had no real competition, making his high leap in

(Continued on page four)

PROFESSIONAL GROUP INSTALLS ON CAMPUS

Alpha Kappa Psi, national business fraternity, was installed here Friday evening by E. R. O'Neil, H. Wiedeman, and L. C. Whitcomb, members of the University of Montana chapter of the organization. The group installed was Alpha Sigma Gamma, local honorary fraternity in the curriculum of economics and business.

The admission of the Idaho society to so widely recognized and important a national honorary as Alpha Kappa Psi comes as a distinct honor to the Idaho group. Founded in 1904, at New York University, Alpha Kappa Psi is the oldest and largest business fraternity. At present there are thirty-five active chapters and five alumni groups. Its purpose is to maintain the highest standards in business, and to give its members the advantages of group cooperation in carrying out these ideals. Every large university on the Pacific Coast has a chapter of the fraternity.

Members of the recently installed Idaho chapter are Professors Dale and Schoonover, William Briscoe, Walter Casebolt, George Dean, Al Fox, George Gahan, Bill Gardin, Jack Hasfurther, Clare Lowe, Ade Nelson, Cecil Nordby, Eugene Ostrander, and Eugene Zachman.

W.S.C. TENNIS PLAYERS TO MEET IDAHO FRIDAY

The Washington State college men's tennis squad will open its season here Tuesday afternoon when the Cougar stars meet the Idaho men in three sets of singles and one set of doubles.

The Cougars have practically a team of "rookies," all of last season's first string men having graduated. With these prospects in view the outlook

(Continued on Page Three.)

University's Big Historical Pageant Named "The Light On The Mountains"

"The Light on the Mountains" is announced as the name of the pageant of Idaho history which will be presented by university students the night of Saturday, June 9 as the most spectacular feature of commencement exercises.

This "light on the mountains" is "E-dah-ho", from which the state takes its name. It appears repeatedly in the pageant as a part of the elaborate lighting effect which will be a feature of the presentation. A night performance was decided upon to make this possible. Six immense searchlights, supplemented by flood lights and automobile lights, will be employed.

When the light first shines on the hilltop, revealing the gigantic figure of a motionless horseman, a medicine man at a campfire thus interprets the vision:

"You have seen the magic vision. "Seen the dancing Indian spirits, "Seen the Light upon the Mountain, "Seen the dreadful Sky-magician."

"E-dah-ho, the sky-magician." Appearance of the light is taken as prophesy of the appearance of Lewis and Clark, whose entrance into Idaho is depicted in the first part of the pageant. In part two, trader and trapper are represented--the trader by

David Thompson, who is shown trading with the Indians at Kullyspell house in 1809, and the trapper by John Reed, on the Boise river in 1812.

Two missionary scenes are introduced--one showing Henry H. Spalding at Lapwai in 1836, and the other, Father DeSmet at the Mission of the Sacred Heart, in 1842.

The pageant is composed of a prologue, prologue, three episodes, two interludes, and a finale. The first interlude depicts a scene on the Oregon trail in 1852. Then comes the episode of "gold", presenting scenes on the Clearwater and in the Boise Basin depicting the old Idaho City and the vigilantes, and introducing such characters as Moses Splawn, George Grimes, John Halley and Governor W. J. McConnell.

Interlude two brings in the cowboy. Then comes the "Epic of the Nez Perces," in three scenes, followed by the finale depicting symbolically the present, past and future. The dance of the waters, the dance of the mining gnomes, the dance of the spirits of the timber, and the dance of agriculture suggest the present resources of the state. Past and present pass in procession and then comes "the future", with Education the guide.

Campus Day Comes Friday

Idaho's annual campus day will be held Friday of the present week instead of Wednesday. The change was made that the university women may use the morning to make the more than 200 costumes necessary for the Idaho pageant on June 9. The work will be more efficient than it ever has been in the past and the campus will not only be thoroughly cleaned up but many needed and useful improvements will be made.

Lynn Hersey, president of the A.S.U.I., is generalissimo and Greek Wells is adjutant. Abe Goff is captain of the Vigilance committee, made up of "I" men, and shirkers will be dealt with severely. It is reported that the fire hose will be put to good use. All men who fail to report will be kept track of and punishment will be administered fully and fairly.

All deserters will be kept track of, even though they leave town. The plan of the Vigilance committee is to continue activities all through next week if necessary. In other words, the man who leaves town on Campus Day, will be caught and given the deserter's punishment upon his return to the campus. The "I" men's plan will put a stop to any proposed week end trips out of town which include Friday.

The material for the pageant costumes will arrive by Friday and the women will be divided into work squads for the making of the costumes. All of the models for the different costumes will have been completed and the work will give the university women an opportunity to be of real service to the university.

The plans for the day include honest to goodness labor in the morning softened by the appearance of the co-eds with refreshments of lemonade, sandwiches and doughnuts. An all campus luncheon will be served at noon at which the men will appear in their working clothes. There will be plenty of food and the man who misses luncheon will be missing his compensation for the morning's labor. The luncheon will be served on the Ridenbaugh hall lawn facing Forney hall. Marie Hunt is in charge of the lunch and the serving of refreshments.

The progress of the work will be faithfully recorded, along with the activities of the "I" men, by the men detailed on Project No. 21, known as the publicity work. In the afternoon the plans call for an all-college dance in the gymnasium. There are no special plans for the evening as the evening will be an "open night" as usual.

Work will start promptly at 7 a.m. Every man will report to his captain at the place where he will work. The tools will be there waiting. Promptness is absolutely essential as the "I" men have promised to start their work at 7 a.m. All men whose names do not appear on the following list will report to Van Peterson in front of the Administration building.

CREWS FOR CAMPUS DAY.

LYNN F. HERSEY GENERALISSIMO
GREEK WELLS ADJUTANT

PROJECT NO. 1

Bases for Cannons on Campus.

Captain--John L. Hemmert.

A. S. U. I. MEETING IS CALLED TO DISCUSS BUILDING PLANS

Undergraduates to Consider Ways and Means of Helping Alumni in Work Looking to the Erection of New Building for Athletics as Splendid Memorial to Heroes of World War.

COMPETITION TO BE KEEN FOR ANNUAL STUNT FEST

Songs entered in the Song and Stunt Fest Saturday are already in the hands of the judges to be looked over before presentation, and the classes are busy rehearsing and perfecting both the songs and stunts.

Each class first presents a song, which must be original both in verse and in music. The judges award twenty five dollars to the class which presents the best song, and twenty five dollars to the writer of that song. The songs are judged on their excellence and their presentation, for which reason the copies of the songs have been placed in the hands of the judges beforehand.

Final judgment will be given Saturday night. An admittance price of fifteen cents will be charged to everyone, including the participants in the songs and stunts. The Fest will begin promptly at eight o'clock in the evening in the university auditorium, the Freshmen giving their song first, followed by the Sophomores, the Juniors, and finally the Seniors. Twenty minutes will be given to each class for the presentation of its stunt.

The Song and Stunt Fest is one of the most interesting annual productions of the university.

IDAHO-MONTANA MINES PLAY DOUBLE-HEADER

The Idaho-Montana baseball game, scheduled for Monday afternoon, was postponed because of rain, thus necessitating the staking of a double header for Tuesday in order to complete the series in time for the two teams to start for Montana, games being scheduled between the teams at Missoula Thursday and Friday.

In their two games with the W.S.C. team last week the Grizzlies showed up to very poor advantage, los-

(Continued on page three.)

DEFINITE PROPOSAL MADE

Einhouse to Explain Plan of Grads--Coach Mathews, MacMillan to Speak

Plans for the assistance by undergraduates in the building of the new \$200,000 gymnasium, as a memorial to Idaho men killed in the World war, will be presented at the A. S. U. I. meeting Wednesday morning at 10 o'clock. The assembly is considered one of the most important in the college year in that the students will consider ways and means of assisting in the building of an adequate gymnasium for themselves.

Dr. J. Harry Einhouse, president of the University of Idaho alumni association, will tell the students what the plans of the alumni for the erection of the new gymnasium are. Coach R. L. Mathews, head of the athletic department, Coach David MacMillan, and Coach Ray L. Neidig are scheduled for short talks on the need of an adequate building.

Prominent Student Speakers

Other speakers will be "Babe" Brown, varsity football captain and wrestling coach; Abe Goff, two year football letter man; Harold Telford, captain-elbow of the Vandal basketball team; Talbot Jennings, A. S. U. I. president-elect; and Lynn Hersey, A. S. U. I. president.

Recently a committee of representative alumni drew up plans for a new gymnasium. The plans will be presented for acceptance at the meeting of the University of Idaho alumni association on June 9. Alumni hope to build a \$200,000 gymnasium as a memorial to the Idaho men who gave their lives in the World War. From communications received from representative graduates of the university in all sections of the state the plan to raise the funds is meeting with universal and enthusiastic approval.

Students To Do Full Part
Representative students feel that

(Continued on Page Two.)

Gold Discovery In Boise Basin In '62 To Be Described In Pageant On June 9

Entrance of Moses Splawn and George Grimes into the Boise Basin in 1862, their discovery of gold there, and the attack by Indians in which Grimes was killed, will be depicted in the pageant of Idaho history which university students will present June 9, as part of the commencement exercises.

Moses Splawn was one of the miners who followed the call of gold from one camp to another, and while he was mining at Elk City in 1861 there came to the camp a Bannack Indian who watched them working the sluices and gathering the gold after a day's work. One night by the campfire the Indian told Splawn of a basin in the mountains far to the south, where, he said, as a boy he had picked up chunks of yellow metal such as the men took out of the sluices.

The following spring Splawn gathered together about seven men and on the way met Captain Turner with 50 men going to Catherine Creek above the Owyhees in search of the Blue Bucket diggings, a lost mine. After search, which resulted in finding what was later known as the Silver City City diggings, they divided once more and Splawn turned around and went back with them.

After much wandering and a great

deal of discussion they finally decided to go into the Boise Basin. Grimes did not want to go, saying he was afraid of the Indians. He had a premonition that he would never come out of the Boise Basin alive. It was in the Basin that a man named Fogus put his shovel into the dirt and gravel, and from that shovelful worked out about fifteen cents worth of gold.

Three days later, they were suddenly attacked by the Indians. Splawn and Grimes took their guns and went to the top of the hill. Just as they got there, 20 guns were fired in their faces. Grimes fell just as they reached the top. His last and only words were:

"Mose, don't let them scalp me." He was buried in a prospect hole and his grave, with no mark to tell what it is, remains in a beautiful little place among the pines called "Grimes Pass."

It was in August 1862 that the Boise Basin was first discovered. Numerous towns soon sprang up, and their phenomenal growth made it imperative that the seat of government should be closer than Olympia, Wash., and so consent was given by Congress for establishing the temporary government of the Territory of Idaho.

DO STUDENTS WANT THE GYMNASIUM?

Students of the University of Idaho will have an opportunity Wednesday morning at their A. S. U. I. meeting to tell the alumni whether they want a gymnasium or not. The best way to tell the alumni that you not only want but need a new gymnasium is to do something toward getting that new gymnasium yourself.

No student body and no individual ever got anywhere without work and effort and sacrifice. The world is not so constructed that our needs and desires are cared for by some kind fairy. If you want something as an individual you go out and get it. And if you want something for your university, for your alma mater, it's up to you.

The alumni will feel more inclined to help us if we help ourselves. Won't the alumnus say when he asks about his donation toward the new gymnasium, "What are the students doing?" If the answer is that the students are not doing anything, his answer will be, and justifiably so, that he cannot contribute. But if the students are willing and ready to do their part a more ready response from all will be the result.

ARE YOU WILLING TO GIVE TEN DOLLARS?

CAMPUS DAY

Campus Day—that day when every man in the university works on improvements and repairs—is here again. It is a day that is looked forward to, and enjoyed, a day when students meet on an equal footing to labor for their Alma Mater, a day when the campus is cleaned, and permanently improved.

It is a day that is an Idaho tradition. But it is a regrettable fact that some students, either through laziness, or lack of love for the university, will hide out, to avoid work that they should be willing to do for Idaho. It is not hard work, it is enjoyable work, and the day is one that stands out in the minds of every Idaho student as a red letter event.

Such ducking of work may be done through a misunderstanding, or a belief that to do so is clever and smart, but in the majority of cases it is pure laziness. Such a person must realize that the work that he dodges, if he does, must be performed by someone else. He must realize that he is refusing to do his share for Idaho, that he is not willing to do his part in the scheme of student enterprise.

One who dodges campus day labor can only be branded as a slacker, a shirker, and a loafer.

IDAHO'S FUTURE TRACK STARS

Idaho's future track stars have been with us the past week. We have seen the men in action who in a few short years will be Silver and Gold representatives on the cinder track. For from these high school men who attended the recent Interscholastic will come Idaho students of the future.

How many of them will enroll at Idaho is largely up to us. It will be measured in a large degree by their impressions of the university. And these impressions were formulated by ourselves. Did we boost Idaho, did we praise her? If we did, a large number of these men will become Idaho students. Will they tell others of Idaho? When they return to their high schools will they be Idaho boosters? They should be. If they are we made them so.

THE CO-ED EDITION

The next issue of The University Argonaut, published Friday morning, will be published by the University of Idaho co-eds, under the auspices of the Women's League. The edition will be the best of the year in that it will be representative of the Idaho women.

AS.U.I. CALLED TO DISCUSS BUILDING PLANS (Continued from Page One.) The undergraduates can be of material assistance to the alumni and the meeting Wednesday morning has been called for the purpose of bringing before the students a plan whereby they can help toward the building of the splendid memorial to those who gave their lives in the World War. The students hope to be able to say

to the Idaho alumni that the students will do their full part in the building of the new gymnasium. Recent developments in the progress being made for the Pageant will be announced and the song leaders in each campus group named to lead house practices. The recent amendment, proposing a point system for girls' athletics and the awarding of sweaters, will be voted on at the assembly. The amendment is backed by the Women's Athletic association.

SOCIETY

Gamma Phi Beta entertained at a semi-formal dance at Eggan's Hall on Saturday, May 12th. Decorations carried out the Japanese effect with a cleverly woven ceiling in pastel shades and pannelled walls with Japanese signs upon them. There were numerous pagodas covered with blossoms and lanterns and from one of these, punch was served by two tiny Japanese maids.

Patronesses for the dance were Mrs. Warren Truitt, M. E. Lewis, C. N. Little, C. H. Forney, and Miss Katherine Jensen.

Kappa Alpha Theta entertained with an informal dance at Guild hall Saturday night. Spring flowers in gay colors were in profuse and formed a canopy overhead. On a platform an old fashioned garden effect was brought about by the greens and hollyhocks, and under a tree was a swing. Programs were in the form of a Iowa basket.

Omega Phi Alpha entertained with an elaborate tea on Tuesday to honor Mrs. Burton Beck of Portland, Ore., who was their house guest this week. During the afternoon Miss Helen Wood furnished violin selections and entertainment was given by a male quartet. Tea was served to more than a hundred guests who called to meet Mrs. Beck.

Chi Beta Epsilon held a pretty banquet at the Moscow Hotel on Wednesday evening. Covers were laid for twenty-six. The color scheme of black and white was carried out most effectively. The center piece was a gorgeous bowl of roses and carnations on a background of a black and white centerpiece, from which radiated black and white streamers leading to the place cards. Corsages of pink sweet peas placed at each cover served as favors. Preceding the last course, a beautiful corsage of Cecil Bruner roses and maiden hair fern, bordered by lavender ostrich plumes, was brought in. In the center of the corsage was found a Beta sweetheart pin and a Chi Beta Epsilon pin linked together. The streamers were drawn from the center of the table, at the end of which were small cards, announcing the engagement of Frances Agnew and Walter York.

Phi Alpha Psi announces the initiation to membership of Garnald Johnson, U. Powell, J. Cluen, P. Buck, L. Helprey, and C. Christie were week end guests of Beta Theta Pi last week. Chi Beta Epsilon announces the membership of Mary Penwell of Moscow, Idaho. Messrs. Garber and Perry of O.A.C.

son, Howard Pickett, and Herbert Pollard, of Burley, Idaho, and Bryce Morgan of Glenns Ferry, Idaho.

Byron Keith was a dinner guest of Phi Alpha Psi Wednesday of the past week.

Phi Alpha Psi entertained at dinner Saturday Mr. R. T. Owens of Malad, Idaho, and Mr. Hagan.

Dinner guests of Ridenbaugh hall Sunday were the Misses H. Honnold, Z. Sheneberger, L. Martin and P. Thomas.

Dinner guests of Lindley hall last Sunday were the Misses E. Mount, C. McDonald and M. Miniely and Mr. and Mrs. Jerome Day, and Miss Bernice, Mrs. E. Geck, Mrs. F. Parish and daughter, Mrs. Routh, Mr. and Mrs. Richmond and daughter, and J. Brown.

Week end guests of Gamma Phi Beta were the Misses E. Skillern, McKenna, S. Boyd, G. Moser, E. Thompson, A. Cannon, B. Stambaugh, E. Sundstrum, and Mrs. R. McNary, Mrs. Tuell, Mrs. Prescott, Mrs. Mowery and Mrs. Gloystein.

Saturday the girls of Delta Gamma entertained their town mothers with a pretty luncheon. The decorations were in spring flowers and a well appointed luncheon was served.

Dinner guests of Kappa Sigma Wednesday were Mr. and Mrs. Over-smith and Mr. and Mrs. Jenkins. On Thursday the Misses B. Church, L. Nagel and M. Eichner were guests.

Dinner guests of Delta Gamma Monday evening were Mrs. F. L. Barrows, Mrs. Beardsley of Bellington, Wash., Dr. and Mrs. W. Gibbs, and Professor and Mrs. P. Mechem.

Thursday dinner guests of Kappa Alpha Theta were the Messrs. Claus, Batchelor, McElroy and S. McLaughlin.

Messrs. G. Gahan, G. Wilkinson, S.

WHITMAN TENNIS TEAM DRUBS IDAHO PLAYERS

MISSIONARY RACQUETEERS TAKE 21 OF 25 SETS.

Mary Thompson and Ken Hunter Win Only Match for Idaho.

The University of Idaho tennis team lost the opening tennis meet of the season, Saturday at Walla Walla to the strong Whitman College team, winning one out of the nine matches played. The strength of the Whitman squad did not come as a surprise to the Vandal racquet weilders, but the thorough drubbing the Missionaries gave the Idaho outfit makes them stand out as one of the foremost teams in the northwest. Whitman made a clean sweep of the men's and women's singles and doubles. Idaho scored one win in the mixed doubles when Ken Hunter and Mary Thompson defeated Art Douglas and Juda Ferrell, 4-6, 6-2, 6-1. The men's team put up a fair showing, Prescott of Idaho playing close games with Joy Williams, the Whitman star. The Whitman man succeeded in winning the match in straight sets, however. Herrington of Idaho succeeded in taking two out of the five sets played against Captain Bratton of Whitman, and Ken Hunter forced his man, Art Douglas, to the limit for straight wins. The Whitman women's team proved

ed the main strength of the Missionary team, winning easily from the less experienced Idaho girls.

Results of Tournament.
 Of the 25 sets played, Whitman succeeded in taking 21 of them.

Singles
 Joy Williams defeated Dan Prescott, 6-1, 6-3, 6-3.
 Bob Bratton defeated Curt Herrington, 6-4, 6-2, 2-6, 4-6, 6-4.
 Art Douglas defeated Ken Hunter, 7-5, 6-3, 6-3.
 Thelma Leonard defeated Beatrice Hunter, 6-1, 6-1.
 Margaret Sellars defeated Joanna Rudisell, 6-1, 6-1.
 Juda Ferrell defeated Mary Thompson, 6-1, 6-1.

Doubles.
 Williams and Bratton defeated Herrington and Prescott, 6-3, 6-3, 6-3.
 Sellars and Leonard defeated Hunter and Rudisell, 6-1, 6-4.

Mixed Doubles.
 Ken Hunter and Mary Thompson defeated Art Douglas and Juda Ferrell, 4-6, 6-2, 6-1.

IDAHO-MONTANA MINES PLAY DOUBLE-HEADER

(Continued from Page One.)

ing in the first game by a score of 13 to 0, and in the second 13 to 2. The visitors seem particularly weak in their battery, no pitcher of fearsome calibre showing in either game at W.S.C.

In the double header today Idaho seems to have an excellent opportunity to break her losing streak, and

at the same time avenge the Silver and Gold for the track defeat of last Saturday. The heavy hitting Idaho batting lineup should make short work of the visitors if advance indications are to be credited, thus ending the hitting slump of several weeks' duration.

The first game will be called at two o'clock, weather permitting. Coach MacMillan has not as yet decided who will officiate on the mound for Idaho; Marineau, Eddy, Fitzke and Snow all being available. In all likelihood Guferanello will officiate at the receiving end of the battery.

W.S.C. TENNIS PLAYERS TO MEET IDAHO FRIDAY

(Continued from Page One.)
 of the match seems bright. The Idaho squad to go into action consists of Dan Prescott, "Curt" Herrington and Charles Preuss. All these men are veterans in the racquet game, and have been performing in good tyle this season. Twice last season the Cougar outfit rated as one of the strongest in the northwest, defeated the Vandal squad. With revenge in sight, the Idaho veterans are anticipating winning Idaho's first tennis match from W.S.C.

IDAHO TRACK SQUAD LOSES TO GRIZZLIES

MONTANA SHOWS UNEXPECTED
STRENGTH IN FIELD EVENTS

Idaho's Expectations Upset When Opponents Roll Up Score of 70 1-2 to 88 1-2.

The University of Idaho varsity track team lost the meet last Saturday afternoon at Missoula to the University of Montana cinder artists by a score of 70 1-2 to 88 1-2 points, contrary to expectations.

When the team left for Montana it was thoroughly expected, considering what advance information was available, that the Vandal squad would make a more brilliant showing. It developed, however, that the Grizzlies were unexpectedly strong in field events and sprints, Idaho failing to score a point in the hundred yard dash, the 220, the broad jump, the shot put, the discus or the javelin, and winning but a tie second in the high jump and a second in the pole vault.

Only Two Places Count. In the Missoula meet but two places were counted in each event, five points being allowed for a first, and three for a second place. The ruling out of the third place in the events deprived the Vandals of several hard earned points, but had no effect on the ultimate outcome of the meet.

Captain Penwell of Idaho was high point man on the Idaho team, taking first places in the mile and two mile, for a total of ten points. Cobler, with first in the high hurdles, second in the low hurdles and a tie for second in the high jump, came next, with a total of 9 1-2 points. Penwell ran an excellent race in the mile, making the distance in 4 minutes 40.2 seconds over a slow track. He was not pushed in the two mile however, running his own race, and making the distance in 10 minutes, 28 seconds. In all probability had Penwell been entered in the half mile he would have easily placed, the time for that event being slower than his usual mark. A second in the half mile would have made the Vandal veteran the distance man high point man of the meet.

Williams' Injuries Severe. Williams, Idaho's diminutive two miler, who showed up to such good advantage against W.S.C. last week, failed to place at Missoula, owing to a pulled leg muscle. It could not be ascertained how serious the injury was, prior to the meet, and his running aggravated the injury materially. With the best of luck it will be weeks before Williams will be able to compete again, while he may be out for the season. Should he be unable to run in the Pacific Coast Conference meet at Pullman, Idaho's chances will receive a serious blow.

Idaho Takes Hurdles. Powers, Huddleson and Cobley measured up to the height of expectations in the hurdles, Cobley taking first in the high hurdles, with Huddleson second, while Powers took first in the low sprints with Cobley in second place. The time in the low hurdles was 26-2 seconds, while the hundred and twenty yard race was run in 16.8.

Sowder of Idaho won the half mile easily in 2 minutes, 5.2 seconds. Had the Vandals entered another man in this event they would have been assured of second place and three points in the meet.

On the whole, though the score was overwhelming against the Idaho team, the Vandal men are showing steady improvement. Idaho took five firsts in this meet, making a much better showing in this respect than against W.S.C. Considering the total lack of sprinters and field men of any exceptional ability the Gem state crew gave a very good account of itself.

"Have You Had Your Iron?" Authority Says Rouge Will Do

University of California—Investigations made by the Mining and Metallurgy departments on the beauty secrets of the university prove that rouge, the principle ingredient of which is red earth, is composed of 60 percent iron.

Messrs. G. Wilkinson, V. Price, P. Buck, W. Huddleson and C. Brown were dinner guests of Delta Gamma Wednesday evening.

PIONEER TO PRESENT HISTORICAL LECTURE

T. C. Elliott, of Walla Walla, perhaps the best known authority on northwestern pioneer day history, has been secured for an illustrated lecture to be given Tuesday afternoon, by University of Idaho administration officials as a feature in a plan to create interest in the coming all-university historical pageant to be given in Moscow during commencement week in June.

The program is to be given in the university hut, at four o'clock, at which time there will be shown several reels of motion pictures, depicting some of the stirring scenes of the old pioneer days in this part of the country, and portraying some of the famous characters who helped to build up the great Inland Empire.

Mr. Elliott is related by marriage to the famous Dorcie Baker family of Walla Walla, one of the best known pioneer families in that part of the country. Mr. Elliott is a profound student of pioneer events, and his talk it is thought will give Moscow people and university students a better conception of what the pageant to be given here will bring to the people, and its tremendous scope of events. He is here as the guest of the university department of north-west and Idaho history, of which C. J. Brosnan is professor.

While here Mr. Elliott will be entertained at the home of Professor and Mrs. Brosnan.

ELEVENTH ANNUAL CLASSIC IS WON BY BOISE HIGH

(Continued From Page One.)
an effort better the existing state record of 5 feet, 9 1-2 inches. Kyle made three tries with the bar standing at 5 feet, 10 inches, failing each time to clear the bar by a margin. His best jump was announced as 5 feet, 9 inches. Upon investigation, however, it was discovered that the height of the jump had been measured in tenths of feet, and not in inches, when the judges remeasured it was found that the actual height of the jump was 5 feet, 9.6 inches, one tenth of an inch over the former state record.

Record Under Discussion. Owing to the irregularities in the judging of this event, together with the fact the Coach Mathews, who was of the meet, did not personally supervise the measurements it has not been decided whether this record will be allowed to stand. Kyle has another year, however, and with improvement which may be expected in his ability as a jumper in that length of time, he will no doubt be able to better his mark at the interscholastic next year.

Long, of Rupert, took individual honors in the meet, with 18 points to his credit, taking second in the 50 yard dash, first in the 100 yard dash, first in the 220 yard dash, and first in the broad jump. While Long did not make the fast time that Doc Burley made in these events last year, he showed well in each event and made a place for himself among all-state high school track stars.

880 Close Race. Brown, of Payette, winner of the 880 yard run, ran a very pretty race, coming up from behind in the last 200 yards, and nosing Hackaday of

Rupert out by the slightest margin. He apparently had plenty of reserve power, however, and it is probable that had he extended himself in the first quarter of the race he could have bettered the time of two minutes, 4.3 seconds, by several seconds.

Casebolt of Genesee, following in the footsteps of his brother of the Idaho varsity, took the 440 yard dash in a walk, leading the field all the way, and finishing a good eight yards in the lead of the next man.

Casebolt's race in the quarter vied with Brown's run in the half mile and the relay for honors as the most sensational events of the day. In the relay competition was keen. Kooskia took the lead and held it for two full laps, Rupert finally nosing past to hold first place for the remaining distance. Boise men held an outside lane, and seemed unable to nose past the Kooskia men on the turns, managing to clinch second place only in the last lap of the event. The race was run within 1.7 seconds of the existing state record in spite of the heavy track.

How They Scored

Points made in the meet by other teams are: Genesee, 8; Parma, 8; Kooskia, 6; Caldwell, 51-2; Payette, 5; Wendell, 5; Kamiah, 3; Jerome, 3; Culdesac, 2; Coeur d'Alene, 2; Kellogg, 1.

In the following summary the time is given in tenths of seconds instead of fifths of seconds, in accordance with the new Pacific coast conference track rulings:

50-yard dash—Calvert, Lewiston, won; Long, Rupert, second; Englesby, Boise, third. Time, 5:8.

100-yard dash—Long, Rupert, won; Englesby, Boise, second; Calvert, Lewiston, third. Time, 10:4.

Mile run—Cleaver, Caldwell, won; Mathews, Boise, second; Mesner, Coeur d'Alene, third. Time, 4:44:8. (New state record).

220-yard dash—Long, Rupert, won; Englesby, Boise, second; Mullin, Coeur d'Alene, third. Time, 23:3.

120-yard high hurdles—Mitchell, Parma, won; Powers, Twin Falls, second; Quinter, Boise, third. Time, 17:3.

440-yard dash—Casebolt, Genesee, won; Bice, Twin Falls, second; Stone, Rupert, third. Time, 53:8.

Rupert Wins Relay

220 low hurdles—Quinter, Boise, first; Calvert, Lewiston, second; Cattermole, Lewiston, third. Time, 27:3.

880-yard run—Brown, Payette, won; Hackaday, Rupert, second; Foster, Mullan, third. Time, 2:04:3.

Pole vault—Blinkhorn, Wendell, won; Gray, Genesee, second; Wendt, Culdesac and Chaney, Caldwell, tied for third. Height, 10 feet 6 inches.

Shot put—Jenkins, Twin Falls, won; Harris, Kamiah, second; Orlanda, Kellogg, third. Distance, 40 feet 1 6-10 inches.

Discus—Wiggins, Lewiston, won; DeMott, Boise, second; Green, Culdesac and Brown, Mullan, tied for third. Distance, 103 feet 3 inches.

High jump—Kyle, Kooskia, won; Mitchell, Parma, second; Wellman, Lewiston, third. Height, 5 feet 9 6-10 inches. (New state record).

Javelin—DeMott, Boise, won; Smith, Jerome, second; Wendt, Culdesac, third. Distance, 150 feet.

Broad jump—Long, Rupert, won; Quinter, Boise, second; Calvert, Lewiston, third. Distance, 20 feet 11 inches.

880-yard relay—Rupert, Nelson, Burgher, Stone, Long, won; Boise, second; Kooskia, third. Time, 1:37:7.

Points won by the outstanding stars of the meet are as follows: Long, of Rupert, first with 18 points; Calvert, Lewiston, 10; Quinter, Boise, 9; DeMott, Boise, 8; Mitchell, Parma, 8; Englesby, Boise, 7.

Officials for the meet were as follows: Starter—Referee, Athletic Director, R. L. Mathews; starter, Coach MacMillan; timers, Dean Angell, Dean Cockerill, Dean Iddings, Dean Thomson, Einhouse, Jain; judges of finish, Prof. Neidig, Prof. Gibbs, Prof. M. Miller, Prof. O'Gorman, Homer David, OverSmith; clerk of the course, Abe Goff; scorer, Joel Priest, Jr.; announcer, Gene Ostrander; field judges of weights, Skippy Stivers, Einhouse, H. Glindeman, Percy Rowe, Dusty Kline, Benny Keane; field judges of jumps, Bill Gartin, Oz Thompson, H. Telford, Bob Fitzke, Larry Quinn; Inspectors, L. Tapper, J. Vesser, B. Snow, F. Marineau; field marshals, Howard Breshears, Sherm Breshears, Frank Kinnison, Ade Nelson, Harry Edwards, Leslie Eddle; callers, Sib Kleffner, Ted Turner.

SILVER SPOON

FREE!

In order to introduce our delicious Home Made Ice Cream, which is made from pure sweet cream we will give away absolutely FREE of CHARGE one silver tea spoon to every person who purchases one of our
