NUMBER 84

VANDALS WIN DOUBLE VICTORY FROM FAST GONZAGA QUINTET

Idaho Five Win First Game in a Sensational Rally in Closing Minutes. Both Contests Fast and Furious With Local Men Slightly Off Color in Team Work.

MacMillan's Men Take Opening Battle By Score 26 to 18

Coming from behind in the last of the second half in a thrilling rally Idaho's Vandals won the first game of the two-game series with Gonzaga university Friday night, 26 to 18, on the university floor, with the score 19 to 13, Gonzaga leading, the Vandals overcame the lead by raining in a total of 13 points in approximately three minutes. The game was rough and fast with Idaho's rally featuring the contest.

Nelson, Idaho and Huetter, Gonzaga center, were removed from the game on personal fouls.

GONZAGA TAKES LEAD
Gonzaga led at the end of the first half, 15 to 13, before Idaho's rally tied the score and gave the Vandals a substantial margin in the closing minutes.

Guy Penwell and Bob Fitzke played brilliant basketball for Idaho with Fitzgerald and Needles starring for the Gonzaga Bulldogs. The Vandals did not get under way until the last of the second half when the Idaho men started shooting the ball in from all angles. Hillman, who was substituted for Nelson, worked in nicely with the Idaho teamplay and kept Fitzke, the scrappy Gonzaga scoring star, to a minimum of baskets. Skip Stivers worked the floor nicely and passed accurately and Captain Telford, while off at the start, showed well.

SUMMARY
Idaho (26) Gonzaga (18)
Penwell R. F. Rotchford
Stivers L. F. Fitzgerald
Fitzke C. Huetter
Nelson R. G. Needles
Telford L. G. Robinson
Substitutions: Idaho—Hillman for Nelson, Gonzaga—Allen for Rotchford, Reconn for Huetter, Rotchford for Allen.

Idaho scoring—Field baskets, Penwell 3, Stivers 1, Fitzke 3, Telford 1. Free throws, Penwell 5, Fitzke 2, Telford 3.

Gonzaga scoring, Field baskets, Rotchford 1, Fitzgerald 2, Huetter 1, Needles 1, Robinson 1. Free throws, Rotchford 1, Fitzgerald 4, Needles 1. Referee—"Buck" Hunter, Moscow.

THREE NEW ELECTIVES FOR SPRING SEMESTER

Special Subjects Arranged in Architecture, Forestry, and Home Economics

Three new elective courses not described in the catalogue have been added to the curriculum this semester.

All three are two credit courses and carry a wide appeal to the student body at large, and are open to students regardless of the school in which they are registered.

The new subjects are:

ARCHITECTURE 42
A History of Architecture may be chosen as an elective by students not in the Architectural curriculum. Not open to Freshmen. 9:00 a. m., on Mondays and Fridays, Geology 1, Mr. Weaver.

FORESTRY 90
Our Trees and How to Know Them, an elective course for students not registered in the School of Forestry. The course will acquaint the student with our native trees including their life history, and identifying characteristics; uses of important commercial woods, furniture, cabinet making, interior decoration, etc. Two lectures per week supplemented by occasional field trips. Tentatively scheduled at 2:00 p. m., on Wednesdays and Fridays, Morrill hall 30, Mr. Watson.

HOME ECONOMICS 136
The Family. The history of the family as a social and educational institution. Open only to women. 11:00 a. m., on Mondays and Fridays, Ad. 304b, Mrs. Blomquist.

Bulldogs Fail To Come Back In Second Game

University of Idaho Vandals won a hard, closely contested game from the Gonzaga Bulldogs on the Idaho floor Saturday night, 26 to 25. This was Idaho's second victory from the Gonzaga five with the Vandals taking the first game of the two game series Friday night, 26 to 18.

The Vandals and the Bulldogs were tied 10 to 10 at the end of the first half. Idaho players jumped into a six point lead early in the second half but Gonzaga closed the gap in the last few minutes of play with Flaherty making a basket for Gonzaga just as the timer's gun ended the game.

FRESHMEN DEFEAT MOSCOW
In a preliminary game the Idaho freshmen won from the Moscow high school, 17 to 11, in a close guarding contest.

The varsity game was featured by its speed although the game was fairly rough. Captain Telford, Fitzke and Penwell were outstanding on the Idaho machine while Needles and Huetter looked best for Gonzaga. Idaho's next games are with the W. S. C. Cougars. The first game will be played Friday night at Pullman and the second contest will be held here Saturday night.

SUMMARY
Idaho (26) Gonzaga (25)
Penwell R. F. Rotchford
Stivers L. F. Fitzgerald
Fitzke C. Huetter
Nelson R. G. Needles
Telford L. G. Flaherty
Substitutions—Gonzaga, Allen for Rotchford, Rotchford for Allen, Allen for Rotchford.

Idaho scoring—Field baskets, Penwell 2, Stivers 1, Fitzke 3, Telford 3; free throws, Stivers 3, Fitzke 2, Nelson 1, Telford 1. Gonzaga scoring—Field baskets, Rotchford 2, Fitzgerald 1, Huetter 2, Needles 1, Flaherty 2; free throws, Rotchford 3, Huetter 3, Needles 1, Flaherty 2.

Referee—"Buck" Hunter, Moscow.

Fair Co-Ed "Kidnapped" Is Center of Parade

The night was dark and dreary and the wind, was blowing bitter cold; the street lamps shed a pale yellow glare on the pavements that lay cold and shaking under their blanket of snow. It was a time fit and proper for dark and mysterious crimes; a night in which the black villain might carry on his ghoulish work with perfect safety.

The silence that hung over the town of Moscow was oppressive and the very air was charged with expectancy-forebodings. Without the slightest indication of warning, the serenity was shattered by the shrill scream of a woman—a chilling cry of abandoned hope, that soared for a brief moment and then was swallowed up by the stygian darkness. It was a plea for help that clutched the heart with an icy hand of fear and made one gasp and gurgle with apprehension.

Followed another period of nerve racking silence and then there arose a bedlam of shouts and the sound of galloping horses beating a rhythmic tattoo on the icy pavement. Nearer and nearer came the cavalcade and the babalonic shouts formed themselves into men's voices, hoarse and strident. A dray dashed past, swaying from side to side. It was crowded with men who urged the horses forward in their frenzied gallop with the sound of their shouts. In the midst of the group stood a fair co-ed with a look of firm determination on her face. She did not seem to be over awed by the presence of those about her.

Orvetta Jones had arrived from Idaho Falls and was on her way to the Gamma Phi house.

IDAHO HELD TO DRAW WITH S. A. A. C. TEAM

U. of I. Bone Crushers Take Fall and Decision—Lose Two

The Idaho wrestling squad returned Sunday from Spokane after dividing honors with the S. A. A. C. team of that city in four fast bouts Saturday night at the club gymnasium. Kinnison and Bitner won and Patchen and Disney lost on decisions against men who have had three years of wrestling experience. Coach "Babe" Brown expressed himself as well satisfied with the showing made by the local team, considering that three of the men are beginning their first year of varsity wrestling.

KINNISON WINS
Frank Kinnison, the only experienced man on the squad won his match from Mahoney on a decision based on aggressiveness. The regular fifteen minute period did not satisfy the judges and an extra five minutes was necessary to reach a decision. Neither man left his feet during the match although Mahoney out weighed Kinnison by seventeen pounds.

DISNEY PROMISING
Disney lost on a decision to Mel Porter after fifteen minutes of hard going. Disney is a new man at the game but shows promise for he is as active as an eel and never knows when to quit. Patchen in the 148 pound class lost a decision to Dr. Charles Olson of the club, a grappler of several years experience, after a close match with the club man was unable to gain a fall.

BITNER WINS FALL
William Bitner, 128 pounds, won in two minutes from C. Wollaston by a double wrist lock. This was Bitner's first match and he acquitted himself with honor. There were no entries in the 135 lb. class.

Johnny Vesser, who has been counted on to handle the light heavy department, has been laid up with a torn ligament but is expected to be in shape for the W. S. C. meet next Friday.

Last Chance to Order Copy Gem of Mountains

No Extra Copies To Be Printed For Late Subscribers

The last opportunity for the purchase of a "Gem of the Mountains," the university year book, will be over this week, as no copies over those subscribed will come from the press when the annual is out, according to Peter Paul Drus, editor-in-chief.

All students who have not yet subscribed are urged to make arrangements with soliciting representatives immediately. A preliminary payment of \$2.50 is required to be followed by the balance on receipt of the book. Last year extra copies were printed for non-subscribed sale, but there will be no surplus in this years print.

ACTIVITY CARDS
The necessity of filling out the "activity cards," especially on the part of the upperclassmen, is stressed by the departmental manager. These cards are to be filed in the "Gem of the Mountains" box in the Administration building. If this is not done the staff cannot guarantee proper representation in all the activities embodied in the year book.

SLIGHT CHANGE IN PLAN FOR ASSEMBLY SEATING

Freshmen To Occupy Entire Right Section—Seniority of Departure Prevails

The present assembly seating plan will undergo a slight change next Wednesday, according to a statement made by "Babe" Brown, chairman of the seating committee. Under this new plan, the entire right section will be reserved for freshmen. They will start filling it at the very front, so that no vacant seats will remain near the platform.

Seniors and faculty will have the center and left sections as far back as the cross aisle, and juniors will occupy the eight rows in the center and left sections immediately back of the cross aisle.

The practice will still be continued

(Concluded on page four)

JUST A THOUGHT

Tuesday, Feb. 5 Completion of registration
Wed. Feb. 6 Classes start
Thurs., Feb. 7 More Classes
Fri., Feb. 8 W. S. C. Basketball game at Pullman. Wrestling match at Pullman.
Sat., Feb. 9 Basketball game here. Miner's Dance.

VANDALS TO PLAY W. S. C. IN A TWO GAME CLASH

Idaho Quintet To Meet Cougars With Team In Good Shape

The University of Idaho Vandals will mix the Washington State college basketball team Friday and Saturday after a week's rest in Pacific Coast conference basketball participation.

Both teams have undergone shifts in the lineup since their last meeting. Idaho has substituted "Skip" Stivers at forward in place of Walt Reamer, out of the game temporarily and possibly permanently with an injured leg, while in place of McCarthy "Doc" Dohler has again shifted Shultz to center in an endeavor to strengthen the admitted weak spot of the W. S. C. combination.

VANDALS IMPROVE
Idaho has improved during the past week, as evidenced by her two victories over Gonzaga, but she is still not in the same condition as she was two weeks ago. Stivers has been working in nicely at forward, and although he has not as yet found his basket eye, works the floor with lightning rapidity, and passes accurately.

In Neal Nelson, Coach MacMillan has developed a guard who is showing promise of developing into one of the best all-around basket stars on the Idaho lineup. He plays a consistent brand of ball, and as a running mate to Captain Harold Telford, all-Coast guard, is proving a difficult man for opposing forwards to overcome.

Idaho now faces a hard schedule in Coast circles, playing the Washington State five this week, the University of Oregon and University of Washington quintets the following week, after which she leaves on her long trip around the circuit, Feb. 19, by way of Seattle, Portland, Corvallis, Eugene, and back to Moscow.

CHI BETAS OPEN HOUSE RECEIVE IN NEW HOME

Formal Housewarming Entertains Faculty, Townspeople, and Students

Several hundred guests attended the housewarming given at the Chi Beta Epsilon sorority house given by that group as a token of the formal opening of its house. Representatives of the faculty and their wives, members of the various Greek letter organizations, and a host of townspeople called to extend felicitations, and to congratulate the members of Chi Beta Epsilon for their splendid success in having recently obtained a charter in Alpha Chi Omega, a

(Continued on page three)

Kioly Bill Arrives; Writes Letter Home

Dear Ma,
Well ma, I finally got to college at last. How is old Salmon bar? College ain't much like going to school at White Bird. They are having registration now and I have stood in line all day yesterday waiting to sign up but just as I would almost be up to a professor's desk he would go and eat his dinner or supper. The girls which are called koods ask me if they could get in front of me in line so I let quite a lot of them so that is the reason, but tomorrow I will go early. I seen some fellows today with their overshoes all unbuckled to look like galoshers which the koods wear and ma I'll bet they have pink ruffles on their pajamas but none of them haven't kissed each other yet.

Yours truly your son,
Kioly Bill.

Kioly Bill is among us. Watch out for him. His letters will be published every Tuesday in the Argonaut.

PACIFIC COAST TEAMS FACING HARD BATTLES

California, Oregon, and Washington Take The Road This Week

(By Louis A. Boas)

Pacific Coast conference basketball contestants settle down to a hard grind on the fourth lap of the conference pennant race this week, with the University of Oregon, University of Washington, and the University of California quintets on the road facing hard, critical games with leaders in the two divisions of the league.

That the week will see more radical changes in conference ratings than any other seven-day period so far past, seems likely on the face of performances during the past week. Washington began her first circuit trip last week, playing the Oregon Agricultural college five at Corvallis last Saturday, emerging from the fracas with her fur badly ruffled from a 33 to 26 defeat.

OREGON STARTS SEASON
The University of Oregon team will enter its first conference tilt tonight, playing the Washington Huskies at Eugene, which should give critics a good chance of sizing up her prospects for the steady grind which she is forced to maintain the remainder of the season, for Washington is still accounted one of the hardest problems to solve in the northern division. She plays the Oregon Aggies in a two-game series Friday and Saturday nights. Both games should be hard, fiercely, contested.

Oregon has several good men in suits this year who have evinced a

(Continued on page two)

IDAHO BOYS AND GIRLS TO VISIT UNIVERSITY

High School Students Will Spend A Week On The Campus As Guests Of The U. of I.

Three hundred of Idaho's finest boys and girls from all over the state are expected to spend a week on the university campus, June 15 to 22, attending the second annual boys' and girls' club short course. Inclusion of club members from all parts of the state is an innovation this year. Last year, when the first camp was held, only north Idaho boys and girls attended. Authority for announcing this course has just been obtained by H. A. Stone, district club leader for north Idaho, from President A. H. Upham and Dean E. J. Iddings of the college of agriculture.

Every regularly enrolled club member and club leader in the state is eligible to attend. Expenses, it is announced, will not be greater than last year. Only the actual cost of meals will be charged and all instruction and entertainment will be arranged for by the university.

INSTRUCTION GIVEN
Instruction in agriculture and home economics, together with a picnic, physical training, and entertainments, will make up the program. Special work provided for club leaders will be a new feature.

Arrangements are now being made by J. H. Reardon of Boise, state club leader; D. P. Murray, district club leader for the southeast; D. B. Leonard, Bannock county club leader; and Mr. Stone.

Last year, when the first course of this kind was given, the attendance was 125. It is expected that 250 will attend this year from north Idaho and that parties of boys and girls with their leaders from south Idaho will be made up.

University dormitories will house the groups and instruction will be given by members of the university faculty and extension staff.

TEMPORARY MANAGER OF PEP BAND FOR POWELL'S OFFICE

Wolfgang Renshaw has been appointed temporary manager of the Idaho Pep band to fill the vacancy left by the former manager Ulia Powell. Mr. Renshaw will hold this position until an election is held to determine the manager. Ulia Powell who was with the Pep band for the past three years has left school and is on his way to Chicago.

PHI ALPHA PSI GRANTED SIGMA CHI NATIONAL

Local Fraternity Will Be Installed In The Latter Part Of February—Gets Charter In Two Years

Phi Alpha Psi, local University of Idaho fraternity organized two years ago, has been notified of the granting of a charter to it by Sigma Chi, national fraternity organized in 1856 at Miami university in Ohio. The announcement came almost simultaneously with the news that Alpha Chi Omega had granted a charter to Chi Beta Epsilon, local sorority.

The local fraternity was organized in October, 1921, and recently petitioned the national fraternity for a charter. The local group has, since its start, purchased a fraternity home adjoining the university campus and has taken an active part in student affairs.

It is possible that Harry S. New, United States postmaster general, and grand consul of Sigma Chi, will be installing officer of the local group, which installation will likely take place in February or March. Members and pledges of the local organization now attending the university, are as follows:

Dr. M. F. Angell, dean of the college of letters and science of the university, Dr. J. W. Barton, head of the department of psychology, Frank Stanton, university bursar, Donald Du Sault, instructor in chemistry, Chris Hagan, Moscow business man and state legislator, Harrison Armstrong, Alfred Hagan, and Percy Styner of Moscow, J. O. Rassmussen of Idaho Falls, Merle Drake of Challis, Earl Wardrop of Pocatello, Paul K. Church, Louis A. Boas, Stephen Stockdale, Vernon R. Johnson, Lewis M. Williams, Weldon Clark, Robert Campbell, and Walter Tucker of Boise, George Dean and Delmont Smith of Lewiston, Ernest K. Fuller, of Rose Lake, Norman Nelson of Pasco, Washington, Jess E. Buchanan of Spokane, Neal Nelson of Heyburn, Sprague M. Stevens, Wallace York of Blackfoot, George Paulson of Twin Falls, Alton Crowe of Kamiah, Orin Gudmunson of River Falls, Wis., Elliot Fletcher of Richfield, Nels Werner of Chicago, Clark Cram of Payette, Henry Powers of Burley, George Burroughs of Burley, and Elgy O. De Chambeau of Eagle.

NEW PLANS DEVELOPED FOR ASSEMBLY PERIOD

Will Be Opened And Closed By Set Formula In Future

Added dignity and formality will be given to university assemblies in the future, under a plan announced Monday afternoon by President A. H. Upham. Under the new system, there will be a set formula for the opening and closing ceremony of every assembly.

It is now planned that each assembly will be opened with some musical number, such as a vocal or piano solo, or an orchestra number. Immediately after this is finished, the pianist will strike the first chords of an Idaho song, and the student body will rise and sing the selection. The song has not yet been chosen, but it will be one of the present ones.

Then, at the close of the address, the audience will rise and sing two verses of "America". Some sort of music will also probably be furnished each time as the auditorium is emptied.

The new plan will be tried for the first time at the regular assembly Wednesday morning.

Intramural Games Start Program of Four Games

S. A. E. Wins From Lindley; Kappa Sigma Lose To Phi Delta Theta

Intra-mural basketball started with a bang Monday afternoon with four games, almost any one of which might have been the feature game of a single meet. The Lindley hall team went to defeat, 29 to 9, at the hands of the S. A. E. team, who showed some genuine basketball form.

The half ended with the S. A. E. team on the long end of a 16 to 3 score with the hall team having hard luck on their basket shooting. The Lindley boys being to bet going until a few minutes before the final gun, they were unable to tie the score.

In the game between Kappa Sigma and Phi Delta Theta, the Phi Deltas won by a score of 19 to 18. Some thrills were experienced as the score sawed almost the entire game with neither team having a material advantage. At times the game was a little rough but on the whole was a very good, fast game.

"Nelly" Nelson refereed the first game and "Dusty" Kline officiated at the second, both being very satisfactory and showing an intimate knowledge of the latest things in basketball.

SUMMARY

Lindley	C	S. A. E.	Coon

Brown	G		Reid
Edelblute	F		Mix
Marjneau	F		Nelson
Substitutions—Phi Delta Theta-Mellin for Reid.			

PACIFIC COAST TEAMS FACING HARD BATTLES

(Continued from page one)

willingness to fight under the most adverse conditions, including "Hunk" Latham, center, and H. W. Chapman, forward. The former was last year all-Pacific Coast center, and is said to be going in better shape this year than ever. T. H. Gillenwaters, and L. F. Alstock, are two other Lemon-Yellow players above the average.

HUSKY FORWARD BACK

Washington, since the recovery of R. B. Hesketh, forward, from injuries to

his knee received in early season workouts, has shown an improvement in its playing, and should be able to hold its own against the most formidable lineup Oregon can throw into the game tonight.

After a two-weeks rest from conference competition, California will battle Saturday with the Stanford Cardinals at Palo Alto in the only game in the southern section, with the situation favorable for a California victory. Stanford, however, is not to be despised, for she succeeded in beating the University of Southern California a week ago in the second of their two game series on the Palo Alto court. Her most dangerous man is Gordon Campbell, forward, who plays a brilliant floor game and hits the basket with regularity. He stands sixth in individual scoring in the conference, with a total of 30 points, garnered in four games. For California, H. G. Belasco holds high honors for the squad with 20 points made in two games for eleventh place.

COUGARS LOSE GAME

Washington State college, still stinging under a 23 to 25 defeat suffered at the hands of the University of Montana Saturday night at Missoula, after taking the first of the two games handily, and having the second practically won during the first half, will tangle for the second time with the University of Idaho Vandals in a two-game series this week-end, to be played at Moscow and Pullman, respectively. The weakest point in the W. S. C. lineup still continues to be at center, where Coach "Doc" Bohler has now tried three men, with varying degrees of success. His latest shift, made during the past week, of Hugo Schultz, star forward for the Cougars, to the pivot position in place of C. P. McCarthy, still does not seem to effect the best results. The change has not weakened the Cougar offensive to any noticeable degree, and is an improvement, but Schultz is not the ideal type of tip-off man, and it would not be surprising if still another change were made before the close of the season.

Schultz now ranks second in conference honors with 48 points, with W. W. Kelso in fifth place with 32 points. IDAHO TIED FOR THIRD PLACE Idaho is now tied for third place in the pennant race. The shifting of Walt Reamer to the bench with a bad knee, which is likely to keep him out of the game for some time, has put in "Skip" Stivers in his place at forward. "Bob" Fitze, Idaho center, still holds down third place in conference scoring tabulations with 37 points.

The University of Montana is the only team in the northern division which does not play a conference

game this week. She considerably surprised fans by dividing honors with the Washington State quintet last week, and showed evidence of causing further trouble for those fighting for the top rung of the percentage column. T. W. Hillman, the flashy Montana center, still holds the premier position among individual scorers of the conference, with a total of 67 points, while G. P. Dahlbert, guard, maintained his fourth place rating during the past week, boosting his total from 28 to 34 tallies.

Betas and Phi Alphas Win Intramural Games

Third and Fourth Games Of Series Are Fast And Hard Fought

The Phi Alpha Psi's won the third game of the intra-mural series by a score of 17 to 12. In the first half the Elwetás were considerably out-classed, the half ending 9 to 2. They staged a comeback however, in the second period with Bieler as the star performer. Powers and Fuller starred for the Phi Alpha Psi's.

SUMMARY

Phi Alpha Psi	R.F.	Elwetás	Lydig
Fuller	L.F.		Bieler
Paulson	Center		Pickett
Powers	R.G.		Eastman
Williams	L.G.		McKinley
DeChambeau			
Substitutions—Fox for Lydig for the Elwetás.			

The Betas won from the Phi Gamma Delta team in a fast game featured by its roughness. The Beta team made a remarkable recovery in the last five minutes of the game. Up to this time the Phi Gamma five had been in the lead, largely because of its superiority in weight. The Phi Gamma's had a much heavier team and the recovery and subsequent victory of the Betas was unexpected. The playing in this game was very rough and more like a football fracas than a basketball exhibition.

THE LINEUPS

Beta Theta Pi	Phi Gamma Delta
Wagner	R.F. C. Hutchinson
Shrontz	L.F. Peterson
Moe	Center R. Hutchinson
Heiss	R.G. Smith

Things I'm Tired Of

I am tired of looking at bristly necks of bob-haired girls.
I am tired of frowsy bobbed heads.
I am tired of plaid woolen hose.
I am tired of hearing men students clump around in high boots.

I am tired of muddy shoes.
I am tired of looking at the sleek oiled head of the young man in front of me.

I am tired of hearing about the poorly informed college student.
I am tired of the old jokes about the students who are going to flunk out and get sent home.

I am tired of hearing threats about the examinations.
I am tired of counting my past due assignments.

I am tired of hearing students ask, "Whatta yu think he's gonna ask in the final?"

I am tired of hearing the profs ask, "How do you people expect to get through the course when you don't read your text?"

I am tired of the cold weather.

I am tired of hearing "No, No, Nora."

I am tired of eating chipped beef on toast.

I am tired of the silly jabber I hear in the library.

I am tired of getting up at 6 a. m. Thank goodness, the semester's over.

ABOLITION OF R. O. T. C. URGED AT WASHINGTON

University of Washington—"We should object to military training on our campuses," said Cecil Miller in

his speech in chapel Sunday afternoon. Mr. Miller discussed the subject of war as it was presented at the Student Volunteers' convention in Indianapolis.

Three methods of abolishing war were offered to the audience for vote. The ballots were very evenly divided between the League of Nations plan and direct pacifism. The first proposition, preparedness, received a negligible vote.

Cal Smith Shop For Men

ROGER BACON 1214-1294

English philosopher and man of science. Studied at Oxford and the University of Paris. Wrote the Opus Majus, Opus Minus, Opus Tertium, and many other treatises.

For this he was sent to prison

Roger Bacon may not have invented gunpowder, as has been claimed by some biographers of the famous Franciscan friar, but he exploded some of the outstanding errors of thirteenth century thought. Because of his advanced teachings, Bacon spent many years of his life in prison.

In an age of abstract speculation he boldly asserted the mathematical basis of all the sciences. But even mathematical calculation, he showed, must be verified by experiment, which discovers truths that speculation could never reach.

In the Research Laboratories of the General Electric Company, Bacon's principles are followed in every experimental investigation. The gas-filled electric lamp and the electron tube were worked out on paper, but it was experimental verification of the underlying mathematical theory that made electric illumination, radio broadcasting and X-rays what they are today.

More than a million dollars a year is devoted to research by the General Electric Company in order that the giant—electricity—may be made more and more useful to mankind.

DEAN DAVIS DISCUSSES PHASES OF PEACE PLAN

Large Audience Hears Talk On Plan Promulgated By Edward Bok

Dean Robert M. Davis, of the law school, discussed the Bok Peace plan before a large audience at the Presbyterian Church Sunday evening.

Dean Davis, in discussing the subject, said in part:

"Edward Bok, for many years editor of The Ladies' Home Journal, was born in Austria, brought to America at the early age of six and began then to mold himself into his idea of a true American. Lovingly, has been his guiding principle, given him by his father. It has been to make the world a little more beautiful with flowers, trees and other arts of nature and to make it a little better place in which to live. It was on this last theory that he offered the \$100,000 as a prize to the person or organization perfecting the most usable, practicable plan whereby the United States might cooperate with other countries for the attainment of a better social and political international relation.

"The plan most highly approved was evidently written by a profound student of international affairs, just who or what person or organization is to be revealed before very long. There is more than a breath of the old peace treaty in it. Many of our present and more recent social legislation, such as forty-eight hour working week, one rest day, child labor restriction, employees recompense, etc., are embodied as suggestions for international adoption. The court, as outlined would be similar in structure to that of our supreme court, with all of the nations represented in some capacity. Some of the offices would be elective, hence partially controlled and checked by popular wish. The plan, as a whole, seems non-partisan, favoring heavily of the best ideas of both Harding and Wilson."

Dean Davis was most enjoyable with his touch of humor and direct, informal and well grounded handling of this much discussed subject.

Men Adopt Golf Socks and Knickers as Style for 1924 Spring Wear

Colorado State College—"A moustache is not complete without its golf socks and knickers," so saith the fashion department of C. A. C. Strange as it may seem this exclusive shop which boasts the latest in chic modes in the Sigma Nu house a la Fifth avenue. The fashion promises to be ultra good because before noon on Monday 200 orders for golf socks and 100 for knickers had been placed with local "corner sewers."

The co-eds have acquired an unusual interest in the graceful ankles et cetera. Full appreciation of the esthetic possibilities of such observation had resulted in conversation similar to that among the men before long skirts made their debut.

She: "Isn't it strange that a man's arm is equal to the circumference of a girl's waist?"
Dumbell: "Let's get a string and see."

Defeated Candidates Initiate at U. of W.

Colors Are Jet Black And Coal Black; Cauliflower Is The Official Flower

University of Washington—The regular defeated candidates club initiation was held Thursday evening. Following the A. S. U. W. elections. Seven "losers" were initiated and Dean Milnor Roberts, College of Mines, was taken into the organization as Neophyte Emeritus.

Officers of the organization bear the following titles: His Mexican Highness (president), Most Salubrious Smearer of the Slimy Salve, (vice-president), Pusher of the Pensive Pen (secretary), Keeper of the Deficit (treasurer), Coraller of the Campus King (outer guard). Colors of the club are jet black and coal black. The official flower is the cauliflower. The war cry is "We're Crabbed, We're Licked, We're Crabbed, We're Licked, Mud, Mud, Mud." Official insignia: a blackball on a white background.

FOLDERS RECEIVED FOR GIRLS' BEAUTY CONTEST

Pictures Of All Girls To Be Entered In Race

Folders for entrants in the Vandal Beauty contest—a novel feature of this year's Gem of the Mountains—in which John Held, Jr., will select the three fairest co-ed Vandal in Idaho, are now being distributed from the office of the annual staff in the U. hut.

February 11 is the closing date for the filing of these folders which go into a box underneath the bulletin board in the Administration building. ALL CO-EDS INCLUDED

The pictures of all the women on the campus will be submitted in the contest whether or not they make out a folder. The object of the folder is to give each girl a better opportunity for displaying her pulchritude in pictures. All folders will be returned. Each of the three young ladies selected will have an individual page devoted to her in the "Gem of the Mountains", showing her in a formal and informal poses. In filling out the folder, the co-eds are asked to eliminate as far as possible any pictures showing sorority pins.

Nip: "I just won ten dollars on a horse that didn't have a tail."

Tuck: "And I lost twenty dollars on one that couldn't get ahead."

Sleep Machine May Relieve Students' Burdens and Trials

"Obak's Kollege"—At last science is coming to the rescue of the overburdened collegian; some scientist now claims an electrical apparatus that recharges the brain cells, relieves fatigue, and after only a few moments of "recharging" the individual is prepared for another day's struggle sans slumber, sans bed, sans changing clothes.

What a perfect Utopia this will be when students no longer have to worry about staying up all hours of the night. One can then stay up all night preparing for a quiz, step into the house "charging machine," become refreshed in a few moments and walk lightly and happily to the 8 o'clock class—wide awake.

With 24 hours of the day devoted to studies one will have just about enough to get caught up; under that arrangement instructors will be justified in giving the length assignments that they are now handing out. And think of what a great effect it will have on term papers. Along in the dead hours of the night the term paper fiends will step to the recharging station, take on about ten hours sleep in as many minutes and dash back to the duty.

Incidentally dances then will probably run all night, instead of midnight refreshments there will be midnight brain cell treatment and then "on with the dance."

School of Forestry Offers New Courses

Dean Miller Announces Two Classes Not Listed In Catalog

The School of Forestry is announcing two courses open to non-forestry students the second semester, 1923-1924, Forestry 90, Our Trees and How to Know Them, and Forestry 42, Farm Forestry, each two credits.

The first is a new course and will acquaint the student with our native trees including their life history and identifying characteristics; uses of important commercial woods, furniture, cabinet making, interior decoration, etc. Two lectures per week, supplemented by occasional field trips. Tentative hours, W. and F. at 2 o'clock, Room 30, Morrill Hall, Mr. Watson.

The course in Farm Forestry attempts to show the relation between forestry and agriculture. The establishment of farm wood-lots and wind breaks, what, when, where, and how to plant are discussed. Especial emphasis is placed upon the value of wind breaks in the treeless belts. Ornamental planting and the preservative treatment of farm timbers are other topics considered. Two lectures per week, M. and F. at 8:00, Room 30, Morrill Hall, Mr. Miller.

Harsh Penalty for Cribbing at Denver

Denver University—Drastic penalties, in an effort to entirely curb cheating in mid-semester examinations were decided upon at a faculty meeting at Denver University.

Any student caught "bubbing" will lose entire semester credit in the subject without formal trial. In some cases the executive committee is empowered to refuse the offending student entrance to the class for the second semester and expulsion will be resorted to if necessary.

"Isn't there some fable about the ass disguising himself with a lion's skin?"

"Yes, but now the colleges do the trick with a sheep's skin."

"Oh, yes, Jackle has a new siren for his car."

"Zat so? What became of the blonde one?"

Rolls—Fellow would change the name of Hollywood to Follywood.

Royce—The Hollywood!!!

—McGill Daily, Montreal.

INDIANA CO-EDS NOW ACCEPT TIE PINS AS HEART BINDERS

Purdue University—Always something different for the co-ed, and this time it is the wearing of her "best man's" scarf pin in place of a fraternity badge. If he is not organized, or is only pledged, a co-ed may accept his tie pin as a token of everlasting devotion. The fad has lately been instituted at Indiana University. This practice has two advantages; it may be placed in a more conspicuous place than the ordinary pin, and the value of the pin may be varied according to the size of the man's pocketbook.

RULES GIVEN TO SYRACUSE FROSH

University of Nebraska—The Senior Council has proclaimed that all first year men shall tip their hats to all wearers of the Orange "S." It is expected that the loyalty of the first year men and their appreciation of the achievement of the Orange athletics is expected to make enforcement of the rule unnecessary as far as compulsion is concerned. The Council also urges that all undergraduates entitled to block letters wear them.

WOMAN BEATS WORLD RECORD FOR DISCUS

University of Nebraska—Throwing the women's discus ninety-nine feet an delight inches was the feat recently accomplished by Miss Mildred Horrocks of the University of Chicago. This throw done in practice was better than the present world record for women.

Senior Council Runs Union Student Body

Union College, N. Y.—Seven seniors compose the controlling body in the student government at Union College, Schenectady, New York, one of the oldest schools in the country. Four members of this board, called the Terrace council, are elected by the outgoing council, and three are elect-

ed by popular vote of the students. Freshmen are not allowed to vote.

Legislative measures are voted on by the students. The honor code is enforced for class examinations. An Honor Court, composed of four seniors and three juniors, tries and passes judgement in all cases.

AND THE PORCHLIGHT BURNED

Where's the daughter?" asked a Siberian chieftain of his wife.
"Oh, she's sitting out on the steps with her young man!"—Widow.

CHI BETAS OPEN HOUSE

RECEIVE IN NEW HOME

(Continued from Page One)

The house was beautifully decorated with sweet peas, and rosebuds, which harmonized excellently with the color scheme and fixtures in the house. Three pretty parlor lamps, of different types and shades, embellished the attractiveness of the other decorations and features in the main parlor. Mention should be made of the appropriateness and elegance of the drapes which are pleasing in tone and color.

Miss Beryl Wright was at the head of the receiving line followed by Deaq French, Mrs. Ida Everly, the Chi Beta Epsilon house mother, Pres. and Mrs. Upham, and the patronesses of the sorority, Mrs. Hagan, Mrs. Stewart, and Mrs. Gale. Following these were the senior girls of the organization and members of the W. S. C. chapter of Alpha Chi Omega.

The Chi Beta Epsilon house is a combination of the California bungalow and Colonial types of architecture, and is considered one of the finest fraternity houses on the Idaho campus. It is a three story structure, modern in every respect, and equipped to comfortably house about thirty two girls. Work on the house started September 3, and continued until Dec. 18, at which time the house was ready for occupancy. The girls moved into their new home a day or two before the Christmas holidays.

The Chi Beta Epsilon sorority was started in February 1923, with fifteen charter members. In November 1923

it had the names of about twenty-five on its rolls and formally petitioned the national sorority, Alpha Chi Omega. On the evening of Jan. 28, 1924, word was received to the effect that that organization had accepted the petition and a charter was granted. Formal installation has not as yet taken place. Early in the spring installation ceremonies will probably be held.

Monday afternoon a tea was given by Chi Beta Epsilon in honor of its new house mother, Mrs. Ida Everly,

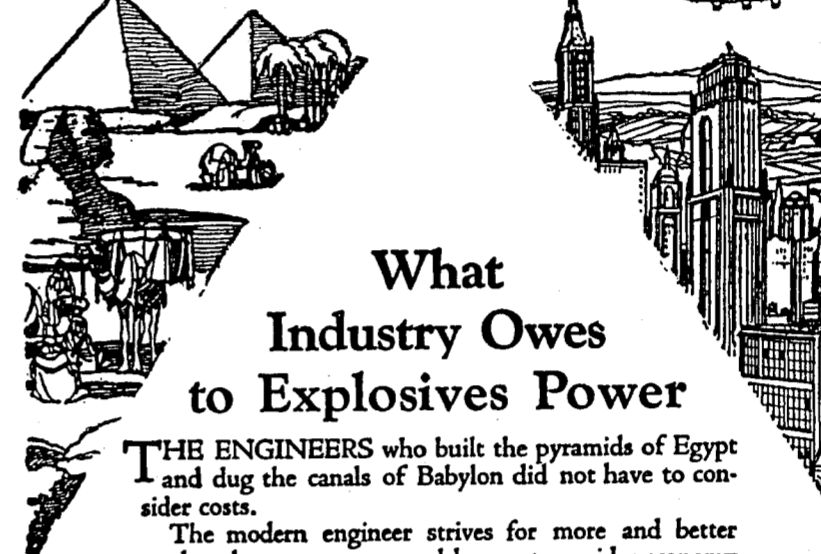

and patronesses, Mrs. Hagan, Mrs. Stewart, and Mrs. Gale. Dainty and delightful refreshments were served at this informal affair. Miss Marlon Wetherall of Mountain Home, favored with several splendid piano solos which were well received.

What Industry Owes to Explosives Power

THE ENGINEERS who built the pyramids of Egypt and dug the canals of Babylon did not have to consider costs.

The modern engineer strives for more and better work at lower expense—and he must consider economy as well as accomplishment.

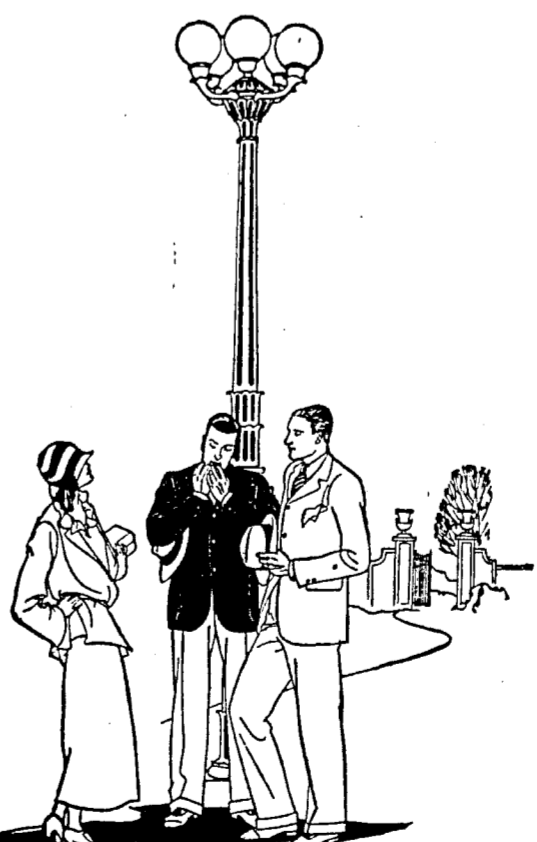

The economical production and distribution of wealth are made possible today through the use of explosives. And the enormous consumption of explosives throughout the world is an index of the influence they exert in our economic life.

The du Pont Company produces 120 million pounds of dynamite and from 85 to 100 million pounds of blasting powder a year. Twenty-four du Pont mills are scattered over the country at strategic points for better service to our industry. Five research laboratories are maintained for constant improvement of the product. An expert technical field staff offers counsel in employing the most scientific blasting practice.

And while du Pont is the largest single manufacturer of explosives and is the leader in the industry, this company makes only about one-third of the total quantity consumed in the United States.

The history of the du Pont Company is the history of explosives evolution. Du Pont has been privileged to lead the way in the development of explosives power.

Introspection

HALF of the present college year is gone. Four and a half months have passed since the first registration last fall. But now that the first semester is over you can view the work which you so eagerly began in the warm autumn days of last September.

Now is the time when you can calmly think over the results of those past few months. In an introspective mood you can see the mistakes that you made, the hours that you wasted, the time that was uselessly spent.

In cold black and white the result of those months of work now stare you in the face. Have those results come up to your expectations? Are you satisfied with the grades that you received, the learning that you have acquired? Has the cost in time and money far exceeded the things that have been gained?

Those three questions can be answered easily,— if the grades are unsatisfactory, if the time has been wasted, and the money needlessly spent—you are to blame. You were offered every opportunity to make the best use of your time, to apply yourself and really gain something from your classes, your laboratories and your associations. If you have not—blame yourself!

But this realization is of no avail if you do not apply it to future situations. A new semester is beginning. It affords an opportunity to correct your mistakes, make better use of your time, and do those things which should have been done before. The months just passed should serve as a spur to the semester that is now ahead.

Getting Along

HAVE you ever stopped to consider the dual nature of a college education? On the one hand the college offers learning, knowledge; and on the other, opportunity for development of personality.

Next to a sound liberal or technical training, the best asset a young person can have is the ability to get along with other people. The student can arrive at his complete development only by associating with people, talking with them, thinking with them, working with them, and getting their point of view. Vital action and reaction among individuals are essential to personal development. The student who is strong in his scholastic attainments and in his personal associations almost invariably becomes a leader in his university and later in his practical life.

The object of a university should be to produce men and women of better personality, who will be alert and adaptable and better equipped to successfully meet the problems of active life. A person's knowledge determines what he is; but the nature of his relations with others largely determines what he can do.

EDWARDS-MUSSER WEDDING

Sigma Nu announces the wedding of Miss Jessie Edwards of Boise, to John B. Musser of Filer, which took place at the local Presbyterian church Monday evening at 9 o'clock.

The groom is a member of the junior class and is enrolled in the law school. Miss Edwards arrived in Moscow a few days ago to register for the spring semester.

Simplicity was the keynote of the pretty wedding ceremony. Peter Paul Drus performed the part of best man and Miss Lois Crane was bridesmaid.

SIGMA NU DANCE

Sigma Nu entertained last Saturday evening with an informal rough-neck dance in honor of the completion of the examinations of the first semester. The list of guests included Prof. and Mrs. Graves, Mr. and Mrs. Richard Westover, and the Misses L. Lang, H. Yost, E. Wilson, L. Crane, D. Wicher, H. Grimm, E. Jones, P. Tschirgl, F. Stone, B. Glindeman, A. Baker, G. Ide, B. Suppinger, O. Budge, L. Carter, J. Batterton, E. L. Bolger, B. Musgrove, R. McKinney, J. Keane, F. Walker, M. Pringle, A. M. Leithe, E. Rach, B. McDonald, C. DeWitt, M. McAttee, K. Bowden, M. Vetch, D. Helm, R. Montgomery, J. Griegson, K. Dwyer, M. Evans, Cartwright, L. Olson, I. Mathews, H. Hallar, and the Messrs. J. Chapman, V. Hoobing, G. Dart, and MacMillan.

S. A. E. DANCE

Sigma Alpha Epsilon entertained with an informal house dance after the Gonzaga game Saturday evening. The guests were Mr. and Mrs. David MacMillan, and the Misses C. Maloney, E. Kennedy, R. Shepard, F. Green, M. Hogensen, H. Wheeler, M. Carland, P. Pangbor, M. King, R. Felton, D. Penwell, M. Hansen, D. Lane, M. McCallum, F. Ondes, P. Pence, H. Wood, M. Paisley, U. Hughes, J. Greve, R. Preuss, M. Duevel, L. Shaw, E. Thomson, M. Collins, H. Jones, I. Costello, I. Durham, G. Morgan, M. Schick, M. Anderson, F. Kerr, M. Pearson, R. Zornes, G. Taylor, H. Honnold, B. Hasfurth, M. Taggart, E. Blackburn, McNichols, H. Stanton, and the Messrs. H. Kilne, H. Porter, Newsum, and Rohwer.

Dinner Guests

Kappa Delta: Messrs. Williams, Swanson, Pachen, Johnson, Logan, and Martinson.

Sigma Nu: Dean French, and the Messrs. V. Hoobing, J. Chapman, C. Crump, and G. Dart.

Kappa Delta announces the pledging of Francis G. Miller, Dean of the School of Forestry, and Frank H. Timm of Pipestone, Minnesota.

A party comprising the Misses Sweet, Weatheril, Trousdale, and the Messrs. Archibald, Brenn, and Wyland, attended the Alpha Tau Omega informal dance in Pullman Saturday night.

Head of Zoology Dept. Given Important Place

Dr. J. E. Wodsedalek, head of the department of zoology and entomology, and director of the pre-medical and pre-nursing curricula at the University of Idaho, has been made director of graduate study, according to an announcement made from the office of President A. H. Upham.

Enrollment in the graduate division of the university is increasing rapidly and the demand for advanced study is welcomed generally by the highly trained members of the university staff. Practically all departments of the university, to the numbering of at least 20, are offering graduate work leading toward the master's degree.

All matters pertaining to graduate study were formerly under the general direction of the committee on graduate instruction and research, of which Dr. Wodsedalek is chairman.

Professor Wodsedalek will also have charge of graduate study in the Summer school of nine weeks, which will begin May 19.

Broken Dribbles

A couple of tramps were reclining in the shade of the old apple tree one day and the following conversation resulted:

Kinardy Waddle—"Gee bo it'll sure be swell when all we have to do is push a button and everything will be done by electricity, won't that be the porpoises piccolo?"

Settin' Sleep—"Dat will sure be fine bo, but who is gonna press de button?"

Here's one for the Art students: Critto—"The picture of the horse is good, but where's the wagon?"

Artist—"Oh, the horse will draw that."

Here's one from the Moscow "Two Forty Niner."

An Elk was travelling on one of the Transcontinental trains, and had left his Pullman berth to go to the smoking room. Upon his return he found the berth occupied by two young ladies, who had been given it by mistake. "I beg your pardon, but some of us will have to move," courteously said the jolly Elk.

Two co-eds were talking about the dance they had attended, the night before, and their conversation went something like this:

First co-ed—"When Ray danced with me last night he kept letting his hand slip down my back."

Second co-ed—"I certainly hope you rebuked him soundly."

First co-ed—"I did, I told him to keep it up."

That's what the man said to the worn out suspenders.

One of the local department stores had a sign out the other day which read, "Wanted girls to sew buttons on the fourth floor." Must be something loose on that floor.

"Mrs. Clancy your child is badly spoiled."

"Be off with yer insinuations."

"Well if you don't believe it see what the steam roller did to it."

The way to get a drag with a bald-headed man is to tell him plenty of hair-raising stories.

"Just one more kiss honey."

"No, the street car goes by here at twelve and it's already eleven."

Paying five bucks for a couple of pair of Boston garters would not be a robbery—it would be a holdup.

The plumber called to do a little repair work, and was met by the small son to whom he said, "I've come to fix that old tub in the kitchen." Whereupon the young son gave vent to the following cry, "Oh mamma, here's a man to see the cook."

Ho yokel, canst tell me the whereabouts of the Firth of Forth? Ho thyself, has searched between the Firth of Third and the Firth of Fifth!

An absent minded professor thought he had left his watch home, so he took it out to see if he had time to go back and get it.

Never knock a moustache when it's down.

The secret of health is to eat raw onions, but it is hard to keep the secret, secret.

As Shakespeare would say, "None but the brave deserve the fair." But it takes the bravest in the world to live with them after you have got them.

A newly married couple will make a good team if there is only one tongue between them.

You've heard of paddling canoes, but during the last few days something more than canoes have been paddled.
