MOSCOW, IDAHO, WEDNESDAY, MAY 7, 1924

NUMBER 51

CHI BETA EPSILON TO BE INSTALLED MAY 9 AS ALPHA CHI OMEGA

Local Group To Be Sixth National Sorority On Campus

(By Phil Tolman, H. P.)
Formal installation of Chi Beta Epsilon, local sorority, into Alpha Chi Omega, national women's fraternity, which will take place Friday night, May 9, marks the appearance of the sixth national sorority on the Idaho campus.

Saturday afternoon a banquet will be given in Forney hall by the new initiates of Alpha Chi. Following the banquet, Saturday evening, a formal installation ball will be given in the ballroom of Forney hall.

LIST OF INITIATES

Charter members of Chi Beta Epsilon who will be initiated into Alpha Chi are: Maud Carland, St. Maries; Edna Sake, San Francisco; Francis Noggle, Chico, Calif.; Beryl Wright, Rupert; Anita Lipps, Marion Sickles, and Helen Hibbs of Lapwai; Ida Mathews and Viola Dissault of Pocatello; Josie Nash, and Blanch Boyer, of Boise; Mirth McArthur, Coeur d'Alene; Esther Kennedy of Clarkston, Wash.; Merna Bliss, Sandpoint; Mildred Evans, American Falls; Nellie Green, Troy; Sara Jones, and Mary Penwell, Moscow.

The Idaho chapter, the forty-first, of Alpha Chi Omega will be known as Alpha Rho. At exactly the same moment Alpha Sigma chapter, the forty-second of Alpha Chi Omega will be installed at Ohio Wesleyan university. These two will be the twin chapters of their national sorority.

SIXTH NATIONAL

Alpha Chi Omega was founded at the DePauw university, Greencastle, Indiana, in 1885, the sixth national women's fraternity. Since its foundation it has installed chapters in the largest of the eastern and middle western colleges and universities. Within recent years it has extended its organization to take in the state schools of California, Washington, Oregon, Montana, Idaho, and New Mexico, and its total number of chapters, including the "twins," is forty-two.

INSIGNIA IS GREEK LYRE

Colors of Alpha Chi are scarlet and olive green; its official insignia is a golden pearl studded Greek lyre. Promotion of scholarship and fraternal spirit are the paramount aims of this sorority.

Chi Beta Epsilon, Alpha Rho of Alpha Chi Omega, was organized on the Idaho campus February 7, 1923. The original roll held the names of

(Continued on page three)

WOMEN'S ORGANIZATION HOLDS ANNUAL ELECTION

Bertha Glindeman is Chosen As Co-ed President

Bertha Glindeman of Coeur d'Alene, a junior in the college of letters and science, was elected president of the woman's league, an organization of all university girls to foster women's cooperation and activities, at a recent election. Other candidates for the office were Ruth Montgomery of the Bozeman, Mont., and Frances Noggle of Caldwell.

Candidates for the other offices and their respective votes received were: Vice president, Gladys Perry of Moscow, 109; Maude Carland of St. Maries, 90; Florence Selby of Boise, 100; secretary, Helen Honnold of Twin Falls, 118; Ruth Zornes of Coeur d'Alene, 94; Constance Taylor of Burley, 87; treasurer, Ora Budge of Boise, 167; Polly Parrott of Twin Falls, 131; Secretary to the exchange, Marguerite Barlogi of Boise, 127; Ruth Hove of Spokane, 108; Elizabeth Mount of Spokane, 63; secretary of the "point system" for women's athletics, Margaret Carter of Boise, 120; Florence Walker of Wallace, 101.

ENGINEER'S MAGAZINE
The Engineer's Magazine will be on sale today, according to the announcement made by Fred Crandall, editor.

VANDALS AND COUGARS READY FOR DUAL MEET

Meet Comes Saturday On Home Field

For the first time in the history of the institutions, the Vandal track team has an even break to defeat the cinder stars from Idaho's traditional rival, W. S. C., in a dual meet. In the meet, which is to be held on the local field Saturday afternoon at 2:30, Idaho will enter the strongest aggregation of track athletes that has represented her in recent years. The record of track meets between the two schools is an unbroken list of defeats for the silver and gold, but the prospects for a reversal of this long standing supremacy are particularly bright this year. R. L. Matthews, director of athletics, has developed some exceptionally strong men in all events, particularly the dashes and high jump.

Keith in the dashes won over his W. S. C. opponents at the Spokane meet and is depended on for a first place in Saturday's meet. Casebolt in the 440 is also a sure point winner, with Eaton and Powers good possibilities in the sprints. Louis Williams expects to win over Melander of W. S. C. in spite of the fact that their race

VANDALS AND HUSKIES DIVIDE DIAMOND TILTS

Idaho Wins Saturday's Game 9-6

Idaho's baseball team met the University of Washington nine in a two game series at Seattle Friday and Saturday, losing Friday's game, 12 to 8, and evening up accounts by a 9 to 6 victory Saturday. The Vandal squad left Moscow Thursday for a week's trip, during which games are scheduled with the University of Washington, May 2 and 3, O. A. C. at Corvallis, May 5 and 6, and the University of Oregon, May 7 and 8, at Eugene.

In the first game Friday, the local boys were unable to stop the scoring of the Washington team, although they in turn hit the ball often enough to win most games. Snow and Golden pitched excellent ball, with Kinnison receiving. The support, however, was a little ragged in this game, which gave Washington the long end of the score.

TWO CIRCUIT SWATS

Bent on a victory Saturday, Idaho played a hard game, winning through superior infield work and harder hitting. Fitzer and Wicks connected for circuit drives which gave the necessary margin to win. Both teams were credited with 12 hits apiece but Idaho managed to make 9 of their count against 6 for the University of Washington.

After meeting two of the strongest teams in the conference, Idaho has a percentage of 500, having divided a two game series with W. S. C., and one with U. of W. This, coupled with the fact that Idaho has gotten off to an early start with seven lettermen in uniform, seems to dope out favorably for Idaho to come out on top in the present diamond season.

The next games to be played at home are two with the University of Montana team, Monday and Tuesday, May 12 and 13, following which return games are scheduled with the University of Oregon, May 20 and 21.

JOHN DERR SELECTED LINDLEY HALL PREXY

John Derr of Clarksfork, Idaho, a junior in the school of agriculture, was elected president of the Associated students of Lindley hall in the annual election held Monday evening. Mr. Derr took a leading part in perfecting what is said to be the best organization that the hall has ever had.

Other officers chosen were: Charles Lawson, vice-president; Homer T. Curtis, treasurer; Winfred Martin, athletic manager. Members of the inter-hall council for next year are: Devant Jordan, James Chapman, Frances McKee, and Robert Lawson. In addition to the general officers, Walter Byrne and Walter Mooney compose the executive board.

Campus Day Comes Next Wednesday

Wednesday, May 14, will be Campus day, according to announcement made today by Lawrence A. Wallace, who is in charge of the day's events. Work will begin that morning at 7:00, and all men will report at that time in their old clothes to their captains, at the places designated. All morning work on the various projects will be carried out, but all labor will stop sharply at noon. The "I" club will act as a vigilance committee for the day, and will be on the lookout for all shirkers. An ice-cold bath is in store for all those caught.

There will be a concert by the Military band at 1 o'clock on the campus, and the May Fete and the pageant "Robin Hood" will be given at 2:30. Tickets for a 6 o'clock lunch on the Ridenbaugh hall lawn will be on sale at the pageant, at 25 cents each. Admission to the pageant will be 10 cents, to cover the cost of the costumes. Mortar Board, senior women's honorary, is in charge of the afternoon's program.

Dinner will not be served at any of the group houses, because of the picnic lunch, and Dean French has requested that town students also attend.

At 8 o'clock in the evening the Campus Night dance will be given in the gym by the Pep band orchestra.

CREWS FOR CAMPUS DAY

Lawrence A. Wallace, Generalissimo
Fred Crandall, Adjutant
Project No. 1: REPAIR OF ATHLETIC FIELD, Meet at Gym.

V.; DeAtley; DeChambeau; DeClark; Derr, A. M.; Derr, J.; Derrick, Dick; Diehl; Disney; Dobbs; Doty; Dowling; Draper; Dresser;

(Continued on page three)

Idaho Takes Third In Annual Seattle Spring Relay Event

Idaho's relay team, composed of Keith, Eaton, Sowder, Powers, and Casebolt, won second place in the only relay events they entered at the Northwest conference relay meet held in Seattle Saturday. In addition to this, Keith and Eaton placed third and fourth in the 100 yard dash, the only event besides the relays which Idaho entered. Points were distributed among the five teams entered as follows: University of Washington, first, O. A. C., second, Idaho, third, W. S. C., fourth, and the University of Oregon, fifth.

Five relay events were held, the half mile, medley, mile, two mile, and four mile, in which Idaho entered the half mile and medley races. Placing second in both these events definitely establishes Idaho's relay team as one of the best in the Northwest.

FROSH BASEBALL HAS PROMISING OUTLOOK

If numbers count for anything, the freshman baseball team should be a "dinger", as there are nearly 40 candidates for places on the yearling squad, which is working hard under the guidance of "Lefty" Marineau, frosh baseball coach. Some good material seems to be in evidence, but as yet no berths have been definitely cared for. The hurdlers and receivers have been turning out with the variety for several weeks, several of them showing some real stuff, but the rest of the candidates did not turn out until Thursday of last week.

Such a late start will handicap the first year men to some extent, as they will not have a very extensive schedule, the delay will not make a great deal of difference. No games have been definitely scheduled as yet, but two are in prospect with W. S. C. freshman, and there is a possibility of several games with the local high school.

CELEBRATION BY AGS IS CAMPUS SENSATION University Waxes Merry At Old Time Jubilee

(By Al Derr)
The staging of the Farmers' Fair, parade and show, Friday afternoon and evening was one of the best and most unique entertainments of the college year.

The parade in the afternoon proved to be as great an attraction as a circus parade. Floats representing every department, uniquely and ingeniously made up to command attention and incite interest through appeal to humor, contributed the main part. A still with a past record of actual illegal operation, previous to its public appearance as an entertainer, attracted a good share of

(Continued on page four)

IDAHO TENNIS SEASON HAS BRIGHT OUTLOOK

Idaho will have a fast snappy tennis team if the tournament games of the last week are any index to the brand of tennis that her opponents will have to face.

The men's tennis tournament has entered the semi-finals. All but five players have been eliminated. J. Wagner, Clifford Coons, P. T. Miller, G. Penwell, and C. Richards are still in the running. J. Wagner and Coons have won their way into the semi-finals. The winner of the Richards-Penwell match plays Melin. The outcome determines which will play in the finals against the winner of the Coons-Wagner match for championship.

The women's tournament has gone one round. Those who are still playing are E. Bennett, K. Wood, Marguerite May, B. Hunter, Margaret Blackinger, Edna Saake, Amy Barnard, and Mary Hurston.

The winners may be challenged to prove their worth with any of the campus.

LEO FLEMING MADE A. S. U. I. PRESIDENT

Over 1000 Ballots Cast at Polls Thursday; Manifest Spirit Attends Voting; Fleming is Victor by Over Three Hundred Votes

IDAHO STUDENT IS ELECTED NATIONAL PRESIDENT KNIGHTS

"Bob" Field Selected Grand Chieftain of Inter-Collegiate Order

J. Robison "Cuyama" Field of Emmett, president of the Idaho chapter of the Intercollegiate Knights, was elected national president of the Intercollegiate Knights for the coming year at the national convention at Washington State college Saturday. The convention, held Friday and Saturday, considered petitions from 11 middle western institutions and added several amendments to the constitution.

On the basis that the existing organization as a national fraternity was not strong enough this year to hold chapters from the middle west, all petitions were laid on the table until next year. The amendments to the constitution are aimed to strengthen the organization and build the group to the point where it will be able to assimilate groups from the east.

Other national officers elected were: H. C. McDaniel, Oregon Agricultural college, vice president; V. E. Cunningham, Washington State college, secretary; and G. O. Zener, University of Washington, treasurer.

CO-ED ARGONAUT TO BE DELAYED IN PRINTING

The Women's edition of the Argonaut will be published on Wednesday, May 21, rather than May 16, as previously planned. This change was made because Campus Day has been set for May 14, instead of May 16.

The co-ed staff has had one general meeting, at which the general make-up of the paper was planned. This edition will review campus day events, and will contain feature articles by staff members, who are:

Editor-in-chief, Marguerite Barlogi; Associate editor, Betty Mount; Sports, Margaret Blackinger; music, Mandell Wein; Society, Dorothy Darling; Features, Ruth Aspray; campus, Sarah Trousdale; Reporters, Bernadine Hasfurther, Overetta Jones, Agatha Platt, Margaret Hansen; Rewrite, Ruth Hove; Exchange, Hazel Ormsby; art, Lillian Graves; business manager, Ruby Gates.

CAMPUS NIGHT DANCE

The first annual Campus Night dance will be given Wednesday evening, the night of Campus day, in the gymnasium, but a picked orchestra, said to be the best yet to appear on the campus.

Former Idaho Student Wins Olympic Tryouts

Word has been received that Rolin Farmin, a student in the Idaho School of Mines in 1921, but now attending Stanford university, has won the right to represent the Pacific Coast at the Paris Olympic games in boxing. In the elimination meets recently held at Berkeley, Farmin won in the heavyweight class and consequently will go direct to Paris without more competition. While attending the University of Idaho, he was a member of the tumbling team, and is now one of the gymnasium team at Stanford. Farmin belonged to the "Kappa" fraternity while here and is still an active alumnus. He writes that he is planning to take his degree at Idaho.

(By Jody Priest)
With 90 percent of the student body voting at the A. S. U. I. general election, Thursday, Leo Vincent Fleming of Burke was elected president of the student body for next year. Harold Cornelison of Moscow was elected vice president and Helene Haller, St. Maries, was named secretary.

Eugene Anderson, Malad, and Wolfard Renshaw, Kamiah, were elected senior men on the executive board. Junior men on the executive board elected were Chester Walsdorf, Stanley, Wis., and Harry Baughman, Clarkston, Wash. Bertha Glindemann, Coeur d'Alene, was named as senior woman on the executive board and Marguerite Barlogi, Hagerman, was named as junior representative. The president, vice-president and secretary are also members of the executive board.

Hubert Dudley Swim, Twin Falls, was elected managing editor of the University Argonaut, students' newspaper. Paul Harlan, Jackson, Tenn., was elected editor of the Gem of the Mountains, Idaho's year book.

Other A. S. U. I. officers elected were: Walter Garrett, Wallace, manager of dramatics; Herbert Karlburg, Nampa, associate editor of the Gem of the Mountains; Ruth Hawkins, Emmett, editor of the Blue Bucket; Blaine Stubblefield, Clarkston, Wash., associate editor of the Blue Bucket; Allen K. Larson, American Fork, Utah, manager of the stock judging teams; George Elrod, Pocatello, yell king; Agnes Cox, Kendrick, May Queen; Mary Burreigh, Priest River, Maid of Honor to the May Queen; and Mirth McArthur, Page to the May Queen.

Member Tells of Idaho Glee Club's Trip to Portland

(By J. S. McLaughlin)
The Glee Club of the University of Idaho competed with five other clubs of the Northwest in a contest held in Portland, Oregon, April 27. The cup was won by Washington State college.

The Idaho men did some very excellent singing at this event. All the clubs were required to sing Henschel's "Morning Hymn," a number demanding a nice balance of parts and great accuracy of intonation. It is to be sung unaccompanied. The Idaho Glee Club sang this song with impressive effect, rising to a fine climax from some very delicate soft singing.

SKILLED WORK
In addition to the prize song, two other songs were sung, "Oh Let Us Sing of Idaho," and "Wait Till I Put on My Crown." The latter was done with the spirit and fire necessary to make it effective. In the second stanza there is a tremendous crescendo which showed the skill of the men in working up a climax. The Coast critics mentioned "the skillful crescendos and diminuendos" of this song.

The singing done by the club on this trip was very decidedly a credit to the university. Glee Clubs have come to demand real singing by all parts from bass to tenor, and are generally recognizing the fact that the function of such an organization is singing, not "monkey-shines." That Idaho can compete so favorably with clubs from larger colleges should stimulate interest in this form of music.

HELD YEARLY
The colleges participating this year were: University of Oregon, University of Idaho, Washington State College, Oregon Agricultural College, Pacific University, and Willamette University.

Will You Shirk?

ANNUAL campus day is scheduled next Wednesday. And with its coming come the usual wild tales of suffering and hardship and gruelling labor imposed upon the offending heads of the students by tyrannical traditions and inexorable upperclassmen.

As a matter of fact, no one has ever been known to suffer permanent, or even temporary injury as a result of campus-day participation, except perhaps, those few deluded souls caught in hiding or in bed on that memorable day and given the water cure.

No, campus day is not a curse, nor even a necessary evil. Campus day offers opportunity for the practical expression of appreciation by the students of the great benefits derived by them from their state university. Realization of the fact that the students and stewards of the university grounds and buildings imposes the obligation to keep them beautiful. And one day set aside for putting in order the house and grounds where you live is not too much to ask of anyone. Students, this is your home, and as such is it not deserving of a little personal attention, one day a year?

So be it committee or individual task to which you are assigned, consider your university and assume your share of the great obligation.

Society

PI Sigma Rho Formal

Italian gardens, complete from the fountain to the goldfish, furnished the setting for the Pi Sigma Rho formal dance, given at Forney hall Saturday evening. The guests entered the garden through an old fashioned flower bower. Gay colored posies climbing the white lattice work on the walls and growing around the bubbling fountain helped to produce the true effect of a garden. Helen Martin and Edna Scott, dressed to represent spring flowers, presided at the punch table. The feature of the evening was a toe dance by Dorothy Gay. Patrons and patronesses for the dance were Dr. and Mrs. Upham, Miss French, Mrs. Blomquist, Mrs. M. M. Gamwell, and Mr. and Mrs. Robert McNair Davis.

The guests were the Misses Gretchen Mueckler, Margaret Garber, Ellen Garvin, all of the University of Montana, Ruth James and Helen Stewart, both of Lewiston, Anne Reely of Spokane, and Barbara Gamwell, Mary Huston, Egebarta Irish, Margaret Hurley, Mary Dunn, Bernice Day, Ruth McKinney, Hazel Ormsby, Margaret Carter, Bertha Glindeman, Unita Lipps, Ora Budge; and Messrs. G. Benson, G. Haddock, T. Roos, E. Sloane, G. Ellis, G. Williams, B. Green, N. Nelson, J. Buchanan, H. Carol, H. Evans, R. Scott, G. Black, C. Preuss, H. Payne, E. Kirk, G. Green, O. Logan, C. Myrene, G. Smolak, D. Payne, L. Fleming, H. Baughman, D. Dick, W. Greathouse, B. Stubblefield, Bowers, B. Lindberg, F. Minas, J. Rassumson, T. Sickels, G. Platt, V. Peterson, R. Smith, E. Strobeck, H. Clare, D. Swim, L. Rogers, A. Goff, J. S. McLaughlin, J. Raeder, P. Church, and Dr. Muttkowski, and Edward Adams of W. S. C.

Dinner Guests

Kappa Alpha Theta: The Misses Maud Carland, Millie Chapman, Grace Stone, Helen Stutz, and Grace Chapman.

Elwetas: Mrs. C. L. von Ende, and the Misses Ruth Montgomery, Ruth White, Hester Yost, Josephine Keane, Winona Rushton, and Ruth Shepherd.

Gamma Phi Beta: Messrs. T. Madden, C. Simmons, S. Kleffner, G. Hockaday, C. Heiss, R. Irvine, E.

Moe, T. Turner, Jr., B. Quillan, E. Shaw, H. Armstrong, M. Drake, and R. Campbell.

Phi Delta Theta: Mr. and Mrs. L. Melin of Bonners Ferry.
Sigma Alpha Epsilon: J. Greve, F. Ondes, G. Ide, M. Pringle, V. Johnson, E. Bennett, M. Huston, M. Hurley, and M. Burley.

Delta Gamma: Victor Cameron, "Skip" Stivers, Ernest Patch, Moss Crump, Leo Provost, Ed Blackburn, Carl Murray, Frayne McAtee, Don Allen, George Haddock, Van Peterson, Ted Turner, Jr., Bob Cummings, Bob Caldwell, Horace Doty, and Gordon Hockaday.

Bridge Supper

Mrs. Thomas Matthews entertained the girls of Delta Gamma with a bridge supper Wednesday. The decorations, favors, and prizes were suggestive of spring. Following the five course dinner, the evening was spent with bridge.

The guests were the Misses Sheneberger, Mary McCallum, Bertha Glindeman, Pauline Pence, Lillian Lange, Margaret Collins, Mary Williamson, Eleanor Immisch, Annabelle McMasters, Mary Paisley, Mary VanDeusen, Hazel Langroise, Elizabeth Drake, Lucy Wyman, Irene Costello, Grace Taggart, Mrs. Given, Mrs. Howard Knudson, Mrs. R. Parkhurst, and the hostess.

Entertain At Luncheon

On Saturday, Mrs. J. G. Eldridge entertained in honor of the upperclassmen of Delta Gamma with a charmingly appointed luncheon. The centerpiece consisted of a bowl of daffodils and pussywillows. The hand painted place cards were the individual and artistic water color work for which Miss Peggy Upham is well-known. Covers were laid for Mrs. Given, Mrs. Howard David, Mrs. R. Weaver, Mary McCallum, Bertha Glindeman, Amy Barstad, Pauline Pence, Annabelle McMasters, Mary Paisley, Hazel Langroise, Margaret Collins, Lillian Lange, and the hostess.

Miss Betty Luckore of the Alpha Sigma chapter of Kappa Alpha Theta at Pullman, spent Saturday at the Theta house.

Edward Adams of W. S. C. spent the week-end as a guest of the Elwetas.

The Alpha Theta Chapter Dinner

Dorothy Helm attended the Kappa Beta formal at Pullman Friday.

Mrs. C. W. Ellis, Mrs. J. A. Kostalek, and Mrs. E. Lewis, entertained half of the members of Gamma Phi Beta at a bridge and Mah Jongg party at the home of the latter Saturday afternoon.

Butterfly Luncheon

Pi Sigma Rho gave a butterfly luncheon at the home of Mrs. Robert McNair Davis in honor of the visiting Alpha Phi's from Missoula, Lewiston, and Spokane. Those invited were Miss Permeal French, Mrs. Blomquist, Mrs. Richardson, Mrs. M. M. Gamwell, Mrs. Graves, Mrs. Davis, and the Misses Barbara Gamwell, Anne Reely, Gretchen Mueckler, Margaret Garber, Ellen Garvin, Ruth James, and Helen Stewart.

The home economics faculty of Pullman was entertained at a luncheon at the practice cottage Friday.

Gamma Phi Beta entertained at a charming fireside for the girls of Pi Sigma Rho Wednesday evening. Music and dancing were enjoyed during the evening and dainty refreshments were served.

Home Ec Dinner

The junior home economics girls entertained the senior girls of that department at an eight course formal dinner Thursday evening. Miss Katherine Dwyer acted as hostess and Miss Florence Stone was toastmistress. Miss Jensen talked on the "Characteristics of a True Home Ec Girl", and Miss Dwyer spoke on "One Way to a Man's Heart". Dr. Muttkowski took as the subject of talk "Four Years as an Observing Neighbor." Musical numbers by Irene Starrh and Helen Forsythe, and Pauline Lawrence concluded the program. Miss Ada Lewis of the home economics department supervised the dinner.

Spring Dance

Twenty members of Gamma Phi Beta gave an informal spring dance Saturday evening. The colorful costumes of the hostesses and the flowers, used for decorating, produced a spring atmosphere. Late in the evening, refreshments were served.

Banquet For Pep Band

Members of the Pep band were guests of the Moscow Rotary club on Monday evening at a banquet given at the Elks' in recognition of their services at the Rotary Club convention held in Spokane recently. Band members present were Al Marineau, Hod Taylor, Arlie Moe, Fairley Walrath, Ross Woods, Lefty Marineau, Cliff Reem, Chuck Moll, Fred Moll, Kewpie Atwood, Francis Sheneberger, Wolfard Renshaw, Roland Swanson, Pop Samms, Jimmie Kieldson, and Stanley Johnson.

Field Glasses Lost

R. A. Muttowski, associate professor of zoology, is the loser of a pair of highly prized field glasses, which

CAMPUS DAY

The 1924 Campus Day, set by the student-faculty council for Wednesday, May 14, will combine the traditional work-and-play program in the form of a general campus cleanup in the morning, a picnic at noon, and in the afternoon on the campus lawn a May-day pageant, "Robin Hood."

Lawrence "Judge" Wallace, vice-president of the A. S. U. I., is general chairman in charge of the morning work, with Fred Crandall chief engineer. The Intercollegiate Knights will undertake to assemble tools and equipment. A series of projects is being worked out by student engineers under Fred Crandall which will call for cooperation in one form or another from every man student on the campus. Designations to places on working groups, together with names of group captains is made by Judge Wallace in this issue of the "Argonaut".

CLEAR DECKS FOR PICNIC

The annual all-college Campus Day lawn picnic will be held at noon. Everybody in the university is invited to come early and eat late. The campus groups will be requested not to serve lunch on that day so that

GET READY!

A BIG DAY FOR ALL

CAMPUS DAY

For the picnic dinner on the campus be sure you have lots of nice sweet oranges; some big ripe bananas; some deviled ham and pimento cheese sandwiches; Dill pickles, olives, sweet, sour, mixed and mustard pickles would go well. And, my, a bottle of unfermented champagne would make it all a perfect day.

BRATTON'S

Where Quality and Service Are Higher Than Price

HENRY CAVENDISH

1731-1810
 English chemist and physicist, of whom Biot said, "He was the richest of the learned and the most learned of the rich. His last great achievement was his famous experiment to determine the density of the earth."

He first made water from gases

Henry Cavendish, an eccentric millionaire recluse, who devoted his life to research, was the discoverer of the H and the O in H₂O. In fact he first told the Royal Society of the existence of hydrogen.

He found what water was by making it himself, and so became one of the first of the synthetic chemists.

Cavendish concluded that the atmosphere contained elements then unknown. His conclusion has been verified by the discovery of argon and other gases.

The Research Laboratories of the General Electric Company have found a use for argon in developing lamps hundreds of times brighter than the guttering candles which lighted Cavendish's laboratory.

GENERAL ELECTRIC

everyone may attend the picnic with a clear conscience and a good appetite. A nominal price will be charged for the picnic lunch and will be used to defray the expenses of the day.

In the afternoon, on the lawn, a May-Day pageant will be given under the direction of the Mortar Board, national women's honorary. This year the pageant will be "Robin Hood," made for the occasion from the book of "Robin Hood," by Howard Pyle. The pageant will include two or three episodes from the life of "Robin Hood" and the glade of Sherwood Forest, as well as songs and May dances, the pageant being devised to portray some of the old Maytime customs of our English ancestors. Agnes Cox will be Queen of May, with Mary Burleigh and Mirth McArthur as attendant and page.

YEAGER IS "ROBIN HOOD"

The cast for "Robin Hood" is announced by Pearl Stalker, who was

in charge of try-outs, as follows: "Robin Hood," Sidney Yeager; "Allan a Dale," Jeanette Greve; "Little John," Guy Williams; "Friar Tuck," Fat Stephens; "Will Scarlett," James Chapman; "Midge the Miller," Joe Cogan; "David of Doncaster," Leo Fleming; "Hodge the Beggar," Otto Hueffner; "Podge the Beggar," Leo Provost; "Winker the Beggar," Bill Lansdon; "Nod the Beggar," Elbert Shaw; "The Friar," Leo Fleming; "Sir Stephen of Trent," Jess Buchanan; "The Franklin," Harry Baughman; "Ellen o' the Dale," Pearl Stalker.

Miss Camille McDaniel will direct the pageant; Ruby Gates and Vaughn Prater, costumes; Grace Morgan, dances; Elizabeth Bartlett, music; Jewell Coon and Agnes Cox, properties and publicity. Miss Lillian Wirt of the department of physical education will assist in training the dancers.

Project No. 13: COLLECTION AND DISTRIBUTION OF TOOLS.

Captain: Bob Fields; **Lieutenants:** Vernon Johnson; Bert Stone; James Chapman; M. Archibald; Don McCrea; **Privates:** Richards; Anderson, K. Paulson; Burroughs, Ike; Neal, F.; Elrod; Dresser; McKinnon; Ernsberger; Campbell, Bob.

Project No. 14: VIGILANCE COMMITTEE, Meet at Kappa Sigma House.

Captain: Bung Snow; **Lieutenants:** The rest of the "T" club.

Project No. 15: PUBLICITY COMMITTEE

Captain: E. C. Zaehman; **Lieutenants:** Wallace Brown; Joel Priest; Louis Boas; Winton Arnold; Mike Tierney; Phil Tolman.

Project No. 16: CAMPUS NIGHT DANCE, Decoration of Gym, etc.

Captain: Clifford Reems; **Lieutenants:** Francis Shenberger; P. C. Samms; Arling Moe; Al Marinone; **Privates:** Taylor; Howard; Woods; Walrath; Swanson; Moll, F.; Moll, Chas.; Atwood; Renshaw; Johnson; Stanley; Kildison.

Project No. 17: FACULTY TENNIS COURT REPAIR, Meet at Courts.

Captain: H. L. Astor; **Lieutenant:** A. W. Fahrenwald; **Privates:** All other faculty members interested.

University of Washington, (P.I.N.S.)— Four years ago twenty-six women turned out for the women's tennis tournament. This spring there is an enrollment of 210 women in the tournament, the largest tennis turnout that the University of Washington has ever had.

W. S. C. (P. I. N. S.)— Cadets of the R. O. T. C. have just gone through their annual encampment of 18 hours drill, which included battle formations, tent pitching, pontoon bridge work, and bayonet drill, besides the regular close-order company and battalion drills.

Forty-five cents a day was the average per capita cost of feeding a family of five living under normal conditions, according to the report of three girls majoring in home economics who have finished their first month in the departmental practice cottage. These girls, with Miss Katherine Jensen, head of the home economics department, and Miss Grace Zudrele, assistant professor of arts and design, composed the family of five which made this record.

Under a systematic division of work, the girls took complete charge of the cottage, serving in turn in the capacities of hostess and cook, business manager and laundress, and maid. A program of meals and general housekeeping was provided, the intention of the department being to give practice in as many aspects of real home life as possible.

BUYING AIDS Careful buying of food, economic cooking and preparation and attention to scientific food values were largely responsible for keeping down expenses. Balanced menus were made out by the hostess a week in advance and were strictly adhered to. None of this work was allowed to interfere with the regular outside activities of the girls, who attended classes as usual.

Nine girls, all majors in home economics, are taking the practice cottage work, three of whom keep the cottage each month. The girls pay all bills and keep a careful record of these expenditures.

The girls taking this course are Marie Feldhusen of Boise, Glatha Hatfield of Moscow, Velma Hamilton of Kamiah, Muriel Tuttle of Moscow, Annie Morse of Moscow, Rachel Gamby of Penn Yan, N. Y., Alma McDougal of Kellogg, Norma Barnes of Ida-

ho Falls, and Margaret Munroe of Ogden, Utah.

Potlatch Lumber Mills Visited by Engineers

Under the guidance of Dean Ivan C. Crawford and other members of the engineering faculty of the University of Idaho, some thirty junior and senior students in the college made a tour of inspection of the Potlatch lumber mill at Potlatch Thursday. The trip was made in automobiles, starting from Moscow shortly after eight o'clock in the morning, and returning in mid-afternoon.

It is the custom of the engineering college to provide an opportunity of all upperclassmen inspecting the larger industrial enterprises of the Inland Empire, and the Potlatch trip is the first this spring. It is proposed that a trip to Spokane will be taken at a later date, when a number of large engineering works will be visited.

Accompanying the students yesterday, were Dean Crawford, Professor A. P. Ludberg, Professor J. H. Johnson, Professor H. M. Gano, and instructors F. W. Candee and C. L. Farrar.

CHI BETA EPSILON TO BE INSTALLED MAY 9 AS ALPHA CHI OMEGA

(Continued from page one)

fifteen girls. Since the formation of this local sorority its membership rolls contain the names of about thirty eight girls, including the charter members, who will be initiated as Alpha Chi's Friday evening. During the summer a fine chapter house was built at Seventh and Elm streets which since December 22 has been the home of Chi Beta Epsilon.

QUICK ACTION ON PETITION On November 2, 1923, Chi Beta Epsilon officially petitioned for a charter in Alpha Chi Omega, which was granted January 28, 1924. Chi Beta Epsilon is the first local Greek letter organization to obtain a charter in a national Greek letter organization within ten months after the founding of the local.

Mrs. Beatrice Herron Brown, national inspector for Alpha Chi Omega is in charge of the installation and

initiation ceremonies. Mrs. Brown, whose home is in East Orange, N. J., is a member of the original chapter, Alpha, at the DePauw university,

Harlan Goes to Seattle Gem Mountains Copy

Paul M. Harlan, managing editor of The Gem of the Mountains, and editor-elect of next year's book, left Tuesday for Seattle, where he will take direct charge of the makeup of the publication, which is being printed by the Lumberman's Printing company.

According to Harlan, 800 copies of the annual will be ready for distribution on the campus commencement

week. The engravers, Buckbee Meyers, of Minneapolis, have nearly completed work on the cuts, and from the proofs which have been returned, a high quality of picture work is to be a feature of the book.

Without explosives—no fuel

EVERY ton of coal mined to provide power for industry and heat for the home is mined by explosives.

As the "cage" superseded the hand windlass in the mine, and electricity replaced man and mule haulage—explosives shoot down the coal formerly mined entirely by hand labor. This great labor-saving power has been a factor of tremendous importance in industrial progress.

Various kinds of explosives are used in mining coal. The type of mine and the character of the coal determine the selection. In comparatively dry mines where neither gas nor dust occurs in dangerous quantities, blasting powder is used. Du Pont Blasting Powder is used more than any other in mines where this type of explosive is employed. "Permissible" dynamites, tested and passed by the U. S. Bureau of Mines, are employed in gaseous and dusty mines.

Over a century of research and experiment have given the du Pont Company leadership in explosives production. Du Pont Monobels, Duobels, and Carbonites are superior permissibles for shooting coal. They give off a low flame of short duration and low temperature suitable for mines where gas and dust are present, and produce much less fumes and smoke than blasting powder. Certain types of these permissibles are extremely resistant to water and do not freeze even in the lowest temperatures.

Du Pont makes an explosive especially designed for every type of work. Backed by superiority of product, du Pont technicians, through their wide experience, are enabled to offer advisory service in the solution of blasting problems in every industrial field.

TAU KAPPA IOTA IS NEW IDAHO GROUP

New Fraternity Appears On Idaho Campus

Tau Kappa Iota is the name of the newest fraternity to appear on the Idaho campus, faculty recognition being accorded Tuesday afternoon. This is the eleventh fraternity on the Vandal campus.

The new group represents the growth of fraternal feeling existing on the campus, organization having followed the natural association of the group since last fall.

Milo Davis, a freshman in the college of agriculture, is the president of the new fraternity. C. I. Crawford, professor of secondary education, has been chosen as faculty advisor.

The new local plans on spending the remainder of the year in perfecting the organization with headquarters being made at the residence of one of the members. Plans are now under way for the construction of their fraternity house next fall.

The nineteen charter members of Tau Kappa Iota are:

George Waters, Moscow; Elmer Holbrook, and Theodore Holbrook, Ola; Carl Trowbridge, Wallace; Arthur Mathews, Boise; John Wiley, Payette; Conrad Bue, Enterprise, Oregon; Rex Pickering, Anatone, Wn.; Norman Shuttler, Harrison; Cecil Brown, Homedale; Elwood Johnson, Nezperce; Wendell Stucki, Paris; Clifford Morgan, Moscow; H. A. Stone, Moscow; Averitt Hickox, Parma; Alvin Anderson, Wallace; Wilard Lamphier, Moscow; Milo Davis, Twin Falls; Vernon Chapman, Asotin.

VANDALS AND COUGARS READY FOR DUAL MEET

(Continued from page one)

at Spokane was declared a dead heat, in one of the closest finishes ever seen in the two mile event. Sowder can be expected to duplicate his win at Spokane in the mile and either Sowder, Casebolt, or Eaton will place in the two mile event. Powers, winner last year, is dependable in the hurdles as he won first at Spokane and is showing nice form.

Pickett, high point man of the Spokane meet, will be looked to for a first in the high jump and points in the javelin, discus, and shot put. He was high point man in the dual meet with the Pullman frosh last year and a repetition of this record would not be surprising. Nelson and Vohs are assured of places in the pole vault and Wagner seems to have the edge in the broad jump. In addition to these there will be several relay races in which Idaho appears to have at least an equal chance to win.

In addition to the varsity meet, the freshmen of the two institutions will compete in the first frosh meet of the season. The Idaho yearlings are doped to lose their meet as no particularly strong material has yet been developed in either the races or hurling events. The second freshman meet is expected to see a big improvement in the locals and at least give them an even chance to win. Both the freshman and the varsity meets will be run off together starting promptly at 2:30.

The schedule of events and the Idaho men who probably will enter them follow: 100 and 220 yard dashes, Byron Keith of Colfax, Wn., "Purdy" Eaton of Mountain Home, "Giff" Davison of Nampa; 440 yard run, Ralph Hasbrouck of Nampa, Walter Casebolt of Genesee, Keith and Eaton; half-mile, Arthur Sowder of Coeur d'Alene, Errol Hillman of

Rexburg, William Guernsey of Milbrook, N. J., and Casebolt.

The mile, Sowder and Hillman; the two mile run, Lewis Williams of Boise, and Alton Crowe of Kamiah; 120 yard high hurdles, Neal Nelson of Burley, and Otto Huefner of Kellogg; 220 low hurdles, Nelson, Henry Powers, Nelson, and Huefner; pole vault, Dale Vohs of Emmett, George Walker of Wallace, and Nelson.

The high jump, Clayton Pickett of Sandpoint, John Wagner of Potlatch, Vic Cameron of Boise, and Nelson; broad jump, Pickett, Nelson, Wagner, and Davison; javelin, Wiley Tonner of Spokane, Larry Quinn of Boise, Pickett and Henry Nicol of Reubens.

Shot put, Pickett, Nicol, and Lindol Jacks of Clarkston, Wash.; discus, Pickett, Quinn, Nicol and Nelson; mile relay, Eaton, Hasbrouck, Sowder, Davison, and Huefner.

OVER NINETY REGISTER FOR GRADUATE WORK

Multiple Increase Noted In Summer Study

More than 90 students have been registered in some form of graduate study at the university during the college year which closes in June, according to Dr. J. E. Wodsedalek, director of graduate study. This is more than six times the number enrolled in graduate work three years ago when the present system of graduate direction under a general committee was organized.

Announcement of more than 100 majors and as many minors leading to a master's degree in the various departments to be offered at the University of Idaho summer school, May 19 to July 18, has also been made. The demand for graduate study has been steadily growing among high school teachers and principals and, according to Dr. Wodsedalek, the University of Idaho is meeting every such demand. The same opportunities will be offered in graduate work during the summer session as are regularly offered in the winter.

UNUSUAL OPPORTUNITIES

To accommodate high school, normal school, and college teachers who cannot conveniently spend a full year in residence on the campus, the university offers unusual opportunities for graduate study during summer school leading to a master's degree. Three summer sessions of nine weeks each are equivalent to a year's residence, and all other requirements may be fulfilled in the summer sessions.

The graduate faculty will be composed of highly trained specialists most of whom hold the doctor's degree. The entire library, instructional, laboratory and research facilities of the university will be at the disposal of the graduate students for study and research. Judging from inquiries regarding summer graduate work, it is expected that the summer graduate enrollment will be more than doubled.

STUDENT INTEREST TENDS TOWARD BUSINESS STUDY

High School Survey Shows Preference For Economics

Growing interest in the field of business training is shown by the increasing enrollment of students in the business curriculum.

The annual university catalog, just off the press, shows the enrollment according to divisions; in the Business curriculum, which has the largest enrollment in the professional field, two hundred students are enrolled, one hundred freshmen and one hundred in the other three classes.

In speaking of the prospects of the coming years enrollment in the business curriculum, Professor H. C. Dale said, "Over four hundred high school seniors have indicated their intention to prepare themselves for a professional business career. The indications are that a considerable number of these will come to the University of Idaho." These figures were taken from the personal reports prepared by seniors themselves in the high schools of the state under the direction of their principals.

FROSH GLEE SATURDAY

The Freshman Glee in the gym Saturday evening promises to be a K. O. in the line of dances, according to the committee in charge. Marinneau's College Serenaders will play, and the frosh, who are used to hard labor, have spared no effort to make the floor danceable.

W. S. C., (P. I. N. S.)—
 "A Full House," by Fred Jackson, is the play to be presented this year by the senior class at the State College of Washington under the direction of Mrs. Della C. Miller, with Ida Lou Anderson of Colfax as manager. It will be given the end of May.

Two Idaho Wrestlers In Olympic Tryouts

Ralph Ross and Roy Patchen are entered to represent Idaho in the Olympic tryout wrestling and boxing meet to be held at Spokane Thursday, Friday, and Saturday of this week. Both men are in the 145 pound class and both are expected to be strong contenders at the meet. Patchen was a member of the varsity wrestling team and Ross is giving a good account of himself, although this is his first year here. He wrestled on the freshmen team at Purdue but was ineligible for a place on the varsity squad here this year. These two men are the only Idaho entries in the tryouts. The available information says that the winners of the Spokane meet will go direct to Paris.

CELEBRATION BY AGS IS CAMPUS SENSATION

(Continued from page one)

attention. The clown following the Animal Husbandry float intimidated the crowds on the side lines with his display of voracity by devouring unprepared the portions of bovine anatomy which the doctor discarded in his vivisection of the calf upon the float. Skeletons of past patients of the veterinary practitioner advertised their misplaced trust in his life conserving abilities.

SERIOUS PORTRAYAL

The dairy float, of which Mrs. Bendixon was dairy Queen, was a serious and representative portrayal of the four main benefits derived from the use of dairy products; namely health, growth, strength, and happiness.

Clowns cavorting in true circus fashion added a festive, carnival spirit to the scene, and the feigned misfortunes of the caterers to childrens merriment were once no so far from real, when the clown operating the equine propelled steam roller, encountered obstacles with resultant injury to the mechanism of his machine, disqualifying him for further participation.

UNIQUE FINALE

The manure spreader, completing the parade caused no false conjectures as to what the sign it bore meant when it stated "its all over." The crowd of boys who gathered and followed the parade demonstrated that it carried an appeal to the youthful interest, without which any show would be a failure.

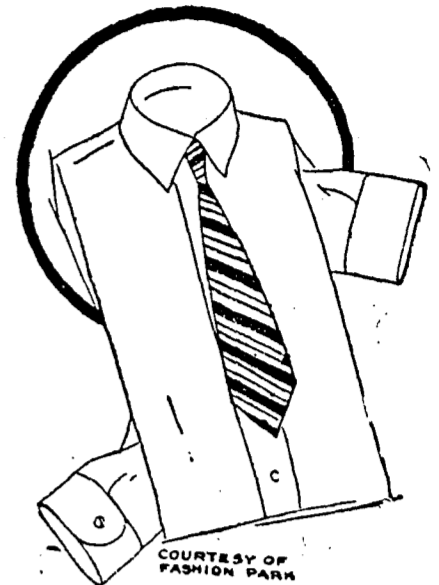

When the door was opened at 7:00 o'clock, the surge of the crowd to reach the festive interior of Lewis court was almost impossible to restrain back of the ticket booth. Paper money in large denominations was given in exchange for a modicum of United States legal tender. Twenty-five dollars in "Ag" money gained a spender entrance to any of the side shows, which embodied in their ensemble the seven wonders of the world with more than the justified allotment of new additions.

INSTINCTS GRATIFIED

The Yellow Dog saloon, in true pioneer style, afforded the opportunity to lift a foot to the brass rail of the bar in correlation with the elevation of the forearm and the bottle. The drinks served there, though able to pass the government alcoholic content specifications analysis, exerted a potent influence in the promulgation of a spirit of recklessness and

of synchronized harmony from the dance hall in progress at one end of the court, toned the whole group into one great unit, swayed by the spirit of festivity to that state of individual happiness and pleasure which so characterises all successful entertainments.

The Slippery Gulch dance hall afforded opportunity to give expression to inspired happiness in physical exertion, and the surrender of mind and body to motion in harmony and time with the music. One square dance, executed in excellent form, was led by the "boys of yesterday," although those of the last generation were willing and quick to learn, and soon approached a degree of perfection comparable to that of the more experienced participants.

The mingle of the near-professional ballyhoo and misrepresentative allegations of the side show con-men, combined with the hum of conversation from the crowd, and the bursts
