VOLUME XXVI

UNIVERSITY OF IDAHO, MOSCOW, FRIDAY, OCTOBER 10, 1924

NUMBER 9

## VISITING WOMEN ARE HONORED BY FACULTY RECITAL

### State Federation of Women's Clubs are Entertained by Musical in Auditorium Wednesday Evening.

Unusual charm and originality characterized the program of the Faculty Recital given in honor of the State Federation of Women's clubs, Wednesday evening, in the auditorium.

Mr. Claus, violinist, expressed a keenness of technique and understanding in his interpretation and a fine tone quality which held the attention of the audience from the start.

In the "Adagio (G minor Concerto)" by Bruch, the transitions from one mood to another were exquisitely handled.

The characteristic naturalness of the theme in "Bird as Prophet" by Schumann-Auer, was delightfully done, as well as "Gypsy Airs" by Sarasate. Purity of style and flexibility of tone were the characteristic features of this number. Especially fine was the crescendo of the fantastic tempo with a fire and passion as expressed in the original interpretation Sarasate has given it.

Mr. Nyvall, pianist and composer, demonstrated his skill as an interpreter and technician of great ability. Especially pleasing were his numbers as given with a naturalness and simplicity of style that truly expressed his fine understanding of music.

"Valse Triste" by Sibelius was beautifully done. The Triste mood throughout the number, working up to a tremendous climax and back again to the primary theme of melancholy, was very appealing.

Palmgren's "May Night" was graceful, and expressive in quality.

(Continued on page three)

## CROSS COUNTRY MEN WORKING OUT DAILY

### Candidates are Being Paced by Lewis Williams; Begin Hill Course This Week

Twenty-five candidates, paced by Lewis Williams, three-year-man, are working daily for the Idaho cross country team. Although training has been under way for three weeks, actual cross country running as undertaken only this week. Candidates are being paced about three miles each day.

Although no contests have been lined up thus far, it is definitely decided that at least one dual meet will be scheduled in addition to the regular conference meet at Eugene in the latter part of November. Arrangements for a meet with Washington State College are under way, but it is not known whether they can be completed successfully. The Cougars are reputed to be a fast bunch and would give Idaho a tough time.

Three letter men are back from last fall, Guy Penwell, Eroll Hillman and Art Sowder. Alton Crowe, who was a member of last year's championship team, is back, but he did not place near enough to the front to qualify for a letter. Other promising candidates trying for positions this year are Herbert Pollard, a quarter-miler of two years ago; Harry Braughan, a member of Idaho's distance squad last year and Powers, a new man in Idaho track circles.

## Stan Searches for Bull and Toreador; May Get Leading Parts in Revue if Found

Wanted:  
One Handsome Toreador.  
One Handsome Toreador.  
One Bull.

This is the plea of J. Stanton McLaughlin, instructor of English, expressed through a notice appearing Thursday afternoon on the bulletin board in the Administration building.

Considerable interest has been aroused among the students of the university. Some have advanced the theory that Mr. McLaughlin is contemplating a tour of Mexico and must have the aforementioned to brush up

## CO-EDS HIKE TO TOP MOSCOW MOUNTAIN

Fifty-five enthusiastic hikers, most of them freshmen, covered a total of four miles on their first hike of the season last Saturday afternoon when they walked to the top of Moscow Mountain, to which they were taken in cars. Refreshments were served around a huge bonfire after the climb. Jane Gibbs, manager of the hiking club, announced that the mileage made on this trip will count toward award and that those who wish credit for it must make a record of it and hand this in with the mileage made in the next hike taken.

A total of 60 miles covered will automatically give each girl 50 points toward awards and this is the limit which can be made in one semester.

## FLOATS FEATURE IN ANNUAL FEST

### Loving Cup Will be Awarded to Organization Best Represented in Parade

Recent plans for the annual Idaho-W. S. C. student fest include a parade of floats representing all the different organizations on the campus to be given along with the regular stunt between halves of the game. This will be a competitive parade and the house or organization that gets the first place will receive a beautiful loving cup as a tribute to their success. This will be one phase of the stunt that will be staged by Vandal students in competition to the rooters from Pullman for the prize that has been offered by the members of the alumni clubs of Idaho and W. S. C.

The cup that is offered by the alumni will take the place of the Harvard trophy that became the property of the University of Idaho in the fall of 1923 after three seasons of contest. The prize is awarded on the basis of the quality and originality of the stunt and the sportsmanship of the rooters and becomes the permanent property of the school winning this year's contest.

The members of the student committee are Bud Melin, Charley Simmons, Ted Turner, Zuma Shenberger, Martel Archibald and Gus Bjork. Details concerning the kind and size of the floats to be used may be obtained by seeing some member of this committee.

## SEEK JOKE EDITOR FOR 1925 ANNUAL

Choice of a joke editor for the 1925 Gem of the Mountains is to be on the basis of merit according to Paul Harlan, editor, who has announced that he will pick the head of the humor department from among those who turn into him before next Tuesday, the best idea for a successful humor section. Anyone interested, who has an inspiration relative to the handling of the "wit, humor and philosophy" for the publication is urged to see Mr. Harlan as soon as possible.

With the appointment of Miss Bertha Church as snap editor, the staff will be completed as soon as a "humorous editor" is selected.

## CLYDE HALLAM VISITS

First Lieutenant Clyde M. Hallam, Field Artillery U. S. A., visited the Idaho campus early last month on his way to an assignment in Philipplains. Lieutenant Hallam graduated from the college of engineering of the university of Idaho in 1916. He has been connected with engineering work in the army since his graduation.

## W. A. A. SELL REFRESHMENTS

The Women's Athletic Association has been given the concession to sell refreshments at the W. S. C. and Oregon football games.

## Stan Searches for Bull and Toreador; May Get Leading Parts in Revue if Found

on "local color." This theory has gained considerable headway and it is thought probable that the bovine may be obtained on the campus but as to the other two requirements, there is some doubt. Some have volunteered the information that the first mentioned rarity registered here some years ago, but was snapped up by several modern novelists movie scenarists. As to the other, all are of the opinion that there "an't no such animal." Several sheiks, wearing regulation toreador trousers, have applied. It is rumored, but were turned down when it was found they thought "bull" was parlor prattle.

## HOME-COMING GAME DRAWS BIG CROWD

### Delegations Come From All Parts of Inland Empire; Seating Capacity Enlarged

With the prospect of the largest crowd ever attending a football contest on MacLean field, the Cougar eleven of Washington State College meets the Idaho Vandals here Friday, October 17, for the twenty-seventh time. It will be the homecoming game for the Idahoans and perhaps will be Washington State's biggest game as well, for the rivalry between the two institutions dates back to 1894, the year of the first meeting.

A glance into Washington State-Idaho gridiron history reveals sixteen Cougar-victories and nine for Idaho, with the remaining game a tie. In those 26 battles Washington State has amassed a total of 299 points to 116 for Idaho.

Last fall the Vandals humbled the Cougars 14 to 0, the first time since the 3 to 0 Idaho victory in 1913, except for the 7 to 6 Idaho S. A. T. C. victory in 1918 which gets no recognition in the conference.

The "I" club, an organization of the winners of the official award for participation in major sports, is going through old files and getting the names of all "I" men since 1903. To each one of these will be sent an invitation to return for the homecoming game against Washington State.

(Continued on page four)

## FROSH GRIDDERS TO BATTLE OCT. 11

### Idaho Rooks Will Meet Spokane College on MacLean Field Saturday Morning at 10 o'Clock

Idaho rooks and Spokane College will meet on MacLean field Saturday morning at 10 o'clock in the first game either squad has appeared in this season.

Hard practice has been closed for the Vandal frosh and only a light workout this afternoon will be held. Little is known of the Spokane aggregation, other than it has a speedy bunch and has been having scrimmage games with Spokane high school elevens.

Associated student tickets will admit them to the game.

The following lineup has been announced by W. A. McMillan, rook mentor:

Left end, Canine; left tackle, Dean; left guard, Stark; center, Hamilton; right guard, Gregory; right tackle, Grant; right end, Cheney; quarterback, O'Donald; fullback, Hutchinson; right half, Duff; left half, Wamblesley.

## PROGRESS NOTED BY CLUB DELEGATES

"I was perfectly astounded at the progress in the university in the 16 years since I last saw it," said Mrs. E. H. Dockery of Boise, delegate to the convention of the State Federation of Women's clubs, which opened in Moscow Wednesday and closes today.

"When I was at the last convention here 16 years ago, I was more impressed by the mud in the streets than by anything else," continued the delegate. "Now I find the university a place of beauty. The progress which the university has made struck me particularly at the assembly, and other delegates experienced the same feelings. Another thing that we were pleased with, was the attitude of the university toward the girls here, as explained by Dean French.

"You know, the state federation is helping to put a large number of students through school. We have a student loan fund from which there is now \$9996.37 loaned to boys and girls. They are given the money and pay no interest, until graduation. This fund was instituted at the meeting in Moscow 16 years ago and at that time there was \$300 in it. The president then expressed hope that in the future the fund would grow to \$1000."

## MU BETA BETA MEETS.

Mu Beta Beta fraternity will hold a business and social meeting at the "U" hut Saturday evening at 7:30 at which time plans will be discussed for the second annual meeting of the fraternity to be held early in November. About 50 guests from W. S. C. chapter are expected to attend.

## THE WINGED HELMET APPEARS ON CAMPUS

### New Literary Fraternity Gets Faculty Recognition; Stubblefield President

Idaho received her latest addition in campus organizations and her first literary fraternity when the Winged Helmet, an honorary society devoted to the cultivation of better humor and action, was recognized by the faculty committee on student organizations. The new fraternity has thirteen members on the campus, is sponsored by two members of the English department, and had four members in last year's graduating class. The Winged Helmet is the result of a movement to make the Blue Bucket, Idaho's campus magazine, bigger and better and to introduce the element of college humor and cartoons that has been neglected up to the present time.

The officers of the new honorary are Blaine Stubblefield, president; Ruth Hawkins, vice president; and Betty Mount, secretary-treasurer, and the charter members are as follows:

Dr. George M. Miller, J. Stanton McLaughlin, Talbot Jennings, Joel Priest Jr., Louis Boas, Maurice Jackson, Blaine Stubblefield, Fred Taylor, Don Allen, Paul Harlan, Gordon Hockaday, Lillian Groves, Llew Rollands, Ruth Aspray, Betty Mount, Thone Roos, Dudley Swim, Ruth Hawkins, and Wallace Brown.

(Continued on page three)

## CADETS PARADE IN FIRST REVIEW

### New Men Make Good Showing in Initial Military Demonstration, Held on MacLean Field

Idaho's Reserve Officers Training Corps unit marched in its first Regimental Review of the year Thursday. The instructing officers and those who have witnessed these parades for the past four years say that it was executed better than any initial review demonstrated by this department.

The regiment which was composed of two battalions of four companies each heretofore has increased in size this year to three battalions of three companies.

The acting student officers of this year are: Colonel, F. A. Minas; Lt. Colonel, Frank Williamson; Regimental Adjutant, Marshall Blair; Commanders of the Battalions are David R. Sholtz, Leo Flemming and Gale Mix; Battalion Adjutants are John Eagleson, Alton Crowe and Delmont Smith.

## PRIZES ARE OFFERED FOR ESSAY CONTEST

### "A Serviceable Memorial for Those Who Served Unto Death" is Theme

Prizes of fifteen, ten and five dollars each, will be awarded to the three members of the freshman or sophomore classes who submit the best essays on the subject, "A Serviceable Memorial for Those Who Served Unto Death," to the English department by Nov. 1, according to announcement by Dr. G. M. Miller, head of the department.

The prizes have been donated by Paul Davis, director of the Idaho Memorial association, and President A. H. Upham.

Regular freshman and sophomore English classes, will take up the contest as part of their class work. All students in sub-freshman courses will be allowed to compete under the direction of Mrs. Seely, while sophomores not enrolled in English courses are requested to see Professor Stewart in room 204 before beginning work. The essays must not be more than 800 words long and a plan must be approved by an English faculty member before the essay is written.

"It is the hope of those who are sponsoring this contest and also that of the English department," stated Dr. Miller, "that the essays may be published in the local newspapers throughout the state." And he continued, "One purpose at least, will be served by the contest. That is that the new students on the campus will become familiar with the purposes of the Idaho Memorial association and to spread these ideas throughout the state."

## PLANS ARE MADE FOR INTRA-MURAL DEBATE

Intra-mural debate for the coming winter is virtually assured according to plans formulated by Theta Upsilon, local forensic fraternity.

"The purpose of these debates will be to stimulate a greater interest in debate and provide an opportunity whereby discussion of present day problems may be open to any one interested, as the meetings will be concluded with an open forum," declared Warren Montgomery, manager of intra-mural debate.

Mr. Montgomery urges that all the organizations who have not returned the questionnaires sent out for their approval, do so by Saturday noon.

## ALPHA KAPPA PSI HEARS STRONG

### Spokane Publisher Speaks to Members of Honorary Economics Fraternity

"The Basis of New Business Prosperity" was the subject upon which Dale Strong, publisher of the New West Trade, Spokane, addressed Alpha Kappa Psi, honorary mens' economics fraternity, at its first banquet meeting of the year Wednesday evening.

Mr. Strong graduated from the university of Michigan in the class of 1900.

During his talk Mr. Strong traced the business cycle through intermittent periods since the Napoleonic war and enumerated the business progression through the civil war and the past war up to the present date. Forecasting the business conditions in the Northwest for a period of from ten to fifteen years, he said, The country between the Cascades and the Rocky mountains will undergo a marked period of prosperity because this section of the United States, although rich in resources, has as yet been undeveloped.

Twenty members of the fraternity attended the banquet which was held at the Blue Bucket Inn.

## PRIMARY ELECTION DRAWS LIGHT VOTE

At the A. S. U. I. primary election Thursday, 140 votes were cast for the two candidates, Blanche Boyer, who is running for A. S. U. I. secretary and Gordon Hockaday who is up for managing editor of the University Argonaut. These were the only candidates running for these offices, but an election was necessary according to the A. S. U. I. constitution.

This election was necessary to fill the vacancies made by Hellen Haller and Dudley Swim who were elected to the above positions but did not return to school this year.

Polls for the final election will be open from 10:00 a. m. to 3:00 p. m. Thursday, October 16.

## A. S. U. I. BUDGET IS ANNOUNCED

### Athletic Department Allowed \$7,198 of \$12,000 Fund; Will Pay Off Last Year's Deficit

University athletics will be allowed \$7198 for operating expenses during the first semester, according to budget prepared by the executive board of the A. S. U. I. The entire budget, including the \$2282 deficit of last year, calls for an expenditure of \$12,000 for student activities. Allowance for the publication of the University Argonaut was second on the list, amounting to \$800.

(Continued on page three)

## Feminine Gender Is All A-flutter; Will Trip Light Fantastic at Co-ed Prom

The evening of October 25 will witness the fulfillment of one of Idaho's most talked-of traditions—the Co-ed prom. It is a concrete demonstration of the fact that the co-eds are not entirely dependent on the opposite sex for their amusement; indeed it would seem to prove quite the reverse, judging from the way some of the men have attempted to disguise themselves in order to share the fun.

Feminine minds are busy trying to conceive some original and striking costume. Every girl is as thrilled about her date for it as she ever was about a date with a real man. It would in many cases be hard to tell that her escort was a counterfeit and

## VANDALS INVADE GRIZZLIE'S CAMP IN COAST OPENER

### Game is Montana's First Appearance in Conference; Idaho Has Wholesome Respect for Untried Opponents

The next number of Idaho's football program is Montana, the silent and mysterious one in the coast conference. The Vandals enter Grizzly territory tomorrow to initiate a new member into the greater western circle, for Montana long has been of the Northwest conference.

For seasons past Montana football teams have been comparatively easy, as the 39-0 score of 1922 and the 40-0 score in 1923 will indicate, but for some reason the Montana game is entered this year with an entirely different feeling. To add to the mystery the Missoula people have made the Idaho game their homecoming and the old grads will flock in hoping to see their eleven start a new era of football.

Montana has been the only conference member not saying anything. While the other teams have been broadcasting their hopes, or walling their woes, Montana has been silent. Augmenting the skepticism as to what the Vandals will find at Missoula next Saturday is the knowledge that last season Montana had a championship freshman team. She is under a new coach, "Click" Clark, who knows coast football.

At any rate the game will be close. Idaho backers, however, can count on their eleven having an offensive, something that showed only in spots against Gonzaga.

(Continued on page four.)

## HOLD LAST TRYOUT FOR REVUE MONDAY

### Cast for Pep Band Show to be Chosen by McLaughlin in Final Tryout

Final tryouts for the pep band show will be held in the gymnasium Monday night at 7:30, according to announcement made today by Prof. J. Stanton McLaughlin, director and author of this year's musical revue. Due to the large number of candidates trying for places on the chorus there was not time to pick them Wednesday as had been planned. The following have been asked to report Monday night:

Men—M. Archibald, R. Dresser, C. B. Davis, E. Erickson, Vernon Johnson, Howard Knight, Carlos Kelly, Jess Honeywell, Crab Taylor, Bert Stone, Phil Quilliam, Stan Bowers, Shrink Schrontz, H. Karlberg.

Women—Edna Burr, J. Broadwater, A. Boothm, M. Dickenson, Dorothy Darling, Bernice Brett, C. Elder, Helen Forsyth, M. Fox, E. Farmin, M. Harrison, Ayleen Honeywell, Vet Jones, Edith Laisey, Winifred LaFond, Ethel Lafferty, D. Squibb, E. Potter, B. Suppge, Gertrude Maloney, Catherine Maloney, Gwenn Moser, M. Murray, Mary Newman, L. Payne, Polly Thomas, Goldie Smith, L. Taylor, Gladine Thompson.

In addition the following people have been asked to see Prof. McLaughlin in room 207 Friday.

Spontaneous enthusiasm is a great thing. That kind of pep that just bubbles over at every opportunity in the most unexpected places and at the most unusual times is a mighty good stimulant to Idaho's spirit.

It is one good thing to follow your yell king out on the field; but it is a much better thing to carry that spirit and enthusiasm into the classrooms and out on the campus in the form of energetic effort and whole-hearted action.

#### Nice Goin', Lawyers

We like the way the lawyers gather on their "front porch" between classes and give a yell. There's something about a cheer echoing down the halls that is stimulating and reassuring. And as long as the cheers do not interfere with classes, they are indeed commendable. It's a fine old custom whose spirit may well be emulated.

And also the lawyers' cheering helps to detract attention from the congestion on the main stairs and in the upper hallways. And anything which aids that situation is worthy of note.

#### Cooperation, or What?

There are some 55 campus organizations at Idaho. Two-thirds of these maintain enough activity to furnish occasional stories of real interest to the campus at large. The Argonaut is inaugurating a system whereby most of these organizations will be visited regularly by a reporter on his "beat." The story of any meeting, dinner, party, or other activity should be given to him.

Cooperation is fundamentally essential to the functioning of this system; and it cannot be one-sided. Turn in your stories and tips to a staff-member, or drop them in the Argonaut box in the lower hall of the Ad building.

#### SPENT SUMMER IN ALASKAN FORESTS

L. A. Cummings, Likes Country and Would Like to Go Back.

L. A. Cummings, senior student in the school of forestry of the University of Idaho, returned today from Juneau, Alaska, where he spent the summer working for the United States forest service, and is enthusiastic over the northern territory of Uncle Sam.

Cummings left Moscow last June in company with R. A. Barnett of Lewiston, a junior in the university, who saw service with the United States light house service, and spent much of his time on a light ship cruising in the Bering sea. He returned to the campus a week ago. Cummings' home is in St. Petersburg, Florida.

"Alaska suits me better than Florida," he said this afternoon. "The climate is wonderful, although they have considerable more rain than in this part of the country, and it is more like that around Seattle. Fishing is quite an industry south of Juneau, and our boat was delayed in returning because of the immense cargo of canned fish which it brought back."

The principal timber of the country is spruce and hemlock, he said, which abounds along the coast line. Cummings will graduate from the school of forestry next June, and indicates that he would not be averse to taking a position with the forest service in the northern territory. He has worked in the Mechanical department of the Star-Mirror during his three years in college here.

#### SCHOLARSHIP CUP AWARDED TO REED

Robert E. Reed, of Coeur d'Alene, was awarded the Alpha Kappa Psi Scholarship cup at the regular Wednesday assembly for making the highest scholarship average of any sophomore student enrolled in the School of Business during the last school

year. The cup is presented annually by Alpha Kappa Psi, national honorary business fraternity, and Reed won it by maintaining an average of 5.829 out of a possible 6.000 points.

Warren Vickery is the retiring possessor of the cup, it being passed on each year to the premier scholar of the sophomore class.

#### STUDENT G. O. P.'s TO HEAR MOORE

Governor to Address Republican Club Which Now Numbers Four Hundred

Governor C. C. Moore will address members of the University of Idaho Republican club and their friends at a short meeting to be held in the "U" hut Saturday evening at 7:15.

Governor Moore is scheduled to speak at Eggan's hall later in the evening but expressed a desire to meet the members of the university club individually. This is the first time the newly organized club, which now numbers more than 400 in its membership, has functioned in bringing speakers of worth before its members.

According to Paul Harlan, chairman of the club, a live wire meeting is planned, with the additional attraction of enabling the members to personally meet the governor and then get away for their 8:00 o'clock dates. "By co-operating with the local Republican committee a series of really good speakers is planned for the club with in the near future," said Mr. Harlan.

#### ENGLISH CLUB COMMITTEES ANNOUNCED FOR YEAR

English club committees for the coming year were announced recently by Louisa Martin, president. The committees are as follows: Jane Gibbs, Ruth Aspray and Hester Yost, membership; Betty Mount, Eugene Springer, Art Golden, Frances McKee and Ruth Zornes, program; Charlotte Jones, chairman of the reading committee, and Margaret Schick, chairman of the organization committee, both of which come under the general head of the English Club Bookshelf.

#### PICK GIRLS ON PROM COMMITTEES

Members of the Home Economics club, who sponsor the famous annual Co-ed prom slated for October 25 in the gym, have announced the following committee in charge:

Entertainment, Helen Parsons, Bernice Euppinger and Florence Walker; refreshment, Mary Dickinson, Millie McCoy, Norma Barnes, Mildred Waters and Beryl Rogers; publicity, Elmerna Gardner, Lillian Graves; decoration, Alyce Cameron, Anna Marie Leithe, Marion Featherstone, Louise Wilson, Myra Crawford and Nora Yarborough; reception, Loretta Meakell, Vivian Stone and Henrietta McConaghey; programs, Annabelle McMasters, Thelma Farnsworth and Alma McDougall; floor, Daisy Wheatley and Helen Neffler.

#### MOSCOW BOY IS HONORED AT ITHACA CONSERVATORY

Alfred Brigham of Moscow, who is attending the Ithaca Conservatory of music in Ithaca, New York, has just been awarded a scholarship which entitles him to the regular graduation course in voice. This year more

than 150 students representing five of the leading eastern music schools and fifteen different states and Canada, competed for the awards. The awards were based solely upon merit and talent.

Alfred Brigham is a son of Senator and Mrs. Warren Brigham of Latah county and a grandson of Mrs. Phoebe Wilson of Moscow. He is well known in Moscow musical circles, as a student in music at the University of Idaho.

#### FORESTERS GIVE DANCE

The Associated Foresters entertained the University of Idaho campus at the first all-college dance of

the year last Saturday night in the gymnasium. The feature of the dance was the camping atmosphere, resulting from the gymnasium being bedecked with trees, branches, streamers of beautifully colored autumn leaves, and with forester's and logger's equipment and several tents conspicuously placed about the floor.

More than a 110 couples danced to the music furnished by a five-piece orchestra.

The patrons and patronesses were Dr. and Mrs. Upham, Miss Permeal, J. French, Mr. and Mrs. F. G. Miller, Dr. and Mrs. Henry Schmitz, Mr. and Mrs. C. W. Watson and Mr. and Mrs. Harry Nettleton.

NAME .....

ADDRESS .....

**SOCIETY**

Now that the social season is really here, and the week-ends are filled with excitement, now that class elections are a thing of the past, the mild form of mid-week dissipation known as guest night is coming into the foreground. Since this is the one night in the week when the arms of the furniture may be sat on, and when study hours begin at least half an hour later than usual, it is, of course, generally considered a blessing.

This week, a large portion of the dinner guests were members of the State Federation of Women's clubs. Groups of representatives from all over the state were entertained by the sororities and Ridenbaugh and Porney halls on Tuesday night. It is to be hoped that a better understanding of how the college girl lives, and what she does was effected by the brief glimpses the older women had into college conditions.

Alpha Chi Omega announces the pledging of Gertrude Maloney of Missoula, Montana, and Dorothy Sowder of Coeur d'Alene, Idaho.

Mrs. Ethel T. Clark of Boise, recently visited her daughter, Margaret, at the Gamma Phi Beta house.

Kappa Delta announces the pledging of Andrew Brant of Nampa and Hugh Chisholm of Spokane.

**DINNER GUESTS**

Kappa Kappa Gamma: Mr. and Mrs. Chris Hagan, and Mr. and Mrs. H. N. Wilson.

Alpha Chi Omega: Mr. and Mrs. J. F. Stewart, Mr. and Mrs. J. A. Kostalek, Mr. and Mrs. Fulton Gale and Mrs. Pitcairn.

Ridenbaugh hall: Mrs. M. L. Sargent.

Pi Beta Phi: Catherine Long, Rhoda Frazier and Helen Thoms.

Sigma Chi: Mrs. G. T. Burroughs of Burley.

Mrs. Updike of Weiser is a house guest of Alpha Chi Omega.

Pi Sigma Rho announces the pledging of Myra Crawford of Moscow.

Mrs. W. G. Moody of Sandpoint, is a house guest of Gamma Phi Beta.

Rhoda Frazier was a Wednesday luncheon guest of Kappa Kappa Gamma.

Kappa Sigma announces the pledging of Jim Bell of Spokane.

Miss Mae Mathieu was a Friday luncheon guest of Gamma Phi Beta.

The Elwetans announce the pledging of George Miller of Pocatello, Robert Fisher of Sandpoint, Frank Andrews Caldwell and Howard Knight of Spokane.

Dinner guests of Sigma Nu the past week were: Mrs. Stolley, the Misses Gladine Thompson, Gwendolyn Moser, Oro Budge, Florence Walker, Gwenth McKinley, Connie Hill, Camille Collins, Eugene Alford and the Messrs R. Taylor, Joe Deiss and R. King.

Kappa Sigma announces the pledging of Phil Alexander and Jimmy Bell of Spokane.

**BOISE MAN TAKES WATER FROM AIR**

Boise, Ida.—Without the aid of chemicals or machinery, C. Milo Godfrey, swimming instructor at the Natatorium, has perfected a device which he claims can extract water from air.

Although Mr. Godfrey did not care to exhibit his invention until he obtains a patent on it, he says that his working model, which is small enough to be slipped in one's pocket, is capable of "manufacturing" 1 1/2 quarts of water-in-nine-hours. The water produced, he says, was tested by the state chemist and found to contain only 15 bacteria per c. c., which is remarkably pure water.

Mr. Godfrey, in speaking of the practical value of his invention, declared that it would be invaluable for travelers in arid regions or where water was unfit to drink and that it could be used as an almost exact barometer of weather conditions as well.

He asserted that his model might be enlarged with a proportionate increase in capacity, although he was frank in admitting that it could not be used to produce water in any vast amount, such as for irrigation purposes.

It may be necessary for the United States to issue a warning to Mexico, if there are any left.

**LINDLEY HALL HOST TO 17 CLUB MEMBERS**

Seventeen members of the State Federation of Women's clubs here for the state convention and of the Kappa Kappa Gamma sorority were dinner guests at Lindley hall Tuesday night. After dinner an hour was spent in dancing in the reception room, where music was furnished by the hall orchestra.

Visiting clubwomen were Mrs. J. B. Arthur, Mrs. L. Lewis and Mrs. C. D. Beaver of Rupert; Mrs. C. M. Sargent, Mrs. Thomas Egan, Mrs. Charles Leonard and Mrs. George O'Dwyer of St. Maries; Mrs. C. H. Doud of Pocatello and Mrs. A. H. Upham and Mrs. C. L. von Ende of Moscow.

Sorority girls who attended were Mrs. Weatherby, house mother, Ruth Montgomery, Josephine Keane, M. Sheperd, Louise Yeaman, Beatrice McDonald and Dorothy Pears.

**Campusology**

Why do they do it? That is a question that has baffled mankind ever since that unsophisticated pair plucked the apple. The historian, the philosopher, the politician, and all brands of scientists and naturalists want to know why somebody does something. "Why do they do it?" they ask, as soon as they are old enough to wonder, and the older they get the more "whys" they are looking for.

Sophomores! We want to know why you wear them. They suggest nothing more pleasant than a barn yard. One feels that if the cuff were turned down a wad of alfalfa leaves and timothy seed would be revealed. They are indicative of nothing in particular. They look sloppy. Already some of them do not come under the heading of 'immaculate.' Soon they will be worse.

It can't be a question of economy. There is not a man on the campus who cannot afford to dress himself attractively. College women, even those with the least means, are always neatly attired, and they are not extravagant. The only reason you are willing to present yourself to your women friends in such garb is that others are doing it—which is no reason.

Overalls are alright. The best people in the world wear them, for certain purposes. But don't you think they are out of place in the halls of our university?

**Student Opinion**

Reports have it that our Pep band members, because of their artistic temperaments, have turned to color schemes as an outlet for their ambitions. One must admit that the grays, the scarlets and the oranges go beautifully, together after a fashion if the orange, for instance, does not stand out a great deal. Some feel that the organization sweaters on the campus should be uniform as to color combination with different letters denoting their special office or status on the campus. Others are inclined to be too modern about the color scheme and call it poudre-bleu, rouge and russet but their great imaginations do not convince the rest of us. At any rate we can truthfully say that they are warm, comfy and tolerable good looking.—H. G. W.

**WOMEN ARE HONORED**

(Continued from page one.)

The fine display of technique in "Romance in D Flat" by Sibellius was well appreciated by the audience, and the interpretation given by Mr. Nyvall was clearly emphasized throughout.

As a composer of the "Music Box" Mr. Nyvall received instant response from the audience. Graceful and well-balanced in theme and expression, this interesting sketch satisfied the artistic desire of the listeners.

The "Swedish Wedding March" by Soderman was enthusiastic in composition, and was expressed with genuine national spirit. It was the "grande finale" of dramatic effect, and Mr. Nyvall's interpretation was keenly felt.

Clearness of tone and enunciation marked Miss Armstrong's group of soprano solos. "Charmante Oiseau (The Pearls of Brazil) by David, displayed a rich full voice.

"The Blackbirds Song" by Scott had a pleasing interpretation.

Miss Armstrong expressed a sweetness

In the Spanish "Serenate" by Tosti, of tone so true of the old Spanish songs.

The Old English song, "When Love is Kind" was charming and cleverly sung. Miss Armstrong is one of the new members of the music department and the fine quality of her voice was pleasing.

The last number, piano solos, by Alice Walden Weaver had fine tone quality and displayed unusual strength and volume of touch.

"The Gavotte" by Gluck-Brahms was well done and marked by warmth and feeling.

Chopin's Scherzo No. 2 was a brilliant number, and ended the program with fine dramatic effect.

**BUDGET ANNOUNCED**

(Continued from page one.)

to allow money this year for the retirement of the deficit which existed at the close of the year. All money unexpended when the semester ends, will be divided equally among all the departments.

The itemized budget follows:

Athletics.....	\$7198
Argonaut.....	800
Debate.....	250
Dramaatics.....	300
Blue Bucket.....	128
Pep Band.....	390
Glee Clubs.....	150
Stock Judging.....	300
Miscellaneous.....	82
Loan Fund.....	120
Deficit.....	2252

**WINGED HELMET APPEARS**

(Continued from page one)

Membership to this organization will be determined upon the contributions made to the Blue Bucket and will be rated according to the value of the contribution. Any person may send in either fiction, poetry, jokes, humor or cartoon and these will be considered for publication in the Blue Bucket.

"By the introduction of humor and cartooning we can easily make the Blue Bucket a popular college magazine similar to the ones published in the other universities in the west," said Mr. Stubblefield, "The Blue Bucket has been neglected in the past because it failed to have the kind of stuff that the college student wants to read, namely stories with humor, jokes and cartoons."

The members of the Winged Helmet plan to petition some large honorary national fraternity soon after the first issue of The Blue Bucket.

# DOPESTERS UPSET BY OPENING COAST GRIDIRON RESULTS

### Football Scores in First Two Weeks' Games Defy Prediction; Idaho-Gonzaga Contest is Biggest Surprise

Although the Northwest and Pacific coast conference grid seasons have been underway for a couple of weeks and nearly every team in the conference has met a foe, all dope mixers have paused in their work to wonder just what will come out next. According to results thus far in the season, dope has had little bearing on the outcomes of the games.

Probably the most noticeable upset of the dope pot came with the Idaho-Gonzaga fracas. It was doped, before the game, that Idaho would be a winner. Money around Spokane was placed at 10 to 6 odds on Idaho—and Idaho backers were not at all reticent about taking it. They were that sure of victory.

Then came the game. Idaho started with a weak offensive and only upon occasions was her defensive up to par. The Bulldogs utterly disregarded dope and turned out a brand of football that was surprising. The game ended with no score and Idaho holding a newspaper victory. Gonzaga and her backers claimed a moral victory, basing their claim, no doubt, on great pots of dope mixed before the game—that said the Vandals were potential winners.

Stanford walloped Occidental by a 20 to 6 score. The old saying that "no team can claim the Pacific coast championship without first tramping on Coach Pop Warner's Crimson warriors" seemed to be well founded after that game.

University of Southern California, despite a greased start this season, fell short and found difficulty in trouncing Pomona. The latter team showed a style of aggressiveness that was surprising, but it lacked the beef to stop the plunging U. S. C. line-men.

Willamette, who went into the game minus three backfield mainstays, lost to the University of Washington, 57 to 0. The Huskies, greatly improved over their showing of last week, were the one exception to the statement that the dope mixers are all wet.

Coach Andy Smith, according to the performance of the University of California, has a long time to work before he will turn out a repetition of his grid machines during the last five seasons. He is working hard to turn out a squad that will, for the fifth consecutive time, cop the Coast championship, but the performance of that squad thus far this year is not altogether promising along that line.

And then there's Whitman. She was doped to have a world beating team this year and when she met the Aggies from O. A. C., it was like playing with children for the Aggie bunch. After the first quarter the Oregon aggregation started throwing in subs and by the end of the game, which ended with a 47 to 0 score for the Aggies, few starters were in the lineup.

Since Old Man Dope has proven untrustworthy, it is doubtful whether he can be relied upon in the future. Idaho will play Montana Saturday afternoon at Missoula. Dope has it, at least that portion of dope away from the Vandals' stronghold, that the Bruins will put up a hard battle. Dope has gone so far even to prompt backers at Spokane to favor Montana. They base their deductions on the fact that Montana has a world of wonderful material left over from the Frosh squad of last year and that "Chick" Clark, now their mentor, has the ability to make up a wonderful organization of those players who are left. Coach Clark, according to dope again, knows coast football like he knows few other things and he is going to gather his knowledge into a little pile and hurl it at the Vandals next Saturday afternoon when they invade Missoula. Wonder if the old man has the goods this time?

## TO INSTALL NEW TRAFFIC SIGNALS

Placing Lights in One Being Tried Now at Corner of Third and Main.

Moscow is to have a new system of traffic intersection signs, with the approval given to one which has been tried out at the corner of Main and Third streets for the past six weeks, Mayor Hawkin Melgard said today.

Wednesday saw an electric globe

placed in the one sign at Third and Main streets, a conduit being laid under the pavement to the center of the street. It was at first thought that possibly no interior light would be needed during the night, it being thought that lights from approaching motor cars would serve to illuminate the red stained glass of the sign by reflection, but which has not proven to be quite satisfactory.

The city has half a dozen of the new traffic guides ready for installation after a further trial of the present one with interior illumination, which should make it easily as visible during the night as in day time.

### VANDALS INVADE

(Continued from page one)

In the early days, before Idaho even was admitted to the coast conferences, Montana was a dangerous foe. Many games the Vandals led through three quarters only to have the little Montanas come out from under and take the game. In this respect Montana has been a rival very similar to Oregon, for that same thing has occurred in more than one Oregon tussle. In 1915, for instance, Idaho led 3-0 through three periods, only to have Montana tear loose in the final round and send over 15 points. The next year the Vandals were on top 3-0 through the first three quarters, but something happened in the last eight minutes of play—Montana scored 19 points. It may have been deliberate tactics or just luck, but the records stand.

Even in the games of the last few years, with their lopsided scores, Montana has been a worthy foe.

The vegetarian rather has it on the beefeater when god hay sells around twenty dollars.

### HOMECOMING GAME

(Continued from page one)

In addition the alumni association is pursuing an energetic program to secure the biggest reunion in history. Beginning this year the homecoming game is to be an event of importance. Anticipating one of the best games of the season, hundreds will flock to Moscow from all parts of the state. Lewiston, Coeur d'Alene, Wallace, Kellogg, Orofino, and other points

sending delegates each year, are talking in terms of whole sections this fall.

To handle this crowd the seating capacity of MacLean field is being greatly enlarged. Permanent seats for an additional 2500 people is being installed. The athletic department sees the possibility of a record-breaking crowd and wants to be prepared.

DOROTHY KNAPP  
An American Venus Wearing a J. C. Penney Co. Coat

Miss Dorothy Knapp is a member of the Ziegfeld Follies, New York's famous beauty rendezvous, and has been called "an American Venus." Miss Knapp was a beauty prize winner in the Atlantic City pageant of 1922. She is seen here wearing a J. C. Penney Company coat of particularly smart design, fashioned in Stevens' coating, with fur trimmed collar, cuffs and bottom of panel. Miss Knapp said that she was surprised that such attractive coats could be priced so low.
