

WATCH FOR THE "LITTLE INTERNATIONAL" LIVESTOCK SHOW PARADE WEDNESDAY

THE UNIVERSITY ARGONAUT

VOLUME XXVI

UNIVERSITY OF IDAHO, MOSCOW, TUESDAY, APRIL 21, 1925.

NUMBER 59

Today, World in Brief

About 20 prospective Coyote football players for the 1925 fall eleven are reporting daily for spring practice on the College of Idaho campus. Frank Harikopf, trainer, has the squad in charge while Coach Cornell devotes his attention to the Coyotes baseball squad. Spring practice is an innovation for the College of Idaho, but an early season next fall makes it necessary.

Earl Kilpatrick of Eugene, dean of the University of Oregon, extension division, will leave for the middle west immediately on a two months' leave of absence from the university to serve as a member of the American Red Cross executive staff for the rehabilitation of the great area swept by the tornado on March 18. He was summoned by telegraph, and leave was granted by a committee of the board of regents this morning.

Women and not men, send the majority of letters asking data on living conditions and scenic attractions in the Pacific northwest and the Pacific coast, according to Harold Cray of the Seattle chamber of commerce. "Some women living in the east have a hazy idea of distance on the Pacific Coast," said Cray. "One woman in Indiana wrote that she wanted to make Seattle her headquarters and arrange a week-end trip to San Diego, California.

Another example of this eastern disrespect for western distances was found in a letter received by an Idaho student, inviting him to "run down some week-end" and visit her "during her stay in Chicago." We wonder where they think the cowboys stay.

California defeated Stanford Saturday April 18, in a tennis tournament held in Palo Alto, California, scoring a clean sweep in the doubles and taking two of the three single matches. Holman, No. 1, on the Stanford squad, played sensational tennis in the third set to defeat Chandler, 6-3; 2-6 and 6-4 in the only set won by Stanford.

Phillip Krebs, Metuchen, N. J., taxicab man, and his bride, Mrs. Agatha Esther Hollis Kerbs, who were married in Staten Island recently, to make good Kerbs' bet, of his taxi business against A. Eichbaum's lunch-rooms, that he could acquire a wife within thirty-six hours are avoiding reporters these days.

A friend of Kerbs' declared that Mrs. Kerbs had a "nervous breakdown." "Too much publicity," it was explained.

Chalmers Walters of Everett, varsity football player, was elected president of the University of Washington student body in a campus election here today, defeating W. E. McCormick of Seattle, a students' board of control announced tonight. Approximately 2500 votes were cast. George E. Clarke, Spokane, defeated Thomas E. Brazell, Seattle, for senior representative on the board of control.

Two special propositions carried. A system of student government supplanting an honor plan won by a five to one majority. The new system retains the honor code, but provides for trial of entire classes where cheating is prevalent and punishment by depriving them of school government privileges. A proposed change in the student constitution, providing for training yell leaders before their selection as yell king in their senior year, was adopted by a heavy vote.

GEORGE F. WEEKS ASSEMBLY SPEAKER

"If I were young again," will be the subject of the Honorable Geo. F. Weeks of Coeur d'Alene who will speak in assembly Wednesday. Mr. Weeks is one of the most prominent men in Coeur d'Alene and Northern Idaho public and civic affairs. He was the originator and at one time secretary of the Northern Idaho chamber of commerce. Mr. Weeks has made a great number of public addresses and it is said that he is a very interesting talker.

MATHEWS QUILTS STATE POSITION

University Athletic Director resigns From State Commission

Boise—R. L. Mathews, member of the state athletic commission, has resigned his commission, it was announced Saturday at the office of F. A. Jeter, commissioner of law enforcement. Mr. Mathews is director of athletics at the University of Idaho.

The resignation has been accepted and it is not known whether or not Mr. Jeter will fill the appointment. He is now on his way to New York and it is probable no action will be taken until his return. No reason was given for Mathews' resignation. He has been a member of the commission since August 1, 1922, when D. W. Davis, then Governor, named him to succeed Thomas Kelley, his predecessor at the university.

With Mathews' resignation the athletic commission has been reduced to one member, T. J. Sherflock of Boise. The third member, Thomas Rickard of Pocatello, died recently and his place has not been filled.

IDAHO R.O.T.C. UNIT WILL BE INSPECTED BY OFFICIAL BOARD

U. S. Officers Here Friday and Saturday to Review Cadets for Distinguished Service Ratings

Inspection Program

Friday April 24

Morning: Class room inspection of theoretical instruction.

Afternoon: Starting 1:15 o'clock.

Review and inspection of the entire R. O. T. C. unit. Close and extended order drill. Machine gun and Howitzer weapons drill. Demonstration of practical first aid to the injured. Tent pitching and display of equipment. Bayonet drill. Physical exercise drill.

Saturday April 25

The working out of tactical problems and maneuvers by a detachment selected by the inspection officers.

University of Idaho R. O. T. C. unit will meet its supreme test of the year when it is inspected Friday and Saturday for distinguished college rating by a lieutenant colonel and two majors of the regular army. The board of inspectors includes two officers from Washington D. C., and the commander of the Ninth corp area R. O. T. C. They are: Lieutenant Colonel Douglas Potts of the general staff, Major John H. Lee of the Corps of Engineers and Major Harry L.

INTRA-MURAL MEET WON BY SIGMA CHI

Sigma Nu Takes Second; Phi Team Comes Third; Rain Slows Runners

With a total of 37 points, the Sigma Chi fraternity took first place in the annual intra-mural track meet held at the University of Idaho Saturday. The Sigma Nu team was second, with 28 points, and Phi Gamma Delta won third, with 21 points.

In a cold drizzle of rain the track men ran clear through the program of events, but no outstanding records were announced. No official time was kept on any of the races or other record of the field events. Henry Powers, Sigma Chi, and J. Thompson, Sigma Nu, tied for high point honors with 13 points each. Carl Hutchinson, Phi Gamma Delta, and B. Canine, Phi Gamma Delta, tied for second highest honors with 10 points apiece. Cleaver, Sigma Chi, and Sower, S. A. E., ran a neck-and-neck race in the mile distance event which made it the outstanding part of the whole track program. In the second lap of the mile Cleaver overcame a 10-yard lead of Sower's and almost sprinted for 75 yards down the straight-away.

ELECTRIC STUDENTS MAKE EXPERIMENTS OF STRANGE NATURE

Unbelievable Secrets of Science to Be Divulged at Annual All-Engineers' Day Show May 1

Can University of Idaho students electrical engineers draw new powers from the invisible and inscrutable force which science harnesses but can not define?

Strange experiments have been under way for several months in the electrical laboratory of the Engineering building. Although no predictions or exaggerated stories have been made of their efforts, the electrical students are rapidly developing numerous demonstrations which will be of unusual interest to professional engineers and laymen alike. Hints have been made that several new and almost unbelievable secrets of electrical science will be divulged May 1, when all engineering departments will co-operate in staging the first annual All-Engineers' day on the Idaho campus.

It was only a few years ago that man-made lightning was turned loose by technicians of one of the country's greatest electrical companies and an Argonaut reporter began to think that the nation's electrical geniuses would have to look to their laurels when he saw a million and one brilliant purple currents shoot through the air from a high voltage machine in the electrical laboratory the other evening. The engineers insist that they haven't made lightning, but nevertheless have some startling displays for their part in the All-Engineers' day show.

All-Engineer Banquet

Arrangements have been completed for a banquet for all students and visiting engineers in the evening of All-Engineers' day, Roy Shoults, president of the Associated Engineers announced today. Speakers for the banquet will be announced by Dean Ivan C. Crawford upon his return from the East Saturday.

All exhibits, demonstrations and stunts will be in readiness at 8 o'clock on the evening of May 1, for that is the hour fixed for the start of the

(Continued on page two)

JUNIOR WEEK MAKES HIT WITH STUDENTS

Five Days of Entertainment by Third Year Men Proves To Be Great Success

Junior week, beginning with Junior assembly last Wednesday morning and closing with a cabaret dance at the Blue Bucket Saturday night, if attendance and favorable comment may be taken as fair indicators, was a complete success.

Predictions that the program would cover the entire scale of entertainment from high class music down to the noise and fury of vaudeville and confetti, were realized to the highest degree.

The junior prom, annual all college formal, staged in the gymnasium Friday night, was one of the outstanding events of the week.

The decorations were simple and effective. The room represented the cilla of a Greek temple. Twelve Doric columns with Ionic capitals stood at regular intervals around the floor. Between the columns, on the walls were panels of Greek design. An Ionic frieze just under a ceiling of evergreen, from which steamed colored rays from flood lights, was appropriate to the plan. The program were in the form of the facade of a small Greek temple. Mann Brothers music was thoroughly enjoyed.

A recital by Mrs. Rudolph Weaver and Miss Margaret Armstrong, given especially to the Junior week program, pleased an audience of several hundred in the Auditorium Thursday night. "Mrs. Weaver and Miss Armstrong are to be congratulated," said John Wagner, president of the junior class. "Their musical was a decided success, and contributed a large part of the success of Junior Week."

The juniors' serenade, featuring a

(Continued on Page Three)

H. S. TRACK MEET HELD HERE MAY 2

Winners in MacLean Field Contest Be Eligible for Pocatello Meet

May 9 is the date set for the state interscholastic track meet which will be held at Pocatello under the auspices of the Idaho board of control of the state athletic association and the Idaho Technical Institute, according to a communication received here by R. L. Mathews, a member of the board.

District track meets will be held in the various sections of the state to determine the high school track men eligible for the state meet. These meets will be held May 2, according to J. J. Rae of Caldwell, secretary of the state board. Winners of first and second places in each event at the district meets will be eligible to enter the state meet.

District meets of the two north Idaho districts will be held at Moscow on MacLean field under the auspices of the University of Idaho and the state board of control. High schools competing in these meets will include Moscow, Lewiston, Pocatello, Genesee, Kellogg, Coeur d'Alene, Bonners Ferry, Sandpoint and other north Idaho schools.

LIVESTOCK SHOW OPENS ITS DOORS NEXT WEDNESDAY

"Little International" to Exhibit Fine Stock at Annual Showing; Expect Record Attendance

The annual "Little International Livestock Show," modeled after the large stock shows and staged by the College of Agriculture, will be held on the campus Wednesday. Livestock men from all parts of the state and Eastern Washington will be in attendance, making the show one of the largest from the point of attendance ever held.

The exposition is managed by Walter J. Leth, Twin Falls, and each of the departments of the show have been placed under the charge of superintendents.

More than seventy animals, comprising some of the most noted stock in the Northwest will be shown in the parade which will start at 11 o'clock. Silver of Acme, head of the horse herd will lead the parade. Some of the more prominent animals to be featured will be E-da-ho II, half brother of E-da-ho I, one of the most famous shorthorn steers ever owned by the University of Idaho; Idaho Lily Butter Girl De Kol, hailed as the largest dairy cow in Idaho and one of the greatest producers of the University herd and Sylvia's Best, a pure-bred shire.

Although started only last year, the Little International has become an institution among the livestock men

DEBATE ENTRIES LIST IDAHO MAN

Edmond Becher Will Debate in National Contest for University

Edmond Becher, author of "Alexander Hamilton and the Constitution" is representing the University of Idaho in the oratorical contest of the Better American Society of California being held at Washington D. C. Every college and university in the United States is taking part in the national contest. The states are divided into seven districts, one contestant is selected from each of the seven districts to attend the national oratorical contest to be held in Los Angeles.

"No word has been received from Washington D. C. in regard to the district winners of the national contest," said Mr. Micheal yesterday. Mr. Becher is a member of the Idaho debate team, and was one of the men that debated against Oxford last fall.

Prizes totaling \$5,000 are offered in the contest, which is sponsored by the Better American Federation of California. Randolph Leitch as di-

IDAHO WILL AWARD 199 BACHELOR DEGREES TO SENIORS NEXT JUNE 1; SUZZALLO HERE COMMENCEMENT

Number of B. A. Degrees Leads all Others With 48; School of Education Follows With 45; Master's Degrees Later

Bachelor degrees will be awarded to 199 University of Idaho seniors during annual commencement Monday, June 1, according to announcement from the registrar's office. The total this year is 18 more than that of last spring, when the total number graduated with bachelor degrees was 181. Dr. Henry Suzzallo, president of the University of Washington, will deliver the commencement address.

O Them Blossoms! and Kid Kioty Bill Revives Old Love

Dear Ma,

Well ma the smell of apple blossoms is beginning to fly around and the fellows and girls going around two by two. The girl that I told you about once before why I am beginning to love her again. She thought she was a piano player last winter and was going to have a career but now then she can't play no better and says she wants to have me instead of a career. And says she would even want to go over to the bar and live in the rustique log house I promised her with a big fireplace, bear skin rugs, buck horns, and books and a piano. She still says that a rustique log house you should ought to have tan and blue silk window curtains, but I wanted red and green but am going to give up to her so as to settle this engagement deal. I think that sitting by that big fireplace of evenings listening to the fire crackle and the river that we should ought to be happy, don't you ma? She says she wants to learn how to smoke venison with birch wood and how to lay down and drink out of a crick. Ma I wish you could see her. I don't blame her none for loving me, do you ma? You can't hold that against her. She is the cutest thing with her striped little silk dress on and pretty shoes and silk stockings. And she walks like one of them elves that you read about walking through the shade of cottonwood trees. Yes, I think it's the way she walks, as Oscar Wild would say Gee whiz ma.

Your son, Kioty.

NEW OFFICERS IN WOMEN'S HONORARY

Pi Beta Gamma, Business Fraternity, to Make Bid for National

Pi Beta Gamma, honorary business women's fraternity held its annual election April 16, and the following officers were elected: President, Alene Long; vice president Marie Hogenson; secretary-treasurer Mrs. Hemmert. Plans are already under way for next year, and it is hoped that as much may be accomplished as has been in the past year. The organization does a great deal to promote women in the business curriculum, and to create an interest in business affairs in general. It has already been instrumental in making a great many successful business women, and in order to carry on its work, and also obtain a charter of Gamma Epsilon Pi a national fraternity. A benefit card party will be on Tuesday, May 5. The tea will be given at Ridenbaugh and everyone interested is urged to come. Pi Beta Gamma will also sponsor the typing contest to be held in the gym May 2. Students who may be interested, as well as faculty are urged to come as the contest will be a real event.

The local organization is putting forth its best efforts in attempt to be granted a charter from Gamma Epsilon Pi as it is one of the leading nationals. Miss Barbara Gamwell is a member and is working with the girls toward that end.

NOTICE

A sophomore class meeting is announced tonight in room 201 Ad Building according to John McKinnon, president. The Sophomore Frolic is the subject of discussion, it is said.

The college of letters and science leads all departments in numbers, 48 B. A. degrees being awarded. The school of education runs a close second with 45 degrees in B. S. Ed. It is expected that a record number of masters' degrees will be awarded this spring, although the exact number cannot be determined until all these are in.

The bachelor's degrees to be awarded in June and seniors who will receive them follow:

Bachelor of Arts—Eugenia Alford, Lewiston; Maude Gertrude Ashcraft, Moscow; Marguerite F. Barlogi, Hagerman; Jessie Black, Boise; Mary Burleigh, Priest River; Samuel H. Coon, Boise; Hazel G. Draper, Moscow; Mary Dunn, Blackfoot; Roberta Kirk Fisher, Weiser; Paul Frederick Fitzke, La Crosse, Wis.; Leo F. Fleming, Burke; Helen Forsyth, Yakima, Wash.; Mabelle Marie Gehrke, Moscow; Jane E. Gibbs, Moscow; Bertha Louise Glindemann, Coeur d'Alene; Lillian P. Groves, Sandpoint; Ruth Hawkins, Emmett; Kathryn Louise Healy, Roberts; Millard Urban Heath, Yakima, Wash.; Lola Hedge, Moscow; Helen Clark Hibbs, Lapwai; Schuyler Gregg Hill, Boise; Ruth Hove, Spokane, Wash.; Louise Bertrand Jenness, Weiser; Charlotte Jones, Newberg, Ore.; Nikoline Kjosness, Lewiston.

James V. Lacy, Tekoa, Wash.; Cecelia Lemmer, Kootenia, Janice Lowe, Council; Mary McCallum, Coeur d'Alene; Arvid R. Nelson, Moscow; Kathleen Povey, Halley; Henry C. Powers, Burley; Werner Ripplinger, Driggs; Hugo Theodore Ruberg, Troy; Margaret Schick, Moscow; Florence Selby, Boise; Gertrude Shephard, Havre, Montana; C. Delmont Smith, Lewiston; Margaret E. Springer, Boise; Doris Stenger, Moscow; Alberto Vazquez, Moscow; Charles Warren Vickery, Boise; Hugh Thornton Willoughby, Garfield, Wash. Elizabeth Wimer, Wallace; Ruth Wolff, Genesee; Harold C. Wyman, Colfax, Wash.

Bachelor of Science—Alfred Melvin Anderson, Moscow; Everett S. Anderson, Moscow; Mary Evelyn Angell, Moscow; Gwyneth MacKinlay, Lewiston; Frank Anthony Minas, Boise; Anna Pechanec, Nampa; Orsino Sanchez Pizarro, Tlacas Sur, Phillip-

(Continued on page four)

MAJOR FULLER GETS IDAHO APPOINTMENT

New Commander Be Here July First; Has Wide Experience in Work

For the first time in R. O. T. C. history Idaho will have a Major in the Military department when Major Francis R. Fuller arrives on the campus the first of July. Major Fuller is now in the Finishing General and Command staff school at Fort Leavenworth, Kansas.

Major Fuller has many years of military service to his credit. He was graduated with the class of '13 from the United States Military academy at West Point. During the World war he commanded the seventh infantry brigade machine gun battalion. His command was in three of the major engagements including St. Miheil and the Meuse Argonne.

He was graduated from the Infantry school, advanced course in 1923 and later served as an instructor in musketry at the Infantry school of arms.

According to Captian Claudius L. Lloyd, Major Fuller is an ideal man for the department. He will be well liked by the cadets and do much to promote military on the campus.

Baseball

Vandal baseball material holds a wealth of promises for Idaho this spring. With eight lettermen out in suits and as many more showing up well in practice indications are all to the good. Pre-season games also have resulted profitably for the Vandal squad. By a week from Saturday, when the first conference game will be played with W. S. C. at Pullman, Coach MacMillan will have his men whipped into shape and ready for action.

The time now is ripe for another "Idaho spirit" preachment: need much be said? Idaho students are all for their baseball, their basketball, their football teams; that goes almost without saying. But aren't they sometimes a little careless about remembering? Will they forget this spring when some of the best baseball nines in the Pacific coast conference come here for games? Will they neglect to turn out for these games; will they overlook them in the hurry and rush of late spring activities? Surely not intentionally. And surely, they will not mind if The Argonaut reminds them occasionally.

Books, New Ones

"Have you read the new books now on the English club book shelf?" a note in The Argonaut box asks. And a hasty sketch of their titles and authors will convince, even the most skeptical, that they are, as a matter of fact, undeniably worth while.

First of all, there's that much-talked-of recent novel by the author of Main Street and Babbitt, "Arrowsmith." Reviews, even in the American Mercury, give Sinclair Lewis much credit for the very decided improvement in style as well as content of his latest book. Then there's "Porto Bello Gold," the predecessor to Treasure Island; "The Bitter Country," by a Spokane woman, Anita Pettibone; "Am," a story reminiscent of Kim; and "Orphan Island," by Rose Macaulay. Shall you read 'em?

His Religious Status

Although the religious status of the college student is always a subject to be tolerated or openly laughed at by the thoughtless, it remains, nevertheless, a problem of deep concern to the parents of the present younger generation as well as to the thinking students themselves and all serious-minded educators.

College and university teaching has often been attacked as being irreligious, if not atheistic, in tendency, and the subject is frequently discussed by college papers, generally with fairness and modesty. The question resolves itself into this: Is the college student, because of his surroundings or his instruction, an iconoclast in religion? The answer is emphatically in the negative.

In the first place, there is less actual disrespect for religion among college students than among the average lot of non-college youth. College men and women may not be religious, but they respect religion. And this respect is born of higher appreciation of the nature of religion resulting from broader and more intelligent standards.

Perhaps the most obvious effect of college atmosphere is the development in the student of a more critical attitude toward religion as well as toward everything else. It is that thing which many people mistake for disbelief. Because a college student is impatient of stubborn dogmatism, stupid sectarianism and ignorance they jump to the conclusion that he has no religion.

The young man or woman who comes to college soon becomes acquainted with philosophy and other sciences which deal with problems of life and conduct whose solution had therefore been taken for granted. The result is an attitude of curiosity, a hesitation to take anything on faith, a mild form of skepticism and a sense of critical discrimination.

This attitude is logical and natural. It is the result of the place the American college is taking in American life as the intellectual frontier and forecast of American social development. It leads the college student, after graduation, to become a loyal supporter of the church. A loyalty, not of the unquestioning sort that accepts every item of the traditional creed, but the kind that is thoughtful and liberal-minded; the kind that will eventually lead to the disappearance of Christian disunion.

In short, the influence of college education is to make religion more intelligent.

DEBATE ENTRIES LIST

(Continued from page one)

rector, with headquarters at Washington D. C.

The prizes will be seven in number, to be paid in cash at the grand final meeting in Los Angeles on June 5, 1925, in the following amounts: first, \$2,000; second, \$1,000; third, \$500; fourth, \$450; fifth, \$400; sixth, \$350; seventh, \$200.

Interest in Constitution Urged
The National Intercollegiate Dra-

torical contest is for the purpose of increasing interest in and respect for the constitution of the United States. It is financed and conducted by the Better American Federation of California as a contribution toward better and more intelligent citizenship.

The orations will be submitted in written form to determine the regional winners and at the same time to avoid putting participants to unnecessary expenditures.

Two sets of judges will pass upon the orations in the regional contests.

One set of three will judge the manuscripts themselves and the other will judge the delivery by the seven speakers from each region. The low-point total system of judging will be used throughout. Under this system, each judge rates every contestant.

Prizes Never Exceeded
A similar contest was conducted last year by a different organization in the grade and high schools of the nation. The subjects were the same, but college students did not participate.

"No big contest has been offered to college speakers from a standpoint of amount of prizes offered", Prof. Michael said recently.

CALENDAR

- April 22—Little International Live-stock Show.
- April 24—Sigma Chi Reception
- April 24-25—R. O. T. C. Inspection
- April 25—Sophomore Frolic
- May 1—Engineers' Day.
- May 2—Freshman Glee
- May 2—Kappa Kappa Gamma dance
- May 4—Werranrath Concert
- May 5—Pi Beta Gamma benefit bridge Tea
- May 6—Prof. Claus' Musical Recital
- May 7—Senior Dinner
- May 8-9—Song and Stunt Fest
- May 9—Beta Chi Dance
- May 9—Gamma Phi Beta Formal

- May 13—Campus Day
- May 15—Girls' Glee Club Concert
- May 16—Phi Delta Theta Dance
- May 21—Miami Triad Dance

NOTICE!

There will be a meeting of the Archilles Club tonight at 7:30 in room 207 Ad. building. All members and pledges are urged to be present as this is a very important meeting.

ELECTRIC STUDENTS MAKE

(Continued from page one)

shop proper, according to Shoultz.

Exhibits will be on display in the Geology building, Forestry building, Metallurgical laboratory, Mechanical Engineering laboratory and in the Physics department rooms in the Administration building.

Commercial exhibits furnished by the Bell Telephone company arrived in Moscow Monday. Word has been received that exhibits from the Gen-

eral Electric company have been shipped and may be expected any day.

Girls of the Home Economics department will aid in the exploitation of the latest home electrical appliances which are being shipped from Spokane by the Washington Water Power company.

X-Ray Demonstration

"An X-Ray while you wait" will be a feature of the demonstrations by the physics department, which will have in operation full X-ray and Cathode ray equipment.

Fahrenwald's Classified, a recent development for the classification of ores, originated by A. W. Fahrenwald of the University of Idaho faculty, will be among exhibits of the mining engineers, who also plan to have in operation an old fashioned stamp mill in addition to exhibits of recent developments in floatation work and assaying methods.

Several models showing the relation of rock formations to ore deposits will be placed on display by the geology department which will also exhibit a model demonstrating the accumulation and theory of petroleum.

Modern methods in underground work and the handling of ore and the latest methods of excavation in sur-

ficial deposits will be shown by the miners for the benefit of visiting engineers and mining men.

John Reed is general chairman of committeemen working on arrangements for All-Engineers day. He is being assisted by Fritz McGonigle, mining engineer; A. B. Mooney, archi-

tectural department; Harrison Armstrong, Electrical Engineering department; Gus Bjork, civil engineering department; Ralph Mash, chemical engineering department; Paul Ballif, mechanical engineering department; Ivan Sokoloff, physics department.

SOCIETY

Greek simplicity marked the effective decoration scheme at the Junior Prom in the Gymnasium Saturday evening. Stately columns along the sides and green boughs overhead transformed the gym into the cella of a temple, a hall of stately beauty. Copper urns burned a sacred flame at one end of the room, and colored lights along the sides were in the tints of the rainbow.

Mann Brothers played for the Prom which was opened by a Grand March.

The patrons and patronesses for the dance were: Governor and Mrs. C. C. Moore, President and Mrs. A. H. Upham, Mr. and Mrs. Stanley Easton, Mr. and Mrs. Huntington Taylor, Dean Perneal French, Colonel and Mrs. E. R. Chrisman, Mr. and Mrs. R. L. Mathews, and Mr. and Mrs. Jerome Day.

The junior cabaret the closing event of junior week held at the Blue Bucket Inn, Saturday evening, was carried out in a very unique manner both from the standpoint of decorations and entertainment. The ball room was artistically decorated in the class colors of green and white with light of various shades adding a touch of color to the decorations.

Six snappy acts of vaudeville were features of the program, featuring song and dance. Confetti and paper caps added to the gaiety of the affair. "Approximately seventy-five couples attended the dance," according to Gordon Hockaday chairman, "the cabaret dance will undoubtedly be a traditional part of future junior weeks."

Junior Week ended Saturday even-

MEN'S TOURNAMENT STARTS ON COURTS

Tennis Champion be Decided By Elimination; Much Interest Shown

With an entry list of more than 30 contestants the school tennis tournament is nearing the completion of the first round of competition. The condition of the weather has somewhat hampered the progress of the matches but it is possible that the first stage will be completed so that the second round can be started on schedule time, April 24.

The results of the matches so far are as follows; Charles Carney defeated Dave Cook 6-2, 6-1; H. Canine won from M. Greene 6-1, 6-3; Paul Bieler from Charles Gartin 6-3, 2-6, 6-3; W. Callaway from F. Becker 6-3, 6-2; D. Fisher from K. Edwards 6-1, 6-0; C. Hatchinson defaulted to H. Billings.

C. Sievers defeated G. Elrod 6-3, 2-6, 6-0 and C. Coons won from R. Woody.

RENSHAW GIVEN FORESTRY JOB

State Land Board Makes Idaho Student Deputy Forester

Idaho's state land board meeting in the office of Governor C. C. Moore Saturday morning named W. W. Renshaw deputy forester. The appointment is made under the forestry law passed by the 1925 legislature.

Renshaw is at the present time a student at the University of Idaho but will be graduated this year. I. H. Nash state land commissioner, says that even though Renshaw is still a student he is an experienced forester having been employed several years in the work in the forests along the Clearwater.

ORCHESTRA TO GIVE BIG CONCERT MAY 13

"The Unfinished Symphony" Will Be Feature Number

The university orchestra will present its annual concert on Wednesday evening May 13. The feature numbers of the concert are "The Unfinished Symphony", by Schubert, and "Kammermusik", by Rubenstein.

Professor Nyvall will give a group of piano solo selections. "The orchestra is the best this year that the university has ever had and is superior to many university orchestras in the West" according to Carl Clause, director of the orchestra. Thirty prominent musicians on the campus are in the organization this year.

ing with a well attended cabaret dance in the Blue Bucket Saturday evening. With the other offerings of the week this, too, was voted capital entertainment.

At commencement we have a Senior Week. Why not have a Sophomore Week? Then, too, we might have a faculty Week and a Freshmen Week so no-one will be left out. Some of the weeks might be lengthened into months, and soon all of the week-ends would be filled with some divising entertainment.

Sigma Chi will hold a formal opening of their new house Friday evening April 24, from 7:30 to 11. The receiving line will include Dr. and Mrs. A. H. Upham, Dean French, Mr. and Mrs. C. A. Hagen, and Elgy De Chambeau.

Alpha Chi Omega entertained at a fireside Sunday night in honor of Mrs. Mary Penwell Green. Guests were May Mathieu and Mabel Anderson.

Dr. Ronald C. Romir, a graduate of the University of Idaho, who recently received his degree from the Rush Medical school is the guest of Beta Theta Pi.

Miss Marian Schickles of Lapwai and Miss Doris Kennedy of Missoula are the guests of Alpha Chi Omega.

Mr. Thurlyn H. Schrontz of Lewiston has been the guest of Beta Theta Pi for the past week.

Phi Delta Theta announces the pledging of Arnold Calvert of Lewiston.

MIKE TIERNEY HELPS IN R. O. T. C. TACTICS

Michael J. Tierney, of the class of '24 has been assisting in the instruction of the R. O. T. C. unit in preparation for the annual inspection. He has been aiding in the instruction of close and extended order drill. Tierney now holds a commission in the Officer's Reserve corp, having finished the advanced military course at the university last year. He has previously passed the preliminary examination for the office of second lieutenant in the regular army. He will take his final examination in June.

3500 WOMEN IN NUTRITION WORK

State Extension Service Aids in Program; 118 Groups In State

More than 3500 women in Idaho are actively participating in home nutrition work through their 118 group organizations aided by monthly outlined programs distributed by the home economics division of the state extension service of the United States department of agriculture, according to Miss Marion Hepworth, head of the extension service home economics work in Idaho, who is in Moscow.

Through its home economics headquarters at Boise, the extension service has prepared a complete set of 24 programs to be issued monthly to all organizations wishing to take up the work. Nutrition and its relation to health is the basic subject taught and discussed in these programs. The work includes a study of food selection, malnutrition, food and tooth decay and kindred subjects.

"This nutrition program is being launched by the extension service in eleven western states under the direction of W. A. Lloyd, Washington, D. C., in charge of this western division," said Miss Hepworth. "The nutrition programs are being carried out through groups formed in civic organizations, women's clubs, and various church orders," she continued. "The whole aim of the project is to instruct women of the west in better methods of home work and housekeeping."

Miss Hepworth, who has been actively engaged in home economics extension work in Idaho for the past year, is in Moscow conferring with the University of Idaho department of home economics, and with E. J. Iddings, head of the state extension service. She left Saturday evening for her headquarters in Boise. On the way south, Miss Hepworth will stop at Weiser for conferences regarding home extension work there.

LIVESTOCK SHOW OPENS

(Continued from page one)

of the state and surrounding territory. Idaho is one of the first schools in the country to hold a show of this sort.

Five superintendents are in charge of the general program: W. J. Leth, horses; Milo Dairs, beef; W. L. Stephens, sheep; Chester Mink, hogs; Dave Fales, dairy cattle.

The program follows:

- A. M.
- 7:30—Judging dairy cattle and livestock.
- 11 to 12—Parade
- 12:30—Lunch
- 1:30—Livestock reasons
- Grain Judging
- Judging grain fitting
- Poultry Judging
- Dairy products judging
- P. M.
- 7:00—All stock in Lewis Court.
- 7:30 Doors open
- 8:00—Stock Show

IDAHO R. O. T. C. UNIT

(Continued from page 1)

Jordan of the Ninth corp area. All institutions who have R. O. T. C. units are eligible for competition to obtain a distinguished college rating. Such a rating can be given to only 30 per cent of the schools in the United States. At present there are three schools in the Ninth corp area with such a rating. They are: University of California, Oregon Agriculture college and the University of Washington. Other schools in the area are; University of Southern California; Stanford, W. S. C. the University of Utah, and University of Idaho.

The units are judged upon a percentage basis, 20 per cent is given for the support of R. O. T. C. by the institution and 20 per cent for the support of the student body. Twenty eight per cent is allowed for the critical instruction and 32 per cent for the efficiency of practical instruction.

Theory Work Friday
Friday morning will be devoted to the inspection of theoretical class room work. Friday afternoon at 1:15 the inspection and review of the entire unit will be held. There will also be a demonstration of close and extended order drill, ten pitching and display of equipment, first aid demonstration, machine gun and Howitzer weapons drill, bayonet drill and physical exercise drill. The student body is invited to attend the exercises Friday afternoon. The work will show the practical instruction which is being accomplished.

Saturday will be devoted to the working out of tactical problems and maneuvers of warfare. A detachment will be chosen by the inspecting officers to do this.

The inspection of the R. O. T. C. unit is an annual event on the campus. The results of the inspection reflect the success of the unit. Military thus far in the year has been a great success from every angle, the unit contains more men and officers than ever before, it has a military band composed of over 30 pieces, will send more men to camp this summer than ever before and receives a better support of the student body.

Successful Men and Women Write Out Their Ideas

Remington Portable

Combine the habit of research, which you are forming now, with a little imagination, and you've started something.

From the time you are in college and as long as you live, your success in life and business will depend upon your ability to work out ideas. Outline your ideas, write your papers and lecture notes, your themes and your letters, on a Remington Portable. A few days' practice and it's faster than long hand.

The Remington Portable has the four-row keyboard—like the big machines. It fits in a case only four inches high. You can use it on your lap, if you wish, for it carries its table on its back.

Price, complete with case, \$60. Easy payment terms if desired

GIRL RESERVES GIVE PROGRAM

Have Recognition Service—Mothers Witness Activities

Saturday afternoon the Girl Reserves met at the Methodist church for their recognition service. The Y. W. C. A. of the university presented a short play, the characters being presented by Elsie Potter, Elizabeth Reed and Henrietta McConaghy, assisted by Constance Elder. Elizabeth Curtis gave a talk on Girl Reserves' camp life at Payette Lake, in southern Idaho, where she had been a member. About twenty of the girls' mothers and friends attended the ceremony.

The Semper Paratus triangle, with their adviser, Mrs. Warren Truitt, conducted the impressive service with flags and candles bringing into the Girl Reserves the Stella triangle with Mrs. J. Otter as adviser, and the Curtis triangle with Mrs. S. P. Davis as adviser. The eighteen girls who in their white middie received the pretty silver and blue triangle pins are Bessie Kienholz, Esther Wilson, Evelyn Mercer, Rhoda Bateman, Hazel Litch, Josie Hall, Ruth Bumgarner, Maxine Hufmann, Yelma Hufmann, Ester Adrianson, Ruth Johnson, Winifred Arnot, Lucy Marden, Vera Allen, Winifred Bateman, Claudine Wakefield, Ruby Blalock, Ruth Humphreys.

During forestry week on May 2 the Girl Reserves, are planning to learn the names and to recognize the forest trees at the arboretum at the university, under the direction of Prof. W. Watson. Honors are given for this study.

Josie Hanson, a university student, will begin soon, a season as instructor in volley ball for the girls.

IDAHO PLAYERS WIN FROM FORT WRIGHT

Third Pre-Season Game Finds U. Team Rounding Into Good Form

"Lief" Erickson, Janky southpaw twirler, struckout 19 batsmen and MacMillan's University of Idaho Vandals defeated Fort George Wright 11 to 0, on the MacLean field diamond Friday afternoon. This was Erickson's first game for the Vandals Pat Howerton, catcher and Polly Lehrbas, short, each were credited with home runs and Andy Wahl, second baseman poled out a three base drive for his share of the victory.

Syb Kleffner, Vandal lead off man and Polly Lehrbas, following him, both scored in the opening frame. The soldiers tightened and Idaho went through the second inning without score. Myers, visiting twirler, fanned Erickson, Kleffner and Lehrbas in this inning. Guy Wilks, second baseman was responsible for Idaho's third run, when he completed the circuit in the third inning. Lehrbas and Howerton both scored in the fourth inning. Howerton, Vesser and Cameron scored in the fifth. Lawson, Lansdon and Vesser came home in the sixth inning for the Vandals' last scores.

The line ups were: Idaho—Kleffner, left field; Lehrbas, shortstop; Wicks and Wahl, second base; Lawson, third base; Cameron, center field; Lansdon, first base; Vesser, right field; Howerton, catcher; and Erickson, pitcher.

Fort Wright—Higgins, center field; Wardwell, third base; Googis, left field; Artos, short stop; Hawes, second base; Alderson and Profit, right field; Stawinski and Hartson, first base; Meyers, Williams and Marshal, pitchers and Barberon, catcher.

The official conference season opening game will be played at Pullman April 25 with Washington State college.

INTRA-MURAL MEET WON

Continued from page one

dropping back again a few feet behind his pace-setter. Then, at the 100-yard turn before the finish both men spurred ahead for the final dash. Twenty yards from the finish, Cleaver slowly drew into a one-foot lead over Sowder which he held to the finish tape.

Archibald Sets Pace

Archibald, Elvetas, set a fast pace for Sowder in the half mile, beating him by a small margin in another pretty race of the afternoon. Lewis Williams, Sigma Chi, was easily the winner in his own famous two-mile distance event. He was some 60 yards ahead of his nearest opponent at the finish.

Another feature of the intra-mural meet Saturday was the fine showing made by the Phi Gamma Delta three-man team, which took third place in the meet.

The events follow:

100-yard dash—Powers, Sigma Chi, first; Thompson, Sigma Nu, second; Davison, Sigma Nu, third and O'Donnell, Sigma Nu, third.

220-yard dash—McDowell, S. A. E., first; Hillman, S. A. E., second, Christenson, Beta Theta Pi, third.

220-yard high hurdles—Mitchell, Sigma Nu, first; Powers, Sigma Chi, second; Heufner, Beta Theta Pi, third and Griffith, Lindley hall, third.

440-yard dash—McDowell, S. A. E., first; Hillman, S. A. E., second, Shook, Lindley hall, third and Bennett, Lindley hall, fourth.

Discus throw—Hutchinson, Phi Gamma Delta, first; Nelson, Sigma Chi, second; Quinn, Phi Delta Theta, third and B. Canine, Phi Gamma Delta, fourth.

Pole vault—McDonald, Sigma Pi Rho, first; Nedros, Phi Delta Theta and Kyle, Elvetas, tied for second; Cheney, Sigma Nu, third and Saling,

Lindley hall, fourth.

High jump—B. Canine, Phi Gamma Delta, first; F. Powers, Lindley hall, second; Kyle, Lindley hall, third and Lyon, Moscow high school, fourth.

Two mile run—Williams, Sigma Chi, first and Mathews, Tau Kappa Iota, second.

220 low hurdles—Powers, Sigma Chi, first; B. Canine, Phi Gamma Delta, second; Mitchell, Sigma Nu, third and Griffith, Lindley hall, fourth.

Javelin throw—Neal Nelson, Sigma Chi, first; Towner, Lindley hall, second; F. Powers, Lindley hall, third and Manning, Lindley hall, fourth.

220-yard dash—Thompson, Sigma Nu, first; Powers, Sigma Chi, second; Davison, Sigma Nu, third and Calvert, Lindley hall, fourth.

Half mile run—Archibald, Elvetas, first; Sowder, S. A. E., second; Hillman, S. A. E., third and Hejline, Lindley hall, fourth.

Broad jump—Thompson, Sigma Nu, first; Nelson, Sigma Chi, second; B. Canine, Phi Gamma Delta, third and
